Comments:

I urge you to support HCR72 and HR65. These resolutions promote uniform ethical standards for county officials, mirroring those for state officials. This is vital for:

- **Ensuring consistent integrity** across all levels of Hawaiian government.
- **Strengthening public trust** by upholding high ethical standards.
- **Reinforcing the perception of integrity** in public service.

HCR72 and HR65 are essential for maintaining ethical governance in Hawaii.
