# A BILL FOR AN ACT

RELATING TO STUDENT TRANSPORTATION.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that school bus service  
2 provided by the department of education is essential for getting  
3 students to and from school, particularly for students who lack  
4 other transportation options or face hardship in obtaining  
5 school transportation services due to economic difficulty.

6 However, chronic bus driver shortages have led to the  
7 cancellation or consolidation of many school bus routes,  
8 reducing transportation options for families across the State.

9           The legislature additionally finds that at the beginning of  
10 the 2024-2025 school year, the department of education reported  
11 that among six bus service contractors statewide, an estimated  
12 eighty-seven additional drivers were needed to fully staff  
13 school bus routes. The department also noted that over the last  
14 school year, one hundred seventy-five school bus drivers have  
15 vacated their positions.

16           The legislature further finds that in August 2024, the  
17 department of education announced plans to temporarily suspend

1 one hundred eight bus routes serving middle and high school  
2 students in central Oahu and students of all grade levels on the  
3 east side of the island of Hawaii. The announcement marked the  
4 third year in a row that the department has canceled bus  
5 services at the start of the school year.

6 The legislature also finds that a lack of adequate school  
7 bus transportation service exacerbates chronic absenteeism and  
8 undermines student achievement, especially in rural, remote, and  
9 socioeconomically disadvantaged school communities.

10 Accordingly, the purpose of this Act is to establish and  
11 appropriate funds for student transportation coordinators for  
12 each county to strengthen student transportation services across  
13 the State.

14 SECTION 2. There is appropriated out of the general  
15 revenues of the State of Hawaii the sum of \$400,000 or so much  
16 thereof as may be necessary for fiscal year 2025-2026 and the  
17 same sum or so much thereof as may be necessary for fiscal year  
18 2026-2027 for four full-time equivalent (4.0 FTE) permanent  
19 student transportation coordinator positions to strengthen  
20 student transportation services across the State; provided that  
21 each county shall have one student transportation coordinator.

# H.B. NO. 683

1           The sums appropriated shall be expended by the department  
2 of education for the purposes of this Act.

3           SECTION 3. This Act shall take effect on July 1, 2025.
