TESTIMONY ON SENATE BILL 3042  
RELATING TO CRIMINAL JUSTICE DATA SHARING GROUPS

Before the Senate Committee on  
Public Safety and Intergovernmental and Military Affairs  
Wednesday, February 14, 2024; 3:00 p.m.  
State Capitol Conference Room 225, Via Videoconference

**WRITTEN TESTIMONY ONLY**

Chair Wakai, Vice Chair Elefante, and members of the Committee:

The Department of Law Enforcement (DLE) **supports** Senate Bill 3042.

This bill amends the Criminal Justice Data Sharing Working Group to combine its members and functions with certain members and functions of the Gun Violence and Violent Crimes Commission to increase efficiency and effectiveness and eliminate redundancy.

The DLE participates in several of the working groups that are the subject of this bill. At one point, these various working groups were holding separate meetings which required members to schedule multiple meetings when a single meeting would be sufficient. This bill will clarify in the statutory requirements of these working groups and enable them to consolidate their work and increase efficiency by eliminating multiple meetings.

Thank you for the opportunity to testify in support of this bill.

**TESTIMONY OF  
THE DEPARTMENT OF THE ATTORNEY GENERAL  
KA 'OIHANA O KA LOIO KUHINA  
THIRTY-SECOND LEGISLATURE, 2024**

---

**ON THE FOLLOWING MEASURE:**

S.B. NO. 3042, RELATING TO CRIMINAL JUSTICE DATA SHARING GROUPS.

**BEFORE THE:**

SENATE COMMITTEE ON PUBLIC SAFETY AND INTERGOVERNMENTAL AND  
MILITARY AFFAIRS

**DATE:** Wednesday, February 14, 2024      **TIME:** 3:00 p.m.

**LOCATION:** State Capitol, Room 225

**TESTIFIER(S):** Anne E. Lopez, Attorney General, or  
Philip D. Higdon, Administrator, Hawaii Criminal Justice Data  
Center

---

Chair Wakai and Members of the Committee:

The Department of the Attorney General (Department) supports this bill and offers the following comments.

The purpose of the bill is to consolidate the Gun Violence and Violent Crimes Commission with the Criminal Justice Data Sharing Working Group by repealing chapter 134C, Hawaii Revised Statutes (HRS), and amending Act 157, Session Laws of Hawaii 2023, to expand the scope of the Criminal Justice Data Sharing Working Group to include the mandates of and some non-overlapping members from the Gun Violence and Violent Crimes Commission (GVVCC).

GVVCC was established by chapter 134C, HRS, and is tasked with identifying criminal data that could be used to reduce gun violence and violent crimes and maximizing the sharing of that relevant criminal data between criminal justice agencies. The Criminal Justice Data Sharing Working Group, established by Act 157, addresses data sharing between criminal justice agencies. In addition to the closely related mandates, the two groups share a common membership base of County Prosecutors, County Police Chiefs, and the Attorney General. Consolidating the two groups will streamline the efforts to (1) identify criminal data relevant to reducing gun violence and violent crimes, (2) improve collection and sharing of the relevant criminal data among

criminal justice agencies in the State, and (3) help make government more efficient by reducing the number or duplicative meetings that public servants attend.

Sharing criminal data among the various state and county law enforcement agencies and the judiciary has been difficult for many reasons, chief among them being the difficulty determining what data to share, which agencies should have access to some or all of the data, and what data will provide the agencies with the most critical information. GVVCC's membership includes individuals with expertise in research from different public sectors including the Judiciary. By including these members of the GVVCC in the Criminal Justice Data Sharing Working Group, the law enforcement community will have access to researchers who can assist the agencies in identifying necessary data, identifiers, and resources, among other things.

Because of the current lack of a streamlined method to store and share criminal data, one of the main issues GVVCC has run into is identifying what relevant data is available and where that data resides. In the absence of this basic information, research into understanding and reducing violent crime and gun violence is virtually impossible. By participating in a data sharing group that will develop a standardized method of saving and sharing data, researchers will have access to uniform information that will enable them to analyze relevant data regarding violent crime and gun violence and determine possibilities for reducing both. Therefore, we believe that consolidating these two groups will accomplish the objectives of the groups more effectively and efficiently.

The Department respectfully requests the passage of this bill. Thank you for the opportunity to testify on this bill.

I am writing to express my views as to why I oppose SB3042. This bill sounds like it could have benefits to all if it were to not be misused but I fear that this would wholeheartedly be misused by multiple government agencies and individuals who wish to ban the use of firearms for American citizens. This bill states: "Formulate recommendations for changes in policy, legislation, and operations to facilitate data sharing." That alone shows where it can easily be abused to recommend more unconstitutional laws that would hinder our freedoms to practice our second amendment right. I am also highly concerned with the statement: "The dean of the college of social sciences at the University of Hawaii at Manoa; and The dean of the John A. Burns school of medicine." The fact that those non elected, non governmental members would have any say in policy recommendations while clearly maintaining stances that are anti 2nd amendment for years is very concerning. This is a bill that will not reduce gun violence and will further lead to the removal of more rights for the law abiding citizens of Hawaii. I oppose this bill and ask that you would please not let it move forward.

Please OPPOSE this bill. There is too much temptation and likelihood that gun owners personal information will be shared with anti-gun organizations and then doxxed in the name of "gun violence prevention", when it does the opposite. This will increase the likelihood that gun owners will be burglarized, or suffer home invasions.

Gun owners personal and private information needs to protected, and pushing this information to a data sharing group spells all kinds of bad news, and legal liability for The State.

I think you need to change the names of your "groups" to just state violent crime and we all assume the guns are included within that label. what are the statistics on stabbing? I can guarantee you have more incidents with knives or stabbing than incursions with firearms in our state. Why isn't the commission called knife violence and violent crimes? Because it's redundant. I wish the legislature in Hawaii would state attempting to persuade the public with flashy title "gun violence and violent crimes", when they are all just violent crimes; whether perpetrated with a firearm, a knife, a toilet plunger.

The gun violence commission has been a failure from reading their reports as they haven't accomplished anything useful. It was a waste of our leaderships time and resources that could've been better spent working in their own areas. Adding this additional requirement to the data working group would make it unfocused and interrupt thier mission.

Focus on the source of the problem, the criminal.

This bill is a waste of time and money for the taxpayer.

Funds should be spent on programs to reduce the surge in crime and robberies in our communities and to address the shortage of police officers that fight that crime.

It also increases the risk of data breaches by increasing the amount of people that have access to the data.

Attention all legislative members,

You must oppose SB3349, SB3040, and SB3042 as these bills add unnecessary actions and expenses to existing agencies while also approaching and crossing over into violations of privacy of American citizens.

I would like to also point out that this is not the first time, or first SB bill, that I have written you about advising of the Constitutional violations and illegalities being proposed. I wrote you all, the Governor, Lieutenant Governor, and Attorney General back at the end of 2022, and a few times in early 2023, about the Constitutional violations contained within SB1230. I also advised you that if you did not opposed the bill, and instead voted it into law, there would be lawsuits which would cost the state and Hawaii tax payers money to fight. You all still ultimately voted and approved SB1230. I, along with another Hawaii couple, then proceeded to file suite against the State of Hawaii for constitutional violations contained within SB1230. A federal judge here in Hawaii agreed with me and issued a preliminary injunction on major portions of SB1230.

I am a law abiding American citizen, born and raised here in Hawaii. I do not like to continuously, each year, have to write testimony and fight legal battles to preserve my constitutional rights here in Hawaii. Please stop attacking the Second Amendment and vote to oppose SB3196, SB2845, SB3349, SB3040, and SB3042.

Opposing the amalgamation of the Criminal Justice Data Sharing Working Group and the Gun Violence and Violent Crimes Commission and the subsequent repeal of chapter 134C of the Hawai'i Revised Statutes is paramount to safeguarding comprehensive efforts against gun violence and violent crimes. Combining these entities risks diluting their specific focus and expertise, potentially hindering the effectiveness of both in addressing the complex issues they were initially established to tackle. The repeal of chapter 134C further undermines dedicated efforts towards understanding, preventing, and combating gun violence and violent crimes, which demand targeted approaches and specialized attention. Such a move may lead to critical gaps in data sharing, analysis, and policy development, impeding the state's ability to enact meaningful measures to protect communities from these pervasive threats.

Comments:

Opposing the amalgamation of the Criminal Justice Data Sharing Working Group and the Gun Violence and Violent Crimes Commission and the subsequent repeal of chapter 134C of the Hawai'i Revised Statutes is paramount to safeguarding comprehensive efforts against gun violence and violent crimes. Combining these entities risks diluting their specific focus and expertise, potentially hindering the effectiveness of both in addressing the complex issues they were initially established to tackle. The repeal of chapter 134C further undermines dedicated efforts towards understanding, preventing, and combating gun violence and violent crimes, which demand targeted approaches and specialized attention. Such a move may lead to critical gaps in data sharing, analysis, and policy development, impeding the state's ability to enact meaningful measures to protect communities from these pervasive threats.

I conditionally support SB3042.

Support is contingent on whether this bill would apply to law enforcement. If it does, I support.

Recently HPD fired an officer and did not provide details to DLNR. The state is now paying a large settlement for this officer.

You must also oppose SB3349, SB3040, and SB3042 as these bills add unnecessary actions and expenses to existing agencies while also approaching and crossing over into violations of privacy of American citizens.

I would like to also point out that this is not the first time, or first SB bill, that I have written you about advising of the Constitutional violations and illegalities being proposed. I wrote you all, the Governor, Lieutenant Governor, and Attorney General back at the end of 2022, and a few times in early 2023, about the Constitutional violations contained within SB1230. I also advised you that if you did not oppose the bill, and instead voted it into law, there would be lawsuits which would cost the state and Hawaii tax payers money to fight. You all still ultimately voted and approved SB1230. I, along with another Hawaii couple, then proceeded to file suit against the State of Hawaii for constitutional violations contained within SB1230. A federal judge here in Hawaii agreed with me and issued a preliminary injunction on major portions of SB1230.

As a citizen of the United States of America, a resident of the State of Hawaii and a registered voter I oppose this proposed legislation and am very dissatisfied with the manner it has been presented by the Hawaiian legislation.

Respectfully,

Sam Cavitt

I writing in opposition to SB3042. Owners of firearms are already subjected to some of the most restrictive gun laws in the country. Adding another layer would just a waste of money and resources that could be used elsewhere to help the community.

Comments:

The way this bill is written now, it misses the mark and fails to hit the target. SB3052 should be rewritten to substitute the term "gang violence" for "gun violence." The bill has too much focus on the weapons and not enough focus on criminals who commit violent crimes with or without using guns. Maybe this bill is just an excuse to infringe on gun rights. In any case, it is unacceptable as it is written. Pay more attention to the criminals and less attention to the weapons.
