Aloha Chair and members

We speak in support of this resolution for our South Maui district. This "complete street" for all modes of transportation was proposed in the 1990's across our district, but in all these decades only a few short disjointed segments have been constructed. Meanwhile all manner of development was constructed, leaving our community congested. Any and all actions to relieve this situation can help. Please support this measure.

Comments:

i support this long overdue project in Kihei. We are one big storm away from being cut off from the rest of the Island.
