**Intended Purpose:**

This trust fund was established for the Commission to use as a pass through for court-ordered restitution and court fees from inmates and parolees when the Restitution Recovery Project began in 2003. Any funds deposited into this account are paid pursuant to court order to a victim, agency or other entity who suffered financial loss as the result of a crime. Any funds in this account are dedicated and directed for payment to a specified person, entity or agency by the courts. It would violate court orders to transfer these funds to the general fund.

**Source of Revenues:**

Restitution and court fees collected from inmates and parolees pursuant to court orders.

**Current Program Activities/Allowable Expenses:**

Court-ordered restitution and court fees collected from inmates and parolees are disbursed to a crime victim, agency or other entity who suffered financial loss as the result of a crime as directed by the court order.

**Variances:**

The Commission generally has a cash balance on hand because as new cases come in, the Commission has to ensure it has the correct mailing address for the named victim of the court order before distributing any payments. Additionally, the Commission audits all new cases including contacting the Judiciary about potential prior payments, looking into co-defendants who may have made prior payments and ensuring that the correct information is collected for each victim. The Commission annually escheats funds, as required by statute, for victims for whom funds have been collected but the Commission has been unable to locate a current address. It is not unusual for victims to move and not provide the Commission with their new address. The Commission does not control the amount paid by inmates and parolees toward their restitution and/or court fees, and therefore has no control over the amount of revenue collected.
