
A BILL FOR AN ACT

RELATING TO TRANSPORTATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that roadway safety is
2 the top transportation priority. Pedestrians, bicyclists, and
3 other vulnerable roadway users are disproportionately impacted
4 by traffic fatalities and injuries, which are on the rise.
5 Between the 2009 to 2013 and the 2014 to 2018 five-year time
6 periods, pedestrian fatalities across the State rose by
7 twenty-six per cent. Decades of automobile-centric planning and
8 development have created formidable mobility barriers, including
9 the lack of safe and accessible bicycle and pedestrian
10 infrastructure. Under *Navahine v. Hawai'i Department of*
11 *Transportation*, CIVIL NO. 1CCV-22-0000631 (Hawaii Cir. Ct.), the
12 State has committed to completing its multimodal, bike and
13 pedestrian network within the next five years.

14 The legislature further finds that a disproportionately
15 high number of pedestrian injuries and deaths occur at
16 crosswalks and intersections. One solution proven to help

1 reduce these tragedies is to allow pedestrians and motorists
2 greater visibility as they enter and drive through crosswalks.

3 The legislature finds that illegal parking near crosswalks
4 and intersections creates dangerous conditions for pedestrians,
5 particularly children walking to school. To ensure that fines
6 from these violations are used to improve pedestrian safety,
7 these revenues should be deposited into the safe routes to
8 school program special fund to fund infrastructure improvements
9 that promote public safety.

10 Therefore, the purpose of this Act is to:

- 11 (1) Prohibit street parking within twenty feet on each
12 side of any crosswalk or intersection, regardless of
13 the presence or absence of official signs or curb
14 markings;
- 15 (2) Require fines collected for street parking
16 restrictions to be deposited into the safe routes to
17 school program special fund; and
- 18 (3) Specify that signs or curb markings are not required
19 to restrict parking within twenty feet of a crosswalk
20 or intersection.

1 SECTION 2. Chapter 291C, Hawaii Revised Statutes, is
2 amended by adding a new section to be appropriately designated
3 and to read as follows:

4 "§291C- Street parking restrictions. (a) No vehicle
5 shall be parked abutting the curb or edge of a vehicle travel
6 way within twenty feet of a crosswalk or intersection,
7 regardless of the presence or absence of official signs or curb
8 markings; provided that any vehicle may be parked within the
9 designated buffer zone if the vehicle is:

- 10 (1) An authorized emergency vehicle performing the
11 functions under section 291C-26;
12 (2) An official federal, state, or county vehicle in the
13 performance of its duty;
14 (3) A stalled or broken vehicle;
15 (4) Assisting a stalled or broken vehicle;
16 (5) Yielding to an authorized emergency vehicle pursuant
17 to section 291C-65; or
18 (6) Otherwise authorized by law.

19 (b) Any person who violates this section shall be subject
20 to a fine of not more than \$50 for each violation. Each day a
21 violation occurs shall constitute a separate offense.

1 (c) All fines collected pursuant to this section shall be
2 deposited into the safe routes to school program special fund
3 established under section 291C-4."

4 SECTION 3. Section 291C-4, Hawaii Revised Statutes, is
5 amended to read as follows:

6 "**§291C-4 Safe routes to school program special fund;**
7 **establishment.** There [~~is~~] shall be established in the state
8 treasury the safe routes to school program special fund, into
9 which shall be deposited:

10 (1) Assessments collected for speeding in a school zone,
11 pursuant to section 291C-104; [~~and~~]

12 (2) Safe routes to school program surcharges collected in
13 accordance with sections 291-16 and 291C-5[~~-~~]; and

14 (3) Fines collected for street parking restrictions
15 pursuant to section 291C- ."

16 SECTION 4. Section 291C-111, Hawaii Revised Statutes, is
17 amended by amending subsection (b) to read as follows:

18 "(b) The director of transportation, the counties, and
19 owners of private highways, with the consent of the county
20 official responsible for traffic control with respect to
21 highways under their respective jurisdictions, shall place signs

1 or curb markings that are clearly visible to an ordinarily
2 observant person prohibiting or restricting the stopping,
3 standing, or parking of vehicles on the highway[~~—Such~~];
4 provided that any sign or curb marking shall not be required to
5 restrict parking within twenty feet of a crosswalk or
6 intersection in accordance with section 291C- . The signs or
7 curb markings shall be official signs and markings, and no
8 person shall stop, stand, or park any vehicle in violation of
9 the restrictions stated on [~~such~~] the signs or markings[~~—~~]
10 except as otherwise provided by law."

11 SECTION 5. This Act does not affect rights and duties that
12 matured, penalties that were incurred, and proceedings that were
13 begun before its effective date.

14 SECTION 6. Statutory material to be repealed is bracketed
15 and stricken. New statutory material is underscored.

16 SECTION 7. This Act shall take effect on January 1, 2026.

Report Title:

DOT; Street Parking; Restrictions; Pedestrian Safety;
Exemptions; Fines; Safe Routes to School Program Special Fund

Description:

Prohibits any vehicle from parking within certain distances of crosswalks and intersections, regardless of the presence or absence of official signs or curb markings, with certain exemptions. Deposits fines collected from street parking restrictions into the Safe Routes to School Program Special Fund. Takes effect 1/1/2026. (CD1)
