# A BILL FOR AN ACT

RELATING TO HIGHWAY SAFETY.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that skateboard accidents  
2 on roadways and streets can result in serious injury to the  
3 skateboard user, including head trauma. According to an article  
4 published in the *Journal of Oral and Maxillofacial Surgery*,  
5 "Injuries to the Head and Face from Skateboarding: A 10-Year  
6 Analysis From National Electronic Injury Surveillance System  
7 Hospitals", from 2009 to 2018, there were an estimated 100,201  
8 emergency room visits nationwide related to trauma to the head  
9 and face while skateboarding. The article concluded that "[a]  
10 substantial number of [emergency department] visits were a  
11 result of skateboarding-related facial trauma. Given the  
12 neurologic outcomes of head trauma and functional consequences  
13 of facial fractures, especially among adolescents, our findings  
14 suggest that injury prevention programs and more aggressive  
15 helmet use may be necessary to reduce morbidity and  
16 hospitalization".

1           The legislature further finds that existing laws in the  
2 State protect bicyclists under the age of sixteen by requiring  
3 operators to wear a helmet. Additionally, the legislature notes  
4 that other states require helmets for minors including  
5 California, New York, and Oregon. Extension of existing safety  
6 provisions for bicyclists to skateboard riders will provide  
7 additional protection for all roadway users.

8           Accordingly, the purpose of this Act is to require the use  
9 of a safety helmet by anyone under the age of sixteen while  
10 riding a skateboard on roadways and streets.

11           SECTION 2. Chapter 291C, Hawaii Revised Statutes, is  
12 amended by adding a new section to part XII to be appropriately  
13 designated and to read as follows:

14           "§291C- Skateboards; helmet required. (a) No person  
15 under sixteen years of age shall operate a skateboard upon a  
16 street, roadway, bikeway, or any other public property unless  
17 the person is wearing a properly fitted and fastened helmet that  
18 is designed to fit the user, protect against head trauma, and  
19 has been tested by a nationally recognized agency such as the  
20 National Highway Traffic Safety Administration, the National  
21 Safety Council, or the Children's Safety Network.

# S.B. NO. 344

**Report Title:**

Skateboards; Helmet Requirement; Minors

**Description:**

Requires all skateboard users under the age of sixteen to wear a helmet while operating a skateboard.
