
A BILL FOR AN ACT

RELATING TO DEPARTMENTAL DATA SHARING.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the statewide
2 longitudinal data system stores and analyzes career and
3 technical education data it receives from all state educational
4 systems and workforce training agencies to support research and
5 evaluation that will improve outcomes throughout the early
6 education to workforce pipeline. While other state agencies are
7 included in the system to provide data as appropriate, the
8 determination of whether or not data from another department is
9 appropriate is left to the department of education, the
10 executive office on early learning, the university of Hawaii,
11 the department of labor and industrial relations, and the
12 department of human services.

13 The legislature further finds that data currently collected
14 by state educational systems and workforce training agencies
15 does not include information from certain segments of Hawaii's
16 workforce, such as those who are self-employed. This leaves the
17 current workforce data incomplete. Gathering data from the tax

1 filings of those who are self-employed will provide a more
2 accurate analysis of the State's workforce.

3 The purpose of this Act is to include the department of
4 taxation and department of business, economic development, and
5 tourism in the departmental data sharing through the statewide
6 longitudinal data system to allow for a more accurate analysis
7 of the State's workforce.

1 longitudinal education and workforce outcomes of students who
2 attempted an educational course, training program, career
3 program, postsecondary program, or other state-supported
4 workforce training program. Data to be shared shall be
5 determined jointly by the relevant agencies and shall be shared
6 no less than annually.

7 (d) All data shared by or with the department of human
8 services[]; department of taxation; department of business,
9 economic development, and tourism; department of education[];

12 required by statute shall be subject to any state or federal
13 laws and any administrative rule regarding privacy adopted by
14 the department or agency that collected the data.

15 (e) The department of education[]; the executive office
16 on early learning[]; the [University] university of Hawaii[];

20 other state agencies, as appropriate, shall partner to

1 collectively govern the statewide longitudinal data system and

14 (f) All state agency directors shall consider sharing data
15 for the statewide longitudinal data system."

16 SECTION 3. Statutory material to be repealed is bracketed
17 and stricken. New statutory material is underscored.

18 SECTION 4. This Act shall take effect on July 1, 2025.
