
A BILL FOR AN ACT

RELATING TO STATE WATER CODE PENALTIES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that in 1987, the state
2 water code was adopted to protect the precious water resources
3 of the State. To better enable the department of land and
4 natural resources and commission on water resource management to
5 carry out that mission, the legislature further finds that the
6 water code's penalties and fines must be amended and increased
7 to serve as an effective deterrence to violators.

8 The legislature further finds that increasing potential
9 fines for water code violations will also:

- 10 (1) Help to preserve water resources by ensuring the
11 sustainable management and conservation of limited
12 water resources for future generations, particularly
13 in areas facing over-extraction or misuse;
- 14 (2) Protect the ecosystems by safeguarding wetlands,
15 rivers, and aquifers that depend on healthy water
16 systems to maintain biodiversity and environmental
17 balance;

- 1 (3) Promote public health and safety by preventing
2 contamination of drinking water supplies and reducing
3 health risks associated with waterborne diseases and
4 pollutants;
- 5 (4) Promote climate change resilience by regulating water
6 usage and protecting vulnerable water sources to
7 address challenges posed by prolonged droughts,
8 erratic rainfall, and rising sea levels;
- 9 (5) Promote economic stability by helping to avoid
10 economic losses in agriculture, tourism, and other
11 industries that rely heavily on consistent and clean
12 water supplies;
- 13 (6) Promote enforcement of equity and justice to ensure
14 fair access to water resources for all, including
15 marginalized communities that may be
16 disproportionately affected by water scarcity or poor
17 water management;
- 18 (7) Increase accountability for violations to deter
19 illegal activities such as unauthorized diversions,
20 pollution, or overuse of water resources by imposing
21 stricter penalties and fines; and

1 (8) Increase compliance with federal and state mandates to
 2 meet legal obligations under federal or state
 3 environmental protection laws, ensuring alignment with
 4 broader water management and conservation goals.

5 The purpose of this Act is to:

6 (1) Ensure that all violators of the state water code are
 7 held accountable for their violations by adding a
 8 minimum penalty and amending the maximum penalty, with
 9 scheduled incremental increases, per violation of the
 10 state water code and clarifying what constitutes a
 11 separate offense; and

12 (2) Require the commission on water resource management to
 13 consider certain factors when imposing penalties.

14 SECTION 2. Section 174C-15, Hawaii Revised Statutes, is
 15 amended to read as follows:

16 "**§174C-15 Penalties and common law remedies.** (a) The

16 invalid provision or application, and to this end the provisions
17 of this Act are severable.
