BUDGET REQUEST FOR FISCAL BIENNIUM 2025 - 2027

January 7, 2025

Hawaii State Capitol Conference Room 211

Testimony

By:

Tommy Johnson, Director  
Department of Corrections and Rehabilitation

Chairs Dela Cruz and Elefante, Vice Chairs Moriwaki and Wakai, and Members of the Committee on Ways and Means and Public Safety, Intergovernmental and Military Affairs:

**I. OVERVIEW**

Act 278, SLH 2022 paved the way for the separation of the Department of Public Safety into two distinct Departments: Department of Corrections and Rehabilitation (DCR) and the Department of Law Enforcement (DLE). Effective January 1, 2024, the new Department of Corrections and Rehabilitation was established which ushers a shift in the incarceration model that is currently in place from what some may see as a punitive model to a more treatment, education, rehabilitative, and “reach in wraparound” reentry model to help ensure and facilitate better outcomes for criminal justice-involved persons and safer communities.

In order to succeed in ensuring better outcomes, DCR needs to ensure that we have the resources and capability to provide what is needed by our staff and the criminal justice-involved persons to successfully shift to this model.

In the short term, our goals are as follows:

- A. Reduce overcrowding and improve working and living conditions at all Community Correctional Centers (CCC) and prison facilities, and
- B. Fill Vacancies and Invest in the development of the next generation correctional leaders.
- C. Expansion of mental health services statewide and improve delivery of service.
- D. Update the Corrections Master Plan. The last 10-Year Master Plan was completed in 2003.

In the long term, our goals are as follows:

- A. Plan to Relocate the Kauai Community Correctional Center (KCCC)

- Act 164, SLH 2023 gave a total of \$5M for this project under general funds. \$3M in FY 2024 and \$2M in FY 2025. The funding has allowed the department to initiate the site selection process and all necessary activities similar to the ongoing OCCC planning process once a site has been selected.
- Act 230, SLH 2024 funded our CIP request for \$20M for FY 2025 to continue the planning for the relocation of KCCC.

B. Plan to Build a Jail in West Hawaii (Kona)

- It is estimated that up to 40% of the jail population housed at HCCC are from the Kona side of the island. The time to conduct daily transportation of these detainees from HCCC in Hilo to Kona for court appearances due to the distance is operationally taxing for HCCC staff and our aging vehicles required for the transports. It also places undue hardships on the families as many cannot regularly, if at all, make the round trip from Kona to Hilo to visit incarcerated loved ones.
- We have requested funding for this project and will continue to request, educate and inform all stakeholders on the importance of a West Hawaii jail.

C. Plan to Relocate part of the Maui Community Correctional Center (MCCC)

- DCR is part of the planning effort in the Pulehunui Development District. We are actively working with the Hawaii Community Development Authority on this project.
- DCR plans to move the jail but will keep the furlough/community custody inmates at the current MCCC due to closer proximity to transportation and diverse employment opportunities.

D. Plan to Relocate the Hawaii Community Correctional Center (HCCC)

- Further development at the current site is very limited with no community support.

E. Plan to bring back as many of the inmates housed Out of State as possible. We have been able to reduce the mainland inmate population by making internal decisions on which types of inmates will be transferred to mainland. The department is also exploring the possibility of returning some offenders sooner. Policies are being reviewed and updated to address this issue.

The new DCR has three major Divisions, the Correctional Institutions, the Rehabilitation Services and Programs, and the Administration Divisions. Under the Correctional Institutions Division are nine Program IDs with 1855 permanent authorized FTE, under Rehabilitation Services and Programs Division are four Program IDs with 526.60 permanent authorized FTE, and under Administration Division are 153.00 permanent authorized FTE, and two administratively attached agencies: the Hawaii Paroling Authority with 68.00 permanent authorized FTE and the Crime Victim Compensation Commission with 13.00 permanent authorized FTE.

We take this opportunity to describe the most significant challenges and the activities underway:

### 1. Staffing Shortage Among Adult Corrections Officers

Our correctional facilities continue to grapple with workforce challenges that directly impact their mission performance. Those challenges include staff recruitment, high attrition rate due to retirements, and absences due to legal and contractual entitlements providing employees with additional leaves beyond vacation, sick, and holiday leaves (i.e., FMLA, workers' compensation).

Although we have made significant improvements in our recruitment efforts, including, but not limited to streamlining some processes, increasing the number of recruit classes held, etc., we continue to have many vacancies due to the high rate of retirement. ACO authorized permanent position count is 1,535.00 and 434 are vacant positions as of November 30, 2024. The 434 vacancies represent approximately 28% of our overall ACO positions. This represents a reduction in our ACO vacancy rate from 30.9% last year to 28% this year. According to the Correctional Leadership Association (CLA), many correctional jurisdictions around the country continue to experience similar shortages. The "silver tsunami" is hitting DCR the hardest. DHRD's Report to the 2020 Legislature found that ACO class has the highest eligibility rate for retirement (339 ACOs by 2022). We are hopefully at the tail end of the silver tsunami, which has been very challenging. However, with our increased focus on recruitment, including scheduling no less than six (6) basic correctional recruit classes (BCRC) for calendar year 2024, we hope to get ahead of our ACO attrition rate. As a direct result of conducting the six (6) BCRC classes during 2024 we hired 136 ACO recruits as opposed to 56 in 2023. DCR will continue scheduling six (6) BCRC classes in 2025.

### 2. Jail Overcrowding and Deteriorating Facilities

Some of you previously toured our facilities and witnessed the aged, deteriorating, severely limited infrastructure, and increasingly overcrowded conditions, which present serious health and safety, and operational challenges every day for staff and those in our custody across the state. The CIP projects adding additional beds to the jails on Maui, Hawaii, and Oahu will provide desperately needed significant relief to existing conditions.

- The Maui Community Correctional Center (MCCC) New Housing project broke ground in November 2022. The project has had some unanticipated delays but is now back on track.

- The Hawaii Community Correctional Center (HCCC) New forty-eight (48) bed Housing project had its dedication ceremony last December 19, 2024. Although slightly delayed, it has now opened and will be fully operational in January 2025.
- Two projects at the Women’s Community Correctional Center (WCCC) are now complete: (a) The new housing adds up to 176 beds and (b) the renovation to the Ho’okipa Cottage adds up to 65 beds. Both projects are now fully operational.

### 3. Oahu Community Correctional Center Replacement

The urgent need for the replacement and relocation of the current OCCC remains a top priority for DCR. In 2020, the Honolulu City Council approved the Plan Review Use (PRU) to move forward with the planning effort at the Halawa Animal Quarantine Station Site as the home of the new OCCC. Our expending agency, the Department of Accounting and General Services (DAGS), has completed the inmate population projection, updated the architectural space program, and Request for Interest and will now proceed to the development and issuance of the Request for Qualification (RFQ). Act 164, SLH 2023 as amended by Act 230, SLH 2024 appropriated an additional \$10 million in FY 2025 to continue the planning, design, and RFP/RFQ process. The department’s request to release these critically needed funds to continue the required work on the OCCC replacement project has been approved. Additionally, for the 1<sup>st</sup> year of FB2025-2027, the department is requesting \$30 million for these same required purposes.

### 4. Population Management

Since the passage of the Justice Reinvestment Act (JRI) in 2012, DCR has made significant progress and improvement in the processing and rehabilitative programming of inmates and parole violators. JRI-inspired operational changes have also resulted in increased amounts of restitution collected from offenders, increased numbers of inmates assigned to re-entry programs, and realigned programming for long-term inmates.

DCR’s implementation of recommended JRI initiatives has not resulted in similar positive outcomes as it pertains to our pre-trial detainee population. We continue to work diligently with our partners in the Judiciary on alternatives to extended pre-trial incarceration by implementing diversion through supervised release and other types of release programs whenever possible. As reported last year, DCR has adopted and implemented the use of an objective-based risk assessment process to assist the courts in making more informed decisions for pretrial release. However, more “up-front” community-based jail diversion programs are needed that seek to keep low-risk non-violent offenders from entering the criminal justice system.

Major challenges in managing the ever-changing offender population include, but are not limited to, the prevalence of long-term substance abuse, which is often exacerbated by mental health disease, and/or long-standing medical health and nutrition-related issues. As a result, the population tends to initially require more treatment and specialized outside medical services, which significantly adds to our overall healthcare costs. However, DCR's robust medical, mental health, and addiction treatment services are a unique stabilizing force, providing the inmate actively participate in treatment and their addiction services plan. Inmates that do so have decidedly better medical and mental health treatment outcomes and may more successfully reintegrate back into the community once released.

## **II. FEDERAL FUNDS**

The Department was the recipient of \$55,539,109.43 in ARPA funding which greatly helped in the Department's response to the COVID-19 impacts on our operations. The department targets to use all the ARPA funding by December 31, 2024.

The Department does not foresee any reduction in our federally funded programs and projects at the present time.

## **III. NON-GENERAL FUNDS**

The following is the link to the Department's non-general fund report:

<https://dcr.hawaii.gov/wp-content/uploads/2024/10/DCR-Non-General-Fund-Report-2025-Legislature.pdf>

Our priority in Operating Budget was to fund the 50.0 position deletions imposed upon our department by the Department of Budget and Finance. Additionally, our other high priority is additional funding to increase reentry services to connect offenders with community-based services.

Testimony

By:

Gene DeMello Jr., Interim Chairman  
Hawaii Paroling Authority

Chair Dela Cruz, Vice Chair Sharon Moriwaki, and Members of the WAM Committee and Chair Brandon Elefante, Vice Chair Glenn Wakai and Members of the PSM Committee:

OVERVIEW

The Hawaii Paroling Authority (HPA) is a quasi-judicial body (PSD 611 – Determinations (HPA-D), which is attached to the Department of Corrections & Rehabilitation for administrative purposes only. The mission of the HPA is to serve as the central paroling authority for the State of Hawaii and is responsible for the administration of and discharge of all parole and community supervision programs within the HPA’s jurisdiction. The HPA determines appropriate minimum term(s) of imprisonment; eligibility of individual ready for release on parole; and revocation or suspension of parole and recommitment of parole violators back to prison. In addition, the HPA can at its discretion can grant early discharges to persons released on parole providing specific criterion has been met by the paroled person.

Under the general direction and guidance of the Chairman, the parole division (PSD 612 – Supervision and Counseling (HPA SC)), directs and maintains the operational work units of the HPA and provides supervision to persons granted parole so as to assure their behavior conforms to established standards, and to provide guidance, counseling and assistance as may be required to aid their successful reintegration back into the community through rehabilitation.

The HPA’s operating budget request for FY 2026 is as follows:

PSD 611:	A.	Personnel Services - \$542,890 (FTE: 7.0)
	B.	Other Current Services - \$26,483
		Total: \$569,373
PSD 612:	A.	Personnel Services - \$4,313,690 (FTE: 61.0)
	B.	Other Current Services - \$898,118
		Total: \$5,211,808

Overall Total Annual Budget: \$5,781,181

The HPA's operating budget request for FY 2027 is as follows:

PSD 611:	A.	Personnel Services - \$542,890 (FTE: 7.0)
	B.	Other Current Services - \$26,483
		Total: \$569,373
PSD 612:	A.	Personnel Services - \$4,313,690 (FTE: 61.0)
	B.	Other Current Services - \$898,118
		Total: \$5,211,808

Overall Total Annual Budget: \$5,781,181

### Justice Reinvestment Initiative (ACT 139)

The Council on State Governments (CSG) has been assisting the HPA and other State agencies with the implementation of ACT 139 (Justice Reinvestment Initiative (JRI)), to include the development of goals and objectives, and implementation of various performance measures to assist agencies and their respective leadership to determine how the initiative is progressing. The JRI is currently on-going. The HPA has compiled data and provided it to the CSG pertaining to the implementation of the provisions of Section 7 (HRS §353-66) of ACT 139 with respect to the 6-month maximum parole revocation period for "first-time" parole violators.

The following are highlights of HPA's activities:

1. In addition to the cooperative agreement HPA entered into with the Department to consider the re-parole of first-time technical parole violators after 90 - 150 days of incarceration as well as the review of cases supported by the Department for early parole consideration, the HPA has implemented the provisions of ACT 139.

In order to reduce recidivism among this population of parolees, the HPA requires inmates to complete all Department RAD recommended programs such as KASHBOX for substance abuse treatment and/or other institutional programs designed to assist them with their effort to remain crime free. This includes recommending mental health treatment and/or dual diagnosis treatment when appropriate. In addition, depending on the nature of the parole violation, the HPA may require parolees to complete residential drug treatment and/or participation in programs in the community as a condition of re-parole.

2. The Authority works cooperatively with the Department in reviewing inmate cases and providing administrative reviews if they are within 7 to 12 months of their Tentative Parole Date. This action does not guarantee a release on parole.
3. The Authority now generally schedules minimum sentence hearings within three to four months after sentencing by the courts versus the prior practice of five to six months. This has expedited the reclassification of inmates to move minimum custody inmates out of higher security prison beds to more appropriate levels of custody, which in turn reduces the costs of incarceration.

4. The Authority now schedules parole and minimum hearings to accommodate inmate transfers between facilities and to eliminate costly movement of inmates to hearings. The hearings are held in-person at all correctional facilities statewide including new technological conferencing (MS Teams & Poly-Cam) to conduct hearings.
5. Although the HPA is a relatively small agency with only 68 positions statewide (64 Full-Time and 4 Part-Time), the impact the HPA has on the overall criminal justice system and the lives of offenders are significant. As an example, during FY 2024 (July 1, 2023 to June 30, 2024), the HPA conducted 1,175 minimum term hearings for 916 offenders, held 1,537 parole consideration hearings, and conducted 303 parole violation hearing. This is in addition to conducting administrative hearings and reviews on 526 matters regarding reduction of minimum terms of imprisonment, parole suspensions, discharge consideration, and pardon/commutation applications.
6. Parole violation hearings are now routinely scheduled approximately 35-45 days after the retake on a warrant of arrest. This has reduced the number of violators “pending hearing” and being held in higher security prison beds. In the case of first-time parole violators who qualify under the provisions of ACT 139, parole consideration hearings are usually scheduled to take place within four (4) to five (5) months after the violator’s return to custody.
7. The Authority reviews individual cases of sentenced felons with immigration detainers. The Authority works closely with the Immigration, Customs, and Enforcement (ICE) staff of the Department of Homeland Security to review all inmates who are subject to deportation. When appropriate, inmates are paroled to Federal custody for immediate deportation to their countries of origin.
8. The authority continues to see an increase in FY 2025 in the number of offenders requiring sex offender determination hearings.

#### FEDERAL FUNDS

At this time, the HPA does not have any federal grants. However, we consistently apply for federal funding when available, and ensure that state funding will not be affected should HPA receive federal funding that is later discontinued.

#### BUDGET REQUEST

The HPA is requesting \$125,000 recurring annually for PSD 612B to fund the relocation of HPA’s Intensive Supervision Parole Section (ISP) office due to the closure of the AAFES Building and the added costs associated with leasing, utilities, and relocation. This request was submitted but not included in the Governor’s FB2025-2027 Executive Budget Submittal.

The following are the parameters used to determine the budget priorities of HPA:

1. The overall mission of public safety is reinforced if, prior to parole, the inmate has met all of his/her identified programming needs, maintained good institutional conduct, has a low risk of recidivism, and has a good support system.
2. The HPA must ensure that all inmates are reconsidered for parole every 12 months after their initial parole denial. This does not apply to parole violators. This measure relates to the proper treatment of inmates and ensures that statutory requirements are being followed. To ensure statutory requirements are met, the HPA normally schedules parole consideration hearings 11 months or less following the initial denial of parole and have begun to schedule hearings earlier when warranted.
3. The overall measure of public safety is reinforced when a parolee is granted a final discharge because the parolee have met the criteria set for discharge, i.e., at least five consecutive years of success on parole, no new crimes, and good stability factors (family, residence, and/or employment), or the expiration of maximum sentence. The HPA routinely considers parolees for early discharge prior to five consecutive years of success on parole for those who have demonstrated above average successful reintegration back into the community (i.e., two to three consecutive years of success on parole, no new crimes, and excellent stability factors which includes family, residence, and employment).
4. The number of inmates that go beyond their expiration of minimum sentence generally indicates not having met their correctional programming, having poor conduct records in prison, having inadequate parole plans, and/or being deemed a high risk to re-offend.

The HPA is committed to continue to work with the Department in achieving the JRI goals and objectives within the resources available to us. We look forward to working with your committee this 2025 Legislative Session.

JOINT BUDGET INFORMATIONAL BRIEFING  
SENATE COMMITTEE ON WAYS AND MEANS  
AND  
COMMITTEE ON PUBLIC SAFETY AND INTERGOVERNMENTAL AND MILITARY AFFAIRS

JANUARY 7, 2025  
12:30 p.m.

Testimony

By:

Pamela Ferguson-Brey, Executive Director  
Crime Victim Compensation Commission

Chairs Dela Cruz and Elefante, Vice Chairs Moriwaki and Wakai, and Members of the Committee on Ways and Means, and Public Safety and Intergovernmental and Military Affairs:

OVERVIEW

The Hawai'i State Legislature established the Crime Victim Compensation Commission (Commission) in 1967 as a safety net for victims of violent crime. The Commission recognizes the tremendous impact that violent crime has upon crime victims and our society. Many victims would not be able to receive rehabilitation services, counseling services, or bury a loved one without compensation awarded by the Commission. Throughout its 58-year history, the Commission has assisted over 35,000 victims of violent crime by paying over \$31,500,000.00 in medical costs, counseling costs, lost wages, and funeral expenses not covered by other sources.

The Commission is a quasi-judicial body which is attached to the Department of Corrections and Rehabilitation for administrative purposes.

In 1998, the Legislature created the Crime Victim Compensation Fee<sup>1</sup> (the Compensation Fee) to act as the funding base for the Commission's crime victim compensation program. The Judiciary was tasked with assessing and collecting the Compensation Fee. Unfortunately, by 2022, the Commission was on the verge of closing due to Compensation Fee collection shortfalls over many years by the Judiciary together with the effects of the COVID-19 pandemic.

---

<sup>1</sup> HRS 351-62.6 Compensation Fee. (a) The court shall impose a compensation fee upon every defendant who has been convicted or who has entered a plea under section 853-1 and who is or will be able to pay the compensation fee. The amount of the compensation fee shall be commensurate with the seriousness of the offense as follows: (1) Not less than \$105 nor more than \$505 for a felony; \$55 for a misdemeanor; and (3) \$30 for a petty misdemeanor.

In FY 2022, the Legislature saved the Commission from closing by providing general funds for the Commission's staff positions. The Legislature left the Compensation Fee intact to fund compensation payments to victims of violent crime and survivors. The Compensation Fee is now the primary funding source for compensation payments made to victims of violent crime.

Based on the Judiciary's recent collection patterns, the Commission is concerned that, going forward Compensation Fee collections will be insufficient to cover compensation payments for victims of violent crime. In FY 2024, the Judiciary collected only \$342,247 in Compensation Fees, the lowest since the first year of Compensation Fee collection in FY 1999. The Judiciary's collection of over one million dollars in Compensation Fees (\$1,020,690 in FY 2008 and \$1,080,897 in FY 2009) demonstrates that offenders can pay the Compensation Fee if it is ordered.

A 2022 Hawai'i Supreme Court decision that precludes judges from considering an offender's future ability to pay the Compensation Fee will further reduce Compensation Fee collections by the Judiciary.

Maintaining a consistent and adequate source of non-tax revenue to fund compensation for crime victims continues to be an important fiscal issue facing the Commission. The Commission will continue to monitor and report to the Legislature on Compensation Fee collections by the Judiciary.

#### COMMISSION PROJECTS AND HIGHLIGHTS

##### **Restitution Recovery Project and Justice Reinvestment Initiative**

In 2003, the Commission initiated a Restitution Recovery Project (Restitution Project) to collect court-ordered restitution from inmates and parolees and to disburse those funds to their crime victims. As of June 30, 2024, the Commission opened 12,186 cases and collected \$7,298,783 for crime victims.

In 2011, the Restitution Project became a part of the Justice Reinvestment Act (JRI). JRI legislation enhanced restitution collection from inmates and provided the Commission with funding to create a database to improve the efficiency of restitution collection. Since the completion of the database in 2015, the Commission continues to conduct in-depth analyses of court-ordered restitution.

In January 2021, the Commission and the Council of State Governments released an article titled, "*Victim Restitution Matters: Four Lessons from Hawai'i to Ensure Financial Justice for Crime Victims.*" After the release of the article, the Commission was invited to present Hawai'i's restitution model at the 2022 National Conference of the National Association of Crime Victim Compensation Boards, the 2022 National Joint Conference for VOCA Assistance and Crime Victim Compensation Program Administrators, the 2022

National Association of Victim Assistance in Corrections Conference, and the 2022 National Training Institute of the National Center for Victims of Crime.

### **Mass Violence and Terrorism Response Project**

Mass violence planning and preparedness supports the State's efforts to establish a coordinated response to mitigate the trauma experienced by crime victims and the larger community during a mass violence incident.

The Commission's Mass Violence and Terrorism Response Project (Mass Violence Project) is working to ensure that the Commission and other victim service providers are integrated into the County and State Emergency Response and Incident Command plans in order to provide timely crime victim assistance and compensation services for victims and survivors of mass violence incidents. The Commission continues to lead this effort to integrate victim services through the *Mass Violence Planning Workgroup* and by providing mass violence training opportunities.

In 2018, the Commission established the *Mass Violence Planning Workgroup*, an interdisciplinary network comprised of representatives from county, state, and federal victim service providers, first responders, non-governmental organizations (NGOs), and emergency management agencies. The workgroup has completed the Mass Violence Response Plan for Victim Services and the Memorandum of Understanding (MOU) on Mutual Aid Between County Prosecutors. This partnership is working to create a network of integrated services for victims, survivors, surviving family members, and communities impacted by mass violence.

The Commission has collaborated with the Department of Justice, Office for Victims of Crime, Training and Technical Assistance Center (OVCTTAC) and the National Mass Violence Resource Center (NMVRC) of the Medical University of South Carolina, to conduct trainings to ensure a coordinated and victim-centered response to a mass violence incident.

The Commission was invited to present *Mass Violence: Comp Program Preparation and Response* at three national conferences: (1) The 2022 National Joint Training Conference for VOCA Victim Assistance and Victim Compensation Administrators, (2) The 2022 Conference of the National Association of Crime Victim Compensation Boards, and (3) the 2024 National Summit on Mass Violence Victims and Survivors; and presented about Hawai'i's readiness at a Virtual Town Hall on Mass Violence Readiness presented by the NMVRC.

In 2023, OVC awarded the NMVRC at the Medical University of South Carolina \$8,900,000 to establish a centralized resource that would assist communities to be better prepared and more equipped to provide victims of mass violence with timely, comprehensive trauma-informed services through long-term support, recovery and healing. NMVRC invited the Commission's Executive Director and Special Project

Coordinator to join their team of nationally recognized consultants and subject-matter experts to help identify and meet the needs of crime victims nationwide in mass violence preparedness, readiness, and response.

These collaborations and ongoing trainings are critical pieces in preparing to respond to a mass violence/terrorism incident in support of mass violence/terrorism victims and the community.

### **CVCC-HPA Crime Victim Advocacy Project**

In Fiscal Year 2019, the Commission coordinated a series of workgroups to develop a strategic plan to enhance post-conviction victim services. The strategic plan identified that barriers exist for victims of crime due to fragmented systems and recommended the establishment of a Victim Services Program with the Department of Public Safety to provide post-conviction services including assistance/follow up to restitution/compensation applications, safety planning, education on victims' rights and/or information on community referrals.

The Commission applied for and was awarded a 2-year Victims of Crime Act (VOCA) Victim Assistance Grant from the Office for Victims of Crime (OVC) for the CVCC-HPA Crime Victim Advocacy Project (CVAP). CVAP established a corrections-based program in partnership with HPA to provide direct victim services during the parole process. The Project supported victims of crime by providing assistance/follow up to restitution/compensation application, safety planning, education on victims' rights and community referrals. The grant funding was for the period from July 1, 2020, through June 30, 2022.

While grant funding to continue the Project was not renewed, the Project demonstrated the need for victim services during the post-conviction process. The Commission and the Department of Corrections and Rehabilitation are committed to continuing this Project and are working together on an initiative to create a joint post-conviction victim service program to ensure that victim needs, community safety, and offender accountability are in the forefront of operational practices in Hawai'i from the time an offender is incarcerated through their release into our community.

### **FEDERAL FUNDS**

Every year, the Commission receives a federal matching grant award from the U.S. Department of Justice, Office of Justice Programs, Office for Victims of Crime, through the Victims of Crime Act of 1984 for every State dollar expended to compensate victims of violent crime. In Federal Fiscal Year 2022, the match was increased from sixty percent (60%) to seventy five percent (75%) of state funds expended for direct victim compensation. The Commission is not currently at risk of losing federal funds.

### **NON-GENERAL FUNDS**

The Commission's annual report can be found at

<http://dcr.hawaii.gov/cvcc/cvcc-annual-reports/>

BUDGET REQUEST

The Commission is not requesting any changes to its current budget.
