
A BILL FOR AN ACT

RELATING TO THE HAWAII COMMUNITY DEVELOPMENT AUTHORITY.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that Act 184, Session
2 Laws of Hawaii 2022 (Act 184), which established
3 transit-oriented development infrastructure improvement
4 districts, could be more efficient. The transit-oriented
5 development infrastructure improvement districts were comprised
6 of the land within county-designated transit-oriented
7 development zones or within a one-half mile radius of a proposed
8 or existing transit station if the county has not designated
9 transit-oriented development zones, as designated by the board.
10 Act 184 also established the transit-oriented development
11 infrastructure improvement district boards for each county,
12 under the Hawaii community development authority for
13 administrative purposes. To date these boards have not been
14 constituted, due in part to a lack of community volunteers
15 willing to serve.

16 The purpose of this Act is to streamline transit-oriented
17 development infrastructure improvements by making chapter 206E,

1 part X, Hawaii Revised Statutes, relating to transit-oriented
2 development infrastructure improvements, a program under the
3 Hawaii community development authority, rather than districts to
4 be overseen by a board.

5 SECTION 2. Section 206E-1, Hawaii Revised Statutes, is
6 amended to read as follows:

7 "**§206E-1 Findings and purpose.** The legislature finds that
8 many areas of the State are substantially undeveloped, blighted,
9 or economically depressed, and are or are potentially in need of
10 renewal, renovation, or improvement to alleviate such conditions
11 as dilapidation, deterioration, age, and other such factors or
12 conditions [~~which~~] that make such areas an economic or social
13 liability.

14 The legislature further finds that there exists within the
15 State vast, unmet community development needs. These include,
16 but are not limited to, a lack of suitable affordable housing;
17 insufficient commercial and industrial facilities for rent;
18 residential areas [~~which~~] that do not have facilities necessary
19 for basic liveability, such as parks and open space; [~~and~~] areas
20 [~~which~~] that are planned for extensive land allocation to one,
21 rather than mixed uses[~~-~~]; a lack of infrastructure necessary to

1 facilitate community development; and insufficient culturally
2 appropriate agriculture, education, and natural-resource
3 restoration and management.

4 It is further determined that the lack of planning and
5 coordination in such areas has given rise to these community
6 development needs and that existing laws and public and private
7 mechanisms have either proven incapable or inadequate to
8 facilitate timely redevelopment and renewal[-], or restoration
9 and management, as the case may be.

10 The legislature finds that a new and comprehensive
11 authority for community development must be created to join the
12 strengths of private enterprise, public development, and
13 regulation into a new form capable of long-range planning and
14 implementation of improved community development. The purpose
15 of this chapter is to establish such a mechanism in the Hawaii
16 community development authority, which is a public entity
17 ~~[which]~~ that shall determine community development programs and
18 projects and cooperate with private enterprise and the various
19 components of federal, state, and county governments in bringing
20 plans and projects to fruition. ~~[For such areas designated as~~
21 ~~community development districts, the]~~ The legislature believes

1 that the planning and implementation [~~program~~] expertise of the
2 Hawaii community development authority will result in
3 communities [~~which~~] that serve the highest needs and aspirations
4 of Hawaii's people.

5 The legislature finds that the creation of the Hawaii
6 community development authority, the establishment of community
7 development districts[~~, and~~] and program areas, the issuance of
8 bonds pursuant to this chapter to finance public facilities, and
9 the ability of the Hawaii community development authority to
10 cooperate with or assist public and private sector entities to
11 engage in projects that improve the State, serve the public
12 interest and are matters of statewide concern."

13 SECTION 3. Chapter 206E, part X, Hawaii Revised Statutes,
14 is amended to read as follows:

15 "[+]PART X. [+] TRANSIT-ORIENTED DEVELOPMENT INFRASTRUCTURE
16 IMPROVEMENT [~~DISTRICT~~] PROGRAM

17 "[+]§206E-241[+] Findings and purpose. The legislature
18 finds that construction, installation, and improvement of
19 certain infrastructure is necessary and desirable to facilitate
20 renewal and redevelopment of areas designated by the State and
21 the counties for transit-oriented development. Transit-oriented

1 development is a powerful tool that can ultimately deliver a
2 wide range of social, environmental, and economic benefits.
3 Transit-oriented development promotes development patterns that
4 support quality of life, preserves the natural environment,
5 provides a range of housing choices for residents, and
6 encourages walking, biking, and use of mass transit. The State
7 plays an important role in overcoming barriers to
8 transit-oriented development, including encouraging needed
9 investments in improving regional infrastructure such as roads,
10 sewers, water, power, communication, and storm water management
11 systems. This part is intended to move transit-oriented
12 development planning efforts forward into infrastructure
13 improvements that benefit the community. The legislature
14 further finds that, currently, no single state agency has the
15 authority to improve infrastructure along a transit corridor in
16 the best interest of the State. This part will enable the
17 delivery of infrastructure needed to support development on
18 lands within designated transit-oriented development zones.

19 Accordingly, ~~[the purpose of this part is to establish]~~
20 there is established the transit-oriented development
21 infrastructure improvement [districts] program to be

1 administered by the authority to foster community development by
2 strategically investing in infrastructure improvements.

12 "Fund" means the transit-oriented development
13 infrastructure improvement ~~[district]~~ program special fund
14 established under section 206E-247.

15 "Program" means the transit-oriented development

10 walkability, adopted county plans, and other relevant factors~~[+~~
11 ~~provided that in a county with a population in excess of five~~
12 ~~hundred thousand, a transit-oriented development zone shall~~
13 ~~include a rail station or a planned rail station]~~. The

15 which any portion of the parcels are located within the county-
