S.B. 1526, S.D. 1
RELATING TO THE DRUG AND ALCOHOL TOXICOLOGY TESTING LABORATORY

Senate Committee on Ways and Means

The Hawaii Department of Transportation (HDOT) **supports S.B. 1526, S.D. 1**, which extends the lapse date for funds appropriated out of the Drug and Alcohol Toxicology Testing Laboratory Special Fund for fiscal years 2023-2024 and 2024-2025 for the establishment and maintenance of a drug and alcohol toxicology testing laboratory.

More time is needed to establish an in-state drug and alcohol toxicology testing laboratory, which includes hiring personnel; procuring instruments; developing Standard Operating Procedures, methodologies, etc.; and attaining accreditations and certifications.

HDOT is primarily concerned about improving highway safety and protecting the lives of our community members and visitors. Having a drug and alcohol toxicology testing laboratory within our State will provide law enforcement and adjudicators with the resources they need to protect our public from impaired drivers.

We respectfully urge the Committee to pass this measure.

Thank you for the opportunity to provide testimony.

RE: SENATE BILL 1526 SD1; RELATING TO THE DRUG AND ALCOHOL TOXICOLOGY
TESTING LABORATORY
HEARING DATE: FEBRUARY 27, 2025
TIME: 10:30 A.M.

Dear Senator Dela Cruz:

The Hawai'i Police Department **strongly supports** Senate Bill 1526 SD1 for extending the timeline for the development and implementation of a state laboratory for drug and alcohol testing, as outlined in this Act. The creation of such a facility is essential for enhancing the health and safety of our communities. A state-run laboratory will ensure that toxicology testing services are consistent, timely, and accurate across all counties, which is critical in law enforcement efforts to combat impaired driving. By providing a centralized, state-of-the-art facility for drug and alcohol testing, we can ensure a more efficient process for law enforcement agencies, which will improve public safety and promote justice in OVUII cases.

We recognize the importance of allotting the necessary time to properly plan, build, and equip the laboratory. This extension will allow for the development of an administrative framework that supports effective operations statewide. The extended timeline will ensure that the laboratory meets the needs of all counties while maintaining the highest standards of reliability. We fully support this critical infrastructure development and believe it will greatly enhance the capacity of law enforcement agencies to address impaired driving across Hawai'i, ultimately leading to safer roads for all residents.

It is for these reasons, we urge this committee **to approve** this legislation. Thank you for allowing the Hawai'i Police Department to provide comments relating to Senate Bill 1526 SD1.

Sincerely,

BENJAMIN T. MOSZKOWICZ

TESTIMONY ON
S.B. 1526 SD1
RELATING TO THE DRUG AND
ALCOHOL TESTING LABORATORY

February 25, 2025

The Honorable Donovan M. Dela Cruz
Chair
The Honorable Sharon Y. Moriwaki
Vice Chair
and Members of the Committee on Ways and Means

Chair Dela Cruz, Vice Chair Moriwaki, and Members of the Committee:

The Department of the Prosecuting Attorney, County of Maui respectfully submits the following comments **in support of S.B. 1526 SD1, Relating to The Drug and Alcohol Testing Laboratory**. This bill extends the lapse date for funds appropriated for the establishment and maintenance of a drug and alcohol toxicology testing laboratory.

The Department of the Prosecuting Attorney, County of Maui supports this bill because current testing of blood and urine samples in some DUI cases is performed by laboratories located outside of Hawaii. Court cases involving these test results can become extremely costly when the prosecution is required to subpoena experts and lab personnel to testify in court, especially if these witnesses are from laboratories located out of state and require travel and lodging arrangements. Non-Hawai'i witnesses also run the risk of flights being canceled and weather disturbances preventing travel to hearings.

For these reasons, the Department of the Prosecuting Attorney, County of Maui **supports S.B. 1526 SD1**. Please feel free to contact our office at (808) 270-7777 if you have any questions or inquiries.

Thank you very much for the opportunity to provide testimony on this bill.

The Honorable Donovan M. Dela Cruz, Chair
and Members
Committee on Ways and Means
State Senate
415 South Beretania Street, Room 211
Honolulu, Hawai'i 96813

Dear Chair Dela Cruz and Members:

SUBJECT: Senate Bill No. 1526, S.D. 1, Relating to the Drug and Alcohol Toxicology Testing Laboratory

I am Cathy Matsuoka, Forensic Laboratory Director of the Scientific Investigation Section of the Honolulu Police Department (HPD), City and County of Honolulu.

The HPD supports Senate Bill No. 1526, S.D. 1, Relating to the Drug and Alcohol Toxicology Testing Laboratory.

This bill extends the lapse date for funds allocated for the establishment and maintenance of a drug and alcohol toxicology laboratory. The creation of this laboratory will significantly strengthen law enforcement's effort to combat impaired driving statewide. Extending the funding timeline will provide the Department of Health with sufficient time to establish and implement the laboratory's infrastructure.

The HPD urges you to support Senate Bill No. 1526, S.D. 1, Relating to the Drug and Alcohol Toxicology Testing Laboratory.

Thank you for the opportunity to testify.

APPROVED:

Sincerely,

Arthur J. Logan
Chief of Police

Cathy Matsuoka
Forensic Laboratory Director

Testimony of the Oahu Metropolitan Planning Organization

Senate Committee on Ways and Means

02/27/25 10:30 AM

CR 211 & Videoconference

SB 1526 SD1

Relating to the Drug and Alcohol Toxicology Testing Laboratory

Dear Chair Dela Cruz Vice Chair Moriwaki, and Committee Members,

The Oahu Metropolitan Planning Organization (OahuMPO) **supports SB1526 SD1** which extends the lapse date for funds appropriated out of the Drug and Alcohol Toxicology Testing Laboratory Special Fund for fiscal years 2023-2024 and 2024-2025 for the establishment and maintenance of a drug and alcohol toxicology testing laboratory.

Data produced by the Fatality Analysis Reporting System (FARS) indicates that between 2016-2020, nearly one-third of all traffic deaths in Hawaii involved alcohol; an alarming statistic exceeding the national average. This bill would help us achieve our goal of reducing traffic deaths and serious injuries to zero, as outlined in our 2050 long-range plan, specifically related to our objective of reducing dangerous driving behaviors.

Allowing more time to establish an in-state drug and alcohol toxicology testing laboratory, including hiring necessary personnel, procuring equipment, developing Standard Operating Procedures, and attaining necessary accreditations and certifications will assist in provide law enforcement and adjudicators with the resources they need to protect our public from impaired drivers.

The OahuMPO is the federally designated Metropolitan Planning Organization (MPO) on the island of Oahu responsible for carrying out a multimodal transportation planning process, including the development of a long-range (25-year horizon) metropolitan transportation plan, referred to as the Oahu Regional Transportation Plan (ORTP), which encourages and promotes a safe, efficient, and resilient transportation system that serves the mobility needs of all people and freight (including walkways, bicycles, and transit), fosters economic growth and development, while minimizing fuel consumption and air pollution ([23 CFR 450.300](#)).

Mahalo for the opportunity to provide testimony on this measure.
