# A BILL FOR AN ACT

RELATING TO FIREARMS.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that Hawai'i has some of  
2 the strongest gun safety laws in the nation, and in 2023 Hawai'i  
3 received an A-minus rating from the Giffords Law Center to  
4 Prevent Gun Violence. Additionally, Hawai'i had the lowest  
5 number of gun deaths per capita among the states in 2020,  
6 according to the Centers for Disease Control and Prevention.  
7 The legislature is committed to protecting the safety and well-  
8 being of its citizens. The fact that Hawai'i still allows any  
9 firearm or rifle with the capacity to fire ammunition of fifty  
10 caliber or higher is inconsistent with this commitment.

11           The purpose of this Act is to prohibit any firearm or rifle  
12 with the capacity to fire ammunition of fifty caliber or higher.

13           SECTION 2. Section 134-8, Hawaii Revised Statutes, is  
14 amended by amending subsection (a) to read as follows:

15           "(a) The manufacture, possession, sale, barter, trade,  
16 gift, transfer, or acquisition of any of the following is  
17 prohibited: assault pistols, except as provided by section

1 134-4(e); automatic firearms; rifles with barrel lengths less  
2 than sixteen inches; shotguns with barrel lengths less than  
3 eighteen inches; any firearm or rifle with the capacity to fire  
4 ammunition of fifty caliber or higher; cannons; mufflers,  
5 silencers, or devices for deadening or muffling the sound of  
6 discharged firearms; hand grenades, dynamite, blasting caps,  
7 bombs, or bombshells, or other explosives; or any type of  
8 ammunition or any projectile component thereof coated with  
9 [~~teflon~~] Teflon or any other similar coating designed primarily  
10 to enhance its capability to penetrate metal or pierce  
11 protective armor; and any type of ammunition or any projectile  
12 component thereof designed or intended to explode or segment  
13 upon impact with its target.

14 For purposes of this subsection:

15 "Firearm or rifle with the capacity to fire ammunition of  
16 fifty caliber or higher" does not include antique pistols,  
17 antique revolvers, or muzzleloaders.

18 "Muzzleloaders" means any rifle, pistol, or shotgun that  
19 loads from the muzzle, or the open end of a weapon, from which  
20 the ammunition is discharged."
