COMPLIANCE AND ENFORCEMENT

When a complaint is filed with the Insurance Division, the Compliance and Enforcement (C&E) Branch conducts an investigation to assure compliance with applicable statutes and rules. The C&E Branch recommends appropriate disciplinary actions when necessary. Upon determining that a case warrants prosecution, the branch refers the case to the Legal Branch for administrative action or to the Department of the Attorney General for prosecution by the State. To file a complaint, a complaint form must be completed and submitted to the Insurance Division.

During FY 2023-2024, consumers and the insurance industry saved or recovered \$3,542,192.41 from insurers and agents with the assistance of the Insurance Division's Compliance and Enforcement Branch (C&E).

The C&E Branch received 389 complaints for the following classes of insurance:

FIRE/HOMEOWNERS INSURANCE: There were 146 complaints received or 38% of the total number of complaints. Of this number: 25 involved adjuster handling; 43 involved claims delays; 19 involved claim denials; eight (8) involved non-renewals; 11 involved premium issues; ten (10) related to unsatisfactory settlement offers; and 30 involved miscellaneous reasons (coverage questions, delivery of policy and State specific).

ENFORCEMENT ACTIONS: C&E was involved in nine (9) enforcement actions during this period resulting in a total of \$250.00 in fines.

INSURANCE FRAUD INVESTIGATIONS

The Insurance Fraud Investigations Branch (Fraud Branch) conducts a statewide program to prevent, investigate, and prosecute insurance fraud cases and complaints relating to all lines of insurance, except workers' compensation insurance. The Fraud Branch reviews referrals submitted by the insurance industry, other agencies, and the public and opens investigations in all cases where it suspects that a crime may have been or is currently being committed. State law requires that any insurer or insurer's employee or agent, who believes it has received a fraudulent claim, refer the case to the Fraud Branch within 60 days.

The Fraud Branch employs special deputy attorneys general to initiate criminal prosecutions. By employing deputies trained in criminal prosecution, all cases receive prompt attention and representation in the criminal justice system. The branch includes 10 employees, including prosecutors, investigators, and administrative staff.

During FY 2023-2024, the Fraud Branch received 517 referrals from insurance companies, various agencies, and the public. Of those accepted for prosecution, criminal indictments were obtained against 25 individuals with a fraud amount totaling \$390,262.00 for the fiscal year. The Fraud Branch obtained \$1,110.00 in restitution payable to the Crime Victim Compensation Fund, and \$2,500.00 in fines payable to the State of Hawaii. Also collected were \$1,200.00 in probation service fees, \$800.00 in miscellaneous fees, and \$6,000.00 for the State General fund.

The Fraud Branch works to prevent insurance fraud by being available for informative presentations and making copies of its informational brochure available to the public. There is also an online fraud referral form on the Departments' website that is available to the public. Online classes, discussions, conferences, or seminars that the Fraud Branch participated in included those sponsored by the National Insurance Crime Bureau, the International Associations of Auto Theft Investigators, the National Association of Insurance Commissioners, the Federal Bureau of Investigation, and the Hawaii State Bar Association's Continuing Legal Education.

HEALTH INSURANCE

The Health Insurance Branch is responsible for regulating health insurers, including health maintenance organizations and mutual benefit societies.

The Health Insurance Branch receives inquiries and complaints pertaining to federal and state laws governing health insurance, including long-term care insurance. Of the 124 complaints: 36 involved denials of coverage; 36 involved reimbursement timeliness; 18 involved claims appeal; 11 involved terminations of coverage; 8 involved policy coverage; 5 involved participating-non-participating; 4 involved rate increase; 2 involved obtaining health insurance; 1 involved drug formulary; 1 involved HIPAA; 1 involved prescription drug benefits and 1 involved unfair marketing. Complaints resolved during this period saved consumers more than \$352,743.00.

In addition to addressing complaints, the Health Insurance Branch answers information requests from consumers, healthcare providers, and health insurance professionals by responding to e-mails and providing callers with information on health insurance matters. During FY 2023-2024, the Health Insurance Branch handled more than 300 inquiries. The Health Insurance Branch reviews producer licensee applications and renewals by screening 660 applications and renewal applications for criminal convictions and administrative action histories.

Pursuant to HRS chapter 431, article 10, part I, the Health Insurance Branch reviews health insurance contracts and forms to ensure readability and the disclosure of required information. It also reviews premium rate filings of managed care plans pursuant to HRS chapter 431, article 14G. The Health Insurance Branch received 108 filings during FY 2023-2024, resulting in consumer savings of more than \$6,887,762.

The Health Insurance Branch also conducts independent external reviews of managed care plan coverage decisions that are appealed by plan members pursuant to HRS chapter 431E. During FY 2023-2024, the Health Branch closed 21 external review cases, resulting in consumer savings of \$51,978.85.

REPORT OF THE INSURANCE COMMISSIONER OF HAWAII

INSURANCE LICENSING

The Insurance Licensing Branch is responsible for the initial licensing of insurance producers, adjusters, surplus lines brokers, managing general agents, limited lines producers, limited lines producers car rental, limited lines portable electronics, limited lines self-service storage producers, reinsurance intermediaries, life settlement providers and brokers, independent bill reviewers, pharmacy benefit managers, service contract providers, third party administrators, and vehicle protection product warrantors.

In addition to issuing new licenses, the Insurance Licensing Branch also renews, inactivates, reinstates, and amends licenses; conducts background checks on all resident license applicants; processes voluntary surrender of a license; facilitates the Continuing Education (CE) Advisory Committee meetings to approve or reject CE providers and courses; and maintains a database of individual and business entity licenses and registration as well as the CE credits completed by producers.

During FY 2023-2024, the Insurance Licensing Branch issued 22,525 new licenses, reinstated 1,387 licenses, renewed 32,037 licenses, inactivated (voluntary surrendered) 974 licenses, non-renewed 19,710 licenses, created 75,683 new appointments, terminated 59,282 appointments, updated 41,073 contact changes, created 2,836 agent reviews, activated 12 CE providers, inactivated 1 CE provider, activated 337 CE courses (133 life and health insurance, 165 property and casualty insurance, 7 rules and ethics, 15 ethics/property and casualty, 12 ethics/life and health, 3 life/annuity, 2 life/annuity 2023), inactivated 19 CE courses (10 life and health, 3 property and casualty, 1 ethics/life-health, 2 life/annuity, 3 life/annuity 2023), and rejected 8 CE courses. Producers completed 15,227 CE courses. The licensing and CE fees totaling \$10,564,495 were deposited into the Compliance Resolution Fund.

The Insurance Licensing Branch transitioned to the State Based Systems (“SBS”) on November 15, 2022. SBS is an electronic system owned by the National Association of Insurance Commissioners (“NAIC”) which worked closely with National Insurance Producer Registry (“NIPR”) to make the licensing process more streamlined to be cost effective and uniform. This transition required, Hawaii licenses and registrations for new, renewal, late renewal, reinstatement, appointments, termination of appointments, addition of lines of authority, and address changes to be submitted online through NIPR. All CE providers and course approvals or renewals must be submitted online through SBS. The Licensing Branch has been working with NIPR to accept online submissions for name and DRLP changes and anticipates both online services will go live in late 2024 or 2025. The voluntary surrender of licenses will continue to be processed manually by the Insurance Licensing Branch until they are available for online submission through NIPR.

The Insurance Division website provides pertinent information and guidance to various online and licensing services for the public, applicants, and the licensees. The public, applicants, or licensees can search for insurance licenses, download forms, search for approved CE courses, check the balance of CE credits, and obtain instructions on how to apply for, renew, reinstate an insurance license or register on the Division website. All active licensees may also print their active insurance licenses online.

RATE AND POLICY ANALYSIS

The Rate and Policy Analysis Branch (RPA Branch) analyzes and approves or disapproves rate filings for property, casualty, motor vehicle, inland marine, surety, credit life and disability, long-term care, and Medicare supplement insurance. The RPA Branch also reviews policy form filings for workers' compensation, motor vehicle, credit life and disability, long-term care, Medicare supplement, temporary disability, and title insurance.

During FY 2023-2024, the RPA Branch reviewed approximately 3,521 filings. This figure represents a slight decrease in the volume of filings over the prior fiscal year.

RPA Branch utilizes the NAIC filing application known as System for Electronic Rate and Form Filing (SERFF), a state-of-the-art system for filing submittal, document management and review access. First introduced in 2001 to a modest number of participating insurers in Hawaii, by 2013, 100% of insurers were using SERFF which eliminated paper filings altogether. By 2019, Hawaii moved toward greater transparency for life and health filings by enabling SERFF Filing Access (SFA), an on-line portal through which the public may view SERFF filings. In 2020, property and casualty filings were also made available through SFA.

Act 104, Session Laws of Hawaii 2004, established article 30 of chapter 431, HRS, which permits Hawaii to join with other states to regulate designated insurance products through an interstate insurance product regulation compact now known as the Insurance Compact. The Commission for the Insurance Compact became effective May 2006 with 26 member states. Bylaws and operating procedures have been adopted with input by member states, as well as product standards for life, annuity, disability income and long-term care. All standards are audited every 5 years by Compact members. At the close of FY 2024, there are 48 compacting states including DC and Puerto Rico, over 250 filing companies and 117 product standards. The Compact approved 690 filings for Hawaii in FY 2024.

LONG-TERM CARE INSURANCE: Pursuant to Hawaii Revised Statutes Section 431:10H-217.5, insurers transacting long-term care insurance business on or after January 1, 2008, are required to comply with model disclosure standards and actuarial rate-making standards. The majority of insurers with rates and forms on file in Hawaii no longer actively sell stand-alone long-term care insurance, though they continue to service existing policyholders. Requests for premium increases for policies issued before 2008 continue to be large, but the current rate review process resulted in reducing those premium increases by approximately \$6.1 million. Combination products of life or annuity with a long-term care rider are available and are an alternative to traditional, stand-alone long-term care plans.

MEDICARE SUPPLEMENT INSURANCE: There are 13 insurers offering Medicare Supplement plans in Hawaii. The majority have added new plans as allowed by Medicare Access and CHIP Reauthorization Act of 2015 (MACRA), and many provide a wide selection of plans. Similar to the last fiscal year, modest increases in rates continued primarily due to inflation. Overall, the rates for this product remain stable.

MOTOR VEHICLE INSURANCE: The Insurance Division continued to ask insurers to take a long-term view to reduce volatility in the rates. Estimated savings as a result of rate review are \$2.3 million, significantly less than last year as carriers continue to need rate increases due to inflationary pressure that have not subsided. The Division expects that inflationary pressures will continue to exert upward pressure on future rates. RPA Branch issues and posts an annual Vehicle Premium Publication as a guide to consumers who take an interest in shopping for the best rate.

HOME OWNERS INSURANCE: The property insurance market across the country saw signs of weakening in FY 2023 particularly in states with areas prone to catastrophic perils, such as hurricanes, wildfires and earthquakes. Hawaii continues to experience availability in the personal line insurance products of Home owners, Renters and Condominium. The exception for availability continues to be within highest-risk Lava Zones 1 and 2 where Hawaii Property Insurance Association (HPIA) is essentially the insurer of last resort. The world-wide catastrophic events and high inflation continue to impact the availability of insurance and the rates remain high due to the significant cost of reinsurance.

The home owners rates saw higher than typical increase due to inflationary pressures. Another problem area that has not abated from last year is condominium insurance for unit owners and associations of buildings that are aging, have significant deferred maintenance costs, or are in disrepair. These characteristics present an increased risk of loss which puts upward pressure on rates. RPA Branch issues and posts an annual Home owners Premium Publication as a guide to consumers who take an interest in shopping for the best rate.

HURRICANE INSURANCE: Hawaii has seen a slight decrease in the total number of hurricane insurers in Hawaii though availability remains good for homeowners. The exception for availability is within the commercial property market specifically condo master policies. Many condo master policies are now written in the surplus market. In both personal and commercial hurricane products, we saw larger than typical increases. The concerns over climate change and a hard re-insurance market continue to exert upward pressure on hurricane insurance rates.

WORKERS' COMPENSATION: Hawaii is a state that provides among the strongest worker protections in the country. The workers' compensation line of insurance continues to reflect trends that are different from the rest of the nation. On September 28, 2023, revisions to the National Council on Compensation Insurance, Inc's Workers' compensation loss costs were approved with an overall decrease of 6.5% percent, to reflect projected experience and statutory benefits for January 1, 2024. This was a welcome result in an otherwise difficult year for insurance products but indications are that workers' compensation utilization will increase in the future.

OTHER PROPERTY & CASUALTY INSURANCE: Rate filing review in other property & casualty lines of insurance resulted in an estimated savings of \$1.7 million. Trending rate increases are in the areas of pet insurance, cyber insurance products and liability insurance products of all types. Cyber products are purchased to combat the ever-increasing threat of cyber-attacks which cause data breaches, ransomware demands and massive disruption to operations. Companies who apply for cyber insurance should be aware that underwriting is strict and the company must have adequate cyber security measures in place before the insurer will agree to insure the risk.

CAPTIVE INSURANCE

Established in 1998, the Captive Insurance Branch (Captive Branch) provides dedicated resources to assist the Insurance Commissioner in the enforcement of Article 19, Chapter 431 of the Hawaii Revised Statutes (HRS) and rules adopted pursuant to this article and related to captive insurance. The role of a captive insurance administrator is established within the insurance division and is solely responsible for assisting the Insurance Commissioner in monitoring, regulating, and developing captive insurance companies under Article 19.

Legislation was first enacted in 1986 to enable the formation of captive insurance companies in this State. Since then, Hawaii has established an exceptional reputation worldwide in this complex, innovative sector of the insurance and risk-financing industry. Furthermore, in the Pacific, Hawaii is considered to be the premier domicile for captive insurance companies. Hawaii is ranked fifth nationally and eighth worldwide based on the total number of active captive insurance company licenses.

However, as states seek to become home to new captive insurance companies, competition within the market grows as both the number of international captive domiciles increase and the number of states that have become captive domiciles rise (approximately thirty-five (35) states). Two notable trends have resulted from this: (a) new captive formations are distributed among more states and international jurisdictions; and (b) the market for companies capable of forming a captive insurance company is contracting because many mid-size to large companies already utilize a captive insurance company. In spite of this, the Captive Insurance Branch issued fourteen (14) new captive licenses in 2023 with six (6) captives closed through dissolution, mergers, or re-domestication. During the 2023 calendar year, total assets were approximately \$37.2 billion, combined total capital and surplus was approximately \$9.2 billion, and total gross written and assumed premiums were approximately \$17.7 billion combined.

Hawaii has met the current challenging environment with action by implementing responsive strategies such as a more efficient distribution of relevant information to prospective and current captive organizers who utilize internet and digital technology. The Captive Branch will continue to be prudent in its regulatory approach, while also participating in conversations to advance the national and international insurance standards. Furthermore, the Captive Branch will also review initiatives that provide potential opportunities for Hawaii's captive insurance industry.

Hawaii continues to attract captives from Fortune 500 companies in the United States and a growing number of Japan-based corporations that normally have few business contacts in the United States. These captive insurance companies add millions of dollars in investments held in Hawaii and managed by local Hawaii banks and financial institutions. As of December 31, 2023, total investments held in Hawaii was approximately \$2.16 billion. Hawaii's captive industry also supports many specialized local professional services from the sectors of public accounting, legal, claims administration, and other insurance-related services. The Captive Insurance Branch will continue to work with the public and private sectors by providing educational expertise and resources to support the long-term development and refinement of this niche business in Hawaii.

The following is an aggregated summary of information about Hawaii's captive insurance industry as of December 31, 2023 and 2022, respectively:

REPORT OF THE INSURANCE COMMISSIONER OF HAWAII

FINANCIAL SURVEILLANCE AND EXAMINATION

The Financial Surveillance and Examination Branch conducts financial analyses and examines Hawaii-domiciled insurance companies, agencies, health maintenance organizations, and mutual benefit societies, to confirm their financial condition, solvency and compliance with applicable laws and regulations. To safeguard consumer interests and maintain the integrity of the insurance industry, the Financial Surveillance and Examination Branch also:

- Licenses more than 1,400 domestic, foreign and alien insurers.
- Processes and collects more than \$211 million in Premium tax and Surplus Lines tax on behalf of the General Fund and Workers' Compensation levies on behalf of the Department of Labor & Industrial Relations.
- Processes and administers the Qualified High Technology Business Investment Tax Credits and Low Income Housing Tax Credits claimed against Insurance Premium taxes.
- Authorizes and monitors accredited and trustee reinsurers.
- Registers purchasing groups and foreign risk retention groups.
- Regulates self-insurers.
- Maintains security deposits.
- Monitors market share and competitive standards of mergers and acquisitions.

The Insurance Division is subject to periodic review by the NAIC Financial Regulation Standards and Accreditation Program (FRSAP) which requires state insurance departments to regulate domestic insurers' corporate and financial affairs. The Financial Surveillance and Examination Branch introduces legislation and administrative rules to ensure that the Insurance Division has adequate statutory and administrative authority, and the resources necessary to satisfy its regulatory obligation. An independent FRSAP review team conducts a comprehensive review of all accredited state insurance departments at least once every five years to ensure their compliance with NAIC standards. First accredited by the NAIC FRSAP in 1996, the Insurance Division has been re-accredited in 2001, 2006, 2011, 2016 and 2021.
