

STAND. COM. REP. NO.

1892

Honolulu, Hawaii

APR 03, 2025

RE: H.R. No. 143
H.D. 1

Honorable Nadine K. Nakamura
Speaker, House of Representatives
Thirty-Third State Legislature
Regular Session of 2025
State of Hawaii

Madame:

Your Committee on Energy & Environmental Protection, to which
was referred H.R. No. 143 entitled:

"HOUSE RESOLUTION REQUESTING THE DEPARTMENT OF LAND AND
NATURAL RESOURCES TO CONVENE A WORKING GROUP TO ASSESS
ENVIRONMENTAL AND CONSERVATION INITIATIVES NEEDED TO
TRANSITION VOLCANO, HAWAII, INTO A BIOSPHERE AREA THAT
PROMOTES ENVIRONMENTAL SUSTAINABILITY AND COMMUNITY WELL-
BEING AND COMPLEMENTS THE NEIGHBORING HAWAIIAN ISLANDS
BIOSPHERE RESERVE,"

begs leave to report as follows:

The purpose of this measure is to request the Department of
Land and Natural Resources to convene a working group to assess
environmental and conservation initiatives needed to transition
Volcano, Hawaii, into a biosphere area that promotes environmental
sustainability and community well-being and complements the
neighboring Hawaiian Islands Biosphere Reserve.

Your Committee received testimony in support of this measure
from Alaula Kipuka Refuge; Hawai'i Forest Farms; the Environmental
Caucus of the Democratic Party of Hawai'i; Sierra Club of Hawai'i,
Hawai'i Island Group; Volcano Community Association; and numerous
individuals. Your Committee received comments on this measure
from the Department of Land and Natural Resources.

2025-3119 HR143 HD1 HSCR HMSO-1

1892

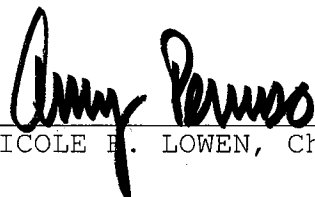

Your Committee finds that Hawaii Volcanoes National Park was part of the United Nations Educational, Scientific and Cultural Organization (UNESCO) designated Hawaiian Islands Biosphere Reserve, meaning the area met certain standards related to conservation, sustainable development, and scientific research. Your Committee further finds that the high environmental standards met by Hawaii Volcanoes National Park starkly contrast with the greater Volcano, Hawaii area, which has been subject to invasive plant species, Rapid Ohia Death, forest degradation, and other environmental issues. This measure encourages a coordinated effort to develop initiatives needed to promote the environmental well-being of Volcano, Hawaii.

Your Committee has amended this measure by:

- (1) Clarifying that the Hawaiian Islands Biosphere Reserve was, but is not currently, designated as a United Nations Educational, Scientific and Cultural Organization (UNESCO) biosphere reserve;
- (2) Changing the membership of the working group; and
- (3) Amending the list of recipients of certified copies of this measure.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 143, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 143, H.D. 1.

Respectfully submitted on
behalf of the members of the
Committee on Energy &
Environmental Protection,

for 
NICOLE E. LOWEN, Chair

HSCP 1892
