PASSED BY THE
NINTH STATE LEGISLATURE

REGULAR SESSION
1978

Convened on Wednesday, January 18

and

Adjourned sine die on Friday, April 14

Published by Authority of the
Revisor of Statutes
Honolulu, Hawaii

AUTHORITY

Section 23G-13, Hawaii Revised Statutes, provides as follows:

Publishing of session laws. As soon as possible after the close of each session of the legislature, the revisor of statutes shall prepare for publication all laws duly enacted at such session, arranged in the order of their becoming law, together with a suitable index and tables showing what general statutes have been affected by such session laws.

PREFACE

This volume contains all the laws of the Regular Session of 1978. In the preparation of the volume, the text of the laws as enacted has been followed except for palpable clerical errors, which have been corrected; and the text has been printed in full except for laws amending existing statutes.

Amendatory legislations provide that the revisor of statutes, in printing the laws, need not print the brackets or the bracketed material (designating matter deleted from existing statutes), or the underscoring (designating new matter). For purposes of economy and readability, the laws have generally been edited as so permitted. In some cases, where the changes in language appeared not to be readily ascertainable without the brackets and underscoring, or for other reasons, the designations have been retained and printed herein. Notes indicate the laws that have been edited.

ACT 10

S.B. NO. 1799-78

A Bill for an Act Relating to the Establishment of State Policy Concerning the Utilization of Volunteer Services in State Government.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. **Findings and purpose.** The legislature finds that a continuing need and growing movement is the increasing utilization of volunteer services by state agencies to supplement, strengthen and support their ability to accomplish their missions. The spirit of citizens volunteering their time and energy has been a fundamental ingredient to the birth of the democratic government. Presently, organized (formal) volunteer programs with the Departments of Health, and Social Services and Housing and with the Judiciary, as well as the Department of Education which has vast numbers of volunteers who traditionally volunteer in the public school and library systems, demonstrate the vital role in which volunteers assist and augment the services of the State.

The 1974 census estimates that one out of every four Americans over the age of 13 is a volunteer. Volunteers can contribute even more to ameliorating our social, environmental, economic, and human problems. Statutory provisions governing volunteer services and a philosophy for the use of volunteers, would support effective and full use of volunteers.

The purpose of this Act is to foster the continuing development of volunteer programs in state government based on the following premises:

- (1) That every citizen regardless of his present economic condition, race, color, ancestry, political affiliation, religious affiliation, sex, age, physical or mental handicap, or marital status has the right to volunteer;
- (2) That volunteers supplement but do not compete with nor supplant paid jobs;
- (3) That volunteers provide an extra source of caring that cannot be evaluated in monetary or material terms;
- (4) That volunteering provides citizens with an opportunity to be responsive to and supportive of the state government.

SECTION 2. The Hawaii Revised Statutes is amended by adding a new chapter to be appropriately designated and to read as follows:

**“CHAPTER
STATE POLICY CONCERNING THE
UTILIZATION OF VOLUNTEER SERVICES**

Sec. -1 Definitions. As used in this chapter, unless the context requires otherwise:

- (1) The term "agency" means any state agency within the executive, legislative, and judicial branches but excludes the several counties.
- (2) The term "person" means any individual or organization.
- (3) The term "volunteer" means any person, who of his own free will, provides goods or services to an agency with no monetary or material gain and includes material donors, occasional-service, regular-service, and stipended volunteers.
- (4) "Material donor" means any person who of his own free will provides funds or materials to an agency.
- (5) "Occasional-service volunteer" means any person who offers to provide a one-time, on call or single task service to an agency without receipt of any compensation, except as provided in this chapter.
- (6) "Regular-service volunteer" means any person engaged in specific voluntary service activities on an on-going or continuous basis to an agency without receipt of any compensation, except as provided in this chapter.
- (7) "Stipended volunteer" means any person who by receiving a support allowance is then able to provide voluntary service to an agency. The allowance may be for food, lodging, or other personal living expenses and does not reflect compensation for work performed.

Sec. -2 Scope of chapter; status of volunteers. (a) an agency may recruit, train, and accept the services of volunteers.

(b) No person shall on the basis of sex, age, race, color, ancestry, religion, national origin, marital status, physical or mental handicap, or political grounds, be excluded from participation in, or be denied the benefits of, any volunteer program or volunteer activity.

(c) Volunteers recruited, trained, or accepted by an agency shall be excluded from any provision of law relating to state employment, from any collective bargaining agreement between the state and any employees' association or union, from any law relating to hours of work, rates of compensation, leaves, and employee benefits, and from any other provision of title 7, except those consistent with this chapter.

(d) An agency may reimburse volunteers for expenses, consistent with the provisions of section -4, as deemed necessary to assist volunteers in performing their services.

(e) An agency may designate a person or establish a position to coordinate and administer the volunteer activities of that agency.

Sec. -3 Rights, responsibilities, and expectations in volunteer relationships. (a) Every person regardless of his present economic condition, race, color, ancestry, political affiliation, religious affiliation, sex, age, physical or mental handicap, or marital status has the right to volunteer his services to an agency. An agency has the right to decline any voluntary offer of services, or if accepted, to release subsequently the volunteer who is no longer needed or who is found to be unacceptable.

(b) A volunteer providing services to an agency may expect:

- (1) That he will be assigned a job that is worthwhile and challenging, and

which permits him the freedom to use existing skills or develop new ones.

- (2) That he will be trusted with information that will help him carry out the assignment.
- (3) That he will be kept informed about what is going on in the specific volunteer areas.
- (4) That he will be provided orientation, training, and supervision for the job he accepts so he will know why he is being asked to do a particular task.
- (5) That his time will not be wasted by lack of planning, coordination, and cooperation within the organization.
- (6) That he will receive feedback as to whether his work is effective and how it can be improved.
- (7) That he will be reimbursed for out-of-pocket costs if it is the only way he can volunteer.
- (8) That he will receive letters of recommendation and reference from his supervisor upon request.
- (9) That he will be given appropriate recognition for his volunteer services.
- (10) That he will be provided a designated supervisor.
- (c) A volunteer providing services to an agency has the responsibility to:
 - (1) Accept assignments given to him.
 - (2) Fulfill his commitment or notify the designated person of his change of plans.
 - (3) Follow guidelines and policies established by the agency.
 - (4) Respect the values and beliefs of others.
 - (5) Use time wisely and not interfere with the job performance of others.
 - (6) Provide feedback, suggestions, and recommendations to his supervisor regarding the program.
 - (7) Be considerate, respect competencies, and work as a member of a team with staff and other volunteers.
 - (d) The agency utilizing the services of volunteers may expect:
 - (1) That the volunteer will fulfill his assignment as agreed upon or will notify staff sufficiently in advance if he cannot complete it.
 - (2) That the volunteer will not go beyond his competencies and authority.
 - (3) That the volunteer will submit feedback, suggestions, and recommendations about the program to his supervisor.
 - (4) That the volunteer will maintain confidentiality and will respect and treat the recipients of volunteer services with dignity.
 - (e) The agency utilizing the services of volunteers has the responsibility to:
 - (1) Use volunteers to extend services without displacing paid employees.
 - (2) Provide each volunteer with a designated supervisor.
 - (3) Provide staff orientation and training in the use and supervision of volunteers.
 - (4) Define volunteer jobs that are meaningful to the volunteer and commensurate with his abilities.

Recent statistics have indicated that the median price of a home on Oahu is approximately \$100,000. The intent of this Act is to raise the loan limit through the above-mentioned statutory change to relieve potential home purchasers from the tremendous down payment (equity) requirement which is a consequence of inflation since the \$50,000 loan ceiling was established in 1967.

SECTION 2. Section 88-119, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 88-119 Investments. Investments may be made in:

Real estate shall not be deemed to be encumbered within the meaning of this subparagraph by reason of the existence of any of the restrictions, charges, or claims described in section 431-293(a).
 - (E) Other obligations secured by first mortgages of leasehold interests in improved real estate, provided that (i) each such leasehold in-

- (F) Obligations for the repayment of home loans guaranteed by the department of Hawaiian home lands pursuant to section 208 of the Hawaiian Homes Commission Act, 1920.

The board of trustees may retain such real estate (including leasehold interests therein) as it may acquire by foreclosure of mortgages or in enforcement of security, or as may be conveyed to it in satisfaction of debts previously contracted, provided that all such real estate (other than leasehold interests) shall be sold within five years after acquiring the same (subject to extension by the governor for additional periods not exceeding five years each) and all such leasehold interests shall be sold within one year after acquiring the same (subject to extension by the governor for additional periods not exceeding one year each).

Whenever there is a position to be filled, the appointing authority shall request the director of personnel services to submit a list of eligibles. The director shall thereupon certify a list of five or such fewer number as may be available, taken from eligible lists in the following order: first the promotional lists, second the reemployment lists and third the open-competitive lists; provided, that with respect to the eligibles under unskilled classes, the director shall certify all of the eligibles on such list. ACT 30

H.B. NO. 2593-78

A Bill for an Act Relating to Bicycle Rules of the Road.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Findings and intent. The legislature finds that improvements in safety and health factors affecting bicyclists are sufficient reasons to amend the traffic laws and rules of the road. The legislature concurs with the department of transportation's Bikeplan Hawaii that two advantages can be gained if bicyclists are permitted to operate on the left side of one-way streets. A bicyclist's visibility would be increased since the bicyclist would be on the same side as vehicle drivers. A bicyclist's exposure to emissions and air turbulence from buses and large trucks would be lessened. These advantages would increase the safety and health of bicyclists without impeding motor vehicle traffic. The legislature further finds that the orderly and safe operation of bicycles requires the uniform application of certain rules of the road on nonroadway as well as roadway portions of public streets and highways.

It is therefore the intent of the legislature to amend Hawaii's traffic laws to permit bicyclists to ride on the left side of one-way streets, and to regulate the operation of bicycles on highway shoulders, bicycle lanes, and bicycle paths physically separate from the roadway.

SECTION 2. Section 291C-145, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 291C-145 Riding on roadways and bikeways. (a) Every person operating a bicycle upon a roadway at a speed less than the normal speed of traffic moving in the same direction at such time shall ride as near to the right-

*Edited accordingly.

hand curb or edge of the roadway as practicable, exercising due care when passing a standing vehicle or one proceeding in the same direction; except under any of the following situations:

- (1) When preparing for a left turn at an intersection or into a private road or driveway, except where prohibited by official traffic control devices;
- (2) When reasonably necessary to avoid conditions (including, but not limited to, fixed or moving objects, vehicles, bicycles, pedestrians, animals, surface hazards, or substandard width lanes) that make it unsafe to continue along the right-hand curb or edge. For purposes of this section, a "substandard width lane" is a lane that is too narrow for a bicycle and a vehicle to travel safely side by side within the lane; or
- (3) When a roadway is designated and signposted to carry traffic in one direction only and has two or more marked traffic lanes, a person operating a bicycle may ride as near to the left-hand curb or edge of such roadway as practicable.

(b) Persons riding bicycles upon a roadway shall ride in single file; provided that upon bicycle lanes and bicycle paths, riding two abreast shall be permitted when such lane or path is of sufficient width to allow riding two abreast unless otherwise prohibited by rule or ordinance adopted by the director of transportation or by the counties.

(c) Whenever a usable bicycle lane has been provided on a highway, any person operating a bicycle at a speed less than the normal speed of traffic moving in the same direction at such time shall ride within such bicycle lane, except that such person may move out of the lane under any of the following situations:

- (1) When overtaking and passing another bicycle, vehicle, or pedestrian within the lane or about to enter the lane if such overtaking and passing cannot be done safely within the lane;
- (2) When preparing for a left turn at an intersection or into a private road or driveway; or
- (3) When reasonably necessary to leave the bicycle lane to avoid debris or other hazardous conditions.

(d) No person operating a bicycle shall leave a bicycle lane until the movement can be made with reasonable safety and then only after giving appropriate signal in the event that any vehicle may be affected by the movement.

(e) No person shall operate or ride a bicycle within a bicycle lane in any direction except that permitted of vehicular traffic traveling on the same side of the highway. Upon all bicycle paths of sufficient width and providing for two-way movement of bicycle traffic, bicycles proceeding in opposite directions shall pass each other to the right.

(f) No person shall ride a bicycle equipped with a motor on any sidewalk. The counties may, by ordinance, post bicycle lanes and bicycle paths to prevent persons riding a bicycle equipped with a motor from using them."

SECTION 3. Section 291C-123, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 291C-123 Driving upon bikeway or sidewalk. No person shall drive any vehicle upon a bicycle lane, bicycle path, sidewalk, or sidewalk area except

upon a permanent or authorized temporary driveway; provided that any vehicle may be driven in a bicycle lane or bicycle path as applicable if:

- (1) It is in the process of executing a legal turn, lane change, or parking maneuver;
- (2) It is an authorized emergency vehicle performing the functions under section 291C-26;
- (3) It is an official federal, state, or county vehicle in the performance of its actual duty;
- (4) It is a stalled or broken vehicle;
- (5) It is necessary to assist a stalled or broken vehicle;
- (6) It is necessary to yield to an authorized emergency vehicle pursuant to section 291C-65; or

"(c) Longitudinal traffic lane markings shall have the following applications:

- (1) A broken white line is used to indicate the edge of the traffic lane where travel is permitted in the same direction on both sides of the line and may be crossed by vehicular traffic when the crossing can be made with safety.
- (2) A broken yellow line is used to indicate the left edge of a traffic lane where traffic on the other side of the line moves in the opposite direction and may be crossed by vehicular traffic only when overtaking or passing a vehicle proceeding in the same direction or when executing a left turn and then only if the movement can be made with safety and does not interfere with traffic moving in the opposite direction.
- (3) A solid white line is used to indicate the edge of the traffic lane where travel in the same direction is permitted on both sides of the line but where movement from lane to lane is considered to be hazardous. A solid white line may be crossed only in unusual circumstances and then only with great care. A doublewidth solid white line is used to emphasize a greater degree of hazard.
- (4) A solid white line is also used to indicate the right edge of the pavement.
- (5) A double solid white line is used to indicate the edges of traffic lanes where travel in the same direction is permitted on both sides of the double line but where movement from lane to lane is considered to be dangerous. solid yellow line by vehicular traffic is prohibited except when the crossing is part of a left turn movement.

- (9) A double line consisting of a broken yellow line and a solid yellow line is used to indicate a separation between lanes of traffic moving in opposite directions and vehicular traffic adjacent to the broken line is permitted to overtake or pass if the movement can be made with safety and does not interfere with traffic moving in the opposite direction. The crossing of this double line by vehicular traffic adjacent to the solid line is prohibited except when the crossing is part of a left turn movement.
- (10) A double broken yellow line is used to indicate the edge of a reversible traffic lane where the direction of the vehicular traffic may be changed from time to time.
- (11) A dotted line is used to indicate the extension of a line through an intersection or interchange. It shall be the same color as the line it extends. The crossing of a dotted line by vehicular traffic is subject to the same prohibitions and exceptions as are applicable to the line it extends.

H.B. NO. 3041-78

A Bill for an Act Relating to the Department of Social Services and Housing: Making Supplementary Appropriations Out of General Revenues to Cover Certain Deficiencies for the Fiscal Year Ending June 30, 1978.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. **Findings and purpose.** Act 10, Session Laws of Hawaii 1977, First Special Session, appropriated certain designated sums to the depart-

ACT 41

ment of social services and housing to provide payments for medical services and financial assistance to indigents and medical indigents under the department's economic assistance programs for the fiscal period beginning July 1, 1977 and ending June 30, 1978.

To the best of its ability, the department is trying to operate within the appropriated amounts for the fiscal year 1977-78. However, the department is providing for actual caseloads, patient loads and payment levels in excess of the estimates specified in Act 10, Session Laws of Hawaii 1977, First Special Session. Furthermore, higher costs for patient care are being realized. The amounts appropriated by Act 10 are insufficient to carry out the purposes of the economic assistance programs for the entire 1977-78 fiscal year at the present level of service.

To prevent a breakdown in services, it is urgent that additional monies be appropriated. Accordingly, the governor has recommended this bill for immediate passage.

SECTION 2. Appropriation. In addition to appropriations made for the same programs by any other act, the following sums, or so much thereof as may be necessary, are hereby appropriated to the department of social services and housing for the fiscal year 1977-78, for the following programs from the sources of funding specified below:

SOC 201	\$2,202,480	A
	4,129,385	N
SOC 202	1,313,618	A
SOC 204	1,845,101	A
SOC 230	7,366,606	A
	4,532,445	N

The letter symbol following each appropriation indicates the source of funding and has the meaning set forth in Act 10, Session Laws of Hawaii 1977, First Special Session.

SECTION 3. Lapsing of appropriation. All unexpended and unencumbered balances of the appropriations made by this Act as of the close of business on June 30, 1978, shall lapse into the general fund of the State.

SECTION 4. Effective date. This Act shall take effect upon its approval.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 47-7, Hawaii Revised Statutes, is hereby amended to read as follows:

“§47-7 Issuance, interest rate, denominations, maturities, places payable, registration, redemption, medium of payment, sale, or other disposal. The director of finance of the county may, upon authorization of its governing body, issue from time to time and in accordance with the provisions of this chapter, bonds of the county authorized for issuance by the governing body thereof. All bonds issued under authority of this chapter: shall bear interest payable semi-annually at a coupon or stated rate or rates not exceeding eight per centum per annum; provided that in any county with a population in excess of 100,000 the rate or rates shall not exceed seven per centum per annum; if for a term exceeding one year, shall be in serial form maturing in substantially equal installments of principal, or maturing in substantially equal installments of both principal and interest, the first installment of principal to mature not later than five years from the date of issue of such series and the last installment not later than thirty-five years from the date of such issue; may be payable as to both principal and interest at places within and without the State; may be issued in coupon form without privilege of registration or registrable as to principal only or as to both principal and interest or in fully registrable form; may be made redeemable at any time or times prior to their stated maturities at prices not exceeding one-hundred four per cent of the par value thereof; and shall be payable, as to principal, premium, if any, and interest, in any coin or currency of the United States which at the time of payment is legal tender for public and private debts. Unless the governing body shall itself perform the actions, the director of finance of each county, from time to time and without further authorization of the governing body, shall determine the form, date, denominations, and maturities of the bonds theretofore authorized by the governing body to be issued under the authority of this chapter, the place or places within or without the State at which the principal and interest of the bonds or any of them shall be payable and at which the bonds may be registered, and the time or times, prices, and method of their redemption, and the basis of award of such bonds, and shall offer for sale and sell the whole or any part of any issue of the bonds. The bonds shall be sold for not less than their par value, and shall be sold by means of public advertisement for tenders, either (A) with the interest rate or rates to be borne by the bonds having theretofore been fixed by the governing body, in which event the bonds shall be sold to the bidder offering the highest price therefor, or (B) with the interest rate or rates to be borne by the bonds to be specified by the bidders therefor, in which event the bonds shall be sold in accordance with the provisions of the following sentence. The bonds shall be sold on one or the other of the following bases: (1) to the bidder offering to purchase the bonds at the lowest interest cost, such interest cost for the purpose of this clause being the figure obtained by adding together the amounts of interest payable on the bonds from their date to their respective maturity dates at the rate or rates specified by the bidder and deducting from the sum obtained the amount of any premium offered by the bidder, or (2) to the bidder offering to purchase the bonds at the lowest interest cost, such interest cost for the purpose of this clause being the rate obtained by doubling the semi-annual interest rate (compounded semi-annually) necessary to discount the principal and interest payments on the bonds from the dates of payment thereof to the date of the bonds and to the price bid (the price bid for the purpose of this clause shall not include

ACT 41

the amount of interest accrued on the bonds from their date to the date of delivery and payment therefor); provided that in any case the right shall be reserved to reject any and all bids and waive any irregularity or informality in any bid. Bonds offered for sale without a specified rate or rates of interest shall, without further action of the governing body, bear interest at the rate or rates specified by the successful bidder therefor. The advertisement for tenders required by this section shall be published at least once and at least five days prior to the date of the sale in a newspaper circulating in the County and in a financial newspaper or newspapers published in any of the cities of New York, Chicago, or San Francisco, and shall set forth therein the basis to be used in determining the successful bidder. Notwithstanding the foregoing provisions of this section as to public sale, any bonds authorized pursuant to this chapter may, with the approval of the governing body, be sold by the director of finance at private sale to the United States, the State, or any board, agency or instrumentality of either thereof, or may, with the approval of the governing body, be deposited by the director of finance with and pledged to, or be otherwise disposed of to any board, agency, or instrumentality of the State or of the United States government to secure the repayment of or an actual payment of, any loans or advances made or to be made, under the authority of an act or acts of the legislature of Hawaii or of the Congress of the United States authorizing the loans or advances by the board, agency, or instrumentality to the county for the construction in whole or in part of any public improvement, the cost of which or any part thereof, would be payable out of the proceeds of the bonds, if sold."

SECTION 2. Section 47-52, Hawaii Revised Statutes, is hereby amended to read as follows:

"§47-52 Refunding bonds authorized. For the purpose of refunding the present and future bonded indebtedness of any county or any part or parts thereof, the director of finance of any county, upon authorization of the governing body, may from time to time issue general obligation refunding bonds of the county with which to pay, call, and redeem all or any part of the outstanding bonds of the county or any part or parts thereof, and may include various series and issues of the outstanding bonds in a single issue of refunding bonds and may include refunding bonds and bonds authorized under part I of this chapter, in a single issue of bonds. Refunding bonds may be issued to pay principal, any redemption premium and interest to accrue and become payable on the outstanding bonds being refunded. The refunding bonds shall be issued in accordance with the provisions of Part I of this chapter, and all of the provisions of that chapter shall be applicable to such refunding bonds, except that refunding bonds issued hereunder may be sold at private sale at such price or prices as the governing body shall determine. The refunding bonds may be issued and delivered at or at any time before the maturity or redemption date of the bonds to be refunded that the director of finance, with the approval of the governing body determines to be in the best interest of the county. The refunding bonds shall be payable as to principal and interest dollar for dollar in any coin or currency of the United States which at the time of payment is legal tender for public and private debts, and shall be issued in accordance with the provisions of sections 47-5 to 47-18,

and all of the sections shall be applicable to the refunding bonds, except as aforesaid. Pending the time the proceeds derived from the sale of refunding bonds issued hereunder are required for the purposes for which they were issued, the director of finance may, upon authorization or approval of the governing body, invest the proceeds in obligations of, or obligations unconditionally guaranteed by, the United States or in savings accounts, time deposits, or certificates of deposit of any bank or trust company, within or without the State, to the extent that the savings accounts, time deposits, or certificates of deposit are collaterally secured by a pledge of obligations of, or obligations unconditionally guaranteed by, the United States, and to further secure the refunding bonds the director of finance may, upon authorization or approval of the governing body, enter into a contract with any bank or trust company, within or without the State, with respect to the safekeeping and application of the proceeds of the refunding bonds, and the safekeeping and application of the earnings on the investment, which contract shall become a part of the contract with the holders of the refunding bonds. SECTION 3. Section 651-64, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 651-64 Seizure of exempt property. Any defendant who claims that exempt property has been levied upon or seized may, with or without the giving of bond, apply to the court which issued the process for the release and return of the property. Upon the giving of bond in such sum and with such sureties as may be approved by the court, payable to the plaintiff in the attachment or execution and conditioned to have the property forthcoming to abide the court's determination of whether such property is exempt or for its value, and for the payment of costs, the court may order the property released and returned to the defendant forthwith. In such case the officer shall deliver the property to the defendant, and return the attachment or execution to the court whence it issued.

If it shall be found that the property is liable to attachment or execution, the same not being exempt, the plaintiff shall have judgment against the defen-

dant and his sureties on the bond for the value of the property and the costs of the proceeding including an attorney's fee, or for such costs and the reinstatement of the levy as of the date it was made, as the court shall order. But if it is found that the property is exempt, the defendant shall recover his property, damages, and costs including an attorney's fee to be fixed by the court."

SECTION 4. Section 651-68, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 651-68 Proceedings on execution; appraisers; expiration of lien, result. When an execution for the enforcement of a judgment is levied upon real or personal property for which an exemption is authorized under subpart B or C, the judgment creditor may at any time within sixty days thereafter apply to the court for the appointment of a person or persons to appraise the value thereof. If such application is not made within sixty days after the levy of such execution the lien of the execution shall cease at the expiration of such period, and no execution based upon the same judgment shall thereafter be levied upon the real or personal property."

SECTION 5. Section 651-69, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 651-69 Application form contents. The application shall be made upon a verified petition of the judgment creditor filed with the court showing:

- (1) The fact that an execution has been levied upon the real or personal property within sixty days prior to the filing of the petition.
- (2) A description of the real or personal property and the name of the claimant of an exemption under subpart B or C.
- (3) That the value of the real or personal property, over and above all liens and encumbrances thereon recorded prior to the lien under which sale is to be made, exceeds the amount of the real or personal property exemption, if any.
- (4) That no previous execution arising out of the same judgment has been levied upon the real or personal property."

SECTION 6. Section 651-91, Hawaii Revised Statutes, is amended by amending the definition of "head of a family" to read as follows:

"(1) "Head of a family" includes within its meaning:

- (A) A man and woman when married, except as provided in section 651-93.
- (B) Every individual who is residing on the real property and who has under his or her care or maintenance, either:
 - (i) His or her minor child, or minor grandchild, or the minor child of his or her deceased wife or husband;
 - (ii) A minor brother or sister, or the minor child of a deceased brother or sister;
 - (iii) A father, mother, grandfather, or grandmother;

- (1) An interest in one parcel of real property in the State of Hawaii of a fair market value not exceeding \$30,000 owned by the defendant who is either the head of a family or an individual sixty-five years of age or older.
- (2) An interest in one parcel of real property in the State of Hawaii of a fair market value not exceeding \$20,000 owned by the defendant who is a person.

The fair market value of the interest exempted in paragraphs (1) or (2) shall be determined by appraisal and shall be an interest which is over and above all liens and encumbrances on the real property recorded prior to the lien under which attachment or execution is to be made. Not more than one exemption shall be claimed on any one parcel of real property even though more than one person residing on such real property may otherwise be entitled to an exemption.

Any claim of exemption under this section made before May 27, 1976, shall be deemed to be amended on May 27, 1976, by increasing the exemption to the amount permitted by this section on May 27, 1976, to the extent that such increase does not impair or defeat the right of any creditor who has executed upon the real property prior to May 27, 1976.

(b) No exemption authorized under this section shall apply to process arising from:

- (1) A lien as provided by section 507-42;

“**Sec. 651-94 Proceedings where real property can be divided without material injury.** If the defendant is entitled to an exemption as provided in section 651-92, and from the appraiser’s report, it appears to the judge that the real property claimed can be divided without material injury and subject to applicable state and county land use, zoning, and subdivision laws, he shall, by order, direct the appraisers to set off to the defendant so much of the real property, including

the residence and outbuildings, as will amount in value to the real property exemption and all liens and encumbrances and the execution may be enforced against the remainder of the real property subject to all liens and encumbrances recorded prior to the lien under which sale is made.

If a sale is made, the proceeds thereof shall be applied in the following order of priority: first, to the satisfaction of the execution costs, attorney's and appraiser's fees, and any other fees that may necessarily arise; second, to the satisfaction of the lien under which the sale is made; third, to the discharge of any subsequent liens and encumbrances according to their priority, and the balance, if any, to the defendant. The sale shall operate to extinguish subsequent liens and encumbrances on the remainder sold without forcing prior lienors and encumbrancers to exercise their right of recovery.

As used in this section, "material injury" means that the value of the real property left after the set off to the defendant is less than: all liens and encumbrances on the real property recorded prior to lien under which sale is made and an amount equal to estimated execution costs, attorney's and appraiser's fees, and other fees."

SECTION 9. Section 651-95, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 651-95 Sale where real property cannot be divided; application of proceeds. If the defendant is entitled to an exemption as provided in section 651-92, and if, from the appraiser's report, it appears to the court that the real property claimed exceeds in value the amount of the real property exemption, all liens and encumbrances recorded prior to the judgment lien under which sale is to be made and an amount equal to estimated execution costs, attorney's and appraiser's fees, and other fees, and that it cannot be divided under section 651-94, he shall make an order directing its sale under the execution, subject to all liens and encumbrances recorded prior to the lien under which the sale is to be made.

If the sale is made, the proceeds thereof shall be applied in the following order of priority: first, to the defendant to the amount of the exemption; second, to the satisfaction of the execution costs, attorney's and appraiser's fees; and any other fees that may necessarily arise; third, to the satisfaction of the lien under which the sale is made; fourth, to the discharge of any subsequent liens and encumbrances according to their priority, and fifth, the balance, if any, to the defendant. The sale shall operate to extinguish subsequent liens and encumbrances without forcing prior lienors and encumbrancers to exercise their right of recovery."

SECTION 10. Section 651-96, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 651-96 After sale, money equal to real property exemption protected. The money paid to the defendant as his exemption shall be entitled, for the period of six months thereafter, to the same protection against attachment and execution which section 651-92 gives to the real property. If the defendant, within such six month period, applies such proceeds to the purchase of real property, the date of such acquisition and commencement of residence for the purpose of section

ACT 46

651-92(b) (5), shall be considered to be the date of the acquisition of interest in and commencement of residence on the real property whose sale resulted in such proceeds.”

SECTION 11. Section 651-121, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 651-121 Certain personal property and insurance thereon, exempt. The following described personal property of an individual up to the value set forth shall be exempt from attachment and execution as follows:

- (1) All necessary household furnishings and appliances, books and wearing apparel, ordinarily and reasonably necessary to, and personally used by a debtor or his family residing with him; and, in addition thereto, jewelry, watches, and items of personal adornment up to an aggregate cash value not exceeding \$1,000.

- (3) Any combination of the following: tools, implements, instruments, uniforms, furnishings, books, equipment, one commercial fishing boat and nets, one motor vehicle, and other personal property ordinarily and reasonably necessary to and personally owned and used by the debtor in the exercise of his trade, business, calling, or profession by which he earns his livelihood.

ACT 48

S.B. NO. 1533-78

A Bill for an Act Relating to In-Service Training Programs.

Be It Enacted by the Legislature of the State of Hawaii:

*Edited accordingly.

SECTION 1. Findings. The legislature finds that staff development and in-service training programs have an important role in improving the internal operations of state and county government. Presently, three units of state government are involved in statewide and multi-department in-service training and staff development programs: the Hawaii institute for management and analysis in government of the department of budget and finance, the training and safety division of the department of personnel services, and the center for governmental development of the University of Hawaii.

The legislature finds that functional duplication exists among these three entities and that corrective actions are clearly indicated. Legislative concern has resulted in the adoption of three resolutions during the regular session of 1977 which requested the agencies and departments involved to review and evaluate their functions, responsibilities, and authorities, with specific attention directed toward elimination of duplicate programs and services. In response, the three agencies have submitted a report of their findings and recommendations, the key portions of which are summarized as follows:

- (1) Abolish the center for governmental development by repealing sections 81-1 through 81-5, Hawaii Revised Statutes. Center personnel should be allowed to stay with the university or relocate to the department of personnel services.
- (2) The department of personnel services should coordinate all training activities to insure that statewide employee development and training programs are efficient and effective. Within this framework, all training conducted by the department of personnel services and the institute for management and analysis in government (HIMAG) should be reviewed and coordinated to produce a viable and cohesive program designed to meet the needs of state employees.
- (3) The training and safety division of the department of personnel services and HIMAG should conduct a joint survey of statewide training needs. The department of personnel services should be responsible for coordinating the identification of statewide training needs.
- (4) A joint committee, made up of representatives of the training and safety division and HIMAG should be established to develop and manage an overall state training plan, coordinate future course offerings, and make recommendations for updating the state training manual.

Upon reviewing these recommendations and consulting with appropriate agency representatives, the legislature believes that the problems of duplication can be effectively curtailed by their implementation, resulting in an improved approach to the planning, coordination and delivery of staff development and related in-service training programs.

The purpose of this Act is to implement the intent of the foregoing recommendations.

SECTION 2. Chapter 81, Hawaii Revised Statutes, is amended as follows:

1. The title of chapter 81 is amended to read:

“CHAPTER 81 IN-SERVICE TRAINING PROGRAMS”

2. Sections 81-1 to 81-5 are repealed.
3. Three new sections are added to read as follows:

“Sec. 81-1 In-service training. The director of personnel services shall initiate and provide suitable in-service training programs so that the quality of service rendered by government employees may be continually improved. The director shall be responsible for the coordination of the in-service training activities of all departments of government with related activities conducted by the University of Hawaii or the department of education.

Sec. 81-2 Advisory committee on training established. There is established an advisory committee on training to be made up of the director of personnel services; the director of finance; the director of the personnel system of the judiciary; the directors of the personnel departments of the several counties; the dean of continuing education; and three members from among the exclusive representatives of collective bargaining units 1, 2, 3, 4, 9, 10 and 13. The committee shall meet at least quarterly to recommend program plans and strategies for an overall state training plan, assist in coordinating course offerings, and make recommendations for updating the state training manual as necessary; provided that the authority of the committee shall be advisory as opposed to policy-making. The director of personnel services shall chair the committee.

Sec. 81-3 Financing of operations. Funds necessary for the development and operation of in-service training programs and activities shall be provided by general fund appropriations. Additional revenues may be provided through the charging of fees as may be necessary to conduct programs for participating agencies and shall be made part of a revolving fund.”

SECTION 3. Section 76-38, Hawaii Revised Statutes, is repealed.

SECTION 4. **Transfer of officers and employees.** All functions, powers, and duties relating to the center for governmental development, University of Hawaii, are transferred to the department of personnel services.

All officers and employees whose functions are transferred by this Act shall exercise the right to remain with the University of Hawaii or transfer to the department of personnel services and shall continue to perform their regular duties subject to the state personnel laws and this Act.

No officer or employee of the State having tenure shall suffer any loss of salary, seniority, prior service credit, vacation, sick leave, or other employee benefits or privileges as a consequence of this Act, and such officer or employee may be transferred or appointed to a civil service position without the necessity of examination; provided that the officer or employee possesses the minimum qualifications for the position to which the officer or employee is transferred or appointed; and provided that subsequent changes in status may be made pursuant to applicable civil service and compensation laws.

An officer or employee of the State who does not have tenure and who may be transferred or appointed to a civil service position as a consequence of this Act

ACT 49

shall become a civil service employee without the loss of salary, seniority, prior service credit, vacation, sick leave, or other employee benefits or privileges and without the necessity of examination; provided that such officer or employee possesses the minimum qualifications for the position to which the officer or employee is transferred or appointed.

In the event that an office or position held by an officer or employee having tenure is abolished, the officer or employee shall not thereby be separated from public employment, but shall remain in the employment of the State with the same pay and classification and shall be transferred to some other office or position for which the officer or employee is eligible under the personnel laws of the State as determined by the president of the University of Hawaii, the director of personnel services, or the governor.

SECTION 5. Transfer of records and equipment. All records, equipment, machines, files, supplies, contracts, books, papers, documents, maps, and other personnel property heretofore made, used, acquired, or held by the center for governmental development, University of Hawaii shall be transferred to the department of personnel services subject to an agreement developed between the University of Hawaii and the department of personnel services and approved by the governor.

A Bill for an Act Relating to the Hawaii Insurance Law.

Be It Enacted by the Legislature of the State of Hawaii:

*Edited accordingly.

SECTION 1. Section 431-573, Hawaii Revised Statutes, is amended to read:

“Sec. 431-573 Debtor groups. The lives of a group of individuals may be insured under a policy issued to a creditor, who shall be deemed the policyholder, to insure the debtors of the creditor, subject to the following requirements:

- (1) The debtors eligible for insurance under the policy shall be all of the debtors of the creditor or all of any class or classes thereof determined by conditions pertaining to the indebtedness or to the purchase giving rise to the indebtedness. The policy may provide that the term debtors shall include the debtors of one or more subsidiary corporations, and the debtors of one or more affiliated corporations, proprietors, or partnerships, if the business of the policyholder and of such affiliated corporations, proprietors, or partnerships, is under common control through stock ownership, contract, or otherwise.
- (2) The premiums for the policy shall be paid by the policyholder, either from the creditor’s funds, or from charges collected from the insured debtors, or from both. A policy on which part or all of the premiums is to be derived from the collection from the insured debtors of identifiable charges not required of uninsured debtors shall not include, in the class or classes of debtors eligible for insurance, debtors under obligations outstanding at its date of issue without evidence of individual insurability unless at least seventy-five per cent of the then eligible debtors elect to pay the required charges. A policy on which no part of the premium is to be derived from the collection of such identifiable charges must insure all eligible debtors, or all except any as to whom evidence of individual insurability is not satisfactory to the insurer.
- (3) The policy may be issued only if the group of eligible debtors is then receiving new entrants at the rate of at least one hundred persons yearly, or may reasonably be expected to receive at least one hundred new entrants during the first policy year, and only if the policy reserves to the insurer the right to require evidence of individual insurability if less than seventy-five per cent of the new entrants become insured.
- (4) The initial amount of credit life insurance shall not exceed the total amount repayable under the contract indebtedness or \$20,000, whichever is less. Where an indebtedness is repayable in substantially equal installments, the amount of insurance shall at no time exceed the scheduled or actual amount of unpaid indebtedness, whichever is greater, except that if the sole purpose of the loan is to provide future advances to the debtor to meet education or education-related expenses of the debtor, the debtor’s spouse, children or other dependents, the amount of insurance may equal, but may not exceed, the total amount of the described expenses forecast at the time of entry into the loan agreement with the creditor, less the amount of all repayments by the debtor. In the case of revolving loan or revolving charge accounts, the insurance shall at no time exceed the unpaid indebtedness.

- (5) The insurance shall be payable to the policyholder to reduce or extinguish the unpaid indebtedness of the debtor to the extent of such payment and, whenever the amount of insurance exceeds the unpaid indebtedness, any such excess shall be payable to a beneficiary, other than the creditor, named by the debtor or to his estate.
- (6) Payment by the debtor insured under any such group life insurance contract of an amount not in excess of the premium charged and creditor by the insurer for such insurance pertaining to the debtor, shall not be deemed to constitute a charge upon a loan in violation of any banking or usury law or any law regulating installment sales."

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 76-23, Hawaii Revised Statutes, is amended to read:

“Sec. 76-23 Filling vacancy. All vacant civil service positions shall be filled in the manner prescribed in this part or in section 78-1.

Whenever there is a position to be filled, the appointing authority shall request the director of personnel services to submit a list of eligibles. The director shall thereupon certify a list of five or such fewer number as may be available, taken from eligible lists in the following order: first the promotional lists, second the recall lists, third the reemployment lists, and fourth the open-competitive lists; provided that laid-off regular employees shall be placed on an appropriate recall list; provided further that with respect to the eligibles under unskilled classes, the director shall certify all of the eligibles on such list. The director shall submit eligibles in the order that they appear on the eligible list before applying veterans preference; provided that veterans whose examination scores, after addition of applicable preference, are equal to or exceed the examination score of the fifth eligible certified, shall also be certified; and further provided that if the last of the five eligibles to be certified is one of two or more eligibles who have identical examination scores, such two or more eligibles shall be certified notwithstanding the fact that more than five persons are thereby certified to fill a vacancy.

In any case where there are three or more eligibles in one department whose names appear as eligibles on an interdepartmental list, upon the request of the appointing authority of such department such three or more names shall be certified to him as eligibles on an intradepartmental eligible list; but where the interdepartmental list has been in existence for more than six months and there are five or more persons in the department qualified for the class, the department may request an intradepartmental promotional examination, in which case the director shall hold either an interdepartmental or an intradepartmental promotional examination. The order in which eligibles are placed on eligible lists shall be fixed by rule. The appointing authority shall make the appointment only from the list of eligibles certified to him unless he finds no person acceptable to him on the list certified by the director, in which case he shall reject the list and request the director to submit a new list, in which event the director shall submit a new list of eligibles selected in like manner; provided that the appointing authority states his reasons in writing for rejecting each of the eligibles on the list previously certified to him by the director or, in case of the counties, by the civil

service commission. Eligible lists, other than the recall and reemployment lists, shall be effective for one year but this period may be extended by the director.

An appointing authority may fill a vacant position in his department by promoting any regular employee in the department without examination if the employee meets the minimum class qualifications of the position to which he is to be promoted, and if the position is in the same or related series as the position held by the employee; provided, that when there is no material difference between the qualifications of the employees concerned, the employee with the longest government service shall receive first consideration for the promotion.

Any regular employee receiving any such promotion without examination shall be ineligible for a second such promotion without examination prior to his having completed one year of satisfactory service in the position to which he was so promoted, but he may at any time be eligible for a promotion to any position through examination.

An employee filling a permanent position temporarily vacant may be given a permanent appointment to the position if it later develops that the vacancy will be permanent, provided he was originally appointed from an appropriate eligible list and the appointing authority certifies that he has been performing the duties of the position in a satisfactory manner."

SECTION 2. Section 76-25, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 76-25 Reemployment and recall lists. A person on a reemployment list shall be deemed eligible for certification to positions in the class in which he last held a permanent status.

Whenever a regular employee has been laid off because his position has been abolished due to lack of work or funds or because he was displaced by another employee because of reduction-in-force, the employee shall have the right to have his name placed on appropriate recall lists and be deemed eligible for certification to positions in the class in which he last held permanent status or in a related class in the same or lower grade for which he meets the qualification requirements.

The director of personnel services may remove the name of a person on any reemployment or recall list or refuse to certify his name on any list of eligibles, if he finds, after giving him notice and an opportunity to be heard, that

A Bill for an Act Relating to the Residential Landlord-Tenant Code.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The Residential Landlord-Tenant Code was enacted in 1972 to govern the relationship between landlord and tenant, granting rights and imposing duties upon each party. One of the basic duties imposed upon landlords and tenants is that they act in good faith. Housing is a basic necessity of each person, and the Code in seeking to protect and promote this necessity has granted certain rights to the tenant while imposing certain limitations upon the landlord. One of these tenant rights is the right, upon the landlord's failure to make certain repairs, to have the repairs made and to deduct the costs of repair from the rent.

The landlord is required to bring a summary proceeding for possession of the dwelling unit if the tenant defaults on the rent. The legislature finds that many times the tenant wrongfully fails to pay the rent, forces the landlord to go to court to seek possession, and withholds any payment of rent during the time the proceeding takes place. The legislature finds that the landlord often obtains possession after a long, drawn out court proceeding, only to find that the tenant cannot or will not pay for the time in which the tenant was in possession of the premises.

The purpose of this Act is to require the tenant, in any proceeding in which the payment or nonpayment of rent is in dispute, to pay the rent as due into a special fund and to make other amendments to further effectuate the purposes for which the landlord tenant code was established.

SECTION 2. Part VI of chapter 521, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read as follows:

"Sec. 521- Rent trust fund. (a) At the request of either the tenant or the landlord in any court proceeding in which the payment or nonpayment of rent is in dispute, the court shall order the tenant to deposit any disputed rent as it becomes due into the court as provided under subsection (c); provided that the tenant shall not be required to deposit any rent where the tenant can show to the court's satisfaction that the rent has already been paid to the landlord; provided further that if the parties had executed a signed, written instrument agreeing that the rent could be withheld or deducted, the Court shall not require the tenant to deposit rent into the fund. No deposit of rent into the fund ordered under this section shall affect the tenant's rights to assert either that payment of rent was made or that any grounds for nonpayment of rent exist under this chapter.

(b) If the tenant is unable to comply with the court's order under subsection (a) in paying the full amount of rent in dispute into the court, the landlord shall have judgment for possession and execution shall issue accordingly. The writ of possession shall issue to the sheriff or to a police officer of the circuit where the premises are situated, commanding him to remove all persons from the premises, and to put the landlord, or his agent, into the full possession thereof.

(c) The court in which the dispute is being heard shall accept and hold in

trust any rent deposited under this section and shall make such payments out of money collected as provided herein. The court shall order payment of such money collected or portion thereof to the landlord if the court finds that the rent is due and has not been paid to the landlord and that the tenant did not have any basis to withhold, deduct, or otherwise set off the rent not paid. The court shall order payment of such money collected or portion thereof to the tenant if the court finds that the rent is not due or has been paid, or that the tenant had a basis to withhold, deduct, or otherwise set off the rent not paid.

(d) The court shall, upon finding that either the landlord or the tenant raised the issue of payment or nonpayment of rent in bad faith, order that person to pay the other party reasonable interest on the rent deposited into the court.”

A Bill for an Act Relating to Spousal Liabilities.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Chapter 573, Hawaii Revised Statutes, is amended in the following ways:

- 1. By amending section 573-6 to read as follows:

“Sec. 573-6 Not liable for spousal debts. A married person is not liable for the debts of a spouse; nor is a married person’s property liable to be taken on execution or other process against that person’s spouse.

- 2. By amending section 573-7 to read as follows:

“Sec. 573-7 Spousal liabilities. Both spouses of a marriage, whether married in this State or in some other jurisdiction, and residing in this, shall be bound to maintain, provide for, and support one another during marriage, and shall be liable for all debts contracted by one another for necessities for themselves, one another, or their family during marriage; provided that when a support or maintenance obligation, however designated, is imposed upon a spouse under chapter 580 or any other law, the amount of such obligation shall be determined by the appropriate court on the basis of factors enumerated in section 580-47(a).”

SECTION 2. Section 580-47, Hawaii Revised Statutes, is amended in the following ways:

- 1. By amending subsection (a) to read:

“(a) Upon granting a divorce, the court may make such further orders as shall appear just and equitable (1) compelling the parties or either of them to provide for the support, maintenance, and education of the children of the par-

ties; (2) compelling either party to provide for the support and maintenance of the other party; (3) finally dividing and distributing the estate of the parties, real, personal, or mixed, whether community, joint, or separate; and (4) allocating, as between the parties, the responsibility for the payment of the debts of the parties whether community, joint, or separate, and the attorney's fees, costs, and expenses incurred by each party by reason of the divorce. In making such further orders, the Court shall take into consideration: the respective merits of the parties, the relative abilities of the parties, the condition in which each party will be left by the divorce, the burdens imposed upon either party for the benefit of the children of the parties, and all other circumstances of the case. Provision may be made for the support, maintenance and education of an adult or minor child and for the support, maintenance and education of an incompetent adult child whether or not the application is made before or after the child has attained the age of majority.

In addition to any other relevant factors considered the court, in ordering spousal support and maintenance, shall consider the following factors:

- (1) Financial resources of the parties;
- (2) Ability of the party seeking support and maintenance to meet his or her needs independently;
- (3) Duration of the marriage;
- (4) Standard of living established during the marriage;
- (5) Age of the parties;
- (6) Physical and emotional condition of the parties;
- (7) Usual occupation of the parties during the marriage;
- (8) Vocational skills and employability of the party seeking support and maintenance;
- (9) Needs of the parties;
- (10) Custodial and child support responsibilities;
- (11) Ability of the party from whom support and maintenance is sought to meet his or her own needs while meeting the needs of the party seeking support and maintenance; and
- (12) Other factors which measure the financial condition in which the parties will be left as the result of the action under which the determination of maintenance is made.
- (13) Probable duration of the need of the party seeking support and maintenance.

The court may order support and maintenance to a party for an indefinite period or until further order of the court; provided that in the event the court determines that support and maintenance shall be ordered for a specific duration wholly or partly based on competent evidence as to the amount of time which will be required for the party seeking support and maintenance to secure adequate training, education, skills, or other qualifications necessary to qualify for appropriate employment, whether intended to qualify the party for a new occupation, update or expand existing qualification, or otherwise enable or enhance the employability of the party, the court shall order support and maintenance for a period sufficient to allow completion of the training, education, skills, or other activity, and shall allow, in addition, sufficient time for the party to secure ap-

propriate employment.”

2. By amending subsection (d) to read as follows:

“(d) Upon the motion of either party supported by an affidavit setting forth in particular a material change in the physical or financial circumstances of either party or upon a showing of other good cause, the moving party may, in the discretion of the court, and upon adequate notice to the other party, be granted a hearing. The fact that the moving party is in default or arrears in the performance of any act or payment of any sums theretofore ordered to be done or paid by him or her shall not necessarily constitute a bar to the granting of the hearing. The court, upon such hearing, for good cause shown may amend or revise any order and shall consider all proper circumstances in determining the amount of the allowance, if any, which shall thereafter be ordered.

3. By amending subsection (e) to read as follows:

“(e) Attorney’s fees and costs. The court hearing any motion for orders either revising an order for the custody, support, maintenance, and education of the children of the parties, or an order for the support and maintenance of one party by the other, or a motion for an order to enforce any such order or any order made under subsection (a) of this section, may make such orders requiring either party to pay or contribute to the payment of the attorney’s fees, costs, and expenses of the other party relating to such motion and hearing as shall appear just and equitable after consideration of the respective merits of the parties, the relative abilities of the parties, the economic condition of each party at the time of the hearing, the burdens imposed upon either party for the benefit of the children of the parties, and all other circumstances of the case.”

SECTION 3. Section 580-74, Hawaii Revised Statutes, is amended to read as follows:

“**Sec. 580-74 Support of spouse and children.** Upon decreeing a separation, the court may make such further decree for the support or maintenance of either spouse and for the support, maintenance, and education of minor children, by either spouse, or out of the property of either spouse, as may appear just and proper; provided that the court shall apply the considerations required by section 580-47(a) in formulation of any support decree in any action under this part; and provided further that the court may amend or revise any such decree in the same manner and under the same circumstances as provided for by section 580-47(d).”

(b) In all cases of citation for alleged violations of chapter 294 or section 286-116 the court shall require the appearance of the driver cited and the registered owner of the motor vehicle. - (2) Complied with all requirements under chapter 294 as evidenced by a no-fault insurance identification card and the insurance policy issued by a licensed insurer; or

If any bond is not (1) executed by a surety company authorized to do business in the State, or (2) secured by a deposit of cash with the board in lieu of surety, then sections 103-35 to 103-37 shall be applicable as nearly as may be to furnishing of such bond and the surety or sureties and the security thereof, with the substitution of the board hereunder for the awarding officer mentioned in sections 103-35 and 103-37 as may be applicable.

(b) It is provided:

- (1) That if the applicant maintains an established place of business in the county concerned which is used, or will be used, for the purpose of selling, displaying, or offering to negotiate for the purchase of motor vehicles, the market value of which, over and above all liens, charges, and encumbrances thereon is equal to or greater than ninety per cent of the amount of bond required by this section, and the financial condition of the applicant is such that, in the judgment of the board the excess over ten per cent of the bond may be waived without unduly jeopardizing the possible rights and interests of present and prospective claimants against the applicant intended to be secured by the bond, then the amount of the bond for new motor vehicle dealers or used motor vehicle dealers may be reduced at the discretion of the board; and
- (2) That if the dealer is licensed to engage in the business of selling only motorcycles and motor scooters, the bond shall be only in the amount of \$5,000 for a county with a population of 200,000 or more, and \$1,000

for any county with a population of less than 200,000.

(c) The bond shall be conditioned:

- (1) That the dealer will faithfully and truly comply with all the valid provisions of this chapter as the same now is or may hereafter be amended, and with such valid regulations as may be promulgated by the board pursuant to this chapter.
- (2) That he will not be guilty of fraud, misrepresentation or other improper business conduct in connection with the selling, purchasing, negotiating for purchase, or otherwise dealing with motor vehicles or any other property related thereto, and that he will satisfy all judgments rendered against him based in whole or in part upon representations or warranties made in connection with any retail sale or negotiation for the purchase of a motor vehicle.
- (3) That he will protect the treasurer of the county and any purchaser of any vehicle or any person acquiring any lien thereon or successor in interest of any such person against any loss on account of any defect in or undisclosed encumbrance upon the title of any motor vehicle, registered by the treasurer in reliance upon any certificate, affidavit, or other representation of the dealer, or registration or transfer of registration procured by the dealer.

(d) Suit on bond. The board, director of regulatory agencies, or the treasurer, or any person, who has been or claims to have been injured by the breach of the conditions shall have the right of action to recover on any such bond, plus a reasonable attorney's fee (to be allowed by the court, no other attorney's fees shall be permitted from the bond proceeds) incurred to procure the recovery under the bond, but the aggregate liability of the surety or sureties to all such persons shall in no event exceed the amount of the bond. Nothing in this section or chapter shall be deemed to prohibit or prevent an independent action against the dealer and any other person from being joined or consolidated with an action on the bond, and the recovery of a larger amount than the amount of the bond founded upon any other cause or causes of action so joined or consolidated."

SECTION 3. Section 437-28, Hawaii Revised Statutes, is amended to read:

"Sec. 437-28 Suspension; revocation; fine; denial of issuance or renewal of a license. (a) Investigation. - (13) Has entered or has attempted to enter or proposes to enter into any contract or agreement contrary to this chapter or any rule or regulation adopted thereunder; or
- (14) Has been or is engaged or proposes to engage in the business of selling new motor vehicles as a dealer or auction without a proper franchise therefor; or

- (16) Has entered or attempted to enter any one-payment contract, where the contract is required to be signed by the purchaser prior to removal of the motor vehicle for test driving from the seller's premises; or
- (17) Being a salesman or dealer:
 - (A) Has required a purchaser of motor vehicles as a condition of sale and delivery thereof to purchase special features, appliances, accessories, or equipment not desired or requested by the purchaser; provided that this prohibition shall not apply as to special features, appliances, accessories, or equipment which are ordinarily installed on the vehicle when received or acquired by the dealer; or
 - (B) Has represented and sold as an unused motor vehicle any motor vehicle which has been operated as a demonstrator, leased, or U-drive motor vehicle; or

- (C) Intends to be employed as a salesman for more than one dealer; or
- (21) Being a motor vehicle auctioneer, does not intend to be employed as such by a licensed auction under this chapter; or
- (22) Being a manufacturer, factory branch, factory representative, distributor, distributor branch, or distributor representative:
 - (A) Has attempted to coerce or has coerced any dealer in this State to enter into any agreement with such manufacturer, factory branch, factory representative, distributor, distributor branch, or distributor representative, or any other party, to perform any act not required by or to refrain from performing any act not contrary to the reasonable requirements of the franchise agreement with such dealer, by threatening to cancel the franchise agreement or by threatening to refuse, at the expiration of the current franchise agreement, to enter a new franchise agreement with such dealer; or
 - (B) Has attempted to coerce or coerced any dealer in this State to enter into any agreement with such manufacturer, factory branch, factory representative, distributor, distributor branch, or distributor representative, or any other party, to perform any act not required by or to refrain from performing any act not contrary to the reasonable requirements of the franchise agreement with such dealer, by awarding or threatening to award a franchise to another person for the sale of the same make of any motor vehicle in the same sales area of responsibility covered by the existing franchise agreement of the dealer; or
 - (C) Has attempted to or has canceled or failed to renew the franchise agreement of any dealer in this State without good faith, as defined herein. Upon such cancellation or failure to renew the franchise agreement, the party canceling or failing to renew the franchise agreement shall, at the dealer's option, either compensate the dealer at the fair market going business value for the dealer's capital investment, which shall include but not be limited to the going business value of the business, good will, property, and improvement owned or leased by the dealer for the purpose of the franchise, inventory of parts, and motor vehicles possessed by the dealer in connection with the franchise, plus reasonable attorney's fees incurred in collecting such compensation; provided such investment shall have been made with reasonable and prudent judgment for the purpose of the franchise agreement; or compensate the dealer for his damages including attorney's fees as aforesaid, resulting from the cancellation or failure to renew the franchise agreement. As used herein, "good faith" means the duty of each party to any franchise agreement fully to comply with that agreement, or to act in a fair and equitable manner towards each other; or

- (D) Has delayed delivery of or refused to deliver without cause, any new motor vehicle to a dealer, franchised to sell the new motor vehicle, within a reasonable time after receipt of a written order for the vehicle from the dealer. The delivery to another dealer of a motor vehicle of the same model and similarly equipped as the vehicle ordered by a dealer who has not received delivery thereof, but who has placed his written order for the vehicle prior to the order of the dealer receiving the vehicle, shall be prima facie evidence of a delayed delivery of, or refusal to deliver, a new motor vehicle without cause. The nondelivery of a new motor vehicle to a dealer within sixty days after receipt of a written order for the vehicle from a dealer shall also be prima facie evidence of delayed delivery of, or refusal to deliver, a new motor vehicle without cause; provided that the delayed delivery of, or refusal to deliver, a motor vehicle shall be deemed with cause if the manufacturer establishes that the delay or refusal to deliver is due to a shortage or curtailment of material, labor, transportation, utility service, labor or production difficulty, or other similar cause beyond the reasonable control of the manufacturer; or
- (E) Has discriminated against any of their franchised dealers in this State by directly or indirectly charging such dealer more for a new motor vehicle or services, parts, or accessories therefor or a higher rate of transportation for transporting such vehicle from the manufacturing or assembly plant to such dealer or any portion of such distance, than is charged to any other of their franchised dealers in other states for the same make, model, and year of a new motor vehicle or for the same services, parts, or accessories therefor or for similar transportation for such vehicle during the same period. A manufacturer, factory branch, factory representative, distributor, distributor branch, or distributor representative who provides or causes to be provided greater transportation benefits for a new motor vehicle as aforesaid to any of their franchised dealers in other states than is provided to any of their franchised dealers in this State for the same or lesser price or charge than that imposed upon such franchised dealer in this State during the same period is deemed to have so discriminated against such franchised dealer in this State. Evidence of similar discriminatory practice against franchised dealers in other states shall not constitute a defense to or justification of the commission of such discriminatory act against the franchise dealer in this State. The intent and purpose of this subparagraph is to eliminate inequitable pricing policies set by manufacturers, factory branches, factory representatives, distributors, distributor branches, or distributor representatives which result in higher prices of new motor vehicles to the consumer in this State. This subparagraph shall be liberally interpreted to effect such intent and purpose and in the application thereof, the substance and effect and not the form of

the acts and transactions shall be primarily considered in determining whether a discriminatory act has been committed. Nothing contained in this subparagraph (E) shall prohibit establishing delivered prices or destination charges to dealers in this State which reasonably reflect the seller's total transportation costs incurred in the manufacture or delivery of such products to such dealers, including costs which are related to the geographical distances, modes and cost of transportation involved in shipments to this State, or which meet those lower prices established by competitors; or

- (F) Has required a dealer of new motor vehicles in this State as a condition of sale and delivery of new motor vehicles to purchase special features, appliances, accessories, or equipment not desired or requested by such dealer; provided that this prohibition shall not apply to special features, appliances, accessories, or equipment, except heaters, which are regularly installed on that particular model of new motor vehicles as "standard" equipment or to special features, appliances, accessories, or equipment which are an integral part of such new motor vehicles and cannot be removed therefrom without substantial expense.

(c) Suspension pending hearing. Upon finding by the board or by the director of regulatory agencies that a licensee is engaging within this State in activities which involve (1) an immediate and unreasonable threat to personal safety or (2) fraud or misrepresentation upon customers, and that, for the protection of the public from the possible consequences of such practices, the business of licensee should be immediately suspended, the board or the director may order the summary suspension of the license for a period not to exceed five days, pending a hearing by the board on the charges involving such practices. The order of suspension shall be served upon the licensee at the same time as the notice of hearing upon such charges, which hearing shall be scheduled prior to the expiration of the order of suspension. The period of suspension prior to the hearing cannot be extended except upon request of the licensee for a reasonable continuance adequately to prepare his defense.

Any attempt of the licensee to continue his business or occupation while his license is so suspended shall of itself be sufficient to warrant a permanent revocation of his license and shall also subject him to all the penalties prescribed by this chapter for violations. For such disregard of an order suspending his license, the board may summarily take possession of and impound all motor vehicles belonging to or in the possession of the licensee whether or not the vehicles are situated upon the licensed premises, pending final action in this case or may, without taking possession of such motor vehicles, render them unusable; provided, that the right of the board to take any such action and any liens for towing or storage or otherwise arising from such action are subject to and subordinate to any security interest which has attached to such motor vehicles prior thereto, and the board shall prior to taking any such action give notice thereof to any secured party whose security interest in such motor vehicles is known to the board or who, prior to any such action by the board, had filed a financing statement cover-

ing such motor vehicles or had noted his lien on the legal ownership certificates thereof.

(d) Fines. Any fine imposed by the board after a hearing in accordance with chapter 91 shall be no less than \$100 nor no more than \$1,000 for each violation.

(e) Restitution. In lieu of or in addition to the fine imposed under this section, the board may require the motor vehicle dealer to make restitution to the customer. Restitution may be imposed in lieu of a fine even though the amount may exceed the fine set forth in subsection (d).”

SECTION 4. Section 286-52, Hawaii Revised Statutes, is amended to read:

“Sec. 286-52 Procedure when title of vehicle transferred; delivery of certificate mandatory. (a) Upon a transfer of the title or interest of a legal owner in or to a vehicle registered under this part, the person whose title or interest is to be transferred and the transferee shall write their signatures with pen and ink upon the certificate of ownership issued for the vehicle, together with the address of the transferee in the appropriate space provided upon the reverse of the certificate.

(b) Within twenty calendar days thereafter, the transferee shall forward both the certificate of ownership so indorsed and the certificate of registration to the director of finance who shall file the same. Whenever a transferee fails to comply with these provisions, the director of finance shall charge a fee of \$2, in addition to the fee provided in section 286-51, for a new certificate of ownership.

(c) Subsection (b) of this section, requiring a transferee to forward the certificate of ownership after indorsement and the certificate of registration to the director of finance, shall not apply to the transferee of a vehicle who was not intending to and does not drive the vehicle or permit the vehicle to be driven upon the public highways, but every such transferee shall, upon transferring his interest or title to another, give notice of the transfer to the director of finance and indorse the certificate of ownership to the new legal owner and the certificate of registration to the new owner; provided that the director of finance, if he has ascertained as of the date of the application that the registered owner has not deposited or paid bail with respect to any summons or citation issued to the registered owner for stopping, standing, or parking in violation of traffic ordinances within the county, may require, as a condition precedent to the transfer, that the registered owner deposit or pay bail with respect to all such summons or citations.

(d) The director of finance, upon receipt of the certificate of ownership properly indorsed and the certificate of registration of the vehicle, shall register the vehicle, and shall issue to the owner and legal owner entitled thereto by reason of the transfer a new certificate of registration and the certificate of ownership, respectively, in the manner and form hereinabove provided for original registration.

(e) Until the director of finance has issued the new certificate of registration and certificate of ownership as in subsection (d) provided, delivery of such vehicle shall be deemed not to have been made and title thereto shall be deemed not to have passed, and the intended transfer shall be deemed to be incomplete and not to be valid or effective for any purpose, notwithstanding any provision of

the Uniform Commercial Code; provided that a security interest in a motor vehicle shall be perfected as provided in the Uniform Commercial Code, sections 490:9-302(3) (b) and 490:9-302(4), and that the validity, attachment, priority, and enforcement of such security interest shall be governed by Article 9 of the Code.

(f) In the event of the transfer by operation of law of the title or interest of a legal owner in and to a vehicle registered under this part, as upon inheritance, devise, or bequest, order in bankruptcy, or insolvency, execution sale, repossession upon default in performance of the terms of a lease or executory sales contract, or otherwise than by the voluntary act of the person whose title or interest is so transferred, the certificate of ownership shall be signed upon the reverse thereof by the personal representative, receiver, trustee, sheriff, or other representative, or successor in interest of the person whose title or interest is so transferred in lieu of such person. Every personal representative, receiver, trustee, sheriff, or other representative hereinabove referred to shall file with the director of finance a notice of any transfer by sale, lease, or otherwise by him, of any such vehicle, together with evidence satisfactory to the director of finance of all facts entitling such representative to make the transfer. Upon notice given to the director of finance that transfer by operation of law of the title or interest of a legal owner or a registered owner has been effected pursuant to any provision of law, the director of finance shall send to the legal owner or the registered owner or both a notice of registered mail of such action and requesting the delivery to the director of finance of the certificate of ownership or the certificate of registration, as the case may be, within ten days after date of mailing of the notice, and any person who refuses or neglects to deliver the same to the director of finance pursuant to the notice shall be guilty of a misdemeanor and shall be punished as provided in section 286-61.

(g) Nothing in the foregoing subsections shall prevent a legal owner from assigning his title or interest in or to a vehicle registered under this part to another legal owner at any time without the consent of and without affecting the interest of the holder of the certificate of registration thereof. Upon filing with the director of finance of a certificate of ownership endorsed by the legal owner and a transferee of legal ownership, the director of finance shall, whether the certificate of registration has expired or not, enter the name of the new legal owner upon the records of his office and shall forthwith issue a new certificate of ownership to the new legal owner in the form for original registration. Upon so doing, the director of finance shall send to the registered owner a notice by mail of the action.

(h) Any person who refuses or neglects to deliver a certificate of ownership to a transferee entitled thereto under this part, shall be punished as provided in section 286-61.

(i) Every dealer, upon transferring a motor vehicle, whether by sale, lease, or otherwise, shall immediately give notice of the transfer to the director of finance upon the official form provided by the director of finance. Every such notice shall contain the date of the transfer, the names and addresses of the transferor and transferee, and such description of the vehicles as may be called for in the official form.

(j) Every person, other than a dealer, upon transferring a motor vehicle, whether by sale, lease, or otherwise, shall within ten days give notice of the

transfer to the director of finance upon the official form provided by the director of finance. Every notice shall contain the date of transfer, the names and addresses of the transferor and transferee, and such description of the vehicle as may be called for in the official form. Any person who violates this subsection shall be fined not more than \$100.

(k) Whenever the registered owner of any motor vehicle or any licensed dealer has given notice to the director of finance of a transfer of his title or interest in the motor vehicle, as provided in subsection (j) or (i) of this section, and has delivered the certificate of ownership bearing his signature to the transferee as required by subsection (a) of this section, he shall be relieved from any liability, civil or criminal, which he might subsequently incur by reason only of his being the registered owner of the vehicle.

(l) A licensed dealer who has forwarded a properly indorsed certificate of ownership and certificate of registration to the director of finance shall be relieved of any civil liability, provided a specific written authorization to forward the certificates has been obtained from the transferee.

(m) Any person who falsely or fraudulently gives notice to the director of finance of a transfer of his title or interest in a motor vehicle shall be subject to the penalty provided in section 286-61.”

HAWAII STATE PLANNING ACT

PART I. OVERALL THEME, GOALS, OBJECTIVES AND POLICIES

Sec. -3 Overall theme. Hawaii's people, as both individuals and groups, generally accept and live by a number of principles or values which are an integral part of society. This concept is the unifying theme of the state plan. The following

principles or values are established as the overall theme of the Hawaii state plan:

- (1) *Individual and family self-sufficiency* refers to the rights of people to maintain as much self-reliance as possible. It is an expression of the value of independence, in other words, being able to freely pursue personal interests and goals. Self-sufficiency means that individuals and families can express and maintain their own self-interest so long as that self-interest does not adversely affect the general welfare. Individual freedom and individual achievement are possible only by reason of other people in society, the institutions, arrangements and customs that they maintain, and the rights and responsibilities that they sanction.
- (2) *Social and economic mobility* refers to the right of individuals to choose and to have the opportunities for choice available to them. It is a corollary to self-sufficiency. Social and economic mobility means that opportunities and incentives are available for people to seek out their own levels of social and economic fulfillment.
- (3) *Community or social well-being* is a value that encompasses many things. In essence, it refers to healthy social, economic, and physical environments that benefit the community as a whole. A sense of social responsibility, of caring for others and for the well-being of our community and of participating in social and political life, are important aspects of this concept. It further implies the aloha spirit—attitudes of tolerance, respect, cooperation and unselfish giving, within which Hawaii's society can progress.

One of the basic functions of our society is to enhance the ability of individuals and groups to pursue their goals freely, to satisfy basic needs and to secure desired socio-economic levels. The elements of choice and mobility within society's legal framework are fundamental rights. Society's role is to encourage conditions within which individuals and groups can approach their desired levels of self-reliance and self-determination. This enables people to gain confidence and self-esteem; citizens contribute more when they possess such qualities in a free and open society.

Government promotes citizen freedom, self-reliance, self-determination, social and civic responsibility and goals achievement by keeping order, by increasing cooperation among many diverse individuals and groups, and by fostering social and civic responsibilities that affect the general welfare. The greater the number and activities of individuals and groups, the more complex government's role becomes. The function of government, however, is to assist citizens in attaining their goals. Government provides for meaningful participation by the people in decision-making and for effective access to authority as well as an equitable sharing of benefits. Citizens have a responsibility to work with their government to contribute to society's improvement. They must also conduct their activities within an agreed-upon legal system that protects human rights.

Sec. -4 State goals. In order to guarantee those elements of choice and mobility that insure that individuals and groups may approach their desired

levels of self-reliance and self-determination, it shall be the goal of the State to achieve:

(c) For the purpose of obtaining services which are essential to the public interest for which no competent person with the qualifications under subsection (b) applies within forty-five days after the first publication of an advertisement of the position or a notice of an examination therefor, which advertisement or notice has been published more than once, and not oftener than once a week, in a newspaper of general circulation in the State, a person without the qualifications may, upon prior certification by the State director of personnel services or the city and county director of civil service or the county personnel director, whichever is applicable, and with the approval of the chief executive officer for the State or the political subdivision concerned, be employed.

The director shall submit eligibles in the order that they appear on the eligible list; provided that if the last of the five eligibles to be certified is one of two or more eligibles who have identical examination scores, such two or more eligibles shall be certified notwithstanding the fact that more than five persons are thereby certified to fill a vacancy; and further provided that, for each eligible without resident preference certified, a resident who has filed a resident income tax return within the State or who has been claimed as a dependent on such a return, as provided by section 78-1, shall also be certified.

The order in which eligibles are placed on eligible lists shall be fixed by rule. The appointing authority shall make the appointment only from the list of eligibles certified to him unless he finds no person acceptable to him on the list certified by the director, in which case he shall reject the list and request the director to submit a new list, in which event the director shall submit a new list of eligibles selected in like manner; provided that the appointing authority states his reasons in writing for rejecting each of the eligibles on the list previously certified to him by the director or, in case of the counties, by the civil service commission. Eligible lists, other than reemployment lists, shall be effective for one year but this period may be extended by the director.

An appointing authority may fill a vacant position in his department by promoting any regular employee in the department without examination if the employee meets the minimum class qualifications of the position to which he is to be promoted, and if the position is in the same or related series as the position held by the employee; provided, that when there is no material difference between the qualifications of the employees concerned, the employee with the longest

(b) The purpose of this Act is to limit general assistance payments to persons who are disabled, or are at least 55 years of age, or have dependent children in their homes, and who are unable to provide sufficient support for themselves or their dependents.

(b) A disabled person between eighteen and sixty-five years of age shall be eligible for general assistance, if he:

The term "public work projects" includes any kind of labor under the department of accounting and general services of the State or the department of public works of any county, or under any other department, board, commission, or agency of the State or any county. All such agencies may employ persons registering under this section. Payment for the work shall not be made from the funds of the agency employing such persons but shall be made from the funds of the department. SECTION 6. Section 346-53, Hawaii Revised Statutes, is amended to read as follows:

“**Sec. 346-53 Determination of amount of assistance.** (a) The director shall adopt rules pursuant to chapter 91 concerning the determination of public assistance grants under this chapter. Public assistance grants shall be sufficient to maintain a standard consistent with this chapter. In granting public assistance to a person under this chapter the department may take into account part or all of the needs of the person’s dependents or those persons essential to his well being, provided that they are also eligible for public assistance. In the event that a public assistance grant to a recipient has taken into consideration only part of the needs of other eligible persons this public assistance grant shall be without prejudice to a separate public assistance grant to such other eligible persons or any of them, as may be proper to meet their remaining needs and in compliance with this chapter.

(b) The maximum basic need allowance which the department shall initially pay a recipient considering income and resources in accordance with this chapter shall be \$100 plus an additional \$44 for each additional person whose needs have been taken into account by the department. Once each year, beginning July 1, 1976, the director shall increase the maximum basic needs allowance which the department may pay a recipient, by a percentage equal to the annual percentage increase in the average weekly wage in covered employment, as computed by the director of labor and industrial relations pursuant to section 383-22. The department shall pay a recipient the maximum basic needs allowance if the department determines that his needs are not reduced by this income or resources.

(c) If a child is eligible for public assistance under section 346-55, and if the child lives in a home or a place of residence maintained as a home by a relative specified under section 346-55, and if such a relative is a person essential to the child’s well being, then the department shall pay in behalf of each child the basic needs allowance and shelter allowance as prescribed in this chapter. The department shall make such payment regardless of whether such relative does or does not receive public assistance.

(d) For recipients in nondomiciliary shelter, the shelter allowance (to include rent and utilities) shall be for cost paid, up to the maximum as provided in the following schedule:

- (1) \$175 for 1 person;
- (2) \$215 for 2 persons;
- (3) \$240 for 3 persons;
- (4) \$265 for 4 persons;
- (5) \$290 for 5 persons;
- (6) \$320 for 6 persons;
- (7) \$360 for 7 or more persons.

(e) The director shall pursuant to chapter 91 determine the rate of payment for the different levels of domiciliary care provided to recipients eligible for

Federal Supplemental Security Income or public assistance in accordance with state standards.

The rate of payment at which level a recipient enters an adult family boarding home or a care home licensed pursuant to sections 346- and 321- , shall remain the same for as long as the recipient resides in that adult family boarding home or care home. The rate of payment may be raised if the recipient's condition so requires, or by rule of the department in accordance with this subsection; provided that, notwithstanding the rate of payment at the time of entry, the department shall ensure that the recipient shall receive the quality of care consistent with the level of care as determined by the department; provided further that if the operator does not provide the quality of care consistent with the needs of the individual as determined by and to the satisfaction of the department, the department may reduce the rate of payment, or adjust the level of care, or remove the recipient to another facility. The department shall handle abusive practices under this section in accordance with chapter 91.

Nothing in this subsection shall allow the director to remove a recipient from an adult family boarding home, care home, or other similar institution if the recipient does not desire to be removed and the operator thereof is agreeable to the recipient remaining therein, except where the recipient requires a higher level of care than provided thereby, or where the recipient no longer requires any domiciliary care.

(f) The department shall establish rules pursuant to chapter 91 for supplement payments under the Federal Supplemental Security Income Program or its successor agency, such that a recipient's payments and benefits do not exceed the total of the maximum basic needs allowance and shelter allowance as provided by this chapter; provided that if a recipient sharing housing with a person receiving a shelter allowance from the department could qualify as an essential person to or dependent of such person, then the recipient shall be considered to live in free shelter. A recipient renting private housing or purchasing the home he lives in shall receive a shelter allowance for cost paid, up to the maximum established in subsection (d).

(g) The department shall pay rental and utility (to include gas, electricity, and water only) deposits once only for any person eligible for money payments by the department. However, under extraordinary circumstances as determined by the department, an additional rental and/or utility deposit may be granted.

(h) Any recipient may petition the department for additional assistance when his need is due to emergencies caused by seismic wave, tsunami, hurricane, volcanic eruption, typhoon, earthquake, flood, or fire determined by the director to have caused losses as to require and justify additional assistance from the State. In addition any recipient may petition the department for additional assistance for the replacement or repair of household appliances. Such additional assistance shall be paid on an emergency basis, as determined by the department, to meet the cost of replacing or repairing household appliances. If the cost of repairs of household appliances is less than one-half the unit cost of the item, the department shall pay for the cost of repairs. If the cost of repairs of the household appliances is more than one-half the unit cost of the item, the department shall

replace the household appliance; provided the replacement cost shall not exceed \$350. For the purposes of this subsection "household appliance" means a refrigerator or a range.

The department shall establish an emergency fund, not to exceed one per cent of total money payments from state funds required by this chapter in the previous fiscal year. The director shall adopt rules pursuant to chapter 91 for determining in which cases to grant lump sum payments to recipients petitioning for additional assistance."

SECTION 7. Section 346-90, Hawaii Revised Statutes, is repealed.

SECTION 8. **Appropriation.** There is appropriated out of the general revenues of the State of Hawaii the sum of \$76,686 or so much thereof as may be necessary, to carry out the purposes of this Act, including the hiring of necessary staff. The sum appropriated shall be expended by the department of social services and housing for the purpose of this Act. Any unexpended or unencumbered balance of any appropriation made by the Act as of the close of business on June 30, 1979 shall lapse into the general fund.

SECTION 9. Statutory material to be repealed is bracketed. New material is underscored. In printing this Act, the revisor of statutes need not include the brackets, the bracketed material, or the underscoring.*

SECTION 10. This Act shall take effect on July 1, 1978.

ACT 108

H.B. NO. 1815-78

A Bill for an Act Relating to Collective Bargaining.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 89-11, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 89-11 Resolution of disputes; grievances; impasses. (a) A public employer shall have the power to enter into written agreement with the exclusive representative of an appropriate bargaining unit setting forth a grievance procedure culminating in a final and binding decision, to be invoked in the event of any dispute concerning the interpretation or application of a written agreement. In the absence of such a procedure, either party may submit the dispute to the board for a final and binding decision. A dispute over the terms of an initial or renewed agreement does not constitute a grievance.

(b) A public employer shall have the power to enter into written agreement with the exclusive representative of an appropriate bargaining unit setting forth an impasse procedure culminating in a final and binding decision, to be invoked in the event of an impasse over the terms of an initial or renewed agreement. In

*Edited accordingly except as to SECTION 4 which has been set out in full.

the absence of such a procedure, either party may request the assistance of the board by submitting to the board and to the other party to the dispute a clear, concise statement of each issue on which an impasse has been reached together with a certificate as to the good faith of the statement and the contents therein. The board, on its own motion, may determine that an impasse exists on any matter in a dispute. If the board determines on its own motion that an impasse exists, it may render assistance by notifying both parties to the dispute of its intent.

The board shall render assistance to resolve the impasse according to the following schedule:

- (1) **Mediation.** Assist the parties in a voluntary resolution of the impasse by appointing a mediator or mediators, representative of the public, from a list of qualified persons maintained by the board, within three days after the date of the impasse, which shall be deemed to be the day on which notification is received or a determination is made that an impasse exists.
- (2) **Fact-finding.** If the dispute continues fifteen days after the date of the impasse, the board shall appoint, within three days, a fact-finding board of not more than three members, representative of the public, from a list of qualified persons maintained by the board. The fact-finding board, shall, in addition to powers delegated to it by the public employment relations board, have the power to make recommendations for the resolution of the dispute. The fact-finding board, acting by a majority of its members, shall transmit its findings of fact and any recommendations for the resolution of the dispute to both parties within ten days after its appointment. If the dispute remains unresolved five days after the transmittal of the findings of fact and any recommendations, the board shall publish the findings of fact and any recommendations for public information if the dispute is not referred to final and binding arbitration.
- (3) **Arbitration.** If the dispute continues thirty days after the date of the impasse, the parties may mutually agree to submit the remaining differences to arbitration, which shall result in a final and binding decision. The arbitration panel shall consist of three arbitrators, one selected by each party, and the third and impartial arbitrator selected by the other two arbitrators. If either party fails to select an arbitrator or for any reason there is a delay in the naming of an arbitrator, or if the arbitrators fail to select a neutral arbitrator within the time prescribed by the board, the board shall appoint the arbitrator or arbitrators necessary to complete the panel, which shall act with the same force and effect as if the panel had been selected by the parties as described above. The arbitration panel shall take whatever actions necessary, including but not limited to inquiries, investigations, hearings, issuance of subpoenas, and administering oaths, in accordance with procedures prescribed by the board to resolve the impasse. If the dispute remains unresolved within fifty days after the date of the impasse, the arbitration panel shall transmit its findings and its final and binding decision

on the dispute to both parties. The parties shall enter into an agreement or take whatever action is necessary to carry out and effectuate the decision. All items requiring any moneys for implementation shall be subject to appropriations by the appropriate legislative bodies, and the employer shall submit all such items agreed to in the course of negotiations within ten days to the appropriate legislative bodies.

(4) The costs for mediation and fact-finding shall be borne by the board. All other costs, including that of a neutral arbitrator, shall be borne equally by the parties involved in the dispute.

(c) If the parties have not mutually agreed to submit the dispute to final and binding arbitration, either party shall be free to take whatever lawful action it deems necessary to end the dispute; provided that no action shall involve the disruption or interruption of public services within sixty days after the fact-finding board has made public its findings of fact and any recommendations for the resolution of the dispute. The employer shall submit to the appropriate legislative bodies his recommendations for the settlement of the dispute on all cost items together with the findings of fact and any recommendations made by the fact-finding board. The exclusive representative may submit to the appropriate legislative body its recommendations for the settlement of the dispute on all cost items.

(d) Notwithstanding any other law to the contrary, if a dispute between a public employer and the exclusive representative of optional appropriate bargaining unit (11), firefighters, exists over the terms of an initial or renewed agreement, the board shall assist in the voluntary resolution of the impasse by appointing a mediator within three days after the date of impasse. If the dispute continues to exist fifteen working days after the date of impasse, the dispute shall be submitted to arbitration proceedings as provided herein.

The board shall immediately determine whether the parties to the dispute have mutually agreed upon an arbitration procedure and whether the parties have agreed upon a person or persons whom the parties desire to be appointed as the arbitrator or as a panel of arbitrators, as the case may be.

If the board determines that an arbitration procedure mutually agreed upon by the parties will result in a final and binding decision, and that an arbitrator or arbitration panel has been mutually agreed upon, it shall appoint such arbitrator or arbitration panel and permit the parties to proceed with the arbitration procedure mutually agreed upon.

If, after eighteen working days from the date of impasse the parties have not mutually agreed upon an arbitration procedure and an arbitrator or arbitration panel, the board shall immediately notify the employer and the exclusive representative that the issues in dispute shall be submitted to a three-member arbitration panel who shall follow the arbitration procedure provided herein.

Within twenty-one working days from the date of impasse, two members of the arbitration panel shall be selected by the parties; one shall be selected by the employer and one shall be selected by the exclusive representative. The impartial third member of the arbitration panel shall be selected by the two previously selected panel members and shall chair the arbitration panel.

In the event that the two previously selected arbitration panel members fail

to select an impartial third arbitrator within twenty-four working days from the date of impasse, the board shall request the American Arbitration Association, or its successor in function, to furnish a list of five qualified arbitrators from which the impartial arbitrator shall be selected. Within five calendar days after receipt of such list, the parties shall alternately strike names therefrom until a single name is left, who shall be immediately appointed by the board as the impartial arbitrator and chairman of the arbitration panel.

Upon the selection and appointment of the arbitration panel, each party shall submit to the panel, in writing, with copy to the other party, a complete final offer which shall constitute a complete agreement and shall include all provisions in any existing collective bargaining agreement not being modified, all provisions already agreed to in negotiations, and all further provisions it is proposing for inclusion in the final agreement.

Within twenty calendar days of its appointment, the arbitration panel shall commence a hearing at which time the parties may submit either in writing or through oral testimony, all information or data supporting their respective final offers. Nothing in this section shall be construed to prohibit the parties from reaching a voluntary settlement on the unresolved issues, with or without the assistance of a mediator, at any time prior to the conclusion of the hearing conducted by the arbitration panel.

Within thirty calendar days after the conclusion of the hearing, a majority of the arbitration panel shall select the most reasonable of the complete final offers submitted by the parties and shall issue a final and binding decision incorporating that offer without modification.

In reaching a decision, the arbitration panel shall give weight to the factors listed below and shall include in a written opinion an explanation of how the factors were taken into account in reaching the decision:

- (1) The lawful authority of the employer.
- (2) Stipulations of the parties.
- (3) The interests and welfare of the public.
- (4) The financial ability of the employer to meet these costs.
- (5) The present and future general economic condition of the counties and the State.
- (6) Comparison of wages, hours, and conditions of employment of the employees involved in the arbitration proceeding with the wages, hours, and conditions of employment of other persons performing similar services, and of other State and county employees generally.
- (7) The average consumer prices for goods for services, commonly known as the cost of living.
- (8) The overall compensation presently received by the employees, including direct wage compensation, vacation, holidays and excused time, insurance and pensions, medical and hospitalization benefits, the continuity and stability of employment, and all other benefits received.
- (9) Changes in any of the foregoing circumstances during the pendency of the arbitration proceedings.
- (10) Such other factors, not confined to the foregoing, which are normally

or traditionally taken into consideration in the determination of wages, hours and conditions of employment through voluntary collective bargaining, mediation, factfinding, arbitration, or otherwise between the parties, in the public service or in private employment.

The decision of the arbitration panel shall be final and binding upon the parties. The parties shall enter into an agreement or take whatever action is necessary to carry out and effectuate the decision. The parties may, at any time and by mutual agreement, amend or modify the decision.

Agreements reached pursuant to the decision of an arbitration panel as provided herein, shall not be subject to ratification by the employees concerned. All items requiring any moneys for implementation shall be subject to appropriations by the appropriate legislative bodies and the employer shall submit all such items within ten days after the date on which the agreement is entered into as provided herein, to the appropriate legislative bodies.

The costs for mediation shall be borne by the board. All other costs incurred by either party in complying with these provisions, including the costs of its selected member on the arbitration panel, shall be borne by the party incurring them, except that all costs and expenses of the impartial arbitrator shall be borne equally by the parties."

A future interest that takes effect in possession or enjoyment after the termination of the estate or interest renounced takes effect as if the person renouncing had predeceased the decedent or the donee of the power. H.B. NO. 2165-78

A Bill for an Act Relating to the Purchase by a Public Utility of Geothermal Energy.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Findings and Purpose. The Legislature finds commercial development of the State's geothermal energy resources requires an assurance to the producer of geothermal energy that his product can be sold at a just and reasonable rate. The Legislature further finds that it is in the public interest to establish procedures in order that the interests of the producer, the public utility, and the consumer may be considered in establishing a just and reasonable rate for the purchase of geothermal energy by a public utility.

It is the purpose of this Act to promote the commercial development of geothermal energy and to protect the interests of the producer, the public utility, and the consumer by establishing procedures under which the public utilities commission shall determine just and reasonable rates payable by a public utility to a producer of geothermal energy.

SECTION 2. Means. Chapter 269, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read as follows:

"Sec. 269- Establishment of geothermal energy rates. (a) The rate payable by a public utility to the producer of geothermal steam or electricity generated from geothermal steam shall be established by agreement between the public utility and the supplier, subject to approval by the public utilities commission; provided that, if the public utility and the supplier fail to reach an agreement for such rate, or if the agreed upon rate is disapproved by the commission, the public utilities commission shall establish a just and reasonable rate for the geothermal steam or electricity generated from geothermal steam supplied to the public utility by the producer.

(b) The producer of geothermal steam or electricity generated from geothermal steam shall be excluded from coverage of the term "public utility" as defined in section 269-1."

SECTION 3. New material is underscored. In printing this Act, the revisor of statutes need not include the underscoring.*

(c) The energy efficiency building standards shall be enforced at the time of construction of a new building or at the time of major addition, alteration, or repair of an existing building when the proposed major addition, alteration, or repair must comply with the standards applicable to new buildings under the applicable county building code. No official of the State nor of any county charged with the enforcement of laws or ordinances pertaining to the construction or alteration of buildings or structures shall accept or approve any plan or specification including or pertaining to the design and construction details and standards for a heating or cooling system unless the energy efficiency building standards are met. All such plans and specifications submitted with or in connection with an application for a building or construction permit shall bear the certification by a registered architect or engineer that the plans and specifications comply with the energy efficiency building standards.

(d) At such time as performance standards that address the overall energy

performance of buildings are promulgated pursuant to the Energy Conservation Standards for New Buildings Act of 1976, title III of the Energy Conservation and Production Act, Public Law 94-385, such standards shall be considered for adoption by each county and shall be incorporated into its building code in addition to the standard adopted pursuant to subsection (a) above, as required by federal law.”

A Bill for an Act Relating to the Reservation and Disposition of Government Mineral Rights.

Be It Enacted by the Legislature of the State of Hawaii:

*Edited accordingly.

SECTION 1. Section 182-1, Hawaii Revised Statutes, is amended by amending the definition of "occupier" to read:

"“Occupier” means any person who owns in fee the surface of the land or any person entitled to the possession of land under a certificate of occupation, a nine hundred and ninety-nine year homestead lease, a right of purchase lease, a cash freehold agreement, and any person entitled to possession under a general lease from the State, and also means and includes the assignee of any one of the above.”

SECTION 2. Section 182-3, Hawaii Revised Statutes, is amended to read:

“Sec. 182-3 Bond; compensation of occupiers. (a) Every lessee of a mining lease granted under this chapter and every assignee thereof shall file with the board of land and natural resources a bond, in a form and in an amount approved by the board, made payable to the State and which shall be conditioned upon the faithful performance by the lessee of all the requirements of this chapter and of the mining lease, and also conditioned upon the full payment by the lessee of all damages suffered by the occupiers hereinunder mentioned. If the State sells or leases its mineral rights on land which it or its predecessors in interest have granted or leased, or which it may hereafter sell or lease, and the land thereof including any crops or improvements is damaged by any mining or other incidental operations, including exploratory work, or by the failure of the lessee of the mining lease to properly restore the land after termination of the operations, the occupier shall be reimbursed the full extent of the damages caused by the mining operations of the lessee to be allocated between the lessee and the fee owner in accordance with the lease terms, if any.

(b) Nothing herein shall be construed to prevent the occupier from demanding and receiving rentals from the lessee of the mining lease or to forbid and prevent the occupier and the lessee from agreeing upon the amount of damages to be paid and the terms and conditions of payment. The occupier may in writing before or within thirty days after the public auction notify the board that he elects to have the amount of damages and the amount of rentals to be paid as a result of the mining lease determined by arbitration with the successful bidder. In such event, the occupier shall notify the successful bidder of his election to arbitrate, and the arbitration shall proceed in accordance with chapter 658. The arbitrators in fixing the amount of damages to be paid to the occupier shall award him the amount which in their judgment shall fairly compensate the occupier for the damages he may suffer to his crops or improvements or to the surface or condition of his land caused by the mining of other incidental operations, including exploratory work, and a reasonable rental for the use of the surface.”

SECTION 3. Section 182-4, Hawaii Revised Statutes, is amended to read:

“Sec. 182-4 Mining leases on state lands. If any mineral is discovered or known to exist on state lands, any interested person may notify the board of land and natural resources of his desire to apply for a mining lease. The notice shall be accompanied by a fee of \$100 together with a description of the land desired to be leased and the minerals involved and such information and maps as the board by

regulation may prescribe. As soon as practicable thereafter, the board shall cause a notice to be published in a newspaper of general circulation in the county where the lands are located, at least once in each of three successive weeks, setting forth the description of the land, and the minerals desired to be leased. The board may hold the public auction of the mining lease within six months from the date of the first publication notice or such further time as may be reasonably necessary. Whether or not the state land sought to be auctioned is then being utilized or put to some productive use, the board, after due notice of public hearing to all parties in interest, within six weeks from the date of the first publication of notice or such further time as may be reasonably necessary, shall determine whether the proposed mining operation or the existing or reasonably foreseeable future use of the land would be of greater benefit to the State. If the board determines that the existing or reasonable foreseeable future use would be of greater benefit to the State than the proposed mining use of the land, it shall disapprove the application for a mining lease of the land without putting the land to auction. The board shall determine the area to be offered for lease and, after due notice of public hearing to all parties of interest, may modify the boundaries of the land areas. At least thirty days prior to the holding of any public auction, the board shall cause a notice to be published in a newspaper of general circulation in the State at least once in each of three successive weeks, setting forth the description of the land, the minerals to be leased, and the time and place of the auction. Bidders at the public auction may be required to bid on the amount of annual rental to be paid for the term of the mining lease based on an upset price fixed by the board, a royalty based on the gross proceeds or net profit, cash bonus, or any combination or other basis and under such terms and conditions as may be set by the board."

SECTION 4. Section 182-5, Hawaii Revised Statutes, is amended to read:

"Sec. 182-5 Mining leases on reserved lands. If any mineral is discovered or known to exist on reserved lands, any interested person may notify the board of land and natural resources of his desire to apply for a mining lease. The notice shall be accompanied by a fee of \$100 together with a description of the land desired to be leased and the minerals involved and such information and maps as the board may by regulation prescribe. The board may grant a mining lease on reserved lands in accordance with section 182-4, or the board may, by the vote of two-thirds of its members, to which the board is entitled, without public auction, grant a mining lease on reserved lands to the occupier thereof. Such a mining lease may be granted to a person other than the occupier if the occupier has assigned his rights to apply for a mining lease to another person, in which case only such an assignee may be granted a mining lease. If the occupier or his assignee of the right to obtain a mining lease should fail to apply for a mining lease within six months from the date of notice from the board of a finding by the board that it is in the public interest that the minerals on the reserved lands be mined, a mining lease shall be granted under section 182-4; provided that bidders at the public auction shall bid on an amount to be paid to the State for a mining lease granting to the lessee the right to exploit minerals reserved to the State."

SECTION 5. Section 182-7, Hawaii Revised Statutes, is amended to read:

“Sec. 182-7 Lease. Prior to the public auction contemplated in section 182-4 or 182-5, or the granting of mining lease without public auction contemplated in section 182-5, the board of land and natural resources shall cause a mining lease for the land in question to be drawn. The lease shall describe the land and shall contain, in addition to such other provisions which the board may deem appropriate, provisions to the following effect:

- (1) The term of the lease shall be sixty-five years or for a lesser period at the discretion of the board.
- (2) The payments to the State as fixed by the board; provided, that in the case of bauxite, bauxitic clay, gibbsite, diaspore, boehmite, and all ores of aluminum, the amount of royalties for each long dry ton of ore as beneficiated shall not be less than twenty-five cents or the equivalent of the price of one pound of virgin pig aluminum, whichever is higher, nor shall it exceed the equivalent of the price of three pounds of virgin pig aluminum; provided further, that the rate of royalty for ore processed into aluminous oxide in the State shall be set at eighty per cent of the rate of royalty for ore not processed to aluminous oxide in the State; and provided further, that the royalty shall be fixed at a rate which will tend to encourage the establishment and continuation of the mining industry in the State. The prices of virgin pig aluminum for the purpose of determining the royalties hereunder shall be the basic price on the mainland United States market for virgin pig, not refined, f.o.b. factory. The royalties shall be in lieu of any severance or other similar tax on the extracting, producing, winning, beneficiating, handling, storing, treating, or transporting of the mineral or any product into which it may be processed in the State, and shall not be subject to reopening or renegotiating for and during the first twenty years of the lease term.

In the event the lessee desires to mine other minerals, the lessee shall, before mining the minerals, so notify the board in writing, and the board and the lessee shall negotiate and fix the royalties for such minerals.

- (3) The lessee shall covenant and agree that the lessee shall commence mining operations upon the leased lands within three years from the date of execution of the lease; provided, that so long as the lessee is actively and on a substantial scale engaged in mining operations on at least one such lease on the same minerals, the covenant shall be suspended as to all other leases held by the lessee.

Any interested party may, however, request that a mining lease contain a research period under which the lessees shall be required to expend money in research and development to establish a method to make economical the mining and processing of the mineral deposits contained in the lease. If the board determines that the research period would be beneficial it shall fix the period of research and shall also fix a minimum expenditure for labor performed or money spent by the lessee in research and development and the method by which the lessee shall establish that such expenditure in fact be made. In such leases, the obligation to commence mining operations within three years shall not

commence until the expiration of the research period.

- (4) For the period of the lease the lessee shall have the exclusive right of possession of the minerals leased and the exclusive rights to mine and remove the minerals by means which shall be reasonable and satisfactory to the board and to occupy and use so much of the surface of the land as may reasonably be required, subject to the provisions of section 182-3. The right to use the surface shall include the right to erect transportation facilities thereon, construct plants for beneficiating, drying, and processing the minerals for electric power generation and transmission and such other uses as may be necessary or convenient to the winning and processing of the minerals; provided, that the lessee shall comply with all water and air pollution control laws, rules and regulations of the State or its political subdivisions.
- (5) The lessee may retain all minerals separated from the land as a part of the process of mining the minerals specified in the mining lease; provided, that the lease may prescribe the accounting and testing procedures by which the amount and quality of such additional materials shall be determined for the purpose of computing the excise tax thereon."

SECTION 6. Section 182-8, Hawaii Revised Statutes, is amended to read:

"Sec. 182-8 Number of leases; acreage limitations; area covered by lease.

The board is authorized to impose a limitation on the number of leases or acres which a mining lessee or his transferee may hold under such terms and conditions as the board determines to be in the best interest of the State. No lease shall grant and include an area of land exceeding four square miles of contiguous land, in which the longest dimension of the area demised shall exceed its narrowest dimension by more than six times unless otherwise approved by the board."

SECTION 7. Section 182-10, Hawaii Revised Statutes, is amended to read:

"Sec. 182-10 Revocation of mining leases. A mining lease may be revoked if the lessee fails to pay rentals when due or if any of the terms of the lease or of law are not complied with, or if the lessee wholly ceases all mining operations for other than reasons of force majeure or the uneconomic operation of the mining lease for a period of one year without the written consent of the board of land and natural resources; provided, that the board shall give the lessee notice of any default and the lessee shall have six months or such other time limit as provided by the rules and regulations from the date of the notice to remedy the default."

SECTION 8. Chapter 182, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read:

"Sec. 182- Unitization. Upon motion by the board or petition filed by any mining lessee, the board, in its discretion, may order such lessees or owners of mineral rights on adjoining properties to collectively adopt, and operate under, a cooperative or unit plan of development, if the board finds that such a plan will prevent the waste of any mineral, increase the ultimate recovery, avoid the drilling, digging, or excavating of any unnecessary well, or for such other reason that would encourage and promote the development of any mineral resource."

SECTION 9. Chapter 182, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read:

“Sec. 182- Penalty for violation. Any person who violates any provision of this chapter, or any regulation adopted pursuant hereto, shall be fined not more than \$500 for each offense. If any person after receiving written notice for a violation fails to cure such violation within such time and under such conditions as determined by the rules and regulations, such person shall be subject to a citation for a new and separate violation. There shall be a fine not more than \$500 for each additional violation.”

SECTION 10. Chapter 182, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read:

“Sec. 182- Levy and assessment of general excise tax. Notwithstanding any provision to the contrary, the levy and assessment of the general excise tax on the gross proceeds from any manner of sale of (i) geothermal resources or (ii) electrical energy produced by the geothermal resources producer from such geothermal resources, shall be made only as a tax on the business of a producer, at the rate assessed producers, under section 237-13 (2) (A).”

ACT 139

H.B. NO. 1870-78

A Bill for an Act Relating to Alternative Mortgage Instruments.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The legislature finds that although alternative residential mortgage financing instruments which have been developed in recent years may allow many families to qualify for homeownership who would not qualify under conventional loan standards, statutory requirements relative to reductions in loan principal and to usury do not allow such alternative instruments.

For the past forty years most home purchases have been financed by long-term, fixed rate, equal monthly payment, fully amortizing mortgage loans, commonly called direct reduction mortgages, which worked well in times of fairly stable interest rates and little or no anticipated inflation. Current housing costs coupled with higher interest rates have risen at a faster rate than personal income increases, and one method of increasing homeownership is the use of alternative instruments which lower mortgage payments in the earlier years of the mortgage contracts and increase payments as the borrower's ability to pay and the value of the mortgage security both increase.

Inflation imposes a burden on elderly homeowners whose principal asset is equity in a home either debt free or with a minimal remaining loan balance. An alternative mortgage instrument, the reverse mortgage annuity, has been developed to enable the elderly to realize portions of their equity to meet increasing costs of living while continuing to occupy their residences.

It is the purpose of this Act to permit and encourage financial institutions in the State to utilize the concepts of alternative mortgage instruments to qualify more residents for residential mortgage loans and to assist the elderly in meeting living costs while retaining their homes.

SECTION 2. Chapter 402, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read as follows:

"Sec. 402- Alternative mortgage instruments, rules and regulations. The bank examiner shall issue rules and regulations defining and governing the utilization of alternative mortgage instruments."

SECTION 3. Section 407-83, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 407-83 Real estate loans, ordinary. Ordinary loans shall be made only on home property in the State, and shall be secured by mortgage on real estate

*Edited accordingly.

and improvements of the home, which improvements may include household fixtures and appliances, the mortgage not to exceed eighty per cent of the unencumbered appraised value thereof.

Payments on real estate loans shall be applied monthly, quarterly, or semiannually as set forth in each mortgage and promissory note, first to the payment of interest on the unpaid balance of the loan, the remainder to the reduction of the loan[;], unless the manner and application of payments and the loan disbursement and treatment of loan interest are governed by an alternative mortgage instrument as approved by the bank examiner in section 402- ; provided that if the loan is in default in any manner, payments may be applied by the mortgagee in any manner approved by the bank examiner. Every loan shall be evidenced by a note or bond for the amount of the loan. The note or bond shall specify the amount, rate of interest, terms of repayment, and may contain all other terms of the loan contract.

First lien mortgages. Every real estate loan shall be secured by a mortgage or other instrument constituting a first lien, or the full equivalent thereof, upon the real estate securing the loan, according to any lawful or well recognized practice, which is best suited to the transaction. Any such instrument, constituting a first lien, is herein termed a "mortgage". The mortgage shall provide specifically for full protection to the association with respect to usual insurance risks, taxes, assessments, other governmental levies, maintenance, and repairs. It may provide for an assignment of rents, which assignment shall be valid. It may also provide that household fixtures and appliances shall be a portion of the security for the loan. Except as otherwise provided in chapter 490, Article 9, Secured Transactions, of the Uniform Commercial Code, every such mortgage or other instrument shall create, and preserve to the association a first lien, which shall equally secure the original loan and each and every subsequent advance and loan in any amount and for any purpose by the association to the borrower. No subsequent loan to the borrower by any other person shall establish an intervening lien, which shall disturb the first lien of such association as security for every advance and loan made to the borrower. All such mortgages shall be recorded in accordance with the law of this State.

Protective payments, charges; records; reserves. An association may pay taxes, assessments, insurance premiums, and other similar charges for the protection of its real estate loans. All the payments shall be added to the unpaid balance of the loan and shall be equally secured by the first lien on the property. An association may require the borrower to pay monthly in advance the equivalent of one-twelfth of the estimated annual taxes, assessments, insurance premiums, and other charges upon the real estate securing the loan, or any of such charges, so as to enable the association to pay such charges as they become due from the funds so received. The amount of the monthly charges may be increased or decreased so as to provide reasonably for the payment of the estimated annual taxes, assessments, insurance premiums, and other charges. Every association shall keep a record of the status of taxes, assessments, insurance premiums, and other charges on all real estate securing its loans and on all real and other property owned by it. All real estate loans may be prepaid, in part or in full, at any time,

and the association shall not charge for the privilege of anticipatory payment an amount greater than one per cent of the amount of the anticipatory payment.

An association, by agreement with the debtor, may modify the terms of any real estate loan so that such loan shall be an amortized loan, and incident thereto may credit on the debt the book value of mortgage loan shares or accounts pledged as security for such real estate loan.

If the value of the property securing the loan depreciates or otherwise is found to be below the margin of excess over face value of the loan required by this section, the association may be permitted to hold the same upon such conditions as the bank examiner in writing may prescribe provided a reserve, in addition to the reserve otherwise required by law, is set up by the association sufficient to cover the amount of the deficiency.”

SECTION 4. Section 478-10, Hawaii Revised Statutes, is amended to read as follows:

“**Sec. 478-10 Exemptions of certain mortgage loans.** The provisions of this chapter shall not apply to [any]:

- (1) Any mortgage loan wholly or partially secured by a guarantee or insurance or a commitment to insure issued under the provisions of the National Housing Act, Chapter 13 of Title 12 of the United States Code, the Veterans Benefit Act, subchapters I and II of Chapter 37 of Title 38 of the United States Code, and subchapter III of Chapter 8A of Title 42 of the United States Code [.] or
- (2) Any mortgage loan wholly or partially secured by an alternative mortgage instrument is approved by the bank examiner in section 402-

SECTION 5. Statutory material to be repealed is bracketed. New material is underscored. In printing this Act, the revisor of statutes need not include the brackets, the bracketed material, or the underscoring.

SECTION 6. This Act shall take effect upon its approval.

as to existing leases and in force on June 24, 1967, or (B) [exceeding twenty years] twenty years or more (including any periods for which the lease may be extended or renewed at the option of the lessee) as to leases executed after June 24, 1967.”

- (7) Does not own in fee simple lands suitable for residential purposes within the county and in or reasonably near the place of business of such person or has or have pending before the Hawaii housing authority an unrefused application to lease or purchase a lot in a development tract. A person is deemed to own lands herein if he, his spouse, or both he and his spouse (unless separated and living apart under a decree of a court of competent jurisdiction) own lands.

In the event of a wilful breach of contract of a lessee to purchase the leased fee interest, the authority may sell or assign its interest without respect to the requirements of this section.

The authority may require additional testimony or evidence under oath in connection with any application. The determination by the authority of any applicant’s eligibility under this part shall be conclusive as to all persons thereafter dealing with the property; provided that the making of any false statement knowingly by applicants or other person in connection with any application shall constitute perjury and be punishable as such. The authority shall adopt rules [and regulations] pursuant to chapter 91 to effectuate the purposes of this section.”

SECTION 3. Chapter 516, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read as follows:

“**Sec. 516- Deposits by lessees.** (a) The authority may require the submission of a deposit by any lessee applying to the authority for the purchase of a

residential lot under this chapter. The amount of the deposit, not to exceed \$500 shall be established by rule.

(b) No deposit shall be required to be made more than 180 days prior to the date estimated by the authority for condemnation of the development tract.

ACT 141

S.B. NO. 71

A Bill for an Act Relating to Housing.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Purpose. The purpose of this Act is to recodify Hawaii's housing laws with substantive changes as necessary.

Hawaii's housing laws have generally followed enactment of federal statutes, a pattern which has created a collection of federal laws recently described by a federal government study as being a "hodgepodge of accumulated authorizations" . . . which contain "internal inconsistencies, numerous duplications, cross purposes, and overlaps as well as outright conflicts and gimmickry." Although Hawaii's laws are not as ill-constructed as the federal laws, many of the present statutory provisions are unnecessary, obsolete, or in need of clarification.

SECTION 2. Chapter 356, Hawaii Revised Statutes, is amended as follows:

1. Section 356-1 is amended to read:

"Sec. 356-1 Finding and declaration of necessity. It is declared: that unsanitary or unsafe dwelling accommodations exist in various areas of the State and that many persons are forced to reside in these dwelling accommodations; that there is a lack of safe or sanitary dwelling accommodations available to all the inhabitants of the State and that consequently many persons are forced to occupy overcrowded and congested dwelling accommodations; that these conditions cause an increase in and spread of disease and crime and constitute a menace to the health, safety, morals, and welfare of the inhabitants of the State and impair economic values; that these conditions cannot be remedied by the ordinary operations of private enterprises; that the clearance, replanning, and reconstruction of the areas in which unsanitary or unsafe housing conditions exist and the providing of safe and sanitary dwelling accommodations are public

uses and purposes for which public money may be spent and private property acquired; that it is in the public interest that work on such projects be instituted as soon as possible to relieve unemployment which now constitutes an emergency; and the necessity in the public interest for this chapter is declared as a matter of legislative determination.”

2. Section 356-2 is amended to read as follows:

“**Sec. 356-2 Definitions.** The following terms, wherever used or referred to in this chapter shall have the following respective meanings, unless a different meaning clearly appears from the context:

“Authority” means the Hawaii housing authority created by this chapter.

“Government” includes the State and the United States and any political subdivision, agency, or instrumentality, corporate or otherwise, of either of them.

“Federal government” includes the United States and any agency, instrumentality, corporate or otherwise, of the United States.”

“Housing project” or “project” includes all real and personal property, buildings and improvements, stores, offices, lands for farming and gardening, and community facilities acquired or constructed or to be acquired or constructed pursuant to a single plan or undertaking:

- (1) To demolish, clear, remove, alter, or repair unsanitary or unsafe housing, or
- (2) To provide safe and sanitary dwelling accommodations, or
- (3) To do both.

The term “housing project” or “project” may also be applied to the planning of the buildings and improvements, the acquisition of property, the demolition of existing structures, the construction, reconstruction, alteration, and repair of the improvements, and all other work in connection therewith; and the term includes all other real and personal property and all tangible or intangible assets held or used in connection with the housing project.

“Community facilities” includes real and personal property, and buildings, equipment, lands, and grounds for recreational or social assemblies, for educational, health, or welfare purposes and necessary or convenient utilities, when designed primarily for the benefit and use of the authority or the occupants of the dwelling accommodations.

“Bonds” means any bonds, interim certificates, notes debentures, or other evidences of indebtedness of the authority issued pursuant to this chapter.”

“Obligee of the authority” or “obligee” includes any bondholder, trustee or trustees for any bondholders, any lessor demising property to the authority used in connection with a housing project, or any assignee of the lessor’s interest or any part thereof, and the United States, when it is a party to any contract with the authority.

3. Section 356-3 is repealed.

[4.]†

†“4” has been supplied by revisor. It is apparent that some material is missing at this point. In S.B. No. 71, S.D. 1, the following reference to §356-5 appeared: “Section 356-5 is amended to read as follows:”.

“Sec. 356-5 Hawaii housing authority; establishment, commission, staff. A Bill for an Act Relating to Housing.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 359-56, Hawaii Revised Statutes, is amended to read:

“Sec. 359-56 State assistance to [governmental] public agencies and [persons.] eligible developers and non-profit corporations. (a) The authority may provide assistance and aid to public agencies, eligible developers and non-profit corporations in developing and constructing new housing projects and rehabilitating old housing for elderly persons of low income by making available interim construction loans from the proceeds of tax exempt general obligation bonds; provided [,] that the development and construction of new housing projects and rehabilitation of old housing for elderly persons of low income qualify for the housing assistance from the federal government. Federal housing assistance means financial or other aid granted to the State to help defray construction and rental costs associated with such housing project or projects.

(b) State financial assistance granted to public agencies and eligible developers shall be in an amount not in excess of the development cost of the project, [including] excluding administrative or other cost or expense to be incurred by the authority. In anticipation of final payment of such financial assistance, the authority in accordance with such assistance, may make temporary advances to the public agencies and eligible developers for preliminary planning expense or other development cost of such project or projects.

(c) The authority may charge service fees and premiums upon the issuance of any interim construction loan under this section. The interest paid on such loans [,] and service fees and premiums shall be paid into the elderly housing fund created by section 359-65.

The director of finance shall approve such rates so as to produce up to but not in excess of the maximum yield to the State permitted under [such] section 103(d) (2) of the United States Internal Revenue Code of 1954, on the assumption that the general obligation bonds, the proceeds of which are to be used for the purposes of this part, would otherwise be “arbitrage bonds” under that section were such maximum yield to be exceeded. The establishment of the rates of interest shall be exempt from chapter 91.

(e) Loans made under this part shall be secured by a duly recorded first mortgage upon the fee simple or leasehold interest only in the land upon which the dwelling units are constructed. The authority may require such other security interests and instruments as it deems necessary to secure the indebtedness and

such other conditions consistent with the production and rental of dwelling units at the lowest possible prices. The authority may also set the conditions of the loan in a building and loan agreement between the borrower and the authority in order to secure the loan and the performance of the borrower to complete the project.

(f) The authority may require performance bonds to be posted to the benefit of the State with surety satisfactory to it guaranteeing completion of housing projects and performance by qualified developers or the State may act as a self-insurer requiring such security, if any, from qualified developers as the authority shall deem necessary.

(g) The authority may obtain from any federal agency any insurance or guarantee for the payment of interest or principal, or both, on any obligations issued pursuant to the provision of this section."

ACT 143

H.B. NO. 2379-78

A Bill for an Act Relating to the Sale of Artistic Prints.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Title 26, Hawaii Revised Statutes, is amended by the addition of a new Chapter to read as follows:

“CHAPTER — SALE OF FINE PRINTS

Sec. -1 Definitions. Whenever used in this chapter, unless the context otherwise requires:

(1) “Artist” means the person who conceived or created or conceived and created the master image for, or which served as a model for, the print.

(2) "Edition" means the number of fine prints made from the plate during a single run.

(3) "Fine print" or "print" means the product created by an artist by a process commonly used in graphic arts including but not limited to engraving, etching, woodcutting, lithography or serigraphy.

(4) "Impression" means the printed image on suitable material, whether paper or any other substance, made off the plate by printing, stamping, casting or any other process commonly used in the graphic arts.

(5) "Plate" includes any "plate, stone, block or other material" used for the purpose of creating the print from which the impression or impressions were taken.

(6) "Proof" means the impression made from a process commonly used in graphic arts for the purpose of correction and examination prior to producing fine prints.

(7) "Reproduction" means a copy of an original print made by a commercial mechanical process which does not require the use of the plate.

(8) "Signed fine print" means an original print signed by the artist signifying examination and approval by the artist and does not refer to a plate containing the signature of the artist.

Sec. -2 Exemptions. This chapter shall not apply to:

- (1) Prints which are sold prior to the effective date of this chapter;
- (2) Prints which are clearly and conspicuously described as reproductions and which are not alleged to be signed, numbered, or limited editions or any combination thereof.

Sec. -3 Acts prohibited; disclosure.

- (a) No catalogue, prospectus or circular offering fine prints for sale in this State shall be knowingly published or distributed, or both, unless it clearly and conspicuously discloses the relevant informational detail concerning each edition of such prints so offered set forth in section -4.
- (b) If the person offering such prints by means of such publication disclaims knowledge as to any relevant detail referred to in section -4, he shall so state specifically and categorically with regard to each such detail to the end that the purchaser is able to judge the degree of uniqueness or scarcity of each print contained in the edition so offered. Describing the edition as an edition of "reproductions" eliminates the need to furnish further informational details unless such edition was allegedly published in a signed, numbered, or limited edition, or any combination thereof, in which case all of the informational details are required to be furnished.
- (c) No fine print or print shall be knowingly offered for sale or sold in this State by any person, at wholesale or at retail, unless a written invoice or receipt for the purchase price or a certificate furnished to the purchaser clearly and conspicuously discloses all of the relevant informational details required under section -4.

- (d) If the seller disclaims knowledge as to any relevant detail referred to in section -4, he shall so state specifically and categorically with regard to each such detail to the end that the purchaser is able to judge the degree of uniqueness or scarcity of such fine print or print. Describing the print as a "reproduction" eliminates the need to furnish informational details unless it was allegedly published in a signed, numbered, or limited edition, or any combination thereof, in which case all of the informational details are required to be furnished.

Sec. -4 Informational detail. The following informational detail shall be required:

- (1) The name of the artist and the year when the fine print or print was printed;
- (2) Exclusive of proofs, whether the edition is being offered as a limited edition, and if so:

 - (B) The authorized maximum number of unsigned or unnumbered impressions, or both, in the edition;
 - (C) The authorized maximum number of artist's, publisher's, printer's or other proofs, if any, outside of the regular edition; and
 - (D) The total size of the edition.
- (3) Whether the plate has been destroyed, effaced, altered, defaced or canceled after the current edition;
- (4) If there were any prior fine print or print of the same impression, utilizing a different process, media, color, or color scheme, the total number of such fine print or print and designation of such fine print or print;
- (5) If there were any prior or later editions from the same plate, the series number of the subject edition and the total size of all other editions;
- (6) Whether the edition is a posthumous edition or restrike and, if so, whether the plate has been reworked;
- (7) The name of the workshop, if any, where the edition was printed.

Sec. -5 Action for damages and penalties. (a) Any person who sells a fine print or print who fails to disclose the information required by section -4 shall be liable to the purchaser thereof in an amount equal to the purchase price of the fine print or print.

(b) A person who sells a fine print or print who wilfully fails to disclose the information required by section -4 shall be liable to the purchaser thereof in the amount of \$1,000.00 or in an amount equal to three times the purchase price of the fine print or print, whichever is greater.

(c) No action shall be maintained to enforce any liability under this section unless the person who is injured by the failure to disclose shall have returned the fine print or print to the person violating this chapter and the action is brought within one year after discovery of the violation upon which it is based and in no event more than three years after the fine print or print was sold."

SECTION 2. This Act shall take effect upon its approval.

(Approved May 31, 1978.)

A Bill for an Act Relating to Taxation.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Purpose of findings. The purpose of this Act is to correct an inequity in the application of the general excise tax on commissions of insurance general agents, subagents, and solicitors. The legislature finds that under present law insurance agents are prohibited from passing on the excise tax to their customers, while the other occupations which operate on a commission basis are allowed to pass on the tax. The direct result of this differential statutory treatment is that those occupations which can and do pass on the excise tax are subject to an actual burden of .15 per cent while insurance agents are subject to an actual tax burden of either 2 or 4 per cent. The legislature finds that this differential tax treatment is inequitable.

SECTION 2. Section 237-13, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 237-13 Imposition of tax. There is hereby levied and shall be assessed and collected annually privilege taxes against persons on account of their business and other activities in the State measured by the application of rates against values of products, gross proceeds of sales, or gross income, whichever is specified, as follows:

(1) Tax on manufacturers.

- (A) Upon every person engaging or continuing within the State in the business of manufacturing, including compounding, canning, preserving, packing, printing, publishing, milling, processing, refining, or preparing for sale, profit, or commercial use, either directly or through the activity of others, in whole or in part, any article or articles, substance or substances, commodity or commodities, the amount of the tax to be equal to the value of the articles, substances, or commodities, manufactured, compounded, canned, preserved, packed, printed, milled, processed, refined, or prepared, for sale, as shown by the gross proceeds derived from the sale thereof by the manufacturer or person compounding, preparing, or printing them, multiplied by one-half of one per cent.
- (B) The measure of the tax on manufacturers is the value of the entire product for sale, regardless of the place of sale or the fact that deliveries may be made to points outside the State.
- (C) If any person liable for the tax on manufacturers shall ship or transport his product, or any part thereof, out of the State, whether in a finished or unfinished condition, or shall sell the same for delivery outside of the State (for example, consigned to a mainland purchaser via common carrier f.o.b. Honolulu), the value of the products in the condition or form in which they exist immediately before entering interstate or foreign commerce, determined as hereinafter provided, shall be the basis for the assessment

of the tax imposed by this paragraph (1). This tax shall be due and payable as of the date of entry of the products into interstate or foreign commerce, whether the products are then sold or not. The department of taxation shall determine the basis for assessment, as provided by this paragraph, as follows:

- (i) If the products at the time of their entry into interstate or foreign commerce already have been sold, the gross proceeds of sale, less the transportation expenses, if any, incurred in realizing the gross proceeds for transportation from the time of entry of the products into interstate or foreign commerce, including insurance and storage in transit, are the measure of the value of the products.
 - (ii) If the products have not been sold at the time of their entry into interstate or foreign commerce, and in cases governed by clause (i) in which the products are sold under circumstances such that the gross proceeds of sale are not indicative of the true value of the products, the value of the products constituting the basis for assessment shall correspond as nearly as possible to the gross proceeds of sales for delivery outside the State, adjusted as provided in clause (i), or if sufficient data are not available, sales in the State, of similar products of like quality and character and in similar quantities, made by the taxpayer (unless not indicative of the true value) or by others. Sales outside the State, adjusted as provided in clause (i), may be considered when they constitute the best available data. The department shall prescribe uniform and equitable rules for ascertaining such values.
 - (iii) At the election of the taxpayer and with the approval of the department, the taxpayer may make his returns under clause (i) even though the products have not been sold at the time of their entry into interstate or foreign commerce.
 - (iv) In all cases in which products leave the State in an unfinished condition the basis for assessment shall be adjusted so as to deduct such portion of the value as is attributable to the finishing of the goods outside the State.
- (2) Tax on business of selling tangible personal property; producing.
- (A) Upon every person engaging or continuing in the business of selling any tangible personal property whatsoever (not including, however, bonds or other evidence of indebtedness, or stocks), there is likewise hereby levied, and shall be assessed and collected, a tax equivalent to four per cent of the gross proceeds of sales of the business; provided[,] that insofar as certain retailing is taxed by section 237-16, the tax shall be that levied by section 237-16, and in the case of a wholesaler, the tax shall be equal to one-half of one per cent of the gross proceeds of sales of the business. Upon every person engaging or continuing within this State in the business of a

producer the tax shall be equal to one-half of one per cent of the gross proceeds of sales of the business, or the value of the products, for sale, if sold for delivery outside the State or shipped or transported out of the State, and the value of the products shall be determined in the same manner as the value of manufactured products covered in the cases under paragraph (1) (C) of this section.

- (B) Gross proceeds of sales of tangible property in interstate and foreign commerce shall constitute a part of the measure of the tax imposed on persons in the business of selling tangible personal property, to the extent, under the conditions, and in accordance with the provisions of the Constitution of the United States and the acts of the Congress of the United States which may be now in force or may be hereafter adopted; and whenever there occurs in the State an activity to which, under the Constitution and acts of Congress, there may be attributed gross proceeds of sales, such gross proceeds shall be so attributed.
- (C) No manufacturer or producer, engaged in such business in the State and selling his products for delivery outside of the State (for example, consigned to a mainland purchaser via common carrier f.o.b. Honolulu), shall be required to pay the tax imposed in this chapter for the privilege of so selling his products, and the value or gross proceeds of sales of the products shall be included only in determining the measure of the tax imposed upon the manufacturer or producer as such.
- (D) When a manufacturer or producer, engaged in such business in the State, also is engaged in selling his products in the State at wholesale, retail, or in any other manner, the tax for the privilege of engaging in the business of selling the products in the State shall apply to him as well as the tax for the privilege of manufacturing or producing in the State, and he shall make the returns of the gross proceeds of the wholesale, retail, or other sales required for the privilege of selling in the State, as well as making the returns of the value or gross proceeds of sales of his products required for the privilege of manufacturing or producing in the State. He shall pay the tax imposed in this chapter at the highest rate applicable for any of the privileges exercised by him in respect of the particular products, and the value or gross proceeds of sales of the products, thus subjected to tax at the highest rate, may be deducted insofar as duplicated as to the same products by the measure of tax upon him for the other privileges enumerated in this paragraph (2), paragraph (1), and section 237-16.
- (E) A taxpayer selling to a federal cost-plus contractor may make the election provided for by paragraph (3) (C) of this section, and in any such case the tax shall be computed pursuant to the election, notwithstanding this paragraph (2) or paragraph (1) to the con-

trary.

- (F) The department, by regulation, may provide that a seller may take from the purchaser of tangible personal property a certificate, in such form as the department shall prescribe, certifying that the sale is a sale at wholesale. If the certificate is so provided for by regulation of the department:
 - (i) Any purchaser who shall furnish such a certificate shall be obligated to pay to the seller, upon demand, if the sale in fact is not at wholesale, the amount of the additional tax which by reason thereof is imposed upon the seller; and
 - (ii) The absence of such a certificate shall, unless the sales of the business are exclusively at wholesale, in itself give rise to the presumption that the sale is not at wholesale.
- (3) Tax upon contractors.
- (A) Upon every person engaging or continuing within the State in the business of contracting, the tax shall be equal to four per cent of the gross income of the business; provided[,] that insofar as the business of contracting is taxed by section 237-16, which relates to certain retailing, the tax shall be that levied by section 237-16.
 - (B) In computing the tax levied under this paragraph (3) or section 237-16, there shall be deducted from the gross income of the taxpayer so much thereof as has been included in the measure of the tax levied under paragraph (3) (A) or section 237-16, on another taxpayer who is a contractor, as defined, or who is a specialty contractor, duly licensed by the department of regulatory agencies pursuant to section 444-9, in respect of his business as such, if the tax on the amount so deducted has been paid by the other person, or has been withheld by the taxpayer and shall be paid over by him to the assessor at the time of filing the return, such withholding being hereby authorized; but any person claiming a deduction under this paragraph shall be required to show in his return the name of the person paying the tax on the amount deducted by him or from whom the tax was withheld, and shall issue a receipt for any amount of tax withheld, which upon filing by the other taxpayer with his return, shall relieve the other taxpayer of liability for the amount of tax withheld.
 - (C) In computing the tax levied under this paragraph (3) against any federal cost-plus contractor, there shall be excluded from the gross income of the contractor so much thereof as fulfills the following requirements:
 - (i) The gross income exempted shall constitute reimbursement of costs incurred for materials, plant, or equipment purchased from a taxpayer licensed under this chapter, not exceeding the gross proceeds of sale of the taxpayer on account of the transaction.
 - (ii) The taxpayer making the sale shall have certified to the department that he is taxable with respect to the gross

proceeds of the sale, and that he elects to have the tax on such gross income computed the same as upon a sale to the state government.

- (D) A person who, as a business or as a part of a business in which he is engaged, erects, constructs, or improves any building or structure, of any kind or description, or makes, constructs, or improves any road, street, sidewalk, sewer, or water system, or other improvements on land held by him (whether held as a leasehold, fee simple, or otherwise), shall upon the sale or other disposition of the land or improvements, even if the work was not done pursuant to a contract, be liable to the same tax as if engaged in the business of contracting, unless he shall show that at the time he was engaged in making the improvements it was, and for the period of at least one year after completion of the building, structure, or other improvements, it continued to be his purpose to hold and not to sell or otherwise dispose of the land or improvements. The tax in respect of the improvements shall be measured by the amount of the proceeds of the sale or other disposition that is attributable to the erection, construction, or improvement of such building or structure, or the making, constructing, or improving of the road, street, sidewalk, sewer, or water system, or other improvements. The measure of tax in respect of the improvements shall not exceed the amount which would have been taxable had the work been performed by another, subject as in other cases to the deductions allowed by paragraph (3) (B). Upon the election of the taxpayer this paragraph may be applied notwithstanding the improvements were not made by the taxpayer, or were not made as or as a part of a business, or were made with the intention of holding the same. However, this paragraph shall not apply in respect of any proceeds that constitute or are in the nature of rent; all such gross income shall be taxable under paragraph (10).
- (4) Tax upon theaters, amusements, radio broadcasting stations, etc. Upon every person engaging or continuing within the State in the business of operating a theater, opera house, moving picture show, vaudeville, amusement park, dance hall, skating rink, radio broadcasting station, or any other place at which amusements are offered to the public, the tax shall be equal to four per cent of the gross income of the business.
- (5) Tax upon sales representatives, etc. Upon every person classified as a representative or purchasing agent under section 237-1, engaging or continuing within the State in the business of performing services for another, other than as an employee, there is likewise hereby levied and shall be assessed and collected a tax equal to four per cent of the commissions and other compensation attributable to the services so rendered by him.
- (6) Tax on service business. Upon every person engaging or continuing within the State in any service business or calling not otherwise

specifically taxed under this chapter, there is likewise hereby levied and shall be assessed and collected a tax equal to four per cent of the gross income of any such business; provided, however, where any person engaging or continuing within the State in any service business or calling renders such services upon the order of or at the request of another taxpayer who is engaged in the service business and who, in fact, acts as or acts in the nature of an intermediary between the person rendering such services and the ultimate recipient of the benefits of such services, so much of the gross income as is received by the person rendering the services shall be subjected to the tax at the rate of one-half of one per cent and all of the gross income received by the intermediary from the principal shall be subjected to a tax at the rate of four per cent.

- (7) Tax on insurance solicitors[.] and agents. Upon every person engaged as a licensed solicitor, general agent, or subagent pursuant to chapter 431, there is hereby levied and shall be assessed and collected a tax equal to [two] .15 per cent of the commissions due to such activity.
- (8) Professions. Upon every person engaging or continuing within the State in the practice of a profession, including those expounding the religious doctrines of any church, there is likewise hereby levied and shall be assessed and collected a tax equal to four per cent of the gross income on the practice or exposition.
- (9) Tax on receipts of sugar benefit payments. Upon the amounts received from the United States government by any producer of sugar (or his legal representative or heirs), as defined under and by virtue of the Sugar Act of 1948, as amended, or other acts of the Congress of the United States relating thereto, there is hereby levied a tax of one-half of one per cent of the gross amount received, provided that the tax levied hereunder on any amount so received and actually disbursed to another by such producer in the form of a benefit payment shall be paid by the person or persons to whom such amount is actually disbursed, and the producer actually making any such benefit payment to another shall be entitled to claim on his return a deduction from the gross amount taxable hereunder in the sum of the amount so disbursed. The amounts taxed under this paragraph shall not be taxable under any other paragraph, subsection, or section of this chapter.
- (10) Tax on other business. Upon every person engaging or continuing within the State in any business, trade, activity, occupation, or calling not included in the preceding paragraphs or any other provisions of this chapter, there is likewise hereby levied and shall be assessed and collected, a tax equal to four per cent of the gross income thereof. In addition, the rate prescribed by this paragraph shall apply to a business taxable under one or more of the preceding paragraphs or other provisions of this chapter, as to any gross income thereof not taxed thereunder as gross income of gross proceeds of sales or by taxing an equivalent value of products, unless specifically exempted."

SECTION 3. Section 237-18, Hawaii Revised Statutes, is amended by

amending subsection (f) to read as follows:

“(f) Where insurance agents, including general agents, subagents, or solicitors, who are not employees and are licensed pursuant to chapter 431, or real estate brokers or salesmen, who are not employees and are licensed pursuant to chapter 467, produce commissions which are divided between such general agents, subagents, or solicitors, or between such real estate brokers or salesmen, as the case may be, the tax levied under section 237-13 (6) [,] or under section 237-16[,] as to real estate brokers or salesmen, or under section 237-13 (7) as to insurance general agents, subagents, or solicitors shall apply to each such person with respect to his portion of the commissions, and no more.”

SECTION 4. Section 431-318, Hawaii Revised Statutes, is amended to read as follows:

“**Sec. 431-318 Taxation.** (a) Each authorized insurer, except life insurers and ocean marine insurers, shall pay to the director of finance through the insurance commissioner, in the case of domestic insurers a tax of [2.6325] 2.9647 per cent, and in the case of other insurers a tax of [3.8025] 4.2824 per cent, on the gross premiums received from all risks or property resident, situated, or located within this State, during the year ending on the preceding December 31 less return premiums (but not including dividends paid or credited to policyholders), and less any reinsurance accepted (the tax upon such business being payable by the direct writing insurer).

All premiums written, procured, or received in the State shall be presumed to have been from risks or property resident, situated, or located within the State. This presumption may be rebutted as to any premium: (1) by showing that it has been properly allocated or apportioned and reported as a taxable premium of another state or other appropriate taxing authority; (2) by facts as to the residence, situation, or location of the risks or property, conclusively showing the nontaxability of the premium.

(b) Each life insurer shall pay to the director of finance [,] through the commissioner, in the case of domestic insurers a tax of [1.755] 1.918 per cent, and in the case of other insurers a tax of [2.925] 3.197 per cent, on the gross premiums received from all risks resident within this State, during the year ending on the preceding December 31, less return premiums, dividends paid or credited to policyholders, and reinsurance accepted (the tax upon such business being payable by the direct writing insurer).

The tax also shall apply to premiums for insurance written on individuals residing outside the State unless the direct writing insurer shall show the payment of a comparable tax to another appropriate taxing authority. Such showing may be required as to any premium written, procured, or received in the State.

(c) Each insurer shall, with respect to all ocean marine insurance contracts written within the State, during the year ending on the preceding December 31, pay to the director of finance through the commissioner a tax of .8775 per cent on its gross underwriting profit. The gross underwriting profit shall be ascertained by deducting from the net premiums (i.e., gross premiums less all return premiums and premiums for reinsurance ceded) on such ocean marine insurance contracts, the net losses paid (i.e., gross losses paid less salvage and recoveries on

reinsurance ceded) during such year under such contracts. In the case of an insurer issuing participating contracts, the gross underwriting profit shall not include, for computation of the tax prescribed by this subsection, the amount refunded, or paid as participation dividends, by such insurer to the holders of such contracts.

(d) No return premium shall be deductible unless the original gross premium, or an adjustment thereof, in an amount equal to or in excess of the return premium, has been concurrently or previously reported as taxable under this section or a prior similar law of the State.

(e) The tax shall be due and payable on March 15 succeeding the filing of the statement provided for in section 431-317. Any insurer failing or refusing to render the statement and to pay the required taxes above stated, for more than thirty days after the time so specified, shall be liable to a penalty of \$25 for each day of delinquency, and the taxes may be collected by distraint, and the penalty recovered by an action to be instituted by the commissioner in the name of this State, in any court of competent jurisdiction, and the commissioner may suspend the certificate of authority of the delinquent insurer until the taxes and fine, should any be imposed, are fully paid.

(f) For the calendar year 1976, and each calendar year thereafter, taxes imposed by subsections (a), (b), and (c) of this section shall be paid as follows:

- (1) Insurers whose annual tax liability for the preceding year was more than \$5,000 shall pay their taxes on a monthly basis. The taxes shall be due and payable on or before the last day of the calendar month following the month in which they accrue;
- (2) Insurers whose annual tax liability for the preceding year was more than \$1,000 and up to \$5,000 shall pay their taxes on a quarterly basis. The taxes shall be due and payable on or before the last day of the calendar month following the quarter in which they accrue; and
- (3) Insurers whose annual tax liability for the preceding year was \$1,000 or less shall pay their taxes as provided for in subsection (e) of this section.

In establishing the prepayment amount of an insurer who has acquired the business of another insurer, the amount of tax liability of the acquiring insurer for the preceding calendar year shall be deemed to include the amount of tax liability of the acquired insurer for that year.

All amounts paid under this subsection, other than penalties, shall be allowed as a credit on the annual tax imposed by subsections (a), (b), and (c) of this section.

If the total amount of installment payments for any calendar year exceeds the amount of annual tax for that year, the excess shall be treated as an overpayment of annual tax and be allowed as a refund under section 431-319. Any insurer failing to pay taxes when due and payable, shall be liable to a penalty of \$25 for each day of delinquency, and the taxes may be collected by distraint, and the penalty recovered by an action to be instituted by the commissioner in the name of the State, in any court of competent jurisdiction, and the commissioner may suspend the certificate of authority of the delinquent insurer until the taxes and fine, should be imposed, are fully paid.”

ACT 150

S.B. NO. 2114-78

A Bill for an Act Relating to a Job-Sharing Pilot Project in the Department of Education.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The legislature finds that the increasing mobility of society, changing patterns of socio-economic needs and values, and the economic realities of life in Hawaii require consideration of innovative approaches to ensuring the availability of sufficiently flexible employment opportunities to meet the varying needs of Hawaii's people. Job sharing, which would provide half-time positions in place of full-time positions, is an innovation which will increase the available employment options so that people may have the opportunity to be employed on the basis of their financial or other needs, without, perhaps, the necessity of being employed on a full-time basis. The legislature further finds that the merits of job sharing warrant systematic experimentation to determine its utility as an employment option. The department of education, the legislature finds, is an appropriate agency within which to initiate a job sharing pilot project, due to the possibility of expanding the number of jobs under job sharing and its possible impact upon the disproportionate numbers of unemployed teachers in the State. Moreover, implementation of job sharing may create more stimulating environments for tenured teachers in their professional capacities, and may also provide additional educational stimulus for students. The augmentation of teachers' skills may also be a result of job sharing in the department of education, for teachers would have greater time available to them to pursue additional training and education, further benefiting the educational system of the State.

The purpose of this Act, therefore, is to establish a voluntary job sharing pilot project in the department of education.

SECTION 2. There is established a three-year job sharing pilot project to be conducted by the department of education for the 1978-79, 1979-80 academic years; provided, however, that the department of education shall not implement the pilot project without first carefully developing its plans, procedures and

guidelines and shall initiate the project to the extent practicable during the 1978-79 academic year. Job sharing, for the purpose of this Act, is the voluntary equal division of one full-time permanent position between two employees, each performing one-half of the work required for the permanent position. The two half-time positions resulting from the division of one full-time position shall constitute two job sharing positions. The department of education shall devote no more than one hundred full time, permanent positions to job sharing, pursuant to this Act. The department shall administer the pilot project established by this Act, and shall, in consultation with the representatives of the appropriate bargaining units adopt guidelines for the implementation of this Act.

SECTION 3. The following shall constitute general requirements of the pilot project, and shall be followed in the implementation of this Act:

- (1) The superintendent of education shall announce the pilot project to all full-time, tenured, certificated personnel of the department excluding educational officers and persons not actually engaged in classroom teaching, and shall solicit the voluntary requests of such personnel who may be interested in participating in the job sharing pilot project.
- (2) The superintendent shall, in consultation with the recognized employee bargaining units, formulate and adopt guidelines for the implementation of this Act. Employees who respond to the announcement and others who may request information shall receive a full written description of the terms of the pilot project when the guidelines are finalized and those desiring to participate may apply to participate in the project. The employees who apply for participation shall obtain the concurrence of their immediate supervisor, other appropriate personnel officers, and the superintendent. Those who qualify shall then be interviewed by a personnel officer of the department. Participation shall be for school years 1978-79, 1979-80, or 1980-81, except as provided in paragraph (6) of this section. No more than five per cent of the eligible personnel at any school shall be accepted to participate in the project.
- (3) Upon the selection of a permanent, full-time employee for job sharing under this Act, the superintendent shall for the purposes of this Act, convert the position of the employee into two job sharing positions, one of which shall be filled by the employee, and the other which shall be filled by hiring under this Act.
- (4) Persons hired to fill job sharing positions shall be recruited through this Act; provided that any person hired for a job sharing position shall possess the minimum requirements of the full-time position which was converted to job sharing positions under this Act.
- (5) Job-sharing is, for the purpose of this Act, the voluntary sharing of a full-time, permanent employee's position with another employee, with each working one-half of the total number of hours of work required per week, and with each receiving half of the salary to which each is respectively entitled and at least half of each employee benefit afforded to full-time employees. Benefits that can be divided in half, such as the number of days of sick leave, and are considered to be an equitable

share when divided, shall be computed on that basis. Benefits that cannot be so divided, such as eligibility for membership in the public employees health plan shall be given to the job-sharers, without such division, notwithstanding any contrary provision of chapters 87 or 88. The newly hired job sharer shall be excluded from collective bargaining as provided under chapter 89.

The full-time permanent employee shall not lose membership in an employee bargaining unit because of participation in this project, any law to the contrary notwithstanding. Union membership or service fees paid by job sharers under this Act shall be at a level consistent with normal union membership dues or service fees. The State's contribution to a job sharer's prepaid health, prepaid dental, and any group life insurance plans shall be the same as for full-time employees, any other provision of the law to the contrary notwithstanding. Job-sharers shall be covered under chapter 386 and the applicable provisions of chapter 383. Service credit for tenured teachers participating in the pilot project under this Act shall be given on the same basis as that for full-time employees. Nothing in this Act shall be construed, however, to vest any person with any rights to permanent employment status, whether under civil service or otherwise, which did not exist prior to the participation of the person in the job sharing pilot project. The granting of tenure shall be under applicable statutes. No full-time position shall be abolished or reduced to a half-time position as a result of this Act, except for the purpose of job-sharing, and only for the time allowed for the project by this Act. In a reduction-in-force procedure, consideration of a job-sharer's tenure rights shall be on the same basis as that of a full-time employee. Nothing in this Act shall impair the employment or employment rights or benefits of any employee.

- (6) Participation in the pilot project shall require the commitment on the part of all parties to a contractual agreement; provided that the employee shall be given the option to contract for one or more years.
- (7) No job sharing position created under this Act and committed to a specified period of time under the terms of the contractual agreement shall be converted to full-time status before the termination of the contractual agreement. A job sharing vacancy created by the resignation, retirement, or other permanent or temporary severance of employment with the department of education on the part of any person shall be filled through recruitment of another person pursuant to this Act.
- (8) Upon the termination of contractual agreements under this Act, all job sharing positions shall be reconverted to full-time positions, and the employees who held the full-time positions prior to their participation in the pilot project shall be entitled to resume their positions without loss of previous tenure, or other employee rights.

SECTION 4. The office of the legislative auditor shall monitor and evaluate the pilot project, with particular regard to the efficacy of the job sharing concept, and shall evaluate factors such as turnover rates, absenteeism, produc-

tivity, morale, and demographic factors such as ethnic, sex, and age composition of participants, and other pertinent data. The office of the legislative auditor shall also among other analyses identify factors which facilitated or made more difficult the implementation of this Act. The office of the legislative auditor shall submit status reports on its findings to the regular legislative sessions of 1979, 1980, and 1981 and may report on its findings and recommendations to the legislative session of 1982.

SECTION 5. This Act shall take effect upon its approval.

(Approved June 1, 1978.)

A Bill for an Act Relating to Land Trusts.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The Hawaii Revised Statutes is amended by adding a new chapter to be appropriately designated and to read as follows:

**“CHAPTER
LAND TRUSTS—BENEFICIARY CONTROLLED**

Sec. -1 Title. This chapter shall be known and may be cited as the Land Trust Act.

Sec. -2 Purpose. The purpose of this chapter is to authorize those trusts which incorporate it by reference to convey legal and equitable title to real estate in trust to a qualified trustee; to define the nature and extent of the beneficiaries' interest in the trust property; to define the obligations of persons dealing with the trustee to inquire into the trustee's authority; and to provide for disclosure of the identity and interest of the trust beneficiaries.

Sec. -3 Definitions. As used in this chapter, unless the context otherwise requires:

“Recorded instrument” means any conveyance, deed, mortgage, lease assignment, or other instrument relating to this chapter and duly executed and recorded with the bureau of conveyances or the land court of the State.

Sec. -4 Creation of trust, powers of trustee. Any recorded instrument transferring any interest in real property in this State, including but not limited to, leasehold and mortgagee's interests, to any person, corporation, bank, or trust company, qualified to act as a trustee in this State, whether or not reference is made in such recorded instrument to any separate unrecorded collateral declarations or agreements, shall be effective to vest in the trustee full rights of ownership over the real property or interest therein, with full power and authority as granted and provided in the recorded instrument to deal in and with the property or interest therein or any part thereof. Any trust authorized pursuant to this chapter shall be valid notwithstanding the fact that the recorded instrument fails to state the duties imposed upon the trustee.

Sec. -5 Inquiry into authority of trustee. Any grantee, mortgagee, lessee, transferee, assignee, or person obtaining satisfaction, releases, or otherwise in any way dealing with the trustee with respect to the real property held in trust under the recorded instrument, may but shall not be obligated to inquire into the identification or status of any named or unnamed beneficiaries, or their heirs or assigns to whom a trustee may be accountable under the terms of the recorded instrument, or under any unrecorded separate declarations or agreements collateral to the recorded instrument whether referred to in the recorded instrument or not, nor to inquire into or ascertain the authority of such trustee to act within and exercise the powers granted under the recorded instrument, nor to inquire into the adequacy or disposition of any consideration, if any is paid or delivered to the trustee in connection with any interest so acquired from the trustee, nor to inquire into any of the provisions of any of the unrecorded declarations or agreements.

Sec. -6 Conveyance by trustee. Any person dealing with the trustee under the recorded instrument shall take any interest transferred by the trustee free and clear of the claims of all the beneficiaries of the trust, and of any unrecorded separate declarations or agreements collateral to the unrecorded instrument whether referred to in the recorded instrument or not, and of anyone claiming by, through or under such beneficiaries including, and without limiting the foregoing to, any claim arising out of any dower or curtesy interest of the spouse of any beneficiary thereof; provided that nothing herein contained shall prevent the beneficiary of any unrecorded collateral declarations or agreements from enforcing the terms of the unrecorded collateral declarations or agreements against the trustee.

Sec. -7 Personal Property. In all cases where the recorded instrument contains a provision defining and declaring the interest of beneficiaries to be personal property only, the provision shall be controlling for all purposes where the determination shall become an issue under the laws or in the courts of this State.

Sec. -8 Disclosure of Beneficiaries. Any trust created hereunder shall be invalid unless the recorded conveyance document transferring title to the trustee discloses the name and pro rata interest of each beneficiary of said trust."

SECTION 2. This Act shall take effect upon its approval.

(2) Where one of the following provisions of this chapter specifies the applicable law, that provision governs and a contrary agreement is effective only to the extent permitted by the law (including the conflict of laws rules) so specified:

Rights of creditors against sold goods. Section 490:2-402.

Applicability of the Article on Bank Deposits and Collections. Section 490:4-102.

Bulk transfers subject to the Article on Bulk Transfers. Section 490:6-102.

Applicability of the Article on Investment Securities. Section 490:8-106.

Perfection provisions of the Article on Secured Transactions. Section 490:9-103.”

2. By amending section 490:1-201 to amend the definition of “buyer in ordinary course of business” to read:

“(9) “Buyer in ordinary course of business” means a person who in good faith and without knowledge that the sale to him is in violation of the ownership rights or security interest of a third party in the goods buys in ordinary course from a person in the business of selling goods of that kind but does not include a pawnbroker. All persons who sell minerals or the like (including oil and gas) at wellhead or minehead shall be deemed to be persons in the business of selling goods of that kind. “Buying” may be for cash or by exchange of other property or on secured or unsecured credit and includes receiving goods or documents of title under a pre-existing contract for sale but does not include a transfer in bulk or as security for or in total or partial satisfaction of a money debt.”

3. By amending section 490:1-201(37) to read:

“(37) “Security interest” means an interest in personal property or fixtures which secures payment or performance of an obligation. The retention or reservation of title by a seller of goods notwithstanding shipment or delivery to the buyer (section 490:2-401) is limited in effect to a reservation of a “security interest”. The term also includes any interest of a buyer of accounts or chattel paper which is subject to Article 9. The special property interest of a buyer of goods on identification of such goods to a contract for sale under section 490:2-401 is not a “security interest”, but a buyer may also acquire a “security interest” by complying with Article 9. Unless a lease or consignment is intended as security, reservation of title thereunder is not a “security interest” but a consignment is in any event subject to the provisions on consignment sales (section 490:2-326). Whether a lease is intended as security is to be determined by the facts of each case; however, (a) the inclusion of an option to purchase does not of itself make the lease one intended for security, and (b) an agreement that upon compliance with the terms of the lease the lessee shall become or has the option to become the owner of the property for no additional consideration or for a nominal consideration does make the lease one intended for security.”

4. By amending section 490:2-107 to read:

“Sec. 490:2-107 Goods to be severed from realty: recording. (1) A contract for the sale of minerals or the like (including oil and gas) or a structure or its materials to be removed from realty is a contract for the sale of goods within this Article if they are to be severed by the seller but until severance a purported present sale thereof which is not effective as a transfer of an interest in land is effective only as a contract to sell.

(2) A contract for the sale apart from the land of growing crops or other things attached to realty and capable of severance without material harm thereto but not described in subsection (1) or of timber to be cut is a contract for the sale of goods within this Article whether the subject matter is to be severed by the buyer or by the seller even though it forms part of the realty at the time of contracting, and the parties can by identification effect a present sale before severance.

(3) The provisions of this section are subject to any third party rights provided by the law relating to realty records, and the contract for sale may be executed and recorded as a document transferring an interest in land and shall then constitute notice to third parties of the buyer’s rights under the contract for sale.”

5. By amending section 490:5-116 to read:

“Sec. 490:5-116 Transfer and assignment. (1) The right to draw under a credit can be transferred or assigned only when the credit is expressly designated as transferable or assignable.

(2) Even though the credit specifically states that it is nontransferable or nonassignable the beneficiary may before performance of the conditions of the credit assign his right to proceeds. Such an assignment is an assignment of an account under Article 9 on Secured Transactions and is governed by that Article except that

(a) The assignment is ineffective until the letter of credit or advice of credit is delivered to the assignee which delivery constitutes perfection of the security interest under Article 9; and

(b) The issuer may honor drafts or demands for payment drawn under the credit until it receives a notification of the assignment signed by the beneficiary which reasonably identifies the credit involved in the assignment and contains a request to pay the assignee; and

(c) After what reasonably appears to be such a notification has been received the issuer may without dishonor refuse to accept or pay even to a person otherwise entitled to honor until the letter of credit or advice of credit is exhibited to the issuer.

(3) Except where the beneficiary has effectively assigned his right to draw or his right to proceeds, nothing in this section limits his right to transfer or negotiate drafts or demands drawn under the credit.”

6. By amending section 490:9-102 to read:

“Sec. 490:9-102 Policy and subject matter of article. (1) Except as otherwise provided in section 490:9-104 on excluded transactions, this Article applies

(a) To any transaction (regardless of its form) which is intended to create a security interest in personal property or fixtures including goods, documents, instruments, general intangibles, chattel paper or accounts; and also

(b) To any sale of accounts or chattel paper.

(2) This Article applies to security interests created by contract including pledge, assignment, chattel mortgage, chattel trust, trust deed, factor's lien, equipment trust, conditional sale, trust receipt, other lien or title retention contract and lease or consignment intended as security. This Article does not apply to statutory liens except as provided in section 490:9-310.

(3) The application of this Article to a security interest in a secured obligation is not affected by the fact that the obligation is itself secured by a transaction or interest to which this Article does not apply."

7. By amending section 490:9-103 to read:

"Sec. 490:9-103 Perfection of security interests in multiple state transactions. (1) Documents, instruments and ordinary goods.

(a) This subsection applies to documents and instruments and to goods other than those covered by a certificate of title described in subsection (2), mobile goods described in subsection (3), and minerals described in subsection (5).

(b) Except as otherwise provided in this subsection, perfection and the effect of perfection or nonperfection of a security interest in collateral are governed by the law of the jurisdiction where the collateral is when the last event occurs on which is based the assertion that the security interest is perfected or unperfected.

(c) If the parties to a transaction creating a purchase money security interest in goods in one jurisdiction understand at the time that the security interest attaches that the goods will be kept in another jurisdiction, then the law of the other jurisdiction governs the perfection and the effect of perfection or nonperfection of the security interest from the time it attaches until thirty days after the debtor receives possession of the goods and thereafter if the goods are taken to the other jurisdiction before the end of the thirty-day period.

(d) When collateral is brought into and kept in this State while subject to a security interest perfected under the law of the jurisdiction from which the collateral was removed, the security interest remains perfected, but if action is required by part 3 of this Article to perfect the security interest,

(i) If the action is not taken before the expiration of the period of perfection in the other jurisdiction or the end of four months after the collateral is brought into this State, whichever period first expires, the security interest becomes unperfected at the end of that period and is thereafter deemed to have been unperfected as against a person who became a purchaser after removal;

(ii) If the action is taken before the expiration of the period specified in subparagraph (i), the security interest continues perfected

thereafter;

- (iii) For the purpose of priority over a buyer of consumer goods (subsection (2) of section 490:9-307), the period of the effectiveness of a filing in the jurisdiction from which the collateral is removed is governed by the rules with respect to perfection in subparagraphs (i) and (ii).
- (2) Certificate of title.
- (a) This subsection applies to goods covered by a certificate of title issued under a statute of this State or of another jurisdiction under the law of which indication of a security interest on the certificate is required as a condition of perfection.
 - (b) Except as otherwise provided in this subsection, perfection and the effect of perfection or nonperfection of the security interest are governed by the law (including the conflict of laws rules) of the jurisdiction issuing the certificate until four months after the goods are removed from the jurisdiction and thereafter until the goods are registered in another jurisdiction, but in any event not beyond surrender of the certificate. After the expiration of that period, the goods are not covered by the certificate of title within the meaning of this section.
 - (c) Except with respect to the rights of a buyer described in the next paragraph, a security interest, perfected in another jurisdiction otherwise than by notation on a certificate of title, in goods brought into this State and thereafter covered by a certificate of title issued by this State is subject to the rules stated in paragraph (d) of subsection (1).
 - (d) If goods are brought into this State while a security interest therein is perfected in any manner under the law of the jurisdiction from which the goods are removed and a certificate of title is issued by this State and the certificate does not show that the goods are subject to the security interest or that they may be subject to security interests not shown on the certificate, the security interest is subordinate to the rights of a buyer of the goods who is not in the business of selling goods of that kind to the extent that he gives value and receives delivery of the goods after issuance of the certificate and without knowledge of the security interest.
- (3) Accounts, general intangibles and mobile goods.
- (a) This subsection applies to accounts (other than an account described in subsection (5) on minerals) and general intangibles and to goods which are mobile and which are of a type normally used in more than one jurisdiction, such as motor vehicles, trailers, rolling stock, airplanes, shipping containers, road building and construction machinery and commercial harvesting machinery and the like, if the goods are equipment or are inventory leased or held for lease by the debtor to others, and are not covered by a certificate of title described in subsection (2).
 - (b) The law (including the conflict of laws rules) of the jurisdiction in which the debtor is located governs the perfection and the effect of perfection or nonperfection of the security interest.

- (c) If, however, the debtor is located in a jurisdiction which is not a part of the United States, and which does not provide for perfection of the security interest by filing or recording in that jurisdiction, the law of the jurisdiction in the United States in which the debtor has its major executive office in the United States governs the perfection and the effect of perfection or nonperfection of the security interest through filing. In the alternative, if the debtor is located in a jurisdiction which is not a part of the United States or Canada and the collateral is accounts or general intangibles for money due or to become due, the security interest may be perfected instead by notification to the account debtor. As used in this paragraph, "United States" includes its territories and possessions and the Commonwealth of Puerto Rico.
- (d) A debtor shall be deemed located at his place of business if he has one, at his chief executive office if he has more than one place of business, otherwise at his residence. If, however, the debtor is a foreign air carrier under the Federal Aviation Act of 1958, as amended, it shall be deemed located at the designated office of the agent upon whom service of process may be made on behalf of the foreign air carrier.
- (e) A security interest perfected under the law of the jurisdiction of the location of the debtor is perfected until the expiration of four months after a change of the debtor's location to another jurisdiction, or until perfection would have ceased by the law of the first jurisdiction, whichever period first expires. Unless perfected in the new jurisdiction before the end of that period, it becomes unperfected thereafter and is deemed to have been unperfected as against a person who became a purchaser after the change.

(4) Chattel paper. The rules stated for goods in subsection (1) apply to a possessory security interest in chattel paper. The rules stated for accounts in subsection (3) apply to a nonpossessory security interest in chattel paper, but the security interest may not be perfected by notification to the account debtor.

(5) Minerals. Perfection and the effect of perfection or nonperfection of a security interest which is created by a debtor who has an interest in minerals or the like (including oil and gas) before extraction and which attaches thereto as extracted, or which attaches to an account resulting from the sale thereof at the wellhead or minehead are governed by the law (including the conflict of laws rules) of the jurisdiction wherein the wellhead or minehead is located."

8. By amending section 490:9-104 to read:

"Sec. 490:9-104 Transactions excluded from article. This Article does not apply

- (a) To a security interest subject to any statute of the United States to the extent that such statute governs the rights of parties to and third parties affected by transactions in particular types of property; or
- (b) To a landlord's lien; or
- (c) To a lien given by statute or other rule of law for services or materials except as provided in section 490:9-310 on priority of such liens; or
- (d) To a transfer of a claim for wages, salary or other compensation of an

- employee; or
- (e) To a transfer by a government or governmental subdivision or agency; or
 - (f) To a sale of accounts or chattel paper as part of a sale of the business out of which they arose, or an assignment of accounts or chattel paper which is for the purpose of collection only, or a transfer of a right to payment under a contract to an assignee who is also to do the performance under the contract or a transfer of a single account to an assignee in whole or partial satisfaction of a preexisting indebtedness; or
 - (g) To a transfer of an interest or claim in or under any policy of insurance, except as provided with respect to proceeds (section 490:9-306) and priorities in proceeds (section 490:9-312); or
 - (h) To a right represented by a judgment (other than a judgment taken on a right to payment which was collateral); or
 - (i) To any right of set-off; or
 - (j) Except to the extent that provision is made for fixtures in section 490:9-313, to the creation or transfer of an interest in or lien on real estate, including a lease or rents thereunder; or
 - (k) To a transfer in whole or in part of any claim arising out of tort; or
9. By amending section 490:9-105 to read:

“Sec. 490:9-105 Definitions and index of definitions. (1) In this Article unless the context otherwise requires:

- (a) “Account debtor” means the person who is obligated on an account, chattel paper or general intangible;
- (b) “Chattel paper” means a writing or writings which evidence both a monetary obligation and a security interest in or a lease of specific goods, but a charter or other contract involving the use or hire of a vessel is not chattel paper. When a transaction is evidenced both by such a security agreement or a lease and by an instrument or a series of instruments, the group of writings taken together constitutes chattel paper;
- (c) “Collateral” means the property subject to a security interest, and includes accounts and chattel paper which have been sold;
- (d) “Debtor” means the person who owes payment or other performance of the obligation secured, whether or not he owns or has rights in the collateral, and includes the seller of accounts or chattel paper. Where the debtor and the owner of the collateral are not the same person, the term “debtor” means the owner of the collateral in any provision of the Article dealing with the collateral, the obligor in any provision dealing with the obligation, and may include both where the context so requires;
- (e) “Deposit account” means a demand, time, savings, passbook or like account maintained with a bank, savings and loan association, credit union or like organization, other than an account evidenced by a negotiable certificate of deposit;

definitions of Article 1 (section 490:1-201), and a receipt of the kind described in subsection (2) of section 490:7-201;

 - (h) "Filing" means recording;

"Goods" also includes standing timber which is to be cut and removed under a conveyance or contract for sale, the unborn young of animals and growing crops;
 - (j) "Instrument" means a negotiable instrument (defined in section 490:3-104), or a security (defined in section 490:8-102) or any other writing which evidences a right to the payment of money and is not itself a security agreement or lease and is of a type which is in ordinary course or business transferred by delivery with any necessary indorsement or assignment;
 - (k) "Mortgage" means a consensual interest created by a real estate mortgage, a trust deed on real estate, or the like;

 - (m) "Security agreement" means an agreement which creates or provides for a security interest;
 - (n) "Secured party" means a lender, seller or other person in whose favor there is a security interest, including a person to whom accounts or chattel paper have been sold. When the holders of obligations issued under an indenture of trust, equipment trust agreement or the like are represented by a trustee or other person, the representative is the secured party;
 - (o) "Transmitting utility" means any person primarily engaged in the railroad, street railway or trolley bus business, the electric or electronics communications transmission business, the transmission of goods by pipeline, or the transmission or the production and transmission of electricity, steam, gas or water, or the provision of sewer service.

10. By amending section 490:9-106 to read:

“Sec. 490:9-106 Definitions: “Account”; “general intangibles”. “Account” means any right to payment for goods sold or leased or for services rendered which is not evidenced by an instrument or chattel paper, whether or not it has been earned by performance. “General intangibles” means any personal property (including things in action) other than goods, accounts, chattel paper, documents, instruments, and money.”

11. By adding a new section to read:

“Sec. 490:9-114 Consignment. (1) A person who delivers goods under a consignment which is not a security interest and who would be required to file under this Article by paragraph (3) (c) of section 490:2-326 has priority over a secured party who is or becomes a creditor of the consignee and who would have a perfected security interest in the goods if they were the property of the consignee, and also has priority with respect to identifiable cash proceeds received on or before delivery of the goods to a buyer, if

- (a) The consignor complies with the filing provision of the Article on Sales with respect to consignments (paragraph (3) (c) of section 490:2-326) before the consignee received possession of the goods; and
- (b) The consignor gives notification in writing to the holder of the security interest if the holder has filed a financing statement covering the same types of goods before the date of the filing made by the consignor; and
- (c) The holder of the security interest receives the notification within five years before the consignee receives possession of the goods; and
- (d) The notification states that the consignor expects to deliver goods on consignment to the consignee, describing the goods by item or type.

(2) In the case of a consignment which is not a security interest and in which the requirements of the preceding subsection have not been met, a person who delivers goods to another is subordinate to a person who would have a perfected security interest in the goods if they were the property of the debtor.”

12. By amending section 490:9-203 to read:

“Sec. 490:9-203 Attachment and enforceability of security interest; proceeds, formal requisites. (1) Subject to the provisions of section 490:4-208 on the security interest of a collecting bank and section 490:9-113 on a security in-

terest arising under the Article on Sales, a security interest is not enforceable against the debtor or third parties with respect to the collateral and does not attach unless

- (a) The collateral is in the possession of the secured party pursuant to agreement, or the debtor has signed a security agreement which contains a description of the collateral and in addition, when the security interest covers crops growing or to be grown or timber to be cut, a description of the land concerned; and
- (b) Value has been given; and
- (c) The debtor has rights in the collateral.

(2) A security interest attaches when it becomes enforceable against the debtor with respect to the collateral. Attachment occurs as soon as all of the events specified in subsection (1) have taken place unless explicit agreement postpones the time of attaching.

(3) Unless otherwise agreed a security agreement gives the secured party the rights to proceeds provided by section 490:9-306.

(4) A transaction, although subject to this Article, is also subject to chapter 408 (industrial loan act), chapter 409 (small loan act) and chapter 476 (retail installment sales act), and in the case of conflict between the provisions of this Article and any such statute, the provisions of such statute control. Failure to comply with any applicable statute has only the effect which is specified therein.”

13. By amending section 490:9-204 to read:

“**Sec. 490:9-204 After-acquired property; future advances.** (1) Except as provided in subsection (2), a security agreement may provide that any or all obligations covered by the security agreement are to be secured by after-acquired collateral.

(2) No security interest attaches under an after-acquired property clause to consumer goods other than accessions (section 490:9-314) when given as additional security unless the debtor acquires rights in them within ten days after the secured party gives value.

(3) Obligations covered by a security agreement may include future advances or other value whether or not the advances of value are given pursuant to commitment (subsection (1) of section 490:9-105).”

14. By amending section 490:9-205 to read:

“**Sec. 490:9-205 Use or disposition of collateral without accounting permissible.** A security interest is not invalid or fraudulent against creditors by reason of liberty in the debtor to use, commingle or dispose of all or part of the collateral (including returned or repossessed goods) or to collect or compromise accounts or chattel paper, or to accept the return of goods or make repossessions, or to use, commingle or dispose of proceeds, or by reason of the failure of the secured party to require the debtor to account for proceeds or replace collateral. This section does not relax the requirements of possession where perfection of a security interest depends upon possession of the collateral by the secured party or by a bailee.”

15. By amending section 490:9-301 to read:

“**Sec. 490:9-301 Persons who take priority over unperfected security in-**

terests; rights of "lien creditor". (1) Except as otherwise provided in subsection (2), an unperfected security interest is subordinate to the rights of

- (a) Persons entitled to priority under section 490:9-312;
 - (b) A person who becomes a lien creditor before the security interest is perfected;
 - (c) In the case of goods, instruments, documents, and chattel paper, a person who is not a secured party and who is a transferee in bulk or other buyer not in ordinary course of business or is a buyer of farm products in ordinary course of business to the extent that he gives value and receives delivery of the collateral without knowledge of the security interest and before it is perfected;
 - (d) In the case of accounts and general intangibles, a person who is not a secured party and who is a transferee to the extent that he gives value without knowledge of the security interest and before it is perfected.
- (2) If the secured party files with respect to a purchase money security interest before or within ten days after the debtor receives possession of the collateral, he takes priority over the rights of a transferee in bulk or of a lien creditor which arise between the time the security interest attaches and the time of filing.

(3) A "lien creditor" means a creditor who has acquired a lien on the property involved by attachment, levy or the like and includes an assignee for benefit of creditors from the time of assignment, and a trustee in bankruptcy from the date of the filing of the petition or a receiver in equity from the time of appointment.

(4) A person who becomes a lien creditor while a security interest is perfected takes subject to the security interest only to the extent that it secures advances made before he becomes a lien creditor or within forty-five days thereafter or made without knowledge of the lien or pursuant to a commitment entered into without knowledge of the lien."

16. By amending section 490:9-302 to read:

"Sec. 490:9-302 When filing is required to perfect security interest; security interests to which filing provisions of this article do not apply. (1) A financing statement must be filed to perfect all security interests except the following:

- (a) A security interest in collateral in possession of the secured party under section 490:9-305;
- (b) A security interest temporarily perfected in instruments or documents without delivery under section 490:9-304 or in proceeds for a ten-day period under section 490:9-306;
- (c) A security interest created by an assignment of a beneficial interest in a trust or a decedent's estate;
- (d) A purchase money security interest in consumer goods; but filing is required for a motor vehicle required to be registered; and fixture filing is required for priority over conflicting interests in fixtures to the extent provided in section 490:9-313;
- (e) An assignment of accounts which does not alone or in conjunction with other assignments to the same assignee transfer a significant part of the

outstanding accounts of the assignor;

- (f) A security interest of a collecting bank (section 490:4-208) or arising under the Article on Sales (see section 490:9-113) or covered in subsection (3) of this section.
 - (g) An assignment for the benefit of all the creditors of the transferor, and subsequent transfers by the assignee thereunder.
 - (h) A security interest in a deposit account. Such a security interest is perfected:
 - (1) As to a deposit account maintained with the secured party, when the security agreement is executed.
 - (2) As to a deposit account maintained with any organization other than the secured party, when notice thereof is given in writing to the organization with whom the deposit account is maintained.
- (2) If a secured party assigns a perfected security interest, no filing under this Article is required in order to continue the perfected status of the security interest against creditors of and transferees from the original debtor.
- (3) The filing of a financing statement otherwise required by this Article is not necessary or effective to perfect a security interest in property subject to
- (a) A statute or treaty of the United States which provides for a national or international registration or a national or international certificate of title or which specifies a place of filing different from that specified in this Article for filing of the security interest; or
 - (b) Chapter 286 of this State, but during any period in which collateral is inventory held for sale by a person who is in the business of selling goods of that kind, the filing provisions of this Article (Part 4) apply to a security interest in that collateral created by him as debtor; or
 - (c) A certificate of title statute of another jurisdiction under the law of which indication of a security interest on the certificate is required as a condition of perfection (subsection (2) of section 490:9-103).
- (4) Compliance with a statute or treaty described in subsection (3) is equivalent to the filing of a financing statement under this Article, and a security interest in property subject to the statute or treaty can be perfected only by compliance therewith except as provided in section 490:9-103 on multiple state transactions. Duration and renewal of perfection of a security interest perfected by compliance with the statute or treaty are governed by the provisions of the statute or treaty; in other respects the security interest is subject to this Article.
- (5) A security interest in a vehicle required to be registered under chapter 286 which is not inventory may be perfected only by registration thereunder.

17. By amending section 490:9-304 to read:

"Sec. 490:9-304 Perfection of security interest in instruments, documents, and goods covered by documents; perfection by permissive filing; temporary perfection without filing or transfer of possession. (1) A security interest in chattel paper or negotiable documents may be perfected by filing. A security interest in money or instruments (other than instruments which constitute a part of chattel paper) can be perfected only by the secured party's taking possession, except as provided in subsections (4) and (5) of this section and subsections (2)

and (3) of section 490:9-306 on proceeds.

(2) During the period that goods are in the possession of the issuer of a negotiable document therefor, a security interest in the goods is perfected by perfecting a security interest in the document, and any security interest in the goods otherwise perfected during such period is subject thereto.

(3) A security interest in goods in the possession of a bailee other than one who has issued a negotiable document therefor is perfected by issuance of a document in the name of the secured party or by the bailee's receipt of notification of the secured party's interest or by filing as to the goods.

(4) A security interest in instruments or negotiable documents is perfected without filing or the taking of possession for a period of twenty-one days from the time it attaches to the extent that it arises for new value given under a written security agreement.

(5) A security interest remains perfected for a period of twenty-one days without filing where a secured party having a perfected security interest in an instrument, a negotiable document or goods in possession of a bailee other than one who has issued a negotiable document therefor

- (a) Makes available to the debtor the goods or documents representing the goods for the purpose of ultimate sale or exchange or for the purpose of loading, unloading, storing, shipping, transshipping, manufacturing, processing or otherwise dealing with them in a manner preliminary to their sale or exchange, but priority between conflicting security interests in the goods is subject to subsection (3) of section 490:9-312; or
- (b) Delivers the instrument to the debtor for the purpose of ultimate sale or exchange or of presentation, collection, renewal or registration of transfer.

(6) After the twenty-one day period in subsections (4) and (5) perfection depends upon compliance with applicable provisions of this Article."

18. By amending section 490:9-305 to read:

"Sec. 490:9-305 When possession by secured party perfects security interest without filing. A security interest in letters of credit and advices of credit (subsection (2) (a) of section 490:5-116), goods, instruments, money, negotiable documents or chattel paper may be perfected by the secured party's taking possession of the collateral. If such collateral other than goods covered by a negotiable document is held by a bailee, the secured party is deemed to have possession from the time the bailee receives notification of the secured party's interest. A security interest is perfected by possession from the time possession is taken without relation back and continues only so long as possession is retained, unless otherwise specified in this Article. The security interest may be otherwise perfected as provided in this Article before or after the period of possession by the secured party."

19. By amending section 490:9-306 to read:

"Sec. 490:9-306 "Proceeds"; secured party's rights on disposition of collateral. (1) "Proceeds" include whatever is received upon the sale, exchange, collection or other disposition of collateral or proceeds. Insurance payable by reason of loss or damage to the collateral is proceeds, except to the extent that it is

payable to a person other than a party to the security agreement. Money, checks, deposit accounts, and the like are "cash proceeds." All other proceeds are "non-cash proceeds."

(2) Except where this Article otherwise provides, a security interest continues in collateral notwithstanding sale, exchange or other disposition thereof unless the disposition was authorized by the secured party in the security agreement or otherwise, and also continues in any identifiable proceeds including collections received by the debtor.

(3) The security interest in proceeds is a continuously perfected security interest if the interest in the original collateral was perfected but it ceases to be a perfected security interest and becomes unperfected ten days after receipt of the proceeds by the debtor unless

- (a) A filed financing statement covers the original collateral and the proceeds are collateral in which a security interest may be perfected by filing in the office or offices where the financing statement has been filed and, if the proceeds are acquired with cash proceeds, the description of collateral in the financing statement indicates the types of property constituting the proceeds; or
- (b) A filed financing statement covers the original collateral and the proceeds are identifiable cash proceeds; or
- (c) The security interest in the proceeds is perfected before the expiration of the ten day period.

Except as provided in this section, a security interest in proceeds can be perfected only by the methods or under the circumstances permitted in this Article for original collateral of the same type.

(4) In the event of insolvency proceedings instituted by or against a debtor, a secured party with a perfected security interest in proceeds has a perfected security interest only in the following proceeds:

- (a) In identifiable non cash proceeds and in separate deposit accounts containing only proceeds;
- (b) In identifiable cash proceeds in the form of money which is neither commingled with other money nor deposited in a deposit account prior to the insolvency proceedings;
- (c) In identifiable cash proceeds in the form of checks and the like which are not deposited in a deposit account prior to the insolvency proceedings; and
- (d) In all cash and deposit accounts of the debtor, in which proceeds have been commingled with other funds, but the perfected security interest under this paragraph (d) is
 - (i) Subject to any right of set-off; and
 - (ii) Limited to an amount not greater than the amount of any cash proceeds received by the debtor within ten days before the institution of the insolvency proceedings less the sum of (I) the payments to the secured party on account of cash proceeds received by the debtor during such period and (II) the cash proceeds received by the debtor during such period to which the secured party is entitled under paragraphs (a) through (c) of this subsection (4).

(5) If a sale of goods results in an account or chattel paper which is transferred by the seller to a secured party, and if the goods are returned to or are repossessed by the seller or the secured party, the following rules determine priorities:

- (a) If the goods were collateral at the time of sale for an indebtedness of the seller which is still unpaid, the original security interest attaches again to the goods and continues as a perfected security interest if it was perfected at the time when the goods were sold. If the security interest was originally perfected by a filing which is still effective, nothing further is required to continue the perfected status; in any other case, the secured party must take possession of the returned or repossessed goods or must file.
 - (b) An unpaid transferee of the chattel paper has a security interest in the goods against the transferor. Such security interest is prior to a security interest asserted under paragraph (a) to the extent that the transferee of the chattel paper was entitled to priority under section 490:9-308.
 - (c) An unpaid transferee of the account has a security interest in the goods against the transferor. Such security interest is subordinate to a security interest asserted under paragraph (a).
 - (d) A security interest of an unpaid transferee asserted under paragraph (b) or (c) must be perfected for protection against creditors of the transferor and purchasers of the returned or repossessed goods."
20. By amending section 490:9-307 to read:

"Sec. 490:9-307 Protection of buyers of goods. (1) A buyer in ordinary course of business (subsection (9) of section 490:1-201) other than a person buying farm products from a person engaged in farming operations takes free of a security interest created by his seller even though the security interest is perfected and even though the buyer knows of its existence.

(2) In the case of consumer goods a buyer takes free of a security interest even though perfected if he buys without knowledge of the security interest, for value and for his own personal, family or household purposes unless prior to the purchase the secured party has filed a financing statement covering such goods.

(3) A buyer other than a buyer in ordinary course of business (subsection (1) of this section) takes free of a security interest to the extent that it secures future advances made after the secured party acquires knowledge of the purchase, or more than forty-five days after the purchase, whichever first occurs, unless made pursuant to a commitment entered into without knowledge of the purchase and before the expiration of the forty-five day period."

21. By amending section 490:9-308 to read:

"Sec. 490:9-308 Purchase of chattel paper and instruments. A purchaser of chattel paper or an instrument who gives new value and takes possession of it in the ordinary course of his business has priority over a security interest in the chattel paper or instrument

- (a) Which is perfected under section 490:9-304 (permissive filing and temporary perfection) or under section 490:9-306 (perfection as to proceeds), if he acts without knowledge that the specific paper or instru-

- ment is subject to a security interest; or
- (b) Which is claimed merely as proceeds of inventory subject to a security interest (section 490:9-306) even though he knows that the specific paper or instrument is subject to the security interest.”

22. By amending section 490:9-312 to read:

“Sec. 490:9-312 Priorities among conflicting security interests in the same collateral. (1) The rules of priority stated in other sections of this Part and in the following sections shall govern when applicable: section 490:4-208 with respect to the security interests of collecting banks in items being collected, accompanying documents and proceeds; section 490:9-103 on security interests related to other jurisdictions; section 490:9-114 on consignments.

(2) A perfected security interest in crops for new value given to enable the debtor to produce the crops during the production season and given not more than three months before the crops become growing crops by planting or otherwise takes priority over an earlier perfected security interest to the extent that such earlier interest secures obligations due more than six months before the crops become growing crops by planting or otherwise, even though the person giving new value had knowledge of the earlier security interest.

(3) A perfected purchase money security interest in inventory has priority over a conflicting security interest in the same inventory and also has priority in identifiable cash proceeds received on or before the delivery of the inventory to a buyer if

- (a) The purchase money security interest is perfected at the time the debtor receives possession of the inventory; and
- (b) The purchase money secured party gives notification in writing to the holder of the conflicting security interest if the holder had filed a financing statement covering the same types of inventory (i) before the date of the filing made by the purchase money secured party, or (ii) before the beginning of the twenty-one day period where the purchase money security interest is temporarily perfected without filing or possession (subsection (5) of section 490:9-304); and
- (c) The holder of the conflicting security interest receives the notification within five years before the debtor receives possession of the inventory; and
- (d) The notification states that the person giving the notice has or expects to acquire a purchase money security interest in inventory of the debtor, describing such inventory by item or type.

(4) A purchase money security interest in collateral other than inventory has priority over a conflicting security interest in the same collateral or its proceeds if the purchase money security interest is perfected at the time the debtor receives possession of the collateral or within ten days thereafter.

(5) In all cases not governed by other rules stated in this section (including cases of purchase money security interests which do not qualify for the special priorities set forth in subsections (3) and (4) of this section), priority between conflicting security interests in the same collateral shall be determined according to the following rules:

- (a) Conflicting security interests rank according to priority in time of filing or perfection. Priority dates from the time a filing is first made covering the collateral or the time the security interest is first perfected, whichever is earlier, provided that there is no period thereafter when there is neither filing nor perfection.
- (b) So long as conflicting security interests are unperfected, the first to attach has priority.
- (6) For the purposes of subsection (5) a date of filing or perfection as to collateral is also a date of filing or perfection as to proceeds.

(7) If future advances are made while a security interest is perfected by filing or the taking of possession, the security interest has the same priority for the purposes of subsection (5) with respect to the future advances as it does with respect to the first advance. If a commitment is made before or while the security interest is so perfected, the security interest has the same priority with respect to advances made pursuant thereto. In other cases a perfected security interest has priority from the date the advance is made.”

23. By amending section 490:9-313 to read:

“Sec. 490:9-313 Priority of security interests in fixtures. (1) In this section and in the provisions of Part 4 of this Article referring to fixture filing, unless the context otherwise requires

- (a) Goods are “fixtures” when they become so related to particular real estate that an interest in them arises under real estate law.
- (b) A “fixture filing” is the filing in accordance with the provisions of section 490:9-401(1) of a financing statement covering goods which are or are to become fixtures and which conforms to the requirements of subsection (5) of section 490:9-402.
- (c) A mortgage is a “construction mortgage” to the extent that it secures an obligation incurred for the construction of an improvement on land including the acquisition cost of the land, if the recorded writing so indicates.

(2) A security interest under this Article may be created in goods which are fixtures or may continue in goods which become fixtures, but no security interest exists under this Article in ordinary building materials incorporated into an improvement on land.

(3) This Article does not prevent creation of an encumbrance upon fixtures pursuant to real estate law.

(4) A perfected security interest in fixtures has priority over the conflicting interest of an encumbrancer or owner of the real estate where

- (a) The security interest is a purchase money security interest, the interest of the encumbrancer or owner arises before the goods become fixtures, the security interest is perfected by a fixture filing before the goods become fixtures or within ten days thereafter, and the debtor has an interest of record in the real estate, or is in possession of the real estate; or

- (b) The security interest is perfected by a fixture filing before the interest of the encumbrancer or owner is of record, the security interest has priori-

ty over any conflicting interest of a predecessor in title of the encumbrancer or owner, and the debtor has an interest of record in the real estate, or is in possession of the real estate; or

- (c) The fixtures are readily removable factory or office machines or readily removable replacements of domestic appliances which are consumer goods, and before the goods become fixtures the security interest is perfected by any method permitted by this Article; or
 - (d) The conflicting interest is a lien on the real estate obtained by legal or equitable proceedings after the security interest was perfected by any method permitted by this Article.
- (5) A security interest in fixtures, whether or not perfected has priority over the conflicting interest of an encumbrancer or owner of the real estate where
- (a) The encumbrancer or owner has consented in writing to the security interest or has disclaimed an interest in the goods as fixtures; or
 - (b) The debtor has a right to remove the goods as against the encumbrancer or owner. If the debtor's right terminates, the priority of the security interest continues for a reasonable time.

(6) Notwithstanding paragraph (a) of subsection (4) but otherwise subject to subsections (4) and (5), a security interest in fixtures is subordinate to a construction mortgage recorded before the goods become fixtures if the goods become fixtures before the completion of the construction. To the extent that it is given to refinance a construction mortgage, a mortgage has this priority to the same extent as the construction mortgage.

(7) In cases not within the preceding subsections, a security interest in fixtures is subordinate to the conflicting interest of an encumbrancer or owner of the related real estate who is not the debtor.

(8) When the secured party has priority over all owners and encumbrancers of the real estate, he may, on default, subject to the provisions of Part 5, remove his collateral from the real estate but he must reimburse any encumbrancer or owner of the real estate who is not the debtor and who has not otherwise agreed for the cost of repair of any physical injury, but not for any diminution in value of the real estate caused by the absence of the goods removed or by any necessity for replacing them. A person entitled to reimbursement may refuse permission to remove until the secured party gives adequate security for the performance of this obligation."

24. By amending section 490:9-318 to read:

"Sec. 490:9-318 Defenses against assignee; modification of contract after notification of assignment; term prohibiting assignment ineffective; identification and proof of assignment. (1) Unless an account debtor has made an enforceable agreement not to assert defenses or claims arising out of a sale as provided in section 490:9-206 the rights of an assignee are subject to

- (a) All the terms of the contract between the account debtor and assignor and any defense or claim arising therefrom; and
- (b) Any other defense or claim of the account debtor against the assignor which accrues before the account debtor receives notification of the assignment.

(2) So far as the right to payment or a part thereof under an assigned contract has not been fully earned by performance, and notwithstanding notification of the assignment, any modification of or substitution for the contract made in good faith and in accordance with reasonable commercial standards is effective against an assignee unless the account debtor has otherwise agreed but the assignee acquires corresponding rights under the modified or substituted contract. The assignment may provide that such modification or substitution is a breach by the assignor.

(3) The account debtor is authorized to pay the assignor until the account debtor receives notification that the amount due or to become due has been assigned and that payment is to be made to the assignee. A notification which does not reasonably identify the rights assigned is ineffective. If requested by the account debtor, the assignee must seasonably furnish reasonable proof that the assignment has been made and unless he does so the account debtor may pay the assignor.

(4) A term in any contract between an account debtor and an assignor is ineffective if it prohibits assignment of an account or prohibits creation of a security interest in a general intangible for money due or to become due or requires the account debtor's consent to such assignment or security interest."

25. By amending section 490:9-402 to read:

"Sec. 490:9-402 Formal requisites of financing statement; amendments; mortgage as financing statement. (1) A financing statement is sufficient if it gives the names of the debtor and the secured party, is signed by the debtor, gives an address of the secured party from which information concerning the security interest may be obtained, gives a mailing address of the debtor and contains a statement indicating the types, or describing the items, of collateral. A financing statement may be filed before a security agreement is made or a security interest otherwise attaches. When the financing statement covers crops growing or to be grown, the statement must also contain a description of the real estate concerned and the name of the record owner or record lessee thereof. When the financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 490:9-103, or when the financing statement is filed as a fixture filing (section 490:9-313) and the collateral is goods which are or are to become fixtures, the statement must also comply with subsection (5). A copy of the security agreement is sufficient as a financing statement if it contains the above information and is signed by the debtor. A carbon, photographic or other reproduction of a security agreement or a financing statement is sufficient as a financing statement if the security agreement so provides or if the original has been filed in this State.

(2) A financing statement which otherwise complies with subsection (1) is sufficient when it is signed by the secured party instead of the debtor when it is filed to perfect a security interest in

(a) Collateral already subject to a security interest in another jurisdiction when it is brought into this State, or when the debtor's location is changed to this State. Such a financing statement must state that the collateral was brought into this State or that the debtor's location was

- changed to this State under such circumstances; or
- (b) Proceeds under section 490:9-306 if the security interest in the original collateral was perfected. Such a financing statement must describe the original collateral; or
- (c) Collateral as to which the filing has lapsed; or
- (d) Collateral acquired after a change of name, identity or corporate structure of the debtor (subsection (7)).

(3) A form substantially as follows is sufficient to comply with subsection (1):

Name of debtor (or assignor)

Address

Name of secured party (or assignee)

Address

1. This financing statement covers the following types (or items) of property:
(Describe)
2. (If collateral is crops) The above described crops are growing or are to be grown on:
(Describe Real Estate)
- (Record owner or record lessee)
3. (If collateral is goods which are or are to become fixtures) The above described goods are affixed or to be affixed to:
(Describe Real Estate)
- (Record owner or record lessee)
4. (If products of collateral are claimed) Products of the collateral are also covered.

(use)

whichever) Signature of Debtor (or Assignor)

is)

applicable)

Signature of Secured Party (or Assignee)

(4) A financing statement may be amended by filing a writing signed by both the debtor and the secured party. An amendment does not extend the period of effectiveness of a financing statement. If any amendment adds collateral, it is effective as to the added collateral only from the filing date of the amendment. In this Article, unless the context otherwise requires, the term "financing statement" means the original financing statement and any amendments.

(5) A financing statement covering timber to be cut or covering minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 490:9-103, or a financing statement filed as a fixture filing (section 490:9-313) where the debtor is not a transmitting utility, must show that it covers this type of collateral, must (unless it is a fixture filing under section 490:9-313) recite that it is to be filed in the real estate records, and the financing statement must contain a description of the real estate. If the debtor does not have an interest of record in the real estate, the financing statement must show the name of a record owner or record lessee.

(6) A financing statement sufficiently shows the name of the debtor if it gives the individual, partnership or corporate name of the debtor, whether or not it adds other trade names or the names of partners. Where the debtor so changes his name or in the case of an organization its name, identity or corporate structure that a filed financing statement becomes seriously misleading, the filing is not effective to perfect a security interest in collateral acquired by the debtor more than four months after the change, unless a new appropriate financing statement is filed before the expiration of that time. A filed financing statement remains effective with respect to collateral transferred by the debtor even though the secured party knows of or consents to the transfer.

(7) A financing statement substantially complying with the requirements of this section is effective even though it contains minor errors which are not seriously misleading."

26. By amending section 490:9-403 to read:

"Sec. 490:9-403 What constitutes filing; duration of filing; effect of lapsed filing; duties of filing officer. (1) Presentation for filing of a financing statement and tender of the filing fee or acceptance of the statement by the filing officer constitutes filing under this Article.

(2) Except as provided in subsection (6) a filed financing statement is effective for a period of five years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of the five year period unless a continuation statement is filed prior to the lapse. If a security interest perfected by filing exists at the time insolvency proceedings are commenced by or against the debtor, the security interest remains perfected until termination of the insolvency proceedings and thereafter for a period of sixty days or until expiration of the five year period, whichever occurs later. Upon lapse the security interest becomes unperfected, unless it is perfected without filing. If the security interest becomes unperfected upon lapse, it is deemed to have been unperfected as against a person who became a purchaser or lien creditor before lapse.

(3) A continuation statement may be filed by the secured party within six months prior to the expiration of the five year period specified in subsection (2). Any such continuation statement must be signed by the secured party, identify the original statement by book and page number and state that the original statement is still effective. Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for five years after the last date to which the filing was effective whereupon it lapses in the same manner as provided in subsection (2) unless another continuation statement is filed prior to such lapse. A continuation statement signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with subsection (2), of section 490:9-405, including payment of the required fee. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement. Unless a statute on disposition of public records provides otherwise, the filing officer may remove a lapsed statement from the files and destroy it immediately if he has retained a microfilm or other photographic record, or in other cases after one year after the lapse. The filing officer shall so

arrange matters by physical annexation of financing statements to continuation statements or other related filings, or by other means, that if he physically destroys the financing statements of a period more than five years past, those which have been continued by a continuation statement or which are still effective under subsection (6) shall be retained.

(4) A filing officer shall record and index each statement in the manner provided in chapter 502. For the purpose of such indexing, each of the debtor (or assignor) and the record owner or record lessee of any real estate described in the financing statement (where the collateral is crops or goods which are or are to become fixtures) shall be considered a grantor with respect to the financing statement and the secured party (or assignee) shall be considered a grantee with respect to the financing statement.

(5) The fee for filing, indexing and furnishing filing data for an original or a continuation statement shall be \$2 per page.

(6) If the debtor is a transmitting utility (subsection (5) of section 9-401) and a filed financing statement so states, it is effective until a termination statement is filed. A real estate mortgage which is effective as a fixture filing under section 9-408 remains effective as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(7) When a financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 9-103, or is filed as a fixture filing, the filing officer shall index it under the names of the debtor and any owner of record shown on the financing statement in the same fashion as if they were the mortgagors in a mortgage of the real estate described, and, to the extent that the law of this state provides for indexing of mortgages under the name of the mortgagee, under the name of the secured party as if he were the mortgagee thereunder, or where indexing is by description in the same fashion as if the financing statement were a mortgage of the real estate described.

27. By amending section 490:9-404 to read:

“Sec. 490:9-404 Termination statement. (1) If a financing statement covering consumer goods is filed on or after July 1, 1978, then within one month or within ten days following written demand by the debtor after there is no outstanding secured obligation and no commitment to make advances, incur obligations or otherwise give value, the secured party must file with each filing officer with whom the financing statement was filed, a termination statement to the effect that he no longer claims a security interest under the financing statement, which shall be identified by book and page number. In other cases whenever there is no outstanding secured obligation and no commitment to make advances, incur obligations or otherwise give value, the secured party must on written demand by the debtor send the debtor, for each filing officer with whom the financing statement was filed, a termination statement to the effect that he no longer claims a security interest under the financing statement, which shall be identified by book and page number. A termination statement signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying

with subsection (2) of section 490:9-405, including payment of the required fee. If the affected secured party fails to file such a termination statement as required by this subsection, or to send such a termination statement within ten days after proper demand therefor he shall be liable to the debtor for one hundred dollars, and in addition for any loss caused to the debtor by such failure.

(2) The filing officer, on presentation of such a termination statement, must record and index it in the manner provided in chapter 502.

(3) The fee for filing and indexing a termination statement shall be \$2 per page.”

28. By amending section 490:9-405 to read:

“Sec. 490:9-405 Assignment of security interest; duties of filing officer; fees.

(1) A financing statement may disclose an assignment of a security interest in the collateral described in the financing statement by indication in the financing statement of the name and address of the assignee or by an assignment itself or a copy thereof on the face or back of the statement. On presentation to the filing officer of such financing statement the filing officer shall process the same as provided in section 490:9-403(4). The fee for filing, indexing and furnishing filing data for a financing statement so indicating an assignment shall be \$2 per page.

(2) A secured party may assign of record all or a part of his rights under a financing statement by the filing of a separate written statement of assignment signed by the secured party of record. Such statement shall set forth the name of the secured party of record and the debtor, the name and address of the assignee, the date of filing of the financing statement and the book and page number and shall contain a description of the collateral assigned. A copy of the assignment is sufficient as a separate statement if it complies with the preceding sentence. The filing officer, upon presentation of such a separate statement, shall record and index such separate statement in the manner provided in chapter 502. The fee for filing, indexing and furnishing filing data about such a separate statement of assignment shall be \$2 per page.

(3) After the disclosure or filing of an assignment under this section, the assignee is the secured party of record.”

29. By amending section 490:9-406 to read:

“Sec. 490:9-406 Release of collateral; duties of filing officer; fees. A secured party of record may by his signed statement release all or a part of any collateral described in a filed financing statement. The statement of release is sufficient if it contains a description of the collateral being released, the name and address of the debtor, the name and address of the secured party, and the book and page number of the financing statement. A statement of release signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with subsection (2) of section 490:9-405, including payment of the required fee. The filing officer, upon presentation of such statement of release, shall record and index such statement in the manner provided in chapter 502. The fee for filing and noting such a statement of release shall be \$2 per page.”

30. By amending section 490:9-501 to read:

“Sec. 490:9-501 Default; procedure when security agreement covers both real and personal property. (1) When a debtor is in default under a security agreement, a secured party has the rights and remedies provided in this Part and except as limited by subsection (3) those provided in the security agreement. He may reduce his claim to judgment, foreclosure or otherwise enforce the security interest by any available judicial procedure. If the collateral is documents the secured party may proceed either as to the documents or as to the goods covered thereby. A secured party in possession has the rights, remedies and duties provided in section 490:9-207. The rights and remedies referred to in this subsection are cumulative.

(2) After default, the debtor has the rights and remedies provided in this Part, those provided in the security agreement and those provided in section 490:9-207.

(3) To the extent that they give rights to the debtor and impose duties on the secured party, the rules stated in the subsections referred to below may not be waived or varied except as provided with respect to compulsory disposition of collateral (subsection (3) of section 490:9-504 and section 490:9-505) and with respect to redemption of collateral (section 490:9-506) but the parties may by agreement determine the standards by which the fulfillment of these rights and duties is to be measured if such standards are not manifestly unreasonable:

- (a) Subsection (2) of section 490:9-502 and subsection (2) of section 490:9-504 insofar as they require accounting for surplus proceeds of collateral;
- (b) Subsection (3) of section 490:9-504 and subsection (1) of section 490:9-505 which deals with disposition of collateral;
- (c) Subsection (2) of section 490:9-505 which deals with acceptance of collateral as discharge of obligation;
- (d) Section 490:9-506 which deals with redemption of collateral; and
- (e) Subsection (1) of section 490:9-507 which deals with the secured party's liability for failure to comply with this Part.

(4) If the security agreement covers both real and personal property, the secured party may proceed under this Part as to the personal property or he may proceed as to both the real and the personal property in accordance with his rights and remedies in respect of the real property in which case provisions of this Part do not apply.

(5) When a secured party has reduced his claim to judgment the lien of any levy which may be made upon his collateral by virtue of any execution based upon the judgment shall relate back to the date of the perfection of the security interest in such collateral. A judicial sale, pursuant to such execution, is a foreclosure of the security interest by judicial procedure within the meaning of this section, and the secured party may purchase at the sale and thereafter hold the collateral free of any other requirements of this Article.”

31. By amending section 490:9-504 to read:

“Sec. 490:9-504 Secured party's right to dispose of collateral after default; effect of disposition. (1) A secured party after default may sell, lease or otherwise dispose of any or all of the collateral in its then condition or following any commercially reasonable preparation or processing. Any sale of goods is subject to

the Article on Sales (Article 2). The proceeds of disposition shall be applied in the order following to

- (a) The reasonable expenses of retaking, holding, preparing for sale, selling and the like and, to the extent provided for in the agreement and not prohibited by law, the reasonable attorneys' fees and legal expenses incurred by the secured party;
- (b) The satisfaction of indebtedness secured by the security interest under which the disposition is made;
- (c) The satisfaction of indebtedness secured by any subordinate security interest in the collateral if written notification of demand therefor is received before distribution of the proceeds is completed. If requested by the secured party, the holder of a subordinate security interest must seasonably furnish reasonable proof of this interest, and unless he does so, the secured party need not comply with his demand.

(2) If the security interest secures an indebtedness, the secured party must account to the debtor for any surplus and, unless otherwise agreed, the debtor is liable for any deficiency. But if the underlying transaction was a sale of accounts, or chattel paper, the debtor is entitled to any surplus or is liable for any deficiency only if the security agreement so provides.

(3) Disposition of the collateral may be by public or private proceedings and may be made by way of one or more contracts. Sale or other disposition may be as a unit or in parcels and at any time and place and on any terms but every aspect of the disposition including the method, manner, time, place and terms must be commercially reasonable. Unless collateral is perishable or threatens to decline speedily in value or is of a type customarily sold on a recognized market, reasonable notification of the time and place of any public sale or reasonable notification of the time after which any private sale or other intended disposition is to be made shall be sent by the secured party to the debtor, if he has not signed after default a statement renouncing or modifying his right to notification of sale. In the case of consumer goods no other notification need be sent. In other cases notification shall be sent to any other secured party from whom the secured party has received (before sending his notification to the debtor or before the debtor's renunciation of his rights) written notice of a claim of an interest in the collateral. The secured party may buy at any public sale and if the collateral is of a type customarily sold in a recognized market or is of a type which is the subject of widely distributed standard price quotations he may buy at private sale.

(4) When collateral is disposed of by a secured party after default, the disposition transfers to a purchaser for value all of the debtor's rights therein, discharges the security interest under which it is made and any security interest or lien subordinate thereto. The purchaser takes free of all such rights and interests even though the secured party fails to comply with the requirements of this Part or of any judicial proceedings

- (a) In the case of a public sale, if the purchaser has no knowledge of any defects in the sale and if he does not buy in collusion with the secured party, other bidders or the person conducting the sale; or
 - (b) In any other case, if the purchaser acts in good faith.
- (5) A person who is liable to a secured party under a guaranty, indorse-

ment, repurchase agreement or the like and who receives a transfer of collateral from the secured party or is subrogated to his rights has thereafter the rights and duties of the secured party. Such a transfer of collateral is not a sale or disposition of the collateral under this Article.”

32. By amending section 490:9-505 to read:

“**Sec. 490:9-505 Compulsory disposition of collateral; acceptance of the collateral as discharge of obligation.** (1) If the debtor has paid sixty per cent of the cash price in the case of a purchase money security interest in consumer goods or sixty per cent of the loan in the case of another security interest in consumer goods, and has not signed after default a statement renouncing or modifying his rights under this Part a secured party who has taken possession of collateral must dispose of it under section 490:9-504 and if he fails to do so within ninety days after he takes possession the debtor at his option may recover in conversion or under section 490:9-507(1) on secured party’s liability.

(2) In any other case involving consumer goods or any other collateral a secured party in possession may, after default, propose to retain the collateral in satisfaction of the obligation. Written notice of such proposal shall be sent to the debtor if he has not signed after default a statement renouncing or modifying his rights under this subsection. In the case of consumer goods no other notice need be given. In other cases notice shall be sent to any other secured party from whom the secured party has received (before sending his notice to the debtor or before the debtor’s renunciation of his rights) written notice of a claim of an interest in the collateral. If the secured party receives objection in writing from a person entitled to receive notification within twenty-one days after the notice was sent, the secured party must dispose of the collateral under section 490:9-504. In the absence of such written objection the secured party may retain the collateral in satisfaction of the debtor’s obligation.”

(4) If the record of a mortgage of real estate would have been effective as a fixture filing of goods described therein if the new U.C.C. had been in effect on the date of recording the mortgage, the mortgage shall be deemed effective as a fixture filing as to such goods under subsection (6) of section 490:9-402 of the new U.C.C. on the effective date of July 1, 1979.

Any other law to the contrary notwithstanding, any transfer or title, or of any interest in, a pollution control project or any portion thereof, by a project party or any person affiliated with a project party to the political subdivision or by the political subdivision to such a party, shall be exempt from the use and general excise taxes.

Sec. -5 Project agreement. (a) Any project agreement entered into by the political subdivision shall contain provisions unconditionally obligating the project party to pay the political subdivision during the period or term of the project agreement, exclusive of any renewal or extension thereof and whether or not the pollution control project is used or occupied by the project party, in the form of rates, rentals, fees, charges, payments of installments of the purchase price, or otherwise, at such time or times and in such amount or amounts that will be at least sufficient:

- (1) To pay the principal, premium, if any, and interest on all revenue bonds issued to finance the costs of the pollution control project as and when the same becomes due;
- (2) To establish or maintain such reserves, if any, as may be required by the instrument authorizing or securing the revenue bonds;
- (3) To pay the fees and expenses of the paying agents and trustees for the revenue bonds;
- (4) To pay the expenses incurred by the political subdivision in administering the bonds or in carrying out the project or the project agreement; and
- (5) To pay any and all of the cost incurred by the political subdivision, directly or indirectly, in the operation, maintenance, and repair of the pollution control project or to perform these functions at its own expense.

(b) Any project agreement entered into by the political subdivision may contain such provisions as the political subdivision deems necessary or desirable to obtain or permit the participation of the state and federal government in the pollution control project or in the financing of the costs thereof.

(c) A project agreement shall also provide that the political subdivision shall have all rights and remedies generally available at law or in equity to unpaid sellers or lessors as the case may be to re-enter and take possession of a pollution control project upon the breach or default by a project party of any term, condition, or provision of a project agreement.

(d) The political subdivision may extend or renew any project agreement or any other agreement related thereto, in accordance with the project agreement.

(e) The political subdivision shall impose, prescribe, and collect rates, rentals, fees, and charges for the use and occupancy of any pollution control project, for any services provided through its operation, and for any goods or commodities produced thereby in order to provide for the timely payment of the principal, premium, if any, and interest of the revenue bonds issued to finance the costs of the project and the costs of the operation, maintenance, and repair thereof.

Sec. -6 Project revenue bonds. (a) All revenue bonds issued under this chapter shall be issued pursuant to the applicable provisions of chapter 49 except that:

- (1) No specific act or acts of the legislature shall be required for the authorization or issuance of the revenue bonds or the amount thereof, and this chapter shall constitute complete authority for such authorization, issuance, or amount.
- (2) The revenue bonds shall be payable solely from the revenues or other income derived by the political subdivision from the pollution control project for which these bonds are issued, including any payments made to the political subdivision under the project agreement or other agreements entered into with respect to the project, and shall be secured solely by these revenues and any encumbrance, mortgage, or lien granted in a pollution control project with respect to the bonds.
- (3) The final maturity date of such revenue bonds may be any date not exceeding twenty-five years from the date of such bonds; provided that such final maturity date shall not exceed the period or term of the project agreement, exclusive of any renewal or extension thereof.
- (4) The political subdivision, in determining the cost of any pollution control project, may include:
 - (A) Financing charges;
 - (B) Fees and expenses of any trustee and paying agents for these revenue bonds;
 - (C) Interest on the revenue bonds, and the expenses of the political subdivision related to such revenue bonds and the pollution control project to be financed therefrom, accruing or incurred prior to and during the period of construction and for a period not exceeding six months thereafter;
 - (D) Amounts necessary to establish or increase reserves for the revenue bonds;
 - (E) The cost of plans, specifications, studies, surveys, estimates of cost and of revenues;
 - (F) Other expenses incidental to determining the feasibility of the pollution control project;
 - (G) Administrative expenses;
 - (H) Interest cost incurred by the project party for the project prior to the issuance of the revenue bonds; and
 - (I) Such other costs, commissions, and expenses incidental to the construction, acquisition, reconstruction, renovation, rehabilitation, improvement, betterment, or extension of the pollution control project, the financing thereof, placing the project in operation, and the issuance of the revenue bonds, whether incurred prior to or after the issuance of such bonds.
- (5) If deemed necessary or advisable, the director may appoint a national or state bank or trust company within or without the State to serve as trustee for the holders of the revenue bonds and may enter into a trust indenture, trust agreement, indenture, or mortgage with such trustee.

The trustee may be authorized to receive and receipt for, hold, and administer the proceeds of the revenue bonds issued for the pollution control project and to apply the proceeds to the purposes for which such bonds are issued, or to receive and receipt for, hold, and administer the revenues and other receipts derived from the pollution control project and to apply these revenues and receipts to the payment of the principal, or interest on such revenue bonds, or both. In the event that the trustee is appointed, any trust indenture, trust agreement, or indenture or mortgage entered into with the trustee may contain any covenants and provisions authorized by this chapter as deemed necessary by the director for the purposes of this chapter, and these covenants or provisions need not be included in a resolution adopted or certificate issued under this chapter. Any resolution, certificate, trust indenture, trust agreement, indenture, or mortgage adopted, issued, or entered into pursuant to this chapter may also contain any provisions required for the qualification thereof under the United States Trust Indenture Act of 1939 or deemed necessary or desirable by the director for the security and protection of the holders of the revenue bonds or to carry out the purposes of this chapter. The director may pledge and assign to the trustee the project agreement and other agreements related thereto and the rights of the director thereunder, including the rights to revenues and receipts, and may grant a mortgage on the interest of the pollution control project to the trustee for the benefit of the holders of such revenue bonds.

- (6) If the director of finance appoints a trustee for the holders of the revenue bonds, the director may elect not to serve as fiscal agent for the payment of the principal and interest, and for the purchase, registration, transfer, exchange, and redemption, of the revenue bonds, or may elect to limit the functions the director performs as such fiscal agent. The director may appoint the trustee to serve as the fiscal agent, and may authorize and empower the trustee to perform such functions with respect to such payment, purchase, registration, transfer, exchange, and redemption, as the director deems necessary, advisable, or expedient, including, without limitation, the holding of the revenue bonds and coupons which have been paid and the supervision and conduction or the destruction thereof.
- (7) The resolution, certificate, trust indenture, trust agreement, or indenture of mortgage may also contain provisions deemed necessary or desirable by the director relating to:
 - (A) The investment of the proceeds of the revenue bonds, the investment of any reserve for such bonds, and the investment of the revenues and receipts of the project and the use and application of the earnings from such investments; and
 - (B) The terms and conditions upon which all or some of the holders of the revenue bonds or any trustee therefor may institute proceedings for the foreclosure of any mortgage granted to secure the payment of such bonds and the use and application of the moneys derived

from such foreclosure.

- (8) The resolution, certificate, trust indenture, trust agreement, or indenture of mortgage may also contain such provisions as deemed necessary or desirable by the director in order to obtain or permit the participation of the federal government in the pollution control project or in the financing of the costs thereof, including, without limitation, costs of construction, operation, maintenance, and repair, whether such participation is in the form of grants, interest subsidies, or otherwise.
- (9) If a trustee is not appointed to collect, hold, and administer the proceeds of the revenue bonds or the revenues and receipts derived by the political subdivision from the pollution control project for which such revenue bonds are issued, these proceeds or revenues and receipts, as the case may be, shall be held in a separate account in the treasury of the political subdivision, to be applied solely to the carrying out of the resolution, certificate, trust indenture, trust agreement, or indenture of mortgage authorizing or securing such revenue bonds. This section or any other law to the contrary notwithstanding, the proceeds of each issue of revenue bonds and any and all revenues and other receipts from any project party for the operation, use, and occupancy of the pollution control project shall be maintained in separate funds by an appointed trustee or in the treasury of the political subdivision. Such proceeds shall be used to pay the costs of such pollution control project, and such revenues and receipts shall be used to provide for payment of the principal, premium, if any, and interest on the revenue bonds, the cost of operation and the maintenance and repair of the project, any reserves therefor, and for such other purposes, within the jurisdiction, powers, duties, and functions of the political subdivision as shall have been covenanted in any resolution or certificate of the political subdivision providing for the issuance of such revenue bonds.
- (10) Proceeds of such revenue bonds may be used and applied to reimburse the director, the project party, or other user of the pollution control project for all costs of the pollution control project incurred prior to or after the issuance of the revenue bonds.

Sec. -7 Transactions for utility services. Any other law to the contrary notwithstanding, the disposal of liquid or solid waste by the political subdivision or project party is a utility service, but shall not place the political subdivision or a project party in any way under the jurisdiction of the public utilities commission; provided that in the case of a project party, the project party shall not provide any utility services other than the disposal of liquid, solid waste, or any combination thereof or the sales of goods or commodities, including energy produced by the operation of any pollution control project, where these sales are made only to registered public utilities, industrial or commercial concerns, or counties or county agencies and not to the general public.

Sec. -8 Liquidated damages. This chapter or any other law to the contrary notwithstanding, a project agreement or a contract for the provisions of utility services, goods, or commodities, including water or electrical energy, by

the political subdivision or by a project party, may provide for the payment of liquidated damages by a purchaser or by a project party; provided that this liquidated damages provision shall be reasonable and shall be enforceable if measured and established by reference to the proportionate relationship of the payments owed by the party subject to the liquidated damages provision to the total costs of the pollution control project, the cost of maintenance, operation, and repair thereof, and to the total operating capacity thereof.

Sec. -9 Sale of revenue bonds. Notwithstanding the provisions of chapter 49, the revenue bonds authorized by this chapter may be sold at public or private sale at such price or prices and may bear interest at such rate or rates as the governing body of the political subdivision determines.”

SECTION 3. This Act shall take effect upon its approval.
(Approved June 2, 1978.)

ACT 173

S.B. NO. 2200-78

A Bill for an Act Relating to Taxation.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The legislature finds that the State of Hawaii adopted the federal Internal Revenue Code for the purpose of determining gross income, adjusted gross income, and taxable income in 1957. Since the Hawaii Constitution does not allow the adoption of federal Internal Revenue Code amendments on an as amended basis and since the State of Hawaii did not wish to relinquish control over its internal economic policies, the State has adopted amendments to the federal Internal Revenue Code on a periodic basis and over the period of twenty years in the philosophies of the executive and legislative branches in adopting such amendments have varied. In addition, many of the amendments made to the Internal Revenue Code during this twenty-year period, while not directly affecting the State of Hawaii have affected the Code in various ways and since they did not affect the State directly they were not adopted. Finally, due to either the complex nature of some of the amendments over the years or the quantity of some very technical amendments, such as those made in the Tax Reform Act of 1976, the legislature and the executive branches were unable to give appropriate consideration to their adoption.

The legislature finds that during this twenty-year period, the State adopted version of the federal Internal Revenue Code has become less and less parallel to the Code itself. This has resulted in increased costs to both government and the

private sector due to the necessity of determining which version of the Code Hawaii has adopted in a certain area.

In 1977, the legislature took a great step forward in conforming the state version of the Code with the federal version of the Code through the enactment of Act 47. At that time the legislature asked the department of taxation and the office of the legislative reference bureau with the assistance of the private sector to review the federal Internal Revenue Code and to suggest the appropriate Act to conform our state adopted version of the Code to the federal Code as closely as is desirable for the purposes of this State. This Act is the result of such effort. The legislature finds that adoption of this Act will reduce the cost of doing business for both government and the private sector while resulting in a slight increase in income tax revenues.

In enacting this Act, the legislature notes that in repealing the sections of chapter 235, Hawaii Revised Statutes, it is repealing redundant language in the statutes which are no longer necessary due to the adoption of the federal Internal Revenue Code in the manner in which this Act adopts that Code.

The purpose of this Act is to adopt the federal Internal Revenue Code as it existed on December 31, 1977, except for provisions of the Code which have been determined to be unnecessary or undesirable for the State of Hawaii at this time.

SECTION 2. Chapter 235, Hawaii Revised Statutes, is amended as follows:

The director of finance shall, at the request of the public accountant, make an administrative determination of the amount of the payment which is actually in dispute and the

amount which is not in dispute. Upon the determination the public accountant shall deposit the amounts not deemed in dispute by the director into the appropriate fund.

Action to recover moneys paid under protest or proceedings to adjust the claim may be commenced by the payer or claimant against the public accountant to whom the payment was made, in a court of competent jurisdiction, within thirty days from the date of payment and in default of bringing the suit or proceeding within the thirty-day period, the money paid under protest shall be deposited into the appropriate account in the treasury of the State by the accountant and the amount deposited shall thereupon become a government realization, provided, that any action to recover payment of taxes under protest shall be commenced in the tax appeal court.

If action to recover the money paid under protest or a proceeding to adjust the claim is commenced within the thirty-day period, the amount paid under protest or determined by the director to be the disputed portion of a claim shall be transmitted by the public accountant to the director, together with the entire or comparable portions of subsequent payments, if any, when and as made with respect to the same claim if made under a protest referring to the original protest for the grounds thereof, but if subsequent payments are made under protest in any other manner these subsequent payments shall be held by the public accountant and treated as if no previous protest had been made. The director shall pay all moneys so transmitted by the public accountant into a fund to be known as the "litigated claims fund" pending the final decision of the cause, which may, if the court is satisfied that subsequent payments were made with respect to the same claim and under the same protest, in the manner above set forth, include the disposition of such subsequent payments. If judgment is rendered in favor of the claimant, the director shall pay the claimant, out of the litigated claims fund, the amount of the judgment. If the amount of money in the litigated claims fund is insufficient or if investment of the litigated claims fund results in a deficit, the general fund of the State shall be liable for the deficiency. Interest at the rate of two per cent a year from the date of each payment under protest shall also be paid out of the general fund of the State on the amount of the payment under protest adjudged to be payable to the claimant[.]; provided that, if the claim is for the recovery of taxes paid under protest, the rate of interest and the overpayment of taxes shall be refunded in the manner provided in section 231-23(d) and (e). The amount to be paid shall be ascertained by the director from a certified copy of the judgment which shall be his authority [and warrant] for making payment to the claimant."

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 249-1, Hawaii Revised Statutes, is amended to read:

“Sec. 249-1 Definitions. As used in this chapter and unless a different meaning appears from the context, the following terms shall have the following respective meanings.

“Vehicle” means every device in, upon, or by which any person or property is or may be transported or drawn upon a highway, but exclude devices moved by human power or devices used exclusively upon stationary rails or tracks and mopeds.

“Motor vehicle” means every vehicle which is self-propelled and every vehicle which is propelled by electric power, but which is not operated upon rails, but excludes mopeds.

“Antique motor vehicle” means any motor vehicle of the age of thirty-five years or more from the date of manufacture, that is of the original factory specification or restored to the original specifications in an unaltered or unreconstructed condition, operated or moved over the highway primarily for the purpose of historical exhibition or other similar purposes.

“Truck” means any motor vehicle designed or used primarily for the carriage of property other than effects of the driver or passengers, and includes a motor vehicle to which has been added a box, platform, or other equipment for such carriage.

“Net weight” of a vehicle means the actual weight of the vehicle, as determined on a standard scale, including all equipment and accessories ordinarily attached to and used on the vehicle, and in the case of a motor vehicle, the maximum fuel, oil, and water possible of being carried for its operation; provided, that “net weight” of a new standard equipped vehicle, other than a motor vehicle, means the shipping weight thereof as established by its manufacturer, and “net weight” of a new standard equipped passenger vehicle means the shipping weight thereof as established by its manufacturer, plus one hundred pounds, and “net weight” of a new standard equipped motorcycle, motor scooter, or moped, means the shipping weight thereof as established by its manufacturer, plus thirty pounds, and “net weight” of a new standard equipped truck means the shipping weight thereof as established by its manufacturer, plus two hundred pounds. On initial registration of a standard equipped vehicle, other than a motor vehicle, for which the director of finance has the manufacturer’s established weight, the director of finance, in lieu of requiring the vehicle to be weighed and in order to determine the “net weight” thereof, may use such established weight and may require the owner to furnish verification of the factory serial number of the vehicle. On initial registration of standard equipped passenger vehicles, motorcycles, motor scooters, mopeds, and trucks for which the director of finance has the manufacturer’s established weights, the director of finance, in lieu of requiring such motor vehicles to be weighed and in order to determine the “net weight” thereof, may use such established weights, adding one hundred

pounds in the case of standard equipped passenger vehicles, thirty pounds in the case of standard equipped motorcycles, motor scooters, and mopeds, and two hundred pounds in the case of standard equipped trucks, and may require the owners to furnish verification of factory serial and engine numbers of such motor vehicles. As to a vehicle for which the manufacturer's weight is not available or whose make and model cannot be determined with reasonable certainty or which has been so altered as to increase or diminish the weight thereof, "net weight" means the actual weight of such vehicle, as determined on a standard scale, including all equipment and accessories ordinarily attached to and used on the vehicle and, in the case of a motor vehicle, the maximum fuel, oil, and water possible of being carried for its operation. In all cases information shall be presented to and in the manner prescribed by the director of finance.

"Director of finance" means the director of finance of each county or of the county concerned, and includes his duly authorized deputies and subordinates.

"Moped" means a device upon which a person may ride which has two or three wheels in contact with the ground, a motor having a maximum power output capability measured at the motor output shaft, in accordance with the Society of Automotive Engineers standards, of one and one-half horsepower (one thousand, one hundred nineteen watts) or less and, if it is a combustion engine, a maximum piston or rotor displacement of 3.05 cubic inches (fifty cubic centimeters) and which will propel the device, unassisted, on a level surface at a maximum speed no greater than thirty-five miles per hour; and a direct or automatic power drive system which requires no clutch or gear shift operation by the moped driver after the drive system is engaged with the power unit.

"Bicycle" means every device propelled solely by human power upon which any person may ride, having two tandem wheels sixteen inches in diameter or greater, and including any device generally recognized as a bicycle though equipped with two front or two rear wheels."

"Sec. 249-14 Bicycle and moped tax. (a) All bicycles and mopeds used for the conveyance of persons shall be subject to an annual tax of \$3 each to be paid by the owners thereof to the director of finance. Upon receipt of the tax, the director of finance shall number and register each bicycle and moped, for which the tax is paid, in the owner's name and furnish the owner with a metallic tag or decal for each bicycle or moped with number and year marked thereon, charging therefor the sum of 10 cents, which tag or decal shall be attached to the bicycle or moped. On bicycles the decal shall be affixed to the upright post attached to the sprocket facing in the forward direction. On mopeds the decal shall be affixed to the lower portion of the rear fender facing rearward. Upon initial registration by an owner or transferee, the director of finance shall require proof of ownership and require

the owner to furnish verification of the serial number and description contained in the proof of ownership and application for registration. The metallic tags or decals shall be in such form as the director of finance shall from time to time prescribe. It shall be the duty of the council of each county to purchase a sufficient number of such tags or decals.

(b) All taxes collected under this section shall be deposited into the bikeway fund and shall be expended in the county in which the taxes are collected as provided in section 249-17.5.”

SECTION 3. Section 249-14.5, Hawaii Revised Statutes, is amended to read:

“**Sec. 249-14.5 New bicycles and mopeds.** All new bicycles and mopeds, otherwise taxable under section 249-14, in stock for purposes of sale shall be exempt from the tax herein provided for; provided that at the time of first sale, the dealer selling the new bicycle or moped shall:

All bicycles and mopeds not so redeemed shall be sold by any chief of police or his authorized subordinate, or director of finance or deputy director of finance, at public auction after first giving five days’ public notice of the time and place of sale by advertisement in a newspaper published in the district, if any, or by posting notices in at least three public places in the district where the sale is to be held. Sale shall be made for the best price obtainable, which amount shall be forthwith paid over to the director of finance or his deputy, accompanied by a statement containing a description of the bicycles or mopeds, their number, makes, and any other marks of identification. The director of finance or his deputy shall thereupon, after deducting from the amount so received the amount of the tax and penalty due and costs of advertising, pay over to the owners of the bicycles or mopeds any surplus there may be if it is possible to ascertain who the owners are. If at the expiration of ninety days the owners remain unknown, the

surplus shall be paid into the treasury of the county, as a government realization, and all claims to such sums shall be forever barred.”

SECTION 5. Section 249-16, Hawaii Revised Statutes, is amended to read:

H.B. NO. 2729-78

A Bill for an Act Relating to Public Officers and Employees Excluded from Collective Bargaining.

SECTION 1. The purpose of this Act is to replace section 78-18.5, Hawaii Revised Statutes, by adding a new chapter with substantive change in the procedures established initially under section 78-18.5 for adjusting the compensation, hours, terms, and conditions of employment, and other benefits for public officers and employees excluded from collective bargaining coverage under chapter 89.

SECTION 2. The Hawaii Revised Statutes is amended by adding a new chapter to be appropriately designated and to read as follows:

**“CHAPTER
PUBLIC OFFICERS AND EMPLOYEES
EXCLUDED FROM COLLECTIVE BARGAINING**

Sec. -1 Purpose. The legislature finds that existing statutes do not permit the chief executives of the State and counties, the board of education, the board of regents and the chief justice of the supreme court sufficient flexibility to make appropriate and timely adjustments in the compensation, hours, terms and conditions of employment, and other benefits for public officers and employees who are excluded from collective bargaining coverage under chapter 89. To this end, the legislature grants to the respective chief executives, the board of education, the board of regents and the chief justice, the authority to make such adjustments for officers and employees excluded from collective bargaining in conformance with this chapter.

Nothing in this chapter shall be construed to interfere with or diminish any authority already provided by statutes to the chief executives, the board of education, the board of regents or the chief justice.

Sec. -2 Adjustments authorized; limitations, restrictions. Any provision of law to the contrary notwithstanding, the compensation, hours, terms and conditions of employment, and other benefits for public officers and employees, who are excluded from collective bargaining, shall be adjusted by the chief executives of the State or counties, the board of education, the board of regents, or the chief justice, as applicable. The chief executives, the board of education, the board of regents and the chief justice, or their designated representatives, shall determine the adjustments to be made and which excluded officers or employees are to be granted adjustments under this chapter, in accordance with the following guidelines and limitations:

- (1) For excluded officers and employees under the same compensation plans as officers and employees within collective bargaining units, such adjustments shall be not less than those provided under collective bargaining agreements for officers and employees hired on a comparable basis, except that adjustments in compensation shall be within limits set forth in paragraphs (2) and (3).
- (2) For officers and employees covered by chapters 77 and 297, no adjusted compensation shall exceed ninety-five per cent of the maximum compensation allowable under section 26-53 for the first deputy or first assistant to the head of a department of the State. To promote the uniform administration of compensation under chapters 77 and 297, the foregoing limitation shall apply uniformly to all officers and employees throughout the State covered by chapters 77 and 297, whether or not the officer or employee is employed by the State or a county government. Any officer or employee, who is receiving a salary in excess of the limitation provided herein on the effective date of this Act, shall continue to receive the salary so long as he remains in the same position or until such time as the maximum compensation allowable under section 26-53 for the first deputy or first assistant to the

head of a department of the State is sufficiently increased to authorize adjustments to the officer's or employee's salary.

- (3) For officers and employees covered by chapter 304, no adjusted compensation shall exceed ninety-five per cent of the compensation paid to the president of the University of Hawaii under section 26-52(2); provided that an officer or employee who is receiving on the effective date of this chapter a salary in excess of ninety-five per cent of the salary paid to the president of the University of Hawaii, shall continue to receive the salary so long as he remains in the same position or until such time as the salary of the president is sufficiently increased to authorize adjustments to the officer's or employee's salary.
- (4) No adjustment in compensation, hours, terms and conditions of employment, or other benefits shall be established which is in conflict with the system of personnel administration based on merit principles and scientific methods governing the classification of positions and the employment conduct, movement, and separation of public officers and employees.
- (5) The compensation of officers or employees whose salaries presently are limited or fixed by legislative enactment shall not be adjusted under this chapter, but shall continue to be adjusted by the appointing authority within limits established by law or by legislative enactment.
- (6) The compensation of officers or employees, who are not covered under the same compensation plans as officers and employees within collective bargaining units and whose salaries presently are authorized to be fixed by the appointing authority, need not be adjusted under this chapter. The appointing authority may continue to make specific adjustments in the salaries of individual officers or employees from available funds appropriated for such purpose within limits set forth in paragraphs (2) and (3) of this section.

Sec. -3 Adjustments for officers and employees covered by chapter 77.

The directors of personnel services of the State and counties who shall serve as representatives of their respective chief executives and the administrative director of the courts who shall serve as the representative of the chief justice, shall decide by majority vote on the adjustments to be made under this chapter for officers and employees covered under chapter 77. Such adjustments and their effective dates shall be uniform among the jurisdictions.

Sec. -4 Adjustments for other officers and employees. (a) The respective representatives of the State, counties and the judiciary shall submit to their respective chief executives and to the chief justice, recommendations on the adjustments to be made under this chapter for other officers and employees within their respective personnel systems. The conference of personnel directors shall confer prior to the submittal of any recommended adjustment by each director to his chief executive or by the administrative director of the courts to the chief justice. Such adjustments and their effective dates shall be uniform, if practicable, among the jurisdictions.

(b) The superintendent of education and the president of the University of

ACT 197

Hawaii shall submit to the board of education and the board of regents, respectively, recommendations on the adjustments to be made under this chapter for officers and employees within their respective personnel systems. The superintendent and the president shall confer with the state director of personnel services prior to the submittal of any recommended adjustment. Any adjustments adopted by the board of education or the board of regents which presently require the approval of the governor shall remain subject to the approval of the governor.

Sec. -5 Implementation; effective date, appropriations, approval. (a) Adjustments made under this chapter which do not exceed those for officers and employees in collective bargaining units shall take effect on the same dates as appropriate collective bargaining agreements. Any such adjustments which constitute cost items shall be subject to appropriations by the appropriate legislative bodies. Such cost items shall be submitted separately from any cost items under collective bargaining to the appropriate legislative bodies, except that if appropriation by the State Legislature is required, and it is not in session at the time, such cost items shall be submitted for inclusion in the governor's next operating budget. The State Legislature or the legislative bodies of the counties acting in concert, as the case may be, may approve or reject the cost items submitted to them, as a whole. If the State Legislature or the legislative body of any county rejects any of the cost items submitted to them, all cost items shall be returned for revision.

(b) Any other adjustments made under this chapter which constitute cost items or which were specifically provided for by legislative enactment shall be subject to approval or rejection as a whole by the appropriate legislative body. Such adjustments for officers and employees covered under chapter 77 shall be subject to the approval or rejection as a whole by all appropriate legislative bodies acting in concert. Sec. -7 Severability. If any provision of this chapter, or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable."

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 393-2, Hawaii Revised Statutes, is amended to read:

“**Sec. 393-2 Findings and purpose.** The cost of medical care in case of sudden need may consume all or an excessive part of a person’s resources. Prepaid health care plans offer a certain measure of protection against such emergencies. It is the purpose of this chapter in view of the spiraling cost of comprehensive medical care to provide this type of protection for the employees

in this State. Although a large segment of the labor force in the State already enjoys coverage of this type either by virtue of collective bargaining agreements, employer-sponsored plans, or individual initiative, there is a need to extend that protection to workers who at present do not possess any or possess only inadequate prepayment coverage.

This chapter shall not be construed to diminish any protection already provided pursuant to collective bargaining agreements or employer-sponsored plans that is more favorable to the employees benefited thereby than the protection provided by this chapter or at least equivalent thereto, provided that presently existing collective bargaining agreements shall not be affected by the provisions of this section."

SECTION 2. Section 393-19, Hawaii Revised Statutes, is amended to read:

"Sec. 393-19 Freedom of Collective Bargaining. (a) In addition to the policy stated in section 393-2, nothing in this chapter shall be construed to limit the freedom of employees to bargain collectively for different prepaid health care coverage, if the protection provided by the negotiated plan is more favorable to the employees benefited than the protection provided by this chapter or at least equivalent thereto, or for a different allocation of costs thereof. A collective bargaining agreement may provide that the employer himself undertakes to provide the health care specified in the agreement.

(b) If the employees rendering particular types of services are not covered by the health care provisions of the applicable collective bargaining agreements to which their employer is a party, the provisions of this chapter shall be applicable with respect to them. An employer or group of employers shall be deemed to have complied with the provisions of this chapter if they undertake to provide health care services pursuant to a collective bargaining agreement and the services are available to all other employees not covered by such agreement."

SECTION 3. If any provision of this Act, or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are severable.

- (3) Upon furnishing satisfactory proof to the director of his or its solvency and financial ability to pay the temporary disability benefits herein provided, no insurance or security or surety bond shall be required, and the employer shall make payments directly to his employees, as they may become entitled to receive the same under the terms and conditions of this chapter; or
- (4) By a plan, entitling employees to cash benefits or wages during a period of disability, in existence on the effective date of this chapter.
 - (A) If the employees of an employer or any class or classes of such employees are entitled to receive disability benefits under a plan or agreement which remains in effect on January 1, 1970, the employer, subject to the requirements of this section, shall be relieved of responsibility for making provision for benefit payments required under this chapter until the earliest date, determined by the director for the purposes of this chapter, upon which the employer has the right to discontinue the plan or agreement or to discontinue his contributions toward the cost of the temporary disability benefits. Any plan or agreement referred to in this subparagraph may be extended, with or without modification; provided the benefits under the plan or agreement, as extended or modified, are found by the director to be at least as favorable as the disability benefits required by this chapter; or

- (5) By a new plan or agreement. On or after January 1, 1970 a new plan or agreement with an insurer may be accepted by the director as satisfying the obligation to provide for the payment of benefits under this chapter if the plan or agreement provides benefits at least as favorable as the disability benefits required by this chapter and does not require contributions of any employee or of any class or classes of employees in excess of the amount authorized in section 392-43, except by agreement and provided the contribution is reasonably related to the value of the benefits as determined by the director. Any such plan or agreement shall continue until written notice is filed with the director of intention to terminate the plan or agreement, and any modification of the plan or agreement shall be subject to the written approval of the director."

Any police officer may confiscate any such electronic, mechanical, or other device in violation of this section, and upon conviction the devices shall be destroyed or otherwise disposed of as ordered by the court.

Sec. 803-44 Application for court order to intercept wire communications.

The attorney general of this State, or a designated deputy attorney general in the attorney general's absence or incapacity, or the prosecuting attorney of each county, or a designated deputy prosecuting attorney in the prosecuting attorney's absence or incapacity, may make application to a circuit court judge, designated by the chief justice of the Hawaii supreme court, in the county where the interception is to take place, for an order authorizing or approving the interception of wire communications, and such court may grant in conformity with section 803-46 an order authorizing, or approving the interception of wire communications by investigative or law enforcement officers having responsibility for the investigation of the offense as to which the application is made, when such interception may provide or has provided evidence of murder, kidnapping, or felony criminal property damage involving the danger of serious bodily injury as defined in H.R.S. Section 707-700(3), or involving organized crime and any of the following felony offenses: extortion; criminal coercion; bribery of a juror, of a witness, or of a police officer; receiving stolen property; gambling; and sales of dangerous, harmful or detrimental drugs.

Section 803-45 Authorization for disclosure and use of intercepted wire communications.

(1) Any investigative or law enforcement officer who, by any means authorized by this part, has obtained knowledge of the contents of any wire or oral communication, or evidence derived therefrom, may disclose such contents to another investigative or law enforcement officer to the extent that such disclosure is appropriate to the proper performance of the official duties of the officer making or receiving the disclosure.

(2) Any investigative or law enforcement officer, who by any means authorized by this part, has obtained knowledge of the contents of any wire or oral communication or evidence derived therefrom may use such contents to the extent such use is appropriate to the proper performance of his official duties.

(3) Any person who has received, by any means authorized by this part, any information concerning a wire or oral communication, or evidence derived therefrom intercepted in accordance with the provisions of this part may disclose the contents of that communication or such derivative evidence while giving testimony under oath or affirmation in any proceeding in any court or before the grand jury in this State.

(4) No otherwise privileged wire or oral communication intercepted in accordance with, or in violation of, the provisions of this part shall lose its privileged character.

(5) When an investigative or law enforcement officer, while engaged in intercepting wire or oral communications in the manner authorized, intercepts

communications relating to offenses other than those specified in the order of authorization or approval, the contents thereof, and evidence derived therefrom, may be disclosed or used as provided in subsections (1) and (2) of this section. Such contents and any evidence derived therefrom may be used under subsection (3) of this section when authorized or approved by the designated circuit court where such court finds on subsequent application, made as soon as practicable, that the contents were otherwise intercepted in accordance with the provisions of this part.

(6) No testimony or evidence relating to a wire or oral communication or any evidence derived therefrom intercepted in accordance with the provisions of this part shall be admissible in support of any misdemeanor charge.

Sec. 803-46 Procedure for interception of wire communication. (1) Each application for an order authorizing or approving the interception of a wire communication shall be made in writing upon oath or affirmation to a designated circuit court and shall state the applicant's authority to make such application. Each application shall include the following information:

- (a) The identity of the investigative or law enforcement officer(s) requesting the application, the official(s) applying for a wiretap order;
- (b) A full and complete statement of the facts and circumstances relied upon by the applicant, to justify his belief that an order should be issued, including (i) details as to the particular offense that has been, is being, or is about to be committed, (ii) a particular description of the nature and location of the facilities from which or the place where the communication is to be intercepted, (iii) a particular description of the type of communications sought to be intercepted, (iv) the identity or description of all persons, if known, committing the offense and whose communications are to be intercepted, and where appropriate (v) the involvement of organized crime;
- (c) A full and complete statement of the facts concerning how the interception is to be accomplished, and if physical entry upon private premises is necessary, facts supporting such necessity;
- (d) A full and complete statement of facts as to whether or not other investigative procedures have been tried and failed or why they reasonably appear to be unlikely to succeed if tried or to be too dangerous;
- (e) A statement of facts indicating the period of time for which the interception is required to be maintained. If the nature of the investigation is such that the authorization for interception should not automatically terminate when the described type of communication has been obtained, a particular description of facts establishing probable cause to believe that additional communications of the same type will occur thereafter;
- (f) A full and complete statement of the facts concerning all previous applications known to the individual authorizing and making the application, made to any court for authorization to intercept, or for approval of interceptions of, wire communications involving any of the

same persons, facilities or places specified in the application, and the action taken by the court on each such application; and

- (g) Where the application is for the extension of an order, a statement setting forth the results thus far obtained from the interception, or a reasonable explanation of the failure to obtain such results.

(2) An *in camera* adversary hearing shall be held on any wiretap application or application for extension. Upon receipt of the application the designated judge shall appoint an attorney to oppose the application. The attorney shall be appointed and compensated in the same manner as attorneys are appointed to represent indigent criminal defendants. The appointed attorney shall be given at least twenty-four hours notice of the hearing and shall be served with copies of the application, proposed order, if any, and supporting documents with the notice. At the hearing, the attorney appointed may cross-examine witnesses and present arguments in opposition to the application. The affiant supporting the application shall be present at the hearing. If an interlocutory appeal is taken by the State from the denial of an application, the appointed attorney shall be retained to answer the appeal or another attorney shall be appointed for the appeal. The designated circuit court may require the applicant to furnish additional testimony or documentary evidence under oath or affirmation in support of the application. A transcript of the hearing shall be made and kept with application and orders.

(3) Upon such application and after such adversary hearing, the court may enter an order, as requested or as modified, authorizing or approving interception of wire communications within the county in which the court is sitting, if the court determines on the basis of the facts submitted by the applicant that:

- (a) There is probable cause for belief that an individual is committing, has committed, or is about to commit murder, kidnapping, or felony criminal property damage involving the danger of serious bodily injury or that an individual is committing, has committed, or is about to commit one of the other offenses specified in section 803-44 and that organized crime is involved;
- (b) There is probable cause for belief that particular communications concerning that offense will be obtained through such interception;
- (c) Normal investigative procedures have been tried and have failed or reasonably appear to be unlikely to succeed if tried or to be too dangerous; and
- (d) There is probable cause for belief that the facilities from which, or the place where, the wire communications are to be intercepted are being used, or are about to be used, in connection with the commission of such offense, or are leased to, listed in the name of, or commonly used by such person.

If the order allows physical entry to accomplish the interception, the issuing judge shall find that the interception could not be accomplished by means other than physical entry.

(4) Each order authorizing or approving the interception, of any wire communication shall specify:

- (a) The identity or description of all persons, if known, whose com-

munications are to be intercepted;

- (b) The nature and location of the communications facilities as to which, or the place where, authority to intercept is granted, and the means by which such interceptions shall be made;
- (c) A particular description of the type of communication sought to be intercepted, and a statement of the particular offense to which it relates;
- (d) The identity of the agency authorized to intercept the communications and the persons applying for the application;
- (e) The period of time during which such interception is authorized, including a statement as to whether or not the interception shall automatically terminate when the described communication has been first obtained; and
- (f) How the interception is to be accomplished.

An order authorizing the interception of a wire communication shall, upon request of the applicant, direct that a communication common carrier, landlord, custodian, or other person shall furnish the applicant forthwith all information, facilities, and technical assistance necessary to accomplish the interception unobtrusively and with a minimum of interference with the services that such carrier, landlord, custodian, or person is according the person whose communications are to be intercepted. Any communication common carrier, landlord, custodian, or other person furnishing such facilities or technical assistance shall be compensated therefor by the applicant at the prevailing rates.

(5) No order entered under this section shall authorize or approve the interception of any wire communication for any period longer than is necessary to achieve the objective of the authorization, nor in any event longer than thirty days. Extensions of an order may be granted, but only upon application for an extension made in accordance with subsections (1) and (2) of this section and the court making the findings required by subsection (3) of this section. The period of extension shall be no longer than the authorizing circuit court deems necessary to achieve the purposes for which it was granted and in no event for longer than fifteen days. Every order and extension thereof shall contain a provision that the authorization to intercept shall be executed as soon as practicable, shall be conducted in such a way as to minimize the interception of communications not otherwise subject to interception under this part, and shall terminate upon attainment of the authorized objective, or in any event in thirty days or in fifteen days in case of an extension.

- (a) The interception shall be conducted in such a way as to minimize the resulting invasion of privacy including but not limited to the following methods of minimization:
 - (i) Conversations that appear unlikely to result in incriminating conversations relating to the offense for which the order is issued shall be subject to intermittent monitoring; and
 - (ii) Privileged conversations, including those between a person and his spouse, attorney, physician, or clergyman, shall not be intercepted unless both parties to the conversation are named or described in the wiretap application and order.

- (b) In determining whether incriminating statements are likely to occur during a conversation the following factors should be considered:
- (i) The parties to the conversation;
 - (ii) The particular offense being investigated;
 - (iii) The subject matter of the conversation;
 - (iv) The subject matter of previous conversations between the same parties and whether any incriminating statements occurred; and
 - (v) The hour and day of the conversation.
- (6) Whenever an order authorizing interception is entered pursuant to this part, the order shall require reports to be made to the court which issued the order showing what progress has been made toward achievement of the authorized objective and the need for continued interception. Such reports shall be made at such intervals as the court may require.
- (7) (a) The contents of any wire communication intercepted by any means authorized by this part shall, if possible, be recorded on tape or wire or other comparable device. The recording of the contents of any wire communication under this subsection shall be done in such way as will protect the recording from editing or other alterations. Immediately upon the expiration of the period of the order, or extensions thereof, such recordings shall be made available to the court issuing such order and sealed under the court's directions. Custody of the recordings shall be wherever the court orders. Recordings and other evidence of the contents of conversations and applications and orders shall be destroyed upon the expiration of the statute of limitations of the particular offense for which the order was issued: six years in the case of class A felonies and three years in the case of class B and C felonies. However, upon the request of all the parties to particular conversations, evidence of conversations between those parties shall be destroyed (i) if there are no incriminating statements; (ii) if any incriminating statements relate to only misdemeanor offenses; or (iii) if the interception of the conversations is determined to have been illegal. Duplicate recordings may be made for use or disclosure pursuant to the provisions of sections 803-45(1) and (2) for investigations. The presence of the seal provided for by this subsection, or a satisfactory explanation for the absence thereof, shall be a prerequisite for the use or disclosure of the contents of any wire communication or evidence derived therefrom under section 803-45(3).
- (b) Applications made and order granted under this part, transcripts of hearings on applications, and evidence obtained through court-ordered wiretaps shall be sealed by the designated circuit court. Custody of the above shall be whenever the court directs.
- (c) Any violation of the provisions of this subsection may be punished as contempt of the issuing or denying court.
- (d) Within a reasonable time but no later than ninety days after the termination of the period of an order or extensions thereof, the issuing court shall cause to be served, on the persons named in the order, on all other known parties to intercepted communications, and to such other

persons as the court may determine is in the interest of justice, an inventory which shall include notice of:

- (i) The fact of the entry of the order;
- (ii) The date of the entry and the period of authorized, or approved interception;
- (iii) The fact whether during the period wire communications were intercepted; and
- (iv) The fact whether any incriminating statements were intercepted.

The designated circuit court, upon the filing of a motion, shall make available to such person or his counsel for inspection after the inventory has been served all portions of the intercepted communications which contain conversations of that person, applications, orders, transcripts of hearings, and other evidence obtained as a result of the use of wiretap orders. The court may order such additional disclosure as the court determines to be in the interest of justice. On an ex parte showing of good cause to a court the serving of the inventory required by this subsection may be postponed.

(8) The contents of any intercepted wire communication or evidence derived therefrom shall not be received in evidence or otherwise disclosed in any trial, hearing, or other proceeding in any court of this State unless each party, not less than thirty days before the trial, hearing or proceeding, has been furnished with copies of the documents required to be disclosed, and contents of intercepted communications or other evidence obtained as a result of wiretapping which is sought to be admitted in evidence. This thirty-day period may be shortened or waived by the court if it finds that the party will not be prejudiced by the delay in receiving such information.

(9) (a) Any aggrieved person in any trial, hearing, or proceeding in or before any court, department, officer, agency, regulatory body, or other authority of this State, or a political subdivision thereof, may move to suppress the contents of any intercepted wire communication, or evidence derived therefrom, on the grounds that:

- (i) The communication was unlawfully intercepted;
- (ii) The order of authorization or approval under which it was intercepted is insufficient on its face; or
- (iii) The interception was not made in conformity with the order of authorization or approval.

Such motion shall be made before the trial, hearing, or proceedings unless there was no opportunity to make such motion or the person was not aware of the grounds of the motion. If the motion is granted, the contents of the intercepted wire communication, or evidence derived therefrom, shall be treated as having been obtained in violation of this part. The court, or other official before whom the motion is made, upon the filing of such motion by the aggrieved person, shall make available to the aggrieved person or his counsel for inspection portions of the recording which contain intercepted communications of the defendant or evidence derived therefrom, the applications, orders, transcript of

hearing, and such additional evidence as the court determines to be in the interest of justice.

- (b) In addition to any other right to appeal the State shall have the right to appeal:
 - (i) From an order granting a motion to suppress made under paragraph (a) of this subsection if the attorney general or prosecuting attorney, or their designated representatives, shall certify to the court or other official granting such motion that the appeal shall be taken within thirty days after the date the order of suppression was entered and shall be diligently prosecuted as in the case of other interlocutory appeals or under such rules as the supreme court may adopt;
 - (ii) From an order denying an application for an order of authorization or approval, and such an appeal shall be *in camera* and in preference to all other pending appeals in accordance with rules promulgated by the supreme court.

Sec. 803-47 Reports concerning intercepted wire communications. (1) In January of each year, the attorney general and county prosecuting attorneys of this State shall report to the administrative director of the courts of this State and to the administrative office of the United States Courts:

Any person whose wire or oral communication is intercepted, disclosed, or used in violation of this part shall (1) have a civil cause of action against any person who intercepts, discloses, or uses, or procures any other person to intercept, disclose, or use such communications, and (2) be entitled to recover from any such person:

ACT 220

H.B. NO. 2242-78

A Bill for an Act Relating to Liability for Theft by Shoplifting.
Be It Enacted by the Legislature of the State of Hawaii:

*Edited accordingly.

SECTION 1. Section 571-48, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 571-48 Decree, if informal adjustment or diversion to a private or community agency or program has not been effected. When a minor is found by the court to come within section 571-11, the court shall so decree and in its decree shall make a finding of the facts upon which the court exercises its jurisdiction over the minor. Upon such decree the court shall, by order duly entered, proceed as follows:

- (1) As to a child adjudicated under section 571-11(1);
 - (A) The court may place the child on probation in his own home or in the custody of a suitable person elsewhere, upon conditions determined by the court.
 - (B) The court may vest legal custody of the child, after prior consultation with the agency or institution, in the Hawaii youth correctional facility, in a local public agency or institution or in any private institution or agency authorized by the court to care for children; or place him in a private home. If legal custody of the child is vested in a private agency or institution in another state, the court shall select one that is approved by the family or juvenile court of the other state or by that state’s department of social services or other equivalent department.
 - (C) The court may fine the child for a violation which would be theft in the third degree by shoplifting if committed by an adult. The court may require the child to perform public services in lieu of the fine.
- (2) As to a child adjudicated under section 571-11(2):
 - (A) The court may place the child under protective supervision, as hereinabove defined, in his own home, or in the custody of a suitable person or agency elsewhere, upon conditions determined by the court.
 - (B) The court may vest legal custody of the child, after prior consultation with the agency or institution in a local governmental agency or institution licensed or approved by the state to care for children, with the exception of an institution primarily for the care and treatment of children committed under section 571-11(1) or in any private agency or institution authorized by the court to care for children. If legal custody of the child is vested in a private agency or institution in another state, the court shall select one that is approved by the family or juvenile court of the other state or by the state’s department of social services or other† that the child may not be committed to a public or private institution operated solely for the treatment of law violators.
- (3) An order vesting legal custody in an individual, agency, or institution under section 571-11(2) shall be for an indeterminate period but shall

†It appears that some words are missing at this point. The section prior to amendment by this Act contained the words “equivalent department; provided, however,”.

not remain in force or effect beyond three years from the date entered, except that the individual, institution, or agency may file with the court a petition for renewal of the order and the court may renew the order if it finds such renewal necessary to safeguard the welfare of the child or the public interest. The court may, after notice to the parties, conduct a hearing on the petition. Renewal may be periodic during minority, but no order shall have any force or effect beyond the period authorized by section 571-13. An agency granted legal custody shall be subject to prior approval of the court in any case in which the child is to reside without the territorial jurisdiction of the court and may be subject to prior approval in other cases. The association shall maintain liability insurance coverage which protects the State against liability arising out of or caused by any acts or omissions of an association pilot. The amount of

insurance coverage shall be specified by the commission.

Sec. -16 Accounts of pilotage fees; payments to the board. Once in every quarter, the pilot association shall render to the board an accurate account of all vessels subject to this chapter, piloted by its individual members and all moneys received by the pilots as fees for pilotage of such vessels. The board may impose on the pilots a charge not to exceed one-half per cent of such pilotage fees for the operation of the board.

Sec. -17 Description of pilotage waters. Pilotage waters as established under this chapter shall be the waters of the State described as follows:

- (1) Port Allen: All waters inside a line drawn from Puolu Point to Weli Point.
- (2) Nawiliwili: All waters inside a line drawn from Ninini Point to Kawaii Point.
- (3) Honolulu: All waters inside a line drawn from Diamond Head Light, 278° true, to the intersection of a line drawn from Ahua Point, 180° true.
- (4) Kahului: All waters inside a line drawn from Waiehu Point to Waihee Reef Lighted Buoy 2 in Latitude 20°55.9' North and Longitude 156°28.5' West and thence to Papaula Point.
- (5) Hilo: All waters inside a line drawn from the outer extremity of the Hilo Bay breakwater to Paukaa Point Light.
- (6) Kawaihae: All waters inside a line drawn from the outer extremity of the Kawaihae Harbor breakwater due West to Longitude 155°51' West, thence due North to Latitude 20°03' North and thence due East to where it intersects with the shoreline.

Sec. -18 Vessels required to take a pilot. Every vessel involved in trade or commerce, other than an exempt vessel, entering or departing from any port in or traversing the waters of the State designated as pilotage waters shall employ a pilot licensed under this chapter.

Sec. -19 Exempt vessels. This chapter does not apply to:

- (1) Any vessel licensed or enrolled under the laws of the United States of America, engaged in trade between ports of the United States of America;
- (2) Public vessels of the United States of America; or
- (3) Motorboats as defined in section I of the Federal Motorboat Act of 1940.

If any such exempt vessel employs a pilot, such pilot shall be entitled to receive, as compensation for his services, pilotage fees in the amount prescribed by the rules of the board.

This section provides minimum pilotage requirements, and is not intended to negate the department of transportation's responsibility for the safety of all ports and shore waters in the State, nor does it limit the department's right to require additional pilotage should that department determine it is necessary to ensure safety in the ports or shore waters of the State.

Sec. -20 Hearings; appeal. (a) Before any applicant may be denied a

license, and before any pilot shall have his license suspended or revoked by the board, the applicant or pilot shall be given a hearing pursuant to chapter 91.

(b) An applicant who has been denied a license, and a pilot whose license has been suspended or revoked may appeal the board's decision to a circuit court as provided in chapter 91."

SECTION 3. Section 266-2, Hawaii Revised Statutes, is amended to read:

SECTION 3. This Act shall take effect upon its approval.

(Approved June 17, 1978.)

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The visitor industry is the foundation of our economy. It is larger than military spending, sugar, and pineapple combined. There are 65,000 to 70,000 people directly or indirectly employed by the visitor industry. The industry is generally accepted as the greatest hope for providing new jobs.

If there is no growth in the visitor industry, it is estimated that unemployment would jump to 19 per cent before settling at around 13 per cent. It would take a 7 per cent growth rate to provide jobs needed by our population and to keep unemployment at less than 6 per cent. During the last 5 years, the industry has averaged 8.8 per cent with a high of 12.7 per cent and a low of 1.5 per cent growth.

However, future growth is not guaranteed. Tourism is a fragile industry. It can be shattered overnight and the pieces may not be put back together again. The industry is subject to economic changes, whims of the travel industry and travelers, appeals of competing visitor markets, degrees of visitor satisfaction, maintenance of the Aloha spirit, resident and employee attitudes, and the availability of energy.

It is therefore important that means are provided that will insure the maximum visitor satisfaction. The purpose of this Act is to achieve this desired result by adding a new chapter to the Hawaii Revised Statutes consisting of existing statutory provisions relating to the rights and liabilities of keepers of hotels and guests thereof and a new provision relating to hotel guests extending their stay beyond scheduled departures.

SECTION 2. Sections 507-6 to 507-12, Hawaii Revised Statutes, are repealed.

SECTION 3. The Hawaii Revised Statutes is amended by adding a new chapter to be appropriately designated and to read as follows:

“CHAPTER HOTELS

Sec. -1 Definitions. As used in this chapter, the following terms shall have the following meanings:

- (1) “Guest” means a person who is registered at the hotel and to whom a bedroom is assigned. The term “guest” shall include not only the guest, but the members of the guest’s family who accompany the guest.
- (2) “Hotel” applies to any and all buildings or structures used by the keeper thereof for the accommodation of guests therein.
- (3) “Keeper” includes any person, firm, or corporation actually operating a hotel.
- (4) “Valuables” includes money, bank notes, bonds, precious stones, jewelry, ornaments, watches, securities, transportation tickets, photographic cameras, checks, drafts, and other negotiable instruments, business papers, documents, and other papers, and other articles of value.

Sec. -2 Hotelkeepers lien on baggage, etc., of guests; summary ejection of delinquents. All hotelkeepers shall have a lien on all baggage and other property in the possession of the hotel belonging to guests at the hotel, for the amount of their proper charges against guests for the hire of rooms or board or other services or accommodation in the hotel, and shall have the right, without the process of law, to retain the same until the amount of indebtedness is discharged. All parties indebted for rooms or board in the hotel may be summarily ejected by the keeper thereof from the premises upon the keeper giving to the parties so indebted a written notice of the amount of indebtedness and his demand for the same, unless the parties shall have entered into an agreement with the keeper for a mode and manner of payment for room or board other than that announced by notice in the hotel, the right of summary ejection to be without prejudice to the lien on the guest's baggage or other property.

Sec. -3 Sale of detained baggage; notice; disposition of proceeds. All baggage and property so held by the keeper of the hotel shall, after the expiration of three months from the date of the detention, be sold at public auction, after notice thereof published three times in a newspaper of general circulation in the county where the hotel is kept. The proceeds thereof shall be applied to the payment of the amount due and the expenses of the notice and sale. The balance, if any remaining, shall be paid over to the owner of the property or his representative. If the balance is not claimed by the owner within sixty days after sale, then the balance shall be paid over to the director of finance of the State and shall be kept by him in a special deposit for payment to the owner and shall be disposed of as provided in chapter 523.

Sec. -4 Safe for valuables; limitation of liability for deposited valuables. Whenever the keeper of any hotel provides a safe or vault in the office thereof, for the safekeeping of any money, jewels, bank notes, precious stones, transportation tickets, negotiable or valuable papers, or ornaments belonging to the guests of the hotel, and posts a notice stating the fact that a safe or vault is provided in which valuables may be deposited, in the room or rooms occupied by the guests in a conspicuous position, if any guest neglects to deliver valuables to the person in charge of the safe, the keeper of the hotel shall not be liable in any sum for any loss of valuables sustained by the guest by theft or otherwise. If the guest delivers valuables to the person in charge of the office for deposit in the safe, the keeper shall not be liable for any loss thereof sustained by the guest, by theft or otherwise, in any sum exceeding \$500; provided that the keeper's liability is limited to \$500 only if he gives a receipt for the valuables on a form which states, in type large enough to be clearly noticeable, that the keeper is not liable for any loss exceeding \$500 except by special agreement in writing in which the keeper agrees to accept liability for losses in excess of \$500. The keeper may accept liability for losses in excess of \$500 by special agreement in writing between a guest and the keeper or his duly authorized representative.

Sec. -5 Hotelkeeper's liability for personal property. No keeper of any hotel shall be liable in any sum to any guest of the hotel for the loss of wearing apparel, goods, merchandise, or other personal property not mentioned in section -4, unless it appears that the loss occurred through the fault or negligence

of the keeper. Nor shall any keeper be liable in any event in any sum for the loss of any article or articles of wearing apparel, cane, umbrella, satchel, valise, bag, box, bundle, or other chattel belonging to any guest of, or in, any hotel, and not within a room or rooms assigned to him, unless the same is specially intrusted to the care and custody of the keeper or his duly authorized agent, and if so specially intrusted with any such article belonging to the guest, the keeper shall not be liable for the loss of the same in any sum exceeding \$500 except that his liability may be in excess of \$500 by special agreement in writing with the keeper or his duly authorized representative.

Sec. -6 Hotelkeeper's responsibility in case of fire, etc. The keeper of any hotel shall only be liable to any guest of the hotel, for ordinary and reasonable care in the custody of money, jewels, bank notes, precious stones, transportation tickets, negotiable or valuable papers, ornaments, baggage, wearing apparel, or other chattels or property belonging to any guest, whether specially intrusted to the keeper or his agent, or deposited in the safe of the hotel, for any loss occasioned by fire or by any other cause or force, over which the proprietor had no control.

Sec. -7 Posting copy of law; damages recoverable by guests. The keeper of every hotel shall post in a conspicuous place in the office or public room and in every bedroom of the hotel a printed copy of sections -1 to -8 and a statement of charge or rate of charges by the day for lodging. No charge or sum shall be collected or received by any keeper for any service not actually rendered, or for any item not actually delivered or contracted for, or for any greater or other sum than he is entitled to by the general rules and regulations of the hotel. For any intentional violation of this or any provision herein contained, the offender shall forfeit to the injured party three times the amount of the sum charged in excess of what he is entitled to.

Sec. -8 Extension of stay provision. Any guest who intentionally continues to occupy an assigned bedroom beyond the scheduled departure without the prior written approval of the keeper, shall be deemed a trespasser.

Sec. -9 Valuation of property. Whenever the value of property is to be determined under sections -4 and -5, the following shall apply:

- (1) Value means the market value of the property.
- (2) Whether or not they have been issued or delivered, certain written instruments, not including those having a readily ascertained market value, shall be evaluated as follows:
 - (a) The value of an instrument constituting an evidence of debt, such as a check, traveler's check, draft, or promissory note, shall be deemed the amount due or collectible thereon or thereby, that figure ordinarily being the face amount of the indebtedness less any portion thereof which has been satisfied;
 - (b) The value of any other instrument that creates, releases, discharges, or otherwise affects any valuable legal right, privilege, or obligation shall be deemed the greatest amount of economic loss which the owner of the instrument might reasonably suffer by vir-

tue of the loss of the instrument.

- (3) When property has value but that value cannot be ascertained pursuant to the standards set forth above, the value shall be deemed to be an amount not exceeding \$50.

Sec. -10 Registration required. Every keeper covered by this chapter shall keep and maintain or cause to be maintained a register in which shall be inscribed the name of each and every guest renting or occupying a bedroom or apartment in such hotel. Such register shall be preserved for a period of not less than 6 months from the date of departure.

SECTION 4. Statutory material to be repealed is bracketed. In printing this Act, the revisor of statutes need not include the brackets or the bracketed material.*

SECTION 5. This Act shall take effect upon its approval.

S.B. NO. 2567-78

A Bill for an Act Relating to Employment Security.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 383-66, Hawaii Revised Statutes, is amended to read:

"Sec. 383-66 Contribution rates, how determined. The department of labor and industrial relations shall for the nine-month period April 1, 1941, to December 31, 1941 and for each calendar year thereafter, except as otherwise provided in this part, classify employers in accordance with their actual experience in the payment of contributions and with respect to benefits charged against their accounts with a view to fixing such contribution rates as will reflect such experience. The department shall determine the contribution rate of each employer in accordance with the following requirements:

- (1) The standard rate of contributions payable by each employer shall be three per cent.
- (2) No employer's rate for the calendar year 1942 and for any calendar year thereafter, shall be other than the maximum rate unless and until his account has been chargeable with benefits throughout the thirty-six consecutive calendar month period ending on December 31 of the preceding calendar year, except that, for the calendar year 1956 and for each calendar year thereafter, an employer who has not been subject to the law for a sufficient period to meet this requirement may qualify for a rate other than the maximum rate if his account has been chargeable throughout a lesser period but in no event less than the twelve con-

secutive calendar month period ending on December 31 of the preceding calendar year.

- (3) No employer's rate for the calendar year 1965 and for any calendar year thereafter, or remaining calendar quarter thereof, as the case may be, through December 31, 1976 shall be less than the standard rate unless the total assets of the fund as of the end of the previous calendar year or calendar quarter were at least \$15,000,000; provided that each employer's rate for any year or any portion thereof, as determined by other applicable provisions of this part shall be increased by one-half per cent, if the total assets of the fund as of the end of the previous calendar year or calendar quarter were at least \$15,000,000 but less than \$20,000,000, but in no event shall an employer's rate exceed the standard rate. Any amount credited to this State under section 903 of the Social Security Act, as amended, which has been appropriated for expenses of administration whether or not withdrawn from the trust fund shall be excluded from the fund for the purposes of this paragraph. Any advance that may be made to this State under section 1201 of the Social Security Act, whether or not withdrawn from this trust fund, shall be excluded from the fund for the purposes of this paragraph. No employer's rate shall be reduced in any amount which is not allowable as an additional credit, against the tax levied by the federal Unemployment Tax Act pursuant to section 3302(b) of the Federal Internal Revenue Code or pursuant to any other federal statute, successor to section 3302(b), which provides for the additional credit now provided for in section 3302(b).
- (4) If, when any such classification of employers is to be made (which may be after the commencement of the period for which the classification is to be made), the department finds that any employer has failed to file any report required in connection therewith or has filed a report which the department finds incorrect or insufficient, the department shall notify the employer thereof by registered mail addressed to his last known address. Unless the employer files the report or a corrected or sufficient report, as the case may be, within fifteen days after the mailing of the notice, the maximum rate of contributions shall be payable by such employer for the period for which the contribution rate is to be fixed.
- (5) For the purpose of sections 383-63 to 383-69, if on or after January 1, 1940, any employing unit in any manner succeeds to or acquires the organization, trade, or business, or substantially all the assets thereof (whether or not the successor or acquiring unit was an "employing unit", as that term is defined in section 383-1(8) prior to the acquisition), of another which at the time of such acquisition was an employer subject to this chapter, and such predecessor employer has executed and filed with the department on a form approved by the department a waiver relinquishing all rights to his prior experience record with respect to his separate account, actual contribution payment, and benefit chargeability experience, annual payrolls and other data for the

purpose of obtaining a reduced rate, and requesting the department to permit such experience record to inure to the benefit of the successor employing unit upon request of the successor employing unit, the experience record for rate computation purposes of the predecessor shall thereupon be deemed the experience record of the successor and the experience record shall be transferred by the department to the successor employing unit and shall become the separate account of the employing unit as of the date of the acquisition and benefits thereafter chargeable to the employer on account of employment prior to the date of the acquisition shall be charged to such separate account. The successor employing unit, unless already an employer subject to this chapter, shall be subject from the date of acquisition to the rate of contribution of the predecessor or of two or more predecessors if they have the same contribution rate, provided the waiver or waivers required herein are filed with the department before sixty days after the date of acquisition. In case there are two or more predecessors having different contribution rates, the successor shall be subject to a contribution rate of three per cent until the next determination of rates under sections 383-63 to 383-69, at which time the experience records of the predecessors and successor shall be combined and shall be deemed to be the experience record of a single employing unit and the successor's rate shall thereupon be determined upon the basis of such combined experience. If the successor at the time of the transfer is an employer subject to this chapter, the rate of contribution to which he is then subject shall remain the same until the next determination of rates under sections 383-63 to 383-69, at which time the experience records of the predecessor and successor shall be combined and shall be deemed to be the experience record of a single employing unit and the successor's rate shall thereupon be determined upon the basis of such combined experience. For the purpose of determination of rates under sections 383-63 to 383-69 of all successor employing units, waivers as required herein, if not previously filed as hereinabove provided, shall be filed with the department not later than March 1 of the year for which the rate is determined; provided, that no such waiver shall be accepted by the department for filing unless the employing unit executing the waiver has filed all reports and paid all contributions required of it by this chapter.

- (6) The department may prescribe regulations for the establishment, maintenance, and dissolution of joint accounts by two or more employers, and shall, in accordance with such regulations and upon application by two or more employers to establish such an account, or to merge their several individual accounts in a joint account, maintain such joint account as if it constituted a single employer's account. The regulations shall be consistent with the federal requirements for additional credit allowance in section 3303 of the federal Internal Revenue Code and consistent with this chapter.
- (7) Whenever there is an amendment to this chapter which, if immediately

effective, would change an employer's rate of contributions, the rate of the employer shall be changed in accordance with the amendment and the new rate shall apply for the remainder of the calendar year beginning with the calendar quarter immediately following the effective date of the amendment providing for such change unless otherwise provided by the amendment.

- (8) For the purposes of this section "contribution rate" shall mean the basic contribution rate as defined in section 383-68 when applied to calendar year 1978 or any calendar year thereafter."

SECTION 2. Section 383-68, Hawaii Revised Statutes, is amended to read:

"Sec. 383-68 Contribution rate schedules; fund solvency rate schedule; rates based on experience. (a) Before December 31 of each year through calendar year 1975 the contribution rate schedule applicable for the following calendar year shall be determined on the basis of the relationship between the most recent current reserve fund and the most recent adequate reserve fund, in accordance with the provisions of this subsection and subsection (b) of this section. If the current reserve fund is less than the adequate reserve fund, contribution rate schedule I in subsection (b) of this section shall apply; if the current reserve fund equals or exceeds the adequate reserve fund but is less than 1.5 times the adequate reserve fund, contribution rate schedule II in subsection (b) of this section shall apply; and if the current reserve fund equals or exceeds 1.5 times the adequate reserve fund, contribution rate schedule III in subsection (b) of this section shall apply. If, however, the total assets of the fund available for the payment of benefits at the end of a calendar year or calendar quarter are \$15,000,000 or more but less than \$20,000,000, the applicable contribution rate schedule for the following calendar year or remaining calendar quarters in the calendar year, as the case may be, shall be contribution rate schedule I, and if the assets are less than \$15,000,000 at the end of a calendar year, or calendar quarter, this subsection and subsection (b) of this section shall not apply during the following calendar year or remaining calendar quarters in the calendar year, as the case may be.

(b) Subject to the requirements of sections 383-63 to 383-67 and 383-69, an employer's contribution rate for any calendar year through December 31, 1976 shall be that rate which appears on the same line as his reserve ratio for the year in the contribution rate schedule applicable for the year as specified in subsection (a) of this section.

ACT 241

H.B. NO. 3049-78

A Bill for an Act Relating to the State Fire Marshal.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. **Findings and purpose.** The Legislature finds that existing State laws and county ordinances have led to different and inconsistent fire protection standards imposed by the State Fire Marshal and the county governments, that existing State laws and county ordinances divide the accountability of the county fire chiefs by subjecting them to the supervision of both the State Fire Marshal and the mayors and county councils, and that the public would be better served if all responsibilities related to the establishment and enforcement of fire protection standards were focused at the county, rather than at the State and county level.

The purpose of this Act is to transfer the functions and responsibilities of the State Fire Marshal to the respective counties, to abolish the Office of the State Fire Marshal, and to place all functions relative to the protection of persons and property against fire loss with the respective county governments.

SECTION 2. Chapter 132, Hawaii Revised Statutes, is amended in the following respects:

(1) By amending section 132-1 to read:

“Sec. 132-1 County fire chiefs; powers and duties. (a) Records. The fire chief of each county shall keep in his office a record of all fires occurring in the

*Edited accordingly.

county and of all facts concerning the same, and shall make such compilations and statistical investigations as he may deem proper, all of which shall be kept as permanent records in his office. All records shall be public, except that any evidence in any investigation may, in the discretion of the county fire chief, be withheld from the public.

(b) Investigations, generally. The fire chief of each county shall:

- (1) Investigate the cause, origin, and circumstances of fires;
- (2) Supervise and make or cause to be made periodically a thorough inspection of all property which might constitute a fire hazard within the county;
- (3) Summon and compel the attendance of witnesses and production of evidence and hold hearings and make orders in any matter under his jurisdiction;
- (4) Cooperate with any and all other governmental officers or agencies having jurisdiction in the matters.”

(2) By amending section 132-2 to read:

“**Sec. 132-2 General power to make rules.** Subject to chapter 91, the fire chief of each county may adopt rules which shall not be inconsistent with the provisions of any ordinance relating to the protection of persons and property against fire. Such rules may relate to:

- (1) Prevention of fires, and the inspection of property, periodically or otherwise, or for the prevention of or reduction of loss by fire, or to promote the safety of persons in case of fire;
- (2) Manufacture, storage, sale, and use of combustibles and explosives;
- (3) Installation and maintenance of automatic, or other fire alarm systems, and fire extinguishing equipment;
- (4) Fire escape and other means of exits from or access to buildings or parts of buildings or other property in case of fire, including the exterior approaches to exits of places of assembly.”

(3) By amending section 132-3 to read:

“**Sec. 132-3 Adoption of State model fire code.** The State fire council shall, after public hearings pursuant to chapter 91, adopt prior to July 1, 1979, a State model fire code setting forth minimum requirements relative to the protection of persons and property from fire loss including without limitation: (1) the storage, handling and use of hazardous substances, materials and devices; and (2) the control of conditions hazardous to life or property in the design, use or occupancy of buildings and premises. The State model fire code, insofar as is practicable, shall complement, augment and be consistent in form and language with the building and other codes of the respective counties. Upon adoption by the State fire council, the State model fire code shall be transmitted to the respective county councils which may, by ordinance, either enact its provisions or enact more stringent provisions relating to protection of persons and property against fire loss; provided that the county councils may enact less stringent provisions with the prior written approval of the State fire council. The State fire council shall meet annually to review and amend the State model fire code.”

(4) By repealing Section 132-4.

(5) By renumbering and amending Section 132-5 to read:

“Sec. 132-4 Investigation of fires; criminal prosecutions. The fire chief of the county in which any fire occurs shall immediately investigate the cause, origin, and circumstances of fire by which property has been destroyed or damaged and so far as possible determine whether the fire was the result of carelessness or design.

If after any investigation the county fire chief is of the opinion that the evidence in relation to the fire indicates that a crime has been committed, he shall present the evidence to the prosecuting officer of the county in which the supposed offense was committed, with the request that he institute such criminal proceedings as the evidence may warrant.”

(6) By renumbering and amending Section 132-6 to read:

“Sec. 132-5 Right of entry for inspection; unlawful to obstruct. The county fire chief may at all reasonable hours enter any buildings, structures, or premises within his jurisdiction, except the interior of private dwellings, to make any inspection, investigation, or examination which is authorized to be made under this chapter. The county fire chief may enter any private dwelling whenever he has reason to believe that dangerous conditions creating a fire hazard exist in the dwelling. The county fire chief or any member of any fire department may enter any private dwelling when a fire has occurred in the dwelling. It shall be unlawful to obstruct, hinder, or delay any person having the right to make the inspection, investigation, or examination in the performance of duty.

The county fire chief shall make an annual inspection of all State or county buildings and shall make a report to the authorities responsible for the maintenance of any building when it is found that a building does not meet minimum standards of fire and safety protection.”

(7) By renumbering and amending Section 132-7 to read:

“Sec. 132-6 Duties of county fire chiefs; periodic inspections; orders to remove fire hazards; appeals. (a) Each county fire chief shall, in person or by officers or members of his fire department designated by him for that purpose, inspect all buildings, premises, and public thoroughfares, except the interiors of private dwellings, for the purpose of ascertaining and causing to be corrected any conditions liable to cause fire, or any violation of any law, ordinance, rule, or order relating to fire hazard or to the prevention of fires.

(b) The inspection shall be made at least once each year within the jurisdiction of the county fire chief, and not less than once in six months within the fire limits or the congested districts subject to conflagration, as the county council or other proper legislative body shall designate, and oftener as the county fire chief may determine.

(d) A copy of any report showing a change in the hazard or any violation of law, ordinance, rule or order relating to the fire hazard upon any risk, shall be

given by the county fire chief to any rating bureau making written request of him therefor.

(e) Each county fire chief is vested with the power and jurisdiction over, and shall have supervision of, every building and premises in the county as may be necessary to enforce any law, ordinances, rule, and order relating to protection from fire loss; provided that this provision shall not in any manner limit the jurisdiction or authority which any other county official may have over such building or premises under any other law or ordinance. Whenever as a result of inspection or upon complaint or otherwise the county fire chief determines that a law, ordinance, rule or order relating to protection from fire loss has been violated or that a condition exists which creates an unreasonable risk of fire loss, he shall prepare and serve upon the owner, occupant or other person responsible for the building or premises a written order setting forth the nature of the alleged violation or condition, the law, ordinance, rule or order violated, and the protections, safeguards, or other means or methods required to render the building or premises safe as required by law, ordinance, or rule. The order shall be complied with by the owner or occupant or person responsible for the building or premises within the time therein specified unless a timely appeal is taken pursuant to subsection (f) of this section.

(f) Owner's appeal to county fire appeals board. The owner or occupant may, within five days, appeal from any order made by the county fire chief to the county fire appeals board, which shall, within thirty days, and after a hearing pursuant to chapter 91, review the order and file its decision thereon, modifying, affirming, or revoking the order. Each county shall by ordinance establish a county fire appeals board and shall provide for its composition.

(g) Notwithstanding the provisions of subsection (e) of this section where the county fire chief determines that a clear and immediate risk of fire loss exists, he may after notice to the owner or occupant or other person responsible for the building or premises, and after a hearing pursuant to chapter 91, order such person to take all actions reasonably necessary to render the building or premises safe from fire loss; provided that no notice or hearing shall be required where the county fire chief determines that the risk of fire loss is sufficiently immediate that delay would be dangerous to the public safety and welfare. If any owner, occupant or other person responsible for the building or premises fails to comply with the order of the county fire chief, the county fire chief may take such action and make such expenditure as may be necessary and if the owner, occupant, or other person responsible neglects or refuses to pay to the county fire chief the expense incurred by him, the county shall have a prior lien on the real property as provided for in section 132-7."

and, if the owner or occupant within thirty days thereafter fails, neglects, or refuses to pay the county fire chief the expense incurred thereby by him, the county shall have a prior lien for the expense on the real estate on which the buildings or structures were located, or on the premises involved, by the filing of a notice of lien in the bureau of conveyances or with the assistant registrar of the land court, if the real estate or premises involved is registered in the land court.”

(b) No owner shall permit the occupancy or use of any building which is not reasonably safe from fire loss and no owner shall fail to furnish, provide, and use reasonably adequate protection and safeguards against fire, or fail to adopt and use processes and methods reasonably adequate to render the building safe from fire loss; and no owner or other person shall fail or neglect to do every other thing reasonably necessary to prevent a fire loss in any building under his charge or control.”

The light jewel shall be illuminated when the car is returning to the firemen’s landing in response to the operation of the key-operated switch.
- (3) When the car arrives at the firemen’s landing, the doors shall open and remain open until closed by the operation of the elevator from the car.
- (4) A key-operated switch shall be provided in the car which can be operated only by the key which operates the firemen’s landing switch and which, when operated, shall permit operation of the elevator only from the car-operating buttons and cause the elevator to bypass landing calls.

SECTION 5. Section 482E-4, Hawaii Revised Statutes, is amended to read as follows:

“**Section 482E-4 Exemptions.** (a) Sections 482E-3, 482E-5(a) and 482E-5(c) shall not apply to:

- (1) Any transaction by an executor, administrator, sheriff, marshal, receiver, trustee in bankruptcy, guardian, or conservator.

- (6) The offer or sale of an additional franchise to an existing franchisee of the same franchisor.

(b) The director may by rule or order exempt from sections 482E-3, 482E-5(a) and 482E-5(c) in whole or in part, any transaction or person, firm, corporation, or industry. In determining whether such exemption shall issue, the director shall consider whether information which would be required to be disclosed would be material in determining whether the prospective franchise has a reasonable chance of success and whether the exemption is in the public interest.”

SECTION 6. Section 482E-5, Hawaii Revised Statutes, is amended to read as follows:

“**Section 482E-5 General Provisions.** (a) Every person selling franchises in this State shall at all times keep and maintain a complete set of books, records and accounts of such sales and shall thereafter at such times as are required by the director make and file in the office of the director a report setting forth the franchises sold by it and the proceeds derived therefrom.

(b) It is unlawful for any person in connection with the offer, sale, or purchase of any franchise directly or indirectly:

- (1) To make any untrue statement of a material fact in any offering circular or report filed with the director under this chapter or wilfully to omit to state in any offering circular or report, any material fact which is required to be stated therein.

- (2) To sell or offer to sell a franchise in this State by means of any written or oral communication which includes an untrue statement of a material fact or omits to state a material fact necessary in order to make the statements made in light of the circumstances under which they were made not misleading.
 - (3) To employ any device, scheme, or artifice to defraud.
 - (4) To engage in any act, practice, or course of business which operates or would operate as a fraud or deceit upon any person.
 - (5) To violate any order of the director.
- (c) Any person who is engaged or hereafter engaged directly or indirectly in the sale of a franchise or in business dealings concerning a franchise, either in person or in any other form of communication, shall be subject to this chapter, shall be amenable to the jurisdiction of the courts of this State and shall be amenable to the service of process as provided by law and rule. Every person who sells a franchise in this State, other than a Hawaii corporation, shall file with the director in such form as he by rule prescribes, an irrevocable consent appointing the director or his successor in office to be his attorney, to receive service or any lawful process in any noncriminal suit, action, or proceeding against him or his successor, executor, administrator, or personal representative which arises under this chapter or any rule or order hereunder after the consent has been filed, with the same force and validity as if served personally on the person filing consent. A person who has filed such a consent in connection with a previous sale under this law need not file another. Service may be made by leaving a copy of the process in the office of the director but it is not as effective unless:
- (1) The plaintiff, who may be the director, in a suit, action, or proceeding instituted by him forthwith sends notice of the service and a copy of the process by registered or certified mail to the defendant or respondent at his last address on file with the director; and
 - (2) The plaintiff's affidavit of compliance with this section is filed in the case on or before the return day of the process, if any, or within such further times as the court allows.
- (d) In any proceeding under this chapter, the burden of proving an exception or an exemption from a definition is upon the person claiming it."

SECTION 7. Section 482E-6, Hawaii Revised Statutes, is amended to read as follows:

"Section 482E-6 Relationship between franchisor or subfranchisor and franchisee. Without limiting the other provisions of this chapter, the following specific rights and prohibitions shall govern the relation between the franchisor or subfranchisor and its franchisees:

- (1) The parties shall deal with each other in good faith.
- (2) For the purposes of this chapter and without limiting its general application, it shall be an unfair or deceptive act or practice or an unfair method of competition for a franchisor or subfranchisor to:
 - (A) Restrict the right of the franchisees to join an association of franchisees.
 - (B) Require a franchisee to purchase or lease goods or services of the

franchisor or from designated sources of supply unless such restrictive purchasing agreements are reasonably necessary for a lawful purpose justified on business grounds. Suppliers suggested or approved by a franchisor as meeting its standards and requirements shall not be deemed designated sources of supply.

- (C) Discriminate between franchisees in the charges offered or made for royalties, goods, services, equipment, rentals, advertising services, or in any other business dealing, unless and to the extent that any classification of or discrimination between franchisees is:
- (i) based on franchises granted at materially different times, and such discrimination is reasonably related to such differences in time;
 - (ii) is related to one or more programs for making franchises available to persons with insufficient capital, training, business experience, education or lacking other qualifications;
 - (iii) is related to local or regional experimentation with or variations in product or service lines or business formats or designs;
 - (iv) is related to efforts by one or more franchisees to cure deficiencies in the operation of franchise businesses or defaults in franchise agreements; or
 - (v) is based on other reasonable distinctions considering the purposes of this chapter and is not arbitrary.
- (D) Obtain money, goods, services, anything of value, or any other benefit from any other person with whom the franchisee does business on account of such business unless the franchisor advises the franchisee in advance of the franchisor's intention to receive such benefit.
- (E) Establish a similar business or to grant a franchise for the establishment of a similar business at a location within a geographical area specifically designated as the exclusive territory in a franchise previously granted to another franchisee in a currently effective agreement, except under the circumstances or conditions prescribed in such agreement. The fact that other franchisees or the franchisor may solicit business or sell goods or services to people residing in such geographical territory shall not constitute the establishment of a similar business within the exclusive territory.
- (F) Require a franchisee at the time of entering into a franchise to assent to a release, assignment, novation, or waiver which would relieve any person from liability imposed by this chapter. Any condition, stipulation or provision binding any person acquiring any franchise to waive compliance with any provision of this chapter or a rule promulgated hereunder shall be void. This paragraph shall not bar or affect the settlement of disputes, claims or civil suits arising or brought under this chapter.

- (G) Impose on a franchisee by contract, rule, or regulation, whether written or oral, any unreasonable and arbitrary standard of conduct.
- (H) Terminate or refuse to renew a franchise except for good cause, or in accordance with the current terms and standards established by the franchisor then equally applicable to all franchisees, unless and to the extent that the franchisor satisfies the burden of proving that any classification of or discrimination between franchisees is reasonable, is based on proper and justifiable distinctions considering the purposes of this chapter, and is not arbitrary. For purposes of this paragraph, good cause in a termination case shall include, but not be limited to, the failure of the franchisee to comply with any lawful, material provision of the franchise agreement after having been given written notice thereof and an opportunity to cure the failure within a reasonable period of time.
- (I) Refuse to permit a transfer of ownership of a franchise, or of a proprietorship, partnership, corporation or other business entity that is a franchisee or subfranchisor, except for good cause. For purposes of this paragraph good cause shall include, but not be limited to:
 - (i) the failure of a proposed transferee to meet any of the franchisor's or subfranchisor's reasonable qualifications or standards then in effect for a franchisee or subfranchisor;
 - (ii) the fact that the proposed transferee or any affiliated person of the proposed transferee is a competitor of the franchisor or subfranchisor;
 - (iii) the inability or unwillingness of the proposed transferee to agree in writing to comply with and be bound by all lawful obligations imposed by the franchise, including without limitation all instruction and training obligations, and to sign the current form of franchise agreement used by the franchisor or subfranchisor; and
 - (iv) the failure of the franchisee or proposed transferee to pay any sums owing to the franchisor and to cure any default in the franchise agreement or other agreements with the franchisor existing at the time of the proposed transfer.

A franchisor or subfranchisor shall have thirty days after being notified in writing of a proposed transfer to approve or disapprove in writing a proposed transfer of ownership or control of a franchise, or of a proprietorship, partnership, corporation or other business entity that is a franchisee or subfranchisor, stating its reason for disapproval. If a franchisor or subfranchisor fails to approve or disapprove a proposed transfer in writing within such period, the franchisor or subfranchisor shall be deemed to have approved such transfer.

- (3) Upon termination or refusal to renew the franchise the franchisee shall

be compensated for the fair market value, at the time of the termination or expiration of the franchise, of the franchisee's inventory, supplies, equipment and furnishings purchased from the franchisor or a supplier designated by the franchisor; provided that personalized materials which have no value to the franchisor need not be compensated for. If the franchisor refuses to renew a franchise for the purpose of converting the franchisee's business to one owned and operated by the franchisor, the franchisor, in addition to the remedies provided in this paragraph, shall compensate the franchisee for the loss of goodwill. The franchisor may deduct from such compensation reasonable costs incurred in removing, transporting and disposing of the franchisee's inventory, supplies, equipment, and furnishings pursuant to this requirement, and may offset from such compensation any moneys due the franchisor.

- (4) The provisions of this chapter shall apply to all written or oral arrangements with the franchisee including but not limited to the franchise offering, the franchise agreement, sales of goods or services, leases and mortgages of real or personal property, promises to pay, security interest, pledges, insurance contracts, advertising contracts, construction or installation contracts, servicing contracts, and all other such arrangements in which the franchisor or subfranchisor has any direct or indirect interest.
- (5) In any proceedings damages may be based on reasonable approximations but not on speculation.

SECTION 8. Section 482E-7, Hawaii Revised Statutes, is repealed.

SECTION 9. Section 482E-8, Hawaii Revised Statutes, is amended to read as follows:

“Section 482E-8 Duties of the director. (a) The director may issue a stop order prohibiting the sale of a franchise if he finds that the order is in the public interest and that:

- (1) The offering circular is incomplete in any material respect or contains any statement which in the light of the circumstances under which it is or may be made false or misleading with respect to any material fact;
- (2) Any provision of this chapter or any rule or order or condition lawfully imposed under this chapter has been violated in connection with the sale of a franchise by the franchisor, any partner, officer or director of a franchisor, or any person occupying a similar status or performing similar functions or any person directly or indirectly controlling or controlled by the franchisor.
- (3) The offer or sale of the franchise is the subject of a permanent or temporary injunction of any court of competent jurisdiction or an administrative order prohibiting offer or sale of the franchise entered under any federal or state act applicable to the franchise, but the director may not enter an order under this subparagraph on the basis of an injunction entered under any other law unless that order or injunction is based on facts that currently constitute a ground for a stop order under

this section.

- (4) A franchisor's enterprise or method of business includes or would include activities which are illegal where performed;
- (5) The offer or sale of the franchise has worked or tended to work a fraud upon purchasers or would so operate;
- (6) The franchisor or subfranchisor has failed to demonstrate that adequate financial arrangements have been made to fulfill obligations to provide real estate improvements, equipment, training, or other items included in the offering; and the franchisor or subfranchisor is unable or unwilling to comply with an order of the director under subsection (e) of this section to escrow or impound franchise fees and other funds paid by the franchisee or subfranchisor, or to furnish a surety bond approved by the director;

(b) Upon the entry of a stop order under any part of subsection (a), the director shall promptly notify the franchisor or subfranchisor that the order has been entered and the reasons therefor and that within fifteen days after receipt of a written request, the matter will be set down for hearing. If no hearing is requested within fifteen days and none is ordered by the director, the director shall enter his written findings of fact and conclusions of law and the order will remain in effect until it is modified or vacated by the director. If a hearing is requested or ordered, the director after notice of an opportunity for hearings to the franchisor or subfranchisor shall enter his written findings of fact and conclusions of law and may modify or vacate the order. The director may modify or vacate a stop order if he finds that the conditions which prompted his entry have changed or that it is otherwise in the public interest to do so.

(c) The director shall refer such evidence as may be available concerning violations of this chapter or any rule or order hereunder to the attorney general or the proper prosecuting attorney who may in his discretion with or without such a reference institute the appropriate criminal proceeding under this chapter.

(d) The director may, in accordance with chapter 91, from time to time make, amend, and rescind such rules, forms, and orders as are necessary to carry out this chapter including rules and forms governing offering circulars and reports and defining any terms whether or not used in this chapter insofar as the definitions are consistent with this chapter.

(e) If the director finds that the applicant has failed to demonstrate that adequate financial arrangements have been made to fulfill obligations to provide real estate, improvements, equipment, inventory, training, or other items included in the franchise proposed to be sold, the director may require the escrow or impoundment of franchise fees and other funds paid by the franchisee or subfranchisor, until the obligations are fulfilled, or the furnishing of a surety bond approved by the director, if he finds that the requirement is necessary and appropriate to protect prospective franchisees or subfranchisors."

SECTION 10. Section 482E-9, Hawaii Revised Statutes, is amended to read as follows:

"Section 482E-9 Civil Liability. (a) The commission of any unfair or deceptive acts or practices or unfair methods of competition prohibited by section

482E-6 shall constitute an unfair or deceptive act or practice under chapter 480.

(b) Any person who sells or offers to sell a franchise in violation of this chapter shall be liable to the franchisee or subfranchisor who may sue for damages caused thereby or for rescission or other relief as the court may deem appropriate. In the case of a violation of section 482E-5 (b) rescission is not available to the plaintiff if the defendant proves that the plaintiff knew the facts concerning the untruth or admission or that the defendant exercised reasonable care and did not know or if he had exercised reasonable care would not have known of the untruth or admission.

(c) The suit authorized under subsection (b) may be brought to recover the actual damages sustained by the plaintiff together with the cost of the suit including reasonable attorneys' fees and the court may in its discretion increase the award of damages to an amount not to exceed three times the actual damages sustained.

(d) Any person who becomes liable to make payments under this section may recover contributions as in cases of contracts from any persons who, if sued separately, would have been liable to make the same payment.

(e) A final judgment, order, or decree heretofore or hereafter rendered against a person in any civil, criminal, or administrative proceedings under the United States anti-trust laws, under the Federal Trade Commission Act, or this chapter shall be regarded as evidence against such persons in an action brought by any party against such person under subsections (a) and (b) as to all matters which said judgment or decree would be an estoppel between the parties thereto."

SECTION 11. Section 482E-10, Hawaii Revised Statutes, is amended to read as follows:

"Section 482E-10 Penalties. (a) The attorney general may bring an action in the name of the State against any person to restrain and prevent the doing of any act herein prohibited or declared to be unlawful and the prevailing party may in the discretion of the court recover the costs of such action including a reasonable attorneys' fee.

(b) Every person who violates the terms of any injunction issued as provided by this chapter shall forfeit and pay a civil penalty of not more than \$25,000.

Every person who violates section 482E-3 (a) or 482E-5 (e) shall forfeit a civil penalty of not more than \$2,000 for each violation.

For the purpose of this section the court issuing an injunction shall retain jurisdiction and the cause shall be continued and in such cases the attorney general acting in the name of the State may petition for the recovery of civil penalties.

(c) Any person who wilfully violates any provision of this chapter or who wilfully violates any rule or order under this chapter shall be fined not more than \$5,000 or imprisoned not more than ten years, or both, but no person may be imprisoned for the violation of any rule or order if he proves that he had no knowledge of the rule or order. No indictment or information may be returned under this chapter more than five years after the alleged violation.

(d) Nothing in this chapter limits the power of the State to punish any person for any conduct which constitutes a crime.

SECTION 5. The appropriations and authorization in section 2 of this Act include land purchase, plans, site preparation, improvements to land, construction, and necessary equipment.

SECTION 6. The designated expending agency for capital investments authorized in this Act is authorized to delegate to other State or county agencies the acquisition of land, design, and construction of such projects when it is determined by such expending agency that it is more advantageous to do so.

SECTION 7. In releasing funds for projects, the governor shall consider the legislative intent and the objectives of the user agency, its programs, the scope and level of the user agency's intended service; and the means, efficiency, and economics by which the project will meet the objectives of the user agency and the State. Agencies responsible for construction shall take into consideration the objectives of the user agency, its programs, the scope and level of the user agency's intended service and construct the improvement to meet the objectives of the user agency in the most efficient and economical manner possible.

SECTION 8. Where it has been determined that changed conditions, such as reduction in the particular population being served, permit the reduction in the scope of a capital investment project described in this Act, the governor may authorize such reduction of project scope; provided that the scope of a project shall not be reduced merely because the appropriation for a project is insufficient.

SECTION 9. The negotiation for the purchase of land by the state agencies shall be subject to the approval of the governor. Private lands may be acquired for the purpose of exchange for federal lands when the governor determines that such acquisition and exchange are necessary for the completion of any herein authorized projects.

In such cases, the availability of federal funds shall be construed as a reduction of state costs whenever possible.

SECTION 12. Where appropriations or authorizations for department of education or University of Hawaii projects specify the number of units, classrooms, partitions, etc., and the amount appropriated or authorized is insufficient to plan for and construct the specified number, the agency may plan for and construct less than the number specified.

SECTION 13. For any project jointly funded by state and county moneys, state funds shall be used only when the county provides at least its pro rata share as indicated in the project authorization.

SECTION 14. In the event the State should assume the direct operation of any non-governmental agency receiving state funds under the provisions of this Act, all such funds shall constitute a credit to the State against the costs of acquiring all or any portion of the property, real, personal, or mixed, or such non-governmental agency. This credit shall be applicable regardless of when such acquisition takes place.

SECTION 15. Any law or any provision of this Act to the contrary notwithstanding, the appropriations made for capital investment projects authorized in this Act which are unencumbered as of June 30, 1982 shall lapse as of that date; provided that the lapsing date shall not apply to projects necessary to qualify for federal aid financing and reimbursement.

SECTION 16. Whenever the expending agency to which an appropriation is made is changed due to legislation enacted during any session of the legislature which affects the appropriations made by this Act, the governor, or the director of finance, if so delegated by the governor, with the concurrence of the president of the senate and the speaker of the house of representatives, shall transfer the necessary funds to the proper expending agency.

SECTION 17. In expending moneys appropriated in item H-10, section 88, Act 195, Session Laws of Hawaii 1975, and item H-26, section 86, Act 10, Special Session Laws of Hawaii 1977, for Kahana Valley State Park, the board of land and natural resources may use state summer student help, and such temporary personnel who shall be exempted from provisions of chapters 76 and 77, Hawaii Revised Statutes, and who are residents of Kahana Valley for the programs of Kahana Valley State Park, including heritage, cultural, enrichment, historical preservation, archaeological reconstruction, recreational facilities construction, and other park facilities and programs which shall be approved by the board. The board may enter into contract for hiring the personnel described in this section and for equipment, supplies, materials, labor, professional services, technical assistance, and support services to be used in this project.

SECTION 18. If general obligation bond proceeds have been allocated to an appropriation which may be satisfied from general obligation bond proceeds and the amount of such proceeds so allocated is in excess of the amount needed to satisfy such appropriation, the amount of such excess proceeds shall be transferred to a separate account and allocated to the satisfaction of other appropriations which may be satisfied from general obligation bond proceeds made in the same or any other act of the legislature; provided that a report of such allocations for the period ending December 31, of each year shall be made to the

ACT 245

legislature by February 1, of the following calendar year.

SECTION 19. If any portion of this Act or its application to any person or circumstances is held to be invalid for any reason, then the legislature hereby declares that the remainder of the Act and each and every other provision thereof shall not be affected thereby. If any portion of a specific appropriation is held to be invalid for any reason, the remaining portion shall be independent of the invalid portion and such remaining portion shall be expended to fulfill the objective of such appropriation to the extent possible.

SECTION 20. Where county capital improvement projects are partially or totally funded by state grants-in-aid as authorized in this Act or any other act of the legislature, this fact shall be appropriately acknowledged during construction and upon completion of these projects.

SECTION 21. The release of grants-in-aid to various private hospitals as provided for in section 2 of this Act, shall be contingent upon satisfactory evidence that these institutions are developing and implementing affirmative action programs.

"2. Kahaluu District Park, Kahaluu, Oahu
Acquisition of land, plans and construction of a community activity facility and/or a multi-purpose resource center."

SECTION 24. Statutory material to be repealed is bracketed. New material is underscored. In printing this Act, the revisor of statutes need not include the brackets, the bracketed material, or the underscoring.*

“(a) Before judgment. When any goods or effects of a debtor are in the possession of an attorney, agent, factor, or trustee (in this chapter jointly and severally included in the term “garnishee”), or when any debt is due from any person (also included under the term “garnishee”) to a debtor, or when any person has in his possession for safekeeping any moneys of the debtor, any creditor may bring his action against the debtor and in his petition for process, or by amendments of the complaint at any time before judgment, after meeting the requirements of section 652-1.5 may request the court to insert in the process a direction to the officer serving the same to leave a true and attested copy thereof with the garnishee or at his usual place of abode and to summon the garnishee to appear personally upon the day or term appointed in the process for hearing the action or at any other time appointed by the court and then and there on oath to answer all of the following inquiries, herein inclusively referred to as the “disclosure”:

- (1) Whether at the time the copy was served on him, he had any of the goods or effects of the defendant in his hands and, if so, the nature, amount and value thereof;
- (2) Whether at the time of service, he was indebted to the defendant and, if so, the nature and amount of the debt; or
- (3) Whether at the time of service on him, he had any moneys of the defendant in his possession for safekeeping and, if so, the amount thereof.

The summons and direction shall be signed and issued as is usual in other civil process after proceedings under section 652-1.5. The summons shall specify an amount or value of money, debt or goods or effects to be garnished which shall not exceed 120 per cent of the amount of the plaintiff’s claim, including cost and interest. The summons shall be served according to such accompanying direction. Upon receipt of the summons, the garnishee shall secure in his hands to pay such judgment as the plaintiff shall recover in the action, such of the following property or choses then in the garnishee’s possession or owing to the defendant as shall equal the amount or value specified in the summons, except what the court has expressly found to be exempt from execution pursuant to section 652-1.5 (d) or (f):

month, or an equivalent portion of the above amount per week, whether then or thereafter to become owing.

The property or choses described in (1), (2), (3), and (4) of this paragraph are included under the term "garnishee fund" (in this chapter). The cumulative total value of the fund, in advance of final judgment, shall be no more than the amount specified in the summons.

Except as provided in section 652-1.5, the summons and direction shall be sufficient notice to the defendant to enable the plaintiff to bring his action to trial, unless the defendant is an inhabitant of the State or has some time resided therein, in which case a like copy shall be served personally upon him or left at his last and usual place of abode.

The court shall order the garnishee fund released at the hearing provided in section 652-1.5 or thereafter upon the filing by the debtor with the court of a bond or bonds issued by a surety or sureties licensed to do business as such in the State, in an amount sufficient to pay the claim of the creditor together with costs and interest, and conditioned upon judgment rendered in favor of the creditor and to the extent of the claim or any portion thereof, together with costs and interests, if any, is awarded."

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The Hawaii Revised Statutes is amended by adding a new section, to be appropriately designated, and to read as follows:

"**Sec. - Determination of Death.** (a) Except as provided in subsection (b) of this section, a human body shall be considered dead if in the announced opinion of a physician licensed under chapter 453, based on ordinary standards of current medical practice, the human body has experienced irreversible cessation of spontaneous respiratory and circulatory functions. Death will have occurred at the time when the irreversible cessation of the functions first coincided.

(b) In the event that artificial means of support preclude a determination that respiratory and circulatory functions have ceased, a human body shall be considered dead if, in the opinion of an attending physician licensed under chapter 453, and of a consulting physician, who shall be a neurologist or neurosurgeon, and licensed under chapter 453, based on ordinary standards of current medical practice, the person has experienced irreversible cessation of brain function. The opinions of the physicians shall be evidenced by signed statements. Death will have occurred at the time when the irreversible cessation of brain function first occurred. Death shall be pronounced before artificial

means of support are withdrawn and before any vital organ is removed for purposes of transplantation.

(c) When a part of a donor is used for direct organ transplantation under chapter 327, and the donor's death is established by determining that the donor experienced irreversible cessation of brain function, the determination shall only be made under subsection (b) of this section. Neither of the physicians making the determination of death shall participate in the procedures for removing or transplanting a part, or in the care of any recipient.

(d) All death determinations in the State shall be made pursuant to this section and shall apply to all purposes, including but not limited to civil and criminal actions, any laws to the contrary notwithstanding, provided that presumptive deaths under the Uniform Probate Code shall not be affected by this section.

(e) The director of health shall convene in every odd-numbered year, a committee which shall be composed of representatives of appropriate general and specialized medical professional organization, licensed attorneys, and members of the public. The committee shall review medical practice, legal developments and other appropriate matters to determine the continuing viability of this section, and shall submit a report of its findings and recommendations to the legislature, prior to the convening of the regular session held in each even-numbered year."

SECTION 2. New statutory material is underscored. In printing this Act, the revisor of statutes need not include the underscoring.*

SECTION 3. This Act shall take effect upon its approval.

The foregoing became law on June 20, 1978, without the Governor's signature, pursuant to Art. III, §17, State Constitution.

*Edited accordingly.
