Statement of

before the
HOUSE COMMITTEE ON HOUSING
Friday, February 2, 2024
10:00 AM
State Capitol, Conference Room 312

in consideration of
BILL NO HB2292
RELATING TO AFFORDABLE HOUSING DEVELOPMENT.

Chair Evslin, Vice Chair Aiu, and Members of the House Committee on Housing:

The Office of Planning and Sustainable Development (OPSD) **supports** HB2292, which proposes to appropriate funds to the Hawaii Housing Finance and Development Corporation (HHFDC) for the establishment and hiring of an unspecified number of project management III positions to aid in the development of affordable housing options in the State.

The State's dire housing needs are well-established, and there are scores of projects in planning, design and development to address those needs. Many of these large-scale projects are on State and County lands, and will include complex development, construction, finance, and management strategies, due to the ownership and management structures required for mixed-use development and a combination of affordable and market rate housing, both rental and for-sale.

Some of these projects will be developed directly by HHFDC, while others will need financing assistance. To meet the State's ambitious housing production goals, it is critical for HHFDC to have the finance and development staffing required to support the anticipated scale of development.

Thank you for the opportunity to testify on this measure.
