

### **COMMENTS ON HCR 75 / HR 60**

REQUESTING THE UNITED STATES DEPARTMENT OF DEFENSE, INCLUDING THE NAVY, ARMY, AND AIR FORCE, TO INCREASE ON-BASE HOUSING AVAILABILITY FOR ACTIVE DUTY PERSONNEL AND THEIR DEPENDENTS ASSIGNED TO MILITARY INSTALLATIONS IN THE STATE

House Committee on Corrections, Military, & Veterans  
The Honorable Mark J. Hashem, Chair  
The Honorable Cory M. Chun, Vice Chair

Wednesday, March 20, 2024 at 10:00 a.m.  
Conference Room 430 & Videoconference

Chair Hashem, Vice Chair Chun, and Members of the Committee:

The Hawaii Military Affairs Council ("MAC") **offers comments** on HCR 75 and HR 60.

The MAC was established in 1985 when the Chamber was appointed by the State to serve as the liaison to the military. The MAC advocates on behalf of Hawaii's military, and is comprised of business leaders, academic institutions, State and County officials, members of the CODEL, community leaders, labor unions and organizations and retired U.S. flag and general officers. The MAC works to support Hawaii's location as a strategic U.S. headquarters in the Indo-Asia-Pacific region which is crucial for U.S. national and homeland security.

Service branches and the MAC have been actively working and discussing with our Congressional Delegation (CODEL) to address accessibility of homes and the high occupancy rates on military bases.

Specifically, the FY 2024 National Defense Authorization Act (NDAA) makes significant investments in infrastructure projects for military family housing and the replacement of poor and failing unaccompanied housing. It enacts numerous U.S. Government Accountability Office (U.S. GAO) recommendations to improve both family

and unaccompanied housing. Specifically, it authorizes \$1.5 billion in investments for military family housing, adds \$205 million to the barracks replacement fund, and authorizes the investment of \$392 million for construction, planning, and design of barracks and dormitories across the defense enterprise.

Additionally, through our active engagement with our CODEL, Sec. 2874 of the FY 2024 NDAA provides that there be a Joint Housing Requirements and Market Analysis for each covered military installation in Hawaii.

This is a priority for the MAC and we are taking seriously and reviewing the best options to be able to do their part to alleviate the affordable housing strain in Hawaii. We will continue to work with all parties to set forth a plan to increase the military housing inventory for military families and service members.

We will be pleased to keep the Committee informed of our efforts and believe this resolution is not necessary.

Thank you for the opportunity to offer comments on this matter.
