
A BILL FOR AN ACT

RELATING TO THE HAWAII COMMUNITY DEVELOPMENT AUTHORITY.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that Act 184, Session
2 Laws of Hawaii 2022 (Act 184), which established transit-
3 oriented development infrastructure improvement districts, could
4 be more efficient. The transit-oriented development
5 infrastructure improvement districts were comprised of the land
6 within county-designated transit-oriented development zones or
7 within a one-half mile radius of a proposed or existing transit
8 station if the county has not designated transit-oriented
9 development zones, as designated by the board. Act 184 also
10 established the transit-oriented development infrastructure
11 improvement district boards for each county, under the Hawaii
12 community development authority for administrative purposes. To
13 date these boards have not been constituted, due in part to a
14 lack of community volunteers willing to serve.

15 The purpose of this Act is to streamline transit-oriented
16 development infrastructure improvements by making chapter 206E,
17 part X, Hawaii Revised Statutes, a program under the Hawaii

H.B. NO. 1007

1 community development authority and making additional consistent
2 revisions to chapter 206E, Hawaii Revised Statutes.

3 SECTION 2. Section 206E-1, Hawaii Revised Statutes, is
4 amended to read as follows:

5 "§206E-1 Findings and purpose. The legislature finds that
6 many areas of the State are substantially undeveloped, blighted,
7 or economically depressed, and are or are potentially in need of
8 renewal, renovation, or improvement to alleviate such conditions
9 as dilapidation, deterioration, age, and other such factors or
10 conditions [~~which~~] that make such areas an economic or social
11 liability.

12 The legislature further finds that there exists within the
13 State vast, unmet community development needs. These include,
14 but are not limited to, a lack of suitable affordable housing;
15 insufficient commercial and industrial facilities for rent;
16 residential areas [~~which~~] that do not have facilities necessary
17 for basic liveability, such as parks and open space; [~~and~~] areas
18 [~~which~~] that are planned for extensive land allocation to one,
19 rather than mixed uses[-]; a lack of infrastructure necessary to
20 facilitate community development; and insufficient culturally
21 appropriate agriculture, education, and natural-resource
22 restoration and management.

H.B. NO. 1007

1 It is further determined that the lack of planning and
2 coordination in such areas has given rise to these community
3 development needs and that existing laws and public and private
4 mechanisms have either proven incapable or inadequate to
5 facilitate timely redevelopment and renewal[-], or restoration
6 and management, as the case may be.

7 The legislature finds that a new and comprehensive
8 authority for community development must be created to join the
9 strengths of private enterprise, public development, and
10 regulation into a new form capable of long-range planning and
11 implementation of improved community development. The purpose
12 of this chapter is to establish such a mechanism in the Hawaii
13 community development authority, which is a public entity
14 ~~[which]~~ that shall determine community development programs and
15 projects and cooperate with private enterprise and the various
16 components of federal, state, and county governments in bringing
17 plans and projects to fruition. ~~[For such areas designated as~~
18 ~~community development districts, the]~~ The legislature believes
19 that the planning and implementation ~~[program]~~ expertise of the
20 Hawaii community development authority will result in
21 communities ~~[which]~~ that serve the highest needs and aspirations
22 of Hawaii's people.

H.B. NO. 1007

1 and encourages walking, biking, and use of mass transit. The
2 State plays an important role in overcoming barriers to transit-
3 oriented development, including encouraging needed investments
4 in improving regional infrastructure such as roads, sewers,
5 water, power, communication, and storm water management
6 systems. This part is intended to move transit-oriented
7 development planning efforts forward into infrastructure
8 improvements that benefit the community. The legislature
9 further finds that, currently, no single state agency has the
10 authority to improve infrastructure along a transit corridor in
11 the best interest of the State. This part will enable the
12 delivery of infrastructure needed to support development on
13 lands within designated transit-oriented development zones.

14 Accordingly, ~~[the purpose of this part is to establish]~~
15 there is established the transit-oriented development
16 infrastructure improvement [districts] program to be
17 administered by the authority to foster community development by
18 strategically investing in infrastructure improvements.

Program

Description:

Authorizes the Hawaii Community Development Authority to cooperate with or assist public and private sector entities to engage in projects that improve the State. Repeals the transit-oriented development infrastructure improvement district and board, under chapter 206E, part X, HRS. Makes additional consistent revisions to chapter 206E.

JUSTIFICATION SHEET

DEPARTMENT: Business, Economic Development, and Tourism

TITLE: A BILL FOR AN ACT RELATING TO THE HAWAII COMMUNITY DEVELOPMENT AUTHORITY.

PURPOSE(S): To repeal the Transit-Oriented Development Infrastructure Improvement District and Board, and instead establish the Transit-Oriented Development Infrastructure Improvement Program, for efficiency; and to clarify that the Hawaii Community Development Authority (the Authority) may cooperate with or assist public and private sector entities to engage in projects that improve the State.

MEANS: Amend section 206E-1 and part X of chapter 206E, Hawaii Revised Statutes.

JUSTIFICATION: Section 206E-1: Since the Legislature's establishment of the Authority in 1976 with the Kakaako Community Development District, the Legislature expanded the responsibilities of the Authority to include other community development districts, and responsibilities to develop infrastructure that supports transit-oriented development statewide, and helping and cooperating with other public and private sector entities with projects that improve communities statewide. Given the expansion of the Authority's responsibilities, this section should be revised to reflect current responsibilities and roles of the Authority.

Chapter 206E, Part X: Act 184, Session Laws of Hawaii 2022, established a Transit-Oriented Development Infrastructure Improvement District and a board, for each county, under the Authority. This bill would amend the Transit-Oriented Development Infrastructure Improvement District into a Transit-Oriented Development Infrastructure Improvement Program, for efficiency. The four-county board structure is not necessary

as projects are identified and supported by the Transit-Oriented Development Interagency Council, which has statewide representatives from the public and private sector.
