
A BILL FOR AN ACT

RELATING TO HOUSING.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that Hawaii is in the
2 midst of a crisis as a substantial number of residents are
3 unable to secure attainable housing to rent or to own. The
4 exorbitant cost of real estate renders homeownership
5 unattainable for many local families, with the average price of
6 a home in Hawaii surpassing \$800,000, an amount considerably
7 beyond the financial reach of most local working residents.

8 The legislature further finds that Hawaii has been
9 struggling with outmigration as local working residents are
10 compelled to leave the islands in search of more affordable
11 living situations. The department of business, tourism, and
12 economic development reported that, on average, between July 1,
13 2022, and July 1, 2023, an average of twelve people departed
14 from Hawaii each day. As a result, for the first time in
15 history, a greater number of Native Hawaiians reside outside of
16 Hawaii than in it. This exodus signifies a loss not only of
17 population but also of cultural heritage.

1 A recent study of nearly fifteen hundred local working
2 residents conducted by Holomua Collective found that seventy per
3 cent of respondents plan to leave or are considering leaving
4 Hawaii as they cannot afford to live here. Nearly half of that
5 seventy per cent plan to move within the next five years.

6 The legislature also finds that another crucial aspect of
7 Hawaii's housing crisis is the shortage of attainable housing
8 for essential workers like teachers, police officers, health
9 care providers, and others who serve the community. With
10 limited attainable housing options and high building costs, it is
11 becoming increasingly difficult to find suitable places for
12 these workers to live, driving crucial workers to relocate to
13 the continent.

14 The legislature additionally finds that like Hawaii, the
15 town of Vail, Colorado has a tourism-based economy in which
16 local working residents struggle to find attainable housing in
17 part due to the large percentage of vacant homes owned by non-
18 residents. In 2018, in an attempt to provide for local
19 workforce housing and invest in the future of its town, the town
20 of Vail implemented "Vail InDEED", a voluntary program that
21 allowed the town to buy and place deed restrictions in

1 perpetuity on local homes from willing buyers that limited
2 occupancy to owner-occupants or resident tenants that live and
3 work in the town of Vail. Since 2018, the program has resulted
4 in the establishment of over one thousand deed restricted
5 residences for local working residents, helped provide more
6 attainable housing options for local working residents, and
7 created a culture in which Vail residents want to live in and
8 support the deed restricted residences.

9 The legislature believes Hawaii can learn from the town of
10 Vail, and that a program similar to Vail InDEED could develop a
11 stock of homes in Hawaii that are dedicated to locals. This
12 program could be effective in helping local families buy homes
13 by bringing together the needs of employers, workers, and the
14 community. Additionally, this program would not only aid people
15 in securing housing but would also contribute to the
16 preservation of Hawaii's distinctive culture by ensuring that
17 local families remain in the State.

18 Accordingly, the purpose of this Act is to establish and
19 fund the kamaaina homes program as an investment in the future
20 of Hawaii and keep local working families in the State by
21 securing a dedicated housing supply specifically for locals.

1 SECTION 2. Chapter 201H, Hawaii Revised Statutes, is
2 amended by adding a new subpart to part III to be appropriately
3 designated and to read as follows:
