# A BILL FOR AN ACT

RELATING TO CLIMATE CHANGE.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1       SECTION 1. The legislature finds that the office of  
2 planning and sustainable development, rather than the department

4 administer the Hawaii climate change mitigation and adaptation  
5 commission. The office of planning and sustainable development  
6 is responsible for supporting the principles of the State

8 adaptation, and leads the State's coordination of sea level rise  
9 adaptation activities.

10       The legislature further finds that the office of planning  
11 and sustainable development is charged with coordinating  
12 activities across levels of government and ensuring cooperation  
13 to reach the State's goals. The legislature recognizes that  
14 comprehensive, coordinated action is necessary to combat the  
15 impacts of climate change.

16       Accordingly, to promote public safety, efficiency, and  
17 effectiveness, the purpose of this Act is to transfer the Hawaii

12 If an office or position held by an officer or employee

16 and shall be transferred to some other office or position for  
17 which the officer or employee is eligible under the personnel  
18 laws of the State as determined by the head of the department or
