The critical nature of preventative maintenance means that postponing expenditures leads to accelerated deterioration and significantly higher costs for future corrective actions.<br><br>The Department understands that the reduction is caused by B&F reducing the recurring \$30 million for preventative maintenance in the operating budget and moving it to the CIP budget. However, having the funding in the operating budget is much more reliable due to its recurring nature and more flexible, as Finance Memorandum (FM) No. 19-03, dated March 12, 2019, prohibits the use of tax-exempt general obligation bond funds for routine maintenance expenditures. | A          |                |                |                 |                |                | \$ (30,000,000) | Y                                  |
