GOVERNOR

MAKALAPUA ALENCASTRE, ED. D
CHAIRPERSON

STATE OF HAWAII
STATE PUBLIC CHARTER SCHOOL COMMISSION
('AHA KULA HO'ĀMANA)

<http://CharterCommission.Hawaii.Gov>
1111 Bishop Street, Suite 516, Honolulu, Hawaii 96813
Tel: (808) 586-3775 Fax: (808) 586-3776

DATE: January 14, 2025

TO: Donovan Dela Cruz, Chair
Senate Committee on Ways and Means

FROM: Ed H. Noh, Ed. D; Executive Director
State Public Charter School Commission

SUBJECT: EDN 600 and EDN 612 Fiscal Biennium FY2025-2027 Budget Briefing Testimony

Chair Dela Cruz, Vice-Chair Moriwaki, and members of the Committee:

The State Public Charter School Commission ("Commission") appreciates this opportunity to submit this testimony on its proposed budget for the fiscal biennium FY 2025-2027 for EDN 600 and EDN612. Section 1 of this testimony will focus on EDN 600-Charter Schools and Section 2 will cover EDN 612-Charter Schools Commission and Administration. As the sole authorizer of charter schools in the state, the Commission oversees the executive budgetary process for itself (program ID- EDN 612), and for all 38 operating public charter schools (program ID- EDN 600).

We appreciate your continuing support of Hawai'i's 38 public charter schools and over 13,000 students.

SECTION 1- EDN 600: CHARTER SCHOOLS

OVERVIEW

A. Mission Statement

Charter schools provide parents and students within the State of Hawaii an alternative to the traditional public school experience. Charter schools, while subject to the same State accountability requirements as all other public schools, serve as incubators of innovative approaches to educational, governance, financing, administration, curricula, technology, and teaching strategies.

38 public charter schools currently operate in the State of Hawaii: Kauai (5), Maui (1), Molokai (1), Hawaii (14) and Oahu (17). The newest charter school, Kulia Academy in Kalihi on the island of Oahu, opened in August 2024 with a focus on computer science and artificial intelligence.

Public charter school enrollment for the 2024-2025 fiscal year is **13,054 students**, which represents an increase of 3% from the previous year's enrollment of 12,657 (397 students). These enrollment numbers are based on the October 15th enrollment count which determines per pupil charter school funding.

Strategic Objectives, Goals, and Performance Metrics

All public charter schools operate on individualized charter contracts that establish Academic, Organizational, and Financial Performance expectations, with the understanding that failure to meet those expectations and/or performance measures, may result in non-renewal of the charter contract and school closure.

As a part of current charter contract (Contract 4.0), all charter schools are required to articulate their practice around measuring their charter school's alignment to their school mission. All charter schools on contract 4.0 have designed and implemented mission aligned measures and report to the Commission annually on their progress. This ensures that charter schools are meeting the needs of their communities through their unique charter approved missions as stated in their contract.

In addition, the Commission has implemented performance measurements for the first time for both itself and charter schools. In this first year, the Commission has found that some of these performance measures for EDN 600 and EDN 612 will need adjustment due to restrictions with data collection and disaggregation of data; specifically some performance measurement data is reported on a charter system level rather than on an individual school level.

B. Current Statewide Conditions

Overall for 2023-24, there was a 9% increase for charter schools who met/exceeded proficiency in all three areas tested (ELA, Math, and Science) on the Smarter Balanced Assessment (SBA). In 2022-2023, 14% of all charter schools met/exceeded proficiency in all

three areas, whereas almost a quarter of all schools met/exceeded proficiency in 2023-2024. Another 20% met/exceeded in two out of the three subject areas.

Specifically in ELA, the percent of charter students demonstrating proficiency was 47% compared to 52% of HIDOE students. In Math, charter students were at 32% compared to 40% of HIDOE students. And Science proficiency was 36% for charters students compared to 41% for HIDOE students. There were also healthy signs of improvement as several schools were in the approaching proficiency category for all subject areas. Ultimately, ELA and Science proficiency was static, while there was a slight increase in Math from the previous years.

Specific and individual school performance data for the 37 charter schools on these measures can be found in the Commission’s annual report available [here](#).

C. Federal Funds

In Hawai‘i, the Department of Education (DOE) serves as both the State Educational Agency (SEA) and the Local Educational Agency (LEA) and is the sole recipient of most federal educational funding in the state. Public charter schools receive federal funding from the DOE for the major federal education programs such as Title I, Part A; Title II, Part A; Title III; and IDEA, Part B. This past fiscal year, approximately **\$30.4 million** was distributed to public charter schools for federally funded educational programs. The Schedule of Expenditures of Federal Awards (SEFA) from the Commission’s Annual Audit for FY 2023-2024 can be found in the Commission’s annual report [here](#) (SEFA is on page 598 of the PDF document).

At this time, there are no programs that are at risk of losing federal funds; provided that the federal government will continue its support of the public school system.

D. Non-general Funds

EDN 600 (Charter Schools) does not have any non-general funds to report.

E. Budget Requests

	FY2025-2026	FY2026-2027
General Funds	\$159,236,326	\$160,792,866
Federal Funds	\$5,042,000	\$5,042,000
Other Means of Financing	\$0	\$0
Total Program Cost	\$164,278,326	\$165,834,866

The chart above provides the biennium allocations for EDN 600 (Charter Schools) as provided in the proposed executive budget for fiscal years 2026 and 2027.

For the upcoming biennium, FY 2025-2027, the following requests have been proposed in the Executive Budget:

- **Teacher Differential Funding**
 - Transfer of General Funds: **(\$2,000,000)** for FY2026 & FY2027
Purpose of request: To transfer reoccurring, budgeted funds allocated for the payment of charter school teacher differentials between Program ID EDN 600 (Charter Schools) to EDN 612 (Charter School Commission and Administration).

- Per Pupil Adjustment Placeholder
 - Increase in general (Per Pupil) funding: **(\$9,935,491)** for FY2026 & **(\$9,872,364)**
Purpose of request: Statutory adjustment made to equalize per-pupil funding due to proposed adjustments to major DOE program IDs (EDN 100, EDN 200, EDN 300, and EDN 400).

Funding for public charter schools are determined by the operating appropriation to the Hawai'i Department of Education (DOE) program IDs (EDN 100, EDN 200, EDN 300, and EDN 400) and the schools' pro rata enrollment compared to the total public education enrollment.

F. Budget Adjustments

The budget adjustments/requests provided in the Executive Biennium budget result from the adjustments/additions to the DOE budget, pursuant to the charter school funding methodology provided in §302D-28, HRS.

Approval of these requests would result in an increase to the charter school per pupil amount, which is a lump sum funding allocation that is determined by individual charter school student enrollment.

SECTION 2- EDN 612: CHARTER SCHOOL COMMISSION AND ADMINISTRATION

OVERVIEW

A. Mission Statement

The statutory mission of the Commission is “to authorize high-quality public charter schools throughout the State.” (HRS 302D-3(b)). The Commission’s strategic vision for the chartering of these high-quality schools is that they provide excellent and diverse educational options for Hawai'i’s families, prepare our students for future academic or career success, and contribute meaningfully to the continued improvement of Hawai'i’s public education system as a whole.

Section 302D-3, HRS, establishes the Commission as an agency administratively attached to the Department of Education (DOE) that is empowered with statewide chartering jurisdiction and authority. As the charter school authorizer, the Commission:

1. Serves as the point of contact between the DOE and public charter schools;

2. Ensures the compliance of public charter schools with all applicable state and federal laws;
3. Serves as the pass-through for the distribution of federal funds provided to the DOE and allocated to public charter schools; and
4. Serves as the pass-through for the distribution of per-pupil funding received from the State and allocated to public charter schools.

Strategic Objectives, Goals, and Performance Metrics

This past year, the Commission implemented Budgetary Measures of Effectiveness for both itself and charter schools. These measures were developed to align with and complement the revisions to the Commission's strategic plan that has taken place over the past few years. In this first year, the Commission has found that some of these performance measures for EDN 600 and EDN 612 will need adjustment due to restrictions with data collection and disaggregation.

B. Current Statewide Conditions

The Commission continues to work on numerous issues and projects, acting in its authorizing, oversight, administrative, and advocacy role for the chartering system in Hawai'i.

Hawai'i public charter schools continue to face challenges. These challenges, in some cases, hinder Hawai'i charter schools from reaching their full potential. Three main areas of challenge that could be addressed are: funding, Hawai'i's charter school statute (HRS 302D), and how charter schools fit within the broader landscape of Hawai'i's public education system.

Addressing these three may pave the way for Hawai'i's charter schools to continue to improve toward reaching high quality.

C. Federal Funds

For the 2023-2024 fiscal year, the Commission received and administered approximately **\$31.1 million** in federal educational funds. This amount was significantly high than past years due to the distribution of American Rescue Plan Act of 2021: Elementary and Secondary School Emergency Relief Fund (ESSER III) that was provided to charter schools. Of those total federal funds, the Commission expended **\$686,456** or approximately two percent, of the funds received. The Schedule of Expenditures of Federal Awards (SEFA) from the Commission's Annual Audit for FY2023-2024 can be found in the Commission's annual report [here](#) (SEFA is on page 598 of the PDF document).

The Commission receives federal funding through the DOE for the major federal education programs such as Title I, Part A; Title II, Part A; Title III; and IDEA, Part B. These funds, specifically Title I funds, are used to provide direct support to schools identified for comprehensive support and improvement (CSI) and targeted support and achievement (TSI). This past fiscal year, the Commission continued programs intended to assist in academic growth and achievement, including the alignment of mission and vision in curriculum and instructional methodology.

At this time, there are no programs that are at risk of losing federal funds; provided that the federal government will continue its support of the public school system.

D. Non-general Funds

EDN 612 (Charter School Commission and Administration) does not have any non-general funds to report.

E. Budget Requests

	FY2025-2026	FY2026-2027
General Funds	\$16,069,269	\$16,079,269
Federal Funds	\$1,800,000	\$1,800,000
Other Means of Financing	\$0	\$0
Total Program Cost	\$17,869,269	\$17,879,269

The general funding allocations for EDN 612 in the executive biennium budget request contains two distinct components- the operating funds for the Commission and the operating funds for the Early Education Learning program in charter schools.

The executive biennium budget provides **\$9,130,000** in general funds for the Early Education Learning program in charter schools for both years of the biennium. This funding in FY25 allows for the operation of 48 Pre-kindergarten classrooms.

Also included in the funding of the Commission is **\$1,510,610** in general funds for the Hawaii Keiki program which will provide health and tele-health services to charter schools.

For the upcoming biennium, FY 2025-2027, the following requests have been proposed in the Executive Budget:

- **Teacher Differential Funding**
 - Increase in general funding: **(\$465,000)** for FY2026 & FY2027
Purpose of request: To cover the actual costs of teacher differentials for eligible charter school teachers in Hard-to-Staff geographic areas and in Hawaiian Immersion schools.
 - Transfer of General Funds: **(\$2,000,000)** for FY2026 & FY2027
Purpose of request: To transfer reoccurring, budgeted funds allocated for the payment of charter school teacher differentials between Program ID EDN 600 (Charter Schools) to EDN 612 (Charter School Commission and Administration).

- Hawaii Keiki: Ready to Learn Expansion
 - Increase in general funding: **(\$1,050,000)** for FY2026 & FY2027
Purpose of request: To provide additional funding for the Hawaii Keiki: Ready to Learn program in order to expand the program from ten charter schools to sixteen

charter schools. The ten charter schools currently served are on four islands- Hawaii Island, Kauai, Molokai, and Oahu.

F. Budget Adjustments

There are no proposed budget adjustments for EDN 612, the Charter School Commission, for fiscal years 2025-2027.

Department of Education- Charter Schools
Functions

Table 1

Division	Description of Function	Activities	Prog ID(s)	Dept-Wide	Statutory Reference
				Priority	
DOE-Charter Schools					
Function 1	Implement alternative frameworks with regard to curriculum, facilities management, instructional approach, virtual education, length of school day, week, or year, and personnel management	Operation and administration of public charter schools	EDN 600	N/A	HRS302D-1
DOE-SPCSC					
Function 1	Continually monitor the performance and legal compliance of the public charter schools.	Monitor, in accordance with charter contract terms, the performance and legal compliance of public charter schools; determine whether each charter contract merits renewal, nonrenewal, or revocation.			
		Annually publish and provide, as part of its annual report to the Board of Education and the Legislature, a performance report for each public charter school it oversees.			
Function 2	Authorize high-quality public charter schools throughout the state.	Solicit and evaluate charter applications; approve quality charter applications and decline weak or inadequate applications; and negotiate and execute sound charter contracts with each approved charter applicant and with existing public charter schools.	EDN 612	N/A	HRS 302D-3(b); HRS 302D-5
		Act as a point of contact between the department and a public charter school it authorizes; ensure compliance of a public charter school it authorizes with all applicable state and federal laws, including reporting requirements; receive and distribute applicable federal funds from the department to the public charter school; and receive and distribute per-pupil funding from the department of budget and finance to the public charter school it authorizes.	EDN 612	N/A	HRS 302D-3(b); HRS 302D-5
