Mission & Vision

- Our mission is to protect and promote the physical, psychological, and environment health of the people of Hawai'i through assessment, policy development, and assurance.
- Our vision is that all Hawai'i residents have a fair and just opportunity to achieve optimal health and well-being.

THE 10 ESSENTIAL PUBLIC HEALTH SERVICES

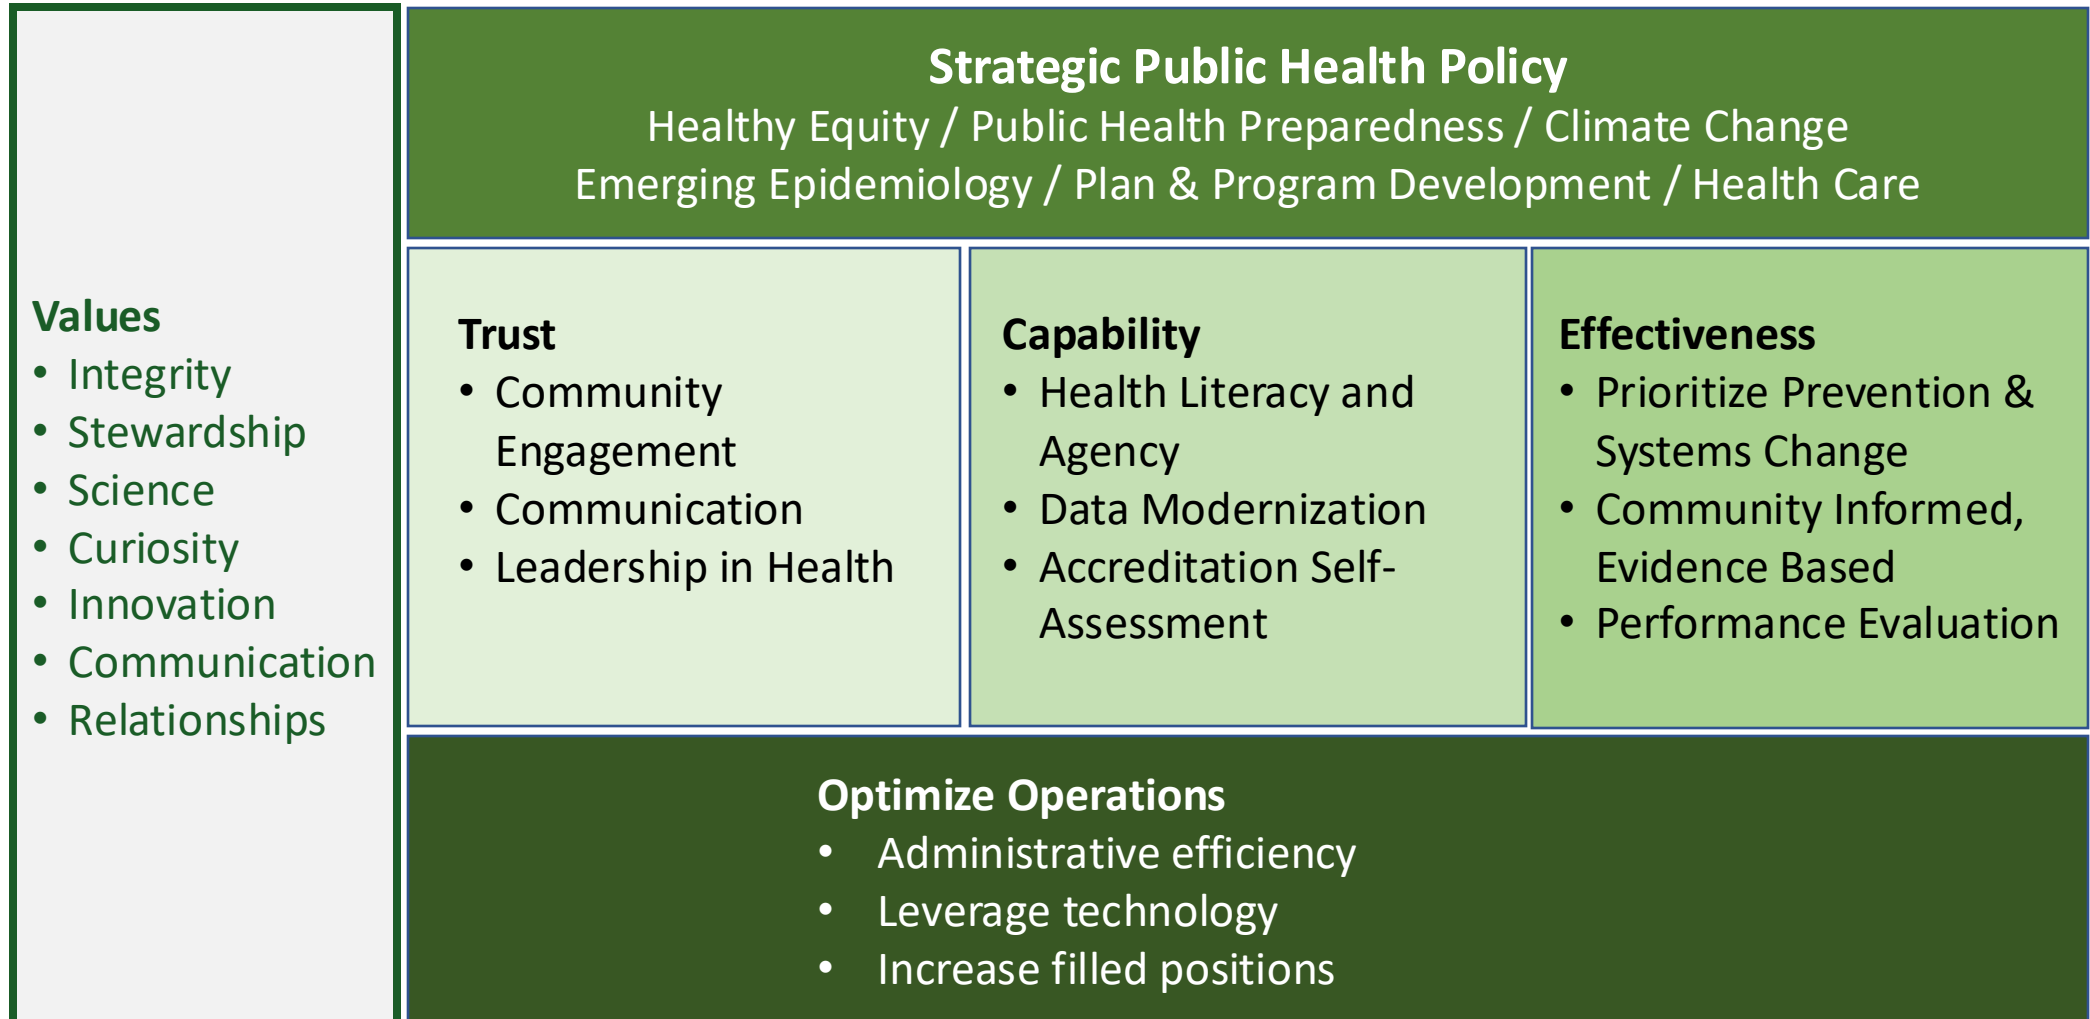

To protect and promote the health of all people in all communities

The 10 Essential Public Health Services provide a framework for public health to protect and promote the health of all people in all communities. To achieve optimal health for all, the Essential Public Health Services actively promote policies, systems, and services that enable good health and seek to remove obstacles and systemic and structural barriers, such as poverty, racism, gender discrimination, and other forms of oppression, that have resulted in health inequities. Everyone should have a fair and just opportunity to achieve good health and well-being.

Strategic Framework

Optimizing Operations

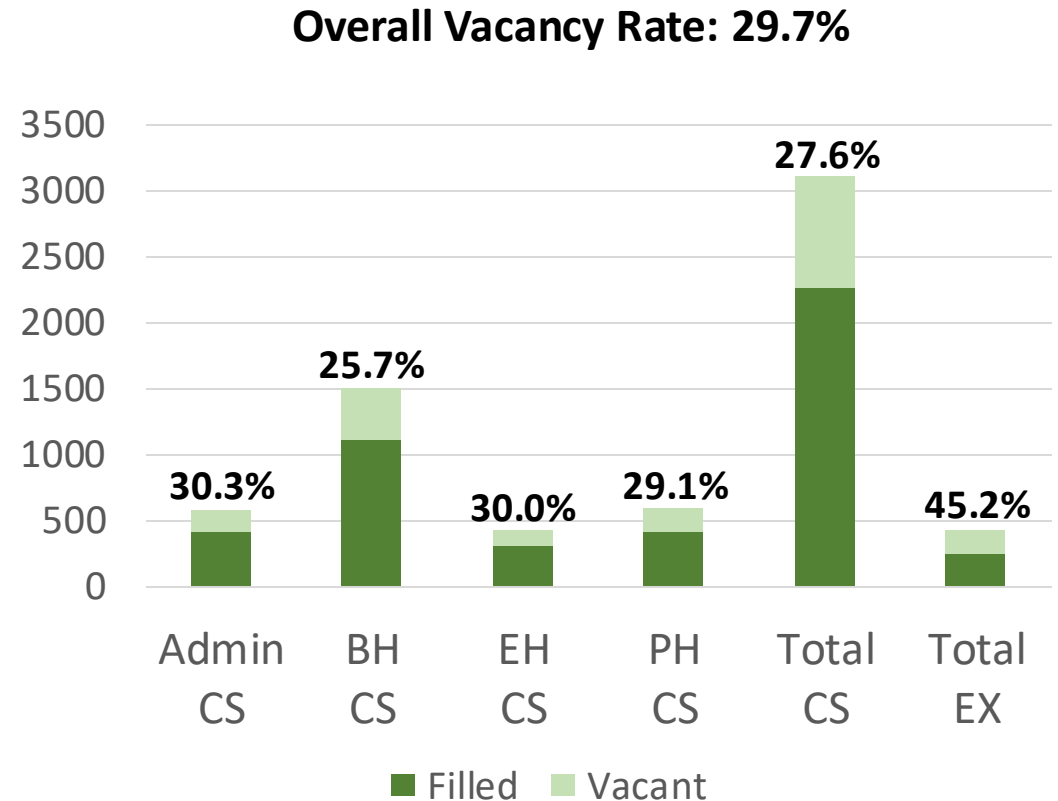

- Administrative efficiency
 - Held an Administrative Summit to train 258 DOH management and administrative attendees on revised policies and procedures
 - Converted from paper to electronic forms and moved approvals from wet-ink signatures to e-sign
 - Consolidated: review and tracking of out-of-state travel requests; UIPA requests; Sunshine Law, HIPAA, and ADA compliance; and administrative hearings and investigations to a single office responsible for compliance across the department
 - Simplified delegated reorganizations to shorten the time it takes to complete
- Leveraging technology
 - Improving payment processing with online tracking of payment requests and automation of electronic pCard audit submissions
 - Developing HR portal to go live in February 2026
 - Environmental Health training/development platform
 - Chatbot

Increasing filled positions: Recruitment

HIRE Pilot

- 38 candidates hired
- Avg 95 days from posting to start
- 3 found not qualified
- 21 recruitments with no selection

Increasing filled positions: Retention

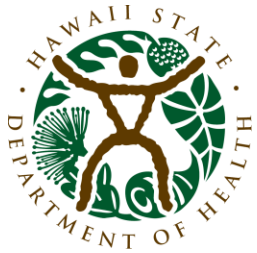

- Held the first ever branch chief summit with 71 attendees
- Established a multi-seminar onboarding program for new employees
- Began a regular schedule of monthly “Lunch and Learn” videoconference meetings on public health, administrative, and personal enrichment topics
 - Public health 101, promoting literacy for keiki
 - Recruitment, PAS, travel, and fiscal federal reporting requirements
 - Government service, mental and physical wellness

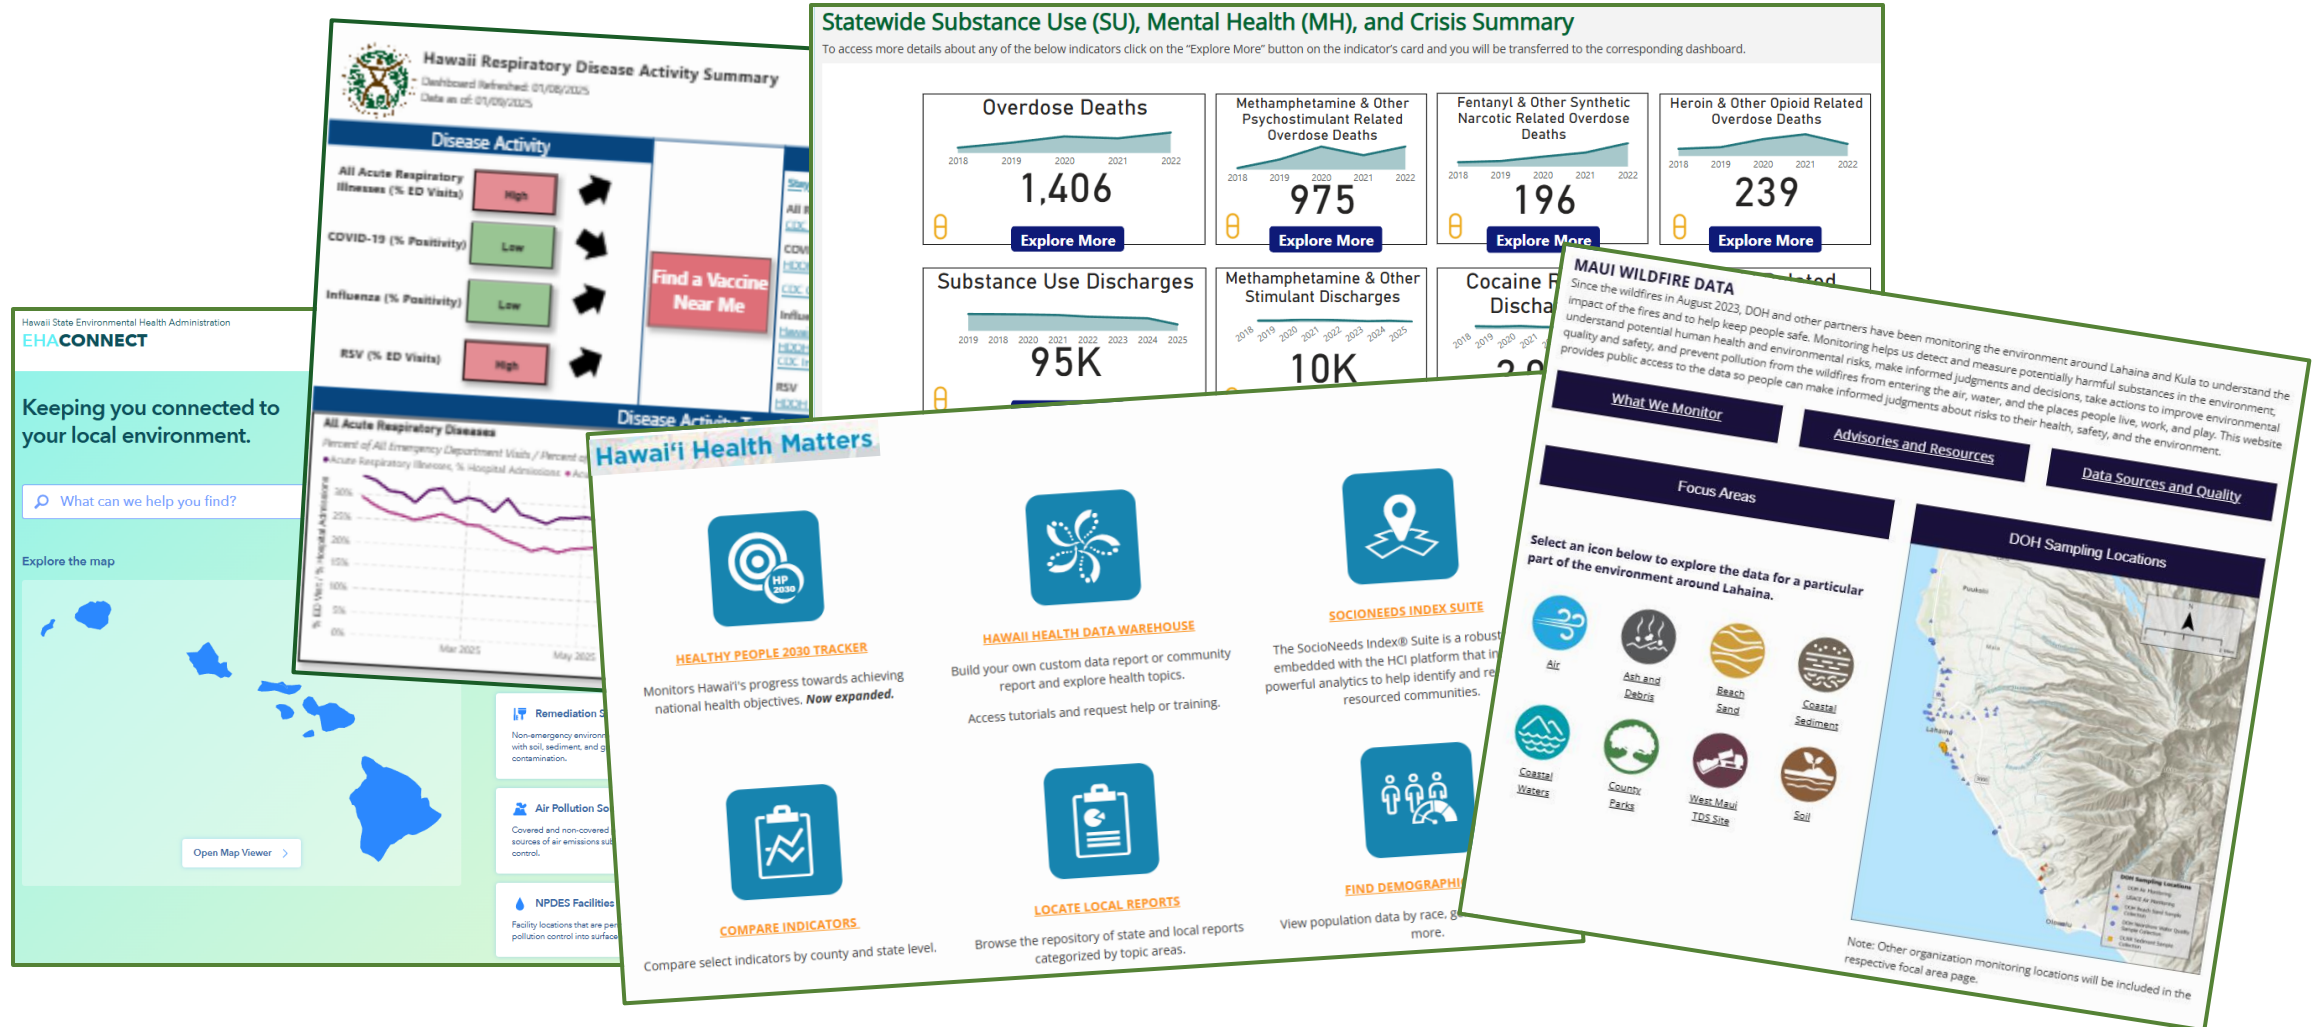

Building Trust

- Community engagement
 - Held training for 65 managers
- Communication
 - Website clean up
 - Increased social media activity
- Follow us on:

Data Transparency

Selected Highlights: Behavioral Health

- Adult Mental Health Division received a 3-Year accreditation from the Commission on Accreditation of Rehabilitation Facilities (CARF)
- Implemented a Value-Based Payment Program for contracted child and adolescent mental health providers to incentivize staff retention and evidence-based practice
- Expanded crisis aftercare services for children and adolescents providing up to 8 weeks of increased monitoring and linkages to community support after a crisis
- Distributed over 40,000 naloxone kits
- Implemented a workforce development initiative with over 100 individuals awarded National Association of Direct Support Professionals certification
- Modernized electronic health records for outpatient services

<https://osp.hawaii.gov/payment-schedule-dashboard/>

Selected Highlights: Environmental Health

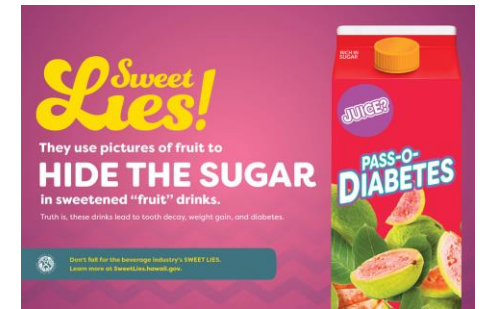

- Completed air sampling and monitoring during Lahaina wildfire debris transport to permanent disposal site
- Launched database of USACE Maui Wildfire soil testing results, making data accessible to property owners and the public
- Partnered with counties on installation of permanent signs at beach parks to advise beachgoers of brown water conditions
- Collected and tested approximately 130 food samples for microbial contaminants
- Reinstated pesticide sampling and monitoring for locally grown and distributed produce, testing approximately 90 samples
- Safely cleaned up 13 tons of discarded electric vehicle batteries
- More than 515 million containers were recycled in FY25 through the Deposit Beverage Container program
- Provided rapid response to 74 potential cases of vector-borne diseases statewide

Selected Highlights: Public Health

- Led several public education campaigns to help people stay healthy:
 - *Sweet Lies!* to reduce overconsumption of sugar sweetened drinks by children
 - *Stronger Together* to educate on tobacco industry's targeted marketing to youth
- Initiated a statewide Adult Viral Hepatitis Elimination Program with the aim of a Hep Free Hawai'i
- Modernized Immunization Information System and Electronic Disease Surveillance System
- Developed and offered CME on the Medical Cannabis Program focused on clinical, regulatory, and patient safety considerations
- Partnered to provide School-Based Dental Screening and Dental Sealant services at 34 elementary schools throughout the state
- Secured four-year supply of mifepristone and awarded \$3.5M in contracts to support statewide access to reproductive health and family planning services

HC-21	HTH 430/HQ	\$5,500,000	HSH contracted psychiatric beds
HC-14	HTH 720/MP	\$121,000	Hawai'i criminal background check system

Emergency Medical Services and Injury Prevention

- Deployed a statewide Emergency Medical Systems of Care Clinical Data Informatics Platform across all 9-1-1 EMS providers and Trauma Centers
 - Established requirements for all ground and air EMS providers to utilize the EMSIPSB clinical data platform
 - Managed more than 220,000 EMS electronic patient care records, enabling near real-time linkage
 - Provides feedback from hospital to EMS provider
- Completed a comprehensive Trauma Registry upgrade across all hospitals
- Began publishing quarterly patient key quality indicators
- Continued injury prevention efforts
 - Advancing the National Strategy for Suicide Prevention and Federal Action Plan
 - Developing and deploying a real-time e-mobility injury surveillance system
 - Collaborating on the Keiki Water Safety Outreach Campaign

HC-02 (HTH 730/MQ) emergency medical services

- Different models by county
- Payment increases annually due to negotiated pay raises
- Our base has not kept up with pay raises
- Current funding is through August 2026
- Initial budget ask was to fully fund through September 2026 to December 2027
- Our revised request is to fund September 2026 to August 2027
- Seeking to leverage Rural Health Transformation Cooperative Agreement
- **Revising request to \$4.5M from \$8M**

Hawai'i State Hospital Increased Programming

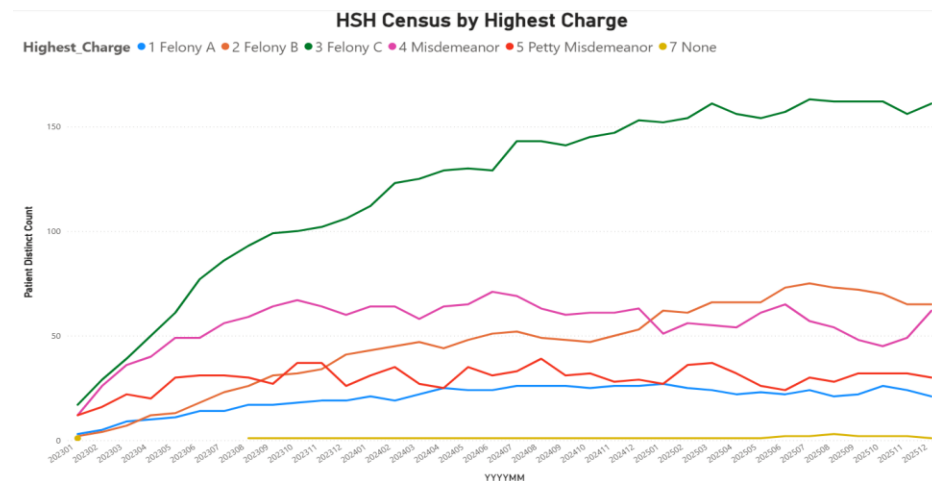

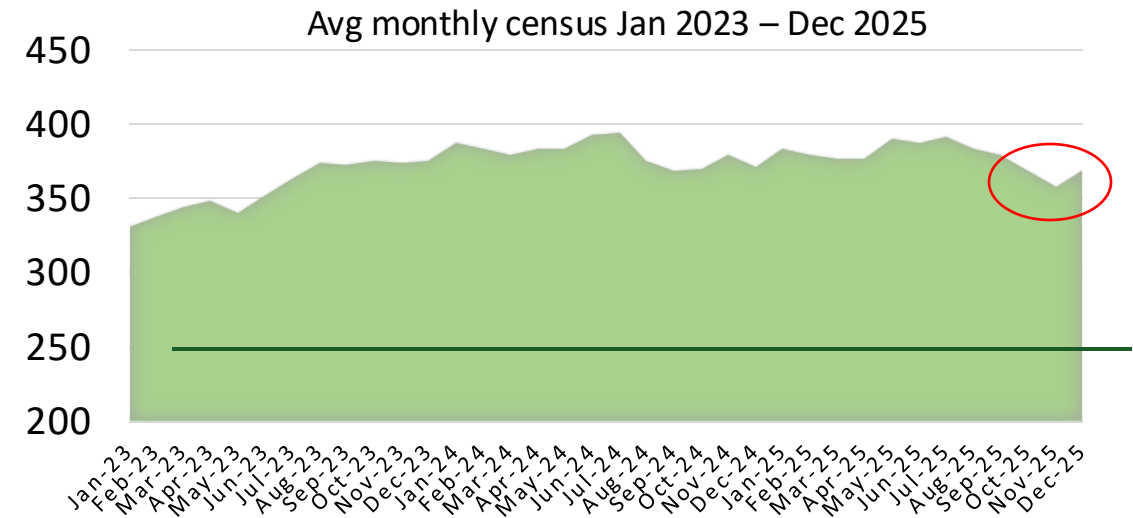

- Kahua Ola (Pre-Release Transition Program)
 - Opened May 30, 2025
 - Supports transition to semi-independent living & community reintegration
 - Currently housing 18 residents
- Occupational Therapy
 - Expanded weekly classes from 90 → 119 across 12 units
 - Continues 9 paid work programs with performance-based raises
 - Patients work 32-36 hrs/week in the Aloha Garden
 - Fencing repair, land clearing, planting and harvesting vegetables/herbs/trees
- Recreational Therapy
 - Activity increased by 42.5%
- Increasing occupational and recreational therapy support better outcomes

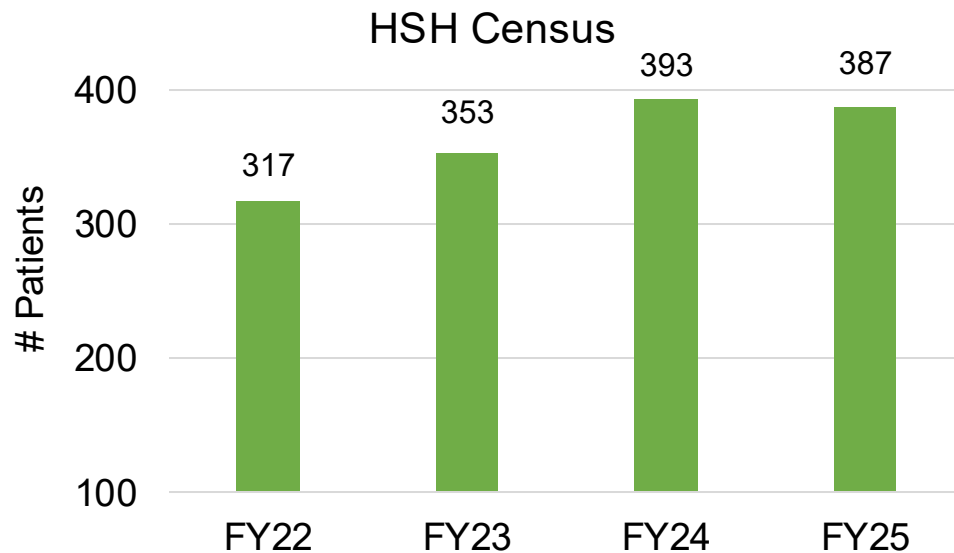

Hawai'i State Hospital Decompression

- Diversion to Community Facility
- Discharge to Conditional Release
- Discharge to ICF/SNF
- Transfer to Neighbor Island Facility
- Transfer to Mainland Facility
- Transfer to DCR
- Decompressed 47 patients, but recompression beginning to occur

¹ Projected ² Includes \$3.7M for THP

- Requesting increase from \$2.5M to \$6.0M for overtime/payroll
- Requesting \$5.5M for contracted beds

Office of Health Care Assurance

- Responsible for the licensing of Hawai'i's acute and long-term care facilities and agencies and community-based care and domiciliary homes
- Conducted over 4,000 State Licensing and Federal Medicare Surveys and investigated 222 complaints
- Reduced the average time to licensure from 11 months to 6 months
- Expanded the statewide inventory to 500 licensed care homes — the highest level in the past decade
- Under HRS §321-15.2 and HRS §846-2.7, OHCA is responsible for administering statewide background checks for all licensed health care facilities and agencies
- Background checks serve as a critical public protection measure to safeguard vulnerable populations and maintain public health and safety
- Medicare and Medicaid have background check requirements

HC-14 (HTH 720/MP) Criminal Background Check System

- Since implementing background checks with approximately 2,000 facilities in 2019, OHCA has continued to expand the program
- In 2025, OHCA's designee, Fieldprint, conducted 9,555 background checks
- Within the last 2 weeks (12/25/25 – 1/8/26) there were 722 background checks performed, of which 10 were red (disqualifying conviction) determinations
- Current background check requirement is:
 - Initial check: FBI fingerprinting, APS, CAN, Sex Offender, Professional License
 - Biennial check: e-Crim, APS, CAN, Sex Offender, Professional License
- Cost is passed on to individual/employer
- Rap Back Program is preferred to enable continuous criminal history monitoring via automated alerts
- **Requesting \$121,000** to complete the development of OHCA's criminal background check system to meet legal mandates, protect public safety, and maintain a secure, reliable system for criminal history screening

Special Fund Requests

Priority	Program ID	Amount	Purpose
HC-04	HTH 131/DC	\$30,000,000	Purchase vaccine using funds it collects from health plans pursuant to Act 175, SLH 2025
NG-49	HTH 840/FH	\$50,000,000	Drinking water state revolving fund loan program
NG-50	HTH 840/FK	\$60,000,000	Drinking water state revolving fund loan program
NG-54	HTH 840/FJ	\$5,000,000	Services and other expenses to address DBC program improvements
NG-55	HTH 849/FD	\$1,500,000	Fund emergency responses which may cost more than the current ceiling of \$1.25M
HC-72	HTH 596/KM	\$2,100,000	Establish a state reference laboratory for medical cannabis and hemp
HC-90	HTH 760/MS	\$469,682	Raise the ceiling to \$1M to utilize funds received from fees to modernize and improve the Vital Records system

Vaccination Trends through 24-25 School Year

West Coast Health Alliance

- Uphold integrity of effective public health strategies to protect the health of our communities
- Collaborate on the review of the best available science and evidence to make unified recommendations that support safety, efficacy, transparency, access, and trust
- Focus on the coordination of aligned messaging
- WCHA will:
 - Work together to ensure the public has access to credible information
 - Coordinate to reduce confusion and increase trust in public health
 - Provide evidence-based position statements, policy recommendations and guidance
 - Seek alignment with respected national professional organizations
 - Share tools and best practices

HC-04 (HTH 131/DC) immunization purchasing program

- Act 175, SLH 2025 establishes the immunization purchasing program
- Modeled on the Vaccines for Children Program (VFC), the intent is to reduce barriers to getting vaccinated in a healthcare provider's office
- The state will be able to purchase at best available pricing, less than what health plans would pay
- About half of Hawai'i's keiki are covered under VFC which spent ~\$18M last year
- **This request to increase the special fund ceiling to \$30M will allow DOH to expend funds collected from health plans to purchase vaccine**

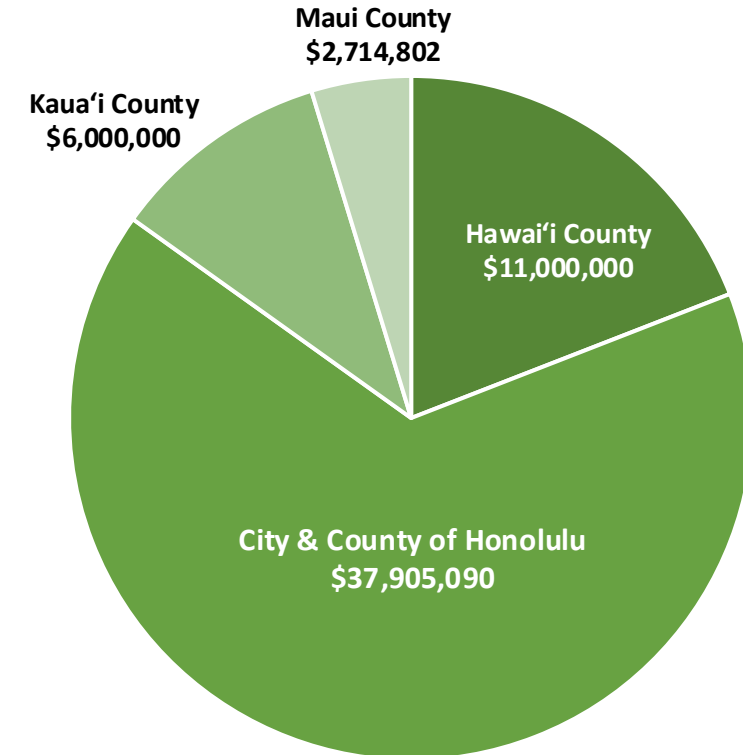

NG-49 (HTH 840/FK) Drinking Water Treatment Revolving Loan Fund

- Kunia Village treatment and design and planning of new drinking water source well
- Hawaiian Shores Association replacement of over 40 fire hydrants
- Honolulu Board of Water Supply GAC treatment at Waipahu Wells III
- Emergency generators for West Maui water systems

**\$57.6 million in loans and subsidies
executed in FY25 for 11 projects**

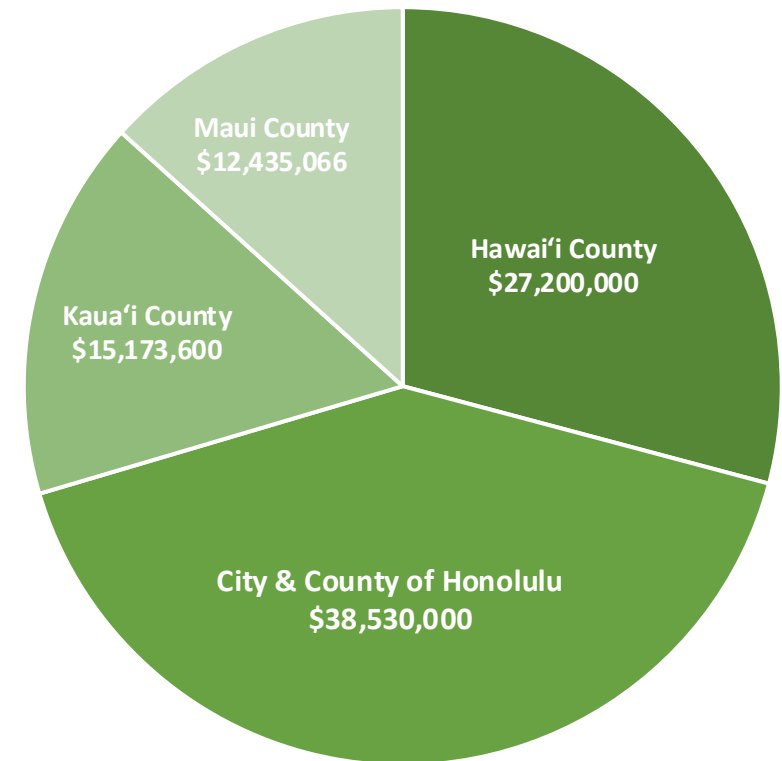

NG-50 (HTH 840/FJ) Water Pollution Control Revolving Fund

- Planned funding to continue the Kaua'i Residential Cesspool Conversion Project (first funded in FY24)
- Honouliuli Wastewater Treatment Plant upgrades to comply with requirements of 2010 EPA Consent Decree
- Hilo Wastewater Treatment Plant Rehabilitation and Replacement Project upgrades and construction of new facilities
- Expansion of the West Maui Recycled Water System to serve the Kaanapali area
- Waimea R-1 Distribution System Upgrades to provide R-1 recycled water to reuse customers

**\$93.3 million in loans executed
in FY25 for 8 projects**

NG-54 (HTH 840/FJ)

Environmental Response Revolving Fund

- Utilized for environmental emergency response and hazard mitigation actions including removal and remediation and procurement of specialized equipment
- Responses included large-scale battery hazard remediation and Maui wildfire air and ash sampling
- We are anticipating lower federal support in the event of a future environmental emergency
- **This request to increase the special fund ceiling to \$1.5M will allow DOH to be better able to respond to an emergency**

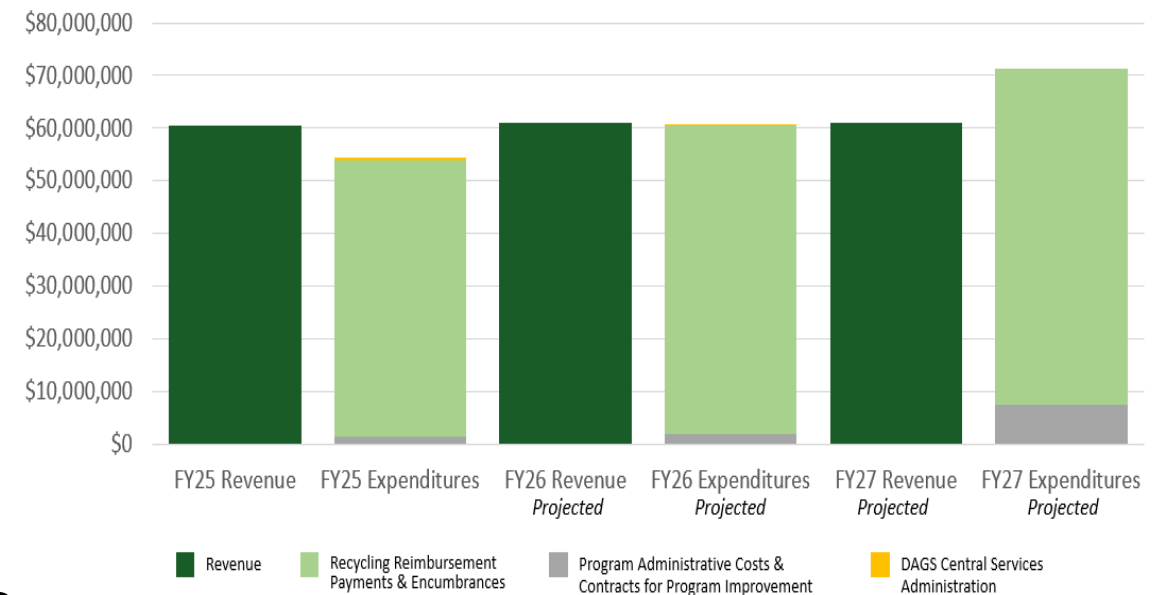

NG-54 (HTH 840/FJ)

Deposit Beverage Container Compliance

- Working to implement a project plan to address audit recommendations and evaluating other alternatives to reduce potential for fraud
- Finalizing a Request for Proposal for accounting, audit, and compliance services
- Began enforcing Distributor Internal Control Process Document non-compliance
- Completing reorganization that will build out planning and enforcement sections
- Evaluating options to increase number of Certified Redemption Centers in gap areas
- **This request to increase the special fund ceiling by \$5M will allow DOH to increase DBC program compliance**

HC-72 (HTH 596/KM) state reference laboratory for cannabis

- A reference lab for medical cannabis and hemp will facilitate quality assurance and enforcement
- Testing would occur for potency, contaminant limits, certificate of analysis (COA), and labeling accuracy
- The reference lab will support private lab oversight, of which there is currently only one in Hawai'i, to ensure testing accuracy and validity
- Testing may be offered on a fee-for-service basis to external entities, particularly if the sole commercial lab operations are disrupted
- This would be a partnership with the UH College of Pharmacy
- **This request to increase the special fund ceiling by \$2.1M will allow DOH to establish a state reference laboratory for medical cannabis and hemp**

HC-90 (HTH 760/MS) vital statistics system modernization

- Vital records is our most direct, frequent, and visible interaction with the public
- OHSM continued efforts in FY 26 to provide timely vital statistics services notwithstanding increased requests for birth, marriage, and death certificates
 - 2023: 94,548 orders
 - 2024: 104,248 orders
 - 2025: 105,241 orders (approximately 300k certificates)
- Overcame 5-7 months of backlogged certificate requests through:
 - examining and streamlining processes
 - increasing digitization and culling decades of duplicative or unnecessary hard copies
 - completed a reorganization to establish 14 positions and filled 10 of those in 2025
- Despite an antiquated system of 5 databases (current downtime has been 4 times a month), limited online capability, & 4.2M hard copy records
- **This request to increase the Vital Statistics Improvement special fund ceiling by \$469,682 will allow DOH to phase modernization of our vital records system, estimated to cost \$5M. An RFP is expected to be released in March.**

Rural Health Transformation cooperative agreement

- Six general initiatives awarded \$189M
- DOH is lead for one initiative: Rural Infrastructure for Care Access (RICA)
- Modernize Hawai'i's emergency and trauma coordination system to ensure rapid, data-driven response and care delivery
 - Establish a MEDICOM hub to unify all county EMS dispatch centers, hospitals, and air and ground transport providers
 - Develop a real-time communication platform, a statewide hospital capabilities platform for real-time capacity tracking, and universal Starlink satellite connectivity for rural ambulances.
- Expand community-based, preventive, and behavioral health services to reduce preventable emergencies and hospitalizations
 - Increase community paramedicine
 - Augment primary care teams with Community Health Workers and Pharmacists
 - Integrate Community Health Workers with Public Health Nurses
 - Establish Certified Community Behavioral Health Centers, enhanced mobile services, and tele-behavioral health services

Summary

- These are uncertain times, but our mission and vision are steadfast
- We continue to work to protect and promote the physical, behavioral, and environmental health for the people of Hawai'i
- We continue to provide science-based information and work to earn the public's trust
- We appreciate your thoughtful consideration of our requests, and we are grateful for the support of this committee and the Legislature

**LEGISLATIVE BUDGET BRIEFING
DEPARTMENT OF HEALTH
FISCAL YEAR 2027 SUPPLEMENTAL BUDGET**

OVERVIEW

Thank you for the opportunity to present the Department of Health's Executive Supplemental Budget for Fiscal Year 2027.

Mission Statement, Strategic Objectives, Goals, and Performance Metrics

The mission of the Department of Health (DOH) is to promote and protect the physical, behavioral, and environmental health of the people of Hawaii through assessment, policy development, and assurance. Our vision is that all Hawaii residents have a fair and just opportunity to achieve optimal health and well-being.

According to the Centers for Disease Control and Prevention (CDC), the 10 Essential Public Health Services are:

- Assessment
 - Assess and monitor population health.
 - Investigate, diagnose, and address health hazards and root causes.
- Policy Development
 - Communicate effectively to inform and educate.
 - Strengthen, support, and mobilize communities and partnerships.
 - Create, champion, and implement policies, plans, and laws.
 - Utilize legal and regulatory actions.
- Assurance
 - Enable equitable access.
 - Build a diverse and skilled workforce.
 - Improve and innovate through evaluation, research, and quality improvement.
 - Build and maintain a strong organizational infrastructure for public health.

The 10 Essential Public Health Services provide a framework for public health to protect and promote the health of all people in all communities. To achieve optimal health for all, the Essential Public Health Services actively promote policies, systems, and services that enable good health and seek to remove obstacles and systemic and structural barriers, such as poverty, racism, gender discrimination, and other forms of oppression, that have resulted in health inequities. Everyone should have a fair and just opportunity to achieve good health and well-being.

The priority/goals for the DOH are:

- Caring for our team
- Being a trusted source of information.
- Improving efficiency and effectiveness.
- Pursuing fair and just opportunities for all to achieve optimal health and well-being.
- Improving the customer experience.
- Generating interest in public health careers.

The guiding principles for the DOH to meet these strategic objectives and priorities/goals are to:

- Ensure that core public health functions – assessment, policy, and assurance – are implemented or maintained,
- Ensure that federal mandates, including court-ordered settlements, are satisfied,
- Ensure that resources are directed at those problems that pose the greatest risk to the public's health and the environment,
- Ensure that appropriate and cost-effective resources are dispersed geographically and satisfy the above-mentioned principles, and
- Ensure that the health department is the service provider of last resort for uninsurable populations and where there is no other satisfactory alternative.

Currently we find ourselves experiencing an unprecedented decimation of the federal public health infrastructure. Although the DOH strives to proactively identify and address community public health needs, we now need to reactively respond to misinformation that is potentially harmful to public health. We must be careful to do so in a manner that does not alienate those who believe otherwise. We need to continuously work to earn the public's trust in order to best serve it. Our goal is to be a trusted resource for science-based information.

We continue to transition from a post-pandemic state focusing on reestablishing capability. As our efforts are able to subside with the recovery of Lahaina and mitigation of the Red Hill Bulk Fuel Storage Facility, we are better able to return to base operations. However, we continue to be impacted by vacancies. Recognizing that we need to work differently, we have prioritized utilizing technology to increase efficiency and effectiveness, while we also innovate with recruitment and retention. Our staff remain our greatest asset.

Our known most proximal threats include the uncertainty of federal policy and funding and the risk of outbreaks of vaccine preventable diseases. Meeting the behavioral health needs of homeless individuals as well as the general public is a priority. We are also focused on preparing for emerging contaminants, streamlining the process for cesspool conversions, and supporting food security. These are merely some of our collective efforts to provide the invisible shield protecting the public's health.

Impact of Current State-Wide Conditions on Agency Operations

The DOH continues to monitor critical program needs and funding availability to promote its mission and to provide services to the general public. With the uncertainty of federal funding and a decline in the state's economic forecast, the DOH will continue its efforts to be prudent in its approach to spending on the most critical program needs and encourage the use of all available funding sources. Some of the activities and accomplishments for the Department this past year include:

General Administration:

- Continued efforts in FY 26 to provide timely vital statistics services notwithstanding significantly increased requests for birth, marriage, and death certificates.
 - o 2023 = 172,209 certificates
 - o 2024 = 270,960 certificates
 - o 2025 = 300,000 estimated (249,163 at the end of October)

This year, the Office of Health Status Monitoring (OHSM) overcame 5-7 months of backlogged certificate requests through: examining and streamlining processes; increasing digitization and culling decades of duplicative or unnecessary hard copies; developing a reporting system; completing a reorganization to establish 14 positions; and continuously recruiting to fill critical vacancies.

- With the increased demand for public health assistance on the neighboring islands, the DOH was able to obtain positions and funding through the previous legislative session to increase capacity to provide services in all areas under the purview of the DOH. Reorgs, such as that for the Hawaii District Health Office, are nearly complete and positions can be established shortly.
- Recognizing that we must fulfill our mission with the size of the workforce we have rather than what we hope it will be, we have to work differently, and this starts with administrative simplification. In the past year, we have identified and are in the process of eliminating redundancies in procurement processes to complete the contracting process in a shorter period of time and increase efficiencies in managing employee benefits. Some practical improvements include: consolidating review and tracking of out-of-state travel requests and department UIPA requests to a single office responsible for compliance, ensuring responsiveness and uniformity; moving certain approvals to e-sign from wet-ink signatures, thus reducing the necessity of mailing originals between islands; eliminating the notarization page from contracts as allowed by the Comptroller; allowing some programs to directly manage HIP errors instead of funneling all requests for correction through the central administrative services office; simplifying delegated reorganizations to shorten the time it takes to complete these reorgs; and engaging a business consultant

who is in the process of analyzing administrative processes to streamline and improve response times.

- In order to increase the effectiveness of our operations, DOH has increased training of its workforce through establishment of an annual Administrative Summit (held this year on July 27, 2025 with 258 DOH management and administrative attendees), establishment of a multi-seminar onboarding program for new DOH employees, and a regular schedule of monthly “Lunch and Learn” videoconference teams meetings open to the entire department on general administrative and compliance topics such as recruitment, the PAS, travel, and fiscal federal reporting requirements, as well as public health topics such literacy for keiki and leadership topics such as a conversation on government service.
- The DOH continues to use funding received under the Public Health Infrastructure Grant (PHIG) to address the shortage of healthcare workers in the State. Through this grant, we will be able to identify areas of need in the healthcare workforce and develop strategies and programs to increase interest and promote opportunities available in the healthcare industry.

Behavioral Health Administration:

- The DOH continues to focus on services for individuals in behavioral health crises with particular emphasis on increasing access and developing the continuum of care for children, those experiencing homelessness, and survivors of the Maui wildfires.
- The Adult Mental Health Division (AMHD) received a 3-Year accreditation from the Commission on Accreditation of Rehabilitation Facilities (CARF) for case management/service coordination, community integration (psychosocial rehabilitation), and mental health outpatient treatment for Community Mental Health Centers and Clubhouses statewide.
- AMHD also increased the delivery of crisis services. Hawaii’s first Behavioral Health Crisis Center (BHCC) at the Iwilei Resource Center, which officially opened on March 8, 2024, continued to provide the community with access to an identified location for short-term, sub-acute crisis services resulting in diversion from higher levels of care and connect patients with ongoing services and housing. Through November 2025, the BHCC conducted 2,598 screenings resulting in 2,467 admissions to the program with 1,732 individuals placed into shelter and/or connected with services upon discharge.
- The Child & Adolescent Mental Health Division (CAMHD) implemented a Value-Based Payment Program for contracted mental health providers in an effort to improve recruitment and retention of the behavioral health workforce. This program incentivizes things like staff retention and the utilization of evidence-based practices. Improving the

workforce is necessary to increase access to effective services. One area of service expansion is the addition of expanded crisis aftercare services to its service array for all children and adolescents statewide. These services provide up to 8 weeks of increased monitoring and linkages to community support after a crisis, which leads to improved mental health outcomes.

- The CAMHD also launched a series of public awareness campaigns related to child and adolescent mental health and is leading the development of a process to collaboratively identify and solve gaps and barriers in the child-serving system within the framework of the Hawaii Interagency State Youth Network of Care (HISYNC).
- The Alcohol and Drug Abuse Division (ADAD) has increased community access to naloxone and this past year distributed over 40,000 kits. More than 1,000 individuals were trained on overdose response and naloxone use. As of November 30, 2025, approximately \$50.5 million was distributed from opioid manufacturers and distributors to Hawaii, and of this amount, about \$13.8 million was spent on remediation activities.
- The Hawaii State Hospital (HSH) was accredited by The Joint Commission (TJC) for three years in November 2024. In response to the need for HSH upgrades that has been identified by multiple regulatory and oversight entities including TJC, Office of Health Care Assurance (OHCA), Honolulu Fire Department, and other licensing and permitting bodies, plan, design and construction of various capital improvement projects across the Hawaii State Hospital (HSH) campus continue to be ongoing. These include excavation for water and electrical systems, construction of a new structure, and replacement of critical mechanical components such as ventilation fans. These improvements are necessary to address urgent health, safety and operations issues including prevention of food contamination. HSH also continues to improve campus security and safety with operational adjustments and upgraded technology.
- The Developmental Disabilities Division (DDD) implemented a workforce development initiative to increase the retention and recruitment of Direct Support Professionals (DSPs) and improve service quality for participants of the Medicaid 1915(c) Home and Community Based Service Waiver for Individuals with Intellectual and Developmental Disabilities. The DDD Workforce Training Incentive Program was designed to support 265 learners, including 213 DSPs and 52 Service Supervisors as they work toward achieving a national certification. The first learning block of the program focused on skills for Person-Centered Thinking, Health, Safety, and Crisis Intervention. To date, over 100 individuals across the State have been awarded National Association of Direct Support Professionals certification through the program.

Environmental Health Administration:

- The DOH issued an amended emergency order on May 6, 2022, to the U.S. Navy to defuel and permanently close the 20 Red Hill Bulk Fuel Storage Facility (RHBFSF) Tanks, four surge tanks, and associated pipelines. While the defueling phase was completed in March 2024, the DOH Solid and Hazardous Waste Branch (SHWB), in coordination with the Hazard Evaluation and Emergency Response (HEER) Office, Clean Air Branch (CAB), and the Safe Drinking Water Branch (SDWB), continues to review U.S. Navy documents and plans related to closure of the RHBFSF tanks and associated pipelines, and environmental assessment and remediation. The DOH SDWB continues to participate in U.S. EPA 2023 Administrative Consent Order (ACO)-related coordination meetings and review U.S. Navy plans to reactivate the Navy Aiea-Halawa Shaft and Red Hill Shaft.
- The DOH formally launched a Climate and Health program focused on decreasing morbidity and mortality from Climate Change. The growing program has created a statewide working group of medical providers, and public health practitioners. The DOH team members from across the DOH, researchers, community advocates, and students working towards reducing the health risks from climate change. The DOH program also launched a Climate and Health Portal for information sharing and has made significant progress on a statewide Climate and Health Vulnerability Assessment expected to be published in early 2024.
- The DOH provided environmental Maui Wildfire Data to the public on the environmental data portal webpage at <https://health.hawaii.gov/environmental-data/>. The Environmental Management Infrastructure Project (EMIP) staff will develop the expansion of the environmental data portal to encompass and share data from other environmental projects.
- The HEER Office created a Per- and Polyfluoroalkyl Substances (PFAS) informational page on the HEER webpage: <https://health.hawaii.gov/heer/environmentalhealth/highlighted-projects/pfas/>; continued ongoing studies of PFAS in Wastewater Treatment Plant Influent, Effluent, and Biosolids; and continued a Field Study of PFAS Groundwater Plume Heterogeneity at Kahului Airport Fire Training Pit. The Fifth Unregulated Contaminant Monitoring Rule (UCMR 5) will evaluate public drinking water systems across the country for 29 PFAS chemicals, and all public drinking water systems in Hawaii that serve over 3,300 people will be tested in calendar years 2023-2025.
- The Clean Air Branch (CAB) continued to regulate Hawaii's air pollution sources, administer the Air Permit Program, ensure compliance with applicable rules and permit conditions, and pursue enforcement action where violations have occurred. The CAB continue to maintain the state's ambient air monitoring network providing real-time air monitoring data for public viewing, available on the CAB Hawaii Air Quality Data website

(<https://air.doh.hawaii.gov>) and U.S EPA's AirNow Fire and Smoke Map (<https://fire.airnow.gov>). These websites provide critical information to emergency responders, government officials, and the public during events such as wildfires and volcanic eruptions to aid decision making in the protection of public health and safety. CAB continued to support Maui Wildfire response and recovery through community air sampling and monitoring during debris removal and transport to the permanent storage site. CAB continued to regulate open burning activities, administer Hawaii's Agricultural Burning Permit program, restrict greenhouse gas (GHG) emissions from stationary sources, and provide the statewide GHG emissions inventory to track state GHG reduction goals and direct GHG reduction efforts.

- The Clean Water Branch (CWB) continued to implement Hawaii's NPDES permitting program as authorized by the United States Environmental Protection Agency in accordance with federal requirements. The NPDES permitting program regulates direct discharges of pollutants from a "Point Source" and discharges that are the functional equivalent of a direct discharge of pollutants. NPDES permits are issued for construction projects, industrial facilities, wastewater treatment plants, power generating stations, and other operations that discharge to State waters. The CWB continues to develop the MOA with county and state departments/divisions to post permanent signs at beach parks throughout the state to inform beach users of the potential health hazard associated with swimming or bathing in coastal waters that may be impacted by surface runoff. The signs advise beach users to stay out of water and exposed beach sand when the water is brown or murky, especially after storms or heavy rain, and they are intended to provide supplemental messaging to the CWB's Brown Water Advisories and contain a Quick Response (QR) code that links directly to the CWB's water quality advisories web page. Permanent signs have been installed on Maui and Molokai, and installation for Oahu is expected to be completed by March 2026. CWB is also developing a statewide Water Quality Management Improvement Framework to lead a collaborative effort with other agencies to ensure consistency in water quality management and data collection to strengthen water quality protection in Hawaii.
- The Surface Water Protection Branch (SWPB) worked with the U.S. EPA to secure technical assistance for developing an alternative watershed-based plan for the Kauaula and Kahoma watersheds. This plan will help direct federal 319 grant funding toward restoration projects that also support landscape recovery and watershed resilience in Lahaina. SWPB also provided funding and oversight on seven water quality restoration/protection projects benefitting 16 watersheds on Maui, Oahu, and Hawaii Island, and directed federal grants (319 and OSG) to five additional projects across seven watersheds on Maui, Molokai, and Oahu. These projects address erosion control, wildfire mitigation, invasive species removal, native plant restoration, stream restoration, agricultural BMPs, watershed coordination, and green stormwater infrastructure. SWPB has partnered with the CWB and other agencies to develop a statewide watershed

monitoring strategy and a water quality action plan. SWPB continued to strengthen its regulatory program for nonpoint source pollution control by building capacity to support implementation and develop administrative rules.

- The Safe Drinking Water Branch (SDWB) continued to provide Public Water System Supervision of many regulated public drinking water systems through the issuance of Drinking Water State Revolving Fund (DWSRF) low-interest loans which are used to help achieve or maintain compliance with drinking water standards, protect public health and the environment. The DWSRF program includes a special appropriation for support to Maui Department of Water Supply for eligible wildfire recovery projects under the Supplemental Appropriation for Helene Milton and Hawaii Wildfire grant (SA-HMW). See the SFY 2026 Intended Use Plan at <https://health.hawaii.gov/sdwb/drinking-water-state-revolving-fund/>.
- The Wastewater Branch (WWB) continued review of wastewater system applications and plans for new dwellings and buildings and existing cesspool conversion to individual wastewater systems (IWS) and wastewater treatment works (WWTW) – see <https://health.hawaii.gov/wastewater/>. The Clean Water State Revolving Fund (CWSRF) continued to provide low-interest loans for the construction of point-source and non-point-source water pollution control projects – see <https://health.hawaii.gov/wastewater/home/cwsrf/>. There is a need for additional staff to address the upcoming influx of IWS applications to meet the cesspool conversion deadline of January 1, 2050; participate in multiple national and statewide recycled water treatment and reuse water working groups; implement the recycled water treatment and reuse water program for onsite and off-site non-potable reclamation and reuse; and update rules and regulations related to technical innovations for IWS and WWTW.
- The Solid and Hazardous Waste Branch (SHWB) continued to enforce state hazardous waste, solid waste and underground storage tank laws and regulations, and implement various statewide recycling programs. Over the past year, the SHWB continued to participate in the Debris Task Force and County planning meetings and oversee the County of Maui's implementation of final debris disposition from the Lahaina wildfires and the closure of the temporary debris storage site. The SHWB will continue to oversee the closure the of the final debris site. In addition, the SHWB is currently working on a statewide waste characterization study to help inform potential new waste diversion programs or improvements on existing programs and on strategies for an electric vehicle battery recycling program with the Hawaii State Energy Office.
- The Indoor and Radiological Health Branch (IRHB) started the process to modernize its license and permit programs in an effort to leverage technology to improve customer experiences while reducing manual staff labor.

- The Vector Control Branch (VCB) worked with the Disease Outbreak and Control Division, to implement protocols that more aggressively respond to imported cases of arboviruses such as dengue or zika and worked on improving public communications. The VCB also began a research project to analyze mosquitoes through the use of metagenomics to identify unknown diseases which may be circulating throughout the community.
- The Food and Drug Branch (FDB) began restoring basic functions such as conducting recalls and investigations into food-borne illnesses associated with manufacturing or distributed foods. The FDB, in conjunction with the State Laboratories Division, restored sampling and monitoring of raw agricultural commodities (locally grown and distributed produce) for the presence of pesticides. The FDB will continue to restore major functions and support the overall state's efforts to improve food security at all levels.
- The Food Safety Branch (FSB) completed updates and began implementation of the revised Hawaii Food Safety Code. The revised Hawaii Food Safety Code increased allowances for homemade foods as well as provided for expanded allowances at kupuna facilities to improve quality of life. The FSB also began accepting electronic payments for the greater than 10,000 food permits that are issued annually which improves user experience and reduces staff labor.
- The State Laboratory Division's recent emergency testing includes drinking water testing after the Red Hill fuel spill, drinking water testing for Lead in public elementary schools through the WIIN-Lead grant, and drinking water testing in the aftermath of the recent Wildfires. SLD is detecting and monitoring high-pathogenicity avian influenza in wastewater from treatment plants and will soon do so for measles virus as well. SLD tests wastewater from nursing homes/long-term care facilities as a pilot project to prospectively detect disease outbreaks and help make these places safer. The Environmental Health Analytical Services Branch has initiated testing of food samples for pesticides and is preparing to test water and other samples for the presence of PFAS ("forever") chemicals.

Health Resources Administration:

- In 2025, there has been dramatically higher number of measles cases in the US and globally. DOH responded to 2 laboratory confirmed cases of measles, working to identify 92 individuals who might have been exposed and taking steps to prevent the spread of disease. DOH also continued working collaboratively with multiple state and federal agencies to respond to detections of H5 avian influenza including through the monitoring and testing of exposed persons following 3 detections of H5N1 in wild ducks in Kauai, Maui, and Oahu in 2025. In addition, the DOH served as the strategic lead in providing the expertise, support, and resources for the COVID-19, flu, RSV response for the State

including by providing timely data on respiratory viruses and vaccination trends on our website and keeping the public and healthcare providers up to date on the latest guidance.

- The Chronic Disease Prevention and Health Promotion Division (CDPHPD) gathered over 300 partners from agencies and community-based organizations in December 2025 to mark the mid-point of the Healthy Hawai'i Strategic Plan 2030. Leading up to the Healthy Hawai'i Summit, partners reviewed and updated the 61 plan objectives to support wellness and improve the quality and years of life for Hawai'i's people. In addition, the CDPHPD launched several public education campaigns to help people stay healthy:
 - ✓ The *Sweet Lies!* campaign helped caregivers make informed choices by exposing the hidden sugar content in sweetened fruit drinks marketed to parents of young children. The campaign generated over 15 million impressions and over 19,000 webpage views.
 - ✓ The Stronger Together booster campaign motivated public engagement in tobacco prevention activities by increasing awareness of the tobacco industry's targeted marketing to youth. The campaign generated over 3 million impressions and 11,000 webpage views.
 - ✓ In partnership with the Hawaii Stroke Coalition, the *BE FAST for Stroke* campaign emphasized the importance of identifying the common signs of stroke and calling 911 immediately, as early assessment in the ambulance improves treatment success and outcomes for stroke patients. The 2-month long booster campaign generated over 9 million impressions and 8,000 webpage views.
 - ✓ The *Beat Diabetes* campaign increased awareness of prediabetes and motivated more than 800 people to join a Diabetes Prevention Program after taking the online Prediabetes Risk Test. The campaign generated over 22 million impressions and 19,000 webpage views.
 - ✓ The annual *Vax to School* campaign increased awareness of and compliance with the state's immunization and physical examination requirements for students entering 7th grade. The campaign generated over 17 million impressions and 13,000 webpage views.
- The Emergency Medical Services and Injury Prevention Systems Branch (EMSIPSB) deployed a statewide Emergency Medical Systems of Care Clinical Data Informatics Platform across all 9-1-1 EMS providers and Trauma Centers. During FY25, the platform managed more than 220,000 EMS electronic patient care records, enabling near real-time linkage through the state's bidirectional Health Data Exchange (HDE). A comprehensive Trauma Registry upgrade was completed across all hospitals, enabling real-time reporting across Trauma, EMS, and hospital Epic data. For the first time, the EMSIPSB began publishing quarterly patient key quality indicators to support public health surveillance and system-wide performance monitoring of our EMS and Trauma Systems establishing

requirements for all ground and air EMS providers to utilize the EMSIPSB clinical data platform. The EMSIPSB, completed the first year of developing a statewide EMS and Trauma Performance Improvement and Patient Safety (PIPS) which received national recognition at the American College of Surgeons Trauma Quality Improvement Program Annual Scientific Conference. Additionally, the EMSIPSB continued its injury prevention efforts through partnerships to advance the National Strategy for Suicide Prevention and Federal Action Plan, prevent drowning including collaborating on the Keiki Water Safety Outreach Campaign, and developing and deploying a real-time e-mobility injury surveillance system.

- The DOH Hansen's Disease Branch continued its work on behalf of the residents of Kalaupapa including spearheading a comprehensive clean-up at Kalaupapa. The DOH's Hansen's Disease Branch team has also been hard at work advancing plans for the eventual transfer of operations and management of Kalawao County. This work has been multidisciplinary and involves coordination with the Departments of Hawaiian Homelands, Natural Resources, and Transportation as well as the National Park Service, the County of Maui, and members of the public with an interest in Kalaupapa.
- The Harm Reduction Services Branch continued extensive efforts to prevent the spread of sexually transmitted infections in Hawaii through outreach to providers and the public, detailed case investigations, and expanding care to hard-to-reach communities. In addition, the Harm Reduction Services Branch began implementation of a statewide Adult Viral Hepatitis Elimination Program with the aim of a Hep Free Hawaii. Progress was made on development of a Hepatitis C Registry and providing more resources to individuals diagnosed with Hepatitis B and C.
- The Tuberculosis Control Branch continued to provide statewide services for the identification and treatment of tuberculosis with increasing efforts aimed at treating latent TB infection – the asymptomatic version of this infection that leads to the more severe and infectious active TB.
- The Office of Health Care Assurance (OHCA) continued to conduct Federal Medicare initial and re-certification, complaint, and State licensing surveys of Medicare- and Medicaid- eligible health care facilities on behalf of the Centers for Medicare & Medicaid Services (CMS) in accordance with state law. These facilities include, but are not limited to, intermediate care facilities, skilled nurse facilities, hospitals and critical access hospitals, home health agencies, hospice, ambulatory surgical centers, clinical labs, and end stage renal disease programs. OHCA also conducted State licensing surveys, inspections, and complaint investigations of adult residential care homes (including expanded ARCHs), special treatment facilities, therapeutic living programs,

developmental disability domiciliary homes, assisted living facilities, adult day care centers, case management agencies, community care foster family homes, home care agencies, and dietitians. In addition, OHCA posted inspection reports online for State-licensed healthcare facilities.

- The Office of Medical Cannabis Control and Regulation (OMCCR) advanced key regulatory, education, and outreach initiatives to strengthen Hawaii’s medical cannabis and hemp programs. OMCCR conducted statewide medical cannabis education days and released 200 free CME/CE courses to support providers in understanding clinical considerations, program requirements, and patient safety. The Office adopted amendments to the Hawaii Administrative Rules (HAR), Chapter 11-850 (Interim Rules) Medical Cannabis Dispensaries to expand qualifying medical conditions and authorize additional telehealth options for patient certification, improving access to care across the State. OMCCR also conducted education and outreach to support implementation of the hemp retailer registration program, including guidance to businesses and coordination with partner agencies to prepare for the new regulatory framework governing hemp-derived products.
- The Family Health Services Division (FHSD) continued its partnership with the Hawai’i Public Health Institute and the Hawai’i Oral Health Coalition to expand statewide activities to improve the oral health status of Hawai’i residents. These activities included continuing a community oral health needs assessment and training and professional development opportunities to increase the capacity of coalition leadership and members. FHSD, through partnership, continued to provide school-based dental screening and dental sealant services at 34 elementary schools—across Oahu, Maui, Molokai, Kauai, and Hawaii Island.

Federal Funds

In general, despite numerous interruptions, the Department of Health’s federal funding has remained relatively stable so far in FY 26. However, being on a continuing resolution that ends in January, what happens beyond then is unknown. The House LHHSE subcommittee mark-up, which is less favorable than the Senate LHHSE subcommittee mark-up, is far more favorable than the President’s proposed budget, but it still includes reductions. How those reductions would specifically affect states is unclear. These mark-ups are the best available indicators of potential funding levels for the following federal fiscal year. However, an election and the economy are among the uncertainties between now and then.

Behavioral Health Administration:

- The SAMHSA Emergency Response Grant (SERG) (9/30/23-9/29/26, \$17,250,783) administered by the DOH, using a network of behavioral health, traditional healing, and wellness event providers serves over 3,000 wildfire survivors monthly. External funding is being sought out to be able to continue services thereafter.
- The SAMHSA Certified Community Behavioral Health Clinic (CCBHC) Planning Grant (1 year, \$1 million) was awarded in December 2024. It is being used to develop the groundwork to expand the CCBHC model statewide by conducting comprehensive community needs assessments, developing clinic certification standards, establishing a prospective payment system, engaging diverse stakeholders, certifying a pilot cohort of clinics and building the necessary data and quality improvement infrastructure to support participation in the CCBHC Demonstration program. It is the first step for Hawai'i to become a CCBHC Demonstration state under Section 223 of the federal Protecting Access to Medicare Act of 2014.
- In September 2024, the DOH Child and Adolescent Mental Health Division was awarded a four-year, \$11.6 million Children's Mental Health Initiative grant from the Substance Abuse and Mental Health Services Administration (SAMHSA). The grant is in its second year and is focused on improving the quantity and quality of mental health services for children and families statewide.
- The SAMHSA Mental Health Block Grant (10/1/24-9/30/25, \$5,204,307) supported specialized mental health services statewide such as crisis response services, First Episode Psychosis services, and trauma-informed care for at-risk girls. It also supports a host of workforce development initiatives to build capacity within the Behavioral Health workforce.
- The Alcohol and Drug Abuse Division (ADAD) received \$8.79 million in federal fiscal year 2025 of Substance Use Prevention, Treatment and Recovery Services Block Grant funds from SAMHSA to plan, implement, and evaluate substance abuse prevention and treatment activities.

Environmental Health Administration:

- Significant funding increases are anticipated for the Clean Water State Revolving Fund (CWSRF) and Drinking Water State Revolving Fund (DWSRF) from the Infrastructure Investment and Jobs Act of 2021, also known as the Bipartisan Infrastructure Law (BIL). The estimated total allotment for Hawaii is \$401,465,000 over FY22-FY26. The funds will expand the ability to support eligible projects, remediate emerging contaminants, and replace lead service lines.

- Under the DWSRF and the Public Water System Supervision (PWSS) Federal grant programs, managed by the SDWB, the DOH received funding for SFY 2025 totaling \$28,165,000 in Federal grants. Total funds executed through the DWSRF loan program during this period totaled \$45,478,205. For SFY 2026, the drinking water program secured \$104,624,767 in new Federal funds. This includes \$68,282,000 from the Supplemental Appropriation for Hurricane Helene Milton and Hawaii Wildfire (SA-HMW) grant (FFY 2025 appropriation) for the restoration of the public water system in Lahaina.
- Specialized grants were secured for Emerging Contaminants (EC) and Lead Service Line Removal (LSLR) appropriated under the BIL during SFY 2025. The DOH received \$15,280,000 under the BIL Emerging Contaminant (BIL-EC) FFY 2024 Appropriation and \$57,300,000 under the BIL Lead Service Line FFY 2024 appropriation, and \$9,457,000 under the BIL Emerging Contaminants in Small and or Disadvantaged Communities (BIL EC-SDC) FFY 2024 federal appropriations. Additional funding is available through a non-competitive allotment to Hawaii. For SFY 2026 the DOH secured \$7,857,000 under the BIL-EC FFY 2025 Appropriation and is securing \$9,457,000 under the BIL EC-SDC FFY 2025 federal appropriations. The intended use of both funds is to address emerging contaminants in drinking water. FFY2025 appropriation for SFY 2026 BIL Lead Service Line grant was not pursued because lead service line was not found to date in Hawaii's public water system nor did eligible public systems requests funding for lead service line related compliance needs. This grant was used to assist regulated public water systems with their lead service line survey, which was completed on October 2024, and for the subsequent removal of the service lateral had a lead service line been identified.
- Under the CWSRF, managed by WWB, the DOH received a total of \$25,583,000 in new grants for SFY 2025. Total funds executed during this period totaled \$93,338,667. The CWSRF program received a total of \$55,509,000 in new grants for SFY 2026. This includes \$22,409,000 from the SA-HMW grant (FFY 2025 appropriation). WWB intends to fund the following equivalency projects in SFY 2026: Lahaina Wastewater Reclamation Facility RAS/Dewatering Upgrades with an estimated loan amount of \$22,409,000, Hilo WWTP Rehabilitation and Replacement Project Phase I with an estimated loan amount of \$12,288,000, and Honouliuli WWTP Phase 1C - Headworks, HRBC, Solids Process and Misc. Improvements with an estimated loan amount of \$20,812,000.
- The Environmental Health Services Division (EHSD) has been the recipient of approximately \$40,000 of contracts annually from the US Food and Drug Administration for the implementation of the Federal Mammography Quality Standards Act. EHSD also received a grant of approximately \$250,000 from the US Environmental Protection Agency for lead and asbestos-related abatement.

- The State Laboratories Division (SLD) has been the recipient, through DOCD, of COVID and Non-COVID related Federal grants totaling \$57.5M from FY21 with \$48.7M of the grants funding due to end in FY26. The SLD also received \$511,406 for the period of August 2024-July 2027 from the Centers for Disease Control and Prevention (CDC) for the Strengthening Healthcare-Associated Infections (HAI)/Antimicrobial Resistance (AR) Program (SHARP) to enhance the laboratories' capabilities to detect, monitor, mitigate and prevent the spread of AR pathogens in healthcare settings. In addition, the SLD also received \$2,162,000 for the period of August 2024- July 2027 from the CDC for the National Wastewater Surveillance System (NWSS) program to monitor for the presence of COVID-19, detect COVID-19 variants of concern spreading in communities, and potentially track other emerging health threats (e.g. antimicrobial resistance) and pathogens in Hawaii's wastewater.
- The State Laboratories Division (SLD), Laboratory Preparedness and Response Branch (LPRB) has identified that the federal award title Hawaii's Fern Microbiology Laboratory's Role in Keeping Human Food Product Safe CFDA No. 93.103 is at risk of discontinuation. Without this award, LPRB would have difficulty adequately performing surveillance testing for food and potentially contaminated food products could reach the general public. LPRB was awarded \$430,000 for the period of July 2025 through June 2026 and will be applying for the next award period that ends in June 2027. Currently, there are 2.0 FTE Civil Service Temporary positions funded by this grant. If the grant is not awarded, these two positions may be eliminated if SLD is unable to identify other funding sources to support these two microbiologist positions.
- The Clean Air Branch (CAB) has identified the federal award title State Clean Diesel Grant 2024 CFDA No. 66.040 is at risk of discontinuation/reduction. CAB has three active State Clean Diesel Program grants. The FFY 2019-2020 which ends 09/30/2026; the FFY 2021-2022 which ends 09/30/2026; and the FFY 2023-2024 which ends 09/30/2027. CAB is awaiting EPA's application announcement for FFY 2025-2026 which has not yet been released. If not reduced/discontinued, approximately \$620,000 of EPA funding would be available for FFY 2025-2026. Without the grant supporting diesel emissions reductions, older diesel vehicles will likely be kept in service longer disincentivizing the transition to cleaner zero-emission vehicles and the reduction of criteria, hazardous air pollutants, and greenhouse gases from these older and dirtier diesel engines. CAB is not supplanting the grant with other means of finance. CAB will not be able to support diesel emissions reduction incentives for medium and heavy-duty diesel vehicles.
- CAB has identified that the federal award title Air Pollution Control Program Grant CFDA No. 66.001 is at risk of discontinuation/reduction. The award for FFY 2026 (10/01/2025-09/30/2026) has not yet been received. CAB is awaiting the award, expected to be approximately \$810,000. Without the grant supporting Hawaii's Air Pollution Control

Program, the CAB's ability to protect Hawaii's air quality and ensure clean and healthy air for our communities would be jeopardized. This grant provides a significant amount of funds to pay for personnel that are integral to the air program's daily operations; travel to conduct inspections of air pollution sources and to operate and maintain air stations on neighbor islands; and necessary equipment and websites that provide near real-time air quality data to the public, government officials, and emergency personnel to make informed decisions to protect public health and safety. The program is not supplanting the grant with other means of finance. CAB will utilize other program revenues as much as possible but has other program obligations that require funds from existing program revenues.

- CAB has identified that the federal award title PM_{2.5} Monitoring Network Grant CFDA No. 66.034 is at risk of reduction in next year's award pending federal budget. CAB is awaiting EPA's application announcement for FY 2026 which has not yet been released. If not reduced/discontinued, approximately \$250,000 of EPA funding would be available for FY 2026 (which runs from 04/01/2026-03/31/2027). Without the grant, the CAB's ability to continue to operate and maintain Hawaii's fine particulate matter (PM_{2.5}) monitoring network would be diminished. This grant provides funding in support of 17 PM_{2.5} monitoring stations located statewide that provide valuable air quality information to our communities, government officials, and emergency response personnel enabling them to make informed decisions to protect public health and safety. CAB is not supplanting the grant with other means of finance. CAB will utilize other program revenues as much as possible but has other program obligations that require funds from existing program revenues.

Health Resources Administration:

- The Chronic Disease Prevention and Health Promotion Division (CDPHPD) was awarded \$680,038 in FY25 for Year 2 and \$680,038 in FY26 for Year 3 for the Centers for Disease Control and Prevention (CDC), Racial and Ethnic Approaches to Community Health (REACH) grant. The funding aims to improve health, reduce the prevalence of chronic disease, and address health disparities among Native Hawaiians and Other Pacific Islanders in Hawaii through prevention efforts in six priority communities statewide.
- In FY25, the CDPHPD was awarded \$1,156,607 for Year 5 for the CDC National and State Tobacco Control Program. In FY26, the CDPHPD received a no-cost extension and later received a Supplement award of \$1,156,607 for Year 6, which ends on April 28, 2026. The purpose is to implement evidence-based interventions to prevent tobacco use initiation among adults and youth, eliminate exposure to secondhand smoke, promote quitting, and advance health equity by addressing tobacco-related inequities and disparities.

- In FY25, the CDPHPD received \$2,617,730 for three (3) grants in continued CDC funding, and \$2,567,730 in FY26. This funding supports partnerships with health systems, communities, academia, and community health worker advocates to implement evidence-based strategies for early detection, prevention, and management of chronic diseases. The grants focus on cancer, diabetes, heart disease, and stroke among Native Hawaiians, Other Pacific Islanders, and Filipinos.
- Additionally, the CDPHPD was awarded \$500,000 in FY25 for Year 2 and \$500,000 in FY26 for Year 3 from the CDC to implement the Well-Integrated Screening and Evaluation for Women Across the Nation (WISEWOMAN) program. The program aims to improve the management of cardiovascular disease through risk-reduction education and referrals. These referrals connect low-income, uninsured, and underinsured women to healthy behavior support services, social services, and other needed supports.
- In 20205, The Emergency Medical Services and Injury Prevention System Branch (EMSIPSB) Suicide Prevention Section was awarded \$180,000 for Year 2 from the Substance Abuse and Mental Health Services Administration (SAMHSA) to reduce suicide risks of EMS personnel serving rural Hawaii through training, resources, and enhancement of peer support network.
- In 2025, EMSIPSB was awarded \$792,884.68 for Year 3 as a pass-through from the Department of Transportation (DOT) National Highways Traffic Safety Administration (NHTSA) to implement new Emergency Medical Services (EMS) infrastructure projects including Health Data Exchange and Medical Communications (MEDICOM) updates.
- In 2025, EMSIPSB, Emergency Medical Services for Children (EMSC) Section was awarded \$190,650.00 for Year 3 from Health Resources and Services Administration (HRSA) to promote improvements in Emergency Medical Services (EMS) for Hawaii's Keiki.
- In 2025, EMSIPSB was awarded \$195,908.00 for Year 4 from The Centers for Disease Control and Prevention (CDC) to promote Advancing Surveillance of Violent Deaths Using the National Violent Death Reporting System (NVDRS).
- The Disease Outbreak Control Division (DOCD), Immunization branch (IMB) experienced an initial funding cut of \$767,569, representing a 16% reduction from anticipated funding in this year's FY26 core immunization award. Over 90% of the IMB budget is dedicated to maintaining staff and salaries. Due to these reductions, IMB was unable to procure mobile vaccine services and had to scale back or delay planned Immunization Information System enhancements and support activities. The impacts include limited ability to conduct targeted outreach, respond quickly to community needs, and support school-

located clinics as well as placing additional strain on a system that is central to immunization tracking, provider reporting, and public health response.

- Epidemiology and Laboratory Capacity for Infectious Diseases (ELC) core funding is awarded annually. Funding in FY26 remains level with \$3,077,766 awarded; however, there is a high degree of uncertainty about future federal funding for ELC core cooperative agreement funds and other federal cooperative agreements. This award fully funds 6 positions and substantially funds 11 positions. If ELC core funding is rescinded or cut in future years, the detection, prevention and response to infectious disease outbreaks would be impacted.
- Eleven Epidemiology and Laboratory Capacity for Infectious Diseases supplemental awards totaling over \$147 million were awarded in beginning of 2020 through the year of 2024. Unspent balances of about 50 million dollars as of 12/22/2025 are due to expire 7/31/26. Four awards are at risk of earlier pullback with total unspent of \$44.7 million. These awards fund 44 state employees and support a broad range of functions to respond to infectious diseases such as COVID-19, avian and other novel influenza variants, and provide key public health data including state hospital bed capacity.
- While this year's Public Health Emergency Preparedness (PHEP) fund remains level with prior years, because cost of living and salaries have gone up, level funding no longer covers full salaries for all positions funded through this award in the past.

Budget Requests in Relation to Strategic Objectives, Goals, and Performance Metrics

The DOH continues to have a significant number of vacancies that impact its work and add stress to current employees. As the job market improves and there are more potential applicants, having competitive wages and benefits and a timely and efficient hiring process can help with increasing the much-needed additional staff.

Given the current fiscal situation, we request general funds for only the most critical items. The fiscal year 2027 supplemental budget for the Department of Health provides for no new

general funded FTEs and for \$16,188,168 additional general funded resources. The priority requests are highlighted below with background information.

- HC-02 (HTH 730/MQ) \$8,067,168 in general funds for contracted emergency medical services for Kauai and Maui.
- HC-03 (HTH 430/HQ) \$2,500,000 in general funds for Hawaii State Hospital to cover overtime and other payroll costs. HSH has been actively working to reduce the need for overtime. These efforts include reducing patient census and more active and aggressive recruitment efforts to decrease vacancies. Despite these efforts, additional funding for overtime is still necessary.
- HC-14 (HTH 720/MP) \$121,000 in general funds for contracted services to assist with the recurring subscription and maintenance cost for the Customer Relationship Management (CRM) System. This database is used for all facilities licensed by OHCA and will allow the capability for automated processing that include license renewal inspection scheduling, automated invoicing of license fees and the ability to make online payments directly within this system.
- HC-21 (HTH 430/HQ) \$5,500,000 million in general funds for Contracts for Psychiatric Beds for Hawaii State Hospital (HSH). These funds are currently utilized in the effort to reduce patient census. Patient care is a priority for HSH and these funds ensure that patients are receiving a proper level of care at an appropriate facility suited to their needs.

Priority requests for other than general fund resources are:

- HC-04 (HTH 131/DC) \$30,000,000 in special funds (B) to allow DOH to purchase vaccine using funds it collects from health plans pursuant to Act 175, SLH 2025.
- NG-49 (HTH 840/FH) \$50,000,000 in special funds (W) for the Drinking Water State Revolving Fund Loan Program. This request is for an appropriation ceiling increase to accommodate the additional federal funds from the Infrastructure Investment and Jobs Act (IIJA) (formerly Bipartisan Infrastructure Law (BIL)) supplemental grants and Supplemental Appropriation for Hurricanes Helene and Milton and Hawaii Wildfires (SA-HMW).
- NG-50 (HTH 840/FK) \$60,000,000 in special funds (W) for the Clean Water State Revolving Fund Loan Program. This request is for an appropriation ceiling increase to accommodate the additional federal funds from the IIJA (formerly BIL) supplemental grants and SA-HMW.

- NG-54 (HTH 840/FJ) 5,000,000 in special funds (B) from the Deposit Beverage Container (DBC) Special Fund. Statute requires that the DBC program be audited every other year with FY24 being the most recent audit. The audit identified multiple deficiencies for the program to address. The appropriation ceiling increase will enable the program to respond to the auditor's recommendations, such as contracting for auditing services for DBC distributor payments and Certified Redemption Center claims.
- NG-55 (HTH 849/FD) \$1,500,000 in special funds (W) for the Environmental Response Revolving Fund. This request is to remove the appropriation ceiling to accommodate potential need to fund the Environmental Health Administration through an emergency response which may cost more than \$1,500,000.
- HC-72 (HTH 596/KM) \$2,100,000 in special funds (B) for the Office of Medical Cannabis Control and Regulation Special Fund for the establishment of a state reference laboratory for medical cannabis and hemp.

Capital Improvement Projects Being Requested for FY 27:

- \$2,525,000 for FY27 for Kalaupapa Settlement's removal of underground storage tanks.
- \$9,400,000 for FY27 for the State Lab's phase 1 renovation of the Kamauleule building.
- \$1,000,000 for FY27 for Developmental Disabilities Division's health and safety improvements for the Waimano Hale Complex.
- \$1,000,000 for FY27 for General Administration's health and safety improvements for health centers.
- \$1,615,000 for FY27 for Environmental Health's Hale Ola building roof replacement.
- \$2,000,000 for FY27 for General Administration's improvements of DOH buildings statewide.

The Executive Supplemental requests also include trade-off transfer requests which consist of housekeeping adjustments to reduce negative personal services adjustment budget lines and other housekeeping requests to fold in statutorily exempt positions and align the budget to previously acknowledged reorganizations. Federal fund adjustment requests are also being submitted to align the federal budget ceiling with updated actual and anticipated federal fund awards.

We appreciate the consideration of our resource requests to protect and promote the physical, behavioral, and environmental health for the people of Hawaii. The DOH is the statewide public health agency focusing on populations and prevention and working to ensure that all residents have a fair and just opportunity to achieve optimal health and well-being.

Division	Description of Function	Activities	Prog ID(s)	Dept- Wide Priority	Statutory Reference
CDPHND	Expands DOH services in all communities statewide on emergency preparedness/response, communicable disease, health promotion, disease prevention and school health. Focused on the health of populations, communities, and the individuals and families living in them to promote healthy lifestyle choices and assure access to public health nursing services. Community engagement informs DOH policy development/enforcement.	Provides multifaceted clinically skilled work that includes disease/health event investigation, health/ developmental screening, referral/follow up, outreach, home-visiting, case management, health/nursing consultation, surveillance of access sites, coalition building, community organizing, and advocacy across the lifespan for vulnerable populations with health conditions, optimizing health and preventing further disability.	HTH100/KJ	H	HRS Section 321-1.7
CDPHND	Manages, coordinates and provides statewide tuberculosis prevention, detection, intervention, and treatment to prevent and control tuberculosis and development of drug-resistant TB. Hawaii has the highest state incidence of tuberculosis, primarily related to immigration and migration.	Coordinates and provides screening for active TB disease and TB infection using TB skin testing, blood tests and X-rays. The clinic provides direct patient care for complex TB cases and oversees the treatment of cases in neighboring islands and the medical community. PHNs, MDs, pharmacists, and outreach workers evaluate, and monitor patient compliance with treatment protocols, as well as investigate and manage contacts of infectious TB cases. "TB Case Review", "TB Cohort Review" and other program evaluation tools provide comprehensive program evaluation and direction, and facilitate collection of relevant data for surveillance, statistical reporting and analysis of trends.	HTH100/DD	H	HRS Chapter 325.2; HAR Title 11, Chapter 164.2
CDPHND	Prevents the spread of Hansen's disease through case management, treatment and epidemiological follow up of new cases. Also provides case management to prevent and treat sequelae of Hansen's disease in accordance with statute. (87% of the HD Control Program is funded through federal funds).	Identifies and manages all new cases of Hansen's disease, providing diagnosis, treatment, epidemiological follow-up and case management. Prevents and treats HD-related complications and disabilities.	HTH100/DE	H	HRS Chapter 326; HAR Title 11, Chapter 168
CDPHND	Provides administrative services, program planning and legislative support for STD control. Administers programs for the surveillance, prevention and control of STDs statewide.	Provides STD prevention, diagnosis and treatment at the Diamond Head STD Clinic and statewide in collaboration with district public health offices, community based organizations and health care providers. Carries out STD case follow up and partner notification to prevent ongoing transmission and re-infection. Coordinates STD surveillance statewide and monitors emerging antimicrobial resistance to prevent treatment failures.	HTH100/DH	H	HRS Chapter 325
CDPHND	Provides administrative services, program planning and legislative support for HIV control. Administers programs for the surveillance, prevention and control of HIV statewide.	Provides HIV prevention, counseling, testing and referral to care statewide to reduce HIV transmission, directly and through contracts and collaboration with community agencies. Supports services for individuals with HIV to access appropriate medical care and prevention counseling to prevent ongoing transmission. Provides mandated surveillance of HIV/AIDS.	HTH100/DI	H	HRS Chapter 325
CDPHND	Provides a secure living environment and medical care for the patients of Kalaupapa in accordance with HRS Chapter 326.	Provides medical, and nursing services for Kalaupapa registry patients in Kalaupapa. Maintains infrastructure to support the Kalaupapa community, including housing, food, transportation, equipment, utilities, and emergency management.	HTH100/DG	H	HRS Chapter 326
CDPHND	Hale Mohalu on Oahu permits a higher level of medical care for the Kalaupapa patients than can be provided at the Kalaupapa nursing facility. Patients are also triaged or re-admitted to the Hale Mohalu health care facility on their way to/from tertiary care in the community hospitals and subspecialty medical outpatient care to ensure continuity of patient care.	Provides Kalaupapa patients with coordinated medical, nursing, and rehabilitative care, particularly for services on Oahu that cannot be provided in Kalaupapa.	HTH100/DF	H	HRS Chapter 326
CDPHND	Provides coordination, oversight, and policy direction for four distinct statewide programs that focus on prevention and control of HIV, tuberculosis, Hansen's disease, and sexually transmitted diseases as well as Public Health Nursing services and activities. Communicable disease control in this division requires careful approaches in difficult to reach populations that are characterized by immigration/migration, unfair stigmatization, poverty, or alcohol/drug abuse. Treatment to prevent transmission is often prolonged and may be life-long. Incorporating social and behavioral determinants of health are essential to this division's function.	Plans, directs, and reviews planning, programming and budgeting activities coordinating with departmental administrative offices, division branches, and other agencies. Reviews and recommends personnel actions, and investigates and resolves issues relating to employee grievances, program challenges and problems. Provides division-wide medical consultation, clinical direction through medical, nursing, and other public health standing orders, investigates and appropriately addresses public health/medical concerns for division programs, and reviews all division federal grants as principal investigator and financial officer.	HTH100/KE	H	HRS Section 321-1.7; HRS Chapters 325 and 326; HAR Chapters 156 and 164.2
CDPHND	Funds 2 RNs for medically fragile.	Provides multifaceted clinically skilled work that includes health event/disease investigation, health and developmental screening, referral and follow up, outreach, home-visiting, case management, nursing consultation, surveillance of access sites, coalition building, community organizing, and advocacy across the lifespan for vulnerable populations with health conditions, optimizing health and preventing further disability, with a focus on children with medically fragile conditions. Division	Description of Function	Activities	Prog ID(s)	Dept- Wide Priority	Statutory Reference
DOCD	The Disease Outbreak Control Division is the strategic lead for any large-scale Departmental investigation of or response to disease outbreaks of public health significance impacting Hawaii residents and visitors. The Division oversees two major programs, Disease Investigation and Immunization, and generally oversees surveillance and response activities pertaining to infectious and other imminent health threats, including healthcare associated infections.	Prepare for and respond to emerging threats (e.g., COVID-19, Ebola, mpox virus infection) of outbreak potential, infectious or otherwise, as well as more common infectious disease issues. Monitor disease conditions to provide early warning of potential threats and interprets data to guide public health action. Coordinate among programs to improve security, stability, interoperability, and usefulness of data systems to support disease surveillance and response functions. Strengthen collaborations in these endeavors between the Department of Health and multiple other partners, including clinical commercial laboratories, hospitals, schools, emergency management agencies, private organizations, and military among others, to address the threat of emerging infectious diseases and bioterrorism/man-made events.	HTH131/DA	H	HRS §321-4.3; §321-31; §325-5
DOCD	Immunization Branch promotes the use of vaccines to prevent the incidence and spread of infectious diseases; provides a central repository for statewide immunization information; assesses the impact of vaccine use on disease trends and spread; and conducts surveillance for and investigate vaccine-preventable disease cases/outbreaks. When available, the program also distributes and coordinates administration of federally provided vaccines (e.g., COVID-19, Vaccines for Children, Stop Flu at School).	Educate public health and providers regarding vaccines; order and distribute vaccines for the Vaccines for Children program and mass vaccination campaigns (e.g., COVID-19); coordinate vaccination clinics in response to identified public health needs (e.g., COVID-19, disruption of medical services due to emergencies such as Maui wildfires, school-located vaccine clinics); conduct school vaccine assessments; maintain vaccine-preventable disease surveillance; conduct vaccine-preventable disease investigations of cases/outbreaks (e.g., COVID-19, hepatitis A and mumps outbreak responses); maintain the Hawaii Immunization Registry (HIR) to capture immunization information statewide; order vaccine for the Vaccines for Children program through the HIR.	HTH131/DC	H	HRS §302A-1133; §302A-1154 to 1163; §321-29; §321-32; §325-1 to 6; §325-8; §325-15; §325-32 to 38; §325-121; and §353-15
DOCD	Disease Investigation Branch protects the health of the public by monitoring infectious and other diseases of public health importance to track disease incidence, trends, and impact on public health; investigates disease outbreaks and single cases of important or unusual diseases; recommends improved disease prevention methods to appropriate partners and implements measures to control disease spread; and provides guidance for clinicians regarding diagnosis, prevention, and control of infectious diseases.	Conduct surveillance for routine foodborne illnesses (e.g., E. coli, Salmonella), influenza, other respiratory diseases including COVID-19, and arboviral diseases; maintain healthcare associated infections and antimicrobial resistance surveillance and collaborate with healthcare partners to strengthen infection control in health facilities and curb antimicrobial resistance; conduct investigations of and respond to outbreaks of non-vaccine preventable disease; educate the public and healthcare providers about diseases of concern. AMHD	Division administrative services.	Provides for the leadership, fiscal activities, human resources activities, contracting activities, planning, evaluation, monitoring, utilization management, quality management, performance improvement, policy setting, and executive management of the Adult Mental Health Division.	HTH420/HB, HTH420/HP	H	Chapter 334, HRS
AMHD	Court ordered evaluation services.	Provision of court ordered examinations including fitness examinations and examinations for penal responsibility for defendants using an insanity defense. Conducts court ordered examinations for legally encumbered individuals ordered to Hawaii State Hospital before the court considers motions for Conditional Release.	HTH420/HG	H	Sections 704-404, 571-22, HRS
AMHD	Contracted services for adults with serious mental illness.	Provision of contracted services including community based case management services, crisis services, housing services, treatment services, and other rehabilitative services. The population served are adults with serious mental illness or are court ordered to the care of the Director of Health and are living in the community. Crisis services, including crisis line services, are also provided to the general population of the State.	HTH420/HO	H	Chapter 334, HRS
AMHD-HSH	Providing 24 hour/day care for individuals with severe mental illness deemed dangerous by a court and remanded to the custody of the Director of Health	The Hawaii State Hospital (HSH) is the only state operated acute psychiatric hospital in Hawaii, and serves patients from all islands in the State. The hospital is licensed by the State of Hawaii, Department of Health, accredited by The Joint Commission and operates 297 licensed beds for the treatment of seriously mentally ill adults (at least eighteen years of age), who have been court committed to the facility for care and treatment. Many of the psychiatric patients have medical co-morbidities and/or substance abuse disorders which could lead to potential health risks that may require medical care and treatment. ADAD	HTH440/HO consists of State, federal, and special funds that are contracted to provide substance abuse prevention and treatment services statewide.	Unlike other agencies, ADAD does not provide direct services; all substance abuse prevention and treatment services are procured and contracted. It is important to note that reductions in General Funds may generate a corresponding dollar-for-dollar reduction in federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds, which will significantly reduce the number of participants served in substance abuse prevention activities, and adults and adolescents who can be admitted for substance abuse treatment services.	HTH440/HO	H	Part XVI (Sections 321-191 thru -198) of Chapter 321 HRS, relating to substance abuse; Section 329-40 HRS, relating to methadone treatment programs; Sections 321-191 and -194; Sections 329-2, -3, and -4; and Sections 334-10 and -11, HRS, relating to the Hawaii Advisory Commission on Drug Abuse and Controlled Substances (HACDACS); Sections 321-16.5 and 321-16.6, relating to special treatment facilities and therapeutic living programs, respectively; Chapter 42F, HRS, relating to grants and subsidies; Chapter 103F, HRS, relating to purchases of health and human services. ADAD	HTH440/HD Organizational functions are: Administration; Administrative Management Services Office, Quality Assurance and Improvement Office, and the Planning, Evaluation, Research and Data Office.	Division Administration develops, coordinates and supports the implementation of innovative substance abuse services and programs, and directs the Division's legislative program and activities on substance abuse, and provides effective intra- and inter-departmental coordination. The Administrative Management Services Office oversees the Division budgeting, financial management, and human resources functions. The Quality Assurance and Improvement Office develops and implements a system-wide quality assurance and improvement program that incorporates staff, community, and consumer involvement. The Planning, Evaluation, Research and Data Office plans, coordinates, and conducts planning, evaluation, research and data collection and analysis to support the development of policies, programs, state plans and services related to substance abuse.	HTH440/HD	H	Part XVI (Sections 321-191 thru -198) of Chapter 321 HRS, relating to substance abuse; Section 329-40 HRS, relating to methadone treatment programs; Sections 321-191 and -194; Sections 329-2, -3, and -4; and Sections 334-10 and -11, HRS, relating to the HACDACS; Section 329E-6, relating to opioid prevention and emergency response; and Sections 321-16.5 and 321-16.6, relating to special treatment facilities and therapeutic living programs, respectively. Public Health Service Act, Title XIX, Part B, Subpart II & III, SAPT Block Grant; P.L. 102-321 ADAMHA Reorganization Act; P.L. 106-310 Amendments to the Public Health Service Act; P.L. 116-260, Coronavirus Response and Relief Supplement Appropriations Act of 2021; P.L. 117-2, American Rescue Plan Act of 2021; Section 711 of the Social Security Act (42 USC 711(c)); P.L. 104-191, Health Insurance Portability and Accountability Act (HIPAA) of 1996; P.L. 103-62, Government Performance Results Act (GPRA) of 1993; 45 CFR Part 96.45, 96.51, and 96.120-121 SAPT Block Grant Interim Final Rule; 42 CFR Part 2, Confidentiality of Alcohol and Drug Abuse Patient Records; 45 CFR Part 96.130 Tobacco Regulation of SAPT Block Grant; 42 CFR Part 54 and 54a, Charitable Choice provisions; final rule.
ADAD	HTH440/HT consists of the Treatment and Recovery Branch that oversees the planning, development, and contracting of substance abuse treatment, intervention, and recovery services; monitoring of contracted providers and services; provision of consultant services and technical assistance related to substance abuse prevention, intervention, and treatment to the public and private sectors; and education of the public and private sectors regarding prevention and clinical issues in the substance abuse field. HTH440/HT was transferred out from old Org Code and Program ID HTH440/HR to align the positions and funds with the ADAD Reorganization.	The Treatment and Recovery Branch (TRB) coordinates, develops and administers programs that promote access to clinically sound and cost-effective substance abuse treatment, recovery and support services. TRB provides consultation and collaborates and coordinates substance abuse treatment services with other organizational segments of the division, other divisions, other state departments, community groups, and service providers. It is important to note that reductions in General Funds may generate a corresponding dollar-for-dollar reduction in federal SAPT Block Grant funds, which will significantly reduce the number of participants served in substance abuse prevention activities, and adults and adolescents who can be admitted for substance abuse treatment services. TRB also administers special projects, including but not limited to the Hawaii Screening, Brief Intervention and Referral to Treatment (SBIRT) Project and the Hawaii Opioid State Targeted Response (STR) Project. ADAD	HTH440/HU consists of the Prevention Branch that develops, maintains, and implements a comprehensive statewide plan for substance abuse prevention services; coordinates and collaborates in the planning and implementation of effective substance abuse prevention services with community groups, private and public agencies, federal funding sources, and consumers; and provides knowledge and expertise in the field of substance abuse prevention and assures technology transfer to support and improve substance abuse prevention services.	The Prevention Branch (PB) develops performance standards and outcomes to be achieved by service providers contracted to provide substance abuse prevention services in compliance with federal and state requirements; develops, executes, and monitors contracts for substance abuse prevention services; provides substance abuse prevention related consultation and assistance to other divisions within the Department, other state departments and private sector organizations; collaborates and coordinates substance abuse prevention services with other organizational segments of the division, other state departments, community groups, and service providers; provides substance abuse prevention expertise in securing and administering public or private funds and grants; and administers special projects, including but not limited to the Strategic Prevention Framework - Partnerships for Success (SPF- PFS) and the Hawaii State Tobacco Enforcement Contract (FDA). CAMHD		The CSO oversees the critical placements and issues with clients, staff training, and program reviews statewide, within the Division as well as contracted providers. The HSMO provides facility certification and credentialing of CAMHD staff and contracted providers, adjudication of all billing to insurance companies for appropriateness and proper documentation, management of the Electronic Health Record and quality assurance. PICO provides provider relations; communication; web based content; research and evaluation of data to provide better care to the youth, and; public legislative review.	HTH460/HF	H	
CAMHD		CASO handles all contracting, procurement, fiscal and personnel matters. D2W is a program through a federal grant dedicated to the development of outcome measures to better treat the youth within the system of care; continuance of the wraparound program started with Kaeru to provide the peer support to youth and; to guide and implement the Trauma Focused Task Force within the State.	HTH460/HF	H	
CAMHD	Support functions to CAMHD registered clients that do not have funding for other supports through Federal Funded Programs.	These funds are used to fund the federally mandated program for First Episode Psychosis for adolescents and young adults; support and contracts for mental health services for youth without homes; the Family Support Organization Contract; staff and contracts for trauma informed care; Telehealth and Electronic Health Record equipment; staff to support evaluation and information systems; a coordinator for the Hawaii Interagency State Youth Network of Care (an organization promoting partnerships, community outreach and needs assessment); and clinical training and education. Medicaid Funding is used to provide contracted Mental Health Services to the children and adolescents across the state of outpatient and inpatient services, along with General Fund monies for those youth that do not meet the Medicaid eligible criteria, the state match and the costs that exceed the Medicaid rates to provide the services to the youth. DDD	Purchase of Service Contracts include: Long-term Adult Supports and Services, Crisis Services and Residential Supports. Developmental Disabilities Domiciliary Homes - 128 five bed group homes and apartments that house individuals with severe medical, developmental and intellectual disabilities who qualify for institutional care. These services are required under HRS Section 333F-2. Crisis Contract provides emergency response, crisis stabilization and crisis residential to individuals in DDD who may experience a mental health or family crisis.	Purchase of service programs (health and human services) for those individuals not eligible or awaiting eligibility determinations for Medicaid 1915(c) waiver services. The goals for purchasing the service programs include ensuring individuals' health and safety, and increasing individuals' natural supports, ability to be integrated into the community, self-determination and independence. Crisis services focus on ensuring physical and psychological safety, and preventing placement disruptions.	HTH501/CM	H	Chapter 333F, HRS
DDD	Medicaid 1915(c) Home and Community-Based Services (HCBS) Waiver serves individuals with moderate to profound intellectual and developmental disabilities (I/DD) who would otherwise receive services in an institution due to the severity of their cognitive and/or physical disabilities. Services provided in homes and communities include personal assistance/habilitation, community learning services, emergency stabilization services, respite, employment supports, training and consultation, specialized medical equipment, home and vehicle modification, adult day health, and private duty nursing. The HCBS waiver provides services for over 3000 people per year in the community at a cost that is significantly lower than the cost of institutional care. The State currently receives Federal Financial Participation (FFP) at the FY2021 rate of 53.02%	State match for Title XIX of the Social Security Act Medical Assistance program to operate the Medicaid 1915(c) Home and Community Based Services (HCBS) Waiver. The 1915(c) HCBS waiver must meet all requirements of the Medicaid Community Integration Final Rule in order to draw down Federal Medical Assistance Percentages (FMAP). DDD operates an array of HCBS services that support individual with substantial intellectual and developmental disabilities to live in the community versus in institutional settings. Due to new and increasing oversight and enforcement of federal requirements, DDD has instituted a number of modernizations to the HCBS waiver including updates to service requirements to enhance oversight and support community integration, instituting new services to increase participation in the community, building of more person-centered case management practices, adoption of the Supports Intensity Scale (SIS) assessment to align individuals' budgets with their support needs, and aligning provider payment rates with the actual costs of service provision. DDD	Directs the administration of the statewide case management system for persons with intellectual and developmental disabilities and their families including overall planning, budgeting, coordination and management of the Case Management Branch.	Administers the statewide case management system for persons with I/DD and their families or guardians. Ensures the development of person-centered plans for all clients in the DDD system through the development of policy and procedures, development and consistent implementation of standards, and a supervisory system. Develops and maintains standardized forms for use in the client management system. Administers Branch budget and fiscal policies and procedures in compliance with State and departmental directives. Ensures case management compliance with the requirements of the Medicaid 1915(c) Home and Community Based Services waiver. Provides clinical processes for case managers to interact with the Clinical and Eligibility Determination Staff to support interdisciplinary teaming for people with complex needs.	HTH501/CU	H	Chapter 333F, HRS
DDD	The Community Resources Branch oversees the development of resources, services, and supports for DDD individuals with I/DD including assuring implementation and quality of the Medicaid HCBS Waiver by the provider network, and resources to assist individuals with housing, employment, and activities for self-determination and full community integration. Provides overall budget management and administration of the Branch. Oversees the Neurotrauma Program in accordance with HRS § 321H.	Oversees the development, application process and reporting requirements of required assurance for the Medicaid 1915(c) Home and Community Based Services waiver. Develops and monitors 1915(c) waiver standards for the provider network. Initiates and coordinates the development of new and existing resources and services for individuals with I/DD in the areas of housing, employment, and self-determination, including community integration activities. DDD	The HCDSB operates dental clinics and performs dental treatment for institutionally and community placed disabled persons who have very limited access to private sector dental services. Access is limited for adults with developmental, behavioral and medical problems due to a high risk of health complications and a lack of reimbursement for dental care for this population.	HCDSB is the only state dental program that provides direct dental treatment services to the community. HCDSB provides dental treatment services for adults (over 20 years old), and for Medicaid patients who are classified as aged (over 65 years old), blind, disabled or other special needs who lack access to private sector dental services. HCDSB provides dental services to patients who reside at Hawaii State institutions, including the Hawaii State Hospital, Leahi Hospital, and Kalaupapa Settlement, as well as to patients who reside in the community. HCDSB has five (5) dental clinics located at the Department's Health Centers on Oahu (Diamond Head, Lanakila, Leeward, and Windward), and the Hawaii State Hospital. Currently there are no dental clinics located on the Neighbor Islands. In addition to the dental services provided at the HCDSB clinics, dental procedures will now be provided (limited) in a hospital setting under general anesthesia as needed. DDD	The Outcomes and Compliance Branch (OCB) oversees the DDD Quality Assurance and Improvement Program (QAIP), monitors case management functions as required by the Medicaid HCBS Waiver, oversees the adverse events reporting and management system, manages first level service and eligibility appeals and mortality reviews, maintains a training program for DDD, coordinates the National Core Indicator assessments, certifies Adult Foster Homes, investigates and resolve complaints, and operates the DDD utilization management program.	OCB oversees the DDD quality assurance and improvement program, which is the overarching structure for managing quality and implementing program improvements based on systematic monitoring and tracking and analysis of data trends and patterns. The QAIP conducts ongoing and regular internal monitoring to review processes and measures to continuously improve services. To ensure quality client outcomes using best practices this section develops, monitors and evaluates quality improvement processes that is data driven. OCB conducts consumer and family surveys. Training needs are identified based on critical measures and outcome analysis and implement the National Core Indicator (NCI) Project. OCB is responsible for monitoring DDD case management practices, programs and participants' outcomes, and certifies Adult Foster Homes and caregivers in accordance with HAR. The OCB Training Unit provides training for DDD staff, participants, and their families to support the core initiatives of the Division and staff competencies at all levels. DDD	Per Section 321H-2 HRS, the Department of Health shall develop services for survivors of neurotrauma injuries. This statute establishes a special fund from traffic fines to identify and meet the needs of persons with severe neurotrauma and with oversight from two advisory boards to administer the neurotrauma special fund. This CRB branch utilizes this fund to: 1) provide education for the prevention of neurotrauma; 2) assist individuals and family members to obtain services; 3) maintain a Registry of Incidents, prevalence, and outcomes for survivors of traumatic brain injury; and 4) contract to provide peer mentoring for survivors to reintegrate into the community. It is critical that this resource be available as there are no other supports to address the needs of traumatic brain injury survivors.	Develops, implements and monitors a comprehensive system of statewide supports to address the needs of people with Neurotrauma injury and their families.	HTH501/JN	H	Chapter 321H, HRS
DDD	DDD case management system is governed by Section 333F-2 mandating DOH to "develop, lead, administer coordinate, monitor, evaluate & set direction for a comprehensive system of supports & services for persons with developmental disabilities or intellectual disabilities....." Case managers provide critical functions on all islands serving 3,500 individuals with intellectual and developmental disabilities (I/DD). Case managers ensure quality care & services are delivered and health and safety of participants is ensured.	Provides case management system across the State to persons with intellectual and developmental disabilities (I/DD) and their families and guardians. Works with persons with I/DD and their families to identify what is important to the person; identify what supports the person has, wants, needs; identify what supports are necessary to assure the individual's health and safety and well-being; assist individuals in developing a plan to support them in their desired life; and assists individuals in obtaining supports and services needed. Case managers are responsible for core 1915(c) waiver requirements including ensuring choice of providers, using assessments to understand needs, family engagement and communication, development of person-centered plans based on assessed needs, ensuring services are authorized and delivered, monitoring of individualized supports budgets, monitoring and responding to any change in person's conditions or life situation, responding to crisis situations, coordinating with hospitals around psychiatric admissions as well as across-the-board, discharge planning, locating residential placements when necessary. As well, case managers work with DDD participants that are not in the 1915(c) waiver.	HTH501/JO HTH501/JQ HTH501/JR HTH501/JS	H	Chapter 333F, HRS

FHSD	Women's and Reproductive Health	Administers a statewide system of health services to address the needs of high-risk populations including adolescents, men, women, and hard to reach populations in their reproductive years. Promotes strategic planning methods that engage community services and stakeholders and addresses health disparities impacting access to quality care across the lifespan. The Reproductive Health Services Unit assists individuals in determining the number and spacing of their children and promotes positive birth outcomes and healthy families. The education, counseling and medical services available through state funded clinical programs assist with achievement of this goal. The Perinatal Support Services Program strives to reduce factors that contribute to infant mortality and provides an array of services to address risk factors that lead to poor birth outcomes. The Adolescent Health Unit partners with teen serving community organizations, parents, and teens to identify priorities for advancing adolescent health and leverages grants and funding, trainings, and cross-sector programming to build community capacity to address and improve adolescent health across the state.	HTH560/CW	H	HRS §321-321, Maternal and Child Health Program
FHSD	Family Support & Violence Prevention.	Administers a statewide system of family support, positive parenting, and violence prevention programs across the lifespan for prenatal, infants, youth, and adults. Develops initiatives and training/education on family and intimate partner violence prevention through partnerships with public-private agencies. Administers Domestic Violence & Sexual Assault Special Fund, Child Death Review, Domestic Violence Fatality Review, Hawaii Children's Trust Fund, and 2 federal grants: Rape Prevention and Education and Community-Based Child Abuse Prevention (CBCAP). The CBCAP program supports community-based efforts to develop, operate, expand, enhance, and coordinate initiatives, programs, and activities to prevent child abuse and neglect and to support the coordination of resources and activities to better strengthen and support families to reduce the likelihood of child abuse and neglect. FHSD	Children with Special Health Needs	Children with Special Health Needs Branch works to improve access for children and youth with special health care needs (CYSHCN) to a coordinated system of family-centered health care services and improve outcomes, through systems development and supporting families to meet their health and developmental needs. Children and Youth with Special Health Needs Section both supports system development and provides direct "safety net" services (including service coordination, clinics, and financial assistance for pediatric specialty services) for CYSHCN age 0-21 years. Newborn Metabolic Screening Program assures that infants born in Hawaii are screened for disorders with serious consequences such as intellectual disability or death, and provides tracking and follow-up. Newborn Hearing Screening Program assures that infants born in Hawaii are screened for hearing loss, and provides tracking and follow-up. Genetics Program promotes prevention, detection, and management of genetic disorders; provides genetics education; and works to improve access to genetic services. Birth Defects Program collects information to monitor birth defects statewide. Childhood Lead Poisoning Prevention Program works to reduce lead exposure, by strengthening blood lead testing, surveillance, education, outreach, and linkage to services. EHSD	EHSD optimizes prevention and compliance, public health and environmental health practices through statewide programs.	EHSD administers the Sanitation and Environmental Health Special Fund that supports outreach and staff trainings and competencies and coordinates statewide activities; oversees management of functions of the various branches -- establishes broad program policies and strategic goals; facilitates effective administrative systems for delivery of services; coordinates services; interprets complex cases pertaining to branch programs; coordinates activities for emergency response; develops new laws, rules, or amendments; reviews violation of rules; coordinates budget and personnel processes; coordinates training and outreach programs; and directs performance standards within the division.	HTH610/FL	H	Implements and coordinates programs under Chapters 321, 322, 328, 330, 332, 339, 342F, 342P, 466J, and 469, HRS.
EHSD	The Vector Control Branch protects public health by suppressing outbreaks of potential vector-borne diseases throughout the State of Hawaii by timely surveillance for new or introduced vector species, and abatement of rodents and other small animals, mosquitoes, and other vectors of medical significance that transmit disease and/or impair public well-being.	The branch conducts assessments in the areas of biological control methods for vectors, performs inspections of chronic vector breeding sources, monitors the population trend of major vectors on a statewide basis, controls vector breeding areas through the application of chemicals or biological predators, and follows up on inspection and surveillance items that may pose a threat to public health or the environment, and provides information and recommendations on the control and eradication of vectors to the public. EHSD	The Food and Drug Branch safeguards public health by ensuring that food, drugs, medical devices, and certain other consumer products are safe. The branch priority is food product safety, given the large number of product recalls and outbreaks of foodborne illnesses that occur nationally and locally, but it also enforces pharmaceutical compliance and proper labeling of food and drug products.	The branch partners with the U.S. Food and Drug Administration and DOH's laboratory to conduct sentinel monitoring of various food products to test for foodborne contaminants. Additionally, the pesticide residue monitoring program is a compliance program to monitor the level of pesticide chemical residues in locally grown agricultural products to ensure that they do not exceed U.S. Environmental Protection Agency limits. The branch also ensures that food and drug products that are deemed adulterated, misbranded, and/or mislabeled are removed from sale through inspection and enforcement. The branch also assists with food and drug safety issues after natural disasters as needed. EHSD	The Food Safety Branch (formerly Sanitation Branch) regulates, educates, and services the community regarding food safety, disease prevention, and environmental health. Its primary function is food protection, a complex program focusing on public health practices through education, partnerships, prevention, assessment, and compliance.	The branch permits and inspects retail food establishments; assesses and assures that care homes meet sanitation requirements; inspects all public and private schools, milk plants and dairies; licenses tattoo artists and embalmers; and permits and inspects tattoo shops, mortuaries, and public swimming pools. EHSD	Indoor & Radiological Health Branch: The Noise Section implements the statewide community noise program through enforcement of maximum permissible sound levels and issuance of permits/variances for stationary noise sources, agricultural, construction and industrial activities. The Radiation Section assures radiation protection for users and the general public through radiological incident response, licensure and inspection of radiation facilities with electronic products emitting ionizing radiation, licensure of radiation services, and administrative support to the Radiologic Technology Board. The Indoor Air Quality Unit protects and enhances indoor health and minimizes public exposure to indoor air pollutants through proper design, installation and maintenance of air conditioning and ventilation systems and complaint investigations. The Asbestos & Lead	The branch conducts assessments and develops policies and regulations to assure safety in the fields of noise, radiation, mechanical ventilation, indoor air quality, asbestos, and lead. Staff inspect radiation sources, sources of noise (construction, stationary, agricultural, and industrial), mechanical ventilation systems, indoor air quality, asbestos, and lead to assure they do not degrade the public health or the environment of the community. The branch monitors ambient environmental radiation levels by sampling and testing drinking water, air, and precipitation, and provides emergency response for radiological emergencies. It reviews plans for public buildings to assure conformance with ventilation requirements. The branch provides programs and information to the public and the regulated community to increase their awareness and understanding of environmental regulations and rules.	HTH610/FR	H	Chapters 321, 339K, 342F, 342P, and 466J, HRS; federal statutes: Clean Air Act, Toxic Substances Control Act, Mammography Quality Standards Act, Energy Policy Act, National Emissions Standards for Hazardous Air Pollutants (NESHAP); HAR, Title 11, Chapters 11-39, 11-41, 11-44, 11-45, 11-46, 11-501, 11-502, 11-503, and 11-504.
EHSD	Section protects public health and the environment from exposure to asbestos, lead and lead-based paint hazards through implementation of Hawaii Administrative Rules and the Neutral Administrative Inspection Scheme (NAIS), and also maintains asbestos/lead abatement accreditation, certification, and registration for asbestos/lead abatement individuals and entities. In addition, the entire Branch is a comprehensive platform for the State Radiological Response Team (also known as DOH RAD). This operational tactical team has a significant role in all radiological emergencies involving release of radioactive materials from U.S. Nuclear Regulatory Commission (NRC) and State licensees, nuclear propulsion activities at Pearl Harbor, and most importantly, chemical-biological-radiological-nuclear-explosive (CBRNE), or terrorist events.		HTH610/FR	H	
SLD	Provides chemical and microbiological analytical services to departmental programs and to various federal, state and county agencies concerned with drinking water, water pollution, and food. Evaluates and certifies laboratories involved in regulatory monitoring for contaminants. Provides quality assurance services for water and milk and environmental microbiology.	Includes Branch Chief, QA/ Certification officers; DUI/Substance Abuse/Medical Marijuana Program Officer for regulating testing of medical marijuana laboratories. Performs chemical contaminant (pesticides, herbicides, heavy metals, etc.) monitoring of public water systems, food products and recreational waters. Chapter 11-850, HAR Medical Marijuana Dispensaries; Act 241, Relating to Medical Marijuana. Drinking Water Act Public Law 23-523, and HAR Chapter 11-20.
SLD	Provides analytical services to departmental programs and to various federal, state and county agencies concerned with air pollution.	Coordinates and administers air surveillance activities through a statewide electronic system of remote-site state and national air monitoring networks. Conducts ambient air analysis for the state as required by the Clean Air Act. Reports data to EPA, DOH and public. Provides VOG alerts to Civil Defense, schools, and DOH. Provides additional monitoring for smoke particulates in lava flows (e.g., Pahoehoe).	HTH710/MH	H	Federal Clean Air Act and Amendments: (CAA § 101-131; USC § 7401- 7431 - Title I, Air Pollution Prevention and Control); 40 CFR Part 50 (Ambient Air Quality Standards); Part 52.21(Prevention of Significant Deterioration of Air Quality); Part 53 (Ambient Air Monitoring Methods); Part 58 (Ambient Air Quality Surveillance); Part 61(National Emission Standards for Hazardous Air Pollutants); Part 63 (National Emission Standards for Hazardous Air Pollutants for Source Categories);HRS, Chapter 342B, Air Pollution Control; HAR, Title 11, Chapter 59, Ambient Air Quality Standards) and HAR, Title 11, Chapter 60.1, Air Pollution Control.
SLD	Provides microbiological analytical services to departmental programs and to various federal, state and county agencies concerned with drinking water, water pollution, and food products. Provides technical and consultative services the Department's district health laboratories and other environmental laboratories in the State.	Conducts dairy products and shellfish testing in compliance with federal FDA; Conducts food response testing, drinking Water, and recreational water testing for bacteria; Conducts Leptospirosis and N. gonorrhoeae cultures testing; Complies with Chapters 340E and 342D, Hawaii Revised Statutes, and federal EPA regulations such as Clean Water Act, Safe Drinking Water Act, and federal CMS Clinical Laboratory Improvement Amendments (CLIA). Certified to pack and ship hazardous samples for identification; Ability to respond to emergencies & disasters, & public health protection for Hawaii County. SLD	The Hawaii District Laboratory provides diagnostic, regulatory and consultative laboratory services to private laboratories, private purveyors and various Federal, State and County agencies. It assists State Department of Health programs in the regulation of water, dairy and food products and in the diagnosis and control of communicable diseases. The laboratory aids DOH programs in the fields of public and environmental health.	Conducts food response testing to assist with Epidemiological investigations; Analyzes Drinking Water, and Ocean Water for bacteria in compliance with Chapters 340E and 342D, Hawaii Revised Statutes, and Federal EPA regulations such as the Clean Water Act and Safe Drinking Water Act; Tests clinical samples for STDs (Gonorrhea) in accordance with Federal CMS Clinical Laboratory Improvement Amendments (CLIA) standards; Certified to pack and ship dangerous goods according to Federal IATA regulations, for further workup; Ability to respond to emergencies & disasters, and provide public health protection for Maui County. Provides SARS-CoV-2 testing. EMD	Division Administration - The Environmental Management Division (EMD) is responsible for implementing and maintaining statewide programs for controlling air and water pollution, for assuring safe drinking water, and for the proper management of solid and hazardous waste. EMD also regulates a statewide program for wastewater systems and implements the Clean Water and Drinking Water State Revolving Funds.	In order to protect public health and the environment, EMD plans, organizes, directs, implements, and enforces the laws and rules relating to air and drinking water quality, pollution of our beaches and streams, handling of solid and hazardous waste, operations of wastewater systems, and loans to counties to upgrade their water and wastewater systems.	HTH840/FE	H	Clean Air Act, Clean Water Act, Safe Drinking Water Act, Resource Conservation and Recovery Act; HRS: 321-11(21), 321 Part IV, 339K, 340A, 340E and 342; HAR: Title 11 Chs. 11-19 Emergency Plan for Safe Drinking Water, 11-20 Rules Relating to Public Water Systems, 11-21 Cross Connection and Backflow Control, 11-23 Underground Injection Control, 11-25 Rules Relating to Certification of Public Water System Operators, 11-53 Section 401 Water Quality Certifications, 11-54 Water Quality Standards, 11-55 Water Pollution Control, 11-56 Nonpoint Source Pollution Control, 11-57 Sewage Treatment, 11-58.1 Solid Waste Management Control, 11-59 Ambient Air Quality Standards, 11-60.1 Air Pollution Control, 11-61 Certification Standards for Personnel Operating Wastewater Treatment Plants, 11-62 Wastewater Systems, 11-65 Environmental State Revolving Funds, 11-260.1 to 11-279.1 Hazardous Waste Management, 11-280.1 Underground Storage Tanks, 11-282 Deposit Beverage Container Recycling.
EMD	Clean Air Branch - Protects public health and prevents the degradation of Hawaii's air quality by evaluating, monitoring, and regulating sources of air pollution within the state. Implements and enforces state and federal air pollution laws and regulations and maintains the statewide ambient air quality monitoring network.	Regulates Hawaii's air pollution sources through the administration, enforcement, and implementation of laws, rules, and programs. Administers the Air Permit Program for the U.S. Environmental Protection Agency. Reviews applications, evaluates emissions and potential air quality impacts, and issues permits of air pollution stationary sources. Checks for compliance with the applicable rules and permit conditions by conducting inspections of stationary sources, investigating air incidents, and conducting complaint investigations. Recommends and pursues enforcement action where violations have occurred. Conducts Hawaii Greenhouse Gas (GHG) Program activities to restrict GHG emissions from stationary sources, implements the federal Regional Haze Program, and compiles statewide air emissions inventories of both criteria and GHG pollutants. Regulates open burning activities, administers Hawaii's Agricultural Burning Permit program, and establishes and maintains the statewide ambient air monitoring network.	HTH840/FF	H	Clean Air Act; HRS Chapters 342B Air Pollution Control and 342C Ozone Layer Protection; HAR Title 11, Chapters 11-59 Ambient Air Quality Standards and 11-60.1 Air Pollution Control.
EMD	Clean Water Branch - Protects residents and visitors by regulating known sources of ocean and fresh water pollution; manages and alerts public to factors that threaten clean water; implements Clean Water Act.	Administers the National Pollutant Discharge Elimination System (NPDES) permit program for the U.S. Environmental Protection Agency. Issues Clean Water Act Section 401 Water Quality Certifications for federal permits for construction in nearshore and inland waters. Oversees the City and County of Honolulu in administering the Publicly Owned Treatment Works Pre-Treatment Program. Identifies sources of water pollution through area surveillance, routine inspections, and complaint investigations. Evaluates the impact of water pollutants on public health. Determines compliance with rules via source testing, water sampling, and special studies. Analyzes water quality and operational data to determine degree of non-compliance. Determines compliance with permit conditions via site inspection, source testing and special studies. Initiates corrective measures through administrative or court actions. EMD	Safe Drinking Water Branch - Safeguards public health by protecting Hawaii's drinking water sources (surface water and groundwater) from contamination and assures that owners and operators of public water systems provide safe drinking water to the community.	Assures safe drinking water and public health protection through the regulation and monitoring of public water systems, operator certification, backflow prevention and cross connection control, management and provision of low-interest construction loans for eligible water infrastructure improvements; protecting drinking water sources by implementing underground injection control, ground, and source water protection programs.	HTH840/FH	H	Safe Drinking Water Act, HRS: Ch 340E Safe Drinking Water, 340F Mandatory Certification of Public Water System Operators; HAR: Title 11, Chs 11-19 Emergency Plan for Safe Drinking Water, 11-20 Rules Relating to Public Water Systems, 11-21 Cross-Connection and Backflow Control, 11-23 Underground Injection Control, 11-25 Rules Relating to Certification of Public Water System Operators, 11-65 Environmental State Revolving Funds.
EMD	Surface Water Protection Branch - Administers statewide functions related to protecting residents and visitors by regulating nonpoint sources of ocean and fresh water pollution; implements portions of the Clean Water Act.	Regulates nonpoint source pollution to state waters through the administration, enforcement, and implementation of all laws, rules, and programs. Fosters partnerships with other agencies involved in nonpoint source pollution control. Promotes community-based watershed management through education and voluntary compliance with environmental management standards. Provides federal funding for demonstration of best management practice (BMP) projects from the public and private sectors relating to nonpoint source control. Encourages and supports programs for environmental education.	HTH 840/FI	H	Clean Water Act, PL 95-217; HRS Chapter 342E; HAR, Title 11, Chapter 11-56 Nonpoint Source Pollution Control.

EMD	Solid and Hazardous Waste Branch - Prevents the release of pollutants that endanger people and the environment, and rehabilitates contaminated lands. Assures proper management of solid and hazardous waste through aggressive enforcement of environmental laws and regulations, promotion of pollution prevention and waste minimization, and development of proactive partnerships with waste generators and the regulated community.	Regulates the generation, transportation, treatment, storage, and disposal of hazardous waste. Regulates the management of solid waste and landfills. Assists businesses and the public of Hawaii in reduction and prevention of waste generation at the source. Oversees solid waste management planning and state recycling programs. Regulates underground storage tanks that store petroleum or hazardous substances, including the Red Hill Facility. Monitors and evaluates the effects of pollutants from waste activities throughout the state. Investigates complaints, inspects sources, and initiates appropriate action to correct violations. EMD	Wastewater Branch - Administers statewide functions relating to water pollution control, wastewater treatment works program, water and wastewater sludge reuse, individual wastewater systems program, and the water pollution control revolving fund program that funds low-cost construction loans for wastewater treatment and collection system construction. By helping local governments and other applicants improve and expand their water pollution control facilities, the Wastewater Branch plays a very vital role in economic development and the development of jobs within Hawaii's communities.	Regulates the generation, treatment, storage, and disposal of wastewater and wastewater sludge. Regulates wastewater, wastewater reclamation, and wastewater sludge treatment facilities that are not covered under a NPDES permit. Regulates individual wastewater systems, which include cesspools and septic systems. Investigates complaints, inspects wastewater treatment facilities and individual wastewater systems, and initiates formal enforcement action to correct violations. Manages the water pollution control revolving fund program that provides low-interest construction loans to the counties for eligible water pollution control projects. Provides administrative support to the Board of Certification for Personnel Operating Wastewater Treatment Plants. EHA	Deputy Director is responsible for overseeing all programs within the Environmental Health Administration. Program also includes Compliance Assistance Office, Environmental Information Management, and Hearings Officer.	Establish and implement policies for environmental programs to prevent and/or reduce to protective levels environmental pollution and to protect the public from unsanitary or hazardous conditions.	HTH849/FA	H	
EHA	Environmental Resources Office - Plan, direct, and review fiscal and personnel planning, programming, and budgeting activities for the Environmental Health Administration. Provides administrative, budgetary, fiscal, and human resources services for the Environmental Health Services Division, Environmental Management Division, and Environmental Health Administration staff offices.	Monitors budgets and expenditures; prepares budget requests; maintains master schedule of federal grants, contracts, and time and effort reporting system to allocate personnel costs; reconciles revenue; provides procurement guidance and assistance; prepares financial reports for federal grants; provides guidance and assistance in all areas of human resources management; reviews and analyzes programs and resource needs; prepares reorganization proposals; reviews legislation for fiscal content; coordinates facilities requirements; performs financial functions for revolving loan programs that fund construction of water pollution control and drinking water system infrastructure.	HTH849/FB	H	
EHA	Environmental Planning Office - Provide short- and long-term planning, information management, and program evaluation services for all programs in the Environmental Health Administration.	Applies for and manages grants in support of risk-based strategic planning for Environmental Health Administration programs; develops program goals and performance indicators; coordinates with other agencies; liaison with legislature; provides environmental mapping services. Reviews, disseminates, and comments on proposed land/ocean projects with real or potential environmental implications.	HTH849/FC	H	
EHA	Hazard Evaluation and Emergency Response Office - Provide the evaluation and surveillance of environmental hazards and emergency and other response to and remediation of environmental agents.	Maintains 24-hour emergency response for releases of oil, hazardous materials; enforces Hawaii State Contingency Plan for environmental response; investigates adverse health effects; prepares risk assessments. Implements response and prevention programs relevant to releases of hazardous substances affecting Hawaii's natural resources. HTH 840	FJ	Change Means of Financing for one position from MOF P to MOF B. Convert Temporary to Permanent for one position	The position has not continuously been filled as sufficient funds have not been available. The SHWB has identified a greater need for the position as one to evaluate releases and impacts from solid waste facilities and evaluate the potential impacts from emerging contaminants and new waste streams to develop best management practices and evaluate potential recycling opportunities for these new and changing waste streams. Converting this position to MOF B would ensure that this need is effectively addressed. State support is needed as there has not been sufficient federal funding to continuously fill the position.	P					(1.00)	(55,236.00)	N	56
HTH 560	KC	Change Means of Financing for one position. Add funds in MOF N for 0.10 FTE.	Request to change the means of financing from MOF-P 100% to split funded by adding 10% MOF-N, Title V Block Grant to ensure sufficient funding is available should the federal government repeal the PRAMS grant. The position is currently filled.	P					(0.10)	(10,096.00)	N	66
HTH 560	KC	Change means of financing for one 0.20 FTE of one position from MOF N to be split funded between MOF P, N, and B.	Request to change the MOF from 100% MOF-B to split funded by adding MOF-P (MIECHV 10%) and MOF-B (Newborn Metabolic Screening Program Special Fund 10%) to allow for more flexibility with work assignments and to align job duties with funding availability. HTH 460	HF	B&F ADJUSTMENT - RECLASS FROM TOT 28 Convert from Temporary to Permanent for one position. Variance one position from Psychiatrist to Clinical Psychologist. Transfer funds from Personal Services to OCE.	The Maui wildfires highlighted the need for improved clinical infrastructure to ensure that there are enough services provided across the system, and that they are evidence-based, data driven and accountable. This requires additional clinical positions to meet behavioral health needs and to ensure quality. The Clinical Services Office has been funding a position through WICHE to serve as a clinical lead. This position would be responsible for oversight of CAMHD's crisis response, including collecting data, providing training, and addressing system barriers and will work with our contracted providers and emergency departments across the state to ensure that the system adequately supports children and adolescents who are experiencing a mental health crisis. This position is also needed to assist with the implementation of the expanded crisis services pilot project, including assessing pilot data and, if warranted, expanding the service across the state. Improving the crisis response system requires the sustainability of a permanent position to acquire a viable candidate.	A					(1.00)	(166,572.00)	N	104

HTH 730	MQ	HC	1	2	Add funds in OCE.	Emergency ground ambulance services are a critical component in reducing fatalities, injuries, and long-term disabilities resulting from medical emergencies, natural disasters, and other incidents. Recognizing the importance of these services, the State has contracted with American Medical Response (AMR) to provide emergency ground ambulance services in the counties of Kauai and Maui. Since July 1, 2004, the State has utilized a combination of General Funds and EMS Special Funds to cover the costs associated with these essential services.	A						8,067,168
HTH 430	HQ	HC	2	3	Add funds in MOF A for personal services to cover overtime cost.	Hawaii State Hospital (HSH) provides inpatient psychiatric services for court-ordered individuals 24 hours a day, 7 days a week. The Average Daily Census (ADC) increased from 337.6 in FY24 to 381.9 in May 2025, representing a 13.12% increase. This growth has required HSH to spend more on overtime to ensure adequate medical care for the patients. HSH paid \$17 million in overtime in FY2024 and \$19 million in FY2025, reflecting an 11.76% increase. After utilizing resources from vacancy savings to cover overtime costs, HSH still has a \$2.2 million deficit in its payroll budget for FY25. The hospital estimates a \$2.5 million deficit in the payroll budget for FY27. HSH is requesting an additional \$2.5 million to cover the estimated overtime costs.	A						2,500,000
HTH 131	DC	HC	14	4	Add funds in Other Current Expense to make the Universal Immunization Purchase Special Fund Ceiling Recurring.	The Hawaii Department of Health Disease Outbreak Control Division Immunization Branch recently had the Universal Vaccine Purchase Program (UVPP) signed on June 4, 2025 into law (ACT 175 SB1434) by the Governor. The Immunization Branch needs to immediately move this program forward in the use of the start up cost of \$934,000 allocated to the UVPP requiring a one-time ceiling increase. The establishment of the UVPP allows the state to negotiate with insurance companies the cost for all vaccine purchases at a discounted price utilized by the Centers for Disease Control and Prevention vaccine contracts to help lower Hawaii health care provider's administrative costs. HTH 720	MP	HC	1	14	Add funds for OCE in MOF A.	The HI BCS is essential to meet legal mandates, protect public safety, and maintain a secure, reliable system for criminal history screening. This request ensures that the system can continue operating effectively and responsibly in alignment with HRS §846-2.7, HRS §321-15.2, and HRS §346-97. The system supports fingerprint-based and name-based checks for employment, licensing, and volunteer screening for healthcare facilities. Additionally, it protects public safety and the health and welfare of our most vulnerable residents.	A						121,000
HTH 430	HQ	HC	3	21	Add funds in OCE in MOF A to be recurring after FY26.	Hawaii State Hospital (HSH) provides inpatient psychiatric services for court-ordered individuals 24/7. The average daily census (ADC) at HSH has steadily increased—195.5 in FY21, 225.6 in FY22, 274.8 in FY23, and 337.6 in FY24. As of May 2025, the ADC has further risen to 381.9. This growing patient population has exceeded the hospital's capacity and available staffing resources. HSH has contracts to provide care for the over-capacity. The psychiatric-bed contracts have a budget of \$5,500,000 in FY2026. This is a non-recurring budget. The funds allow HSH to provide care for up to 20 patients or beds. The contract cost is estimated at \$760 per bed per day, or approximately \$5.5 million per year (20 beds × \$760 × 365 days). HSH is requesting continued funding of \$5,500,000 for the psychiatric-bed contracts in FY27.	A						5,500,000
HTH 840	FH	NG	1	49	Add funds in OCE for Drinking Water State Revolving Fund Loan Program	The DWSRF Program provides loans and other financial assistance to various County agencies and public water systems throughout Hawaii. The FY 26 appropriation ceiling for the Environmental Response Revolving Fund (ERRF) in the Hazard Evaluation and Emergency Response Office (HEER) is \$1,363,895. The request is to increase the appropriation ceiling, which currently limits the Department's access to available funds in order to carry out its mission of protecting human health and the environment. The position has not continuously been filled as sufficient funds have not been available. HTH 560	CC	HC	16	69	Add funds in OCE for the Hawaii Newborn Metabolic Screening Special Fund	The Hawaii Newborn Metabolic Screening (NMS) Special Fund (SF) revenues are meeting expenditures. Per the applicable HAR, the amount collected for each metabolic screening (testing) kit sold in Hawaii (currently \$155.00 per kit) is deposited into the NMS SF. As part of an effort to maintain the overall solvency of the NMS SF, every three-to-five years the NMSP successfully gains approval to increase its primary revenue source, the metabolic screen (testing) kit fee. Prior to the FY24 approved increase, the fee was \$99.00. During its initial FY in effect, this fee increase (of 63.9%, compared to the previous fee) resulted in increased NMS Special Fund revenues of \$206,158.00. We assess that this trend will continue into FY25, FY26, and so on. This laboratory will provide independent, standardized testing to verify product safety, including potency and contaminant analysis, while supporting consistent regulatory compliance across licensed operators. By serving as a central resource, the lab will enhance public health protections, strengthen enforcement capabilities, and create reliable scientific data to inform policy and industry standards. In addition, it will foster workforce development and research opportunities, positioning Hawai'i as a leader in evidence-based cannabis and hemp regulation. This ceiling will authorize OHSM to expend the funds necessary to support the modernization and automation of the Vital Records system. The department currently processes between 125,000 and 300,000 customer requests per year, which is rapidly increasing due to added Federal Government demands for identification when traveling as well as the Real ID Act of 2005, which went into effect during May 2025. The department has 36 staff using computers that have "aged out" and are no longer supported by warranty. Replacement computers will be needed for all of them, along with dual monitors for each CPU. There are also 12 new positions being introduced as a result of the Reorg that has been underway since Legislative approval for those new positions since the beginning of calendar year 2024. In total 48 CPUs and 96 monitors will be needed, along with approximately 12 iPads and mobile Kiosks which will be available for public use to order and pay for certificates electronically. In addition, there were 3 very old sealer machines which embossed the 130,000+ certificates which are processed each year. Those sealers were replaced with newer models that have already shown signs of wear after only two months' use. Without additional sealer machines, the program faces a dilemma with limited or no alternatives to embossing each certificate. In order to keep from damaging the new sealers, an additional 12 embossing machines will be needed to serve as back-ups in the event that any of them require repairs that can only be accomplished by mailing them back to the manufacturer on the mainland - a process which could take months to complete for a single machine. Additionally, supplies including envelopes, copy paper, ink cartridges, ink ribbons, and toner cartridges are all required to keep the receipts and certificates printed and mailed to customers. The certificates themselves must be printed on security/fraud resistant paper. The stock of current paper is approximately 155,000 pages (31 cases x 5,000 sheets per case). This supply will run out in less than one year's time. Cost of replacement security paper varies from .21 to .55/sheet, depending upon how many sheets are ordered. If 100,000 sheets are ordered at .26/sheet, that represents a \$26,000 cost to the program. To sum, that represents approximately \$50,000 per year in security certificate sheets.

Services provided in FY24 may need to be waitlisted to FY25, or paid for with FY25 funds, which will reduce the funding available in FY25, or not provide services to youth in a timely manner.
