
A BILL FOR AN ACT

RELATING TO WASTEWATER.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that existing
2 administrative rules allow an individual wastewater system to
3 serve no more than five bedrooms, whether the five bedrooms are
4 in one dwelling unit or two dwelling units. However, the
5 definition of a dwelling unit under chapter 62, Hawaii
6 administrative rules, does not clearly consider the varied types
7 of development, such as dwelling units that may have exterior
8 bedrooms without a kitchen or guest houses with a bathroom but
9 without a kitchen. Certain dwelling units may be prohibited
10 from using an individual wastewater system solely because the
11 bedrooms are outside the dwelling unit.

12 The purpose of this Act is to allow an individual
13 wastewater system to serve up to five bedrooms, regardless of
14 the number of dwelling units or accessory units, whether
15 attached or detached, with certain exclusions.

1 SECTION 2. Chapter 342D, Hawaii Revised Statutes, is
2 amended by adding a new section to be appropriately designated
3 and to read as follows:

4 "§342D- Individual wastewater system; dwelling units.

5 An individual wastewater system may serve up to five bedrooms,
6 regardless of the number of dwelling units or accessory units as
7 defined by the counties, whether attached or detached; provided
8 that this shall not apply to any new requests to connect
9 additional dwelling units to an existing cesspool."

10 SECTION 3. New statutory material is underscored.

11 SECTION 4. This Act shall take effect on July 1, 3000.
