REGULAR SESSION

Convened on Wednesday, January 16

Published by Authority of the
Revisor of Statutes

AUTHORITY

Section 23G-13, Hawaii Revised Statutes, provides as follows:

Publishing of session laws. As soon as possible after the close of each session of the legislature, the revisor of statutes shall prepare for publication all laws duly enacted at such session, arranged in the order of their becoming law, together with a suitable index and tables showing what general statutes have been affected by such session laws.

PREFACE

This volume contains all the laws of the Regular Session of 1980. In the preparation of the volume, the text of the laws as enacted has been followed except for palpable clerical errors, which have been corrected; and the text has been printed in full except for laws amending existing statutes.

As enacted, amendatory legislation contained brackets (designating matter deleted from existing statutes) or underscoring (designating new matter added). As authorized by HRS §23G-16.5 and for purposes of economy and readability, the brackets, bracketed material, and underscoring have generally been omitted from the laws as printed herein. They have been retained only in cases where the retention was deemed to be particularly desirable. Notes indicate the laws that have been edited.

Whenever there is a position to be filled, the appointing authority shall request the director of personnel services to submit a list of eligibles. The director shall thereupon certify a list of five or such fewer number as may be available, taken from eligible lists in the following order: first the promotional lists, second the recall lists, third the reemployment lists, and fourth the open-competitive lists; provided that laid-off regular employees shall be placed on an appropriate recall list; provided further that with respect to the eligibles under unskilled classes, the director shall certify all of the eligibles on such list. Where there is more than one vacant position in a class to be filled, the director may certify an additional eligible for each additional vacancy. The director shall submit eligibles in the order that they appear on the eligible list before applying veterans preference; provided that veterans whose examination scores, after addition of applicable preference, are equal to or exceed the examination score of the fifth eligible certified, shall also be certified; and further provided that if the last of the five eligibles to be certified is one of two or more eligibles who have identical examination scores, such two or more eligibles shall be certified notwithstanding the fact that more than five persons are thereby certified to fill a vacancy; and further provided that, for each eligible without resident preference certified, a resident who has filed a resident income tax return within the State or who has been claimed as a dependent on such a return, as provided by section 78-1, shall also be certified.

Eligible lists, other than the recall and reemployment lists, shall be effective for one year but this period may be extended by the director.

An appointing authority may fill a vacant position in his department by promoting any regular employee in the department without examination if the employee meets the minimum class qualifications of the position to which he is to be promoted, and if the position is in the same or related series as the position held by the employee; provided, that when there is no material difference between the qualifications of the employees concerned, the employee with the longest continuous civil service employment within the State or county granting the promotion shall receive first consideration for the promotion.

ACT 10

Any regular employee receiving any such promotion without examination shall be ineligible for a second such promotion without examination prior to his having completed one year of satisfactory service in the position to which he was so promoted, but he may at any time be eligible for a promotion to any position through examination.

H.B. NO. 1685

A Bill for an Act Relating to Public Assistance.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Chapter 346, Part I, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated to read:

“**Sec. 346- Real property liens.** (a) The department of social services and housing may require of any person applying for or currently receiving assistance under the department’s programs, including but not limited to Aid to Families with Dependent Children, Medicaid, Food Stamps, and General Assistance, who owns or has any interest in real property, that the person shall enter into an agreement with the department that future grants of assistance shall be and constitute a lien against the interest in real property, and shall remain a lien until satisfied and discharged, except that the obligation based on a lien held by the department on home property lived on by the assistance household shall not exceed \$20,000.

(b) The agreement shall be recorded in the bureau of conveyances, or filed in the office of the assistant registrar of the land court. When the agreement for the lien is recorded in the bureau of conveyances, the registrar shall forthwith cause the same to be indexed in the general indexes of the bureau of conveyances. From and after the recording in the bureau of conveyances the lien shall attach to all interests in real property then owned by the person and not registered in the land court, and from and after the filing thereof in the office of the assistant registrar of the land court the lien

shall attach to any such interest in land then registered therein. The lien shall be for all amounts of assistance, unless otherwise provided by rules and regulations promulgated under chapter 91, then or thereafter paid in accordance with the aforementioned programs from which the person receives assistance, except that the obligation based on a lien held by the department on home property lived on by the assistance household shall not exceed \$20,000.

(c) The department shall issue certificates of release or partial release upon satisfaction or partial satisfaction of the lien. Certificates of release or partial release of any real property lien issued by the director of the department or his authorized representative shall be recorded in the bureau of conveyances. The registrar shall forthwith cause the same to be indexed in the general indexes in a like manner as the original lien. No fee shall be charged for any of the recording. The lien herein provided for shall take priority over any other lien subsequently acquired or recorded except tax liens and except that, in the estate of a beneficiary, the actual funeral expenses, the expenses of the last sickness, the cost of administration of the estate, and any allowance made to the surviving spouse and children for their support during administration of the estate, shall have priority and preference over the lien herein imposed, and over any claim against an estate filed under section 346-37.

The lien shall be enforceable by the department by suit in the appropriate court or shall be enforceable as a claim against the estate of the recipient under section 346-37, having priority over all other debts except taxes, the actual funeral expenses, the expenses of last sickness, the cost of administration of the estate, and any allowance made to the surviving spouse and children for their support during administration of the estate.

The lien shall not be enforced against the home of a beneficiary while it is being occupied by the beneficiary or by any surviving spouse who has not remarried, or by any surviving minor child or any physically or mentally handicapped child of the recipient, and such other persons as the department may by regulation designate pursuant to chapter 91. The lien shall be enforceable as a claim under section 346-37 against the estate of a recipient under any circumstances if the estate is admitted to probate at the instance of any interested party other than the department.

Whenever the department is satisfied that the collection of the amount of assistance paid a recipient will not be jeopardized or that the release or waiver of the priority of the lien against his property, in whole or in part, is necessary to provide for the maintenance or support of the recipient, his spouse, or any minor or incapacitated child, it may release or waive the priority of the lien with respect to all or any part of the real property.

The recipient, his heirs, personal representatives, or assigns may discharge the lien at any time by paying the amount thereof to the department which shall execute a satisfaction thereof. The department may at its discretion compromise the collection of any such lien, but such compromise shall be made only when the recipient, his heirs, personal representative or assigns prove that the collection of the full amount of the lien or claim would cause undue hardship or the lien or claim is otherwise uncollectible.

The proceeds from the enforcement, payment, or compromise of the lien shall be paid into the treasury of the State. If the amount of assistance reflected by the proceeds was paid in part by federal funds, the proper portion of these funds shall be

ACT 17

paid by the director of finance to the treasury of the United States. The director of finance shall thereupon report such payment to the department of social services. If the federal funds are not paid directly into the treasury of the United States, these federal funds shall be credited by the director of finance to the department of social services for expenditure for assistance without need for further appropriation.

If at any time the federal government, or any agency or instrumentality thereof, requires, as a condition to any grant of assistance, the performance of conditions inconsistent with this section, or desisting from actions provided by this section, the governor may, upon a finding to that effect and to the extent of such requirement, suspend any provisions of this section to the end that such federal assistance may be received.

The department shall submit an annual report to the legislature, which shall include a list of liens held by the department on real property. This report shall include, but not be limited to a description of the value of the liens, the legal status of the liens and when the liens were initiated.

The department shall promulgate rules and regulations under chapter 91 to implement this section.”

The order shall be removed when a determination has been made by an authorized representative of the department that the boilers, pressure systems, amusement rides, or elevators and kindred equipment are safe and the required safeguards or safety devices are provided.
- (4) When in the opinion of the department the operation of boilers, pressure systems, amusement rides, or elevators and kindred equipment, required to be inspected by this chapter or any practice, means, method, operation or process employed or used constitutes an imminent hazard to the life or safety of any person, or to property, the department may apply to the circuit court of the circuit in which such boilers, pressure systems, amusement rides, or elevators and kindred equipment are situated or such practice, means, method, operation or process is employed for an injunction restraining the use or operation until the use or operation is made safe. The application to the circuit court accompanied by an affidavit showing that the use or operation exists in violation of a standard, rule, regulation, variance, or order of the department and constitutes an imminent hazard to the life or safety of any person or to property and accompanied by a copy of the standard, rule, regulation, variance, or applicable order, shall warrant,

 - (A) Immediately take steps to obtain abatement by informing the owners, users, contractors, and all persons in harms way of such hazard by meeting, posted notice, or otherwise;
 - (B) Take steps to immediately obtain abatement through direct control or elimination of the hazard if after reasonable search, the user, owner or contractor or their representative is not available; and
 - (C) Take steps to obtain immediate abatement when the nature and imminency of the danger or hazard does not permit a search for the owner, user, or contractor; and
 - (D) Where appropriate, initiate necessary legal proceedings to require abatement by the owner, user or contractor.

(b) Any owner, user, contractor, or vendor who violates this chapter, or any safety standard promulgated hereunder or any rule or regulation issued under the

The owner, user, vendor, or contractor shall file said petition no later than the close of the next business day following the date on which abatement is required or under exceptional circumstances and for good cause shown at a later date. The director may issue an order modifying the abatement requirement upon a showing by the owner, user, vendor, or contractor of a good faith effort to comply with the abatement requirements of an order and that abatement has not been completed because of factors beyond his reasonable control.

The director shall advise the appeals board of a notice of contest upon receiving any such notice.

The appeals board shall afford an opportunity for a hearing on any notice of contest. Such hearings before the appeals board shall be de novo except where rules and regulations require a prior formal hearing at the department level, the proceedings of which are required to be transcribed, in which case review before the appeals board shall be confined to the record only.

The appeals board may affirm, modify, or vacate the order or continue the matter upon such terms and conditions as may be deemed necessary, or remand the case to the director with instructions for further proceedings or direct such other relief as may be appropriate.

H.B. NO. 2418-80

A Bill for an Act Relating to Energy Production Facilities in Agriculture Districts.

SECTION 1. The purpose of this Act is to allow the establishment of wind energy facilities as a permitted use in agriculture districts.

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

SECTION 2. Section 205-2, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 205-2 Districting and classification of lands. There shall be four major land use districts in which all lands in the State shall be placed: urban, rural, agricultural, and conservation. The land use commission shall group contiguous land areas suitable for inclusion in one of these four major districts. The commission shall set standards for determining the boundaries of each district, provided that:

- (1) In the establishment of boundaries of urban districts those lands that are now in urban use and a sufficient reserve area for foreseeable urban growth shall be included;
- (2) In the establishment of boundaries for rural districts, areas of land composed primarily of small farms mixed with very low density residential lots, which may be shown by a minimum density of not more than one house per one-half acre and a minimum lot size of not less than one-half acre shall be included, except as herein provided;
- (3) In the establishment of the boundaries of agricultural districts the greatest possible protection shall be given to those lands with a high capacity for intensive cultivation; and
- (4) In the establishment of the boundaries of conservation districts, the “forest and water reserve zones” provided in section 183-41 are renamed “conservation districts” and, effective as of July 11, 1961, the boundaries of the forest and water reserve zones theretofore established pursuant to section 183-41, shall constitute the boundaries of the conservation districts; provided that thereafter the power to determine the boundaries of the conservation districts shall be in the commission.

In establishing the boundaries of the districts in each county, the commission shall give consideration to the master plan or general plan of the county.

Urban districts shall include activities or uses as provided by ordinances or regulations of the county within which the urban district is situated.

Rural districts shall include activities or uses as characterized by low density residential lots of not more than one dwelling house per one-half acre in areas where “city-like” concentration of people, structures, streets, and urban level of services are absent, and where small farms are intermixed with the low density residential lots except that within a subdivision, as defined in section 484-1, the commission for good cause may allow one lot of less than one-half acre, but not less than 18,500 square feet, or an equivalent residential density, within a rural subdivision and permit the construction of one dwelling on [said] such lot, provided that all other dwellings in the subdivision shall have a minimum lot size of one-half acre or 21,780 square feet. Such petition for variance may be processed under the Special Permit Procedure. These districts may include contiguous areas which are not suited to low density residential lots or small farms by reason of topography, soils, and other related characteristics.

Agricultural districts shall include activities or uses as characterized by the cultivation of crops, orchards, forage, and forestry; farming activities or uses related to animal husbandry, aquaculture, game and fish propagation; aquaculture, which means the production of aquatic plant and animal life for food and fiber within ponds and other bodies of water; wind generated energy production for public, private and

commercial use; services and uses accessory to the above activities including but not limited to living quarters or dwellings, mills, storage facilities, processing facilities, and roadside stands for the sale of products grown on the premises; wind machines and wind farms; agricultural parks; and open area recreational facilities.

These districts may include areas which are not used for, or which are not suited to, agricultural and ancillary activities by reason of topography, soils, and other related characteristics.

Conservation districts shall include areas necessary for protecting watersheds and water sources; preserving scenic and historic areas; providing park lands, wilderness, and beach reserves; conserving endemic plants, fish, and wildlife; preventing floods and soil erosion; forestry; open space areas whose existing openness, natural condition, or present state of use, if retained, would enhance the present or potential value of abutting or surrounding communities, or would maintain or enhance the conservation of natural or scenic resources; areas of value for recreational purposes; [and] other related activities; and other permitted uses not detrimental to a multiple use conservation concept.”

SECTION 3. Section 205-4.5, Hawaii Revised Statutes, is amended by amending subsection (a) to read as follows:

“(a) Within the agricultural district all lands with soil classified by the Land Study Bureau’s Detailed Land Classification as Overall (Master) Productivity Rating Class A or B shall be restricted to the following permitted uses:

- (1) Cultivation of crops, including but not limited to flowers, vegetables, foliage, fruits, forage, and timber;
- (2) Game and fish propagation;
- (3) Raising of livestock, including but not limited to poultry, bees, fish, or other animal or aquatic life that are propagated for economic or personal use;
- (4) Farm dwellings, employee housing, farm buildings, or activity or uses related to farming and animal husbandry;

- (7) Public, private, and quasi-public utility lines[,] and roadways, transformer stations, communications equipment building, solid waste transfer stations, and appurtenant small buildings such as booster pumping stations, but not including offices or yards for equipment, material, vehicle storage, repair or maintenance, treatment plants, and major storage tanks not ancillary to agricultural practices, or corporation yards, or other like structures;

The director of finance shall also furnish the owner, upon the original registration of the vehicle, two number plates for the vehicle or one plate in the case of trailers, semi-trailers, or motorcycles with the registration number marked thereon. The rear number plate shall have impressed thereon the year for which that series of number plates was first issued and during that year the number plates alone shall be evidence of the payment of the license tax. For original registration in subsequent years and upon the payment of the tax for each year subsequent to the year of original registration, a tag or emblem bearing a serial number and with the

year of issue marked thereon, or both. Transfer of current number plates, tag, or emblem, except as authorized by this chapter or by chapter 286, is declared a misdemeanor, punishable by a fine of not more than \$50 for each offense.

Upon an original registration the director of finance shall fix, and shall charge to the owner, a fee equal to the cost of the number plate and tag or emblem plus the administrative cost of furnishing such plate and tag or emblem and effecting the registration. Upon the issuance of a new series of number plates as determined by the lieutenant governor, the director of finance shall charge the owner a fee equal to the costs of the number plate plus the administrative cost of furnishing such plates. Upon issuing a tag or emblem in subsequent years, the director of finance shall charge the owner a fee of 50 cents. The owner shall securely fasten the number plates on the vehicle, one on the front and the other on the rear thereof, in such a manner as to prevent the plates from swinging and at a minimum of twelve inches from the ground. In the case of trailers, semi-trailers or motorcycles, one plate shall be used and it shall be fastened to the rear thereof.

Upon the issuance of the tag or emblem in any year in which the number plates do not evidence the payment of the current year's tax and for each year subsequent to the year of the initial payment of the tax and the original registration of the vehicle, the owner shall affix the tag or emblem to the rear number plate[.], except that all vehicles owned by the State of Hawaii, any county government, any Board of Water Supply, and official representatives of any foreign governments shall be issued registrations which need be renewed only in the new plate issue year.

After the initial payment of the tax and the original registration of a vehicle as herein specified, a motor vehicle shall not be required to be reweighed in any succeeding year unless it has been so altered or changed as to increase or diminish its weight. No new number plates shall, however, be issued to a new owner except as provided in section 249-8.

Should an owner of a vehicle registered in any county, upon the disposition of the vehicle, request that the license plates be furnished to him with respect to the registration of the vehicle be assigned to another vehicle subsequently acquired by him, the assignment may be made by the director of finance at his discretion. To defray additional administrative costs incurred by acceding to such requests, the director of finance shall charge a fee of \$5 for each such reassignment of license plates, in lieu of the fee for registration provided hereinafter. The procedure for registering the vehicles shall otherwise be identical with that provided by this section.

The director of finance shall, on or before the fifth day of each month, send to the chief of police of the county a list of the numbers issued by him and of changes in ownership recorded by him during the preceding month, together with a general description of the vehicles and the name and address of the owner to whom issued or registered. “Sec. 171-59 Disposition by negotiation. (a) A lease of public land may be disposed of through negotiation upon a finding by the board of land and natural resources that the public interest demands it. Where the public land is being sought under this section by a sugar or pineapple company, and the company is the owner or operator of a mill or cannery, then, for the purposes of this section, the economic unit shall be that acreage of public land which when taken together with the lands already owned or controlled or available to the company, when cultivated is found by the board to be necessary for the company’s optimum mill or cannery operation. In all other cases, public land to be sold under this section shall be an economic unit as provided in section 171-33(3).

After a determination is made to negotiate the disposition of a lease, the board shall:

- (1) Give public notice as in public auction, in accordance with the procedure set forth in section 171-16(a), of its intention to lease public land through negotiation setting forth the minimum conditions thereunder, the use for which the public land will be leased. - (2) Establish reasonable criteria for the selection of the lessee; provided that where the intended use of the land is agriculture, the department of agriculture shall establish the criteria;
- (3) Determine the applicants who meet the criteria for selection set by the board or the department of agriculture, as the case may be, and notify all applicants of its determination. Any applicant may examine the basis of the determination, which shall be in writing, to ascertain whether or not the conditions and criteria established by the board or the department of agriculture were followed; provided that if any applicant does not notify the board of his objections, and the grounds therefor, in writing, within twenty days of the receipt of the notice, he shall be barred from proceeding to seek legal remedy for any alleged failure of the board to follow the conditions and criteria.

If only one applicant meets the criteria for selection of the lessee, the board may, after notice as provided in (3), above, dispose of the lease by negotiation.

If two or more applicants meet the criteria for the selection of the lessee, the board shall select the lessee who submits the highest offer contained in a sealed bid deposited with the board.

(b) Disposition of public lands for airline, aircraft, agricultural processing, marine, and maritime operations may be negotiated without regard to the limitations set forth in subsection (a) of this section and section 171-16(c); provided that such disposition encourages competition within the aeronautical, agricultural, and maritime industries; provided further that such disposition shall not exceed a maximum

(f) All proceeds from the sale of vehicles shall be deposited into the airport revenue fund. The legal or registered owner is entitled to recover the excess of the proceeds from the sale over expenses, if the claim is filed with the department within sixty days from the execution of the sales agreement. The department may file a claim within the same period against the legal or registered owner or person with an unrecorded interest for the deficiencies between the sale proceeds and expenses.

A Bill for an Act Relating to Audit and Accounting.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 40-35, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 40-35 Payment to State under protest. Any disputed portion of moneys representing a claim in favor of the State may be paid to a public accountant of the State under protest in writing signed by the person making the payment, or by his agent, setting forth the grounds of protest, in which event the public accountant to whom payment is made shall hold the money paid under protest for a period of thirty days from the date of payment. The director of finance shall, at the request of the public accountant, make an administrative determination of the amount of the payment which is actually in dispute and the amount which is not in dispute. Upon the determination the public accountant shall deposit the amounts not deemed in dispute by the director into the appropriate fund.

Action to recover moneys paid under protest or proceedings to adjust the claim may be commenced by the payer or claimant against the public accountant to whom the payment was made, in a court of competent jurisdiction, within thirty days from the date of payment and in default of bringing the suit or proceeding within the thirty-day period, the money paid under protest shall be deposited into the appropriate account in the treasury of the State by the accountant and the amount deposited shall thereupon become a government realization; provided that any action to recover payment of taxes under protest shall be commenced in the tax appeal court.

If action to recover the money paid under protest or a proceeding to adjust the claim is commenced within the thirty-day period, the amount paid under protest or determined by the director to be the disputed portion of a claim shall be transmitted by the public accountant to the director, together with the entire or comparable portions of subsequent payments, if any, when and as made with respect to the same claim if made under a protest referring to the original protest for the grounds thereof, but if subsequent payments are made under protest in any other manner these subsequent payments shall be held by the public accountant and treated as if no previous protest had been made. The director shall pay all moneys so transmitted by the public accountant into a fund to be known as the “litigated claims fund” pending the final decision of the cause, which may, if the court is satisfied that subsequent payments were made with respect to the same claim and under the same protest, in the manner above set forth, include the disposition of such subsequent payments. If judgment is rendered in favor of the claimant, the director shall pay the claimant, out of the litigated claims fund, the amount of the judgment. If the amount of money in the litigated claims fund is insufficient or if investment of the litigated claims fund results in a deficit, the director shall submit to the legislature a request for an appropriation, to be paid from the general fund, in the amount necessary to recover such deficiency plus interest, required to be paid on payments, as provided herein. S.B. NO. 2419-80

A Bill for an Act Relating to Family Courts.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. **Findings.** The Legislature finds that it is the public policy of this State to assure minor children of close and continuing contact with both parents after the parents have separated or dissolved their marriage. The Legislature further finds that it is the public policy of this State that there exists no preference in law that the custody of minor children be ordered or awarded to one parent because of that parent's sex.

SECTION 2. Chapter 571, Hawaii Revised Statutes, is amended by adding a new section 571-46.1 to read as follows:

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

“Sec. 571-46.1 Joint custody. (a) Upon the application of either parent, joint custody may be awarded in the discretion of the court. For the purpose of assisting the court in making a determination whether an award of joint custody is appropriate, the court shall, upon the request of either party, direct that an investigation be conducted pursuant to the provisions of section 571-46(4).

(b) For the purposes of this section, “joint custody” means an order awarding legal custody of the minor child or children to both parents and providing that physical custody shall be shared by the parents in such a way as to assure the child or children of continuing contact with both parents; provided, however, that such order may award joint legal custody without awarding joint physical custody.

(c) Any order for joint custody may be modified or terminated upon the petition of one or both parents or on the court’s own motion if it is shown that the best interests of the child require modification or termination of the order.

(d) Any order for the custody of the minor child or children of a marriage entered by a court in this State or any other state may, subject to the jurisdictional requirements set forth in section 583-3, be modified at any time to an order of joint custody in accordance with the provisions of this section.”

SECTION 3. Section 571-46, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 571-46 Criteria and procedure in awarding custody. In the actions for divorce, separation, annulment, separate maintenance, or any other proceeding where there is at issue a dispute as to the custody of a minor child, the court may, during the pendency of the action, at the final hearing or any time during the minority of the child, make such order for the custody of the minor child as may seem necessary or proper. In awarding the custody, the court is to be guided by the following standards, considerations and procedures:

- (1) Custody should be awarded to either parent or to both parents according to the best interests of the child.
- (2) Custody may be awarded to persons other than the father or mother whenever such award serves the best interest of the child. Any person who has had de facto custody of the child in a stable and wholesome home and is a fit and proper person shall prima facie be entitled to an award of custody.
- (3) If a child is of sufficient age and capacity to reason, so as to form an intelligent preference, his wishes as to custody shall be considered and be given due weight by the court.
- (4) Whenever good cause appears therefor, the court may require an investigation and report concerning the care, welfare, and custody of any minor child of the parties. When so directed by the court, investigators or professional personnel attached to or assisting the court shall make investigations and reports which shall be made available to all interested parties and counsel before hearing, and such reports may [be]† received in evidence if no objection is made and, if objection is made, may be received in evidence provided the person or persons responsible for the report are available for cross-examination as to any matter which has been investigated.

†“Be” substituted for “by” to correct obvious clerical error.

- (5) The court may hear the testimony of any person or expert produced by any party or upon the court's own motion, whose skill, insight, knowledge, or experience is such that his testimony is relevant to a just and reasonable determination of what is to the best physical, mental, moral, and spiritual well-being of the child whose custody is at issue.
- (6) Any custody award shall be subject to modification or change whenever the best interests of the child require or justify the modification or change and wherever practicable, the same person who made the original order shall hear the motion or petition for modification of the prior award.
- (7) Reasonable visitation rights shall be awarded to parents and to any person interested in the welfare of the child in the discretion of the court, unless it is shown that such rights of visitation are detrimental to the best interests of the child.
- (8) The court may appoint a guardian ad litem to represent the interests of the child and may assess the reasonable fees and expenses of the guardian ad litem as costs of the action, payable in whole or in part by either or both parties as the circumstances may justify."

Evidence of similar discriminatory practice against franchised dealers in other states shall not constitute a defense to or justification of the commission of such discriminatory act against the franchised dealer in this State. The intent and purpose of this subparagraph is to eliminate inequitable pricing policies set by manufacturers, factory branches, factory representatives, distributors, distributor branches, or distributor representatives which result in higher prices of new motor vehicles to the consumer in this State. This subparagraph shall be liberally interpreted to effect such intent and purpose and in the application thereof, the substance and effect and not the form of the acts and transactions shall be primarily considered in determining whether a discriminatory act has been committed. Nothing contained in this subparagraph (E) shall prohibit establishing delivered prices or destination charges to dealers in this State which reasonably reflect the seller's total transportation costs incurred in the manufacture or delivery of such products to such dealers, including costs which are related to the geographical distances, modes and costs of transportation involved in shipments to this State, or which meet those lower prices established by competitors; or
- (F) Has required a dealer of new motor vehicles in this State as a condition of sale and delivery of new motor vehicles to purchase special fea-

In no event shall any manufacturer, factory branch, factory representative, distributor, distributor branch, or distributor representative pay its dealers a labor rate per hour for warranty work that is less than that charged by the dealer to the retail customers of the dealer nor shall such rates be more than the retail rates. All claims made by dealers for compensation for delivery, preparation, and warranty work shall be paid within thirty days after approval and shall be approved or disapproved within thirty days after receipt. When any claim is disapproved, the dealer shall be notified in writing of the grounds for disapproval."

Enforcement of the order by a writ of possession shall be effected either by an officer appointed by the authority, who shall have all of the powers of a police officer for all action in connection with the enforcement of the order, or by the sheriff, or any other law enforcement officer of the State or any county, whose duty it shall be to carry out such order. The person enforcing the order shall remove all persons from the premises and put the authority in full possession thereof.

(c) Upon eviction, the household goods and personal effects of the person against whom the order is entered, and those of any persons using the premises incident to his holding, may be removed from the premises and stored by the authority. If the action is taken, the authority shall have a lien on the property so taken for the expenses incurred by it in moving and storing the same, and the authority is authorized to sell or otherwise dispose of the property, if unclaimed after thirty days.

Sec. 360-6 Ex parte motion. If a tenant or licensee cannot be served with an order of eviction or writ of possession, and the facts shall appear by affidavit to the

hearing examiners, service to such tenant or licensee may be made according to the special order of the hearing examiners. Such order shall require the officer to affix a certified copy of the order of eviction or writ of possession in a conspicuous place upon the premises such as the door or wall of the dwelling unit.

Sec. 360-7 Judicial review. (a) Any person aggrieved by a final decision and order by the authority or by a preliminary ruling of the nature that deferral of review pending entry of a subsequent final decision would deprive the appellant of adequate relief is entitled to judicial review thereof under this chapter.

(b) Except as otherwise provided herein, proceedings for review shall be instituted in the circuit court within thirty days after the preliminary ruling or within thirty days after service of the certified copy of the final decision and order of the authority pursuant to the provisions of the Hawaii Rules of Civil Procedure, except where a statute provides for a direct appeal to the supreme court and in such cases the appeal shall be in like manner as an appeal from the circuit court to the supreme court, including payment of the fee prescribed by section 607-5 for filing the notice of appeal. The court in its discretion may permit other interested persons to intervene.

(c) The proceedings for review shall not stay enforcement of the decisions of the authority; but the authority or the reviewing court may order a stay upon such terms as it deems proper.

(d) Within fifteen days after the determination of the contents of the record on appeal in the manner provided by the rules of court, or within such further time as the court may allow, the authority shall transmit to the reviewing court the record of the proceeding under review. The court may require or permit subsequent corrections or additions to the record when deemed desirable.

(e) If, before the date set for hearing, application is made to the court for leave to present additional evidence and such evidence is material and good cause exists for the failure to present such evidence in the proceeding before the authority, the court may order the authority to hear such evidence upon such conditions as the court deems proper. The authority may modify its findings, decision, and order by reason of the additional evidence and shall file with the reviewing court, to become a part of the record, the additional evidence, together with any modification of its findings or decision.

(f) The review shall be conducted by the court without a jury and shall be confined to the record. In cases of alleged irregularities in procedure before the authority and not shown in the record, testimony thereon may be taken in court. The court may, upon request by any party, hear oral argument and receive written briefs.

(g) Upon review of the record the court may affirm the decision of the authority or remand the case with instructions for further proceedings, or it may reverse or modify the decision and order if the substantial rights of the petitioners may have been prejudiced because the administrative findings, conclusions, decisions, or orders are:

- (1) In violation of constitutional or statutory provisions; or
- (2) In excess of the statutory authority or jurisdiction of the agency; or
- (3) Made upon unlawful procedure; or
- (4) Affected by other error of law; or
- (5) Clearly erroneous in view of the reliable, probative, and substantial evidence on the whole record; or

(6) Arbitrary, or capricious, or characterized by abuse of discretion or clearly unwarranted exercise of discretion.

Sec. 360-8 Appeals. An aggrieved party may secure a review of any final judgment of the circuit court under this chapter by appeal to the supreme court. The appeal shall be taken in the manner provided in the rules of court.

Sec. 360-9 Rules. The authority may adopt rules pursuant to chapter 91 necessary for the purposes of this part.”

(b) The attorney general may bring an action on behalf of the State or any of its political subdivisions or governmental agencies to recover the damages provided for by this section, or by any comparable provisions of federal law.

(d) No person other than the attorney general of the State shall be authorized to bring a class action in any court of this State for indirect purchasers asserting claims under this chapter. - (2) May bring proceedings to enjoin the unlawful practices, and if the decree is for the plaintiff, he shall be awarded reasonable attorneys fees together with the cost of suit.

(b) The remedies provided in this section are cumulative and may be sought in one action.

(c) The remedies provided in this section shall be applied in class action lawsuits or proceedings brought in behalf of direct purchasers or in behalf of indirect purchasers by the attorney general under section 480-14, so that:

- (1) The minimum \$1,000 amount shall not apply;
- (2) In actions where both direct and indirect purchasers are involved, a defen-

- (7) In instances where the attorney general representing indirect purchasers files an action and obtains a judgment or settlement prior to the completion of a direct purchaser's action in courts other than this State, the court shall delay disbursement of the damages until such time as the direct purchaser's suits are resolved to either final judgment, consent decree or settlement, or in the absence of a direct purchaser's lawsuit in the courts other than this State by direct purchasers, the expiration of the statute of limitations, or in such manner that will minimize duplication of damages to the extent reasonable and practicable, avoid multiplicity of suit and obtain substantial fairness; and
- (8) In the event damages obtained by the attorney general remain unclaimed by indirect purchasers, the attorney general shall apply to the court and such funds shall escheat to the State upon showing that reasonable efforts made by the State to distribute the same have been unsuccessful."

ACT 77

S.B. NO. 1897-80

A Bill for an Act Relating to Public Utilities.

Be It Enacted by the Legislature of the State of Hawaii:

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

SECTION 1. The legislature finds that commercial development of the State's renewable energy resources needs to be encouraged in order to reduce the State's dependency on fossil fuels. The legislature further finds that producers, other than public utilities, will be encouraged to produce electric energy from such renewable energy resources for sale to the public utilities if such producers are assured that they will not be considered public utilities under state law.

It is the purpose of this Act to promote the commercial development of such renewable energy resources by excluding certain producers of electric energy from renewable non-fossil, non-nuclear energy resources from the definition of the term "public utilities" under state law.

SECTION 2. Section 269-1, Hawaii Revised Statutes, is amended by amending the definition of "public utilities" to read as follows:

"Public utility" means and includes every person who may own, control, operate, or manage as owner, lessee, trustee, receiver, or otherwise, whether under a franchise, charter, license, articles of association, or otherwise, any plant or equipment, or any part thereof, directly or indirectly for public use, for the transportation of passengers or freight, or the conveyance or transmission of telephone or telegraph messages, or the furnishing of facilities for the transmission of intelligence by electricity by land or water or air within the State, or between points within the State, or for the production, conveyance, transmission, delivery, or furnishing of light, power, heat, cold, water, gas, or oil, or for the storage or warehousing of goods, or the disposal of sewage; provided that the term (1) means and includes any person, insofar as such person owns or operates an aerial transportation enterprise as a common carrier; (2) means and includes any person, insofar as such person owns or operates a private sewer company or sewer facility; (3) shall not include persons owning or operating taxicabs, as defined herein; (4) shall not include common carriers transporting only freight on the public highways, unless operating within localities or along routes or between points which the public utilities commission finds to be inadequately serviced without regulation under this chapter; (5) shall not include persons engaged in the business of warehousing or storage unless the commission finds that regulation thereof is necessary in the public interest; (6) shall not include the business of any carrier by water to the extent that such carrier enters into private contracts for towage, salvage, hauling, or carriage between points within the State and the carriage is not pursuant to either an established schedule or an undertaking to perform carriage services on behalf of the public generally, and also shall not include the business of any carrier by water, substantially engaged in interstate or foreign commerce, transporting passengers on luxury cruises between points within the State or on luxury round-trip cruises returning to the point of departure; and (7) shall not include any person which (a) controls, operates, or manages plants or facilities for production, transmission, or furnishing of power primarily or entirely from non-fossil fuel sources, and (b) provides, sells, or transmits all of such power, except such power as is used in its own internal operations, directly to a public utility for transmission to the public.

In the event the application of this chapter is ordered by the commission in any case provided in (3) and (4) the business of any public utility which presents evidence of bona fide operation on the date of the commencement of the proceedings resulting

ACT 78

S.B. NO. 1899-80

A Bill for an Act Relating to the Taxation of Non-Fossil Fuel Generated Electricity.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The legislature finds that Act 102, Session Laws of Hawaii 1977, was enacted to promote the generation and provision of electric power generated from non-fossil fuels to public utility companies. The legislature finds that the revenues resulting from the sale of such power to public utility companies are subject to the full general excise tax of four per cent even though the resale of such power by the public utility company is subject to the public service company tax levied pursuant to chapter 239, Hawaii Revised Statutes. The legislature further finds Act 135, Session Laws of Hawaii 1978, provides geothermal resource producers a reduced excise tax rate.

The purpose of this Act is to reduce the general excise tax assessment on power generated from an alternate energy resource and sold to public utility companies for resale to customers.

SECTION 2. Chapter 237, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read as follows:

“**Sec. 237- Assessment on non-fossil fuel generated electricity.** (a) Any other provision of the law to the contrary notwithstanding, the levy and assessment of the general excise tax on the gross proceeds from the sale of electric power generated from non-fossil renewable natural resources to a public utility company for resale to the public, shall be made only as a tax on the business of a producer, at the rate assessed producers, under section 237-13(2) (A).

(b) As used in this section, “alternate energy resource” means any non-fossil or non-nuclear natural resource, industrial waste, industrial process steam or heat, or agricultural waste or product within this State used or usable for the production of energy, and includes, but is not limited to, hydroelectric, solid waste, biomass, geothermal, solar, wind, ocean temperature differentials, waves, tides, or currents.”

†Bracketed word substituted for “filling”.

*The text has been edited pursuant to HRS §23G-16-5, authorizing omission of the brackets, bracketed material, and underscoring.

Section 287-1, Hawaii Revised Statutes, is amended by amending the definition of "Chief of police" to read:

"Administrator" means the chief of police of each county or the director of finance of each county and their authorized subordinates charged with the responsibility of administering this chapter;"

Sections 287-2 to 287-9, Hawaii Revised Statutes, are amended to read as follows:

"Sec. 287-2 Administrator to administer chapter; appeal to circuit court.

(a) The administrator shall administer and enforce this chapter and make rules and regulations consistent herewith and necessary for its administration and shall provide for hearings upon request of any person aggrieved by orders or acts of the administrator under this chapter. The rules and regulations shall be as nearly uniform throughout the State as the circumstances permit, but the fact of nonuniformity shall not of itself be sufficient to make unenforceable any rule or regulation, otherwise lawful, promulgated hereunder.

(b) Any order or act of any administrator pursuant to the authority given by this chapter or by rules or regulations hereunder, shall be subject to appeal to the circuit court of the circuit in which the order or act has been entered or done, which shall have jurisdiction to affirm, vacate, and modify, in whole or in part, any such order or act. Any person aggrieved may file an appeal therefrom in the office of the clerk of the circuit court within thirty days after the effective date of the order or act. The appeal shall not operate to suspend the order or act unless for cause satisfactory to the court and upon such conditions as may be imposed by the court, the court shall otherwise order. The administrator upon service of a copy of the appeal shall forthwith transmit to the clerk of court a transcript of the papers filed with him and a certified transcript of the evidence, if any, adduced. Upon the filing of the transcript, the appeal shall be at issue, and upon the application of either party, may be advanced and assigned for hearing at the earliest possible date to determine whether the action of the administrator is in accordance with law. The prosecuting officer and the legal advisor of the county shall render assistance to the administrator upon his request in enforcing and carrying out this chapter and in prosecuting and defending proceedings hereunder."

"Sec. 287-3 Furnishing of operating records. The administrator shall upon request furnish any person a certified abstract of the operating record, if any, of any person showing whether there has or has not been any conviction of the person for violating any law relating to the operation of a motor vehicle or of any injury or damage caused by the person. "Sec. 287-4 Report required following accident. The driver of every motor vehicle which is in any manner involved in an accident within this State in which any person is killed or injured or in which damage to the property of any one person, including himself, to an apparent extent in excess of \$300 is sustained shall at the earliest practical time, and in any event within twenty-four hours after the accident, report the matter in writing or in person to the chief of police. The report, the form of which shall be prescribed by the chief of police and administrator, shall contain information to enable the administrator to determine whether the requirements for the

deposit of security under sections 287-5 and 287-6 are inapplicable by reason of the existence of insurance or other exceptions specified in this chapter. If the driver is physically incapable of making the report, any other occupant in the vehicle at the time of the accident capable of making the report shall make or cause to be made the report not made by the driver, and the registered owner of the motor vehicle involved in the accident shall, unless the report is filed, within ten days after learning of the accident make the report. The driver, occupant, and registered owner shall furnish such additional relevant information as the chief of police or administrator shall require. If the reports required hereunder are made pursuant to any ordinance or other provision or requirement of law, no additional report, except as specifically provided herein, shall be required hereby.”

“**Sec. 287-5 Security required unless evidence of insurance.** If twenty days after the receipt of a report of a motor vehicle accident within this State which has resulted in bodily injury or death or damage to property of any one person in excess of \$300, the administrator does not have on file evidence satisfactory to him that the person who would otherwise be required to file security under section 287-6 has been released from liability, or has been finally adjudicated not to be liable, or has executed a duly acknowledged written agreement providing for the payment of an agreed amount in installments with respect to all claims for injuries or damages resulting from the accident, the administrator shall determine the amount of security which is sufficient in his judgment to satisfy any judgment or judgments for damages resulting from the accident as may be recovered against each driver or owner. This section shall be applicable to each driver or owner notwithstanding that the administrator determines that the amount of security required hereunder shall as to any such driver or owner be less than \$300.”

“**Sec. 287-6 Suspension of license.** The administrator shall suspend the license or permit of each driver and the license of the registered owner of the motor vehicle in any manner involved in the accident and if the driver is a nonresident, any privilege of operating the motor vehicle within the State shall cease, and if the owner of the motor vehicle is a nonresident, the privilege of the use within the State of any motor vehicle owned by him shall also cease, unless the driver or owner or both have satisfied the requirements of section 287-5 or have deposited security in the sum determined by the administrator. Notice of the suspension shall be sent by the administrator to the driver and registered owner and the nonresident owner not less than ten days prior to the effective date of the suspension and shall state the amount required as security. Where erroneous information is given the administrator with respect to the matters set forth in subdivision (1), (2), or (3) of section 287-7, he shall take appropriate action as hereinbefore provided within sixty days after receipt by him of correct information with respect to those matters.”

- (4) To any person qualifying as a self-insurer under section 287-42, or to any driver of a motor vehicle for the self-insurer where the self-insurer is responsible for the acts of the driver.

No automobile liability policy or bond shall be effective under this section unless issued by an insurance company or surety company authorized to do business in the State, except that if the motor vehicle is registered elsewhere than in this State at the effective date of the policy or bond, or the most recent renewal thereof, the policy or bond shall not be effective under this section unless the insurance company or surety company, if not authorized to do business in the State, executes a power of attorney authorizing the insurance commissioner to accept service on its behalf of notice of process in any action upon the policy or bond arising out of the action; provided every such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, of not less than \$10,000 because of bodily injury to or death of one person in any one accident and, subject to such limit for one person, to a limit of not less than \$20,000 because of bodily injury to or death of two or more persons in any one accident, and, if the accident has resulted in injury to or destruction of property, to a limit of not less than \$5,000 because of injury to or destruction of property of others in any one accident."

Sections 287-22 and 287-23, Hawaii Revised Statutes, are amended to read as follows:

“**Sec. 287-22 Certificate of insurance as proof.** Proof of financial responsibility may be furnished by filing with the administrator the written certificate of any insurance carrier duly authorized to do business in the State certifying that there is in effect a motor vehicle liability policy for the benefit of the person or persons required to furnish proof of financial responsibility. The certificate shall give the effective date of the motor vehicle liability policy, which date shall be the same as the effective date of the certificate, and shall designate by explicit description or by appropriate reference all motor vehicles covered thereby, unless the policy is issued to a person who is not the owner of a motor vehicle.”

“**Sec. 287-23 Certificate furnished by nonresident as proof.** (a) The nonresident owner of a motor vehicle not permanently registered in the State may give proof

of financial responsibility by filing with the administrator a written certificate or certificates of an insurance carrier authorized to transact business in the state in which the motor vehicle or motor vehicles described in the certificate is registered or if the nonresident does not own a motor vehicle, then in the state in which the insured resides, provided the certificate otherwise conforms with this chapter, and the administrator shall accept the same upon condition that the insurance carrier complies with the following provisions with respect to the policy so certified:

- (1) The insurance carrier shall execute a power of attorney authorizing the insurance commissioner to accept service on its behalf of notice of process in any action arising out of a motor vehicle action in the State;
- (2) The insurance carrier shall agree in writing that such policies shall be deemed to conform with the laws of the State relating to the terms of motor vehicle liability policies issued herein.

(b) If any insurance carrier not authorized to transact business in the State, which has qualified to furnish proof of financial responsibility, defaults in any such undertakings or agreements, the administrator shall not thereafter accept as proof any certificate of the carrier whether theretofore filed or thereafter tendered as proof, so long as such default continues."

Section 287-33, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 287-33 Notice of cancellation or termination of certified policy.

When an insurance carrier has certified a motor vehicle liability policy under section 287-22 or a policy under section 287-23, the insurance so certified shall not be canceled or terminated until at least ten days after a notice of cancellation or termination of the insurance so certified is filed in the office of the administrator, except that such a policy subsequently procured and certified shall, on the effective date of its certification, terminate the insurance previously certified with respect to any motor vehicle designated in both certificates."

Sections 287-35 to 287-42, Hawaii Revised Statutes, are amended to read as follows:

"Sec. 287-35 Bond as proof. (a) Proof of financial responsibility may be evidenced by the bond of a surety company duly authorized to transact business within the State, or a bond with at least two individual sureties each owning real estate within the State, and together having equities equal in value to at least twice the amount of the bond, which real estate shall be scheduled in the bond approved by the insurance commissioner, which bond shall be conditioned for payment of the amounts specified in section 287-1. The bond shall be filed with the administrator and shall not be cancelable except after ten days' written notice to the administrator. The bond shall constitute a lien in favor of the State upon the real estate so scheduled of any surety, which lien shall exist in favor of any holder of a final judgment against the person who has filed the bond, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use or operation of a motor vehicle after the bond was filed upon the filing of notice to that effect and the filing of a certified copy of the final judgment in the office of the registrar of conveyances.

(b) If such a judgment, rendered against the principal on the bond is not

satisfied within sixty days after it has become final, the judgment creditor may, for his own use and benefit and at his sole expense, bring an action or actions in the name of the State against the company or persons executing the bond, including an action or proceeding to foreclose any lien that may exist upon the real estate of a person who has executed the bond, such action to conform as near as may be with the procedure for the foreclosure of mortgages.”

“Sec. 287-36 Money or securities as proof. (a) Proof of financial responsibility may be evidenced by the certificate of the state director of finance that the person named therein has deposited with him \$25,000 in cash, or securities such as may legally be purchased for investment by insurance companies organized under chapter 431 of a market value of \$25,000. The state director of finance shall not accept any such deposit and issue a certificate therefor and the administrator shall not accept the certificate unless accompanied by evidence that there are no unsatisfied judgments of any character against the depositor in the county where the depositor resides.

(b) The deposit shall be held by the director to satisfy, in accordance with this chapter any execution on a judgment issued against such person making the deposit, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use, or operation of a motor vehicle after the deposit was made. Money or securities so deposited shall not be subject to attachment or execution unless the attachment or execution arises out of a suit for damages as aforesaid.”

“Sec. 287-37 Owner may give proof for others. Whenever any person required to give proof of financial responsibility hereunder is or later becomes a driver in the employ of any owner, or is or later becomes a member of the immediate family or household of the owner, the administrator shall accept proof given by the owner in lieu of proof by the other person to permit the other person to operate a motor vehicle for which the owner has given proof as herein provided. The administrator shall designate the restrictions imposed by this section on the face of such person’s license.”

“Sec. 287-38 Substitution of proof. The administrator shall consent to the cancellation of any bond or certificate of insurance or the administrator shall direct and the state director of finance shall return any money or securities to the person entitled thereto upon the substitution and acceptance of other adequate proof of financial responsibility pursuant to this chapter.”

“Sec. 287-39 Other proof may be required. Whenever any proof of financial responsibility filed under this chapter no longer fulfills the purposes for which required, the administrator shall, for the purpose of this chapter, require other proof as required by this chapter and shall suspend the license and registration or the nonresident’s operating privilege pending the filing of such other proof.”

“Sec. 287-40 Duration of proof; when proof may be canceled or returned. The administrator shall upon request consent to the immediate cancellation of any bond or certificate of insurance, or the administrator shall direct and the state director of finance shall return to the person entitled thereto any money or securities deposited pursuant to this chapter as proof of financial responsibility, or the administrator shall waive the requirement of filing proof, in any of the following events:

- (1) At any time after three years from the date the proof was required when, during the three-year period preceding the request, the administrator has not received record of a conviction which would require or permit the suspension or revocation of the license or nonresident's operating privilege of the person by or for whom the proof was furnished;
- (2) In the event of the death of the person on whose behalf the proof was filed or the permanent incapacity of the person to operate a motor vehicle;
- (3) In the event the person who has given proof surrenders his license to the administrator;

Provided, that the administrator shall not consent to the cancellation of any bond or the return of any money or securities in the event any action for damages upon a liability covered by the proof is then pending or any judgment upon any such liability is then unsatisfied, or in the event the person who has filed the bond or deposited the money or securities, has, within one year immediately preceding the request been involved as a driver or owner in any motor vehicle accident resulting in injury or damage to the person or property of others. An affidavit of the applicant as to the nonexistence of such facts, or that he has been released from all of his liability, or has been finally adjudicated not to be liable, for such injury or damage, shall be sufficient evidence thereof in the absence of evidence to the contrary in the records of the administrator.

Whenever any person whose proof has been canceled or returned under subdivision (3) of this section applies for a license or registration within a period of three years from the date proof was originally required, any such application shall be refused unless the applicant reestablishes the proof for the remainder of the three-year period."

"Sec. 287-41 Surrender of license on violation. Any person whose license has been suspended as herein provided, or whose policy of insurance or bond, when required under this chapter, has been canceled or terminated, or who neglects to furnish other proof upon request of the administrator shall immediately surrender his license to the administrator. If any person fails to surrender to the administrator the license as provided herein, the administrator shall forthwith direct any police or other peace officer to secure possession thereof and return the same to the administrator."

"Sec. 287-42 Self-insurers. (a) Any person in whose name more than twenty-five motor vehicles are registered may qualify as a self-insurer by obtaining a certificate of self-insurance issued by the administrator as provided in subsection (b) of this section.

(b) The administrator may, in his discretion, upon the application of such a person, issue a certificate of self-insurance when he is satisfied that the person is possessed and will continue to be possessed of ability to pay judgments obtained against such person.

(c) Upon not less than five days' notice and a hearing pursuant to the notice, the administrator may upon reasonable grounds cancel a certificate of self-insurance. Failure to pay any judgment within thirty days after the judgment has become final shall constitute a reasonable ground for the cancellation of a certificate of self-insurance."

Section 287-44, Hawaii Revised Statutes, is amended by amending subsection

(b) to read as follows:

“(b) The administrator shall have the right to suspend the license of any person failing to make any report required hereunder until the report has been filed and for such further period not to exceed thirty days as the administrator may fix.”

Section 287-48, Hawaii Revised Statutes, is amended to read as follows:

“**Sec. 287-48 Application of chapter to suspensions and revocations prior to January 1, 1950.** Notwithstanding any provision herein to the contrary, the administrators of the several counties may accept the prescribed proof of financial responsibility from any person whose license has been suspended or revoked on account of a conviction based on an offense occurring prior to January 1, 1950, and who now applies for the issuance of a license. Upon acceptance of such proof, the duration, cancellation, or return thereof shall be governed by section 287-40.

The administrators may also waive the requirement of furnishing such proof if the person mentioned in the preceding paragraph, for a period of three years prior to his application for a license, has not been convicted of any additional offense or offenses which would require or permit the suspension or revocation of a license.

The duration, cancellation, or return of any proof of financial responsibility filed and maintained with the state director of finance prior to January 1, 1950, shall be governed by section 287-40.”

ACT 100

S.B. NO. 2439-80

A Bill for an Act Relating to Workers' Compensation.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Workers suffering work-related injuries are barred from bringing civil actions against their employers under the Workers' Compensation Law. The legislature finds that some workers are seeking recourse against third parties and are bringing actions against their labor organizations on the theory that the organization failed to adequately protect its members on matters related to safety and health and as a result, labor organizations are reluctant to discuss, agree on, and otherwise meaningfully deal with such problems. The legislature recognizes that employee safety and health issues have traditionally and properly been a subject of concern in labor-management relations and protection against such civil actions is necessary so that labor organizations may fully and fairly represent all their members in matters related to safety and health without being exposed to possible civil liability.

The purpose of this Act is to provide immunity for labor organizations from civil actions based on safety and health issues on the same basis that employers are afforded immunity under the Workers' Compensation Law.

SECTION 2. Chapter 386, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read:

"Sec. 386- Immunity from third party liability. The fair market value of the owner's basis shall be established to provide the lessor with just compensation for his interests in the lot and shall take into consideration every interest and equity of the lessee in establishing that market value. The value may be determined by either of the following methods, or any other method which is normally used by qualified appraisers in establishing the fair market value of a lessor's leased fee interest in land:

- (A) The sum of: (i) the future rental income stream for the lot for the term of the lease discounted to present worth from the expiration date of the lease; and (ii) the value of the lessor's reversionary interest in the lot discounted to present worth from the expiration date of the lease. The discount rate shall be based on the maximum rate of return for insured passbook demand saving account paid by the savings and loan institutions in Hawaii plus three and three-fourths per cent; provided, however, that the discount rate may be modified by mutual agreement of the lessor, lessee, and the authority; or
- (B) The current fair market value of the lot, valued as if it were a fee simple lot and as if the fee title were unencumbered, and excluding onsite improvements, established by a market data approach utilizing comparable sales, less the following:
 - (i) The value of the lease, including any rights therein, if any, which accrues to the lessee;
 - (ii) That percentage of the general enhancement of the neighborhood which has been paid for or contributed directly or indirectly by the lessee;
 - (iii) The current replacement cost of that portion of existing offsite improvements, including overhead and profit at prevailing rates, which were paid for or otherwise contributed directly or indirectly by the lessee;
 - (iv) That percentage of the general enhancement of the development tract and the lot caused by the onsite improvements on the lot paid for, or contributed, directly or indirectly, by the lessee;
 - (v) That amount, not otherwise deducted herein, allocated to the lot, which was paid for or otherwise contributed; directly or indirectly by the original lessee, computed at prevailing rates for overhead and profit in developing the development tract established by existing practice in the community; and
 - (vi) That amount for fees and costs which would ordinarily be borne by lessor in transferring such interest to lessee, including, but not limited to, attorneys' or realtors' commissions, other costs of sale, and similar fee;provided, however, that the values established by any one of the foregoing shall not be duplicated in any one of the other provisions."

If no agreement is reached within sixty days after the request to negotiate, the parties shall simultaneously exchange written final offers together with any appraisals, other documents, and any other expert opinions on which their negotiating positions were based. ACT 114

S.B. NO. 1441-80

A Bill for an Act Relating to Industrial Loan Companies.

Be It Enacted by the Legislature of the State of Hawaii:

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

SECTION 1. Section 408-2, Hawaii Revised Statutes, is amended by adding two new definitions to be appropriately inserted and to read as follows:

““Open-end loan” means a loan made by a licensee under this chapter pursuant to an agreement between the licensee and the borrower whereby:

- (1) The licensee may permit the borrower to obtain advances of money to the borrower from the licensee from time to time or the licensee may advance money on behalf of the borrower from time to time as directed by the borrower;
- (2) The amount of each advance and permitted interest and other charges are debited to the borrower's open-end loan account and payments and other credits are credited to the same account;
- (3) Interest and charges are computed on the unpaid principal balance or balances of the open-end loan account from time to time; and
- (4) The borrower has the privilege of paying either the full amount of the open-end loan account or periodic installments of fixed or determinable amounts as provided in the agreement.

“Billing cycle” means the time interval between periodic billing dates. Such intervals may be considered equal intervals of time unless the billing date varies by more than four days from the regular billing date.”

SECTION 2. Section 408-15, Hawaii Revised Statutes, is amended to read:

“Sec. 408-15 Interest rates; late charges; other charges; refunds; open-end loans. (a) No industrial loan company shall directly or indirectly charge, contract for, collect, or receive any interest, discount, fees, charges, or other consideration on any loan made by it except as provided by this section.

(b) Advance interest or discount. An industrial loan company may charge, contract for, receive, or collect in advance interest or discount at any rate which does not exceed the following maximum rate for the particular period and type of contract hereinafter set forth, computed in the manner set forth in section 408-3, at the inception of the contract, to wit:

- (1) Where interest is paid or deducted in advance for a period of not more than eighteen months upon any contract (whether the principal amount of the contract is payable in one payment at the end of the maturity period thereof or in installments), it shall not exceed twelve per cent a year computed in the manner set forth in section 408-3, at the inception of the contract.
- (2) Where interest is payable or deducted in advance upon a contract payable in a period of more than eighteen months, it shall not exceed an amount computed in the manner set forth in section 408-3, as follows: twelve per cent a year for the first eighteen months, plus nine per cent a year for the next twelve months (or portion thereof), plus six per cent a year for the next twelve months (or portion thereof), plus three per cent a year for the next six months (or portion thereof) of such period, as the case may be.

Interest shall not be deductible in advance for more than four years.

(For example: upon a contract, the principal amount of which is \$120, payable in twenty-four months, in monthly installments of \$5, the maximum amount of interest which may be deducted in advance under this

section is computed as follows:

12 per cent a year of \$120 for first 18 months	\$21.60
9 per cent a year of \$120 for next 6 months	5.40
Total interest deductible in advance of the contract	27.00)

- (3) In addition to requiring and collecting or deducting interest in advance, as aforesaid, the company may require and receive repayment of the principal amount of the contract in uniform weekly, monthly, or other periodic installments.
- (4) Late charges on delinquent installments. In addition to requiring and collecting or deducting interest in the manner and at the rates hereinbefore provided for, the company may also require and receive the payment of late charges not to exceed twelve per cent a year on any contractual installment or portion thereof which remains unpaid on the due date of the installment where there has been no extension or deferment by mutual agreement, or where the amount extended or deferred is not paid on the due date agreed upon. The company shall give the borrower written notice of the assessment of late charges prior to the due date for the next contractual payment. No late charges shall be assessed after acceleration of the maturity of the contract. This subsection (b)(4) shall not apply to open-end loans.
- (5) After maturity interest charges. Upon maturity of the contract, the rate of interest on the unpaid principal balance of the loan shall be eighteen per cent a year or the original contract rate of interest, whichever is less. This subsection (b)(5) shall not apply to open-end loans.

(c) Fraction of a month. In computing interest for any of the purposes of this section, or interest refunds under subsection (f), for any period, any fraction of a month shall be considered as a whole month.

(d) Where not an installment contract. Nothing in this chapter shall be deemed to prohibit an industrial loan company from lending money upon a contract to repay the principal amount at the end of the maturity period, instead of in installments, under which contract interest is either deductible in advance, or is payable in weekly, monthly, or other periodic installments, or at the end of such period, provided the interest payable or paid is not in excess of the maximum prescribed by this section for loans repayable in installments of principal.

(e) Applications, licensees only. No person, firm, or corporation (not holding a license issued under this chapter) shall charge, contract for, collect, or receive interest, discounts, fees, charges, or other consideration on any loan in the amount or in the manner provided in this section unless permitted so to do by other state law.

(f) Refunds; prepayment. On a contract which has been discounted or on which interest has been collected in advance, and which is then paid or refinanced or on which judgment is then obtained before maturity, the industrial loan company involved shall refund to the borrower on account of unearned discount or interest an amount computed, on that portion of the principal amount which has not yet matured, at the same rate of discount or interest as was charged at the time the contract was

made, for the term of the contract remaining after the date of the payment or after the date of the judgment; provided that no refund less than 25 cents need be made; and provided further that checks issued to refund interest which are not presented for payment within three years from the date of issue may be declared canceled and the sum thereof retained as earnings of the licensee. Each company shall permit any borrower from it to pay partially or wholly any contract or installment on a contract before the due date, if the contract has been in effect for a period of at least three months. The company shall not be required to refund any portion of the unearned discount or interest which results in a minimum discount or interest retained on the contract of less than \$15. This subsection (f) shall not apply to open-end loans.

(g) Deferred payments, interest, etc. Any payment on account of the principal amount of a contract, which is due on a particular date, may be extended or deferred to a later date by mutual agreement, and, upon the amount of the principal payment so extended or deferred, interest, not exceeding that permitted upon an original loan by this section, for the actual period of the extension or deferment, may be charged and may be collected in advance at the commencement of the period of extension or deferment, provided that the term and conditions of the extension or deferment, including the principal amount so extended or deferred, and the period of, and the charge for, the extension or deferment, shall be set forth in writing and signed in duplicate by the borrower and the company, one copy of the same to be kept on file with the contract and the other copy to be given to the borrower.

(h) Other charges. In addition to the interest, discount, or other charges permitted by this section, an industrial loan company shall also have power to collect in advance or otherwise from the borrower any of the following charges:

- (1) The actual taxes and fees charged by a governmental agency for recording, filing, or entering of record, any bill of sale, assignment, mortgage, chattel mortgage, or other conveyance, or any partial or complete release, discharge, or satisfaction of judgment, mortgage, lien, or other encumbrance, or any of such conveyances or instruments, of or on any real or personal property which constitutes all or a portion of the security on a contract;
- (2) Appraisal fees, and abstractors' fees, or title insurance actually paid to third parties, no portion of which fees inures to the benefit of the company;
- (3) Premiums actually paid for insuring real and personal property pledged as security on a contract, and premiums for insurance on the life and/or disability of the borrower, provided the insurance is obtained from insurance companies authorized to do and doing business in the State under the laws thereof and provided the borrower, if the property is adequately insured for the amount of the loan, shall not be required to substitute other insurance therefor upon the property or to take out additional insurance thereon; and
- (4) Attorney's fees, if provided for in the contract, and costs of court, incurred in the collection of any contract in default.
- (5) A charge not exceeding \$10 upon the transfer of any equity under a chattel mortgage or a conditional sale contract, or upon any partial or complete release, discharge, or satisfaction of judgment, mortgage, lien, or other encumbrance, or upon any of such conveyances of any real or personal

property which constitutes all or a portion of the security on a contract.

- (6) Loan fees or "points" on all loans primarily secured by an interest in real property where the interest rate is computed in accordance with subsection (j) of this section; provided, that the total finance charge payable by the borrower in connection with any such loan shall include the amount of any such loan fees or "points" and shall not exceed an annual percentage rate (as defined in the Federal Truth In Lending Act and the regulations of the Federal Reserve Board promulgated thereunder) of eighteen per cent per annum.
- (7) Any reasonable attorneys' fees incurred for the preparation of any contract, or any promissory note or any obligation evidencing an indebtedness, or any bill of sale, assignment, mortgage, chattel mortgage, or other conveyance, or any partial complete release, discharge, or satisfaction of judgment, mortgage, lien, or other encumbrance, or any of such conveyances or instruments of or on any real or personal property which constitutes all or a portion of security on a contract, or any other documents relating to a contract.
- (8) Actual charges for credit reports and other credit screening expenses incurred for loans of \$5,000 or more, provided that such charges shall not exceed \$15 per applicant and such charges are paid to third parties and no portion of such charges inures to the benefit of the company.

(i) Minimum discount or interest on conditional sale. When the discount or interest on a conditional sale contract of \$100 or more is less than \$15, a charge for discount or interest of \$15 shall be allowed.

(j) As an alternative to the interest authorized by subsection (b), an industrial loan company may contract for and receive interest at a rate not exceeding one and one-half per cent per month on the unpaid principal balance of a loan, for a loan period of no longer than fifteen years; provided that retail installment contracts as defined in section 476-1, unsecured loans for less than \$5,000, and loans for less than \$7,500 secured only by personal property shall not be contracted under this subsection for a loan period of longer than six years. Loans providing for repayment on demand may be contracted for, under this subsection and subject to a maturity date not later than six years from the date of the note. For loans contracted under this subsection with a term exceeding six years, the note shall provide for repayment of the loan in equal monthly installments over the term of the loan with a final payment not exceeding twice the monthly payment. Upon the maturity date of the contract, the rate of interest on the unpaid principal balance of the loan may be twelve per cent a year or the original contract rate of interest, whichever is greater.

In addition to collecting interest at the rate established in the first paragraph of this subsection, an industrial loan company may collect late charges on delinquent installments. Except as otherwise provided in chapter 476, relating to Retail Installment Sales, late charges shall not exceed five per cent of each delinquent contractual installment or portion thereof which remains unpaid on the due date agreed upon in the contract or \$50, whichever is less. The late charges shall not be collected more than once for the same delinquent installment. Delinquency occurs when the installment or payment is not paid on the due date agreed upon in the contract. The company

shall give the borrower written notice of the assessment of late charges prior to the due date of the next contractual payment. No late charges shall be assessed after acceleration of the maturity of the contract.

(k) Acceleration of installments. An industrial loan company shall have the rights, in the event of default under a contract or open-end loan agreement, to declare the entire unpaid balance under the contract or open-end loan agreement due and payable, subject to the interest refund provisions of this section, if applicable, and to exercise any other rights in addition to such acceleration as provided in the contract or open-end loan agreement, including without limitation the right to stop payment of advances to or on behalf of a borrower in default under the contract or open-end loan agreement, provided such other rights are not in conflict with the other provisions of this chapter.

(1) Open-end loan. An industrial loan company shall also have power to make open-end loans subject to the following requirements:

- (A) A licensee may not contract for and receive interest on an open-end loan in excess of that set forth in subsection (j) of this section.
- (B) A licensee shall not compound interest by adding any unpaid interest authorized by this subsection to the unpaid principal balance of the borrower's open-end loan account; provided that the unpaid principal balance may include the charges (other than interest) authorized by subsection (h) of this section.
- (C) Interest authorized by this subsection shall be deemed not to exceed the maximum interest permitted by this section if such interest permitted by this section if such interest is computed for each billing cycle at a monthly rate not to exceed that permitted in subsection (j) of this section by any of the following methods:
 - (i) By converting the monthly rate to a daily rate and multiplying such daily rate by each daily unpaid principal balance of the open-end loan account in the billing cycle, and then adding the products of all such multiplications (in which case the daily rate is determined by multiplying the authorized monthly rate by 12 and dividing by 365); or
 - (ii) By multiplying the monthly rate by the average daily unpaid principal balance of the open-end loan account in the billing cycle (in which case the average daily unpaid principal balance is the sum of the amount unpaid each day during the cycle divided by the number of days in the cycle); or
 - (iii) By converting the monthly rate to a daily rate and multiplying such daily rate by the average daily unpaid principal balance of the open-end loan account in the billing cycle, and then multiplying the product so obtained by the number of days in the billing cycle (in which case the daily rate is determined by multiplying the authorized monthly rate by 12 and dividing by 365, and the average daily unpaid principal balance is the sum of the amounts unpaid for all days during the cycle divided by the number of days in the cycle); or

- (iv) By converting the monthly rate to a daily rate by the method set forth in subparagraph (i) and multiplying such daily rate times the sum of all the daily unpaid principal balances of the open-end loan account during the billing cycle.
- (D) For all of the above methods of computation, the unpaid principal balance of any day shall be determined by adding to any balance unpaid as of the beginning of that day all advances and other permissible amounts (other than interest) charged to the borrower and deducting all payments and other credits made or received that day.
- (E) The borrower may pay all or any part of the unpaid balance in the borrower's open-end loan account, or the borrower may pay the unpaid balance in periodic installments, subject to minimum payment requirements, date of maturity and other conditions as determined by the licensee and set forth in the open-end loan agreement.
- (F) A licensee may not contract for and receive the fees, costs, and expenses permitted under subsection (h) of this section.
- (G) If credit life or disability insurance is provided, the additional charge for credit life insurance or credit disability insurance shall be calculated in each billing cycle by applying the current monthly premium rate for such insurance as such rate may be approved by the insurance commissioner pursuant to chapter 435, to the entire outstanding balances in the borrower's open-end loan account, or so much thereof as the insurance covers using any of the methods specified in this subsection for the calculation of loan interest. A licensee shall not be responsible for advancing premiums for credit life or disability insurance on a borrower who is delinquent in the making of the required minimum payments on the loan if one or more of such payments is past due for a period of ninety days or more; provided that the licensee shall advance to the insurer the amounts required to keep such insurance, if provided, in force during such ninety-day period, which amounts may be debited to the borrower's open-end loan account.
- (H) A licensee, until the open-end loan account is terminated, may retain any security interest in real or personal property given to secure the open-end loan account. Upon such termination the licensee shall, within ten business days following receipt of written demand by the borrower, release the mortgage, security interest, pledge, or other security for the open-end loan. For the purposes of this paragraph, termination of the open-end loan account by mutual agreement where the borrower has paid all amounts owed on the open-end loan account and the borrower has complied with all of the terms of the open-end loan agreement. Nothing in this paragraph shall preclude any licensee from exercising any other rights the licensee has to or in the security for open-end loans in the event of the borrower's default. Notwithstanding any other provision in this chapter, no open-end loan may be secured by a lien on the borrower's principal residence. The lender shall require certification, by the borrower, that the real property used

as security for the open-end loan is not the borrower's principal residence, and the lender may rely thereon.

- (1) If the open-end loan agreement is a retail installment contract, the licensee shall comply with the requirements of chapter 476."

SECTION [3.]† Section 408-17, Hawaii Revised Statutes, is amended to read:

"Sec. 408-17 Making and payment of loans; written receipts and statements; chart of rates, etc. Every licensee shall:

- (1) Deliver to the borrower at the time any contract other than a contract for an open-end loan is made a statement showing clearly and distinctly the terms, the amount, and date of the loan and of its maturity, the nature of the security, if any, the name and address of the borrower and of the licensee, the agreed rates of all charges and the actual effective rate of interest a year on the contract; this statement shall contain such additional information as the bank examiner may require;
- (2) Give to the borrower a plain and complete receipt for all payments of installments made on any loan at the time the payments are made or at the time of sending the borrower the periodic statement (as described in paragraph (5) of this section) for the billing cycle in which such payment was made, together with such additional information as the bank examiner may require;
- (3) Upon repayment in full of a loan other than an open-end loan, mark forthwith indelibly every application and security signed or executed by the borrower with respect to such loan (where the security does not also secure any other then existing obligation to the lender) with the word "paid" or "canceled", and release any mortgage, restore any pledge, cancel and return any note, and cancel and return any assignment given to the licensee by the borrower with respect to the loan (where the security does not also secure any other then existing obligation to the lender);
- (4) Deliver to the borrower at the time any open-end loan account is opened a copy of the open-end agreement and, to the extent the following items are not covered by the loan agreement, a statement showing clearly and distinctly the terms under which the open-end loans are to be made, the nature of the security, if any, the name and address of the borrower and of the licensee, the agreed rates of charges and the actual effective rate of interest under section 408-15, together with such additional information as the bank examiner may require; and
- (5) Except in the case of an open-end loan account which the licensee deems to be uncollectible or with respect to which delinquency collection procedures have been instituted, the licensee shall deliver to the borrower, or any one thereof, at the end of each billing cycle in which there is an outstanding balance of more than \$1 in the open-end loan account or with respect to which a finance charge is imposed, a periodic statement of the dates and amounts of interest and other charges, advances and other debits, and

ACT 120

H.B. NO. 2361-80

A Bill for an Act Relating to Public Assistance.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 346-1, Hawaii Revised Statutes, is amended by adding a new definition of "residential treatment facility" to read:

"Residential treatment facility" means a facility which provides twenty-four-hour living accommodations, treatment, and rehabilitation to two or more persons who are alcohol or drug abusers, mentally ill, or socially or emotionally distressed persons. It shall not be considered a domiciliary care facility."

SECTION 2. Section 346-51, Hawaii Revised Statutes, is amended to read:

"**Sec. 346-51 Public assistance and child welfare services administered by department.** The department of social services and housing shall administer public assistance and child welfare services in the several counties except for payments administered under the Federal Supplemental Security Income Program or its successor agency. No person shall be denied the right to petition the department for additional assistance as established under section 346-53(i)."

SECTION 3. Section 346-53, Hawaii Revised Statutes, is amended to read:

“Sec. 346-53 Determination of amount of assistance. (a) The director shall adopt rules pursuant to chapter 91 concerning the determination of public assistance grants under this chapter. Public assistance grants shall be sufficient to maintain a standard consistent with this chapter. In granting public assistance to a person under this chapter the department may take into account part or all of the needs of the person’s dependents or those persons essential to his well-being, provided that they are also eligible for public assistance. In the event that a public assistance grant to a recipient has taken into consideration only part of the needs of other eligible persons this public assistance grant shall be without prejudice to a separate public assistance grant to such other eligible persons or any of them, as may be proper to meet their remaining needs and in compliance with this chapter.

(b) The maximum basic needs allowance which the department shall initially pay a recipient considering income and resources in accordance with this chapter shall be \$100 plus an additional \$44 for each additional person whose needs have been taken into account by the department. Beginning January 1, 1978 and on or before January 1 of each odd-numbered year thereafter, the director shall submit a report to the legislature indicating the amount of additional moneys required to implement a cost of living increase for the adjusted basic needs allowance equal to the annual percentage increase, rounded to the nearest dollar:

- (1) In the average weekly wage in covered employment as computed by the director of labor and industrial relations pursuant to section 383-22, or
- (2) In the consumer price index for Hawaii as computed by the United States Department of Labor, whichever is lowest.

The director shall request that such amount be reflected in that portion of the executive budget relating to the department. If additional funds are appropriated for a cost of living adjustment, then the adjusted basic needs allowance shall be adjusted to reflect the appropriation. The department shall pay a recipient the maximum basic needs allowance if the department determines that his needs are not reduced by his income or resources.

(c) If a child is eligible for public assistance under section 346-55, and if the child lives in a home or a place of residence maintained as a home by a relative specified under section 346-55, and if such a relative is a person essential to the child’s well-being, then the department shall pay in behalf of each child the basic needs allowance and shelter allowance as prescribed in this chapter. The department shall make such payment regardless of whether such relative does or does not receive public assistance.

(d) For recipients in nondomiciliary shelter, the shelter allowance (to include rent and utilities) shall be for cost paid, up to the maximum as provided in the following schedule:

- (1) \$175 for 1 person;
- (2) \$215 for 2 persons;
- (3) \$240 for 3 persons;
- (4) \$265 for 4 persons;
- (5) \$290 for 5 persons;
- (6) \$320 for 6 persons;
- (7) \$360 for 7 or more persons.

(e) The director shall determine the amount of maximum shelter allowance for each recipient who is residing in a residential treatment facility. This amount shall be equal to the cost to each such facility for providing shelter to such recipient; provided that the amount shall not include any cost of such facility normally attributed to determining the basic needs allowance or for providing treatment and rehabilitation to the recipient. No maximum shelter allowance amount determined by the director shall exceed the amount under subsection (d). The director shall adopt the criteria for determining the maximum shelter allowance under this subsection by rule in accordance with chapter 91; provided that the actual amounts shall not be required to be adopted by rule.

(f) The director shall pursuant to chapter 91 determine the rate of payment for the different levels of domiciliary care provided to recipients eligible for Federal Supplemental Security Income or public assistance in accordance with state standards.

The rate of payment at which level a recipient enters an adult family boarding home or a care home licensed pursuant to sections 346-91 and 321-15.6, shall remain the same for as long as the recipient resides in that adult family boarding home or care home. The rate of payment may be raised if the recipient's condition so requires, or by rule of the department in accordance with this subsection; provided that notwithstanding the rate of payment at the time of entry, the department shall ensure that the recipient shall receive the quality of care consistent with the level of care as determined by the department; provided further that if the operator does not provide the quality of care consistent with the needs of the individual as determined by and to the satisfaction of the department, the department may reduce the rate of payment, or adjust the level of care, or remove the recipient to another facility. The department shall handle abusive practices under this section in accordance with chapter 91.

Nothing in this subsection shall allow the director to remove a recipient from an adult family boarding home, care home, or other similar institution if the recipient does not desire to be removed and the operator thereof is agreeable to the recipient remaining therein, except where the recipient requires a higher level of care than provided thereby, or where the recipient no longer requires any domiciliary care.

(g) The department shall establish rules pursuant to chapter 91 for supplement payments under the Federal Supplemental Security Income Program or its successor agency, such that a recipient's payments and benefits do not exceed the total of the maximum basic needs allowance and shelter allowance as provided by this chapter; provided that if a recipient sharing housing with a person receiving a shelter allowance from the department could qualify as an essential person to or dependent of such person, then the recipient shall be considered to live in free shelter. A recipient renting private housing or purchasing the home he lives in shall receive a shelter allowance for cost paid, up to the maximum established in subsection (d).

(h) The department shall pay rental and utility (to include gas, electricity, and water only) deposits once only for any person eligible for financial assistance by the department. However, under extraordinary circumstances as determined by the department, an additional rental and/or utility deposit may be granted.

(i) Any recipient may petition the department for additional assistance when his need is due to emergencies caused by seismic wave, tsunami, hurricane, volcanic eruption, typhoon, earthquake, flood, or fire determined by the director to have

caused losses as to require and justify additional assistance from the State. In addition any recipient may petition the department for additional assistance for the replacement or repair of household appliances. Such additional assistance shall be paid on an emergency basis, as determined by the department, to meet the cost of replacing or repairing household appliances. If the cost of repairs of household appliances is less than one-half the unit cost of the item, the department shall pay for the cost of repairs. If the cost of repairs of household appliances is more than one-half the unit cost of the item, the department shall replace the household appliance; provided the replacement cost shall not exceed \$350. For the purposes of this subsection "household appliances" means a refrigerator or a range.

The department shall establish an emergency fund, not to exceed one per cent of total financial assistance from state funds required by this chapter in the previous fiscal year. The director shall adopt rules pursuant to chapter 91 for determining in which cases to grant lump sum payments to recipients petitioning for additional assistance."

ACT 126

H.B. NO. 2897-80

A Bill for an Act Relating to Special Facility Revenue Bonds.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. **Findings and purpose.** The legislature finds and declares that ocean cargo transportation provided by persons engaged in maritime and maritime-related operations is essential to the social and economic well-being of the people of the State of Hawaii; that the cost of providing this service is incorporated in the rates and charges assessed to the users thereof, which is in turn passed on to the general public; that one of the significant economic factors that has a long-term adverse impact upon users and the general public is the extremely high cost of financing of construction of harbor special facilities through conventional means; that the avail-

ability and use of lower cost financing for that purpose will have a favorable financial impact upon the cost of transporting ocean cargo which in turn will benefit such users and the general public; and that it is therefore in the public interest and a public purpose that the department of transportation be allowed to make available lower cost financing through the issuance of special facility revenue bonds for the construction, acquisition, remodeling, furnishing, and equipping of state-owned special facilities, for use by persons engaged in maritime and maritime operations as leasehold tenants thereof.

SECTION 2. Chapter 266, Hawaii Revised Statutes, is amended by adding a new part to be appropriately designated and to read as follows:

**“PART
SPECIAL FACILITY PROJECTS**

Sec. 266- Definitions. For the purpose of this part, if not inconsistent with the context:

- (1) “Special facility” means one or more buildings, structures, or facilities on land owned by the State for maritime operations, including cargo handling and control; storage, repair, maintenance, and servicing of marine and marine-related equipment; and offices and accommodations for the personnel and employees of persons engaged in maritime and maritime-related operations which are the subject of a special facility lease.
- (2) “Special facility lease” includes a contract, lease, or other agreement, or any combination thereof, the subject matter of which is the special facility.
- (3) “Remodeling” includes reconstruction, renovation, rehabilitation, improvement, betterment, or extension of a special facility.

Sec. 266- Powers. In addition and supplemental to the powers granted to the department by law, the department may:

- (1) With the approval of the governor, and without public bidding, enter into a special facility lease or an amendment or supplemental thereto whereby the department agrees with another person engaged in maritime and maritime-related operations to construct, acquire, or remodel and furnish or equip a special facility solely for the use by such other person to a special facility lease; provided that such special facility lease may be amendatory and supplemental to an existing lease between the department and such other person for the land upon which the special facility which is the subject of such special facility lease is to be situated.
- (2) With the approval of the governor, issue special facility revenue bonds in such principal amounts as may be necessary to yield the amount of the cost of any construction, acquisition, remodeling, furnishings, and equipping of any special facility; provided that the total principal amount of the special facility revenue bonds which may be issued pursuant to the authorization of this paragraph shall not exceed \$20,000,000.
- (3) Perform and carry out the terms and provisions of any special facility lease.
- (4) Notwithstanding section 103-7 or any other law to the contrary, acquire, construct, or remodel and furnish or equip any special facility, or accept the assignment of any contract therefor entered into by the other person to the

special facility lease.

- (5) Construct any special facility on land owned by the State.
- (6) Agree with the other person to the special facility lease whereby any acquisition, construction, remodeling, furnishing, or equipping of the special facility and the expenditure of moneys therefor shall be undertaken or supervised by such other person. Neither such undertaking by such other person nor the acceptance by the department of a contract theretofore entered into by such other person therefor, shall be subject to section 103-22.

Sec. 266- Findings and determination for special facility leases. The department shall not enter into any special facility lease unless the department shall first find and determine that:

- (1) The special facility which is to be the subject of such special facility lease will not be used to provide services, commodities, supplies, or facilities which are then adequately being made available through the harbors system of the State;
- (2) The use or occupancy of the special facility under such special facility lease would not result in the reduction of the revenues derived from the harbors system to an amount below the amount required to be derived therefrom by section 39-59; and
- (3) The entering into of such special facility lease would not be in violation of or result in a breach of any covenant contained in any resolution or certificate authorizing any bonds of the State and the department then outstanding.

Sec. 266- Special facility lease. (a) In addition to the conditions and terms set forth in this part, any special facility lease entered into by the department shall contain provisions obligating the other person to the special facility lease:

- (1) To pay to the department during the term of the special facility lease, whether the special facility is capable of being used or occupied or is being used or occupied by the other person, a rental or rentals at such time or times and in such amount or amounts as will be sufficient: to pay the principal and interest on all special facility revenue bonds issued for the special facility, to establish or maintain any reserves for such payments, and to pay all fees and expenses of the trustees, paying agents, transfer agents, and other fiscal agents for the special facility revenue bonds issued for the special facility.
- (2) To pay to the department a ground rental equal to the fair market rental of the land, if the special facility is situated on land owned by the department.
- (3) To either operate, maintain, and repair the special facility and pay the costs thereof or to pay to the department all costs of operation, maintenance, and repair of the special facility.

(b) Any moneys derived by the department pursuant to subsection (a)(1) of this section shall be deemed revenues of the special facility. Any moneys received by the department pursuant to subsection (a)(2) and (3) of this section shall be paid into the harbor special fund and shall not be nor be deemed to be revenues of the special facility.

(c) The term and all renewals and extensions of the term of any special facility lease (including any amendments or supplements thereto) shall not extend beyond the reasonable life of the special facility which is the subject of such special facility lease, as estimated by the department at the time of the entering into thereof, or thirty-five years, whichever is less.

(d) Any special facility lease entered into by the department shall be subject to chapter 171 and shall contain such other terms and conditions as the department deems advisable to effectuate the purposes of this part.

Sec. 266- Special facility revenue bonds. All special facility revenue bonds authorized to be issued shall be issued pursuant to sections 39-51 to 39-70, except as follows:

- (1) No such revenue bonds shall be issued unless at the time of issuance the department shall have entered into a special facility lease with respect to the special facility for which such revenue bonds are to be issued.
- (2) Such revenue bonds shall be issued in the name of the department, and not in the name of the State.
- (3) No further authorization of the legislature shall be required for the issuance of the special facility revenue bonds, but the approval of the governor shall be required for such issuance.
- (4) Such revenue bonds shall be payable solely from and secured solely by the revenues derived by the department from the special facility for which they are issued, as defined in section 266- (a)(1).
- (5) The final maturity date of such revenue bonds shall not be later than either the estimated life of the special facility for which they are issued or the initial term of the special facility lease.
- (6) If deemed necessary or advisable by the department, or to permit the obligations of the other person to the special facility lease to be registered under the U.S. Securities Act of 1933, the department with the approval of the state director of finance may appoint a national or state bank within or without the State to serve as trustee for the holders of the revenue bonds and may enter into a trust indenture or trust agreement with such trustee. The trustee may be authorized by the department to collect, hold, and administer the revenues derived from the special facility for which the revenue bonds are issued and to apply such revenues to the payment of the principal and interest on such revenue bonds. In the event that any such trustee shall be appointed, any trust indenture or agreement entered into by the department with the trustee may contain the covenants and provisions authorized by sections 39-51 to 39-70 to be inserted in a resolution adopted or certificate issued, as though the words "resolution" or "certificate" as used in those sections read "trust indenture or agreement". Such covenants and provisions shall not be required to be included in the resolution or certificate authorizing the issuance of the revenue bonds if included in the trust indenture or agreement. Any resolution or certificate, trust indenture, or trust agreement adopted, issued, or entered into by the department pursuant to this part may also contain any provisions required for the qualification thereof under the U.S. Trust Indenture Act of 1939. The department may pledge and assign to the trustee the special facility lease and the rights of the

department including the revenues thereunder.

- (7) If the department with the approval of the state director of finance shall have appointed or shall appoint a trustee for the holders of the revenue bonds, then notwithstanding the second sentence of section 39-65 the director of finance may elect not to serve as fiscal agent for the payment of the principal and interest, and for the purchase, registration, transfer, exchange, redemption, of the revenue bonds, or may elect to limit the functions the director shall perform as such fiscal agent. The department with the approval of the director of finance may appoint the trustee to serve as such fiscal agent, and may authorize and empower the trustee to perform such functions with respect to such payment, purchase, registration, transfer, exchange, and redemption, as the department may deem necessary, advisable, or expedient, including, without limitation, the holding of the revenue bonds and coupons which have been paid, and the supervision and destruction thereof in accordance with sections 40-10 and 40-11. Nothing in this paragraph shall be a limitation upon or be construed as a limitation upon the powers granted in the preceding paragraph to the department with the approval of the director of finance to appoint the trustee, or granted in sections 36-3 and 39-12 and the third sentence of section 39-65 to the director of finance to appoint the trustee or others, as fiscal agents, paying agents, and registrars for the revenue bonds or to authorize and empower such fiscal agents, paying agents, and registrars to perform the functions referred to in such paragraph and sections, it being the intent of this paragraph to confirm that the director of finance as aforesaid may elect not to serve as fiscal agent for the revenue bonds or may elect to limit the functions the director shall perform as such fiscal agent, as the director of finance may deem necessary, advisable, or expedient.
- (8) The department may sell such revenue bonds either at public or private sale.
- (9) If no trustee shall be appointed to collect, hold, and administer the revenues derived from the special facility for which such revenue bonds are issued, such revenues shall be held in a separate account in the treasury of the State, separate and apart from the harbor special fund, to be applied solely to the carrying out of the resolution, certificate, trust indenture, or trust agreement authorizing or securing such revenue bonds.
- (10) If the resolution, certificate, trust indenture, or trust agreement shall provide that no revenue bonds issued thereunder shall be valid or obligatory for any purpose unless certified or authenticated by the trustee for the holders of such revenue bonds, signatures of the officers of the State upon such bonds and the coupons thereof as required by section 39-64 may be evidenced by their facsimile signatures.
- (11) The proceeds of such revenue bonds may be used and applied by the department to reimburse the other person to the special facility lease for all preliminary costs and expenses, including architectural and legal costs.
- (12) If the special facility lease shall require the other person to operate, maintain, and repair the special facility which is the subject of such lease, at the other person's expense, such requirement shall constitute compliance by the department with section 39-59(2), and none of the revenues derived by

the department from such special facility shall be required to be applied to the purposes of section 39-60(2). Sections 39-60(4), 39-60(5), and 39-60(6) shall not be applicable to the revenues derived from a special facility lease.

Sec. 266- Limitation on bond issuance. No special facility revenue bonds shall be issued under this part after June 30, 1983.”

Display of the distinguishing license plate or decal and registration card shall constitute prima facie evidence that the vehicle is currently registered.

The registered owner or lessee of any vehicle registered pursuant to this section shall display in a conspicuous place on both the right and the left side of each vehicle, the name, trademark, or logo of the company. The display of the name, trademark, or logo shall be printed in sharp contrast to the background of the vehicle and shall be of such size, shape, and color as to be readily identifiable during daylight hours from a distance of fifty feet.

- (4) For the reimbursement of moneys actually expended from income or from any other moneys in its treasury not secured by or obtained from the issue of its stocks or stock certificates, or bonds, notes, or other evidences of indebtedness, for any of the aforesaid purposes, except maintenance of service, replacements, and substitutions not constituting capital expenditure in cases where the water carrier has kept its accounts for such expenditures in such manner as to enable the commission to ascertain the amount of moneys so expended and the purposes for which the expenditures were made, and the sources of the funds in its treasury applied to the expenditures.

As used herein, “property” and “facilities”, mean property and facilities used in all operations of a water carrier whether or not included in its regulated operations or rate base. A water carrier may not issue securities nor enter into long-term leases of more than three years and leverage leases, to acquire property or to construct, complete, extend or improve or add to its facilities or service, if the commission determines that the proposed purpose will have a material adverse effect on its operations. No carrier shall repurchase or reissue its own common stock without prior commission approval.

All stock and every stock certificate, and every bond, note, or other evidence of indebtedness of a water carrier not payable within twelve months, issued without an order of the commission authorizing the same, then in effect, shall be void. A Bill for an Act Relating to Motor Vehicles.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Chapter 249, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read as follows:

"Sec. 249- New motor vehicle with temporary number plates. Any person who has purchased a new motor vehicle which has attached temporary number plates under section 286-53 shall register the new motor vehicle in accordance with this chapter within twenty days after taking possession of the motor vehicle. For the purposes of this chapter, the registration of such a motor vehicle shall be considered an original registration under section 249-7. Within thirty days of the original registration of such a motor vehicle, the director of finance shall furnish two number plates and the valid tag or emblem appropriate for the year of registration, if any, which shall be attached to the motor vehicle as provided under section 249-7. Upon attachment of the number plates, the temporary number plates provided under section 286-53 shall be destroyed."

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

SECTION 2. Section 249-7, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 249-7 Number plates. Upon receipt of the tax the director of finance shall number and register the vehicle in the owner’s name in a permanent record or book to be kept by him for this purpose, and shall furnish the owner thereof with a receipt showing upon its face the license number issued for the vehicle and the fact that the license tax has been paid thereon for the whole or the remainder of the current year in which the receipt is issued. The director of finance shall also furnish the owner, upon the original registration of the vehicle, two number plates for the vehicle or one plate in the case of trailers, semi-trailers, or motorcycles with the registration number marked thereon. The rear number plate shall have impressed thereon the year for which that series of number plates was first issued and during that year the number plates alone shall be evidence of the payment of the license tax. For original registration in subsequent years and upon the payment of the tax for each year subsequent to the year of original registration, a tag or emblem bearing a serial number and the year of issue shall be provided to the owner. Transfer of current number plates, tag, or emblem, except as authorized by this chapter or by chapter 286, is declared a misdemeanor, punishable by a fine of not more than \$50 for each offense.

Upon an original registration the director of finance shall fix, and shall charge to the owner, a fee equal to the cost of the number plate and tag or emblem plus the administrative cost of furnishing such plate and tag or emblem and effecting the registration. Upon the issuance of a new series of number plates as determined by the lieutenant governor, the director of finance shall charge the owner a fee equal to the costs of the number plate plus the administrative cost of furnishing such plates. Upon issuing a tag or emblem in subsequent years, the director of finance shall charge the owner a fee of 50 cents. The owner shall securely fasten the number plates on the vehicle, one on the front and the other on the rear thereof, in such a manner as to prevent the plates from swinging and at a minimum of twelve inches from the ground. Number plates shall at all times be displayed entirely unobscured and be kept reasonably clean. In the case of trailers, semi-trailers, or motorcycles, one plate shall be used and it shall be fastened to the rear thereof.

Upon the issuance of the tag or emblem in any year in which the number plates do not evidence the payment of the current year’s tax and for each year subsequent to the year of the initial payment of the tax and the original registration of the vehicle, the owner shall affix the tag or emblem to the rear number plate.

After the initial payment of the tax and the original registration of a vehicle as herein specified, a motor vehicle shall not be required to be reweighed in any succeeding year unless it has been so altered or changed as to increase or diminish its weight. No new number plates shall, however, be issued to a new owner except as provided in sections 249-8 and 249-

Should an owner of a vehicle registered in any county, upon the disposition of the vehicle, request that the license plates furnished to him with respect to the registration of the vehicle be assigned to another vehicle subsequently acquired by him, the assignment may be made by the director of finance at his discretion. To defray additional administrative costs incurred by acceding to such requests, the director of finance shall charge a fee of \$5 for each such reassignment of license

plates, in lieu of the fee for registration provided hereinafter. The procedure for registering the vehicles shall otherwise be identical with that provided by this section.

The director of finance shall, on or before the fifth day of each month, send to the chief of police of the county a list of the numbers issued by him and of changes in ownership recorded by him during the preceding month, together with a general description of the vehicles and the name and address of the owner to whom issued or registered. The chief of police shall retain each such list as a permanent record of his office."

SECTION 3. Section 249-11, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 249-11 Fraudulent use of plates and other misdemeanors; penalties.

Any person who attaches to and uses on any vehicle plates not furnished in accordance with sections 249-1 to 249-13 or 286-53, or who fraudulently uses such number plates upon any vehicle other than the one for which the number plates were issued, or who molests or disturbs any vehicle which has been seized pursuant to sections 249-1 to 249-13, or any person who knowingly uses a motor vehicle, the tax upon which is delinquent, upon public highways of this State, or any director of finance who issues a certificate of registration or number plates to any person who has not paid the tax required by sections 249-1 to 249-13, or any person who violates any of the provisions of such sections, shall be fined not more than \$500."

SECTION 4. Section 286-53, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 286-53 Dealers in new motor vehicles. (a) A manufacturer of or dealer in new motor vehicles having an established place of business, owning any such new vehicles and operating them upon the public highways exclusively for the purposes of his business, in lieu of registering each such new vehicle, may make application upon an official blank provided for that purpose to the director of finance for a general distinguishing number or symbol.

(b) Upon receipt of the application, the director of finance shall issue to the applicant a certificate of registration, containing the latter's name and business address, and the general distinguishing number or symbol assigned to him in such form and containing such further information as the director of finance may determine, and every new vehicle owned or controlled by the manufacturer or dealer, and permitted to be registered under a general distinguishing number, while being operated for the purposes of his business only, shall be regarded as registered thereunder until the vehicle is sold and the sale has been recorded by the director of finance.

(c) The director of finance shall also, upon receipt of the application, or thereafter, furnish to the manufacturer or dealer:

- (1) Permanent number plates which shall be attached to new motor vehicles which are used by the applicant only for demonstration of the new motor vehicles to customers upon the public highways if requested by the applicant. The price of each permanent number plate shall be established by the director of finance under chapter 91. Each permanent number plate shall display upon it the registration number which is assigned to the applicant and a different letter or symbol to differentiate it from other plates furnished

to the applicant. Permanent number plates which are detached from a new motor vehicle which has been sold may be used on another new motor vehicle; and

- (2) Temporary motor vehicle plates, if the applicant is a new motor vehicle dealer, which plates shall be blank except for an area on the lower right corner which shall be utilized for validation of the temporary plates. The validation shall not be reproducible by any person other than the director of finance, or director of finance of another county if an agreement is made to utilize a uniform validation, shall signify the official status of the temporary number plate, and be designed to be visible from a distance of two feet.

The directors of finance of any two or more counties may agree to utilize a uniform designation to be placed upon the temporary number plate. The director of finance shall establish the material used for the temporary number plate and a charge by rule under chapter 91 for each temporary number plate.

(d) Whenever the design of the number plates issued under chapter 249 is changed, the new motor vehicle dealer shall apply to the director of finance for the most current permanent number plates. Before issuing the current permanent number plates, the director of finance shall require each applicant to return the permanent number plates issued previously. If any permanent number plates issued previously have been lost or destroyed, the manufacturer or dealer who applies for the permanent number plates shall certify in writing to the director of finance that the permanent number plates have been lost or destroyed and that if any lost permanent number plates are found, they shall be returned forthwith to the director of finance. Upon receipt of the certificate, the director of finance shall issue an equal number of the most current permanent number plates as have been certified to be lost or destroyed.

(e) Whenever a new motor vehicle dealer sells a new motor vehicle to a person, the new motor vehicle dealer shall detach the permanent number issued under subsection (c) from that new motor vehicle and replace it with two temporary motor vehicle plates. The temporary number plates shall be attached in the same location as required for number plates under section 249-7. The new motor vehicle dealer shall print upon the temporary motor vehicle plates the:

- (1) Date which is thirty working days after the date which the person takes possession, which date shall be placed in the middle of each temporary number plate in numbers not less than four inches in height;
- (2) Name and address of the new owner;
- (3) Name and address of the new motor vehicle dealer;
- (4) Serial number of the new motor vehicle; and
- (5) Date the new motor vehicle owner took possession of the motor vehicle.

Items (2) through (5) shall be printed in the upper left corner of the temporary number plates.

The temporary number plates shall be valid through the date listed in item (1). Any person who operates a motor vehicle with an expired temporary number plate shall be fined not more than \$100.

(f) No manufacturer or dealer shall permit the operation of any motor vehicle owned or controlled by him upon any public highway, unless permanent number plates assigned to him are attached thereto, in the manner specified in this part;

ACT 134

provided that the new vehicles may be operated without permanent number plates attached thereto on the initial continuous movement from the place of entry of the vehicle into this State to the warehouse, storeroom, salesroom, or other place of business selected by the manufacturer or dealer.

(g) Every manufacturer or dealer, upon the sale, lease, or other transfer by him of a new vehicle registered under a general distinguishing number, as herein provided, shall forthwith give notice of the transfer to the director of finance upon the appropriate official form, stating the date of the transfer, a description of the vehicle, the name and post office address of the transferee, and certifying that temporary number plates have been provided for the motor vehicle of the transferee.

Following the transfer, if application for registration has been made by or on behalf of the transferee, the vehicle may be operated until duly registered by the director of finance under chapter 249 and this chapter or until the expiration of the temporary number plates whichever occurs sooner.

(h) The director of finance may, at his discretion, grant a temporary permit to operate a vehicle, a registration for which has been applied for.

(i) For the purposes of this section:

- (1) "New motor vehicle dealer" means a dealer licensed under chapter 437 to engage in the business of selling at wholesale or retail or both, new motor vehicles or used motor vehicles;
- (2) "Permanent number plate" means a number plate furnished to a manufacturer or dealer under subsection (c)(1) for a motor vehicle which is similar to the number plate issued under section 249-7 and which allows the motor vehicle to be operated on the public highways; and
- (3) "Temporary number plate" means the number plate furnished to a new motor vehicle dealer under subsection (c)(2)."

ACT 134

H.B. NO. 2633-80

A Bill for an Act Relating to the Job Sharing Pilot Project in the Department of Education.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. **Purpose.** Act 150, Session Laws of Hawaii 1978, established a three-year pilot project in the department of education to test the feasibility of job-sharing. The purpose of this Act is to make two changes in the pilot project design for the remaining year of the test period: (1) to remove the restriction that only classroom teachers may apply, thereby enabling such personnel as school counselors and school

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

librarians to participate in job-sharing, and (2) to remove the restriction that only five per cent of the eligible personnel at any one school may participate. This Act also makes one technical change to correct an inadvertent omission in Act 150.

SECTION 2. Section 1, Act 150, Session Laws of Hawaii 1978, is amended to read as follows:

“SECTION 1. The legislature finds that the increasing mobility of society, changing patterns of socio-economic needs and values, and the economic realities of life in Hawaii require consideration of innovative approaches to ensuring the availability of sufficiently flexible employment opportunities to meet the varying needs of Hawaii’s people. Job-sharing, which would provide half-time positions in place of full-time positions, is an innovation which will increase the available employment options so that the people may have the opportunity to be employed on the basis of their financial or other needs, without, perhaps, the necessity of being employed on a full-time basis. The legislature further finds that the merits of job-sharing warrant systematic experimentation to determine its utility as an employment option. The department of education, the legislature finds, is an appropriate agency within which to initiate a job-sharing pilot project, due to the possibility of expanding the number of jobs under job-sharing and its possible impact upon the disproportionate numbers of unemployed teachers and other certificated school personnel in the State. Moreover, implementation of job-sharing may create more stimulating environments for school personnel in their professional capacities, and may also provide additional educational stimulus for students. The augmentation of school personnel skills may also be a result of job-sharing in the department of education, for school personnel would have greater time available to them to pursue additional training and education, further benefiting the educational system of the State.

The purpose of this Act, therefore, is to establish a voluntary job-sharing pilot project in the department of education.”

SECTION 3. Section 2, Act 150, Session Laws of Hawaii 1978, is amended to read as follows:

“SECTION 2. There is established a three-year job-sharing pilot project to be conducted by the department of education for the 1978–79, 1979–80, and 1980–81 academic years; provided that the department of education shall not implement the pilot project without first carefully developing its plans, procedures, and guidelines and shall initiate the project to the extent practicable during the 1978–79 academic year. Job-sharing, for the purpose of this Act, is the voluntary equal division of one full-time permanent position between two employees, each performing one-half of the work required for the permanent position. The two half-time positions resulting from the division of one full-time position shall constitute two job-sharing positions. The department of education shall devote no more than one hundred full-time, permanent positions to job-sharing, pursuant to this Act. The department shall administer the pilot project established by this Act, and shall, in consultation with the representatives of the appropriate bargaining units adopt guidelines for the implementation of this Act.”

SECTION 4. Section 3, Act 150, Session Laws of Hawaii 1978, is amended to read as follows:

“SECTION 3. The following shall constitute general requirements of the pilot project, and shall be followed in the implementation of this Act:

- (1) The superintendent of education shall announce the pilot project to all full-time, tenured, certificated personnel of the department excluding educational officers and shall solicit the voluntary requests of such personnel who may be interested in participating in the job-sharing pilot project.
- (2) The superintendent shall, in consultation with the recognized employee bargaining units, formulate and adopt guidelines for the implementation of this Act. Employees who respond to the announcement and others who may request information shall receive a full written description of the terms of the pilot project when the guidelines are finalized and those desiring to participate may apply to participate in the project. The employees who apply for participation shall obtain the concurrence of their immediate supervisor, other appropriate personnel officers, and the superintendent. Those who qualify shall then be interviewed by a personnel officer of the department. Participation shall be for school years 1978–79, 1979–80, or 1980–81, except as provided in paragraph (6) of this section.
- (3) Upon the selection of a permanent, full-time employee for job-sharing under this Act, the superintendent shall for the purposes of this Act, convert the position of the employee into two job-sharing positions, one of which shall be filled by the employee, and the other which shall be filled by hiring under this Act.
- (4) Persons hired to fill job-sharing positions shall be recruited through this Act; provided that any person hired for a job-sharing position shall possess the minimum requirements of the full-time position which was converted to job-sharing positions under this Act.
- (5) Job-sharing is, for the purpose of this Act, the voluntary sharing of a full-time, permanent employee's position with another employee, with each working one-half of the total number of hours of work required per week, and with each receiving half of the salary to which each is respectively entitled and at least half of each employee benefit afforded to full-time employees. Benefits that can be divided in half, such as number of days of sick leave, and are considered to be an equitable share when divided, shall be computed on that basis. Benefits that cannot be so divided, such as eligibility for membership in the public employees health plan shall be given to the job-sharers without such division, notwithstanding any contrary provision of chapter 87 or 88, Hawaii Revised Statutes. The newly hired job-sharer shall be excluded from collective bargaining as provided under chapter 89, Hawaii Revised Statutes.

The full-time permanent employee shall not lose membership in an employee bargaining unit because of participation in this project, any law to the contrary notwithstanding. Union membership or service fees paid by job-sharers under this Act shall be at a level consistent with normal union membership dues or service fees. The State's contribution to a job-sharer's prepaid health, prepaid dental, and any group life insurance plans shall be the same as for full-time employees, any other provision of the law to the

contrary notwithstanding. Job-sharers shall be covered under chapter 386, Hawaii Revised Statutes, and the applicable provisions of chapter 383, Hawaii Revised Statutes. Service credit for tenured teachers participating in the pilot project under this Act shall be given on the same basis as that for full-time employees. Nothing in this Act shall be construed, however, to vest any person with any rights to permanent employment status, whether under civil service or otherwise, which did not exist prior to the participation of the person in the job-sharing pilot project. The granting of tenure shall be under applicable statutes. No full-time position shall be abolished or reduced to a half-time position as a result of this Act, except for the purpose of job-sharing, and only for the time allowed for the project by this Act. In a reduction-in-force procedure, consideration of a job-sharer's tenure rights shall be on the same basis as that of a full-time employee. Nothing in this Act shall impair the employment or employment rights or benefits of any employee.

- (6) Participation in the pilot project shall require the commitment on the part of all parties to a contractual agreement; provided that the employee shall be given the option to contract for one or more years.
- (7) No job-sharing position created under this Act and committed to a specified period of time under the terms of the contractual agreement shall be converted to full-time status before the termination of the contractual agreement. A job-sharing vacancy created by the resignation, retirement, or other permanent or temporary severance of employment with the department of education on the part of any person shall be filled through recruitment of another person pursuant to this Act.
- (8) Upon the termination of contractual agreements under this Act, all job-sharing positions shall be reconverted to full-time positions, and the employees who held the full-time positions prior to their participation in the pilot project shall be entitled to resume their positions without loss of previous tenure, or other employee rights.”

“Sec. 11-92 Precincts; polling places; central polling areas; special, special primary, and special general election precincts. The chief election officer shall issue a proclamation establishing one or more precincts in each representative district. No earlier than thirty days prior to the issuance of the proclamation, the chief election officer shall notify the political parties and publish a notice of his intent once in a newspaper of general circulation. The chief election officer shall provide a suitable polling place for each precinct. Publicly owned or controlled buildings shall, whenever possible and convenient, be used as polling places. ACT 162

H.B. NO. 3045-80

A Bill for an Act Relating to Procedure When Title of Vehicle Transferred; Delivery of Certificate Mandatory.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 286-52, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 286-52 Procedure when title of vehicle transferred; delivery of certificate mandatory. (a) Upon a transfer of the title or interest of a legal owner in or to a vehicle registered under this part, the person whose title or interest is to be transferred and the transferee shall write their signatures with pen and ink upon the certificate of ownership issued for the vehicle, together with the address of the transferee in the appropriate space provided upon the certificate.

(b) Within twenty calendar days thereafter, the transferee shall forward both the certificate of ownership so indorsed and the certificate of registration to the director of finance who shall file the same. Whenever a transferee fails to comply with these provisions, the director of finance shall charge a fee of \$2, in addition to the fee provided in section 286-51, for a new certificate of ownership.

(c) Subsection (b) of this section, requiring a transferee to forward the certificate of ownership after indorsement and the certificate of registration to the director of finance, shall not apply to the transferee of a vehicle who was not intending to and does not drive the vehicle or permit the vehicle to be driven upon the public highways, but every such transferee shall, upon transferring the transferee’s interest or title to another, give notice of the transfer to the director of finance and indorse the certificate of ownership to the new legal owner and the certificate of registration to the new owner; provided that if the director of finance has ascertained as of the date of the application that the registered owner has not deposited or paid bail with respect to any summons or citation issued to the registered owner for stopping, standing, or parking

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

in violation of traffic ordinances within the county, the director may require, as a condition precedent to the transfer, that the registered owner deposit or pay bail with respect to all such summons or citations.

(d) The director of finance, upon receipt of the certificate of ownership properly indorsed and the certificate of registration of the vehicle, shall register the vehicle, and shall issue to the owner and legal owner entitled thereto by reason of the transfer a new certificate of registration and the certificate of ownership, respectively, in the manner and form hereinabove provided for original registration.

(e) Until the director of finance has issued the new certificate of registration and certificate of ownership as in subsection (d) provided, delivery of such vehicle shall be deemed not to have been made and title thereto shall be deemed not to have passed, and the intended transfer shall be deemed to be incomplete and not to be valid or effective for any purpose, notwithstanding any provision of the Uniform Commercial Code; provided that a security interest in a motor vehicle shall be perfected as provided in the Uniform Commercial Code, sections 490:9-302(3)(b) and 490:9-302(4), and that the validity, attachment, priority, and enforcement of such security interest shall be governed by Article 9 of the Code.

(f) In the event of the transfer by operation of law of the title or interest of a legal owner in and to a vehicle registered under this part, as upon inheritance, devise, or bequest, order in bankruptcy, or insolvency, execution sale, repossession upon default in performance of the terms of a lease or executory sales contract, or otherwise than by the voluntary act of the person whose title or interest is so transferred, the certificate of ownership shall be signed upon the spaces provided by the personal representative, receiver, trustee, sheriff, or other representative, or successor in interest of the person whose title or interest is so transferred in lieu of such person. Every personal representative, receiver, trustee, sheriff, or other representative hereinabove referred to shall file with the director of finance a notice of any transfer by sale, lease, or otherwise by such person, of any such vehicle, together with evidence satisfactory to the director of finance of all facts entitling such representative to make the transfer. Upon notice given to the director of finance that transfer by operation of law of the title or interest of a legal owner or a registered owner has been effected pursuant to any provision of law, the director of finance shall send to the legal owner or the registered owner or both a notice by registered mail of such action and requesting the delivery to the director of finance of the certificate of ownership or the certificate of registration, as the case may be, within ten days after date of mailing of the notice, and any person who refuses or neglects to deliver the same to the director of finance pursuant to the notice shall be guilty of a misdemeanor and shall be punished as provided in section 286-61.

(g) Nothing in the foregoing subsections shall prevent a legal owner from assigning the title or interest in or to a vehicle registered under this part to another legal owner at any time without the consent of and without affecting the interest of the holder of the certificate of registration thereof. Upon filing with the director of finance of a certificate of ownership endorsed by the legal owner and a transferee of legal ownership, the director of finance shall, whether the certificate of registration has expired or not, enter the name of the new legal owner upon the records of the director's office and shall forthwith issue a new certificate of ownership to the new

legal owner in the form for original registration. Upon so doing, the director of finance shall send to the registered owner a notice by mail of the action.

(h) Any person who refuses or neglects to deliver a certificate of ownership to a transferee entitled thereto under this part, shall be punished as provided in section 286-61.

(i) Every dealer, upon transferring a motor vehicle, whether by sale, lease, or otherwise, shall immediately give notice of the transfer to the director of finance upon the official form provided by the director of finance. Every such notice shall contain the date of the transfer, the names and addresses of the transferor and transferee, and such description of the vehicle as may be called for in the official form.

(j) Every person, other than a dealer, upon transferring a motor vehicle, whether by sale, lease, or otherwise, shall within ten days give notice of the transfer to the director of finance upon the official form provided by the director of finance. Every notice shall contain the date of transfer, the names and addresses of the transferor and transferee, and such description of the vehicle as may be called for in the official form. Any person who violates this subsection shall be fined not more than \$100.

(k) Whenever the registered owner of any motor vehicle or any licensed dealer has given notice to the director of finance of a transfer of the title or interest in the motor vehicle, as provided in subsection (i) or (j) of this section, and has delivered the certificate of ownership bearing the transferor's signature to the transferee as required by subsection (a) of this section, the transferor shall be relieved from any liability, civil or criminal, which the transferor might subsequently incur by reason only of being the registered owner of the vehicle.

(l) A licensed dealer who has forwarded a properly indorsed certificate of ownership and certificate of registration to the director of finance shall be relieved of any civil liability, provided a specific written authorization to forward the certificates has been obtained from the transferee.

(m) Any person who falsely or fraudulently gives notice to the director of finance of a transfer of title or interest in a motor vehicle shall be subject to the penalty provided in section 286-61."

ACT 164

S.B. NO. 1827-80

A Bill for an Act Relating to the Hawaii Rules of Evidence.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The Hawaii Revised Statutes is amended by adding a new chapter to be appropriately designated and to read as follows:

“CHAPTER

HAWAII RULES OF EVIDENCE

Sec. -1 Enactment. The Hawaii Rules of Evidence as set forth in this section is enacted:

HAWAII RULES OF EVIDENCE

ARTICLE I. GENERAL PROVISIONS

Rule 100 Title and citation. These rules shall be known and cited as the Hawaii Rules of Evidence. Each rule shall be cited by its number. A complete citation to a rule may read as follows: Rule , Hawaii Rules of Evidence, Chapter , Hawaii Revised Statutes.

Rule 101 Scope. These rules govern proceedings in the courts of the State of Hawaii, to the extent and with the exceptions stated in rule 1101.

Rule 102 Purpose and construction. These rules shall be construed to secure fairness in administration, elimination of unjustifiable expense and delay, and promotion of growth and development of the law of evidence to the end that the truth may be ascertained and proceedings justly determined.

Rule 102.1 Effect of commentary. The commentary to these rules when published may be used as an aid in understanding the rules, but not as evidence of legislative intent.

Rule 103 Rulings on evidence. (a) Effect of erroneous ruling. Error may not be predicated upon a ruling which admits or excludes evidence unless a substantial right of the party is affected, and:

(1) Objection. In case the ruling is one admitting evidence, a timely objection

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

or motion to strike appears of record, stating the specific ground of objection, if the specific ground was not apparent from the context; or

- (2) Offer of proof. In case the ruling is one excluding evidence, the substance of the evidence was made known to the court by offer or was apparent from the context within which questions were asked.

(b) Record of offer and ruling. The court may add any other or further statement which shows the character of the evidence, the form in which it was offered, the objection made, and the ruling thereon. It may direct the making of an offer in question and answer form.

(c) Hearing of jury. In jury cases, proceedings shall be conducted, to the extent practicable, so as to prevent inadmissible evidence from being suggested to the jury by any means, such as making statements or offers of proof or asking questions in the hearing of the jury.

(d) Plain error. Nothing in this rule precludes taking notice of plain errors affecting substantial rights although they were not brought to the attention of the court.

Rule 104 Preliminary questions. (a) Questions of admissibility generally. Preliminary questions concerning the qualification of a person to be a witness, the existence of a privilege, or the admissibility of evidence shall be determined by the court, subject to the provisions of subsection (b). In making its determination the court is not bound by the rules of evidence except those with respect to privileges.

(b) Relevancy conditioned on fact. When the relevancy of evidence depends upon the fulfillment of a condition of fact, the court shall admit it upon, or subject to, the introduction of evidence sufficient to support a finding of the fulfillment of the condition.

(c) Hearing of jury. Hearings on the admissibility of confessions shall in all cases be conducted out of the hearing of the jury. Hearings on other preliminary matters shall be so conducted when the interests of justice require or, when an accused is a witness, if he so requests.

(d) Testimony by accused. The accused does not, by testifying upon a preliminary matter, subject himself to cross-examination as to other issues in the case.

(e) Weight and credibility. This rule does not limit the right of a party to introduce before the jury evidence relevant to weight or credibility.

Rule 105 Limited admissibility. When evidence which is admissible as to one party or for one purpose but not admissible as to another party or for another purpose is admitted, the court, upon request, shall restrict the evidence to its proper scope and instruct the jury accordingly.

Rule 106 Remainder of or related writings or recorded statements. When a writing or recorded statement or part thereof is introduced by a party, an adverse party may require him at that time to introduce any other part or any other writing or recorded statement which ought in fairness to be considered contemporaneously with it.

ARTICLE II. JUDICIAL NOTICE

Rule 201 Judicial notice of adjudicative facts. (a) Scope of rule. This rule governs only judicial notice of adjudicative facts.

(b) Kinds of facts. A judicially noticed fact must be one not subject to reason-

able dispute in that it is either (1) generally known within the territorial jurisdiction of the trial court, or (2) capable of accurate and ready determination by resort to sources whose accuracy cannot reasonably be questioned.

(c) When discretionary. A court may take judicial notice, whether requested or not.

(d) When mandatory. A court shall take judicial notice if requested by a party and supplied with the necessary information.

(e) Opportunity to be heard. A party is entitled upon timely request to an opportunity to be heard as to the propriety of taking judicial notice and the tenor of the matter noticed. In the absence of prior notification, the request may be made after judicial notice has been taken.

(f) Time of taking notice. Judicial notice may be taken at any stage of the proceeding.

(g) Instructing jury. In a civil proceeding, the court shall instruct the jury to accept as conclusive any fact judicially noticed. In a criminal case, the court shall instruct the jury that it may, but is not required to, accept as conclusive any fact judicially noticed.

Rule 202 Judicial notice of law. (a) Scope of rule. This rule governs only judicial notice of law.

(b) Mandatory judicial notice of law. The court shall take judicial notice of (1) the common law, (2) the constitutions and statutes of the United States and of every state, territory, and other jurisdiction of the United States, (3) all rules adopted by the U.S. Supreme Court or by the Hawaii Supreme Court, and (4) all duly enacted ordinances of cities or counties of this State.

(c) Optional judicial notice of law. Upon reasonable notice to adverse parties, a party may request that the court take, and the court may take, judicial notice of (1) all duly adopted federal and state rules of court, (2) all duly published regulations of federal and state agencies, (3) all duly enacted ordinances of municipalities or other governmental subdivisions of other states, (4) any matter of law which would fall within the scope of this subsection or subsection (b) of this rule but for the fact that it has been replaced, superseded, or otherwise rendered no longer in force, and (5) the laws of foreign countries, international law, and maritime law.

(d) Determination by court. All determinations of law made pursuant to this rule shall be made by the court and not by the jury, and the court may consider any relevant material or source, including testimony, whether or not submitted by a party of admissible under these rules.

ARTICLE III. PRESUMPTIONS

Rule 301 Definitions. The following definitions apply under this article:

(1) "Presumption" is (A) a rebuttable assumption of fact, (B) that the law requires to be made, (C) from another fact or group of facts found or otherwise established in the action.

(2) The following are not presumptions under this article:

(A) Conclusive presumption. The trier of fact is compelled by law to accept an assumption of fact as conclusive, regardless of the strength of the opposing evidence; or

(B) Inference. The trier of fact may logically and reasonably make an

assumption from another fact or group of facts found or otherwise established in the action, but is not required to do so; or

- (C) Pre-evidentiary assumption. The trier of fact is compelled by law to accept the assumption as either rebuttable or conclusive without regard to any other fact determination.
- (3) "Burden of producing evidence" means the obligation of a party to introduce evidence of the existence or nonexistence of a relevant fact sufficient to avoid an adverse preemptory finding on that fact.
- (4) "Burden of proof" means the obligation of a party to establish by evidence a requisite degree of belief concerning a relevant fact in the mind of the trier of fact. The burden of proof may require a party to establish the existence or nonexistence of a fact by a preponderance of the evidence or by clear and convincing proof.

Rule 302 Presumptions in civil proceedings. (a) General rule. In all civil proceedings not otherwise provided for by statute or by these rules, a presumption imposes on the party against whom it is directed either (1) the burden of producing evidence, or (2) the burden of proof.

(b) Inconsistent presumptions. If two presumptions are mutually inconsistent, the presumption applies that is founded upon weightier considerations of policy and logic. If considerations of policy and logic are of equal weight neither presumption applies.

(c) Applicability of federal law. In all civil proceedings, the effect of a presumption respecting a fact which is an element of a claim or defense as to which federal law supplies the rule of decision is determined in accordance with federal law.

Rule 303 Presumptions imposing burden of producing evidence. (a) General rule. A presumption established to implement no public policy other than to facilitate the determination of the particular action in which the presumption is applied imposes on the party against whom it is directed the burden of producing evidence.

(b) Effect. The effect of a presumption imposing the burden of producing evidence is to require the trier of fact to assume the existence of the presumed fact unless and until evidence is introduced which would support a finding of its nonexistence, in which case no instruction on presumption shall be given and the trier of fact shall determine the existence or nonexistence of the presumed fact from the evidence and without regard to the presumption. Nothing in this rule shall be construed to prevent the drawing of any inferences.

(c) Presumptions. The following presumptions, and all other presumptions established by law that fall within the criteria of subsection (a) of this rule, are presumptions imposing the burden of producing evidence:

- (1) Money delivered by one to another. Money delivered by one to another is presumed to have been due to the latter.
- (2) Thing delivered by one to another. A thing delivered by one to another is presumed to have belonged to the latter.
- (3) Obligation delivered up to the debtor. An obligation delivered up to the debtor is presumed to have been paid.

- (4) Obligation possessed by creditor. An obligation possessed by a creditor is presumed not to have been paid.
- (5) Payment of earlier rent or installments. The payment of earlier rent or installments is presumed from a receipt for later rent or installments.
- (6) Things possessed. The things which a person possesses are presumed to be owned by him.
- (7) Exercise of act of ownership. A person who exercises acts of ownership over property is presumed to be the owner of it.
- (8) Judgment determines, sets forth rights of parties. A judgment, when not conclusive, is presumed to correctly determine or set forth the rights of the parties, but there is no presumption that the facts essential to the judgment have been correctly determined.
- (9) Writing. A writing is presumed to have been truly dated.
- (10) Letter properly addressed and mailed. A letter correctly addressed and properly mailed is presumed to have been received in the ordinary course of mail.
- (11) Trustee's conveyance to a particular person. A trustee or other person, whose duty it was to convey real property to a particular person, is presumed to have actually conveyed to him when such presumption is necessary to perfect title of such person or his successor in interest.
- (12) Ancient document affecting real or personal property interest. A deed or will or other writing purporting to create, terminate, or affect an interest in real or personal property is presumed authentic if:
 - (A) It is at least twenty years old;
 - (B) It is in such condition as to create no reasonable suspicion concerning its authenticity;
 - (C) It was kept, or if found was found, in a place where such writing, if authentic, would be likely to be kept or found; and
 - (D) Persons having an interest in the matter have been generally acting as if it were authentic.
- (13) Book purporting to be published by public authority. A book purporting to be printed or published by public authority is presumed to have been so printed or published.
- (14) Book purporting to contain reports of adjudged cases. A book purporting to contain reports of cases adjudged in the tribunals of the state or nation where the book is published is presumed to contain correct reports of such cases.
- (15) Continuation of a fact, condition, or state. A fact, condition, or state of things is presumed to continue.

Rule 304 Presumptions imposing burden of proof. (a) General rule. A presumption established to implement a public policy other than, or in addition to, facilitating the determination of the particular action in which the presumption is applied imposes on the party against whom it is directed the burden of proof.

(b) Effect. The effect of a presumption imposing the burden of proof is to require the trier of fact to assume the existence of the presumed fact unless and until evidence is introduced sufficient to convince the trier of fact of the nonexistence of the presumed fact. Except as otherwise provided by law or by these rules, proof by a

preponderance of the evidence is necessary and sufficient to rebut a presumption established under this rule.

(c) Presumptions. The following presumptions, and all other presumptions established by law that fall within the criteria of subsection (a) of this rule, are presumptions imposing the burden of proof.

- (1) Owner of legal title is owner of beneficial title. The owner of the legal title to property is presumed to be the owner of the full beneficial title. This presumption may be rebutted only by clear and convincing proof.
- (2) Official duty regularly performed; lawful arrest. It is presumed that official duty has been regularly performed. This presumption does not apply on an issue as to the lawfulness of an arrest if it is found or otherwise established that the arrest was made without a warrant.
- (3) Intention of ordinary consequences of voluntary act. A person is presumed to intend the ordinary consequences of his voluntary act.
- (4) Doing of an unlawful act. An unlawful intent is presumed from the doing of an unlawful act.
- (5) Any court, any judge acting as such. Any court of this State or the United States, or any court of general jurisdiction in any other state or nation, or any judge of such a court, acting as such, is presumed to have acted in the lawful exercise of its jurisdiction. This presumption applies only when the act of the court or judge is under collateral attack.
- (6) Ceremonial marriage. A ceremonial marriage is presumed to be valid.
- (7) Death. A person who is absent for a continuous period of five years, during which he has not been heard from, and whose absence is not satisfactorily explained after diligent search or inquiry, is presumed to be dead.

Rule 305 Prima facie evidence. A statute providing that a fact or a group of facts is prima facie evidence of another fact establishes a presumption within the meaning of this article unless the statute expressly provides that such prima facie evidence is conclusive.

Rule 306 Presumptions in criminal proceedings. (a) Presumptions against the accused.

- (1) Scope. Except as otherwise provided by statute, in criminal proceedings, presumptions against an accused, recognized at common law or created by statute, including statutory provisions that certain facts are prima facie evidence of other facts or of guilt, are governed by this subsection.
- (2) Submission to jury. When a presumed fact establishes an element of the offense or negatives a defense, the court may submit the presumption to the jury only if a reasonable juror on the evidence as a whole, including the evidence of the basic facts, could find the presumed fact beyond a reasonable doubt.
- (3) Instructing the jury. The court may not direct the jury to find a presumed fact against the accused. Whenever a presumption against the accused is submitted to the jury, the court shall instruct the jury that, if it finds the basic facts beyond a reasonable doubt, it may infer the presumed fact but is not required to do so. In addition, if the presumed fact establishes an element of the offense or negatives a defense, the court shall instruct the

jury that its existence, on all the evidence, must be proved beyond a reasonable doubt.

(b) Presumptions against the State. Except as otherwise provided by statute, in criminal proceedings, presumptions against the State, recognized at common law or created by statute, impose on the State either (1) the burden of producing evidence, or (2) the burden of proof.

(c) Inconsistent presumptions. If two presumptions are mutually inconsistent, the presumption applies that is founded upon weightier considerations of policy and logic. If considerations of policy and logic are of equal weight, neither presumption applies.

ARTICLE IV. RELEVANCY AND ITS LIMITS

Rule 401 Definition of "relevant evidence". "Relevant evidence" means evidence having any tendency to make the existence of any fact that is of consequence to the determination of the action more probable or less probable than it would be without the evidence.

Rule 402 Relevant evidence generally admissible; irrelevant evidence inadmissible. All relevant evidence is admissible, except as otherwise provided by the Constitutions of the United States and the State of Hawaii, by statute, by these rules, or by other rules adopted by the supreme court. Evidence which is not relevant is not admissible.

Rule 403 Exclusion of relevant evidence on grounds of prejudice, confusion, or waste of time. Although relevant, evidence may be excluded if its probative value is substantially outweighed by the danger of unfair prejudice, confusion of the issues, or misleading the jury, or by considerations of undue delay, waste of time, or needless presentation of cumulative evidence.

Rule 404 Character evidence not admissible to prove conduct; exceptions; other crimes. (a) Character evidence generally. Evidence of a person's character or a trait of his character is not admissible for the purpose of proving that he acted in conformity therewith on a particular occasion, except:

- (1) Character of accused. Evidence of a pertinent trait of his character offered by an accused, or by the prosecution to rebut the same;
- (2) Character of victim. Evidence of a pertinent trait of character of the victim of the crime offered by an accused, or by the prosecution to rebut the same, or evidence of a character trait of peacefulness of the victim offered by the prosecution in a homicide case to rebut evidence that the victim was the first aggressor;
- (3) Character of witness. Evidence of the character of a witness, as provided in rules 607, 608, 609, and 609.1.

(b) Other crimes, wrongs, or acts. Evidence of other crimes, wrongs, or acts is not admissible to prove the character of a person in order to show that he acted in conformity therewith. It may, however, be admissible where such evidence is probative of any other fact that is of consequence to the determination of the action, such as proof of motive, opportunity, intent, preparation, plan, knowledge, identity, modus operandi, or absence of mistake or accident.

Rule 405 Methods of proving character. (a) Reputation or opinion. In all cases in which evidence of character or a trait of character of a person is admissible,

proof may be made by testimony as to reputation or by testimony in the form of an opinion. On cross-examination, inquiry is allowable into relevant specific instances of conduct.

(b) Specific instances of conduct. In cases in which character or a trait of character of a person is an essential element of a charge, claim, or defense, proof may also be made of specific instances of his conduct.

Rule 406 Habit; routine practice. Evidence of the habit of a person or of the routine practice of an organization, whether corroborated or not and regardless of the presence of eyewitnesses, is relevant to prove that the conduct of the person or organization on a particular occasion was in conformity with the habit or routine practice.

Rule 407 Subsequent remedial measures. When, after an event, measures are taken which, if taken previously, would have made the event less likely to occur, evidence of the subsequent measures is not admissible to prove negligence or culpable conduct in connection with the event. This rule does not require the exclusion of evidence of subsequent measures when offered for another purpose, such as proving dangerous defect in products liability cases, ownership, control, or feasibility of precautionary measures, if controverted, or impeachment.

Rule 408 Compromise and offers to compromise. Evidence of (1) furnishing or offering or promising to furnish, or (2) accepting or offering or promising to accept, a valuable consideration in compromising or attempting to compromise a claim which was disputed as to either validity or amount, is not admissible to prove liability for or invalidity of the claim or its amount. Evidence of conduct or statements made in compromise negotiations is likewise not admissible. This rule does not require the exclusion of any evidence otherwise discoverable merely because it is presented in the course of compromise negotiations. This rule also does not require exclusion when the evidence is offered for another purpose, such as proving bias or prejudice of a witness, negating a contention of undue delay, or proving an effort to obstruct a criminal investigation or prosecution.

Rule 409 Payment of medical and similar expenses. Evidence of furnishing or offering or promising to pay medical, hospital, or similar expenses occasioned by an injury is not admissible to prove liability for the injury.

Rule 410 Inadmissibility of pleas, plea discussions, and related statements. Except as otherwise provided in this rule, evidence of the following is not, in any civil or criminal proceeding, admissible against the defendant who made the plea or was a participant in the plea discussions:

- (1) A plea of guilty which was later withdrawn;
- (2) A plea of nolo contendere;
- (3) Any statement made in the course of any proceedings under Rule 11 of the Hawaii Rules of Penal Procedure or comparable federal or state procedure regarding either of the foregoing pleas; or
- (4) Any statements made in the course of plea discussions with an attorney for the prosecuting authority which do not result in a plea of guilty or which result in a plea of guilty later withdrawn.

However, such a statement is admissible (i) in any proceeding wherein another statement made in the course of the same plea or plea discussions has been introduced

and the statement ought in fairness be considered contemporaneously with it, or (ii) in a criminal proceeding for perjury or false statement if the statement was made by the defendant under oath, on the record and in the presence of counsel.

Rule 411 Liability insurance. Evidence that a person was or was not insured against liability is not admissible upon the issue whether he acted negligently or otherwise wrongfully. This rule does not require the exclusion of evidence of insurance against liability when offered for another purpose, such as proof of agency, ownership, or control, or bias or prejudice of a witness.

Rule 412 Rape cases; relevance of victim's past behavior. (a) Notwithstanding any other provision of law, in a criminal case in which a person is accused of rape or sexual assault under any of the provisions of chapter 707, part V of the Hawaii Penal Code, reputation or opinion evidence of the past sexual behavior of an alleged victim of such rape or sexual assault is not admissible.

(b) Notwithstanding any other provision of law, in a criminal case in which a person is accused of rape or sexual assault under any of the provisions of chapter 707, part V of the Hawaii Penal Code, evidence of a victim's past sexual behavior other than reputation or opinion evidence is also not admissible, unless such evidence other than reputation or opinion evidence is:

(1) Admitted in accordance with subsection (c)(1) and (2) and is constitutionally required to be admitted; or

(2) Admitted in accordance with subsection (c) and is evidence of:

(A) Past sexual behavior with persons other than the accused, offered by the accused upon the issue of whether the accused was or was not, with respect to the alleged victim, the source of semen or injury; or

(B) Past sexual behavior with the accused and is offered by the accused upon the issue of whether the alleged victim consented to the sexual behavior with respect to which rape or sexual assault is alleged.

(c) (1) If the person accused of committing rape or sexual assault intends to offer under subsection (b) evidence of specific instances of the alleged victim's past sexual behavior, the accused shall make a written motion to offer such evidence not later than fifteen days before the date on which the trial in which such evidence is to be offered is scheduled to begin, except that the court may allow the motion to be made at a later date, including during trial, if the court determines either that the evidence is newly discovered and could not have been obtained earlier through the exercise of due diligence or that the issue to which such evidence relates has newly arisen in the case. Any motion made under this paragraph shall be served on all other parties and on the alleged victim.

(2) The motion described in paragraph (1) shall be accompanied by a written offer of proof. If the court determines that the offer of proof contains evidence described in subsection (b), the court shall order a hearing in chambers to determine if such evidence is admissible. At such hearing the parties may call witnesses, including the alleged victim, and offer relevant evidence. Notwithstanding subsection (b) of rule 104, if the relevancy of the evidence which the accused seeks to offer in the trial depends upon the fulfillment of a condition of fact, the court, at the hearing in chambers or at a subsequent hearing in chambers scheduled for such purpose, shall accept

evidence on the issue of whether such condition of fact is fulfilled and shall determine such issue.

- (3) If the court determines on the basis of the hearing described in paragraph (2) that the evidence which the accused seeks to offer is relevant and that the probative value of such evidence outweighs the danger of unfair prejudice, such evidence shall be admissible in the trial to the extent an order made by the court specifies evidence which may be offered and areas with respect to which the alleged victim may be examined or cross-examined.

(d) For purposes of this rule, the term "past sexual behavior" means sexual behavior other than the sexual behavior with respect to which rape or sexual assault is alleged.

ARTICLE V. PRIVILEGES

Rule 501 Privileges recognized only as provided. Except as otherwise required by the Constitution of the United States, the Constitution of the State of Hawaii, or provided by Act of Congress or Hawaii statute, and except as provided in these rules or in other rules adopted by the Supreme Court of the State of Hawaii, no person has a privilege to:

- (1) Refuse to be a witness; or
- (2) Refuse to disclose any matter; or
- (3) Refuse to produce any object or writing; or
- (4) Prevent another from being a witness or disclosing any matter or producing any object or writing.

Rule 502 Required reports privileged by statute. A person, corporation, association, or other organization or entity, either public or private, making a return or report required by law to be made has a privilege to refuse to disclose and to prevent any other person from disclosing the return or report, if the law requiring it to be made so provides. A public officer or agency to whom a return or report is required by law to be made has a privilege to refuse to disclose the return or report if the law requiring it to be made so provides. No privilege exists under this rule in actions involving perjury, false statements, fraud in the return or report, or other failure to comply with the law in question.

Rule 503 Lawyer-client privilege. (a) Definitions. As used in this rule:

- (1) A "client" is a person, public officer, or corporation, association, or other organization or entity, either public or private, who is rendered professional legal services by a lawyer, or who consults a lawyer with a view to obtaining professional legal services from him.
- (2) A "representative of the client" is one having authority to obtain professional legal services, or to act on advice rendered pursuant thereto, on behalf of the client.
- (3) A "lawyer" is a person authorized, or reasonably believed by the client to be authorized, to practice law in any state or nation.
- (4) A "representative of the lawyer" is one directed by the lawyer to assist in the rendition of professional legal services.
- (5) A communication is "confidential" if not intended to be disclosed to third persons other than those to whom disclosure would be in furtherance of the

rendition of professional legal services to the client or those reasonably necessary for the transmission of the communication.

(b) General rule of privilege. A client has a privilege to refuse to disclose and to prevent any other person from disclosing confidential communications made for the purpose of facilitating the rendition of professional legal services to the client (1) between himself or his representative and his lawyer or his lawyer's representative, or (2) between his lawyer and the lawyer's representative, or (3) by him or his representative or his lawyer or a representative of his lawyer to a lawyer or a representative of a lawyer representing another party in a pending action and concerning a matter of common interest, or (4) between representatives of the client or between the client and a representative of the client, or (5) among lawyers and their representatives representing the same client.

(c) Who may claim the privilege. The privilege may be claimed by the client, his guardian or conservator, the personal representative of a deceased client, or the successor, trustee, or similar representative of a corporation, association, or other organization, whether or not in existence. The person who was the lawyer or the lawyer's representative at the time of the communication shall claim the privilege on behalf of the client unless expressly released by the client.

(d) Exceptions. There is no privilege under this rule:

- (1) Furtherance of crime or fraud. If the services of the lawyer were sought or obtained to enable or aid anyone to commit or plan to commit what the client knew or reasonably should have known to be a crime or fraud; or
- (2) Claimants through same deceased client. As to a communication relevant to an issue between parties who claim through the same deceased client, regardless of whether the claims are by testate or intestate succession or by inter vivos transaction; or
- (3) Breach of duty by lawyer or client. As to a communication relevant to an issue of breach of duty by the lawyer to his client or by the client to his lawyer; or
- (4) Document attested by lawyer. As to a communication relevant to an issue concerning an attested document to which the lawyer is an attesting witness; or
- (5) Joint clients. As to a communication relevant to a matter of common interest between two or more clients if the communication was made by any of them to a lawyer retained or consulted in common, when offered in an action between any of the clients.

Rule 504 Physician-patient privilege. (a) Definitions. As used in this rule:

- (1) A "patient" is a person who consults or is examined or interviewed by a physician.
- (2) A "physician" is a person authorized, or reasonably believed by the patient to be authorized, to practice medicine in any state or nation.
- (3) A communication is "confidential" if not intended to be disclosed to third persons other than those present to further the interest of the patient in the consultation, examination, or interview, or persons reasonably necessary for the transmission of the communication, or persons who are participating in the diagnosis and treatment under the direction of the physician, including members of the patient's family.

(b) General rule of privilege. A patient has a privilege to refuse to disclose and to prevent any other person from disclosing confidential communications made for the purpose of diagnosis or treatment of his physical, mental, or emotional condition, including alcohol or drug addiction, among himself, his physician, and persons who are participating in the diagnosis or treatment under the direction of the physician, including members of the patient's family.

(c) Who may claim the privilege. The privilege may be claimed by the patient, his guardian or conservator, or the personal representative of a deceased patient. The person who was the physician at the time of the communication is presumed to have authority to claim the privilege but only on behalf of the patient.

(d) Exceptions.

- (1) Proceedings for hospitalization. There is no privilege under this rule for communications relevant to an issue in proceedings to hospitalize the patient for mental illness or substance abuse, or in proceedings for the discharge or release of a patient previously hospitalized for mental illness or substance abuse.
- (2) Examination by order of court. If the court orders an examination of the physical, mental, or emotional condition of a patient, whether a party or a witness, communications made in the course thereof are not privileged under this rule with respect to the particular purpose for which the examination is ordered unless the court orders otherwise.
- (3) Condition an element of claim or defense. There is no privilege under this rule as to a communication relevant to the physical, mental, or emotional condition of the patient in any proceeding in which he relies upon the condition as an element of his claim or defense or, after the patient's death, in any proceeding in which any party relies upon the condition as an element of his claim or defense.
- (4) Proceedings against physician. There is no privilege under this rule in any administrative or judicial proceeding in which the competency, practitioner's license, or practice of the physician is at issue, provided that the identifying data of the patients whose records are admitted into evidence shall be kept confidential unless waived by the patient. The administrative agency, board, or commission may close the proceeding to the public to protect the confidentiality of the patient.

Rule 504.1 Psychologist-client privilege. (a) Definitions. As used in this rule:

- (1) A "client" is a person who consults or is examined or interviewed by a psychologist.
- (2) A "psychologist" is a person certified, or reasonably believed by the client to be certified, to practice psychology under chapter 465, while engaged in interviewing, counseling, or psychotherapy with respect to behavioral problems, including substance addiction or abuse.
- (3) A communication is "confidential" if not intended to be disclosed to third persons other than those present to further the interest of the client in the consultation, examination, or interview, or persons reasonably necessary for the transmission of the communication, or persons who are participating in the counseling or psychotherapy under the direction of the psychologist, including members of the client's family.

(b) General rule of privilege. A client has a privilege to refuse to disclose and to prevent any other person from disclosing confidential communications made for the purpose of counseling or psychotherapy with respect to behavioral problems, including substance addiction or abuse, among himself, his psychologist, and persons who are participating in the counseling or psychotherapy under the direction of the psychologist, including members of the client's family.

(c) Who may claim the privilege. The privilege may be claimed by the client, his guardian or conservator, or the personal representative of a deceased client. The person who was the psychologist at the time of the communication is presumed to have authority to claim the privilege but only on behalf of the client.

(d) Exceptions.

- (1) Proceedings for hospitalization. There is no privilege under this rule for communications relevant to an issue in proceedings to hospitalize the client for mental illness or substance abuse, or in proceedings for the discharge or release of a client previously hospitalized for mental illness or substance abuse.
- (2) Examination by order of court. If the court orders an examination of the physical, mental, or emotional condition of a client, whether a party or a witness, communications made in the course thereof are not privileged under this rule with respect to the particular purpose for which the examination is ordered unless the court orders otherwise.
- (3) Condition an element of claim or defense. There is no privilege under this rule as to a communication relevant to the physical, mental, or emotional condition of the client in any proceeding in which he relies upon the condition as an element of his claim or defense or, after the client's death, in any proceeding in which any party relies upon the condition as an element of his claim or defense.
- (4) Proceedings against psychologist. There is no privilege under this rule in any administrative or judicial proceeding in which the competency, practitioner's license, or practice of the psychologist is at issue, provided that the identifying data of the clients whose records are admitted into evidence shall be kept confidential unless waived by the client. The administrative agency, board, or commission may close the proceeding to the public to protect the confidentiality of the client.

Rule 505 Spousal privilege. (a) Criminal proceedings. In a criminal proceeding, the spouse of the accused has a privilege not to testify against the accused. This privilege may be claimed only by the spouse who is called to testify.

(b) Confidential marital communications; all proceedings.

- (1) Definition. A "confidential marital communication" is a private communication between spouses that is not intended for disclosure to any other person.
- (2) Either party to a confidential marital communication has a privilege to refuse to disclose and to prevent any other person from disclosing that communication.

(c) Exceptions. There is no privilege under this rule (1) in proceedings in which one spouse is charged with a crime against the person or property of (A) the other, (B) a child of either, (C) a third person residing in the household of either, or

(D) a third person committed in the course of committing a crime against any of these, or (2) as to matters occurring prior to the marriage.

Rule 506 Communications to clergymen. (a) Definitions. As used in this rule:

- (1) A "clergyman" is a minister, priest, rabbi, Christian Science practitioner, or other similar functionary of a religious organization, or an individual reasonably believed so to be by the person consulting him.
- (2) A communication is "confidential" if made privately and not intended for further disclosure except to other persons present in furtherance of the purpose of the communication.

(b) General rule of privilege. A person has a privilege to refuse to disclose and to prevent another from disclosing a confidential communication by the person to a clergyman in his professional character as spiritual advisor.

(c) Who may claim the privilege. The privilege may be claimed by the person, by his guardian or conservator, or by his personal representative if he is deceased. The clergyman may claim the privilege on behalf of the person. His authority so to do is presumed in the absence of evidence to the contrary.

Rule 507 Political vote. Every person has a privilege to refuse to disclose the tenor of his vote at a political election conducted pursuant to chapter 11, by secret ballot unless the vote was cast illegally.

Rule 508 Trade secrets. A person has a privilege, which may be claimed by him or his agent or employee, to refuse to disclose and to prevent other persons from disclosing a trade secret owned by him, if allowance of the privilege will not tend to conceal fraud or otherwise work injustice. When disclosure is directed, the judge shall take such protective measure as the interests of the holder of the privilege and of the parties and the furtherance of justice may require.

Rule 509 Privilege against self-incrimination. To the extent that such privilege exists under the Constitution of the United States or the State of Hawaii, a person has a privilege to refuse to disclose any matter that may tend to incriminate him.

Rule 510 Identity of informer. (a) Rule of privilege. The government or a state or subdivision thereof has a privilege to refuse to disclose the identity of a person who has furnished information relating to or assisting in an investigation of a possible violation of law to a law enforcement officer or member of a legislative committee or its staff conducting an investigation.

(b) Who may claim. The privilege may be claimed by an appropriate representative of the government, regardless of whether the information was furnished to an officer of the government or of a state or subdivision thereof. The privilege may be claimed by an appropriate representative of a state or subdivision if the information was furnished to an officer thereof, except that in criminal cases the privilege shall not be allowed if the government objects.

(c) Exceptions.

- (1) Voluntary disclosure; informer a witness. No privilege exists under this rule if the identity of the informer or his interest in the subject matter of his communication has been disclosed to those who would have cause to resent the communication by a holder of the privilege or by the informer's own action, or if the informer appears as a witness for the government.

- (2) Testimony on merits. If it appears from the evidence in the case or from other showing by a party that an informer may be able to give testimony necessary to a fair determination of the issue of guilt or innocence in a criminal case or of a material issue on the merits in a civil case to which the government is a party, and the government invokes the privilege, the judge shall give the government an opportunity to show in camera facts relevant to determining whether the informer can, in fact, supply that testimony. The showing will ordinarily be in the form of affidavits, but the judge may direct that testimony be taken if he finds that the matter cannot be resolved satisfactorily upon affidavit. If the judge finds that there is a reasonable probability that the informer can give the testimony, and the government elects not to disclose his identity, the judge on motion of the defendant in a criminal case shall dismiss the charges to which the testimony would relate, and the judge may do so on his own motion. In civil cases, he may make any order that justice requires. Evidence submitted to the judge shall be sealed and preserved to be made available to the appellate court in the event of an appeal, and the contents shall not otherwise be revealed without consent of the government. All counsel and parties shall be permitted to be present at every stage of proceedings under this paragraph except a showing in camera, at which no counsel or party shall be permitted to be present.
- (3) Legality of obtaining evidence. If information from an informer is relied upon to establish the legality of the means by which evidence was obtained and the judge is not satisfied that the information was received from an informer reasonably believed to be reliable or credible, he may require the identity of the informer to be disclosed. The judge shall, on request of the government, direct that the disclosure be made in camera. All counsel and parties concerned with the issue of legality shall be permitted to be present at every stage of proceedings under this paragraph except a disclosure in camera, at which no counsel or party shall be permitted to be present. If disclosure of the identity of the informer is made in camera, the record thereof shall be sealed and preserved to be made available to the appellate court in the event of an appeal, and the contents shall not otherwise be revealed without consent of the government.

Rule 511 Waiver of privilege by voluntary disclosure. A person upon whom these rules confer a privilege against disclosure waives the privilege if he or his predecessor while holder of the privilege voluntarily discloses or consents to disclosure of any significant part of the privileged matter. This rule does not apply if the disclosure itself is a privileged communication.

Rule 512 Privileged matter disclosed under compulsion or without opportunity to claim privilege. Evidence of a statement or other disclosure of privileged matter is not admissible against the holder of the privilege if the disclosure was (1) compelled erroneously, or (2) made without opportunity to claim the privilege.

Rule 513 Comment upon or inference from claim of privilege; instructions. (a) Comment or inference not permitted. The claim of a privilege, whether in the present proceeding or upon a prior occasion, is not a proper subject of comment by judge or counsel. No inference may be drawn therefrom.

(b) Claiming privilege without knowledge of jury. In jury cases, proceedings shall be conducted, to the extent practicable, so as to facilitate the making of claims of privilege without the knowledge of the jury.

(c) Jury instruction. Upon request, any party exercising a privilege (1) is entitled to an instruction that no inference may be drawn therefrom, or (2) is entitled to have no instruction on the matter given to the jury. Conflicting requests among multiple parties shall be resolved by the court as justice may require.

ARTICLE VI. WITNESSES

Rule 601 General rule of competency. Every person is competent to be a witness except as otherwise provided in these rules.

Rule 602 Lack of personal knowledge. A witness may not testify to a matter unless evidence is introduced sufficient to support a finding that he has personal knowledge of the matter. Evidence to prove personal knowledge may, but need not, consist of the testimony of the witness himself. This rule is subject to the provisions of rule 703, relating to opinion testimony by expert witnesses.

Rule 603 Oath or affirmation. Before testifying, every witness shall be required to declare that he will testify truthfully, by oath or affirmation administered in a form calculated to awaken his conscience and impress his mind with his duty to do so.

Rule 603.1 Disqualifications. A person is disqualified to be a witness if he is (1) incapable of expressing himself so as to be understood, either directly or through interpretation by one who can understand him, or (2) incapable of understanding the duty of a witness to tell the truth.

Rule 604 Interpreters. An interpreter is subject to the provisions of these rules relating to qualification as an expert and the administration of an oath or affirmation that he will make a true translation.

Rule 605 Competency of judge as witness. The judge presiding at the trial may not testify in that trial as a witness. No objection need be made in order to preserve the point.

Rule 606 Competency of juror as witness. (a) At the trial. A member of the jury may not testify as a witness before that jury in the trial of the case in which he is sitting as a juror.

(b) Inquiry into validity of verdict or indictment. Upon an inquiry into the validity of a verdict or indictment, a juror may not testify concerning the effect of anything upon his or any other juror's mind or emotions as influencing him to assent to or dissent from the verdict or indictment or concerning his mental processes in connection therewith. Nor may his affidavit or evidence of any statement by him indicating an effect of this kind be received.

Rule 607 Who may impeach. The credibility of a witness may be attacked by any party, including the party calling him.

Rule 608 Evidence of character and conduct of witness. (a) Opinion and reputation evidence of character. The credibility of a witness may be attacked or supported by evidence in the form of opinion or reputation, but subject to these limitations:

- (1) The evidence may refer only to character for truthfulness or untruthfulness, and
- (2) Evidence of truthful character is admissible only after the character of the witness for truthfulness has been attacked by opinion or reputation evidence or otherwise.

(b) Specific instances of conduct. Specific instances of the conduct of a witness, for the purpose of attacking or supporting his credibility, other than conviction of crime as provided in rule 609 and bias, interest, or motive as provided in rule 609.1, may not be proved by extrinsic evidence. They may, however, in the discretion of the court, if probative of truthfulness or untruthfulness, be inquired into on cross-examination of the witness (1) concerning his character for truthfulness or untruthfulness, or (2) concerning the character for truthfulness or untruthfulness of another witness as to which character the witness being cross-examined has testified.

The giving of testimony, whether by an accused or by any other witness, does not operate as a waiver of his privilege against self-incrimination when examined with respect to matters which relate only to credibility.

Rule 609 Impeachment by evidence of conviction of crime. (a) General rule. For the purpose of attacking the credibility of a witness, evidence that he has been convicted of a crime is inadmissible except when the crime is one involving dishonesty. However, in a criminal case where the defendant takes the stand, the defendant shall not be questioned or evidence introduced as to whether he has been convicted of a crime, for the sole purpose of attacking credibility, unless the defendant has himself introduced testimony for the purpose of establishing his credibility as a witness, in which case he shall be treated as any other witness as provided in this rule.

(b) Effect of pardon. Evidence of a conviction is not admissible under this rule if the conviction has been the subject of a pardon.

(c) Juvenile convictions. Evidence of juvenile convictions is admissible to the same extent as are criminal convictions under subsection (a) of this rule.

(d) Pendency of appeal. The pendency of an appeal therefrom does not render evidence of a conviction inadmissible. Evidence of the pendency of an appeal is admissible.

Rule 609.1 Evidence of bias, interest, or motive. (a) General rule. The credibility of a witness may be attacked by evidence of bias, interest, or motive.

(b) Extrinsic evidence of bias, interest, or motive. Extrinsic evidence of a witness' bias, interest, or motive is not admissible unless, on cross-examination, the matter is brought to the attention of the witness and the witness is afforded an opportunity to explain or deny the matter.

Rule 610 Religious beliefs or opinions. Evidence of beliefs or opinions of a witness on matters of religion is not admissible for the purpose of showing that by reason of their nature his credibility is impaired or enhanced.

Rule 611 Mode and order of interrogation and presentation. (a) Control by court. The court shall exercise reasonable control over the mode and order of interrogating witnesses and presenting evidence so as to (1) make the interrogation and presentation effective for the ascertainment of the truth, (2) avoid needless consumption of time, and (3) protect witnesses from harassment or undue embarrassment.

(b) Scope of cross-examination. Cross-examination should be limited to the subject matter of the direct examination and matters affecting the credibility of the

witness. The court may, in the exercise of discretion, permit inquiry into additional matters as if on direct examination.

(c) Leading questions. Leading questions should not be used on the direct examination of a witness except as may be necessary to develop his testimony. Ordinarily, leading questions should be permitted on cross-examination. When a party calls a hostile witness, an adverse party, or a witness identified with an adverse party, interrogation may be by leading questions.

Rule 612 Writing used to refresh memory. If a witness uses a writing to refresh his memory for the purpose of testifying, either:

- (1) While testifying, or
- (2) Before testifying, if the court in its discretion determines it is necessary in the interests of justice,

an adverse party is entitled to have the writing produced at the hearing, to inspect it, to cross-examine the witness thereon, and to introduce in evidence those portions which relate to the testimony of the witness. If it is claimed that the writing contains matters not related to the subject matter of the testimony the court shall examine the writing in camera, excise any portions not so related, and order delivery of the remainder to the party entitled thereto. Any portion withheld over objections shall be preserved and made available to the appellate court in the event of an appeal. If a writing is not produced or delivered pursuant to order under this rule, the court shall make any order justice requires, except that in criminal cases when the prosecution elects not to comply, the order shall be one striking the testimony or, if the court in its discretion determines that the interests of justice so require, declaring a mistrial.

Rule 613 Prior statements of witnesses. (a) Examining witness concerning prior statement. In examining a witness concerning a prior statement made by him, whether written or not, the statement need not be shown nor its contents disclosed to him at that time, but on request the same shall be shown or disclosed to opposing counsel.

(b) Extrinsic evidence of prior inconsistent statement of witness. Extrinsic evidence of a prior inconsistent statement by a witness is not admissible unless, on direct or cross-examination, (1) the circumstances of the statement have been brought to the attention of the witness, and (2) the witness has been asked whether he made the statement.

(c) Prior consistent statement of witness. Evidence of a statement previously made by a witness that is consistent with his testimony at the trial is admissible to support his credibility only if it is offered after:

- (1) Evidence of his prior inconsistent statement has been admitted for the purpose of attacking his credibility, and the consistent statement was made before the inconsistent statement; or
- (2) An express or implied charge has been made that his testimony at the trial is recently fabricated or is influenced by bias or other improper motive, and the consistent statement was made before the bias, motive for fabrication, or other improper motive is alleged to have arisen; or
- (3) His credibility has been attacked at the trial by imputation of inaccurate memory, and the consistent statement was made when the event was recent and the witness' memory fresh.

Rule 614 Calling and interrogation of witness by court. (a) Calling by court. The court may, on its own motion or at the suggestion of a party, call witnesses, and all parties are entitled to cross-examine witnesses thus called.

(b) Interrogation by court. The court may interrogate witnesses, whether called by itself or by a party.

(c) Objections. Objections to the calling of witnesses by the court or to interrogation by it may be made at the time or at the next available opportunity when the jury is not present.

Rule 615 Exclusion of witnesses. At the request of a party the court shall order witnesses excluded so that they cannot hear the testimony of other witnesses, and it may make the order of its own motion. This rule does not authorize exclusion of (1) a party who is a natural person, or (2) an officer or employee of a party which is not a natural person designated as its representative by its attorney, or (3) a person whose presence is shown by a party to be essential to the presentation of his cause.

ARTICLE VII. OPINIONS AND EXPERT TESTIMONY

Rule 701 Opinion testimony by lay witnesses. If the witness is not testifying as an expert, his testimony in the form of opinions or inferences is limited to those opinions or inferences which are (1) rationally based on the perception of the witness, and (2) helpful to a clear understanding of his testimony or the determination of a fact in issue.

Rule 702 Testimony by experts. If scientific, technical, or other specialized knowledge will assist the trier of fact to understand the evidence or to determine a fact in issue, a witness qualified as an expert by knowledge, skill, experience, training, or education may testify thereto in the form of an opinion or otherwise.

Rule 702.1 Cross-examination of experts. (a) General. A witness testifying as an expert may be cross-examined to the same extent as any other witness and, in addition, may be cross-examined as to (1) his qualifications, (2) the subject to which his expert testimony relates, and (3) the matter upon which his opinion is based and the reasons for his opinion.

(b) Texts and treatises. If a witness testifying as an expert testifies in the form of an opinion, he may be cross-examined in regard to the content or tenor of any scientific, technical, or professional text, treatise, journal, or similar publication only if:

- (1) The witness referred to, considered, or relied upon such publication in arriving at or forming his opinion, or
- (2) Such publication qualifies for admission into evidence under rule 803(b)(18).

Rule 703 Bases of opinion testimony by experts. The facts or data in the particular case upon which an expert bases an opinion or inference may be those perceived by or made known to him at or before the hearing. If of a type reasonably relied upon by experts in the particular field in forming opinions or inferences upon the subject, the facts or data need not be admissible in evidence. The court may, however, disallow testimony in the form of an opinion or inference if the underlying facts or data indicate lack of trustworthiness.

Rule 704 Opinion on ultimate issue. Testimony in the form of an opinion or inference otherwise admissible is not objectionable because it embraces an ultimate issue to be decided by the trier of fact.

Rule 705 Disclosure of facts or data underlying expert opinion. The expert may testify in terms of opinion or inference and give his reasons therefor without disclosing the underlying facts or data if the underlying facts or data have been disclosed in discovery proceedings. The expert may in any event be required to disclose the underlying facts or data on cross-examination.

Rule 706 Court-appointed experts. In the exercise of its discretion, the court may authorize disclosure to the jury of the fact that a particular expert witness was appointed by the court.

ARTICLE VIII. HEARSAY

Rule 801 Definitions. The following definitions apply under this article:

- (1) "Statement" is (A) an oral or written assertion, or (B) a nonverbal conduct of a person, if it is intended by him as an assertion.
- (2) "Declarant" is a person who makes a statement.
- (3) "Hearsay" is a statement, other than one made by the declarant while testifying at the trial or hearing, offered in evidence to prove the truth of the matter asserted.

Rule 802 Hearsay rule. Hearsay is not admissible except as provided by these rules, or by other rules prescribed by the Hawaii supreme court, or by statute.

Rule 802.1 Hearsay exception; prior statements by witnesses. The following statements previously made by witnesses who testify at the trial or hearing are not excluded by the hearsay rule:

- (1) Inconsistent statement. The declarant is subject to cross-examination concerning the subject matter of his statement, the statement is inconsistent with his testimony, the statement is offered in compliance with rule 613(b), and the statement was:
 - (A) Given under oath subject to the penalty of perjury at a trial, hearing, or other proceeding, or in a deposition; or
 - (B) Reduced to writing and signed or otherwise adopted or approved by the declarant; or
 - (C) Recorded in substantially verbatim fashion by stenographic, mechanical, electrical, or other means contemporaneously with the making of the statement;
- (2) Consistent statement. The declarant is subject to cross-examination concerning the subject matter of his statement, the statement is consistent with his testimony, and the statement is offered in compliance with rule 613(c);
- (3) Prior identification. The declarant is subject to cross-examination concerning the subject matter of his statement, and the statement is one of identification of a person made after perceiving him; or
- (4) Past recollection recorded. A memorandum or record concerning a matter about which the witness once had knowledge but now has insufficient recollection to enable him to testify fully and accurately, shown to have been made or adopted by the witness when the matter was fresh in his

memory and to reflect that knowledge correctly. If admitted, the memorandum or record may be read into evidence but may not itself be received as an exhibit unless offered by an adverse party.

Rule 803 Hearsay exceptions; availability of declarant immaterial. The following are not excluded by the hearsay rule, even though the declarant is available as a witness:

- (a) Admissions.
 - (1) Admission by party-opponent. A statement that is offered against a party and is (A) his own statement, in either his individual or a representative capacity, or (B) a statement of which he has manifested his adoption or belief in its truth;
 - (2) Vicarious admissions.  - (3) Admission by deceased in wrongful death action. A statement by the deceased, offered against the plaintiff in an action for the wrongful death of that deceased;

 - (5) Admission by predecessor in litigation. When the liability, obligation, or duty of a party to a civil action is based in whole or in part upon the liability, obligation, or duty of the declarant, or when the claim or right asserted by a party to a civil action is barred or diminished by a breach of duty by the declarant, evidence of a statement made by the declarant is as admissible against the party as it would be if offered against the declarant in an action involving that liability, obligation, duty, or breach of duty.
- (b) Other exceptions.
 - (1) Present sense impression. A statement describing or explaining an event or condition made while the declarant was perceiving the event or condition or immediately thereafter.

A statement of the declarant's then existing state of mind, emotion, sensation, or physical condition (such as intent, plan, motive, design, mental feeling, pain, and bodily health), but not including a statement of memory or belief to prove the fact remembered or believed unless it relates to the execution, revoca-

- tion, identification, or terms of declarant's will.
- (4) Statements for purposes of medical diagnosis or treatment.  - (7) Absence of entry in records kept in accordance with the provisions of paragraph (6). Evidence that a matter is not included in the memoranda, reports, records, or data compilations, in any form, kept in accordance with the provisions of paragraph (6), to prove the nonoccurrence or nonexistence of the matter, if the matter was of a kind of which a memorandum, report, record, or data compilation was regularly made and preserved, unless the sources of information or other circumstances indicate lack of trustworthiness.
 - (8) Public records and reports. Records, reports, statements, or data compilations, in any form, of public offices or agencies, setting forth (A) the activities of the office or agency, or (B) matters observed pursuant to duty imposed by law as to which matters there was a duty to report, excluding, however, in criminal cases matters observed by police officers and other law enforcement personnel, or (C) in civil proceedings and against the government in criminal cases, factual findings resulting from an investigation made pursuant to authority granted by law, unless the sources of information or other circumstances indicate lack of trustworthiness.

 - (11) Records of religious organizations. Statements of births, marriages, divorces, deaths, legitimacy, ancestry, relationship by blood or marriage, or other similar facts of personal or family history, contained in a regularly kept record of a religious organization.
 - (12) Marriage, baptismal, and similar certificates. Statements of fact contained

- in a certificate that the maker performed a marriage or other ceremony or administered a sacrament, made by a clergyman, public official, or other person authorized by the rules or practices of a religious organization or by law to perform the act certified, and purporting to have been issued at the time of the act or within a reasonable time thereafter.

 - (14) Records of documents affecting an interest in property. If admitted, the statements may be read into evidence but may not be received as exhibits.
 - (19) Reputation concerning personal or family history. Reputation among members of his family by blood, adoption, or marriage, or among his associates, or in the community, concerning a person's birth, adoption, marriage, divorce, death, legitimacy, relationship by blood, adoption, or marriage, ancestry, or other similar fact of his personal or family history.
 - (20) Reputation concerning boundaries or general history. Reputation in a community, arising before the controversy, as to boundaries of or customs affecting lands in the community, and reputation as to events of general history important to the community or state or nation in which located.
 - (21) Reputation as to character. In proving character or a trait of character under rules 404 and 405, reputation of a person's character among his associates or in the community.

in excess of one year, to prove any fact essential to sustain the judgment, but not including, when offered by the government in a criminal prosecution for purposes other than impeachment, judgments against persons other than the accused. The pendency of an appeal may be shown but does not affect admissibility.

- (23) Judgment as to personal, family or general history, or boundaries. Judgments as proof of matters of personal, family or general history, or boundaries, essential to the judgment, if the same would be provable by evidence of reputation.
- (24) Other exceptions. A statement not specifically covered by any of the exceptions in this paragraph (b) but having equivalent circumstantial guarantees of trustworthiness, if the court determines that (A) the statement is more probative on the point for which it is offered than any other evidence which the proponent can procure through reasonable efforts, and (B) the general purposes of these rules and the interests of justice will best be served by admission of the statement into evidence. However, a statement may not be admitted under this exception unless the proponent of it makes known to the adverse party sufficiently in advance of the trial or hearing to provide the adverse party with a fair opportunity to prepare to meet it, his intention to offer the statement and the particulars of it, including the name and address of the declarant.

Rule 804 Hearsay exceptions; declarant unavailable. (a) Definition of unavailability. "Unavailability as a witness" includes situations in which the declarant:

- (1) Is exempted by ruling of the court on the ground of privilege from testifying concerning the subject matter of his statement; or
- (2) Persists in refusing to testify concerning the subject matter of his statement despite an order of the court to do so; or
- (3) Testifies to a lack of memory of the subject matter of his statement; or
- (4) Is unable to be present or to testify at the hearing because of death or then existing physical or mental illness or infirmity; or
- (5) Is absent from the hearing and the proponent of his statement has been unable to procure his attendance by process or other reasonable means.

A declarant is not unavailable as a witness if his exemption, refusal, claim of lack of memory, inability, or absence is due to the procurement or wrongdoing of the proponent of his statement for the purpose of preventing the witness from attending or testifying.

(b) Hearsay exceptions. The following are not excluded by the hearsay rule if the declarant is unavailable as a witness:

- (1) Former testimony. Testimony given as a witness at another hearing of the same or a different proceeding, or in a deposition taken in compliance with law in the course of the same or another proceeding, at the instance of or against a party with an opportunity to develop the testimony by direct, cross, or redirect examination, with motive and interest similar to those of the party against whom now offered.
- (2) Statement under belief of impending death. A statement made by a declarant while believing that his death was imminent, concerning the cause

- or circumstances of what he believed to be his impending death.
- (3) Statement against interest. A statement which was at the time of its making so far contrary to the declarant's pecuniary or proprietary interest, or so far tended to subject him to civil or criminal liability, or to render invalid a claim by him against another, that a reasonable man in his position would not have made the statement unless he believed it to be true. A statement tending to expose the declarant to criminal liability and offered to exculpate the accused is not admissible unless corroborating circumstances clearly indicate the trustworthiness of the statement.
 - (4) Statement of personal or family history. (A) A statement concerning the declarant's own birth, adoption, marriage, divorce, legitimacy, relationship by blood, adoption, or marriage, ancestry, or other similar fact of personal or family history, even though declarant had no means of acquiring personal knowledge of the matter stated; or (B) a statement concerning the foregoing matters, and death also, of another person, if the declarant was related to the other by blood, adoption, or marriage or was so intimately associated with the other's family as to be likely to have accurate information concerning the matter declared.
 - (5) Statement of recent perception. A statement, not in response to the instigation of a person engaged in investigating, litigating, or settling a claim, which narrates, describes, or explains an event or condition recently perceived by the declarant, made in good faith, not in contemplation of pending or anticipated litigation in which he was interested, and while his recollection was clear.
 - (6) Other exceptions. A statement not specifically covered by any of the foregoing exceptions but having equivalent circumstantial guarantees of trustworthiness, if the court determines that (A) the statement is more probative on the point for which it is offered than any other evidence which the proponent can procure through reasonable efforts, and (B) the general purposes of these rules and the interests of justice will best be served by admission of the statement into evidence. However, a statement may not be admitted under this exception unless the proponent of it makes known to the adverse party sufficiently in advance of the trial or hearing to provide the adverse party with a fair opportunity to prepare to meet it, his intention to offer the statement and the particulars of it, including the name and address of the declarant.

Rule 805 Hearsay within hearsay. Hearsay included within hearsay is not excluded under the hearsay rule if each part of the combined statements conforms with an exception to the hearsay rule provided in these rules.

Rule 806 Attacking and supporting credibility of declarant. When a hearsay statement has been admitted in evidence, the credibility of the declarant may be attacked, and if attacked may be supported, by any evidence which would be admissible for those purposes if declarant had testified as a witness. Evidence of a statement or conduct by the declarant at any time, inconsistent with his hearsay statement, is not subject to any requirement that he may have been afforded an opportunity to deny or explain. If the party against whom a hearsay statement has been admitted calls the

declarant as a witness, the party is entitled to examine him on the statement as if under cross-examination.

ARTICLE IX. AUTHENTICATION AND IDENTIFICATION

Rule 901 Requirement of authentication or identification. (a) General provision. The requirement of authentication or identification as a condition precedent to admissibility is satisfied by evidence sufficient to support a finding that the matter in question is what its proponent claims.

(b) Illustrations. By way of illustration only, and not by way of limitation, the following are examples of authentication or identification conforming with the requirements of this rule:

- (1) Testimony of witness with knowledge. Testimony that a matter is what it is claimed to be.
- (2) Nonexpert opinion on handwriting. Nonexpert opinion as to the genuineness of handwriting, based upon familiarity not acquired for purposes of the litigation.
- (3) Comparison by trier or expert witness. Comparison by the trier of fact or by expert witnesses with specimens which have been authenticated.
- (4) Distinctive characteristics and the like. Appearance, contents, substance, internal patterns, or other distinctive characteristics, taken in conjunction with circumstances.
- (5) Voice identification. Identification of a voice, whether heard firsthand or through mechanical or electronic transmission or recording, by opinion based upon hearing the voice at any time under circumstances connecting it with the alleged speaker.
- (6) Telephone conversations. Telephone conversations, by evidence that a call was made to the number assigned at the time by the telephone company to a particular person or business, if (A) in the case of a person, circumstances, including self-identification, show the person answering to be the one called, or (B) in the case of a business, the call was made to a place of business and the conversation related to business reasonably transacted over the telephone.
- (7) Public records or reports. Evidence that a writing authorized by law to be recorded or filed and in fact recorded or filed in a public office, or a purported public record, report, statement, or data compilation, in any form, is from the public office where items of this nature are kept.
- (8) Ancient documents or data compilation. Evidence that a document or data compilation, in any form, (A) is in such condition as to create no suspicion concerning its authenticity, (B) was in a place where it, if authentic, would likely be, and (C) has been in existence twenty years or more at the time it is offered.
- (9) Process or system. Evidence describing a process or system used to produce a result and showing that the process or system produces an accurate result.
- (10) Methods provided by statute or rule. Any method of authentication or identification provided by statute or by other rules prescribed by the supreme court.

Rule 902 Self-authentication. Extrinsic evidence of authenticity as a condition precedent to admissibility is not required with respect to the following:

- (1) Domestic public documents under seal. A document bearing a seal purporting to be that of the United States, or of any state, district, commonwealth, territory, or insular possession thereof, or the Panama Canal Zone, or the Trust Territory of the Pacific Islands, or of a political subdivision, department, officer, or agency thereof, and a signature purporting to be an attestation or execution.
- (2) Domestic public documents not under seal. A document purporting to bear the signature in his official capacity of an officer or employee of any entity included in paragraph (1) hereof, having no seal, if a public officer having a seal and having official duties in the district or political subdivision of the officer or employee certifies under seal that the signer has the official capacity and that the signature is genuine.
- (3) Foreign public documents. A document purporting to be executed or attested in his official capacity by a person authorized by the laws of a foreign country to make the execution or attestation, and accompanied by a final certification as to the genuineness of the signature and official position (A) of the executing or attesting person, or (B) of any foreign official whose certificate of genuineness of signature and official position relates to the execution or attestation or is in a chain of certificates of genuineness of signature and official position relating to the execution or attestation. A final certification may be made by a secretary of embassy or legation, consul general, consul, vice consul, or consular agent of the United States, or a diplomatic or consular official of the foreign country assigned or accredited to the United States. If reasonable opportunity has been given to all parties to investigate the authenticity and accuracy of official documents, the court may, for good cause shown, order that they be treated as presumptively authentic without final certification or permit them to be evidenced by an attested summary with or without final certification.
- (4) Certified copies of public records. A copy of an official record or report or entry therein, or of a document authorized by law to be recorded or filed and actually recorded or filed in a public office, including data compilations in any form, certified as correct by the custodian or other person authorized to make the certification, by certificate complying with paragraph (1), (2), or (3) of this rule or complying with any statute or rule prescribed by the supreme court.
- (5) Official publications. Books, pamphlets, or other publications purporting to be issued by public authority.
- (6) Newspapers and periodicals. Printed materials purporting to be newspapers or periodicals.
- (7) Trade inscriptions and the like. Inscriptions, signs, tags, or labels purporting to have been affixed in the course of business and indicating ownership, control, or origin.

- (9) Commercial paper and related documents. Commercial paper, signatures thereon, and documents relating thereto to the extent provided by general commercial law.
- (10) Presumptions under statutes. Any signature, document, or other matter declared by statute to be presumptively or prima facie genuine or authentic.

Rule 903 Subscribing witness' testimony unnecessary. The testimony of a subscribing witness is not necessary to authenticate a writing.

ARTICLE X. CONTENTS OF WRITINGS, RECORDINGS, AND PHOTOGRAPHS

Rule 1001 Definitions. For purposes of this article the following definitions are applicable:

- (1) "Writings and recordings" consist of letters, words, or numbers, or their equivalent, set down by handwriting, typewriting, printing, photostating, photographing, magnetic impulse, mechanical or electronic recording, or other form of data compilation.
- (2) "Photographs" include still photographs, X-ray films, video tapes, and motion pictures.
- (3) An "original" of a writing or recording is the writing or recording itself or any counterpart intended to have the same effect by a person executing or issuing it. An "original" of a photograph includes the negative or any print therefrom. If data are stored in a computer or similar device, any printout or other output readable by sight, shown to reflect the data accurately, is an "original".
- (4) A "duplicate" is a counterpart produced by the same impression as the original, or from the same matrix, or by means of photography, including enlargements and miniatures, or by mechanical or electronic re-recording, or by chemical reproduction, or by other equivalent techniques which accurately reproduce the original.
- (5) A "public record" means any writing, memorandum, entry, print, representation, report, book or paper, map or plan, or combination thereof, that is in the custody of any department or agency of government.

Rule 1002 Requirement of original. To prove the content of a writing, recording, or photograph, the original writing, recording, or photograph is required, except as otherwise provided in these rules or by statute.

Rule 1003 Admissibility of duplicates. A duplicate is admissible to the same extent as an original unless (1) a genuine question is raised as to the authenticity of the original, or (2) in the circumstances it would be unfair to admit the duplicate in lieu of the original.

Rule 1004 Admissibility of other evidence of contents. The original or a duplicate is not required, and other evidence of the contents of a writing, recording, or photograph is admissible if:

- (1) Originals lost or destroyed. All originals are lost or have been destroyed, unless the proponent lost or destroyed them in bad faith; or
- (2) Original not obtainable. No original can be obtained by available judicial process or procedure; or

- (3) Original in possession of opponent. At a time when an original was under the control of the party against whom offered, he was put on notice, by the pleadings or otherwise, that the content would be a subject of proof at the hearing, and he does not produce the original at the hearing; or
- (4) Collateral matters. The writing, recording, or photograph is not closely related to a controlling issue.

Rule 1005 Public records. The contents of a public record, if otherwise admissible, may be proved by copy, certified as correct in accordance with rule 902 or testified to be correct by a witness who has compared it with the original. If a copy which complies with the foregoing cannot be obtained by the exercise of reasonable diligence, then other evidence of the contents may be given.

Rule 1006 Summaries. The contents of voluminous writings, recordings, or photographs which cannot conveniently be examined in court may be presented in the form of a chart, summary, or calculation. The originals, or duplicates, shall be made available for examination or copying, or both, by other parties at reasonable time and place. The court may order that they be produced in court.

Rule 1007 Testimony or written admission of party. Contents of writings, recordings, or photographs may be proved by the testimony or deposition of the party against whom offered or by his written admission, without accounting for the nonproduction of the original.

Rule 1008 Functions of court and jury. When the admissibility of other evidence of contents of writings, recordings, or photographs under these rules depends upon the fulfillment of a condition of fact, the question whether the condition has been fulfilled is ordinarily for the court to determine in accordance with the provisions of rule 104. However, when an issue is raised (1) whether the asserted writing ever existed, or (2) whether another writing, recording, or photograph produced at the trial is the original, or (3) whether other evidence of contents correctly reflects the contents, the issue is for the trier of fact to determine as in the case of other issues of fact.

ARTICLE XI. MISCELLANEOUS RULES

Rule 1101 Applicability of rules. (a) Courts. These rules apply to all courts of the State of Hawaii except as otherwise provided by statute.

(b) Proceedings. These rules apply generally to civil and criminal proceedings.

(c) Rule of privilege. The rule with respect to privileges applies at all stages of all actions, cases, and proceedings.

(d) Rules inapplicable. The rules (other than with respect to privileges) do not apply in the following:

- (2) Grand jury. Proceedings before grand juries.

(4) Small claims. Proceedings before the small claims division of the district courts.

Rule 1102 Jury instructions; comment on evidence prohibited. The court shall instruct the jury regarding the law applicable to the facts of the case, but shall not comment upon the evidence. It shall also inform the jury that they are the exclusive judges of all questions of fact and the credibility of witnesses.

Sec. -2 Effective date; applicability to future cases and pending cases. This chapter shall take effect on January 1, 1981.

The Hawaii Rules of Evidence in section -1 shall apply to actions, cases, and proceedings brought on or after January 1, 1981; provided that the rules shall also apply to further procedure in actions, cases, and proceedings then pending, except to the extent that application of the rules would not be feasible, or would work injustice, in which event former evidentiary rules or principles shall apply.

Sec. -3 Inconsistent laws. If any other provision of law, including any rule promulgated by the supreme court, is inconsistent with this chapter, this chapter shall govern unless this chapter or such inconsistent provision of law specifically provides otherwise."

(b) If the project in which the time share unit or time share plan is to be created is not a hotel and does not contain time share units or a time share plan, then such use may be created only if such use is explicitly and prominently authorized by the project instruments, or the project instruments are amended by unanimous vote of the unit owners to explicitly and prominently authorize time sharing.

Sec. -7 Maintenance charges. If time share units, or transient vacation rentals are located in the same project as private residential units, charges for the maintenance of common elements assessed against time share and transient vacation rental units may exceed the charges assessed against other units by as much as fifty per cent; provided that such charges do not exceed those assessed against units in the project accommodating transient vacationers with stays of thirty days or less, and such charges are in proportion to extra maintenance expenses actually attributable to the time share and transient vacation rental units.

Sec. -8 Mutual right to cancel. Within five calendar days after the execution of the contract to purchase an interest in a time share plan, or within five calendar days after the purchaser's receipt of a disclosure statement required by this chapter, whichever occurs later, either party may cancel the contract without penalty.

The acquisition agent shall furnish evidence that a blanket bond of \$10,000 has been placed with a surety company or a cash bond with the director to cover any violations by any of its employees of any solicitation ordinances, or other regulations governing the use of the premise or premises in which the time sharing plan or plans are promoted.

(c) A sales agent (including the developer, if it is also the sales agent) shall file with the director the time sharing plan or plans that it is selling, its principal office address, telephone number, and responsible managing employee and any special escrow accounts set up for the deposit and collection of purchasers' funds. The sales agent shall furnish evidence that a blanket bond of \$10,000 has been placed with a surety company or file a cash bond with the director to cover any defalcations of the sales agent and any of its employees.

(d) A plan manager (including the developer if it is also the plan manager), shall file with the director the time sharing plan or plans that it is managing, its principal office address, telephone number, and responsible managing employee. The plan manager shall furnish evidence that a blanket bond of \$10,000 has been placed with a surety company or file a cash bond with the director to cover any default of the plan manager and any of its employees of their duties and responsibilities.

(e) If the acquisition agent, sales agent, or plan manager are under the control of, a subsidiary of, or an affiliate of the developer, the blanket bonds can be consolidated and set in the amount of \$20,000; provided that there is a disclosure of the affiliation.

(f) Any filing required in this section shall be renewed on December 31 of each

odd-numbered year; provided that this shall not relieve the person required to file from the obligation to notify the director promptly of any material change in any information submitted to the director nor shall it relieve the developer of its obligation promptly to file amendments or supplements to the disclosure statement and to supply the same to purchasers of time share units.

Sec. -11 Prohibited practices. It is a violation of this chapter for any sales agent or acquisition agent of time share units or plans to:

- (1) Solicit prospective purchasers on any public street, beach, or other public property or facility;
- (2) Use any promotional device without fully disclosing that the device is being used for the purpose of soliciting sales of time share plans or units;
- (3) Misrepresent or deceptively represent any material fact concerning the time share plan or time share unit;
- (4) Fail to honor and comply with all provisions of the contract with the purchaser; or
- (5) Include, in any contract, provisions purporting to waive any right or benefit provided for purchasers pursuant to this chapter.

Sec. -12 Penalties; effect on contract. Any person who violates this chapter shall be guilty of a misdemeanor and upon conviction shall be fined not more than \$1,000 for each offense. In addition, any contract in violation of this chapter shall be voidable at the option of the purchaser and entitle such purchaser to a refund of all consideration paid. This remedy is in addition to any other remedy and not exclusive.

Sec. -13 Authority of director. The director and the several counties may adopt rules and forms, pursuant to chapter 91, to effectuate the purpose of this chapter and to implement its provisions. The director shall submit an annual report to the legislature.

Sec. -14 Preexisting time share units and plans. Time share units and time share plans for existing units which were created in a project prior to the effective date of this Act shall, within six months after the effective date, comply with this chapter, except as to section -5."

SECTION 2. Severability. If any provision of this Act, or the application thereof to any person or circumstance, is held invalid, the invalidity thereof shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application. To that end, the provisions of this Act are severable.

SECTION 3. This Act shall take effect thirty days after approval, except that the disclosure and filing required by section -9 and section -10, respectively, shall take effect one hundred twenty days after the approval.

(b) The dispenser shall not substitute an equivalent drug product if the prescriber, and only the prescriber, handwrites “do not substitute” on the written prescription. The dispenser shall not substitute an equivalent drug product if a prescription is ordered orally, unless the oral prescription is a refill of a prior written prescription for which selection of an equivalent drug product was permitted. The designation of “do not substitute” and the physician’s signature shall not be preprinted or stamped on the prescription.

(c) The dispenser shall not substitute an equivalent drug product unless its price to the purchaser is less than the price of the prescribed drug product.

(a) There is established a drug product selection board composed of one representative from the department of health, one representative from either the University of Hawaii school of medicine or the University of Hawaii school of public health, two physicians, and two pharmacists; to be appointed by the governor with the advice and consent of the senate, pursuant to section 26-34. (b) The board shall provide for revision of the formulary as necessary but not less than annually. The formulary shall be adopted by the board no later than January 1, 1981.

(c) The department of health shall provide for distribution of the formulary and revisions to all dispensers and prescribers licensed in this State and to other appropriate individuals.

CONSULT YOUR PHYSICIAN AND PHARMACIST CONCERNING THE AVAILABILITY OF THE LEAST EXPENSIVE DRUG PRODUCT FOR YOUR USE." The letters must be at least one inch in height.

Sec. 328- Dispenser liability. A dispenser who selects an equivalent drug product pursuant to this part assumes no greater liability for selecting the dispensed drug product than would be incurred in filling a prescription for a drug product prescribed by its established name.

“PART VI. SALES TO OWNER-OCCUPANTS

Sec. 514A-101 Definitions. As used in this part:

“Owner-occupant” means any individual in whose name sole or joint legal title is held in a residential unit which, simultaneous to such ownership, serves as the individual’s dwelling place for a period of not less than three hundred and sixty-five consecutive days; provided that the individual shall retain complete possessory control of the premises of the residential unit during the period. An individual shall not be deemed to have complete possessory control of the premises if the individual rents, leases, or assigns the premises for any period of time to any other person in whose name legal title is not held.

“Residential unit” means “apartment” as defined in section 514A-3, but excludes:

- (1) Any apartment intended for commercial use; and
- (2) Any apartment designed and constructed for hotel or resort use which is located on any parcel of real property designated and governed by a county for hotel or resort use pursuant to:
 - (A) Section 46-4; or

Sec. 514A-102 Announcement, publication. Beginning fifteen calendar days prior to the date any developer notifies the commission of the developer’s intention to sell a project which is subject to this chapter, the developer shall cause to be published in the classified section of at least one newspaper published daily in the State and having a general circulation in the county in which the project is to be located, not less than twice in each of two successive weeks, an announcement containing at least the following information:

- (1) The location of the project;
- (2) A fair and reasonable estimate of:
 - (A) The total number of apartments to be included in the project;
 - (B) The number of apartments designated as residential units;
 - (C) The number of floors in the project;
 - (D) The number of bedrooms and square feet of each residential unit; and
 - (E) The price and amount of monthly maintenance fees for each residential unit;
- (3) The statement that the apartments shall be offered for sale upon the issuance of the first public report by the commission, and the approximate date of the issuance;
- (4) A statement of the intended use, such as, but not limited to, commercial, timesharing, or vacation rental, of any apartment in the project other than a residential unit designated for use by an owner-occupant;
- (5) The statement that fifty per cent of the residential units shall initially be offered for a ten-day period to only prospective owner-occupants, and a designation of such residential units;

- (6) The name and address of a real estate broker, which shall be designated by the developer, who any interested individual may contact to be placed on a reservation list, and to obtain further information on the project; and
- (7) A statement that a public report has not been issued for the project, and that the commission has not yet determined whether the developer has adequately disclosed all material facts as required by law.

Proof of publication of the announcement, and a copy thereof, shall be filed with the commission as a condition of issuance of any public report.

Sec. 514A-103 Designation of residential units. The developer of any project containing residential units shall designate at least fifty per cent of such units for sale to prospective owner-occupants pursuant to section 514A-105. Such units shall constitute a proportionate representation of all the residential units in the project with regard to factors of square footage, number of bedrooms, floor level, and whether or not such unit has a lanai.

Sec. 514A-104 Reservation list, requirements. From the date of the first publication of an announcement of the intended sale of a project made pursuant to section 514A-102, until ten calendar days have elapsed following the date of issuance of the first public report on such project, the developer's designated broker shall compile a reservation list consisting of the names of all individuals stating a desire to purchase a residential unit contained in the announced project in the order in which they have submitted to the agent the following:

- (1) A duly executed affidavit of intent to become an owner-occupant of the residential unit upon the completion of the project. Any individual who makes any false statement in the affidavit is subject to chapter 710, part V; provided that no individual shall be deemed to have made a false statement of intent if circumstances, such as serious illness of the individual or of a member of the individual's family, job or military transfer, unforeseeable change in marital status, or the birth of a child, subsequent to execution of the affidavit, cause the individual to be unable to occupy the residential unit; and
- (2) An earnest money deposit in a reasonable amount designated by the developer; provided that if no sales contract is offered to the individual, the entire deposit shall be returned and the developer shall not be required to pay any interest on such deposit.

Sec. 514A-105 Sale of residential units. From the issuance of the first public report until ten calendar days thereafter, the developer shall offer all the residential units designated pursuant to section 514A-103 for sale to only the individuals whose names are on the reservation list in the order in which their names appear on such list; provided that in the case of a project which includes one or more existing structures being converted to condominium status, each residential unit contained in the project shall first be offered for sale to any individual occupying such unit immediately prior to the conversion and who otherwise complies with section 514A-104.

Each contract for the purchase of a designated residential unit by an owner-occupant shall be conditioned upon the buyer obtaining adequate financing, or a commitment for adequate financing, within thirty calendar days following the end of the ten calendar day period during which the developer is limited to selling to owner-occupants, and if such financing or commitment is not obtained, the contract shall be

canceled. If during the ten calendar day period following the issuance of the first public report, any individual with whom a contract for the sale of one of the designated residential units was entered desires to cancel the contract on account of hardship circumstances such as those set forth in section 514A-104(1), or indicates an intent not to become an owner-occupant of such unit, the developer shall cancel the sales contract and shall offer the unit to persons whose names are on the reservation list, beginning with the first name listed; provided that if there are no additional names on the list, at the end of the ten calendar day period the developer may honor the original sales contract, or cancel the contract and sell to any other person without any further restriction imposed by this part.

Upon the cancellation of any contract, the developer shall return all moneys paid pursuant to the contract but may deduct from the moneys returned any reasonable amount representing expenses incurred by the developer to process the sales contract; provided that the cancellation shall be approved by any lender financing the project; and provided further that the deposit of each individual on the reservation list who has not been offered a residential unit shall be refunded in full. Any individual on the reservation list may at any time be offered any residential unit in the project not subject to the designation required by section 514A-103.

Sec. 514A-106 Financial institutions, obligations. Any person subject to chapter 403, 407, 408, 410, or 454, or who is subject to any other law for the purpose of lending money upon the security of real property shall:

- (1) Within thirty days after receipt of an application for credit from any individual for the purpose of purchasing a residential unit designated for owner-occupants under this part, notify the applicant of the action on the application; and
- (2) Prior to making any commitment to extend credit to any individual for the purpose of purchasing a residential unit designated for owner-occupants under this part, take all reasonable steps necessary to determine that the individual, in fact, intends to become an owner-occupant of such residential unit.

Sec. 514A-107 Enforcement, real estate commission. Whenever the commission believes from satisfactory evidence that any person has violated any provision of this part, it shall conduct an investigation on such matter and bring an action in the name of the commission in any court of competent jurisdiction against the person to enjoin such person from continuing the violation or engaging therein or doing any act or acts in furtherance thereof. The commission shall adopt rules, pursuant to chapter 91, within six months from the effective date of this part, to carry out its responsibilities under this part.

Sec. 514A-108 Inapplicability of part. This part shall not apply to any project developed pursuant to section 46-15 or 46-15.1, or chapter 53, 206, 206E, 356, 359, or 359G.”

H.B. NO. 1871-80

A Bill for an Act Relating to Industrial Loan Companies.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 408-15, Hawaii Revised Statutes, is amended by amending subsection (a) to read as follows:

"(a) No industrial loan company shall directly or indirectly charge, contract for, collect, or receive any interest, discount, fees, charges, or other consideration on any loan made by it except as provided by this section; or as permitted by any exemption provided under chapter 478."

SECTION 2. Section 408-15, Hawaii Revised Statutes, is amended by amending[†] subsection (1) to read as follows:

"(1) Open-end loan. An industrial loan company shall also have power to make open-end loans subject to the following requirements:

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

†So in original, but word "amending" probably should read "adding".

- (A) A licensee may not contract for and receive interest on an open-end loan in excess of that set forth in subsection (j) of this section.
- (B) A licensee shall not compound interest by adding any unpaid interest authorized by this subsection to the unpaid principal balance of the borrower's open-end loan account; provided that the unpaid principal balance may include the charges (other than interest) authorized by subsection (h) of this section.
- (C) Interest authorized by this subsection shall be deemed not to exceed the maximum interest permitted by this section if such interest is computed for each billing cycle at a monthly rate not to exceed that permitted in subsection (j) of this section by any of the following methods:
 - (i) By converting the monthly rate to a daily rate and multiplying such daily rate by each daily unpaid principal balance of the open-end loan account in the billing cycle, and then adding the products of all such multiplications (in which case the daily rate is determined by multiplying the authorized monthly rate by 12 and dividing by 365); or
 - (ii) By multiplying the monthly rate by the average daily unpaid principal balance of the open-end loan account in the billing cycle (in which case the average daily unpaid principal balance is the sum of the amount unpaid each day during the cycle divided by the number of days in the cycle); or
 - (iii) By converting the monthly rate to a daily rate and multiplying such daily rate by the average daily unpaid principal balance of the open-end loan account in the billing cycle, and then multiplying the product so obtained by the number of days in the billing cycle (in which case the daily rate is determined by multiplying the authorized monthly rate by 12 and dividing by 365, and the average daily unpaid principal balance is the sum of the amounts unpaid for all days during the cycle divided by the number of days in the cycle); or
 - (iv) By converting the monthly rate to a daily rate by the method set forth in subparagraph (i) and multiplying such daily rate times the sum of all the daily unpaid principal balances of the open-end loan account during the billing cycle.
- (D) For all of the above methods of computation, the unpaid principal balance of any day shall be determined by adding to any balance unpaid as of the beginning of that day all advances and other permissible amounts (other than interest) charged to the borrower and deducting all payments and other credits made or received that day.
- (E) The borrower may pay all or any part of the unpaid balance in the borrower's open-end loan account, or the borrower may pay the unpaid balance in periodic installments, subject to minimum payment requirements, date of maturity and other conditions as determined by the licensee and set forth in the open-end loan agreement.
- (F) A licensee may contract for and receive the fees, costs, and expenses permitted under subsection (h) of this section.
- (G) If credit life or disability insurance is provided, the additional charge for

credit life insurance or credit disability insurance shall be calculated in each billing cycle by applying the current monthly premium rate for such insurance as such rate may be approved by the insurance commissioner pursuant to chapter 435, to the entire outstanding balances in the borrower's open-end loan account, or so much thereof as the insurance covers using any of the methods specified in this subsection for the calculation of loan interest. A licensee shall not be responsible for advancing premiums for credit life or disability insurance on a borrower who is delinquent in the making of the required minimum payments on the loan if one or more of such payments is past due for a period of ninety days or more; provided that the licensee shall advance to the insurer the amounts required to keep such insurance, if provided, in force during such ninety-day period, which amounts may be debited to the borrower's open-end loan account.

- (H) A licensee, until the open-end loan account is terminated, may retain any security interest in real or personal property given to secure the open-end loan account. Upon such termination the licensee shall, within ten business days following receipt of written demand by the borrower, release the mortgage, security interest, pledge, or other security for the open-end loan. For the purposes of this paragraph, termination of the open-end loan account means the cancellation, rescission, or other cessation of the open-end loan account by mutual agreement where the borrower has paid all amounts owed on the open-end loan account and the borrower has complied with all of the terms of the open-end loan agreement. Nothing in this paragraph shall preclude any licensee from exercising any other rights the licensee has to or in the security for open-end loans in the event of the borrower's default. Notwithstanding any other provision in this chapter, no open-end loan may be secured by a lien on the borrower's principal residence. The lender shall require certification, by the borrower, that the real property used as security for the open-end loan is not the borrower's principal residence, and the lender may rely thereon.
- (I) If the open-end loan agreement is a retail installment contract, the licensee shall comply with the requirements of chapter 476."

SECTION 3. Statutory material to be repealed is bracketed. New material is underscored.*

SECTION 4. This Act shall take effect upon its approval, but shall not affect any rights which accrued prior to the effective date.

ACT 197

H.B. NO. 1925-80

A Bill for an Act Relating to Industrial Loan Companies.

Be It Enacted by the Legislature of the State of Hawaii:

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

SECTION 1. Section 408-15, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 408-15 Interest rates; late charges; other charges; refunds. (a) No industrial loan company shall directly or indirectly charge, contract for, collect, or receive any interest, discount, fees, charges, or other consideration on any loan made by it except as provided by this section.

(b) Advance interest or discount. An industrial loan company may charge, contract for, receive, or collect in advance interest or discount at any rate which does not exceed the following maximum rate for the particular period and type of contract hereinafter set forth, computed in the manner set forth in section 408-3, at the inception of the contract, to wit:

- (1) Where interest is paid or deducted in advance for a period of not more than eighteen months upon any contract (whether the principal amount of the contract is payable in one payment at the end of the maturity period thereof or in installments), it shall not exceed twelve per cent a year computed in the manner set forth in section 408-3 at the inception of the contract.
- (2) Where interest is payable or deducted in advance upon a contract payable in a period of more than eighteen months, it shall not exceed an amount computed in the manner set forth in section 408-3, as follows: twelve per cent a year for the first eighteen months, plus nine per cent a year for the next twelve months (or portion thereof), plus six per cent a year for the next twelve months (or portion thereof), plus three per cent a year for the next six months (or portion thereof), of such period, as the case may be.

Interest shall not be deductible in advance for more than four years.

(For example: upon a contract, the principal amount of which is \$120, payable in twenty-four months, in monthly installments of \$5, the maximum amount of interest which may be deducted in advance under this section is computed as follows:

12 per cent a year of \$120 for first 18 months	\$21.60
9 per cent a year of \$120 for next 6 months	5.40
Total interest deductible in advance from principal amount of the contract	\$27.00)

- (3) For loans made or committed to after the effective date of this paragraph and prior to July 1, 1985, the maximum rates of interest specified in paragraphs (1) and (2) of this subsection shall be as follows: A maximum rate of interest specified as twelve per cent a year shall be fourteen per cent a year, a maximum rate of interest specified as nine per cent a year shall be ten and one-half per cent a year, a maximum rate of interest specified as six per cent a year shall be seven per cent a year, and a maximum rate of interest specified as three per cent a year shall be four per cent a year. This paragraph shall not apply to loans made or committed to before the effective date of this paragraph.
- (4) Installments, acceleration of. In addition to collecting or deducting interest in advance, as aforesaid, the company may require and receive repayment of the principal amount of the contract in uniform weekly, monthly, or other periodic installments with the privilege to the company (subject to the

interest refund provisions of this section where applicable) to declare the entire unpaid balance due and payable in the event of default in the payment of any installment.

- (5) Late charges on delinquent installments. In addition to requiring and collecting interest in the manner and at the rates hereinbefore provided for, the company may also require and receive the payment of late charges not to exceed twelve per cent a year on any contractual installment or portion thereof which remains unpaid on the due date of the installment where there has been no extension or deferment by mutual agreement, or where the amount extended or deferred is not paid on the due date agreed upon. The company shall give the borrower written notice of the assessment of late charges prior to the due date for the next contractual payment. No late charges shall be assessed after acceleration of the maturity of the contract.
- (6) After maturity interest charges. Upon maturity of the contract, the rate of interest on the unpaid principal balance of the loan shall be eighteen per cent a year or the original contract rate of interest, whichever is less.

(c) Fraction of a month. In computing interest for any of the purposes of this section, or interest refunds under subsection (f), for any period, any fraction of a month shall be considered as a whole month.

(d) Where not an installment contract. Nothing in this chapter shall be deemed to prohibit an industrial loan company from lending money upon a contract to repay the principal amount at the end of the maturity period, instead of in installments, under which contract interest is either deductible in advance, or is payable in weekly, monthly, or other periodic installments, or at the end of such period, provided the interest payable or paid is not in excess of the maximum prescribed by this section for loans repayable in installments of principal.

(e) Application, licensees only. No person, firm, or corporation (not holding a license issued under this chapter) shall charge, contract for, collect, or receive interest, discounts, fees, charges, or other consideration on any loan in the amount or in the manner provided in this section unless permitted so to do by other state law.

(f) Refunds; prepayment. On a contract which has been discounted or on which interest has been collected in advance, and which is then paid or refinanced or on which judgment is then obtained before maturity, the industrial loan company involved shall refund to the borrower on account of unearned discount or interest an amount computed, on that portion of the principal amount which has not yet matured, at the same rate of discount or interest as was charged at the time the contract was made, for the term of the contract remaining after the date of the payment or after the date of the judgment; provided, that no refund less than 25 cents need be made; and provided further, that checks issued to refund interest which are not presented for payment within three years from the date of issue may be declared canceled and the sum thereof retained as earnings of the licensee. Each company shall permit any borrower from it to pay partially or wholly any contract or installment on a contract before the due date, if the contract has been in effect for a period of at least three months. The company shall not be required to refund any portion of the unearned discount or interest which results in a minimum discount or interest retained on the contract of less than \$15.

(g) Deferred payments, interest, etc. Any payment on account of the principal amount of a contract, which is due on a particular date, may be extended or deferred to a later date by mutual agreement, and, upon the amount of the principal payment so extended or deferred, interest, not exceeding that permitted upon an original loan by this section, for the actual period of the extension or deferment, may be charged and may be collected in advance at the commencement of the period of extension or deferment, provided that the term and conditions of the extension or deferment, including the principal amount so extended or deferred, and the period of, and the charge for, the extension or deferment, shall be set forth in writing and signed in duplicate by the borrower and the company, one copy of the same to be kept on file with the contract and the other copy to be given to the borrower.

(h) Other charges. In addition to the interest, discount, or other charges permitted by this section, an industrial loan company shall also have power to collect in advance or otherwise from the borrower any of the following charges:

- (1) The actual taxes and fees charged by a governmental agency for recording, filing, or entering of record, any bill of sale, assignment, mortgage, chattel mortgage, or other conveyance, or any partial or complete release, discharge, or satisfaction of judgment, mortgage, lien, or other encumbrance, or any of such conveyances or instruments, of or on any real or personal property which constitutes all or a portion of the security on a contract;
- (2) Appraisal fees, and abstractors' fees, or title insurance actually paid to third parties, no portion of which fees inures to the benefit of the company;
- (3) Premiums actually paid for insuring real and personal property pledged as security on a contract, and insurance premiums on the life of the borrower, provided the insurance is obtained from insurance companies authorized to do and doing business in the State under the laws thereof and provided the borrower, if the property is adequately insured for the amount of the loan, shall not be required to substitute other insurance therefor upon the property or to take out additional insurance thereon; and
- (4) Attorney's fees, if provided for in the contract, and costs of court, incurred in the collection of any contract in default.
- (5) A charge not exceeding \$10 upon the transfer of any equity under a chattel mortgage or a conditional sale contract, or upon any partial or complete release, discharge, or satisfaction of judgment, mortgage, lien, or other encumbrance, or upon any of such conveyances of any real or personal property which constitutes all or a portion of the security on a contract.
- (6) Loan fees or "points" on all loans primarily secured by an interest in real property where the interest rate is computed in accordance with subsection (j) of this section; provided, that the total finance charge payable by the borrower in connection with any such loan shall include the amount of any such loan fees or "points" and shall not exceed an annual percentage rate (as defined in the Federal Truth In Lending Act and the regulations of the Federal Reserve Board promulgated thereunder) equal to the maximum rate of interest permissible under subsection (j).
- (7) Any reasonable attorneys' fees incurred for the preparation of any contract, or any promissory note or any obligation evidencing an indebtedness, or

any bill of sale, assignment, mortgage, chattel mortgage, or other conveyance, or any partial or complete release, discharge, or satisfaction of judgment, mortgage, lien, or other encumbrance, or any of such conveyances or instruments of or on any real or personal property which constitutes all or a portion of security on a contract, or any other documents relating to a contract.

- (8) Actual charges for credit reports and other credit screening expenses incurred for loans of \$5,000 or more, provided that such charges shall not exceed \$15 per applicant and such charges are paid to third parties and no portion of such charges inures to the benefit of the company.
- (i) Minimum discount or interest on conditional sale. When the discount or interest on a conditional sale contract of \$100 or more is less than \$15, a charge for discount or interest of \$15 shall be allowed.
- (j) As an alternative to the interest authorized by subsection (b);
- (1) An industrial loan company may contract for and receive interest at a rate not exceeding eighteen per cent per year on the unpaid principal balance of a loan, for a loan period of no longer than fifteen years; provided that retail installment contracts as defined in section 476-1, unsecured loans for less than \$5,000, and loans for less than \$7,500 secured only by personal property shall not be contracted under this subsection for a loan period of longer than six years. For loans contracted under this subsection with a term exceeding six years, the note shall provide for repayment of the loan in equal monthly installments over the term of the loan with a final payment not exceeding twice the monthly payment. Upon the maturity date of the contract, the rate of interest on the unpaid principal balance of the loan may be twelve per cent a year or the original contract rate of interest, whichever is greater.
- (2) For loans made or committed to after the effective date of this paragraph and prior to July 1, 1985, the maximum rate of interest permitted by this subsection shall be twenty-four per cent a year. This paragraph shall not apply to loans made or committed to prior to the effective date of this paragraph.
- (3) In addition to collecting interest at the rate established in paragraph (1) or (2) of this subsection, an industrial loan company may collect late charges on delinquent installments. Except as otherwise provided in chapter 476, relating to Retail Installment Sales, late charges shall not exceed five per cent of each delinquent contractual installment or portion thereof which remains unpaid on the due date agreed upon in the contract or \$50, whichever is less. The late charges shall not be collected more than once for the same delinquent installment. Delinquency occurs when the installment or payment is not paid on the due date agreed upon in the contract. The company shall give the borrower written notice of the assessment of late charges prior to the due date of the next contractual payment. No late charges shall be assessed after acceleration of the maturity of the contract."

A Bill for an Act Relating to Inter-Island Transportation System.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 271G-17, Hawaii Revised Statutes, is amended to read:

“Sec. 271G-17 Tariffs of water carriers. (a) Every water carrier shall file with the public utilities commission, and print, and keep open to public inspection, tariffs showing all the rates, fares, and charges for transportation, and all services in connection therewith, of passengers or property. The rates, fares, and charges shall be stated in terms of lawful money of the United States. The tariffs required by this section shall be published, filed, and posted in such form and manner, and shall contain such information as the commission by regulations shall prescribe; and the commission may reject any tariff filed with it which is not in consonance with this section and with the regulations. Any tariff so rejected by the commission shall be void and its use shall be unlawful.

(b) No change shall be made in any rate, fare, charge, or classification, or any rule, regulation, or practice affecting the rate, fare, charge, or classification, or the value of the service thereunder, specified in any effective tariff of a water carrier, except after forty-five days' notice of the proposed change filed and posted in accordance with subsection (a) of this section; provided that changes to a fuel surcharge approved by the commission may be made after thirty days' notice of the proposed change filed and posted in accordance with subsection (a) of this section. The notice shall plainly state the change proposed to be made and the time when it will take effect. The commission may in its discretion and for good cause shown allow the change upon notice less than that herein specified or modify the requirements of this section with respect to posting and filing of tariffs either in particular instances or by general order applicable to special or peculiar circumstances or conditions.

(c) No water carrier shall engage in the transportation of passengers or property unless the rates, fares, and charges upon which the same are transported by the carrier have been filed and published in accordance with this chapter.

(d) Whenever there is filed with the commission any schedule stating a new rate, fare, or charge, for the transportation of passengers or property by a water carrier or any rule, regulation, or practice affecting such rate, fare, or charge, or the value of the service thereunder, the carrier may on its own initiative, or shall by order of the commission served prior to the effective date of the schedule, concurrently file a pro forma statement of account which shall be prepared under the same form and in the same manner as prescribed by the commission's uniform system of accounts.

The commission may upon complaint of any interested person or upon its own initiative at once and, if it so orders, without answer or other formal pleading by the interested carrier or carriers, but upon reasonable notice, enter upon a hearing concerning the lawfulness of the rate, fare, or charge, or the rule, regulation, or practice, and pending the hearing and the decision thereon the commission, by delivering to the carrier or carriers affected thereby a statement in writing of its reasons therefor, may suspend the operation of the schedule and defer the use of the rate, fare, or charge, or the rule, regulation, or practice. From the date of ordering a hearing to investigate the

lawfulness of the rate, fare, or charge, the commission shall have up to six months to complete its investigation. If the commission fails to issue a final order within the six month period then the changes proposed by the carrier shall go into effect. At any hearing involving a change in a rate, fare, charge, or classification, or in a rule, regulation, or practice, the burden of proof shall be upon the carrier to show that the proposed changed rate, fare, charge, classification, rule, regulation, or practice, is just and reasonable.

(e) When a rate increase application is filed, the commission may in its discretion and after public notice, and upon showing by a water carrier of probable entitlement and financial need, authorize temporary increases in rates, fares, and charges; provided that the commission shall by order require the carrier to keep accurate account in detail of all amounts received by reason of such increase, specifying by whom and in whose behalf such amounts are paid, and upon completion of the hearing and decision by further order require the interested carrier to refund, with interest, to the persons in whose behalf such amounts were paid, such portion of such increased rates or charges by its decision shall be found not justified. The interest to be paid shall be the rate of return authorized in the last general rate case proceedings."

SECTION 2. Section 271G-19, Hawaii Revised Statutes, is amended by amending subsection (d) to read as follows:

"(d) Any water carrier, or any officer, agent, employee, or representative thereof, who shall fail or refuse to comply with any provision of this chapter, or any rule, regulation, filed tariff or requirement or order thereunder, shall pay a civil penalty to the State in the sum of not less than \$100, nor more than \$5,000 for each offense, and, in the case of a continuing violation, not to exceed \$5,000 for each additional day during which the failure or refusal continues. A penalty shall become due and payable when the person incurring it receives a notice in writing reasonably describing the violation and advising that the penalty is due."

SECTION 3. Section 271G-14, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 271G-14 Transfer of certificates of public convenience and necessity, and carrier property. (a) For the purpose of the administration and application of subsections (a) and (b), the term "carrier" includes any water carrier subject to this chapter, or any carrier subject to the act of any other state or any act of the Congress of the United States under which interstate or foreign commerce by land, sea, or air, is regulated.

(b) No water carrier shall sell, lease, assign, mortgage or otherwise dispose of, or encumber the whole or any part of its property necessary or useful in the performance of transportation services for the public or any certificate of public convenience and necessity; nor shall any water carrier, by any means, directly or indirectly, merge or consolidate its property, certificates of public convenience and necessity, or any part thereof, with any other carrier, without first having secured from the public utilities commission an order authorizing it so to do, and every such sale, lease, assignment, mortgage, disposition, encumbrance, merger, or consolidation, made other than in accordance with an order of the commission authorizing the same is void.

(c) No water carrier shall purchase or acquire, take or hold, any part of the capital stock of any other water carrier organized or existing under or by virtue of the laws of the State, without having been first authorized to do so by the commission. Every assignment or transfer of any stock by or through any person to any person, or otherwise, in violation of any of the provisions of this section is void and of no effect, and no transfer shall be made on the books of any water carrier. Nothing herein shall prevent the holding of stock heretofore lawfully acquired.

(d) Whenever a transaction is proposed under subsection (b) or (c) of this section, the water carrier or water carriers, or person or persons, seeking approval thereof shall present an application to the commission in such form as the commission may require and the commission may thereupon act upon the application with or without first holding a public hearing; provided, that if requested, it shall afford reasonable opportunity for interested parties to be heard. If the commission finds that subject to such terms and conditions as it shall find to be just and reasonable the proposed transaction will be consistent with the public interest, the commission shall enter an order approving and authorizing the transaction, upon the terms and conditions, and with the modifications, so found to be just and reasonable.

(e) Pending the determination of an application filed with the commission for approval of a consolidation or merger of the properties of two or more water carriers, or of a purchase, lease, charter, or contract to operate the properties of one or more water carriers, the commission may, in its discretion and without hearings or other proceedings, grant temporary approval, for a period not exceeding one hundred twenty days or for such additional period as the determination of an application may require, of the operation of the water carrier properties sought to be acquired by the persons proposing in the pending application to acquire the properties, if it shall appear that failure to grant this temporary approval may result in destruction of or injury to such water carrier properties sought to be acquired, or to interfere substantially with their future usefulness in the performance of adequate and continuous service to the public.”

SECTION 4. Section 271G-23, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 271G-23 Hearings. (a) All hearings, investigations, and proceedings shall be governed by chapter 91 and by rules of practice and procedure adopted by the public utilities commission, and in the conduct thereof, the technical rules of evidence need not be applied; provided that in all evidentiary hearings conducted pursuant to chapter 91 in which a carrier has the burden of justifying the reasonableness of its rates, fares, charges, or classifications, the burden of proof of the carrier in proving the reasonableness of expenditures, contracts, leases, or other transactions between the carrier and corporate affiliates of the carrier shall be satisfied only if the reliable, probative and substantial evidence is clear and convincing. No informality in any hearing, investigation, or proceeding, or in the manner of taking testimony shall invalidate any order, decision or rule made, approved, or confirmed by the commission.

(b) Complaints may be made, in writing, by the commission on its own motion or by any person or body politic setting forth any act or thing done, or omitted to be done by any water carrier, including any rule, regulation, rate, or charge, heretofore

A Bill for an Act Relating to County Zoning.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 46-4 of the Hawaii Revised Statutes is amended by amending subsection (a) to read as follows:

“(a) This section and any ordinances or rules and regulations adopted in accordance with it, shall apply only to those lands not contained within the forest reserve boundaries as established on January 31, 1957, or as subsequently amended.

Zoning in all counties shall be accomplished within the framework of a long range, comprehensive general plan prepared or being prepared to guide the overall future development of the county. Zoning shall be one of the tools available to the county to put the general plan into effect in an orderly manner. Zoning in the counties of Hawaii, Maui, and Kauai means the establishment of districts of such number, shape, and area, and the adoption of regulations for each district as shall be deemed best suited to carry out the purposes of this section. In establishing or regulating the districts, full consideration shall be given to all available data as to soil classification and physical use capabilities of the land so as to allow and encourage the most beneficial use of the land consonant with good zoning practices. The zoning power granted herein shall be exercised by ordinance which may relate to:

- (1) The areas within which agriculture, forestry, industry, trade, and business may be conducted.
- (2) The areas in which residential uses may be regulated or prohibited.
- (3) The areas bordering natural watercourses, channels and streams, in which trades or industries, filling or dumping, erection of structures, and the location of buildings may be prohibited or restricted.
- (4) The areas in which particular uses may be subjected to special restrictions.
- (5) The location of buildings and structures designed for specific uses and designation of uses for which buildings and structures may not be used or altered.
- (6) The location, height, bulk, number of stories, and size of buildings and other structures.
- (7) The location of roads, schools, and recreation areas.
- (8) Building setback lines and future street lines.

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

- (11) Minimum and maximum lot sizes.
- (12) Other such regulations as may be deemed by the boards or city council as necessary and proper to permit and encourage orderly development of land resources within their jurisdictions.

The council of any county shall prescribe such rules and regulations and administrative procedures and provide such personnel as it may deem necessary for the enforcement of this section and any ordinance enacted in accordance therewith. The ordinances may be enforced by appropriate fines and penalties, or by court order at the suit of the county or the owner or owners of real estate directly affected by the ordinances.

Nothing in this section shall invalidate any zoning ordinances or regulation adopted by any county or other agency of government pursuant to the statutes in effect prior to July 1, 1957.

The powers granted herein shall be liberally construed in favor of the county exercising them, and in such a manner as to promote the orderly development of each county or city and county in accord with a long range, comprehensive, general plan, and to insure the greatest benefit for the State as a whole. This section shall not be construed to limit or repeal any powers now possessed by any county to achieve the ends through zoning and building regulations, except insofar as forest and water reserve zones are concerned.

Neither this section nor any ordinance enacted under this section shall prohibit the continuance of the lawful use of any building or premises for any trade, industry, residential, agricultural, or other purpose for which the building or premises is used at the time this section or the ordinance takes effect, provided, that a zoning ordinance may provide for elimination of nonconforming uses as the uses are discontinued[.] or for the amortization or phasing out of nonconforming uses or signs over a reasonable period of time in commercial, industrial, resort, and apartment zoned areas only. In no event shall such amortization or phasing out of nonconforming uses apply to any existing building or premises used for residential (single family or duplex) or agricultural uses. Nothing in this section shall affect or impair the powers and duties of the director of transportation as set forth in chapter 262."

A Bill for an Act Relating to Public Assistance.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 346-37, Hawaii Revised Statutes, is amended to read:

"Sec. 346-37 Recovery of payments. (a) If a recipient under this chapter dies leaving an estate and does not have a surviving spouse, child, father, mother, grandfather, grandmother, grandchild, stepfather, stepmother, or any designated heir, the department may file a claim against the estate for the amount of social services payments, money payments, or burial payments granted, and the claim shall be allowed. The department may file a claim against the estate of a deceased recipient of medical assistance for the amount of medical assistance granted, only if the recipient was age sixty-five or over when such medical assistance was received and there is no dependent surviving spouse, or dependent child under twenty-one years of age, or is blind, or disabled.

(b) If any portion of any public assistance, including medical assistance, food

stamps, or burial payment, was obtained by any fraudulent device, including but not limited to those mentioned in section 346-34, or if any public assistance, including medical assistance, food stamps, or burial payment, was furnished or provided after receipt of income or resources which were not reported to the department as required by this chapter or by the department, the department may file a claim against the estate of the deceased recipient notwithstanding the provisions in subsection (a).

(c) If the department has provided medical assistance or burial payment to a person who was injured, suffered a disease, or died under circumstances creating a tort or other liability against some third person, the department shall have a right to recover from the third person an amount not to exceed the amount of medical assistance or burial payment furnished or to be furnished by the department. The department shall as to this right be subrogated to any right or claim that a claimant, defined in subsection (k), has against such third person for special damages to the extent of the amount of medical assistance or burial payment furnished or to be furnished by the department.

To enforce such rights, the department may intervene or join in any action or proceeding brought by a claimant against the third person who is liable. If such action or proceeding is not commenced within six months after the first day on which medical assistance or burial payment is furnished by the department in connection with the injury, disease, or death involved, the department may institute and prosecute legal proceedings against the third person who is liable for the injury, disease, or death, in a state court, either alone (in its own name or in the name of a claimant) or in conjunction with the claimant.

(d) Where legal proceedings are instituted by the claimant against a third person, the claimant shall give timely notice of such action to the department.

(e) Where third party liability is found to exist, or where the issue of such third party liability is settled or compromised without a finding of liability, regardless of who institutes legal proceedings or seeks other means of recovering, the department shall have a lien in the amount of medical assistance and burial payment made against the proceeds from special damages awarded in a suit or settlement. The lien shall attach as provided in subsection (f). Where a notice of lien is properly served upon the attorney representing the claimant as provided in subsection (f), that attorney shall satisfy the lien prior to disbursing any of the proceeds of the suit or settlement to his client. Where a notice of lien is properly served upon the third person described in subsection (c), his agent or attorney, or upon his insurance company, as provided in subsection (f), it shall be the responsibility of the third person to satisfy the lien prior to disbursing any of the proceeds to the claimant's attorney. This section is not intended to restrict or diminish the right of the department to settle or compromise its subrogation or lien rights provided herein.

(f) The lien of the department for reimbursement of medical or burial payments, provided in subsection (e), shall not attach unless and until a notice of lien is served upon the claimant's attorney or upon the third person, his agent, attorney, or insurance company. The method of service shall be by registered mail, return receipt requested, or by delivery of the notice of lien personally to the individuals referred to. Service by registered mail is complete upon receipt. The notice of lien shall state the name of the injured, diseased, or deceased person, the amount of the lien, and the date of the accident or incident which caused the injuries, disease, or death which necessi-

tated the department's medical or burial payments. Where the notice of lien is served upon the claimant's attorney, the notice of lien shall state that the claimant's attorney shall pay the amount of the lien from the proceeds of any judgment, settlement, or compromise based on the incident or accident. Where the notice of lien is served upon the third person described in subsection (c), his agent, attorney, or insurance company, the notice of lien shall state that he shall satisfy the lien prior to disbursing any of the proceeds to the claimant or to the claimant's attorney. A notice of lien may be amended from time to time until extinguished, each amendment taking effect upon proper service.

(g) In the event that there is a dispute between the claimant, his agent, or his attorney, and the department concerning the existence of the lien or the amount of the lien, the claimant, his agent, or his attorney may request in writing a hearing on the dispute. After receipt by the department of such a written request, the department shall conduct an administrative hearing within a reasonable period of time. The provisions of chapter 91 shall apply to such a hearing. Funds sufficient to extinguish the lien rights of the department shall be either retained by the person or entity served with the notice of lien, or shall be paid to the department pending its decision.

A Bill for an Act Making an Appropriation for Payment of Settlement Between the State of Hawaii and Mark Construction, Inc.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. **Findings and purpose.** The purpose of this Act is to provide for the payment of a settlement agreement negotiated by the State of Hawaii and Mark Construction, Inc., involving three separate suits (Civil Nos. 38134, 44113, and 45060) filed by Mark Construction, Inc., against the State of Hawaii. These three suits were consolidated and seek damages of more than 12 million dollars. The claims are grounded on contracts awarded to Mark Construction, Inc., by the State Department of Transportation for three separate federal-aid highway construction projects on Oahu.

The Departments of the Attorney General and Transportation have evaluated the claims and consider the settlement to be in the best interest of the State. The evaluation included considerations of the projected cost of defining the claims and the potential exposure to liability.

The State will apply to the Federal Highway Administration for federal reimbursement on the amount paid in settlement.

SECTION 2. There is appropriated the sum of \$2,500,000 out of general obligation bond funds of the State of Hawaii, with debt service costs to be paid out of the State highway fund. This appropriation shall be used for settlement of the pending claims involving the following highway construction projects:

1. Waiawa Interchange, FAIP Nos. I-H1-1(14):8 and I-H-1(75):8
2. A portion of Interstate Route H-2 south of Waiahole Ditch to Waiawa Interchange, FAIP No. I-H2-1(5):0
3. Halawa Interchange, FAIP No. I-H1-1(88):13

SECTION 3. The director of finance is authorized to issue general obligation bonds of the State for the purposes of this Act; provided that the sum total of the bonds so issued shall not exceed \$2,500,000.

SECTION 4. The sum appropriated shall be expended by the department of transportation for the purposes of this Act.

ACT 217

S.B. NO. 2302-80

A Bill for an Act Relating to Workers' Compensation Program Commission.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The legislature finds that Hawaii's workers' compensation law is one of the basic laws intended to provide income and medical benefits for persons who suffer work-connected injuries. The legislature finds that Hawaii's law, much like laws in other states, embraces several basic objectives as follows: (1) broad coverage of employees' work-related injuries and diseases, (2) substantial protection against interruption of income, (3) provision of medical coverage and rehabilitation services, (4) emphasis upon job-safety and prevention of accidents, and (5) an efficient, effective, and equitable system for the financing of the program and the delivery of such benefits as mandated by law. The legislature finds that despite the seemingly simple and straightforward objectives of the workers' compensation program, the program has stirred considerable debate and controversy in a number of areas. Areas at issue include the rate-making mechanism and the nature and levels of benefits which are compensable by type of injury. The legislature finds that issues associated with the workers' compensation program are likely to heighten in the months and years ahead, due among other considerations to the increasing costs associated with the operation and administration of the workers' compensation program. The legislature finds that the workers' compensation program in Hawaii is a multi-million dollar program involving thousands of persons. For example, according to data reported in "Work Injury Statistics 1978", a publication of the Hawaii state department of labor and industrial relations, in 1978, 57,138 workers' compensation cases were processed in Hawaii with costs totalling over \$32,000,000.

The legislature further finds that workers' compensation has gained an increasingly prominent place on the agendas of various state legislatures.

The legislature finds and concludes that a comprehensive review of Hawaii's workers' compensation law by a specially designated study group is a prudent action and one which is clearly in the general public interest. The purpose of this Act is to establish a temporary commission to carefully and comprehensively review Hawaii's law and to prepare a report of findings and recommendations in consonance with the basic objectives of workers' compensation laws and with a special emphasis upon ways to reduce or stabilize costs while at the same time maintaining benefits at existing levels, or ideally, providing increased benefits at reduced employer cost.

SECTION 2. There is created a workers' compensation program commission, hereafter in this Act referred to as "the commission", placed in the department of labor

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

and industrial relations for administrative purposes, which shall perform a study and report on the state workers' compensation program in line with the concerns noted in the foregoing section. The commission shall consist of nine voting members as follows: the director of labor and industrial relations or the director's designee; the assistant insurance commissioner; the chairman of the workers' compensation appeals board or the chairman's designee; and six members who shall be appointed by the governor not subject to section 26-34, Hawaii Revised Statutes; provided that of the six members appointed by the governor, one member shall represent "big business" (employers in the private sector who meet requirements of Hawaii law to be self-insured), one member shall represent "small business" (employers in the private sector who must provide insurance coverage through a third party arrangement), one member shall represent Hawaii's insurance industry, one member shall represent Hawaii's public employee unions, one member shall represent Hawaii's non-public construction employee unions; and one member shall represent Hawaii's non-public general trades employee unions. Any vacancy in the commission shall not affect its powers and shall be filled in the same manner in which the original position was filled. The commission shall elect a chairperson and vice-chairperson from among its members. A majority of the members of the commission shall constitute a quorum.

SECTION 3. The commission may appoint and fix the compensation of such personnel as it deems necessary. Such personnel shall not be subject to the provisions of chapters 76 and 77, Hawaii Revised Statutes. The commission shall have the power to appoint an advisory committee or committees from time to time to which employees of the State and counties and the non-public sector shall be eligible.

SECTION 4. Members of the commission shall serve without compensation, but shall be reimbursed for travel, subsistence, and other necessary expenses incurred by them in the performance of their duties.

SECTION 5. The commission may hold hearings and make investigations. For these purposes, the commission shall have such powers as may be provided by law with respect to issuance of subpoenas and compelling the attendance of witnesses to secure information necessary to carry out the purposes of this Act. Subpoenas shall be signed by the chairperson of the commission and may be served by any person designated by the chairperson. Any member of the commission may administer oaths or affirmations to any person called before it. Any person subpoenaed to appear before the commission shall be entitled to receive fees and travel expenses as are allowed witnesses in civil actions in the circuit courts of the State.

SECTION 6. The commission shall have power to examine all government records and may secure directly from any state or county agency, information, suggestions, estimates, and statistics which are necessary in order to carry out the purposes of this Act. Each department shall make its records available and shall furnish information, suggestions, estimates, and statistics directly to the commission, upon written request of the chairperson or vice-chairperson.

SECTION 7. Prior to the convening of the regular session of 1981, the commission shall submit a preliminary report of its findings to the governor and the legislature. Within ten days after the 1982 regular session of the Eleventh State Legislature is convened and organized, the commission shall submit a final report of its findings and recommendations to the governor and the legislature. Ninety days after the submission of its final report, the commission shall cease to exist.

SECTION 8. This Act shall take effect upon its approval.

(Approved June 7, 1980.)

A Bill for an Act Relating to Absolute Liability of Animal Owners: Penalties for Violations.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The legislature finds that recent court decisions allow a dog his "first bite" before an owner can be held liable for injuries caused by the dog, while at the same time holding an owner liable for injuries caused to a trespasser attacked by a dog, even if such injuries occur on the private property of the dog owner. The legislature finds both holdings unacceptable. In the first case, innocent public utility employees, visitors, and others legally on a property often go without a remedy. In the second case, numerous state residents who keep dogs or other animals for protection against the rising crime rate (which the legislature herein specifically finds to exist) are hampered in using an effective means of crime prevention.

SECTION 2. Chapter 663, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read as follows:

"Sec. 663- Liability of animal owners. (a) The owner or harbinger of an animal, if the animal proximately causes either personal or property damage to any person, shall be liable in damages to the person injured regardless of the animal owner's or harbinger's lack of scienter of the vicious or dangerous propensities of the animal.

(b) The owner or harbinger of an animal which is known by its species or nature to be dangerous, wild, or vicious, if the animal proximately causes either personal or property damage to any person, shall be absolutely liable for such damage."

SECTION 3. Chapter 663, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read as follows:

"Sec. 663- Exception of animal owners to civil liability. (a) As used in this section:

- (1) "Premises" includes any building or portion thereof or any real property owned, leased, or occupied by the owner or harbinger of an animal.
- (2) "Enter or remain unlawfully" means to be in or upon premises when the person is not licensed, invited, or otherwise privileged to be upon the premises. A person is not licensed or privileged to enter or remain in or upon a premises if a warning or warnings have been posted reasonably adequate to warn other persons that an animal is present on the premises. A person who, regardless of his intent, enters or remains in or upon premises which are at the time open to the public does so with license and privilege unless he defies a lawful order not to enter or remain, personally communicated to him by the owner of the premises or some other authorized person. A license or privilege to enter or remain in a building which is only partly open to the public is not a license or privilege to enter or remain in that part

of the building which is not open to the public. A person who enters or remains upon unimproved and apparently unused land, which is neither fenced nor otherwise enclosed in a manner designed to exclude intruders, does so with license and privilege unless notice against trespass is personally communicated to him by the owner of the land or some other authorized person, or unless notice is given by posting in a conspicuous manner.

(3) The definition of "intentionally" and "knowingly" as contained in sections 702-206(1) and 702-206(2) shall apply.

(b) Notwithstanding sections 663-1 and 663- , any owner or harbinger of an animal shall not be liable for any civil damages resulting from actions of the animal occurring in or upon the premises of the owner or harbinger where the person suffering either personal or property damage as a proximate result of the actions of the animal is found by the trier of fact intentionally or knowingly to have entered or remained in or upon such premises unlawfully.

(c) Notwithstanding sections 663-1 and 663- , any owner or harbinger of an animal shall not be liable for any civil damages resulting from actions of the animal where the trier of fact finds that:

- (1) The animal caused such damage as a proximate result of being teased, tormented, or otherwise abused without the negligence, direction, or involvement of the owner or harbinger; or
- (2) The use of the animal to cause damage to person or property was justified under chapter 703."

ACT 221

S.B. NO. 2665-80

A Bill for an Act Relating to Mental Health.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. **Purpose.** The legislature finds and declares that the current mental health system provides insufficient alternatives to institutionalization and hospitalization for those citizens entering that system, and further finds and declares that the need exists for a full system of alternatives to institutional settings which have as a focus the rehabilitation of clients of the mental health system, and further finds and declares that a full system of alternatives to institutionalization, with coordination provided by the department of health, is necessary to provide a real alternative to institutionalization.

SECTION 2. Chapter 334, Hawaii Revised Statutes, is amended by adding a new part VII to read as follows:

**“PART VII. COMMUNITY RESIDENTIAL
TREATMENT SYSTEM**

Sec. 334- Establishment. It is the intent of the legislature to establish a statewide system of residential treatment programs which provide a range of available services which will be alternatives to institutional care and are based on principles of residential, community-based treatment.

It is further the intent of the legislature that community residential mental health programs in the State of Hawaii be developed in accordance with the guidelines and principles set forth in this part. To this end, the department may implement the community residential treatment system described in this part either with available allocations or applying for funds from the legislature. Any private, nonprofit or public organization, or both, within the State is eligible to submit an application for funding under this part.

It is further the intent of the legislature to provide guidelines for such a system to the applicants, while allowing each applicant the flexibility to design a system specific to the nature of the community and the needs of the clients.

It is further the intent of the legislature that the director, in allocating funds available for programs which serve as alternatives to institutionalization, follow the guidelines and principles developed herein.

Sec. 334- Criteria. The director shall use the following as criteria in determining the eligibility of each applicant:

(1) Facilities:

(A) Settings, whether residential or day, shall be as close to a normal home environment as possible without sacrificing client safety or care;

- (B) Residential treatment centers shall be relatively small, preferably fifteen beds or less, but in any case with the appearance of noninstitutional setting; and
 - (C) The individual elements of the system, where possible, shall be in separate facilities and not part of one large facility attempting to serve an entire range of clients;
- (2) Staffing patterns:
- (A) Staffing patterns shall reflect, to the maximum extent feasible, at all levels, the cultural, linguistic, ethnic, sexual, and other social characteristics of the community the facility serves;
 - (B) The programs shall be designed to use appropriate multidisciplinary professional consultation and staff to meet the specific diagnostic and treatment needs of the client; and
 - (C) Programs shall be encouraged to use para-professionals where appropriate;
- (3) Programs:
- (A) The programs shall have a rehabilitation focus which encourages the client to develop the skills to become self-sufficient and capable of increasing levels of independent functioning where appropriate. They shall include prevocational and vocational programs.
 - (B) The programs shall encourage the participation of the clients in the daily operation of the setting in development of treatment and rehabilitation planning and evaluation.
 - (C) Participation in any element of the system shall not preclude the involvement of clients in individual therapy. Individual therapists of clients, where possible, shall be directly involved in the development and implementation of a treatment plan.
- (4) Coordination: The programs shall demonstrate specific linkages with one another, and with the general treatment and social service system, as a whole. These connections should not be limited to the mental health system, but shall include, whenever possible, community resources utilized by the general population. To ensure coordination occurs, each program shall include a case management system in which the case manager serves as a coordinator to assure the cooperative operation of the various elements of the system and to act as an active advocate for the clients in the system. The case manager shall assure that each client receives the appropriate type of service. The case manager shall meet regularly with clients, work closely with program staff, and serve as an advocate. The case manager shall work directly with the client and the system to assure continuity of care between the service elements of the system.

Sec. 334- Program elements. The following shall be the program elements of the system. These shall be designed to provide, at every level, alternatives to institutional settings. Applicants in applying for funds for the program elements shall show how each of these elements works with the current programs in the community the facility will serve. Applicants may apply for funds for the following program elements:

- (1) A short-term crisis residential alternative to hospitalization for individuals

experiencing an acute episode or situational crisis. The program shall be available for admissions twenty-four hours a day, seven days a week. The primary focus of this element shall be on reduction of the crisis, stabilization, diagnostic evaluation, and assessment of the person's existing support system, including recommendations for referrals upon discharge. This service in the program shall be designed for persons who would otherwise be referred to an acute inpatient psychiatric unit.

- (2) A long-term residential treatment program for clients who would otherwise be living marginally in the community with little or no service support, and who would return many times to the hospital for treatment. It also will serve those who are referred to, and maintained in, state hospitals or nursing homes because they require long-term, intensive support. This service shall be designed to provide a rehabilitation program for the so-called "chronic" patient who needs long-term support in order to develop independent living skills. This program goes beyond maintenance to provide an active rehabilitation focus for these individuals.
- (3) A transitional residential program designed for persons who are able to take part in programs in the general community, but who, without the support of counseling, as well as the therapeutic community, would be at risk of returning to the hospital. These programs may employ a variety of staffing patterns and are for persons who are expected to move toward a more independent living setting. The clients shall be expected to play a major role in the functioning of the household, and shall be encouraged to accept increasing levels of responsibility, both in the residential community, and in the community as a whole. Residents are required to be involved in daytime activities outside of the facility which are relevant to their personal goals and conducive to their achieving more self-sufficiency.
- (4) A semisupervised, independent, but structured living arrangement for persons who do not need the intensive support of the other system elements, but, who, without some support and structure, are at risk to return to a condition requiring hospitalization. The individual apartments or houses are shared by three to five persons. The small cooperative housing units shall function as independent households with direct linkages to staff support in case of emergencies, as well as for regular assessment and evaluation meetings. Individuals may use satellite housing as a transition to independent living, or may remain in this setting indefinitely in order to avoid the need for more intensive settings. This element is for persons who only need minimum support in order to live in the community. These units should be as normative as the general living arrangements in the communities in which they are developed.

Sec. 334- Least restrictive level of service. The system shall be developed in such a way that clients may move within the system to the most appropriate, least restrictive level of service. The system shall also allow for direct referral of clients, without requiring that a person pass through the entire system to reach the most appropriate level.

Sec. 334- Evaluation. An adequate proportion of funds shall be applied to the development and implementation of an appropriate evaluation mechanism. The

department, in conjunction with the programs, shall specify the criteria to be used in the evaluation of each program and in the evaluation of the entire system.

By June 30, 1982, the department shall conduct or contract for the evaluation. Evaluation reports shall be transmitted to the legislature.

Sec. 334- License required. Facilities funded pursuant to this part shall be licensed under existing licensing categories, including provisional licenses. The director shall review the appropriateness of these licensing categories. If the director determines that new licensing categories are necessary, he shall issue a report and recommendation to the legislature."

SECTION 3. This Act shall take effect upon its approval.

(Approved June 7, 1980.)

A Bill for an Act Relating to the Insanity Defense.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Chapter 704, Hawaii Revised Statutes, is amended as follows:

1. Section 704-402 is amended by amending subsection (2) to read as follows:

"(2) When the defense provided for by subsection (1) is submitted to a jury, the court shall, if requested by the defendant, instruct the jury as to the consequences to the defendant of an acquittal on the ground of physical or mental disease, disorder, or defect excluding responsibility."

2. Section 704-407 is amended to read as follows:

"Sec. 704-407 Special post-commitment or post-conditional release hearing. (1) At any time after commitment as provided in section 704-406, the defendant or his counsel or the director of health may apply for a special post-commitment hearing. If the application is made by or on behalf of a defendant not represented by counsel, he shall be afforded a reasonable opportunity to obtain counsel, and if he lacks funds to do so, counsel shall be assigned by the court. The application shall be granted only if the counsel for the defendant satisfies the court by affidavit or otherwise that as an attorney he has reasonable grounds for a good faith belief that his client has an objection based upon legal grounds to the charge.

(2) If the motion for a special post-commitment hearing is granted, the hearing shall be by the court without a jury. No evidence shall be offered at the hearing by either party on the issue of physical or mental disease, disorder, or defect as a defense to, or in mitigation of, the offense charged.

(3) After the hearing, the court shall rule on any legal objection raised by the application and may in an appropriate case quash the indictment or other charge, or find it to be defective or insufficient, or otherwise terminate the proceedings on the law. In any such case, unless all defects in the proceedings are promptly cured, the court shall terminate the commitment or conditional release ordered under section 704-406 and order the defendant to be discharged or, subject to the law governing the involuntary hospitalization or conditional release of persons suffering from physical

or mental disease, disorder, or defect, order the defendant to be committed to the custody of the director of health to be placed in an appropriate institution for detention, care, and treatment or order the defendant to be released on such conditions as the court deems necessary.”

3. Section 704-408 is amended to read:

“Sec. 704-408 Determination of irresponsibility. If the report of the examiners filed pursuant to section 704-404, or the report of examiners of the defendant’s choice under section 704-409, states that the defendant at the time of the conduct alleged suffered from a physical or mental disease, disorder, or defect which substantially impaired his capacity to appreciate the wrongfulness of his conduct or to conform his conduct to the requirements of law, the court shall submit the defense of physical or mental disease, disorder, or defect to the jury or the trier of fact at the trial of the charge against the defendant.”

4. Section 704-410 is amended by amending subsection (1) to read as follows:

“(1) At the hearing pursuant to section 704-405 or upon the trial, the examiners who reported pursuant to section 704-404 may be called as witnesses by the prosecution, the defendant, or the court. If the issue is being tried before a jury, the jury may be informed that the examiners or any of them were designated by the court or by the director of health at the request of the court, as the case may be. If called by the court, the witness shall be subject to cross-examination by the prosecution and the defendant. Both the prosecution and the defendant may summon any other qualified physician or other expert to testify, but no one who has not examined the defendant shall be competent to testify to an expert opinion with respect to the physical or mental condition of the defendant, as distinguished from the validity of the procedure followed by, or the general scientific propositions stated by, another witness.”

under section -3. The ten-day period may be extended for an additional twenty working days if the agency provides to the individual, within the initial ten working days, a written explanation of unusual circumstances causing the delay.

Sec. -7 Copies. The agency may charge the individual for any copies and for the certification of any copies; provided that such charges or fees shall not exceed the actual cost of duplication or of transcription into readable or intelligible form and duplication and shall not include any costs of searching for the record.

(b) In any action brought under this section the court may order the agency to correct or amend the complainant's personal record, to require any other agency action, or to enjoin such agency from improper actions as the court may deem necessary and appropriate to render substantial relief.

(c) In any action brought under this section in which the court determines that

the agency acted in a manner which was intentional or wilful, the agency shall be liable to the complainant in an amount equal to the sum of:

- (1) Actual damages sustained by the complainant as a result of the failure of the agency to properly maintain the personal record, but in no case shall a complainant (individual) entitled to recovery receive less than the sum of \$100; and

(d) The court may assess reasonable attorney's fees and other litigation costs reasonably incurred against the agency in any case in which the complainant has substantially prevailed, and against the complainant where the charges brought against the agency were frivolous.

(e) An action may be brought in the circuit court where the complainant resides, the complainant's principal place of business is situated, or the complainant's relevant personal record is situated. No action shall be brought later than two years after the date of the cause of action, which shall be the date of the last written communication to the agency requesting compliance.

Sec. -12 Violations; disciplinary action against employees. A knowing or intentional violation of any provision of this chapter, or of any rule adopted to implement or administer this chapter, by any employee or officer of an agency shall be cause for disciplinary action, including suspension or discharge, by the head of the agency. Any person may file a complaint, with the head of the applicable agency, alleging such a violation.

Sec. -13 Access to personal records by order in judicial or administrative proceedings; access as authorized or required by other law. Nothing in this chapter, including section -3, shall be construed to permit or require an agency to withhold or deny access to a personal record, or any information in a personal record:

- (1) When the agency is ordered to produce, disclose, or allow access to the record or information in the record, or when discovery of such record or information is allowed by prevailing rules of discovery or by subpoena, in any judicial or administrative proceeding; or

Upon a satisfactory showing of such evidence, the court shall order a new hearing and make such disposition of the case as the facts and the best interests of the child warrant.

A parent, guardian, or next friend of a child whose legal custody has been transferred by the court to an institution, facility, agency, or person may petition the court for modification or revocation of the decree, on the ground that such legal custodian has wrongfully denied application for the release of the child or has failed to act upon it within a reasonable time, or has acted in an arbitrary manner not consistent with the welfare of the child or the public interest. An institution, facility, agency, or person vested with legal custody of a child may petition the court for a renewal, modification, or revocation of the custody order on the ground that such change is necessary for the welfare of the child or in the public interest. The court may dismiss

the petition if on preliminary investigation it finds it without substance. If the court is of the opinion that the decree should be reviewed, it shall conduct a hearing on notice to all parties concerned, and may enter an order continuing, modifying, or terminating the decree.

Notwithstanding the foregoing provisions of this section the court's authority with respect to the review, rehearing, renewal, modification, or revocation of decrees, judgments, or orders entered in the hereinbelow listed classes of proceedings shall be limited by any specific limitations set forth in the statutes governing such proceedings or in any other specifically applicable statutes or rules. In connection with any such referral or inquiry, the court trustee shall investigate all matters pertinent to the determination of just and suitable allowances for the spouse and children, and shall submit his findings and recommendations in writing to the court.

The written reports of the court trustee shall be available to interested parties and may be received in evidence if no objection is made, or, if objection is made, may be received in evidence; provided the person or persons responsible for the reports are available for cross-examination as to any matter which has been investigated. When a report is received in evidence, any party may introduce other evidence supplementing, supporting, modifying, or rebutting the whole or any part of the report.

The court trustee shall maintain files of the support orders and papers referred to him, shall maintain follow-up records to determine whether the payments ordered therein are being made, may make oral or written demand for overdue payments, and, in the event of a default and after such time as the court trustee may deem reasonable, may, and when directed by the court shall, institute contempt of court proceedings for the purpose of enforcing support orders.

The court trustee may utilize the services of public or private social agencies in conducting the investigations and making the reports and recommendations occasioned by this section. Reports of such agencies may be received in evidence under the same conditions as reports of the court trustee.

Court costs, service fees, and the expenses of any investigation conducted by the court trustee may, in the discretion of the court, be assessed wholly or partially against the party ordered to make the support payments.

As used in this section, support includes amounts ordered to be paid as reimbursement or advancement for expenses incurred or to be incurred by or on behalf of a spouse or child, including attorney's fees, court costs, and other expenses in connection with relevant litigation, unpaid amounts due under existing or prior support orders, and payments required by a valid sentence, order, judgment, or decree under chapters 575, 576, [579,] 580, and [580] 584 or section 571-51."

ACT 239

H.B. NO. 2286-80

A Bill for an Act Relating to Developmental Disabilities.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 333E-1, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 333E-1 Findings and purpose. The legislature finds that:

- (1) The State of Hawaii has a responsibility to provide services for its developmentally disabled citizens in order to aid them in living as complete and normal lives as possible.
- (2) Several departments of the State are responsible for various services to the developmentally disabled, namely the department of health provides health services, the department of education provides educational services, and the department of social services and housing provides vocational rehabilitation and other social services.
- (3) Lack of coordination among the services and planning activities of the various departments of the State results in gaps in the spectrum of needed services, duplication of services, lack of clarity in responsibility for services, and poorly articulated inter-agency programs, thereby reducing the quality of programs for the developmentally disabled.
- (4) Because of specific mandates of the departments, it is essential that a body responsible for coordinating services and planning for the developmentally disabled be established outside the departments responsible for services.
- (5) There exists within the state department of health for administrative purposes only, a state planning council on developmental disabilities appointed by the governor and mandated by federal legislation, supported in large part by federal moneys and required by federal law to provide coordination and planning in the field of developmental disabilities.
- (6) The purpose of this chapter is to establish the state planning council on developmental disabilities as the state agency responsible for coordinating services to the developmentally disabled residents of Hawaii.
- (7) Deinstitutionalization of the developmentally disabled is a major goal of the State, thus state and county agencies should adopt policies and regulations which will encourage the development of suitable housing for this group within the community.”

SECTION 2. Chapter 333E, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read as follows:

“Sec. 333E- Encouragement of suitable housing. The state council shall encourage the adoption of ordinances in each political subdivision in the State which would permit the maintenance and construction of residences for persons with developmental disabilities, including those developmentally disabled persons defined in this chapter and in section 202 of the Federal Housing Act of 1959, as amended. The ordinances should include provisions for permitting an appropriate number of unrelated persons with developmental disabilities and two supervisory staff to reside in a single-family dwelling provided that, in determining the appropriate number, the political subdivisions should consider the cost of maintenance and construction of the residence, in order that financial obligations can be met.”

SECTION 3. Section 321-11, Hawaii Revised Statutes, is amended to read as

follows:

“Sec. 321-11 Subjects of health regulations, generally. The department of health may make such regulations as it deems necessary for the public health and safety respecting:

A Bill for an Act Relating to Bail.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The legislature finds that there has been great abuse of the privilege of bail by persons who have been previously convicted of felonies and that such persons pose a significant danger to the community due to their persistent choices not to conform their conduct to the law. The legislature also finds extensive abuse of the privilege of bail pending appeal and blunting of the deterrent effect of punishment due to delays caused by appeals.

SECTION 2. Section 804-3, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 804-3 Bailable offenses. (a) For purposes of this section, “serious crime” means a class A or B felony, except forgery in the first degree and failing to render aid under section 291C-12, and “bail” includes release on one’s own recognizance.

(b) Any person charged with a criminal offense shall be bailable by sufficient sureties; except that no bail shall be allowed where the charge is for a serious crime where the proof is evident and the presumption great, and

- (1) The offense is punishable by imprisonment for life not subject to parole; or
 - (2) The defendant has been previously convicted of a serious crime within the ten-year period immediately preceding the date of the charge against him;
- or

- (3) The defendant is already on bail on a felony charge.

No defendant entitled to bail, whether bailed or not, shall, without his written consent, be subject to the operation of any sentence passed upon him while any proceedings to procure a review of any action of the trial court or jury in the premises are pending and undetermined, except as provided in section 641-14(a).”

SECTION 4. Section 804-7.1, Hawaii Revised Statutes, is amended to read as follows:

The judicial officer may revoke a defendant’s bail upon proof that the defendant has breached any of the conditions imposed.”

SECTION 5. If any provision of this Act, or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are severable.

(b) It shall be lawful for an employee, who is not prohibited from striking under paragraph (a) and who is in the appropriate bargaining unit involved in an impasse, to participate in a strike after (1) the requirements of section 89-11 relating to the resolution of disputes have been complied with in good faith, (2) the proceedings for the prevention of any prohibited practices have been exhausted, (3) sixty days have elapsed since the fact-finding board has made public its findings and any recommendation, (4) the exclusive representative has given a ten-day notice of intent to strike to the board and to the employer.

ACT 253

H.B. NO. 2634-80

A Bill for an Act Relating to the Compensation of Public Officers and Employees.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The purpose of this Act is to authorize a reduction in the number of steps within the existing salary ranges for positions covered under chapter 77, Hawaii Revised Statutes.

The legislature finds that the existing five-step pay ranges for blue collar positions and the ten-step salary ranges for white collar positions, which were established prior to collective bargaining, are no longer appropriate. Since the enactment of the collective bargaining law, employees have received negotiated pay increases each year. The granting of step increases, in addition to separately negotiated pay increases each year, resulted in prohibitive costs. Therefore, effective July

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

1, 1976, the legislature proscribed the granting of step increases in any fiscal year when an increase in a pay schedule is effected. Such deferral of step increases was, and remains, necessary until appropriate pay ranges with fewer steps are developed.

Presently, however, the number of steps as well as the number of ranges are fixed by statute. The legislature believed that these matters should remain within its purview, particularly during the formative years of collective bargaining. Ten years have elapsed since the enactment of the collective bargaining law, which established thirteen appropriate bargaining units based on broad occupational categories. Seven of these units include positions governed by chapter 77, Hawaii Revised Statutes—two units include blue collar positions subject to five-step salary ranges and five units include white collar positions subject to ten-step salary ranges. Prior proposals calling for a uniform, statutorily mandated reduction in the number of steps for all positions under chapter 77, Hawaii Revised Statutes, have been considered and rejected by the legislature. Each bargaining unit has its own particular concerns and objectives. Several bargaining units have voiced a desire to share in the decision-making process regarding the manner in which the number of steps are to be reduced. Other bargaining units have remained silent on the subject.

While the legislature believes that the number of steps and ranges should remain within its purview, it finds that the parties to negotiations should be granted the option to share in the decision-making process regarding the manner in which the number of steps are to be reduced. This would be consonant with the legislature's policy on collective bargaining; provided the option is exercised and a conversion plan is developed and executed on or before December 31, 1980, to allow the parties sufficient time to conduct their next wage negotiations based on such mutually agreed upon conversion plan, as well as subsequent wage negotiations. In the absence of such mutually agreed upon conversion plan, the parties to negotiations shall continue wage negotiations based on the existing five-step salary ranges for blue collar positions and the ten-step salary ranges for white collar positions contained in the statutes.

The legislature further finds that the chief executives together with the chief justice of the supreme court should have the discretion to determine the manner in which the number of steps are to be reduced for employees excluded from collective bargaining who are covered under chapter 77, Hawaii Revised Statutes. This would be consistent with the intent of chapter 89C, Hawaii Revised Statutes, which authorizes adjustments for such employees which are comparable to their counterparts included in collective bargaining units.

Accordingly, the legislature authorizes the parties to negotiations and the chief executives together with the chief justice of the supreme court, as the case may be, to reduce the number of steps within the existing pay ranges for employees covered under chapter 77, Hawaii Revised Statutes, in accordance with the guidelines under this Act. Additionally, since pay rates are negotiable under chapter 89, Hawaii Revised Statutes, and can be adjusted under chapter 89C, Hawaii Revised Statutes, the obsolete pay rates contained in the statutes are being deleted. The personnel directors and the administrative director of the courts are required to maintain the pay schedules applicable to positions under chapter 77, Hawaii Revised Statutes.

SECTION 2. Section 77-1, Hawaii Revised Statutes, is amended to read as follows:

- (B) The appeals board referred to in section 77-4 shall provide for the publication of the tentative compensation plan. (d) Any model conversion plan agreed to between the employers and the exclusive representative shall contain the following:

- (2) An agreement that the model conversion plan shall not be terminated until the objective under paragraph (1) is reached and shall not be modified except by written mutual agreement of the parties.
- (3) An agreement that during the fiscal year commencing July 1, 1981, and each subsequent fiscal year, at least one step shall be deleted from the salary ranges until the salary ranges are reduced to such number of steps mutually agreed upon under paragraph (1).
- (4) An agreement that all negotiations on wages, to be effective July 1, 1981 and subsequently, shall be based on the model conversion plan and that no other pay rates shall be negotiated, other than those rates for the number of steps allowable under paragraph (3) or such fewer number of steps as mutually agreed upon between the parties.
- (5) An agreement that all employees in bargaining unit positions subject to this chapter shall be paid, commencing July 1, 1981, in accordance with the rates negotiated for the steps on the revised salary schedule within their applicable salary ranges.
- (6) An agreement regarding the adjusting of employees' pay from their existing rates to those rates negotiated for the steps on the revised salary schedule within their applicable salary ranges; provided that such an agreement may contain a provision for the payment of a bonus or conversion differential if it is not to be considered as an adjustment to an employee's basic pay rate.

The parties shall not agree to a conversion plan which does not meet the requirements of this section nor agree to any amendments which would be inconsistent with this section.

(e) The chief executives of the State and the counties and the chief justice of the supreme court, as applicable, may reduce the number of steps within the salary ranges under sections 77-5 and 77-13 for positions excluded from collective bargaining coverage. Their designated representatives shall review the model conversion plans applicable to employees included in collective bargaining units before reaching a decision under section 89C-3 concerning adjustments regarding a reduction in the number of steps for excluded employees; provided that any reduction in the number of steps for excluded employees shall harmonize with the model conversion plans developed for included employees; provided further that if a model conversion plan is not developed for employees included in a collective bargaining unit, there shall be no reduction in the number of steps for excluded employees under the same compensation plan as the employees included in that bargaining unit. The costs of reducing the salary ranges to fewer steps and any other general pay adjustments shall be subject to approval and appropriations by the appropriate legislative bodies in accordance with section 89C-5."

SECTION 6. Section 89-9, Hawaii Revised Statutes, is amended by amending subsection (d) to read as follows:

"(d) Excluded from the subjects of negotiations are matters of classification and

reclassification, the Hawaii public employees health fund, retirement benefits, and the salary ranges and the number of incremental and longevity steps now provided by law; provided that the number of steps in accordance with section 77- , the amount of wages to be paid in each range and step, and the length of service necessary for the incremental and longevity steps shall be negotiable. Effective July 1, 1976, an employee shall not be entitled to his normal annual increment or longevity increase, as the case may be, in any fiscal year that a negotiated pay increase is effected, whether by statute or agreement, and no part of such a fiscal year shall be counted as service creditable for any future increment or longevity pay increase. The employer and the exclusive representative shall not agree to any proposal which would be inconsistent with merit principles or the principle of equal pay for equal work pursuant to sections 76-1, 76-2, 77-31, and 77-33, which would be inconsistent with section 77- , relating to the conversion to appropriate salary ranges, or which would interfere with the rights of a public employer to (1) direct employees; (2) determine qualification, standards for work, the nature and contents of examinations, hire, promote, transfer, assign, and retain employees in positions and suspend, demote, discharge, or take other disciplinary action against employees for proper cause; (3) relieve an employee from duties because of lack of work or other legitimate reason; (4) maintain efficiency of government operations; (5) determine methods, means, and personnel by which the employer's operations are to be conducted; and take such actions as may be necessary to carry out the missions of the employer in cases of emergencies.”

ACT 254

S.B. NO. 2977-80

A Bill for an Act Relating to the Compensation of Public Officers and Employees Covered by Chapter 77, Hawaii Revised Statutes.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The pay structures (number of steps and pay ranges) for classes of positions covered under chapter 77, Hawaii Revised Statutes, are currently fixed by law in sections 77-5 and 77-13, Hawaii Revised Statutes. The legislature finds that the pay structures for excluded non-managerial positions covered under chapter 77, Hawaii Revised Statutes, should continue to be fixed by law. For excluded managerial positions covered under chapter 77, Hawaii Revised Statutes, the legislature believes that the chief executives should have the discretion to develop an appropriate pay structure. Therefore, the chief executives of the State and counties and the chief justice of the supreme court are hereby authorized to develop an appropriate pay structure for excluded managerial positions covered under chapter 77, Hawaii Re-

vised Statutes, in accordance with the provisions set forth in chapter 89C, Hawaii Revised Statutes. They shall determine which positions under chapter 77, Hawaii Revised Statutes, are managerial, but no position shall be designated as managerial unless or until the employee occupying such position has been excluded from coverage under chapter 89, Hawaii Revised Statutes.

The legislature further finds that the existing pay schedules under chapter 77, Hawaii Revised Statutes, (the amount of wages to be paid at each step and pay range) are obsolete. Pay schedules for employees included in collective bargaining units under chapter 89, Hawaii Revised Statutes, are subject to negotiations. Pay schedules for employees excluded from coverage under chapter 89, Hawaii Revised Statutes, are subject to the provisions of chapter 89C, Hawaii Revised Statutes. Therefore, the obsolete rates contained in section 77-13, Hawaii Revised Statutes, are being deleted and the authorities by which pay schedules are to be established are being inserted.

SECTION 2. Section 77-13, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 77-13 Salary structures and schedules for white-collar positions. (a) The salary structures for white-collar positions covered under this chapter shall be comprised of thirty-one salary ranges, designated SR 4 to SR 31, SC-1, SC-2, and SC-3, with each range consisting of ten steps, designated B to G and L-1 to L-4; provided that range SC-2 shall consist of nine steps, designated B to G, L-1, L-2, and L-3, and range SC-3 shall consist of eight steps, designated B to G, L-1, and L-2.

(b) The salary schedules applicable to employees in white-collar positions, who are included in appropriate bargaining units under section 89-6(a), shall be subject to negotiations. The salary schedules applicable to employees in nonmanagerial white-collar positions, who are excluded from coverage under chapter 89, shall be subject to chapter 89C.

(c) Whenever payment is made on the basis of monthly, weekly, hourly, or daily rate, the rate shall be computed in the following manner:

- (1) By dividing the annual rate by twelve in order to find the monthly rate;
- (2) By dividing the annual rate by fifty-two in order to find the weekly rate;
- (3) By dividing the weekly rate by forty in order to find the hourly rate; and
- (4) By multiplying the hourly rate by the number of daily hours of service required in order to find the daily rate.

(d) Salary ranges SC-1, SC-2, and SC-3 shall be utilized in the following manner:

- (1) Salary ranges SC-1, SC-2, and SC-3 may be utilized by the State and counties for physicians and psychiatrists positions.
- (2) No position shall be classified and paid in salary ranges SC-1, SC-2, and SC-3 unless specifically recommended by the director of personnel services and approved by the governor, or recommended by the personnel director of a county and approved by the respective council and mayor.
- (3) There shall be at any given period not more than sixteen positions classified and paid in salary ranges SC-1, SC-2, and SC-3 by the State and not more than eight positions classified and paid in salary ranges SC-1, SC-2, and SC-3 by any county. Psychiatrists and physician positions shall be excluded from the above mentioned totals.

- (4) The salary of any employee assigned to SC-1, SC-2, or SC-3 shall not be more than the applicable limits under section 78-18.
- (5) The director of personnel services and the personnel directors of each county shall report annually to the legislature as to the manner in which the positions assigned to salary ranges SC-1, SC-2, and SC-3 are being used.”

SECTION 3. Chapter 77, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read as follows:

“**Sec. 77- Compensation plan for managerial white-collar positions.** (a) The chief executives of the State and counties and the chief justice of the supreme court shall determine which white-collar positions under this chapter are managerial; provided that no position shall be designated as managerial unless or until the employee occupying such position has been excluded from coverage under chapter 89.

(b) The salary structure for managerial white-collar positions covered under this chapter shall be comprised of such number of salary ranges with each range consisting of such number of steps as the chief executives of the State and counties and the chief justice of the supreme court deem appropriate under the provisions set forth in chapter 89C.

(c) The salary schedule applicable to employees in managerial white-collar positions shall be subject to chapter 89C.”

SECTION 4. Statutory material to be repealed is bracketed. New material is underscored.*

SECTION 5. This Act shall take effect upon its approval.

ACT 255

H.B. 25

A Bill for an Act Relating to Health Care.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Purpose; findings and determinations. The purpose of this Act is to implement Article VII, section 12, of the Constitution of the State of Hawaii as proposed by the Hawaii Constitutional Convention of 1978 and ratified by the voters, pertaining to the authorization for the issuance of special purpose revenue bonds to assist not-for-profit corporations that provide health care facilities to the general public. This Act establishes a means whereby the State is authorized to issue special purpose revenue bonds to finance or refinance facilities of, or for, or to loan the proceeds of such bonds to assist, not-for-profit corporations that provide health care facilities to the general public.

The legislature finds and declares that the health, safety, and general welfare of the people of the State require that the people of this State have adequate medical care and health facilities; that it is essential that not-for-profit corporations within the State

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

be provided with appropriate additional means to assist in reducing the cost of health care to the people of the State of Hawaii and in the development and maintenance of public health, health care, hospitals, and related facilities; that it is the purpose of this Act to assist not-for-profit corporations to reduce the cost of health care to the people of the State of Hawaii by assisting such corporations to refinance outstanding indebtedness incurred for health care facilities and to assist not-for-profit corporations to provide additional health care facilities and structures which are needed to accomplish the purposes of this Act; that the interest on borrowings necessary to provide health care facilities is a significant factor in the cost of providing health care to the general public and that the interest cost would be less if tax exempt bonds could be issued for the financing thereof; that the protection and promotion of the public health at the lowest practicable cost can be encouraged with the assistance of the State through the issuance of special purpose revenue bonds by the State to finance the cost of health care facilities provided by not-for-profit corporations to the general public; and that assisting the not-for-profit corporations providing health care facilities to the general public by the issuance by the State of special purpose revenue bonds to finance the cost of health care facilities is a valid public purpose and in the public interest.

SECTION 2. The Hawaii Revised Statutes is amended by adding a new part to be appropriately designated and to read as follows:

**“PART . ASSISTING NOT-FOR-PROFIT
CORPORATIONS THAT PROVIDE HEALTH CARE FACILITIES
TO THE GENERAL PUBLIC**

Sec. -31 Definitions. Whenever used in this part, unless a different meaning clearly appears from the context:

- (1) “Department” means the department of budget and finance.
- (2) “Health care facility”, “facility”, or “project” means any facility for each single project or multi-project program of a project party and includes any structure or building suitable for use as a hospital, clinic, nursing home, home for the aged or infirm, or other health care facility; laboratory; laundry; nurses’ or interns’ residences; administration building; research facility; maintenance, storage, or utility facility; auditorium; dining hall; food service and preparation facility; mental or physical health care facility; dental care facility; nursing school; medical or dental school or teaching facility; mental or physical health facilities related to any such structure or facility; or any other structure or facility required or useful for the operation of a health care facility, including, but not limited to, offices, parking lots and garages, and other supporting service structures and all necessary, useful, and related equipment, furnishings, and appurtenances and including the acquisition, preparation, and development of all real and personal property necessary or convenient as a site or sites for any such structure or facility, and including the refinancing of outstanding obligations of a project party relating to any of the foregoing. “Health care facility”, “facility”, or “project” does not include any property used or to be used primarily for sectarian instruction or study or as a place for devotional activities or

religious worship or any property used or to be used primarily in connection with any part of a program of a school or department of divinity of any religious denomination.

- (3) "Project agreement" means any agreement entered into under this part by the department with a project party providing for the issuance of special purpose revenue bonds to finance facilities of a project party or for a project party or to loan the proceeds of such bonds to assist not-for-profit corporations that provide health care facilities to the general public, including without limitation any loan agreement.
- (4) "Project party" means a not-for-profit corporation that provides health care facilities to the general public.
- (5) "Refinancing of outstanding obligations" or "refinancing" means the liquidation, retirement, or provision for retirement with the proceeds of bonds issued by the State, of any indebtedness of a project party incurred to finance or aid in financing a lawful purpose of such project party not financed pursuant to this part which constitutes a health care facility or consolidation of such indebtedness with indebtedness of the State incurred for a health care facility related to the purpose for which the indebtedness of the project party was initially incurred.
- (6) "Special purpose revenue bonds" or "bonds" means bonds, notes, or other evidences of indebtedness of the State issued pursuant to this part.

Sec. -32 Department powers as to health care facilities. In addition to powers which it may now have, the department shall have all powers necessary or convenient to accomplish the purposes of this part. The powers of the department include, but are not limited to, the following:

- (1) Notwithstanding and without compliance with sections 103-7 and 103-22, but with the approval of the governor, to enter into and carry out a project agreement, or an amendment or supplement to an existing project agreement, with a project party, and to enter into and carry out any agreement whereby the obligation of a project party under a project agreement will be unconditionally guaranteed by a person other than a project party.
- (2) To issue special purpose revenue bonds pursuant to and in accordance with this part.
- (3) To lend the proceeds of the special purpose revenue bonds issued for a project to the project party for use and application by the project party for the acquisition, purchase, construction, reconstruction, improvement, betterment, extension, or refinancing of outstanding obligations related to a project.
- (4) As security for the payment of the principal of, premium, if any, and interest of the special purpose revenue bonds issued for this project, to pledge, assign, hypothecate, or otherwise encumber all or any part of the revenues and receipts derived or to be derived by the department under the project agreement for the project for which such bonds are issued; to pledge and assign the interest and rights of the department under the project agreement or other agreement with respect to such project or such special purpose revenue bonds; and to pledge and assign any bond, debenture,

- note, or other evidence of indebtedness received by the department with respect to such project; or any combination of the foregoing.
- (5) To extend or renew any project agreement or any other agreement related thereto; provided that any such renewal or extension shall be subject to the approval of the governor unless made in accordance with provisions for such extension or renewal contained in a project agreement or related agreement theretofore approved by the governor.
 - (6) To do any and all things necessary or convenient to carry out its purposes and exercise the powers given and granted in this part.

When the department finances or refinances a project by the issuance of special purpose revenue bonds as contemplated by this part, the State shall not exercise the power of eminent domain to acquire a project or any part thereof for lease or transfer to a project party, nor shall the State operate a project on behalf of a project party.

Sec. -33 Compliance with state and local law. The issuance of special purpose revenue bonds with respect to any project under this part shall not relieve any project party or other user of such project from the laws, ordinances, and rules and regulations of the State or any political subdivision thereof, or any departments or boards thereof with respect to the construction, operation, and maintenance of projects, compliance with health care planning laws or regulations, or zoning laws or regulations, obtaining of building permits, compliance with building and health codes and other laws, ordinances, or rules and regulations of similar nature pertaining to the project, and such laws shall be applicable to such party or such other user to the same extent it would be if the costs of the project were directly financed by the project party.

Sec. -34 Conditions precedent to negotiating and entering into a project agreement. The department prior to entering into negotiations with any project party shall require that the State shall be reimbursed for any and all costs and expenses (direct or indirect) incurred by it in implementing and administering this part, as determined by the department, even though a project agreement may not be entered into and may further require the deposit of moneys with the department for such reimbursement. Any amount of such deposit in excess of the amount required to reimburse the State shall be returned by the department to the party which has made such deposit. The State shall not be required to pay to the project party any interest or earnings on such deposit.

The department shall not enter into any project agreement with respect to any project unless the department shall first find and determine either that the project party is a responsible party, whether by reason of economic assets or experience in the type of enterprise to be undertaken through such project, or otherwise, or that the obligations of the project party under the project agreement will be unconditionally guaranteed by a person who is a responsible party, whether by reason of economic assets or experience in the type of enterprise to be undertaken through such project or otherwise.

Sec. -35 Project agreement. No special purpose revenue bonds shall be issued unless at the time of issuance the department shall have entered into a project agreement with respect to the project for the financing or refinancing of which such

revenue bonds are to be issued. Any project agreement entered into by the department shall contain provisions unconditionally obligating the project party:

- (1) To pay to the department during the period or term of the project agreement, exclusive of any renewal or extension thereof and whether or not the project is used or occupied by the project party, such sum or sums, at such time or times and in such amounts that will be at least sufficient:
 - (A) To pay the principal and interest on all special purpose revenue bonds issued with respect to the project as and when the same become due, including any premium payable upon any required redemption of such bonds;
 - (B) To establish or maintain such reserve, if any, as may be required by the instrument authorizing or securing the special purpose revenue bonds;
 - (C) To pay all fees and expenses (including the fees and expenses of the paying agents and trustees) incurred in connection with such special purpose revenue bonds; and
 - (D) To pay the expenses (direct or indirect) incurred by the State, as determined by the department, in administering such bonds or in carrying out the project agreement.
- (2) To operate, maintain, and repair the project as long as the same is used in the provision of health care to the general public, and to pay all costs of such operation, maintenance, and repair.

Moneys received by the department pursuant to paragraph (1)(D) of this section shall not be, nor be deemed to be, revenues of the project and shall be paid into the general fund of the State.

Sec. -36 Issuance of special purpose revenue bonds to finance projects.

In addition to the other powers which it may otherwise have, the department may issue special purpose revenue bonds to finance or refinance, the costs of facilities, of, or for, or to loan the proceeds of such bonds to assist project parties. All revenue bonds issued under this part are special purpose revenue bonds and the provisions of part III of chapter 39 shall not apply thereto. All special purpose revenue bonds shall be issued in the name of the department and not in the name of the State.

The department in determining the cost of any project, may also include the following: financing charges, fees, and expenses of any trustee and paying agents for special purpose revenue bonds issued to pay the cost of such project; interest on such bonds and the expenses of the State in connection with such bonds and the project to be financed or refinanced from the proceeds of such bonds accruing or incurred prior to and during the period of construction and for not exceeding twelve months thereafter; amounts necessary to establish or increase reserves for the special purpose revenue bonds; the cost of plans, specifications, studies, surveys, and estimates of costs and of revenues; other expenses incidental to determining the feasibility or practicability of the project; administration expenses; interest cost incurred by the project party with respect to the project prior to the issuance of the special purpose revenue bonds; fees and expenses incurred in connection with the refinancing of outstanding obligations; and such other costs, commissions, and expenses incidental to the construction, acquisition, reconstruction, renovation, rehabilitation, improvement, betterment, operation, or extension of the project, the financing or refinancing thereof,

placing of same in operation, and the issuance of the special purpose revenue bonds, whether incurred prior to or after the issuance of such bonds.

The legislature finds and determines that the exercise of the powers vested in the department by this part constitutes assistance to not-for-profit corporations serving the general public and that the issuance of special purpose revenue bonds to finance or to refinance facilities of, or for, or to loan the proceeds of such bonds to assist, project parties, is in the public interest.

Sec. -37 Authorization of special purpose revenue bonds. (a) Special purpose revenue bonds for each single project or multi-project program for health care facilities provided to the general public by not-for-profit corporations shall be authorized by a separate act of the legislature, by an affirmative vote of two-thirds of the members to which each house is entitled; provided that the legislature shall find that the issuance of such bonds is in the public interest. Special purpose revenue bonds issued pursuant to this part may be in one or more series for each project. The special purpose revenue bonds of each issue shall be dated, shall bear interest at such rate or rates, shall mature at such time or times not exceeding forty years from their date or dates, shall have such rank or priority and may be made redeemable before maturity at the option of the department, at such price or prices and under such terms and conditions, all as may be determined by the department. The department shall determine the form of the special purpose revenue bonds, including any interest coupons to be attached thereto, and the manner of execution of the special purpose revenue bonds, and shall fix the denomination or denominations of the special purpose revenue bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. The special purpose revenue bonds may be issued in coupon or in registered form, or both, as the department may determine, and provisions may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The department may sell special purpose revenue bonds in such manner, either at public or private sale, and for such price as it may determine.

(b) Prior to the preparation of definitive special purpose revenue bonds, the department may issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery.

(c) Should any bond issued under this part or any coupon appertaining thereto become mutilated or be lost, stolen, or destroyed, the department may cause a new bond or coupon of like date, number, and tenor to be executed and delivered in exchange and substitution for, and upon the cancellation of such mutilated bond or coupon, or in lieu of and in substitution for such lost, stolen, or destroyed bond or coupon. Such new bond or coupon shall not be executed or delivered until the holder of the mutilated, lost, stolen, or destroyed bond or coupon has (1) paid the reasonable expense and charges in connection therewith, (2) in the case of a lost, stolen, or destroyed bond or coupon, has filed with the department or its fiduciary evidence satisfactory to such department or its fiduciary that such bond or coupon was lost, stolen, or destroyed and that the holder was the owner thereof, and (3) has furnished indemnity satisfactory to the department.

(d) The department in its discretion may provide that CUSIP identification numbers shall be printed on such bonds. In the event such numbers are imprinted on any such bonds (1) no such number shall constitute a part of the contract evidenced by the particular bond upon which it is imprinted, and (2) no liability shall attach to the department or any officer or agent thereof, including any fiscal agent, paying agent, or registrar for such bonds, by reason of such numbers or any use made thereof, including any use thereof made by the department, any such officer, or any such agent, or by reason of any inaccuracy, error, or omission with respect thereto or in such use. The department in its discretion may require that all costs of obtaining and imprinting such numbers shall be paid by the purchaser of such bonds. For the purposes of this subsection, the term "CUSIP identification numbers" means the numbering system adopted by the Committee for Uniform Security Identification Procedures formed by the Securities Industry Association.

Sec. -38 Special purpose revenue bond anticipation notes. Whenever the department shall have authorized the issuance of special purpose revenue bonds under this part, special purpose revenue bond anticipation notes of the department may be issued in anticipation of the issuance of such bonds and of the receipt of the proceeds of sale thereof, for the purposes for which such bonds have been authorized. All special purpose revenue bond anticipation notes shall be authorized by the department, and the maximum principal amount of such notes shall not exceed the authorized principal amount of such bonds. The notes shall be payable solely from and secured solely by the proceeds of sale of the special purpose revenue bonds in anticipation of which the notes are issued and the revenues from which would be payable and by which would be secured such bonds; provided that to the extent that the principal of the notes shall be paid from moneys other than the proceeds of sale of such bonds, the maximum amount of bonds in anticipation of which the notes are issued that has been authorized shall be reduced by the amount of notes paid in such manner. The authorization, issuance, and the details of such notes shall be governed by the provisions of this part with respect to special purpose revenue bonds insofar as the same may be applicable; provided that each note, together with all renewals and extensions thereof, or refundings thereof by other notes issued under this section, shall mature within five years from the date of the original note.

Sec. -39 Powers with respect to and security for special purpose revenue bonds. In order to secure the payment of any of the special purpose revenue bonds issued pursuant to this part, and interest thereon, or in connection with such bonds, the department shall have the power as to such bonds:

- (1) To pledge all or any part of the revenues derived by the department from the project agreement to the punctual payment of special purpose revenue bonds issued with respect to the project financed or refinanced from proceeds thereof, and interest thereon, and to covenant against thereafter pledging any such revenues or receipts to any other bonds or any other obligations of the department for any other purpose, except as otherwise stated in the law providing for the issuance of additional special purpose revenue bonds to be equally and ratably secured by a lien upon such revenues.
- (2) To pledge and assign the interest of the department under the project

agreement and other agreements related thereto and the rights, duties, and obligations of the department thereunder, including the right to receive revenues thereunder.

- (3) To covenant as to the use and disposition of the proceeds from the sale of such bonds.
- (4) To covenant to set aside or pay over reserves and sinking funds for such bonds and as to the disposition thereof.
- (5) To covenant and prescribe as to what happenings or occurrences shall constitute "events of default" and the terms and conditions upon which any or all of such bonds shall become or may be declared due before maturity and as to the terms and conditions upon which such declaration and its consequences may be waived.
- (6) To covenant as to the rights, liabilities, powers, and duties arising upon the breach by it of any covenant, conditions, or obligation.
- (7) To designate a national or state bank or trust company within or without the State, incorporated in the United States, to serve as trustee for the holders of the special purpose revenue bonds and to enter into a trust indenture or trust agreement or indenture or mortgage with such trustee. The trustee may be authorized by the department to receive and receipt for, hold, and administer the proceeds of the special purpose revenue bonds issued for the project and to apply the same to the purposes for which such bonds are issued, or to receive and receipt for, hold, and administer the revenues derived by the department under the project agreement and to apply such revenues to the payment of the principal and interest on such bonds, or both, and any excess revenues to the payment of expenses incurred by the State in administering such bonds or in carrying out the project agreement. In the event that such trustee shall be appointed, any trust indenture or trust agreement or indenture of mortgage entered into by the department with the trustee may contain whatever covenants and provisions as may be necessary or convenient or desirable in order to secure such bonds. The department may pledge and assign to the trustee the interest of the department under the project agreement and other agreements related thereto and the rights, duties, and obligations of the department thereunder, including the right to receive revenues thereunder. The department may appoint the trustee to serve as fiscal agent for the payment of the principal and interest, and for the purchase, registration, transfer, exchange, and redemption of the special purpose revenue bonds, and may authorize and empower the trustee to perform such functions with respect to such payment, purchase, registration, transfer, exchange, and redemption, as the department may deem necessary, advisable, or expedient, including without limitation the holding of the special purpose revenue bonds and coupons which have been paid and the supervision of the destruction thereof in accordance with law.
- (8) To execute all instruments necessary or convenient in the exercise of the powers herein granted or in the performance of its covenants and duties.
- (9) To make such covenants and do any and all acts and things as may be necessary or convenient or desirable in order to secure such bonds, notwithstanding that such covenants, acts, or things may not be enumerated herein;

it being the purpose hereof to give the department power to do all things in the issuance of such bonds and for their security that may be consistent with the Constitution of the State of Hawaii.

Sec. -40 Security for special purpose revenue bonds. Special purpose revenue bonds shall be payable solely from the revenues derived by the department from payments made to the department under the project agreement or other supplemental agreements entered into with respect to the project, and shall be secured solely by such revenues and by the pledges and assignments authorized by this part. All special purpose revenue bonds of the same issue subject to the prior and superior rights of outstanding bonds, claims, obligations, or mechanic's and materialmen's liens, shall have a prior and paramount lien on the revenues derived from the project agreement with respect to the project, for which such bonds have been issued, over and ahead of all special purpose revenue bonds of any issue payable from the revenues which may be subsequently issued and over and ahead of any claims or obligations of any nature against the revenues subsequently arising or subsequently incurred; provided that the right and privilege may be reserved in any law authorizing the issuance of special purpose revenue bonds to subsequently issue additional special purpose revenue bonds, from time to time, payable from the revenues derived from such project agreement on a parity with the special purpose revenue bonds thereby authorized and the subsequently issued special purpose revenue bonds, date of sale, date of execution, or date of delivery, by a lien on the revenues in accordance with this part and the law authorizing the special purpose revenue bonds.

Notwithstanding any other provisions herein, all or part of the property constituting the project and all interest of the project party in the project and the revenues of the project party therefrom may be subjected to the present and future lien of any mortgage of the project party securing the project party's bonds, and the rights of the department and any trustee for the holders of the special purpose revenue bonds and the holders of the special purpose revenue bonds in the project and the revenues therefrom may be made subject to the prior lien of the project party's mortgage.

Sec. -41 Special purpose revenue bonds not a general obligation of State. No holder or holders of any special purpose revenue bonds issued under this part shall ever have the right to compel any exercise of taxing power of the State to pay such bonds or the interest thereon and no moneys other than the revenues pledged to such bonds shall be applied to the payment thereof. Each special purpose revenue bond issued under this part shall recite in substance that such bond, including interest thereon, is not a general obligation of the State and is payable solely from the revenues pledged to the payment thereof, and that such bond is not secured directly or indirectly by the full faith and credit or the general credit of the State or by any revenues or taxes of the State other than the revenues specifically pledged thereto.

Sec. -42 Validity of special purpose revenue bonds. The special purpose revenue bonds bearing the signature or facsimile signature of officers in office on the date of the signing thereof shall be valid and sufficient for all purposes, notwithstanding that before the delivery thereof and payment therefor any or all the persons whose signatures appear thereon shall have ceased to be officers of the department. The special purpose revenue bonds shall contain a recital that they are issued pursuant to

this part, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

Sec. -43 Use of revenues derived from project agreement. The department shall have the right to appropriate, apply, or expend the revenues derived with respect to the project agreement for a project for the following purposes:

- (1) To pay when due all special purpose revenue bonds, premium, if any, and interest thereon, for the payment of which the revenues are or have been pledged, charged, or otherwise encumbered, including reserves therefor; and
- (2) To the extent not paid by the project party to provide for all expenses of administration, operation, and maintenance of the project, including reserves therefor.

Unless and until adequate provision has been made for the foregoing purposes, the department shall not transfer the revenues derived from the project agreement to the general fund of the State.

Sec. -44 Special purpose revenue bonds exempt from taxation. Special purpose revenue bonds and the income therefrom issued pursuant to this part shall be exempt from all state, county, and municipal taxation except inheritance, transfer, and estate taxes.

Sec. -45 Exemption from taxation of department property. All revenues derived by the department from any project or under the project agreement pertaining thereto shall be exempt from all state, county, and municipal taxation. Any right, title, and interest of the department in any project shall also be exempt from all state, county, and municipal taxation. Except as otherwise provided by law, the interest of the project party or user of such project in a project or under the project agreement or related agreement shall not be exempt from taxation to a greater extent than it would be if the costs of the project were directly financed by the project party or other user.

Sec. -46 Refunding special purpose revenue bonds. The legislature, by act enacted by an affirmative vote of two-thirds of the members to which each house is entitled, may authorize the issuance of refunding special purpose revenue bonds for the purpose of refunding any special purpose revenue bonds then outstanding and issued under the provisions of this part, whether or not such outstanding special purpose revenue bonds have matured or are then subject to redemption. The legislature is further authorized to provide, by act finally enacted by an affirmative vote of two-thirds of the members to which each house is entitled, for the issuance of a single issue of special purpose revenue bonds for the combined purposes of (1) financing or refinancing the cost of a project or improvement or expansion thereof, and (2) refunding special purpose revenue bonds which shall theretofore have been issued under the provisions of this part and shall then be outstanding, whether or not such outstanding special purpose revenue bonds have matured or are then subject to redemption. Nothing in this section shall require or be deemed to require the legislature to elect to redeem or prepay special purpose revenue bonds being refunded, or to redeem or prepay special purpose revenue bonds being refunded which were issued in the form customarily known as term bonds in accordance with any sinking fund installment schedule specified in any law authorizing the issuance thereof, or, in the

event the department elects to redeem or prepay any such bonds, to redeem or prepay as of any particular date or dates. The issuance of such special purpose revenue bonds, the maturities and other details thereof, the rights and remedies of the holders thereof, and the rights, powers, privileges, duties, and obligations of the department with respect to the same, shall be governed by the foregoing provisions of this part insofar as the same may be applicable.

Sec. -47 Status of special purpose revenue bonds under Uniform Commercial Code. Notwithstanding any of the provisions of this part or any recitals in any special purpose revenue bonds issued under this part, all such special purpose revenue bonds shall be deemed to be investment securities under the Uniform Commercial Code, chapter 490, subject only to the provisions of the special purpose revenue bonds pertaining to registration.

Sec. -48 Special purpose revenue bonds as legal investments and lawful security. The special purpose revenue bonds issued pursuant to this part shall be and are declared to be legal and authorized investments for banks, savings banks, trust companies, savings and loan associations, insurance companies, fiduciaries, trustees, guardians, and for all public funds of the State or other political corporations or subdivisions of the State. Such special purpose revenue bonds shall be eligible to secure the deposit of any and all public funds of the State and any and all public funds of counties or other political corporations or subdivisions of the State, and such bonds shall be lawful and sufficient security for such deposits to the extent of their value when accompanied by all unmatured coupons appertaining thereto.

Sec. -49 Access to and public disclosure of financial records of project party. (a) Each project party with a project agreement with the department shall allow the department full access to its financial records. Upon the request of the department for the examination of any such financial records, the project party shall allow the department to examine the requested records within a reasonably prompt time from the date of the request. If the department requests copies of the records, the project party shall provide the copies.

(b) To provide the public with full knowledge of the use of the proceeds and benefits derived from special purpose revenue bonds issued under this part, the department shall require each project party with a project agreement with the department to make available to the public all relevant financial records which pertain to the use of or savings resulting from the use of special purpose revenue bonds.

(c) The department shall adopt rules under chapter 91 for the purpose of this section.

Sec. -50 Estimate of benefits. (a) Each project party with a project agreement with the department shall estimate the benefits derived from the use of the proceeds of special purpose revenue bonds. The benefits estimated shall be based on a comparison between the use of the proceeds of the special purpose revenue bonds instead of other means of financing and shall be in terms of dollars projected to be or actually saved by consumers of the services of the project party. The format of and method for determining the estimates shall be established by the department and shall be uniform for each project party.

(b) To promote public understanding of the role played by special purpose

revenue bonds in providing less costly services by a project party to the general public, the department shall take appropriate steps to ensure public access to and scrutiny of the estimates determined under subsection (a).

(c) The department shall adopt rules under chapter 91 for the purposes of this section.

Sec. -51 Construction of this part. The powers conferred by this part shall be in addition and supplemental to the powers conferred by any other law. Insofar as the provisions of this part are inconsistent with the provisions of any other law, this part shall be controlling.

Sec. -52 Sunset provision. After June 30, 1986 no new special purpose revenue bonds shall be issued under this part."

SECTION 3. If any provision of this Act, or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are severable.

SECTION 4. This Act shall take effect upon its approval.

H.B. NO. 687

A Bill for an Act Relating to Intoxicating Liquor.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 281-1, Hawaii Revised Statutes, is amended by adding a new definition to be appropriately inserted and to read as follows:

"Standard bar" means any establishment licensed to sell liquor for consumption on the premises, except:

- (1) Premises in which a person performs or entertains unclothed or in attire restricted to use by entertainers pursuant to commission regulations; or
- (2) Premises in which live or recorded music is played and with facilities for dancing by the patrons are provided; or
- (3) Premises in which employees or entertainers consume non-alcoholic beverages while in the company of patrons or sit with patrons."

SECTION 2. Section 281-41, Hawaii Revised Statutes, is amended to read:

"**Sec. 281-41 Transfer of licenses; notice of change in officers, directors and stockholders of corporate licenses; penalty.** No license issued under this chapter to an original applicant or to any transferee shall be transferable or be transferred within one year of such issuance or transfer except for good cause shown to the satisfaction of the liquor commission. No license issued under this chapter shall be transferable or be transferred except upon written application to the commission by the proposed transferee, and after prior inspection of the premises, reference to, and report by an inspector, and a public hearing held by the commission not less than fourteen days after one publication of notice thereof, but without sending notice of the

hearing by mail to persons being the owners or lessees of real estate situated within the vicinity of the premises and without the right to such owners or lessees to protest the transfer of a license; provided that no class 5 or 12 license issued to a standard bar as defined in section 281-1, shall be transferable to other than a standard bar, and that such license shall be subject to revocation if the licensed premise is not retained as a standard bar except upon written application to the commission by the licensee and/or the proposed transferee, subject to sections 281-51 to 281-60.

Where a license is held by a partnership, the commission may, notwithstanding this section, transfer the license upon the death or withdrawal of a member of the partnership to any remaining partner or partners without publication of notice and without public hearing.

Where a license is held by a limited partnership, the admission or withdrawal of a limited partner shall not be deemed a transfer of the license held by the partnership, but the licensee shall, prior to such admission or withdrawal, so notify the commission in writing, stating the name of the partner or partners who have withdrawn, if such be the case, and the name, age, and place of residence of the partner or partners who have been admitted, if that be the case. If the commission finds a limited partner to be an unfit or improper person to hold a license in his own right pursuant to section 281-45, it may revoke the license or suspend the license of the partnership until the unfit or improper partner is removed or replaced.

Except as otherwise provided in this section, the same procedure shall be followed in regard to the transfer of a license as is prescribed by this chapter for obtaining a license. Sections 281-51 to 281-60, except where inconsistent with any provision hereof, are hereby made applicable to such transfers. The word "applicant", as used in such sections, shall include each such proposed transferee, and the words, "application for a license or for the renewal of a license", as used in such sections, shall include an application for the transfer of a license.

Upon the hearing, the commission shall consider the application and any objections to the granting thereof, and hear the parties in interest. It shall inquire into the propriety of each transfer and determine whether the proposed transferee is a fit person to hold the license. It may approve a transfer or refuse to approve a transfer, and the refusal by the commission to approve a transfer shall be final and conclusive, unless an appeal is taken as provided in chapter 91.

If any licensee without such approval transfers to any other person his business for which his license was issued, either openly or under any undisclosed arrangement whereby any person other than the licensee comes into possession or control of the business, or takes in any partner or associate the commission may in its discretion suspend or cancel the license.

If the licensee is a corporation, a change in ownership of any outstanding capital stock shall not be deemed a transfer of a license; provided that in the case of a change in ownership of twenty-five per cent or more of the stock or in the case of change in ownership of any number of shares of the stock which results in the transferee thereof becoming the owner of twenty-five per cent or more of the outstanding capital stock, the corporate licensee shall, prior to the date of such transfer, apply for and secure the approval of the transfer from the commission in writing. If the commission finds that the proposed transferee is an unfit or improper person to

hold a license in his own right pursuant to section 281-45, it shall not approve the proposed transfer. If any transfer is made without the prior approval of the commission, the commission may in its discretion revoke or suspend the license until it determines that the transferee is a fit and proper person, and if the commission finds that the transferee is not a fit and proper person, until a retransfer or new transfer of the capital stock is made to a fit and proper person pursuant to section 281-45. In addition, the corporate licensee shall, within thirty days from the date of election of any officer or director, notify the commission in writing of the name, age, and place of residence of such officer or director. If the commission finds the transferee, officer or director an unfit or improper person to hold a license in his own right pursuant to section 281-45, it may in its discretion revoke the license or suspend the license until a retransfer or new transfer of such capital stock is effected to a fit or proper person pursuant to section 281-45 or until the unfit or improper officer or director is removed or replaced by a fit and proper person pursuant to section 281-45.

If a licensee closes out the business for which the license is held, during the term for which the license was issued, he shall, within five days from the date of closing the same, give the commission written notice thereof and surrender his license for cancellation.”

SECTION 3. Section 281-57, Hawaii Revised Statutes, is amended to read:

“**Sec. 281-57 Notice.** Upon the filing of the inspector’s report upon any application the liquor commission may hold a preliminary hearing and upon such preliminary hearing it may deny the application. If no preliminary hearing is had or if the application is not denied upon a preliminary hearing, the commission shall fix a day for the public hearing of the application (other than an application for an alcohol license or a license in classes 7 to 10) and shall publish notice of the hearing at least once in each of two consecutive weeks (two insertions) in some newspaper published in the English language in the county (or if there be none such then in the city and county of Honolulu) having a general circulation in the county, the date of the hearing to be not less than twenty-one days after the first publication. The notice shall require that all protests or objections against the issuance of the license applied for shall be filed with the secretary of the commission at or before the time of hearing. Before making such publication the commission shall collect from the applicant the cost of making the publication or require a deposit to cover the same.

Immediately upon the commission’s fixing a day for the public hearing of the application, the applicant shall mail a notice setting forth the time and place of the hearing on the application to not less than two-thirds of the persons being the owners or lessees of real estate situated within a distance of five hundred feet from the nearest point of the premises for which the license is asked to the nearest point of such real estate, not less than twenty-one days prior to the date set for the hearing of the application; provided that before the hearing the applicant shall file with the commission an affidavit as to such mailing of notice and provided further that in meeting this requirement, the applicant shall mail a notice to not less than three-fourths of the persons being the owners or lessees of real estate situated within a distance of one hundred feet from the nearest point of the premises as provided herein. Notice by mail may be addressed to the last known address of the person concerned or to the address as shown in the last tax return filed by him or his agent or representative. In addition,

SECTION 16. Section 419-4, Hawaii Revised Statutes, is amended to read:

“**Sec. 419-4 Amendment of charter.** Subject to the provisos set forth in this section, and subject to any lawful restrictions upon the power to amend the charter of a corporation sole, set forth in its petition filed under section 419-2, the incumbent of the corporation may at any time amend the charter of the corporation by changing its name, the term of its existence, the boundaries of the district subject to its jurisdiction, the place of its principal office, the manner of filling any vacancy in the incumbency thereof, its powers, or any provision of the charter for the regulation of the affairs of the corporation (except restrictions upon the power to amend the charter), and may, by amendment of the charter, make provision for any act or thing for which provision is authorized in original charters of corporations sole formed under this chapter.

The incumbent of the corporation sole shall subscribe and verify a certificate which shall set forth the amendment either by stating that the charter has been amended to read as set forth in the certificate in full or by stating that any provision or provisions of the charter, which shall be identified by the numerical or other designation or designations thereof in the charter or by stating the wording thereof, has or have been amended to read as set forth in the certificate. The certificate shall further state that the amendment has been duly authorized by the rules, regulations, or discipline of the church of which the incumbent is an officer; provided, that no amendment shall confer any other or greater powers or privileges than could lawfully be conferred or obtained in an original charter; provided, further, that no amendment shall become effective unless the same is allowed by the director of regulatory agencies.”

SECTION 1. Section 531-29, Hawaii Revised Statutes, is amended to read:

“Sec. 531-29 Confirmation of sales of real property by personal representatives. Any personal representative or guardian selling real property of the estate shall obtain from the court an order of confirmation of the sale before making conveyance of the real property sold. The order confirming the sale shall be given upon affirmative proof that the selling price was a fair and just price for the property sold and that the sale complied with the order of the court authorizing the sale.

If a sale being presented to the court for confirmation is a private sale, the court shall require a notice of the sale to be posted in an appropriate place in the courthouse of the circuit wherein the matter is pending and also of the circuit wherein the property is located, if they are different, at least fifteen days prior to considering the confirmation, the notice to set forth a description of the property, including the tax key number, the proposed sale price including the terms of payment, a description of any encumbrances thereon, the date of the confirmation hearing and a solicitation for sealed bids thereon or any other information required by the court. The court may also require that the notice be published at least twice in a newspaper in the circuit where the property is located, the last publication to be at least fifteen days prior to considering the confirmation. If a written offer in an amount at least ten per cent more on the first \$10,000 of the selling price and five percent more on the amount of the selling price in excess of \$10,000 is made to the court by a responsible person, who may be the original offeror, prior to the hour scheduled for the hearing of confirmation, the court upon the hearing of confirmation, shall permit the original and subsequent offerors to make a further offer, and if any new offer shall be in an amount at least five per cent more than the highest written offer made to the court, then the court shall, in such manner as it shall determine, permit the original and subsequent offerors to make additional higher offers and shall confirm the sale to the one making the highest offer acceptable to the estate finally received.

Upon the confirmation of any sale, the court may fix the compensation for the services to the estate of the personal representative or guardian, his attorney, or the real estate agent securing the original offeror. In case of a sale on an increased bid made at the time of confirmation to a purchaser other than the original offeror, the court shall also fix the compensation payable by the estate to the agent, if any, producing the successful bidder, but the total compensation payable by the estate in that case shall not exceed the amount of the commission payable on the amount for which the sale is confirmed.”

SECTION 2. Chapter 531, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read:

“Sec. 531- Petition to sell real property. In cases where the will of the decedent does not specifically authorize the personal representative to sell real property, a personal representative or guardian shall present to the court having jurisdiction of the estate a petition setting forth the condition of the estate, and the facts and circumstances tending to show the necessity or expediency of the sale of real property. If it appears to the court either that it is necessary or that it would be advisable and for the benefit of the estate that the real property or any part thereof be sold, and that sufficient notice of the proposed sale has been given to interested persons as

defined in section 560:1-201(24), the court may authorize the personal representative or guardian to sell the real property either at private sale or at public auction on such terms as the court shall order.”

SECTION 3. Section 560:3-715, Hawaii Revised Statutes, is amended to read:

“Sec. 560:3-715 Transactions authorized for personal representatives; exceptions.  - (13) Pay calls, assessments, and other sums chargeable or accruing against or on account of securities, unless barred by the provisions relating to claims;

period of not more than four months from the date of appointment of a general personal representative if continuation is a reasonable means of preserving the value of the business including good will; (ii) in the same business form for any additional period of time that may be approved by order of the court in a formal proceeding to which the persons interested in the estate are parties; or (iii) throughout the period of administration if the business is incorporated by the personal representative and if none of the probable distributees of the business who are competent adults object to its incorporation and retention in the estate;

A personal representative also may renounce his right to all or any part of the compensation. A written renunciation of fee may be filed with the court.

(b) A personal representative is entitled to a reasonable fee for the ordinary services rendered by him to an estate at the following rates computed on the value of the probate assets as of the date of the death of the decedent as finally determined for federal estate tax purposes or, if none, for state inheritance tax purposes: four per cent of the first \$15,000, three per cent of the next \$85,000, two per cent of the next \$900,000, one and one-half per cent of the next \$2,000,000, one per cent of the excess over \$3,000,000. SECTION 6. Section 560:3-721, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 560:3-721 Compensation of employees of estate. (a) Except as set forth in subsection (b) of this section, the propriety of employment of any person by a personal representative including any attorney, auditor, investment advisor or other specialized agent or assistant, the reasonableness of the compensation of any person so employed, or the reasonableness of the compensation determined by the personal representative for his own special services, may be reviewed by the court or the registrar at the time of its approval of the final account. Any person who has received excessive compensation from an estate for services rendered may be ordered to make appropriate refunds.

(b) The attorney employed by the personal representative shall be entitled to a fee for the attorney's ordinary services to the estate equal to that paid the personal representative under section 560:3-719 for the personal representative's ordinary services, except that the attorney shall not be allowed a fee based upon the income of the estate. ACT 261

H.B. NO. 2071-80

A Bill for an Act Relating to Licensure of Independent Group Residences for Elderly, Handicapped or Disabled Persons.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. In January, 1979, the United States Department of Housing and Urban Development (HUD) adopted final regulations establishing an independent group residence as an eligible type of housing for elderly, handicapped, or disabled individuals residing in group residences where supportive services are provided, under the section 8 housing assistance payments program. As a result, elderly, handicapped, or disabled individuals, who otherwise satisfy the income requirement of the HUD program, were made eligible to receive housing supplements even if they lived in group living facilities where housing as well as services were provided.

Under the federal regulations allowing such persons to be certified as eligible to receive such federal supplements, the State must license, certify, or otherwise provide written approval of the group living facility. Such certification or licensure must include inspection and approval of the physical plant, as well as review and approval of the planned program and methods whereby supportive services will be provided.

Licensure of independent group residences as provided by this Act shall be solely for the purpose of facilitating the elderly, handicapped, or disabled individual's

receipt of federal housing supplements. The department of social services and housing's licensing function shall be independent of any state or county housing agency's functions under the HUD's section 8 housing assistance payments program; such state or county housing agencies shall continue to determine whether such individuals are otherwise eligible to receive the federal housing supplement and the amount of such assistance.

SECTION 2. Chapter 346, Hawaii Revised Statutes, is amended by adding a new part to be appropriately designated and to read as follows:

**“PART
LICENSURE OF INDEPENDENT GROUP RESIDENCES**

Sec. 346- Definitions. As used in this part:

“Independent group residence” means a residential space which contains a living room, dining area, kitchen area, appropriate social and recreational areas, and one or more bathrooms and bedrooms which is for the exclusive and private use of:

- (1) Two to twelve elderly, handicapped, or disabled individuals who are not capable of living completely independently and require a planned program of continued supportive services but who are not continuously confined to a bed, do not require continued medical or nursing care, and are capable of taking appropriate actions for their own safety under emergency conditions; and
- (2) One or more resident assistants, if any.

“Resident assistant” means a person or family who is unrelated to residents of an independent group residence by blood, marriage, or operation of law, does not contribute toward the expenses of such residents, and occupies no more than one bedroom in an independent group residence, who is essential to the care or well-being of such residents and provides some or all of the necessary supportive services which the residents require on a daily basis.

“Supportive services” include counseling; social services which promote physical activity, intellectual stimulation, or social motivation; training or assistance with activities of daily living including housekeeping, dressing, personal hygiene, and grooming; first aid skills in case of emergencies; supervision of self-administration of medications, diet, and nutrition; and assurance that residents obtain incidental medical care. Supportive services shall not include the provision of continual nursing, medical, or psychiatric care.

Sec. 346- Licensure of independent group residences. The department shall license independent group residences in accordance with federal requirements and standards established to ensure the quality of supportive services provided in independent group residences and that residents of such residences have a suitable living environment.

Licenses shall only be issued to public or private nonprofit organizations qualified to prepare and submit planned programs of supportive services suitable to the particular residence which the organization's members wish to establish.

Standards for licensure shall include minimal qualifications, quantity, and working hours of resident assistants or other persons providing continual supportive services as well as procedures and methods whereby the organization seeking licen-

sure plans to interface its activities into the section 8 housing assistance payments program of the United States Department of Housing and Urban Development. The "section 8 housing assistance payments program" means the program under section 8 of the United States Housing Act of 1937 (Chapter 896, 50 Stat. 888)†, as amended.

Nothing in this part shall be construed to include or affect facilities or homes licensed by the department, the department of health, or any other state agency which provides minimal assistance and supervision in living activities to adults.

Sec. 346- Rules. The department shall adopt such rules as are necessary to establish standards and procedures to carry out this part, in accordance with chapter 91.

Sec. 346- Cooperation of other agencies. The department of health, county building and fire protection agencies, and other appropriate state and county agencies shall cooperate with and assist the department in establishing standards and monitoring initial and on-going compliance with such standards by facilities seeking or obtaining a license for operation of an independent group residence."

SECTION 3. This Act shall take effect on July 1, 1980.

ACT 262

H.B. NO. 2091-80

A Bill for an Act Relating to Family Court Proceedings.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 571-41, Hawaii Revised Statutes, is amended to read:

"Sec. 571-41 Procedure in children's cases. Cases of children in proceedings under section 571-11(1) and (2) shall be heard by the court separate from hearings of adult cases and without a jury. Stenographic notes or mechanical recordings shall be required as in other civil cases in the circuit courts, unless the parties waive the right of such record or the court so orders. The hearings may be conducted in an informal manner and may be adjourned from time to time. The general public shall be excluded and only such persons admitted whose presence is requested by the parent or guardian or as the judge or district family judge finds to have a direct interest in the case or in the work of the court from the standpoint of the best interests of the child involved; provided that the victim of the alleged violation who is less than eighteen years of age, shall be entitled to have parents or guardians or one other adult present while testifying at or otherwise attending a hearing initiated pursuant to section 571-11(1) or 571-11(2). Prior to the start of a hearing, the parents, guardian, legal custodian, and, when appropriate, the child shall be notified of the right to be represented by counsel.

Findings of fact by the judge or district family judge of the validity of the allegations in the petition shall be based upon a preponderance of evidence admissible in the trial of civil cases except for petitions alleging the court's jurisdiction under section 571-11(1) which shall require proof beyond a reasonable doubt in accordance

†So in original, but correct reference is "United States Housing Act of 1937 (Chapter 896, 50 Stat. 888)".

with rules of evidence applicable to criminal cases, provided that no child who is before the court under section 571-11(1) shall have admitted against him any evidence in violation of his rights secured under the constitution of the United States or the State of Hawaii. In the discretion of the judge or district family judge the child may be excluded from the hearing at any time. When more than one child is alleged to have been involved in the same act, the hearing may be held jointly for the purpose of making a finding as to the allegations in the petition and then shall be heard separately for the purpose of disposition except in cases where the children involved have one common parent.

In the disposition part of the hearing any relevant and material information, including that contained in a written report, study, or examination, shall be admissible, and may be relied upon to the extent of its probative value; provided that the maker of the written report, study, or examination shall be subject to both direct and cross-examination upon demand and when he is reasonably available. The disposition shall be based only upon the admitted evidence, and findings adverse to the child as to disputed issues of fact shall be based upon a preponderance of such evidence.

Upon a final adverse disposition, if the parent or guardian is without counsel the court shall inform the parent or guardian of his right to appeal as provided for in section 571-54.

The judge, or the senior judge if there is more than one, may by order confer concurrent jurisdiction on a district court created under chapter 604 to hear and dispose of cases of violation of traffic laws or ordinances by children, provision to the contrary in section 571-11 or elsewhere notwithstanding. The exercise of jurisdiction over children by district courts shall, nevertheless, be considered non-criminal in procedure and result in the same manner as though the matter had been adjudicated and disposed of by a family court.”

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Chapter 11, Hawaii Revised Statutes, is amended as follows:

(a) Section 11-1, Hawaii Revised Statutes, is amended by amending the definition of "special election" to read:

"Special election," any single election required by law when not preceded by an election to nominate those candidates whose names appear on the special election ballot."

(b) Section 11-12, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 11-12 Age; place of registering. Every person who has reached the age of eighteen years or who is seventeen years of age and will be eighteen years of age by the date of the next election, and is otherwise qualified to register may do so for that election. He shall then be listed upon the appropriate county general register and precinct list. No person shall register or vote in any other precinct than that in which he resides except as provided in section 11-21."

(c) Section 11-26, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 11-26 Appeal from ruling on challenge; or failure of clerk to act. In cases where the clerk or the precinct officials ruled on a challenge or the clerk refuses to register an applicant, or refuses to change the register under section 11-22, the person ruled against may appeal from the ruling to the board of registration of his county.

If the appeal is sustained, the board shall immediately certify that finding to the clerk, who shall thereupon alter the register to correspond to the findings of the board, and when necessary, the clerk shall notify the precinct officials of the change in the register."

(d) Section 11-41, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 11-41 Boards of registration, appointment, tenure. There shall be four boards of registration: one for the island of Hawaii; one for the islands of Maui, Molokai, Lanai, and Kahoolawe; one for the island of Oahu; and one for the islands of Kauai and Niihau. The boards, which shall consist of three members each, shall be appointed by the governor by and with the advice and consent of the senate; and their terms of office shall be four years.

In no case shall any board consist entirely of members of one political party.

The several boards of registration shall sit in the county seats of their respective counties on election day. The boards shall also sit at such other times as the clerk determines within the various representative districts in their respective counties to hear appeals, provided there are any, from the voters registered within such districts. The boards shall continue their sittings until all appeals have been heard.

Reasonable notices of the sitting of the boards shall be given by publication in newspapers of general circulation in their respective districts or counties."

(e) Section 11-92, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 11-92 Precincts; polling places; central polling areas; special, special

primary, and special general election precincts. The chief election officer shall issue a proclamation establishing one or more precincts in each representative district. No earlier than thirty days prior to the issuance of the proclamation, the chief election officer shall notify the political parties and publish a notice of his intent once in a newspaper of general circulation. The chief election officer shall provide a suitable polling place for each precinct. Publicly owned or controlled buildings shall, whenever possible and convenient, be used as polling places. The chief election officer shall make arrangements for the rental or erection of suitable shelters for this purpose whenever public buildings are not available and shall cause such polling places to be equipped with the necessary facilities for lighting, ventilation, and equipment needed for elections on any island. It shall be lawful for the chief election officer to establish a central polling area for contiguous precincts, notwithstanding district boundaries, when it is convenient and readily accessible for the voters of the precinct involved.

Before the establishment of any central polling area the chief election officer shall notify the political parties and publish a notice once in a newspaper of general circulation. The notice shall state the time and place of a hearing pursuant to chapter 91. After the hearing a regulation shall be issued establishing the central polling place.

No change shall be made in the boundaries of any precinct nor shall a central polling area be established later than 4:30 p.m. on the ninetieth day prior to an election.

Notwithstanding the last paragraph if the chief election officer or the county clerk in a county election determines that the number of candidates or issues on the ballot in a special, special primary, or special general election does not require the full number of established precincts, such precincts may be consolidated for the purposes of the special, special primary, or special general election into a small number of special, special primary, or special general election precincts. A special, special primary, or special general election precinct shall be considered the same as an established precinct for all purposes, including precinct official requirements provided in section 11-71. Not later than 4:30 p.m. on the tenth day prior to the special, special primary, or special general election the chief election officer or the county clerk shall give public notice in a newspaper of general circulation in the area in which the special, special primary, or special general election is to be held of the special, special primary, or special general election precincts and their polling places. Notices of such consolidation shall also be posted on election day at the established precinct polling place giving the location of the special, special primary, or special general election precinct polling place.”

(f) Section 11-111, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 11-111 Official and facsimile ballots. Ballots issued by the chief election officer in state elections and by the clerk in county elections are official ballots. In elections using the paper ballot and electronic voting systems, the chief election officer or clerk in the case of county elections shall have printed informational posters containing facsimile ballots which depict the official ballots to be used in the election. The precinct officials shall post the informational posters containing the facsimiles of the official ballots near the entrance to the polling place where they may be easily seen

by the voters prior to voting.”

(g) Section 11-112, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 11-112 Contents of ballot. A ballot shall contain the names of the candidates, their party affiliation or nonpartisanship, the offices for which they are running, and the district in which the election is being held. The chief election officer, at his discretion, may have a background design imprinted onto the ballot. When the electronic voting system is used, the ballot may have pre-punched codes and printed information which identify the voting districts, precincts, and ballot sets to facilitate the electronic data processing of these ballots. The name of the candidate may be printed with the Hawaiian or English equivalent or nickname, if the candidate so requests in writing at the time his nomination papers are filed. Candidates’ names, including the Hawaiian or English equivalent or nickname, shall be set on one line. In multirace districts the ballot shall state that the voter shall not vote for more than the number of seats available or the number of candidates listed where such number is less than the seats available.

A ballot shall bear no word, motto, device, sign, or symbol other than allowed in this title.”

(h) Section 11-114, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 11-114 Order of offices on ballot. The order of offices on a ballot shall be arranged substantially as follows: first, president and vice president of the United States; next, United States senators; next, United States house of representatives; next, governor and lieutenant governor; next, state senators; next, state representatives; and next, county offices.”

(i) Section 11-119, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 11-119 Printing; quantity. The ballots shall be printed by order of the chief election officer or the clerk in the case of county elections. In any state or county election the chief election officer on agreement with the clerk may consolidate the printing contracts for similar types of ballots where such consolidation will result in lower costs.

Based upon clarity and available space, the chief election officer or the clerk in the case of county elections shall determine the style and size of type to be used in printing the ballots. The color, size, weight, shape, and thickness of the ballot shall be determined by the chief election officer.

Each precinct shall receive a sufficient number of ballots based on the number of registered voters and the expected spoilage in the election concerned. A sufficient number of absentee ballots shall be delivered to each clerk not later than 4:30 p.m. on the fifteenth day prior to the date of any election.”

(j) Section 11-132, Hawaii Revised Statutes, is amended by amending subsection (a) to read as follows:

“Sec. 11-132 One thousand foot radius; admission within polling place. (a) The precinct officials shall post in a conspicuous place, prior to the opening of the polls, a map designating an area of one thousand feet in radius around the polling place. Any person who remains or loiters within an area of one thousand feet in radius around the polling place for the purpose of campaigning shall be guilty of a misdemeanor.”

The chief election officer shall provide suitable ballot boxes for each polling place needed. They shall have a hinged lid fastened securely by a nonreusable seal. In the center of the lid there shall be an aperture of the appropriate size for the voting system used. The ballot boxes shall be placed at a point convenient for the deposit of ballots and where they can be observed by the precinct officials.

At the opening of the polls for election, the chairman of the precinct officials shall publicly open the ballot boxes and expose them to all persons present to show that they are empty. The ballot boxes shall be closed and sealed; they shall remain sealed until the polls are closed; provided that, in precincts where the electronic voting system is used, the ballot boxes shall not be opened at the polling places except on the island of Niihau.”

(l) Section 11-135, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 11-135 Early collection of ballots. The chief election officer may authorize collection of voted ballots before the closing of the polls in order to facilitate the counting of ballots; provided that the voted ballots shall be returned to the counting center in sealed ballot boxes.”

(m) Section 11-137, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 11-137 Secrecy; removal or exhibition of ballot. No person shall look at or ask to see the contents of the ballot or the choice of party or nonpartisan ballot of any voter, except as provided in section 11-139, nor shall any person within the polling place attempt to influence a voter in regard to whom he shall vote for. When a voter is in the voting booth for the purpose of voting no other person shall, except as provided in section 11-139, be allowed to enter the booth or to be in a position from which he can observe how the voter votes.

No person shall take a ballot out of the polling place except as provided in sections 11-135 and 11-139. No person shall look at or ask to see the contents of the unvoted ballots. If any person having received a ballot leaves the polling place without first delivering the ballot to the precinct official as provided above, or wilfully exhibits his ballot or his unvoted ballots in a special primary or primary election, except as provided in section 11-139, after the ballot has been marked, such person shall forfeit his right to vote, and the chairman of the precinct officials shall cause a record to be made of the proceeding.”

(n) Section 11-138, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 11-138 Time allowed voters. A voter shall be allowed to remain in the voting booth for five minutes, and having voted the voter shall at once emerge and leave the voting booth. If he refuses to leave when so requested by a majority of precinct officials after the lapse of five minutes, he shall be removed by the precinct officials.”

(o) Section 11-140, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 11-140 Spoiled ballots. In elections using the paper ballot and electronic voting systems, if a voter spoils a ballot, he may obtain another upon returning the spoiled one. Before returning the spoiled ballot, the voter shall mark additional choices on the ballot to retain the secrecy of his vote. The returned ballot shall then be cancelled and signed by the precinct chairman, and the voter shall be issued a new ballot.”

(p) Section 11-152, Hawaii Revised Statutes, is amended by amending subsection (b) to read as follows:

SECTION 2. Section 150A-5, Hawaii Revised Statutes, is amended to read:

“Sec. 150A-5 Conditions of importation. The importation of any of the following articles, viz., nursery-stock, tree, shrub, herb, vine, cut-flower, cutting, graft, scion, bud, seed, leaf, root, or rhizome; nut, fruit, or vegetable; grain, cereal, or legume in the natural or raw state; moss, hay, straw, dry-grass, or other forage; unmanufactured log, limb, or timber, or any other plant-growth or plant-product, unprocessed or in the raw state; soil, live bird, reptile, bacteria, fungus, nematode, virus, insect or other animal in any stage of development (that is in addition to the so-called domestic animal, the quarantine of which is provided for in other sections); box, vehicle, baggage, barrel, or crate or other container in which such articles have been transported or contained or any packing material used in connection therewith, into the State, shall be made and conducted in the manner and subject to the conditions hereinafter set forth:

- (1) Notification of arrival. Any person, who receives for transport, brings or causes to be brought to the State, as freight, air freight, baggage, or otherwise, for the purpose of debarkation or entry therein, or as ship's stores, any of the articles enumerated, shall, immediately upon the arrival thereof, notify the department, in writing, of the arrival, giving the waybill number, container number, name and address of the consignor, name and address of the consignee or his responsible agent in the State, marks, number of packages, description of contents of each package, port at which laden, and any other information that may be necessary to locate or identify the same, and shall hold such articles on the dock, pier, wharf, airport, air terminal, or other places, where they are first received or discharged, in such a manner that they will not spread or be likely to spread any infestation or infection of insects or diseases that may be present until inspection and examination can be made by the inspector, to determine whether or not any article, or any portion thereof, is infested, infected with or contains any pest. In addition, by rules and regulations, the department shall designate restricted articles that shall require a permit to be obtained from the department in advance of importation. The restricted articles shall include, but not be limited to, fungi, bacteria, virus, or living insects. Failure to obtain such permits in advance shall result in the articles being refused entry, or confiscated or destroyed. Any expense or loss in connection therewith shall be borne by the owner or his responsible agent in the State.
- (2) Individual passengers, officers and crew.
 - (A) It shall be the responsibility of the transportation company to distribute the State of Hawaii plant and animal declaration forms to each passenger, officer and crew member of any aircraft or vessel originating from the United States or its possession, or from any other areas not under the jurisdiction of the appropriate federal agency prior to arrival in order that the passenger, officer and crew member can comply with the directions and requirement appearing thereon. Any adult, guardian of minor or transiting passenger, officer and crew

member bringing or causing to be brought for entry into the State the items listed on the form shall complete the declaration. Any person who defaces the declaration form required under this section, gives false information, or fails to declare restricted materials in his possession or luggage or fails to declare in cargo manifests shall be in violation of this section.

- (B) Such completed forms shall be collected by the transportation company and be delivered, immediately upon arrival, to the inspector at the first airport or seaport of arrival.
- (3) Plant and animal declaration form. Such forms will include directions for declaring domestic and other animals cited in chapter 142, in addition to the articles enumerated in this chapter.
- (4) Labels. Each and every case, box, package, crate, bale, or bundle containing any of the articles above enumerated, imported into the State, shall have plainly and legibly marked thereon, in a conspicuous manner and place, the name and address of the shipper or owner forwarding or shipping the same, the name or mark of the person to whom the same is forwarded or shipped or his responsible agent, the name of the country, state, or territory and locality therein where the product was grown or produced and a statement of the contents of the package. Upon failure to comply with this paragraph the importer or carrier shall be liable to suffer the penalty for the violation of this section.
- (5) Authority to inspect. Whenever he has good cause to believe that the provisions of this chapter are being violated, the inspector may:
 - (A) Enter any aircraft, ship, vessel, or other carrier, at any time after its arrival within the boundaries of the State, whether offport, offshore, at the dock, pier, wharf, airport or air terminal.
 - (B) Enter into or upon any dock, pier, or wharf, warehouse or depot, airport or air terminal or any other place in the State, where any of the above-mentioned articles are moved or stored, for the purpose of ascertaining, by inspection and examination, whether or not any of the items listed in this section is infested or infected with any pest or contaminated with soil.
 - (C) Inspect any baggage and personal effects of disembarking passengers, officers and members of crews on aircraft, ships, vessels, or other surface craft arriving into the State to ascertain if they contain any of the articles or pests enumerated in this chapter.

Such baggage inspection shall be made at the discretion of the inspector, on the dock or on the ship, vessel, other surface craft or aircraft or in any quarantine or inspection area. No baggage or other personal effects of the passengers or crew members shall be released until said effects have been passed.

Whenever he has good cause to believe that the provisions of this chapter are being violated, the inspector may require that any box, bale, crate, bundle, package, truck, bag, suitcase, or other container carried as ship's stores, cargo or otherwise, by any ship, vessel, other surface craft or aircraft, moving between the continental United States

and Hawaii, or between the Hawaiian Islands be opened for inspection to determine whether any article or pest prohibited by this chapter or by regulations promulgated pursuant thereto is present. If any prohibited article or any pest or any plant, fruit or vegetable infested with plant pests is found, the department may order the return of the article to the place of origin or otherwise dispose of it or such part thereof as necessary to comply with this chapter.

Any expense or loss in connection therewith shall be borne by the owner or his responsible agent in the State.

- (6) Request for importation and inspection. In addition to requirements of the United States customs authorities concerning invoices or other formalities incident to importations into the State, the importer shall be required to file a written statement with the department, signed by himself or his responsible agent in the State, setting forth his desire to import certain of the articles above enumerated, into the State, and giving the following additional information: the kind (scientific name), quantity, and description of same; the locality where same were grown or produced; the certification that all animals to be imported are the progeny of captive populations or have been held in captivity for a period of one year immediately prior to importation or have been specifically approved for importation by the board; the port from which the same were last shipped; the name of the shipper; and the name of the consignee thereof. The statement shall also contain:
- (A) A request that the department, by its duly authorized agent, examine the articles described;
 - (B) An agreement by the importer to be responsible for all costs, charges, or expenses; and
 - (C) A waiver of all claims for damages incident to the inspection or the fumigation, disinfection, quarantine, or destruction of the articles, or any of them, as hereinafter provided for, if any treatment is adjudged necessary.

Failure or refusal to file a statement, including the agreement and waiver, shall be held to be a violation of this section and may, in the discretion of the department, give sufficient cause for refusing to permit the entry of the articles into the State.

- (7) Place of inspection. If, in the judgment of the inspector, it is deemed necessary or advisable to move any of the articles above enumerated or any portion thereof, to a place more suitable for inspection than the dock, pier, wharf, airport, air terminal, depot or other place where they are first received or discharged, authority therefore is granted, and all costs and expenses incident to the movement and transportation of the articles to such place shall be borne by the importer or his responsible agent in the State owning or having charge thereof.
- (8) Disinfection or quarantine. If upon inspection, any article so received or brought to the State for the purpose of debarkation or entry therein is found to be infested or infected, or there is reasonable cause to presume that it is infested or infected and the infestation or infection can, in the judgement of

the inspector, be eradicated, a treatment shall be given such article. The treatment shall be at the expense of the owner or his agent, and the treatment shall be as prescribed by the department. The article shall be held in quarantine at the expense of the owner or his responsible agent, at a satisfactory place approved by the department, for a sufficient length of time to determine that eradication has been accomplished. Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Chapter 709, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read as follows:

“Sec. 709- Offenses against the person of a spouse, petition, proceedings. (1) Any spouse against whose person an offense, other than a felony, has been committed by the other spouse may petition the family court for a summons to issue forthwith.

(2) The petition shall include, or be accompanied by, an affidavit sworn to by the petitioning spouse which substantiates a finding by the court that an offense has been committed. A petitioning spouse who knowingly makes a false statement which he or she does not believe to be true in a proceeding pursuant to this section shall be guilty of false swearing. Before a summons may issue, there shall be good cause shown and a finding of probable cause that a nonfelonious offense has been committed against the person of the petitioning spouse.

(3) Service of the petition and summons on the respondent spouse shall be as provided by law or court rule for cases in the family court. If the respondent spouse fails to appear at the court hearing, the court may find the respondent spouse in contempt of court and may issue a bench warrant forthwith.

(4) If it is established beyond a reasonable doubt at the hearing that the respondent spouse committed the alleged offense against the petitioning spouse, the court may find the respondent spouse guilty of the offense.

(5) It shall be the duty of the family court to assist any petitioning spouse under this section in the preparation of the petition.

(6) This section shall not preclude any spouse against whose person an offense, other than a felony, has been committed by the other spouse from pursuing any other remedy under law or in equity.

(7) Upon dismissal of a respondent spouse and discharge of the proceeding against such spouse under this section, such spouse, if the offense is the only offense against the petitioning spouse for a period of not less than one year, may apply for an order to expunge from all official records all recordation relating to the arrest, trial, finding of guilt, and dismissal and discharges pursuant to this section. If the court determines, after hearing, that the respondent spouse was dismissed and the proceedings against such spouse were discharged and that no other similar offenses were charged against such spouse for a period not less than one year, it shall enter such order."

SECTION 2. Section 709-906, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 709-906 Spouse abuse, penalty. (1) It shall be unlawful for any person, singly or in concert, to physically abuse his or her spouse, or to refuse compliance with the lawful order of a police officer under subsection (3).

(2) Any police officer may, with or without a warrant, arrest a person if he has reasonable grounds to believe that the person is physically abusing, or has physically abused, his or her spouse and that the person arrested is guilty thereof.

(3) Any police officer may, with or without a warrant, take the following course of action where he has reasonable grounds to believe that there was recent, substantial, physical harm inflicted by one spouse upon the other:

- (a) He may make reasonable inquiry of the spouse upon whom he believes recent, substantial, physical harm has been inflicted and other witnesses as there may be, to ascertain whether there is probable danger of further substantial, physical harm being inflicted upon such injured spouse by the other spouse; and
- (b) Where he has reasonable grounds to believe that there is such probable danger he may lawfully order such other spouse to voluntarily leave the

premises for a cooling off period of three hours; and

(c) If such other spouse refuses to comply with such reasonable request or returns to the premises before the expiration of three hours, he may place such other spouse under arrest for the purpose of preventing further physical harm to the injured spouse.

(4) Spouse abuse, and refusal to comply with the lawful order of a police officer under subsection (3) are misdemeanors.

(5) The spouse who has been physically abused or harmed by his or her spouse may petition the family court for a bench warrant to issue forthwith.

(6) The respondent shall be taken into custody and brought before the family court at the first possible opportunity. The court may then dismiss the petition or hold the respondent in custody, subject to bail. Where the petition is not dismissed, a hearing shall be set.

(7) If it is established beyond a reasonable doubt at the hearing that the respondent physically abused his or her spouse, then the court may find the spouse guilty of a misdemeanor.

(8) It shall be the duty of the family court to assist any petitioner under this section in the preparation of the petition.

(9) This section shall not preclude the physically abused spouse from pursuing any other remedy under law or in equity.

(10) Upon dismissal of such person and discharge of the proceeding against him or her under this section, such person, if the offense is the only offense against the other spouse for a period of not less than one year, may apply for an order to expunge from all official records all recordation relating to his or her arrest, trial, finding of guilt, and dismissal and discharges pursuant to this section. If the court determines, after hearing, that such person was dismissed and the proceedings against him or her were discharged and that no other similar offenses were charged against him or her for a period not less than one year, it shall enter such order."

ACT 271

S. B. NO. 1960-80

A Bill for an Act Relating to No-fault Insurance.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 294-13, Hawaii Revised Statutes, is amended to read as follows:

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

“Sec. 294-13 Motor vehicle insurance rates. (a) Except as otherwise provided in this chapter, all premium rates for motor vehicle insurance shall comply with the provisions of the casualty rating law contained in chapter 431.

(b) All premium rates for motor vehicle insurance shall be made in accordance with the following provisions:

- (1) Due consideration shall be given to past and prospective loss experience within this State, to catastrophe hazards, if any, to a reasonable margin for profit and contingencies, to dividends, savings, or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members, or subscribers, to past and prospective loss experience within the State; reasonable margin for profit from and contingencies in the administration of motor vehicle insurance sold within the State; past and prospective expenses in the sale and administration of motor vehicle insurance within the State; and, optionally, to past or prospective loss, sales and administrative costs experience in the nation or regionally, whenever such consideration will serve to reduce rates.
- (2) Due consideration shall be given to the investment income from reserves and unearned insurance premiums and other unearned proceeds received on account of motor vehicle insurance sold in this State, and all other factors that may be deemed relevant, such as but not limited to types of vehicles, occupations, and involvement in past accidents, provided they are established to have a probable effect upon losses or expense, or rates.
- (3) The systems of expense provisions included in the rates for use by any insurer or group of insurers may differ from those of other insurers or groups of insurers to reflect the requirements of the operating methods of any such insurer or group with respect to any class of insurance, or with respect to any subdivision or combination thereof for which subdivision or combination separate expense provisions are applicable.
- (4) Risks may be grouped by classifications for the establishing of rates and minimum premiums. Classification rates may be modified to produce rates for individual risks in accordance with rating plans which establish standards for measuring variations in hazards or expense provisions, or both. Such standards may measure any differences among risks that can be demonstrated to have a probable effect upon losses or expenses.
- (5) Rates shall not be excessive, inadequate, or unfairly discriminatory.
- (6) Rate making and regulation of rates for all insurance subject to this chapter shall be governed by chapter 431; subject, however, to the following:
 - (A) To assure the proper implementation and evaluation of the chapter the commissioner shall fully comply with the provisions of section 431-703;
 - (B) Except as provided in subsection (j), the commissioner shall establish rates and shall consider with other relevant factors loss experience in this State and the investment income of the insurers, and insofar as section 431-694 and section 431-695 are in conflict with this provision, sections 431-694 and 431-695 shall not be applicable herein;
 - (C) To afford all interested persons an opportunity to be heard the commis-

sioner shall, after notice is published pursuant to chapter 91, hold a public hearing whenever rates are to be increased;

- (D) The initial rates shall be reviewed prior to September 1, 1975, and thereafter shall be reviewed at least every two years. The commissioner shall issue a public statement or an order approving the rates for the benefit of the public;
- (E) The commissioner shall order insurers to rebate to policyholders any excessive profit realized by insurers from their operations.

(c) Except to the extent necessary to meet the provisions of paragraph (4) of subsection (b) of this section, uniformity among insurers in any matters within the scope of this section is neither required nor prohibited.

(d) No manual of classification, rule, rate, rating plan, designation of rating territories, or standard for motor vehicle insurance shall be effective unless approved by the commissioner. The commissioner may accept from an advisory organization basic standards, manuals of classification, territories, endorsements, forms, and other materials, not dealing with rates, for reference filings by insurers. The commissioner shall have the power to set rates under this chapter, pursuant to and following the procedure under chapter 91, except as specifically provided herein. The commissioner shall not set any rates without a public hearing at which all affected and interested parties have a full opportunity to examine, to comment, and to present evidence on the impact and application of the proposed establishment, or revision of rates. The commissioner shall publish a notice of the date, time, and place of the public hearing at least once in each of three successive weeks in a newspaper of general circulation.

(e) Any person aggrieved by the application as to him of any classification, rule, standard, rate, or rating plan made, followed, or adopted by an insurer may make written request to the commissioner to review such application and grant the relief requested. If the commissioner finds that probable cause for the complaint exists or that the complaint charges a violation of this chapter or any applicable provisions of the casualty rating law, he shall conduct a hearing on the complaint. The hearing shall be subject to the procedure provided in section 431-705(a).

(f) If the commissioner has good cause to believe that a classification, rule, standard, rate, rating territory, or rating plan made, followed, or adopted by an insurer does not comply with any of the requirements of this chapter or any applicable provisions of the casualty rating law, he shall, unless he has good cause to believe that such noncompliance is wilful, give notice, in writing, to each insurer stating therein in what manner and to what extent such noncompliance is alleged to exist and specifying therein a reasonable time, not less than ten days thereafter, within which such noncompliance may be corrected. Notices under this subsection shall be confidential as between the commissioner and the parties unless a hearing is held as provided in subsection (g).

(g) If the commissioner has good cause to believe such noncompliance to be wilful, or if, within the period prescribed by the commissioner in the notice, the insurer does not make such changes as may be necessary to correct the noncompliance specified by the commissioner or established to the satisfaction of the commissioner that such specified noncompliance does not exist, then the commissioner may pro-

ceed with a hearing which shall be subject to the hearing procedure provided in section 431-705(a).

(h) If, after a hearing conducted pursuant to subsection (b) or (e), the commissioner finds that the complainant is entitled to relief or that any classification, rule, standard, rate, rating territory, or rating plan violates this chapter or any applicable provisions of the casualty rating law, he shall issue an order granting the complainant's claim for relief or prohibiting the insurer from using such classification, rule, standard, rate, rating territory, or rating plan. The order shall contain the commissioner's findings of fact and conclusions of law, including, as appropriate, a specification of the respects in which a violation of this chapter or any applicable provision of the casualty rating law exists and shall specify a reasonable time period within which the insurer shall comply with the terms of the order. Any such order shall be subject to judicial review in accordance with the provisions of section 431-705(b).

(i) The commissioner shall periodically review and evaluate the motor vehicle insurance program described in this chapter, including an annual review of the premium rates, benefit payments, and insurers' loss experience.

(j) For the period of eight years from September 1, 1975, and terminating on August 31, 1983, the commissioner shall be prohibited from setting, maintaining, or in any way fixing the rates charged by motor vehicle insurers for motor vehicle insurance issued in conformity with this chapter as either no-fault insurance or as optional additional insurance except as provided under section 294-23. This eight-year period shall be a period of open rating. Each firm licensed to underwrite no-fault insurance in the State shall establish its own rate schedule. The commissioner shall, however, monitor and survey the several companies' rate making methods and systems. The commissioner shall require of each insurer and of each self-insurer any and all information, data, internal memoranda, studies, and audits, he deems desirable for the purpose of evaluation, comparison, and study of the methods and schedules.

Notwithstanding this prohibition, the commissioner shall, in his discretion, intervene at any time during this eight-year period, to adjust rates, for the no-fault, mandatory, or optional-additional coverages, being assessed by any or all insurers, upon a finding that all or any rates are excessively high or unconscionably below the actual costs of provision of the coverage being assured.

On June 1, 1983, the applicable transition provisions of this chapter shall be effective as to rate making and the commissioner shall perform all acts required by this chapter for the setting and regulation of uniform rates conforming to this chapter to be effective on and after September 1, 1983.

In the establishment of their individual rate schedules, each insurer shall conform fully to subsections (b)(1), (2), and (4), during the open rating period.

(k) Notwithstanding any other law to the contrary, no insurer shall agree, combine, or conspire with any other private insurer or enter into, become a member of, or participate in any understanding, pool, or trust, to fix, control, or maintain, directly or indirectly, motor vehicle insurance rates. Any violation of this section shall subject the insurer and each of its officers and employees involved to the penalties of chapter 480 without benefit of any exemption otherwise permitted by section 480-11. This subsection shall not apply to advisory organizations referred to in section 431-700 which are not involved in rate making under this chapter.

(l) Notwithstanding subsection (j), commencing with September 1, 1974, the commissioner shall enforce a mandatory reduction of not less than fifteen per cent by each insurer, calculated as a percentage of the insurer's premium for a comparable combination of insurance coverage in effect on January 1, 1973, on all motor vehicle coverages, as provided in this chapter, including the basic no-fault policy. There shall be no exception to the requirements of this provision, unless the commissioner shall find that the use of the rates required herein by an insurer will be inadequate to the extent that such rates jeopardize the solvency of the insurer required to use such rates. No rate for the insurance required by this chapter shall be increased prior to September 1, 1975, unless the insurer proposing such rate increase shall show that the rates herein are inadequate as stated above.

(m) Notwithstanding subsection (j) all insurers of any motorcycle, motor scooter, or vehicle with less than four wheels shall provide a ten per cent reduction off the regular premium each insurer assesses for such policy, to the operator purchasing a no-fault policy who has successfully completed a safe driving course approved by the director of transportation.

(n) Notwithstanding subsection (j) at the option of each insurer all premium rates on a no-fault policy for any motorcycle, motor scooter, or vehicle with less than four wheels may provide a discount of not more than ten per cent to the operator purchasing a no-fault policy when the operator submits an affidavit to the insurer that he will wear a safety helmet that is approved by the director of transportation during the operation of the insured vehicle; provided that if the insurer provides for a discount the insurer may provide for a surcharge of an amount equal to the discount for those operators who do not submit an affidavit that they will wear an approved safety helmet during the operation of the insured vehicle.

No insured shall operate a vehicle insured under a no-fault policy under this section which provides for a discount for the use of a safety helmet, unless the insured is wearing an approved safety helmet."

SECTION 2. Section 294-35.5, Hawaii Revised Statutes, is amended by amending subsection (b) to read as follows:

"(b) The commissioner shall deposit these underwriters' fees into a special drivers' education fund account which shall be allocated as follows:

- (1) For the fiscal year 1975-76, seventy per cent to the commissioner which shall be expended for the operation of the driver education program provided for in section 286-128(m) and thirty per cent to the superintendent of the department of education to support the driver education program administered by the department for high school students;
- (2) For the fiscal year 1976-77, sixty per cent to the commissioner which shall be expended for the operation of the driver education program provided for in section 286-128(m) and forty per cent to the superintendent of the department of education to support the driver education program administered by the department for high school students; and
- (3) For the fiscal year 1977-78 and the fiscal years thereafter, fifty per cent to the commissioner which shall be expended for the operation of the driver education program provided for in section 286-128(m) and fifty per cent to the superintendent of the department of education to support the driver

education program administered by the department for high school students; provided that all fees received, under 294-35.5(a), which are derived from motorcycles, motor scooters, or similar vehicles, shall be expended by the director of transportation for the operation of a driver education program for operators of motorcycles, motor scooters, or similar vehicles."

ACT 276

S.B. NO. 2536-80

A Bill for an Act Relating to Social Services.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The legislature finds that there are hundreds of aged, indigent resident aliens and naturalized citizens in the State who desire to return to their homelands. After working long years in this State these persons are now retired and many live alone. Returnees would benefit by being reunited with families, relatives, and friends, and from reintegration into the extended family culture from which they came.

The public assistance payments paid to aged, indigent resident aliens and naturalized citizens are not always sufficient to pay for safe and sanitary living conditions. The problems of survival for the aged are compounded by a weakening of their resistance to diseases and limitations on physical mobility. Transportation and medical care costs in relation to income are significantly higher than for other age groups.

Aged, indigent resident aliens and naturalized citizens willing to return to their homelands are likely to find that their income from social security or pension benefits is more than sufficient to support themselves and contribute to the economic well-being of an extended family and a village economy.

Except for certain social security and pension benefits, all other forms of government assistance to returnees would cease.

The purpose of this Act is to permit the State to assist aged, indigent resident aliens and naturalized citizens to return to their homelands.

SECTION 2. Chapter 346, Hawaii Revised Statutes, is amended by adding a new part to be appropriately designated and to read as follows:

“PART . RESIDENT ALIEN AND NATURALIZED CITIZEN PROGRAM

Sec. 346- Purpose. The purpose of this part is to assist a qualified person to return to the person’s homeland.

Sec. 346- Definitions. As used in this part:

- (1) “Alien” means any person not a citizen or national of the United States but who is allowed, under federal law, to reside in the United States;
- (2) “Homeland” means the country in which a person was born;
- (3) “Naturalized citizen” means a person who was not born in the United States, but who has the rights and privileges of a citizen bestowed upon the person by law;

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

- (4) "Qualified person" means an alien or naturalized citizen of the United States who:
 - (A) Is a resident of the State of Hawaii;
 - (B) Is sixty years of age or older;
 - (C) Is eligible to receive or receives financial assistance under this chapter on the date of the application for transportation assistance under this part; and
- (5) "Transportation assistance" means the amount determined by the director under section 346-

Sec. 346- Administration. The director may enter into contracts with private, nonprofit organizations for the purpose of providing transportation assistance to a qualified person who desires to return to the qualified person's homeland in order to establish and maintain a permanent residence there.

Sec 346- Application; approval; statement; return. (a) A person desiring to return to the person's homeland may make application to the director. The application shall include evidence from a recognized agency or other acceptable means to ensure that the person's health and welfare will be protected upon return to the person's homeland. The director shall examine the application and determine whether the person is a qualified person and the person's health and welfare will be protected. If the director determines that the person is a qualified person, the person's health and welfare will be protected, and funds are available, the director shall approve the application. Upon approval, the qualified person shall be required to sign a statement of intent to take up permanent residence in the qualified person's homeland. Upon signing the statement, the director shall enter into a contract as provided under section 346- to provide transportation assistance for the qualified person.

(b) A person who has used the transportation assistance under this part and returns to and reestablishes residency in Hawaii shall repay to the State the amount of the transportation assistance used in returning to the person's homeland with interest. The rate of interest shall be established by the director by rule under chapter 91.

(c) The statement of intent under subsection (a) shall explain the requirements for reestablishing residency in Hawaii and indicate that the qualified person understands these requirements.

(d) A person shall not be eligible to use the transportation assistance under this chapter more than once in the person's lifetime.

Sec. 346- Transportation assistance. The director shall adopt rules under chapter 91 to determine the transportation and administrative costs which are required for the return of a qualified person to the qualified person's homeland. The amount of such costs shall be considered the transportation assistance.

Sec. 346- Penalty. Any person who uses the transportation assistance under this chapter for any purpose other than that for which approved by the director shall be guilty of a misdemeanor and required to return the full amount of the transportation assistance used."

SECTION 3. Section 346-1, Hawaii Revised Statutes, is amended by amending the definition of "financial assistance" to read as follows:

" "Financial assistance" means public assistance, except for payments for med-

ical care, social service payments, and transportation assistance, including funds received from the federal government.”

SECTION 4. Statutory material to be repealed is bracketed. New material is underscored.*

SECTION 5. This Act shall take effect upon its approval.

(Approved June 16, 1980.)

ACT 277

S.B. NO. 2795-80

A Bill for an Act Relating to the Budgetary Process.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The purpose of this Act is to implement the provisions of the constitutional amendments enacted by the 1978 Constitutional Convention which require that the legislature establish a general fund expenditure ceiling which shall limit the rate of growth of general fund appropriations to the estimated rate of growth of the State's economy. These constitutional amendments were overwhelmingly ratified by the electorate in the 1978 general elections and the public thereby expressed its mandate that limits be placed on government spending.

More than a year has elapsed since the constitutional provisions were ratified and it is therefore incumbent upon the legislature to enact legislation which would establish the expenditure ceiling in this session.

This Act would establish the general fund appropriations made by the legislature for the fiscal year 1978-79, the fiscal year during which the constitutional amendments were ratified, as the base appropriation amount. Thus, it would be from this amount that the expenditure ceiling for future years shall be calculated.

The expenditure ceiling proposed by this Act will require that the legislature exercise prudence in making appropriations from the general fund and will require that the legislature be accountable to the public for any appropriations authorized which would be in excess of the expenditure ceiling. Furthermore, this Act would impose a similar requirement upon the governor and the chief justice, by requiring them to disclose and explain any proposed expenditures for their respective branch of government which would be in excess of a similar general fund appropriation ceiling.

SECTION 2. Chapter 37, Hawaii Revised Statutes, is amended by adding a new part to be appropriately designated and to read as follows:

“PART . GENERAL FUND EXPENDITURE CEILING

Sec. 37- Definitions. As used in sections 37- to 37- :

- (1) “State growth” means the estimated rate of growth of the State's economy and shall be established by averaging the annual percentage change in total state personal income for the three calendar years immediately preceding

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

the session of the legislature making appropriations from the state general fund.

- (2) "Total state personal income" means the total state personal income as defined by the state personal income series published by the United States Department of Commerce, Social and Economic Statistics Administration, Bureau of Economic Analysis, or its successor, for each year for which such income has been determined and published; for any year for which such income has not been determined or published, it shall mean the total state personal income for such year as estimated by the council on revenues.
- (3) "General fund" means the fund used to account for all transactions which are not accounted for in another fund, but excluding federal funds received by that fund.
- (4) "Expenditure ceiling" means the maximum general fund appropriations allowed in any year. The expenditure ceiling shall be determined by considering the fiscal year 1978-79 general fund appropriations as the expenditure ceiling. The expenditure ceiling for succeeding fiscal years shall be computed by adjusting the immediate prior fiscal year expenditure ceiling by the applicable state growth.

Sec. 37- Proposed general fund appropriations; executive branch; judicial branch. (a) The governor shall submit a plan of proposed appropriations for the State to the legislature which shall accompany the state budget in odd-numbered years and the supplemental budget in even-numbered years. The plan of proposed appropriations shall include the executive budget, proposed grants to private entities, and any specific appropriation measures to be proposed by the executive branch and estimates of the aggregate proposed appropriations of the judicial and legislative branches of government. In any year in which the plan of proposed appropriations from the general fund exceeds the expenditure ceiling, the governor shall set forth the dollar amount, the rate by which the expenditure ceiling would be exceeded, and the reasons for proposing appropriations in excess of those allowed under the expenditure ceiling.

(b) The proposed appropriations from the general fund for each year of the biennium or each supplementary budget fiscal year for the executive and judicial branches shall not be increased over the appropriations from the general fund for the preceding fiscal year for each branch, respectively, by more than the state growth, except as provided in this section. For purposes of this subsection, the appropriations from the general fund for the executive and judicial branches shall not include any appropriations representing amounts authorized by the legislature under section 37-

(b).

(c) The governor shall submit a plan of proposed appropriations for the executive branch to the legislature which shall accompany the state budget in odd-numbered years and the supplemental budget in even-numbered years. The plan of proposed appropriations shall include the executive budget, proposed grants to private entities, and any specific appropriation measures to be proposed by the executive branch.

(d) The budget documents presented by the governor to the legislature shall

include a statement or summary showing (1) the total state personal income for each of the four calendar years immediately preceding the session of the legislature making appropriations from the state general fund, (2) the appropriations from the general fund for the previous fiscal year, (3) the appropriations from the general fund for the fiscal year in progress, and (4) the general fund expenditure ceiling for the ensuing fiscal year and for the fiscal year in progress.

(e) The governor shall also include a statement or summary showing (1) recommended appropriations from the general fund for the executive branch for the ensuing fiscal year, (2) actual appropriations from the general fund for the executive branch plus any recommended appropriations from the general fund for the executive branch for the fiscal year in progress, (3) the appropriations from the general fund for the executive branch for the previous fiscal year, and (4) the general fund appropriation ceiling for the executive branch as established by subsection (b) for the ensuing fiscal year and for the fiscal year in progress.

(f) The chief justice shall submit a plan of proposed appropriations of the judicial branch to the legislature which shall accompany the judiciary biennial budget in odd-numbered years and the supplemental budget in even-numbered years. The plan of proposed appropriations shall include the judiciary budget, proposed grants to private entities, and any specific appropriation measures to be proposed by the judicial branch.

(g) The budget documents presented by the chief justice to the legislature shall include a statement or summary showing (1) recommended appropriations from the general fund for the judicial branch for the ensuing fiscal year, (2) actual appropriations from the general fund for the judicial branch plus any recommended appropriations from the general fund for the judicial branch for the fiscal year in progress, (3) the appropriations from the general fund for the judicial branch for the previous fiscal year, and (4) the general fund appropriation ceiling for the judicial branch as established by subsection (b) for the ensuing fiscal year and for the fiscal year in progress.

(h) The governor or the chief justice may propose appropriations from the general fund for the executive or judicial branches, respectively, in excess of those allowed by subsection (b) if the governor or the chief justice sets forth the dollar amount and the percentage change in excess of the appropriations allowed by subsection (b), and the reasons for proposing appropriations in excess of those allowed by subsection (b).

Sec. 37- Legislature. (a) The legislature shall not make appropriations from the general fund for each fiscal year of the biennium or each supplementary budget fiscal year which will exceed the expenditure ceiling for that fiscal year.

(b) The legislature may make appropriations from the general fund in excess of those allowed by subsection (a) by:

- (1) A two-thirds vote of the members to which each house of the legislature is entitled;
- (2) Setting forth the dollar amount and the rate by which the appropriations allowed by the change in the state growth will be exceeded; and
- (3) Setting forth the reasons for exceeding the appropriations allowed by the percentage change in the state growth;

in each act which will cause appropriations from the state general fund to exceed those allowed by the change in state growth.

A Bill for an Act Relating to the Transfer of all Functions, Powers and Duties Involving the Taxation of Real Property to the Counties.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Purpose. The legislature finds that section 3 of Article VIII of the Constitution of the State of Hawaii has been amended to provide that all functions, powers, and duties relating to the taxation of real property heretofore reserved to the

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

State shall be exercised exclusively by the counties with the exception of the County of Kalawao. It is the purpose of this Act to provide for the orderly transfer of these functions, powers, and duties, including the transfer of personnel, records, and equipment to the counties.

SECTION 2. Transfer of functions. Effective July 1, 1981, the functions, powers, duties, and authority heretofore exercised by the department of taxation relating to the taxation of real property shall be exercised by the respective counties, except the County of Kalawao as provided by Article VIII, Section 3, of the State Constitution.

- (1) For a period of eleven years commencing November 7, 1978, the counties shall by majority agreement of the counties, provide for uniform policies and methods of assessment for the taxation of all real property throughout the State. Such policies and methods shall include but not be limited to the assessment, levy, and collection of real property taxes. Upon agreement of the uniform policies and methods to be used for the taxation of all real property each county shall thereafter adopt by ordinance such uniform policy and method of assessment as the real property tax law of the county. In the event the counties cannot agree as to what shall be the uniform policy and method of assessment or should any or all of the counties fail to enact such ordinance the legislature shall by general law provide for a uniform method of assessment of real property taxes throughout the State. Amendments to such uniform policies and methods adopted by the counties may be made by majority agreement of the counties and subsequent enactment thereof by ordinance.
- (2) Each county shall enact by ordinance and adopt as law for the county all of the real property tax exemptions and the provisions for the dedication of lands for specific use and the assessment of such lands at its value in such use as now provided by law. These exemptions and dedications shall continue undiminished for a period of eleven years commencing November 7, 1978. The counties may by majority agreement of the counties and subsequent enactment by ordinance enlarge, add to, increase, or provide for new exemptions or dedications of lands. The enlargement, addition to, or creation of new exemptions or dedications may be amended by majority agreement of all the counties and subsequent enactment thereof by ordinance; provided any such amendment shall not in any way diminish the exemption or dedication that was in force on November 7, 1978.
- (3) Each of the counties, with the exception of the County of Kalawao, shall succeed to all of the rights and powers previously exercised, and all of the duties and obligations incurred by the department of taxation in the exercise of the functions, powers, duties, and authority transferred, whether such functions, powers, duties, and authority are mentioned in or granted by any law, contract, or other document. The powers included herein shall include the authority to place liens on property with delinquent taxes, provide for the issuance of subpoenas to enforce the real property tax law, and pursue the enforcement of the real property tax law through the tax appeal court or any court of competent jurisdiction. Each county shall have the power to

determine real property tax rates by resolution under procedures defined in the real property tax ordinance of the county. All references in any such law, contract, or document to the department of taxation such as dedication agreements, collection and payment agreements, or exemptions, shall apply to the respective counties, as if each of the respective counties, with the exception of the County of Kalawao, were specifically named in such law, contract, or document in place of the department of taxation.

SECTION 3. Transfer of personnel. Effective July 1, 1981, all personnel employed by the department of taxation whose functions, duties, responsibilities, and activities involve the assessment, levy, and collection of real property taxes, and those personnel whose functions, duties, and responsibilities directly relate to the taxation of real property, such as but not limited to those personnel in the tax maps branch, real property program office, data processing, administrative services, and the like, shall be transferred to the counties pursuant to a plan approved by the State and the counties. The transfer shall be effected so that affected personnel assigned to the First Taxation District shall be transferred to the City and County of Honolulu; affected employees assigned to the Second Taxation District shall be transferred to the County of Maui; affected employees assigned to the Third Taxation District shall be transferred to the County of Hawaii; and affected employees assigned to the Fourth Taxation District shall be transferred to the County of Kauai.

The transfer of personnel whose functions, duties, powers, and authority are performed on a statewide basis and not at the district level, such as but not limited to the tax maps branch, real property program office, data processing, administrative services, and the like, shall be made pursuant to a plan to be developed between the governor and the mayors of the respective counties.

All such personnel transferred shall acquire county civil service status without loss of salary, seniority, prior service credits, vacation, sick leave, or other employee benefits or privileges as a consequence of such transfer; provided that subsequent changes in status may be made pursuant to personnel laws of the respective counties.

In the event that an office or position held by any employee having tenure is affected by workload changes or is abolished, such employee shall not thereby be separated from public employment but shall remain in the employment of the State in accordance with the civil service law, the applicable bargaining unit contract, or the state personnel rules and regulations, whichever is applicable.

SECTION 4. Transfer of records, equipment, appropriations, and other property. All records, equipment, files, supplies, contracts, books, papers, documents, maps, appropriations, and other property theretofore made, used, acquired, or held by the department of taxation in the exercise of the functions to be transferred by this Act shall be transferred under the direction of the governor to the respective counties.

SECTION 5. Pending proceedings. No suit or prosecution pending at the time this Act takes effect shall be affected by this Act. The right of the director of taxation to institute proceedings for prosecution for an offense or an action to recover a penalty or forfeiture shall henceforth be vested in such person or persons as may be directed by ordinance to be adopted by each of the respective counties.

SECTION 6. **Appeals.** The right of appeal from administrative actions or determinations as now provided by law shall not be impaired by this Act.

Each of the counties shall by ordinance provide for appeals from assessments, denial of an exemption, or the denial of a dedication to the same extent and in accordance with the procedures prescribed in chapter 232, Hawaii Revised Statutes.

SECTION 7. **Amendment of conflicting laws.** All laws and parts of laws heretofore enacted which are in conflict with the provisions of this Act are hereby amended to conform herewith.

SECTION 8. **Construction; separability.** This Act shall be liberally construed in order to accomplish the purposes set forth in section 1. Any portion of this Act judicially declared to be invalid shall not affect the remaining portions.

SECTION 9. **Costs.** The costs associated with the transfer of personnel, records, equipment, appropriations, and other property and all other costs involved to effectuate the purposes of this Act shall be borne by each of the several counties as the total assessed valuation for that county proportionately bears to the total assessed valuation for the entire State for the tax year 1980-81. The director of taxation shall, no later than December 31, 1981, furnish each county council with a calculation, certified by the director as being as nearly accurate as may be, of the pro rata share of the costs of the transfer to be borne by each of the several counties.

The director of finance shall withhold from payment to the several counties out of the real property taxes collected for the second installment of the 1980-81 tax year due on February 20, 1981, an amount estimated by the director to be sufficient to reimburse the State for the costs associated with the transfer. Should the amount so withheld from any county be insufficient to reimburse the State for the cost of the transfer, each such county shall first pay to the State the amount of the deficiency from the amount of real property taxes collected for the second installment of the 1981-82 tax year due on February 20, 1982. Any excess of the amounts withheld shall be paid to the respective counties.

SECTION 10. **Effective date.** This Act shall take effect upon its approval.

A Bill for an Act Relating to Discriminatory Pricing in Supply Liquor.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Chapter 281, Hawaii Revised Statutes, is amended by adding a new part to be appropriately designated and to read as follows:

“PART . PRICE DISCRIMINATION IN SUPPLYING LIQUOR

Sec. 281- Definitions. Whenever used in this part, unless otherwise apparent from the context:

- (1) “Supplier” means any person engaged in business as a manufacturer, dis-

tiller, rectifier, importer, broker or agent which distributes any or all of its liquors through wholesalers licensed pursuant to this chapter.

- (2) "Hawaii wholesaler" means any person licensed under this chapter to sell liquors at wholesale to retail licensees or to others who are by law authorized to resell but are not by law required to hold a license.
- (3) "Liquor" has the meaning defined by section 281-1, except it shall not include beer and wine, as defined by that section.

Sec. 281- Price discrimination. No supplier shall sell or offer to sell to any Hawaii wholesaler any item of liquor at a price which is higher than the lowest price at which such item is currently being sold or offered for sale by such supplier to any wholesaler in any other state of the United States or the District of Columbia or to any state (or state agency) which owns and operates retail liquor outlets. In determining the lowest price for which any item of liquor is or was sold by such supplier in any other state or in the District of Columbia, or to any state (or state agency) which owns and operates retail liquor outlets, appropriate reductions shall be made for all discounts, rebates, free goods, allowances and other inducements of any kind whatsoever offered or given by such supplier to any such wholesaler in another state or in the District of Columbia or to any state (or state agency) which owns and operates retail liquor outlets; provided that differentials in price which make only due allowance for differences in state taxes and fees and for the actual cost of delivery are permissible. As used in this section, the term "state taxes and fees" means the excise taxes imposed or the fees required by any state or the District of Columbia upon, or based upon, a gallon or liter of liquor, and the term "gallon" means one hundred twenty-eight fluid ounces and the term "liter" means one thousand milliliters.

Sec. 281- Price affirmation; schedule, etc. Within sixty days after the effective date of this part, every supplier desiring to distribute liquor to a Hawaii wholesaler shall first file with the commission:

- (1) An affirmation, duly verified, certifying that such supplier will not sell or offer to sell any item of liquor in any state or the District of Columbia at a price lower than the price for which the same item is sold or offered for sale by such supplier to a Hawaii wholesaler, and
- (2) A current schedule of prices, duly verified and filed in the number of copies and form as required by the commission, for each brand and each size of liquor sold or offered for sale in Hawaii by such supplier, which prices are not higher than the lowest price at which the brand and size are offered for sale by such supplier to any wholesaler, distributor, jobber or retailer in any other state or the District of Columbia or to any state (or state agency) which owns and operates retail liquor outlets. On July 1 of each year after the initial filing hereunder, there shall be filed with the commission either a revised schedule or a statement that no revision is being made. In addition, any supplier may file a revised schedule at any time to reflect changed or modified prices, provided that any price increase shall not be effective until thirty days from the date of such filing.

Sec. 281- Violation; penalty. (a) It shall be unlawful for any supplier distributing liquor in this State to:

ACT 281

- (1) Fail to file the affirmation required by section 281- (a) (1) or to file a false affirmation;
- (2) Fail to file the schedule of prices or revision thereof required by section 281- (a) (2) or to file a false schedule or revision;
- (3) Sell or offer to sell any item of liquor to a Hawaii wholesaler in violation of section 281- or section 281- , or both, unless prior written permission of the commission is granted for such sale or offer, which permission shall be given only upon good cause shown and for reasons not inconsistent with the purposes of this part.

(b) Each violation of this part shall constitute a misdemeanor and upon conviction shall be punishable by a fine of not more than \$1,000 or imprisonment for a term of not more than one year, or both. In addition, the commission may bring proceedings to enjoin the violation of any of the provisions of this part.

(c) Any wholesaler injured in its business or property by reason of anything forbidden in this part may (1) bring proceedings to enjoin the violation of any of the provisions of this part, and if the decree is for the plaintiff, it shall be awarded reasonable attorney's fees together with the cost of suit, and (2) sue for damages sustained by it, and, if the judgment is for the plaintiff, it shall be awarded three-fold the damages by it sustained and reasonable attorney's fees together with the cost of suit."

SECTION 2. This Act shall take effect upon its approval and shall expire June 30, 1982.

(Approved June 16, 1980.)

H.B. NO. 2647-80

A Bill for an Act Relating to Motor Vehicles.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 291-35, Hawaii Revised Statutes, is amended to read:

"Sec. 291-35 Gross weight, axle, and wheel loads. No motor vehicle or other power vehicle or combination of such vehicles equipped wholly with pneumatic tires, which has a total gross weight, including vehicle and load, an axle load, or a wheel load in excess of the limits set forth in this section shall be operated or moved upon any public road, street, or highway within the State; provided that the maximum gross weight, axle loads, and wheel loads allowed under this section shall be inapplicable when its application would adversely affect the receipt of federal funds for highway purposes; and provided further that no vehicle or combination of vehicles shall be operated on or moved over any bridge or other highway structure if the total gross weight, including vehicle and load, exceeds the posted maximum gross load limitation for the bridge or other highway structure.

- (1) The total gross weight, in pounds, imposed on any public road, street, or highway within the State by any group of two or more consecutive axles, on a vehicle or combination of vehicles shall not exceed the following when

the distance between the first and last axles of the group under consideration is:

- (A) Less than forty-two inches, the weight imposed shall not exceed twenty-four thousand pounds.
 - (B) At least forty-two inches but less than six feet, the weight imposed shall not exceed thirty-four thousand pounds. This grouping of two consecutive axles shall be known as tandem axle.
- (2) The total gross weight, in pounds, imposed on interstate highways within the State by any group of two or more consecutive axles, on a vehicle or combination of vehicles shall not exceed that resulting from application of the formula:

$$W = 500 \left(\frac{LN}{N-1} + 12N + 36 \right)$$

when the distance between the first and last axles of the group under consideration is at least six feet and over and where W = maximum weight in pounds carried on any group of two or more axles computed to the nearest 500 pounds.

L = Distance in feet between the extremes of any group of two or more consecutive axles, to the nearest foot.

N = Number of axles in group under consideration.

Provided that two consecutive sets of tandem axles may carry a gross load of 34,000 pounds each providing the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty-six feet or more. Provided also that the overall gross weight does not exceed 80,800 pounds.

- (3) The total gross weight, in pounds, imposed on any public road, street, or highway, other than interstate highways, within the State by a vehicle or combination of vehicles shall not exceed that determined by the formula:

$$W = 880 (L + 40)$$

when the distance between the first and last axle is at least six feet and over and where W = maximum weight in pounds rounded to the nearest 500 pounds.

L = Distance in feet between first and last axles of the vehicle or combination of vehicles.

- (4) No vehicle or combination of vehicles shall be used or operated on any public road, street, or highway within the State (A) with a load upon any single or tandem axle or combination of axles which exceeds the carrying capacity of the axles specified by the manufacturer, or (B) with a total weight in excess of its designed capacity as indicated by its designed gross vehicle weights or gross combination weights.
- (5) The total gross weight imposed upon the public road, street, or highway by any single axle shall not exceed twenty-four thousand pounds. For the purpose of this section, axles placed in the same transverse plane which are closer than forty-two inches shall be considered as one axle.
- (6) The total gross weight imposed upon the public road, street, or highway by any one wheel, either single or dual mounting, shall not exceed twelve thousand pounds.

- (7) The director of transportation, in the case of state highways, or the county engineer, in the case of county roads and streets, may place and maintain signs to limit the gross weight of a vehicle or combination of vehicles traveling over a bridge or other highway structure in the interest of public safety when it is determined through engineering investigation and analysis that the theoretical load carrying capacity of the bridge or structure is less than the maximum gross vehicular weight allowed by this chapter. In determining the weight limits and in posting the weight limit signs, the director or the county engineer need not comply with rule-making provisions of chapter 91; provided that if any person objects to the weight limits, the person may object to the rule as provided in chapter 91.”

SECTION 2. Section 291-36, Hawaii Revised Statutes, is amended by amending subsection (j) to read:

“(j) A fee shall be charged for each permit issued by the director of transportation as follows:

- (1) Single trip permit for loads less than 1.35 times the allowable load or less than 14 feet in width \$ 5.

SECTION 2. This Act shall take effect upon its approval.

(Approved June 16, 1980.)

A Bill for an Act Relating to Liability of Dog Owners.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The Legislature finds that there has been an increase in the

number of attacks upon humans by dogs. Present statutes contain provisions which penalize persons whose dogs injure or destroy other animals or property, and which encompass other remedial measures to remove the dog which has caused the injury or damage. However, the statutes are silent as to a remedy short of civil suit when a person is injured by a dog. Because of the harm caused by dogs who attack persons, it is apparent that statutory remedies should be provided for victims of dog bites.

SECTION 2. Part III of Chapter 142, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read as follows:

“Sec. 142- Human bitten by dog; duty of dog owners; action against owner. (a) The owner of any dog which has bitten a human being shall have the duty to take such reasonable steps as are necessary to prevent the recurrence of such incident.

(b) Whenever a dog has bitten a human being on at least two separate occasions for which none of the exceptions specified in section 663- apply, any person may bring an action against the owner of such dog in the district court of the judicial circuit in which such owner resides, to determine whether conditions of the treatment or confinement of the dog or other circumstances existing at the time of the bites have been changed so as to remove the danger to other persons presented by such animal. ACT 292

S. B. NO. 2329-80

A Bill for an Act Relating to Deferred Acceptance of Guilty Plea.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The purpose of this Act is to correct obsolete wording and expand upon the exclusions from deferred acceptance of guilty pleas (DAG), particularly in view of the proliferation of DAG pleas being granted by judges. The use of a firearm, distribution of illicit drugs, and involvement in specific crimes would be excluded from DAGs. Repeat DAG offenders would no longer be able to receive DAGs after having been granted a previous DAG. Certain serious crimes not presently qualifying for exclusion from the granting of DAGs are added to the class A and violent crimes exclusions because of their seriousness and the failure of DAGs for such crimes to serve a valid public purpose.

SECTION 2. Section 853-4, Hawaii Revised Statutes, is amended to read as follows:

“**Sec. 853-4 Chapter not applicable; when.** This chapter shall not apply when:

- (2) The director of finance shall establish policies and guidelines defining conditions for grants, subsidies and purchases of services, the analysis required of requests and, in the case of purchases of services, the procedure for soliciting requests.

- (3) The appropriate State agency shall review each request to determine the effectiveness of the proposed program in achieving the objectives of the State. The review shall include an analysis of the request in terms of the objectives to be achieved, the alternatives by which to achieve the objectives, and the respective costs, benefits, and effectiveness of the alternatives. Where personnel service costs are requested to be funded in whole or in part, the review shall determine the reasonableness of personnel position salaries, and upon request by the reviewing agency, the department of personnel services shall assist in making the determination. If the request is by a nonprofit organization, the review shall also determine whether the organization is governed by a board whose members have no material conflict of interest and serve without compensation. The agency shall invite the requestor to discuss the request with the agency and to comment on the analysis of the agency.
- (4) The State agency shall prepare a statement of its findings and recommendations for each request. Every request recommended for approval shall be included in the program and financial plan and budget submitted by the agency to the Governor. Any request disapproved by the agency shall be transmitted to the Governor with the statement of findings and recommendations. A copy of the statement shall be furnished to the requestor.

- (6) Every recommendation submitted by the Governor to the Legislature to appropriate funds for grants, subsidies and purchases of services shall contain the objective that is intended to be achieved, the activity that is to be performed, standards by which the effectiveness of the use of State funds is to be evaluated, the analysis and justification for the recommendation, and the intended uses of the requested funds, according to cost categories and cost elements as defined by Section 37-62, Hawaii Revised Statutes.
- (7) Transfer appropriations. (a) Funds for each transfer not included in the budget submitted by the chief executive to the legislative body may be appropriated by separate bill provided that all appropriations are based on a request reviewed in accordance with subsection 3 of this section. The bill shall specify whether a grant, subsidy, or purchase of service is being made, the name of the recipient in the case of a grant or subsidy, and define the public purpose to be served by the appropriation.
 - (b) A grant or subsidy may be authorized for a period not to exceed two years and shall not be renewed unless the request for renewal is reviewed in accordance with subsection 3 of this section and the legislative

body determines that there is a continuing need and public purpose to be served by the grant or subsidy.

(4) By amending Section 139 to read:

“SECTION 139. In allotting funds for social welfare programs and other programs and agencies having appropriations which are based on population and workload data as specified in the executive budget document, only so much as is necessary to provide the level of services intended by the legislature shall be allotted by the department of budget and finance. For this purpose, agencies concerned shall reduce expenditures below appropriations as prescribed by the department of budget and finance in the event actual population and workload trend is less than the specified figure. Except that if the department of social services and housing is able to reduce the Aid to Families with Dependent Children (SOC 201) caseload by means of a training and employment demonstration project, the savings to the general fund, or such portion thereof as is needed, may be used to provide the state’s matching for federal funds generated by the demonstration project. In the event that in the Money Assistance Programs the caseload trend or average payment is higher than the specified figure, or in the Medical Assistance Programs the caseload trend is higher than the specified figure or the reasonable average daily cost of the medical care for the needy and medically needy exceeds the anticipated average sum per patient day upon which the appropriation therefore was based, the agency is authorized to submit a deficiency appropriation request to the extent and on such basis as may be prescribed by the director of finance. In the event that the caseload trend is higher than the specified figure or the reasonable average daily cost of medical care for the needy and medically needy exceeds the anticipated average sum per patient day, or the caseload trend or average payments for money assistance payments is higher than the specified figure, the Governor is authorized to utilize savings as may be available from appropriated funds of any program for the purpose of meeting the deficit in the social welfare program of the department of social services and housing.”

(5) By amending Section 148 to read:

“SECTION 148. Any law or any appropriation of this Act to the contrary notwithstanding, all appropriations for capital improvement projects made to be expended in fiscal year 1979–80 and in fiscal year 1980–81 which are unencumbered as of June 30, 1982 shall lapse as of that date, and provided further, that the lapsing date shall not apply to projects necessary to qualify for federal aid financing and reimbursement if the legislature redetermines that such projects are essential.”

(6) By adding a new Section to read:

“SECTION 148A. Any law or any provision of this Act to the contrary notwithstanding, all appropriations for capital improvement projects made to be expended in fiscal year 1979–80 or in fiscal year 1980–81 and for which the source of funding is designated as general funds shall be effective through June 30, 1982 and any unencumbered balance of such appropriations shall not lapse into the general fund until the close of business on such date.”

SECTION 11. Section 154 of Part VII, Act 214, Session Laws of Hawaii, 1979, is repealed.

SECTION 12. Section 163, Part VII, Act 214, Session Laws of Hawaii, 1979, is repealed.

SECTION 13. SEVERABILITY. If any portion of this Act or its application to any person or circumstances is held to be invalid for any reason, then the legislature hereby declares that the remainder of the Act and each and every other provision thereof shall not be affected thereby. If any portion of a specific appropriation is held to be invalid for any reason, the remaining portion shall be independent of the invalid portion and such remaining portion shall be expended to fulfill the objective of such appropriation to the extent possible.

SECTION 14. In the event manifest clerical, typographical or other mechanical errors are found in this Act, the Governor is hereby authorized to correct such errors. All changes pursuant to this section shall be reported to the legislature at its next session.

ACT 302

H.B. NO. 1758

A Bill for an Act Relating to the Transfer of Programs and Organizational Segments in the State Government.

Be It Enacted by the Legislature of the State of Hawaii:

**PART I
FINDINGS AND PURPOSE**

SECTION 1. **Findings and Purpose.** Since the last major reorganization of the State government occurred in 1959, the State has experienced changes in societal attitudes, values, and emphasis, as well as rapid developments in technology. These changes have produced new issues requiring new programs and new approaches for their resolution.

The State government has sought to meet these new issues and to implement new programs and approaches within the framework of its present structure. However, programs which essentially are intended to meet common needs have been dispersed among several agencies, and they have not received the coordination they require. Further, Article V, Section 6, of the Hawaii State Constitution mandates that all executive and administrative offices, departments, and instrumentalities of the State government and their respective powers and duties, shall be grouped within the principal departments according to common purposes and related functions.

It is the purpose of this Act to transfer certain programs and organizational segments among the existing 17 departments of the Executive Branch of the State government without altering the basic organizational structures of these departments. This reassignment of programs and organizational segments would:

- (1) Comply with requirements of the Hawaii State Constitution;
- (2) Improve the efficiency and effectiveness of the operations of the Executive Branch;
- (3) Improve the delivery of services to the people;
- (4) Fix responsibility and accountability for successfully carrying out programs, policies, and priorities of the administration;
- (5) Improve responsiveness to the needs of the people of Hawaii;
- (6) Group programs more homogeneously to more closely relate them with the stated mission of associated departments; and
- (7) Enable administratively assigned boards and commissions to have more voice in formulating policies and priorities.

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

This Act provides for the orderly transfer of programs, organizational segments, personnel, funds, records, and equipment among the existing 17 departments of the Executive Branch of the State government. This Act is not intended to increase, decrease, or otherwise change the statutory powers of departments and agencies unless specifically expressed.

All references in any such law, contract, or document to the former department in connection with the programs and organizational segments transferred shall apply to the succeeding department as if the latter were named in such law, contract, or document in place of the former department.

Such right of appeal shall exist to the same extent and in accordance with the procedures as immediately prior to the effective date of this Act.

If the provisions of the preceding paragraph relating to appeals cannot be effected by reason of the abolishment, splitting, or shifting of functions or otherwise, the right of appeals shall lie to the circuit court of the State pursuant to the Hawaii Rules of Civil Procedure.

SECTION 8. Federal Aid, Bond Obligations; Not Impaired. It is the intent of this Act not to jeopardize the receipt of any federal aid nor to impair the obligation of the state or any agency thereof to the holders of any bond issued by the state or by any such agency, and to the extent, and only to the extent, necessary to effectuate this intent, the governor is authorized and empowered to modify the strict provisions of Part II of this Act, but shall promptly report any such modification with his reasons therefor to the legislature at its next session thereafter for review by the legislature.

All Acts passed during this Regular Session 1980, whether enacted before or after the passage of this Act, shall be amended to conform to this Act, unless such Acts specifically provide that the Act relating to the "Transfer of Programs and Organizational Segments in the Executive Branch" is being amended.

SECTION 13. Construction; separability. Part II of this Act shall be liberally construed in order to accomplish the purposes set forth in Section 1. Any portion of this judicially declared to be invalid shall not affect the remaining portions.

(Approved June 18, 1980.)

A Bill for an Act Relating to the Juvenile Justice System.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Purpose. The purpose of this Act is to create and implement a master plan for the juvenile justice system for the State of Hawaii. The 1974 Juvenile Justice Plan, formulated by the State Law Enforcement and Juvenile Delinquency Planning Agency, dealt generally with philosophical approaches regarding juvenile justice. This plan as implemented, addresses the practical aspect—more particularly, the establishment, management, and operation of specific departments and agencies involved in the juvenile justice system, such as the State Law Enforcement Planning Agency, the Honolulu Police Department, the Family Court, and Department of Social Services and Housing.

The plan as structured by this Act creates an integrated relationship among the agencies and institutions that have juvenile justice responsibilities, alters, to some degree, responsibilities given to those agencies and institutions, and establishes clear authority for introducing new programs. The system will be characterized by facilitation of a creative diversity of programs and the maximum utilization of government and community resources that effectively respond to the safety of the community and to the need of each individual juvenile processed through the system.

The components of this juvenile justice system are the police departments of each county, particularly their juvenile crime prevention bureaus, the new juvenile intake agencies operating under the family courts, the family courts including detention homes and probation departments, the corrections division of the department of social services and housing and most particularly its youth correctional facility, and the shelter homes, public and private, in the State which provide shelter for status offenders and diversion and placement for certain juvenile offenders, and the prosecuting attorneys of each county.

Section 571-1, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 571-1 Construction and purpose of chapter. This chapter shall be liberally construed to the end that children and families whose rights and well-being are jeopardized shall be assisted and protected, and secured in those rights through action by the court; that the court may formulate a plan adapted to the requirements of the child and his family and the necessary protection of the community, and may utilize all state and community resources to the extent possible in its implementation.

This chapter creates within this State a system of family courts and it shall be a policy and purpose of said courts to promote the reconciliation of distressed juveniles with their families, foster the rehabilitation of juveniles in difficulty, render appropriate punishment to offenders, and reduce juvenile delinquency. The court shall conduct all proceedings to the end that no adjudication by the court of the status of any child under this chapter shall be deemed a conviction; no such adjudication shall impose any civil disability ordinarily resulting from conviction; no child shall be found guilty or be deemed a criminal by reason of such adjudication; no child shall be charged with crime or be convicted in any court except as otherwise provided in this chapter; and all children found responsible for offenses shall receive dispositions that

provide incentive for reform or deterrence from further misconduct, or both. The disposition made of a child or any evidence given in the court, shall not operate to disqualify the child in any civil service or military application or appointment. Any evidence given in any case under section 571-11 shall not in any civil, criminal, or other cause in any court be lawful or proper evidence against the child for any purpose whatever except in subsequent cases involving the same child under section 571-11."

JUVENILE JUSTICE INTERAGENCY BOARD

SECTION 2. It is readily discernible that the success of the juvenile justice system will require coordination that spans the boundaries of governmental and agency jurisdictions. It is also obvious that the design function for the creating, budgeting, and staffing of specific programs will require the expertise of personnel in the field.

The Hawaii Revised Statutes is amended by adding a new chapter to be appropriately designated and to read as follows:

“CHAPTER JUVENILE JUSTICE INTERAGENCY BOARD

Sec. -1 Juvenile justice interagency board. There is established within the state law enforcement planning agency for administrative purposes the juvenile justice interagency board, consisting of seven members which shall include a police chief of one of the counties, a senior judge of the family courts, the prosecuting attorney of a county, and a representative from a private social service agency, appointed by the governor as provided in section 26-34, and, the superintendent of education, the public defender, and the director of social services as ex-officio members.

The director of the state law enforcement planning agency shall be the executive secretary of the board.

Sec. -2 Duties of the board. The board shall meet no less than quarterly in accordance with rules which it shall establish for the purposes of this chapter, promote implementation of the juvenile justice plan, and advise agencies involved in the juvenile justice process as to general policies for cooperation and coordination, uniform procedures and policies, and a unified and integrated juvenile information reporting and retrieval system.

The director or the first deputy director of each department or agency involved in the juvenile justice process shall be present at each of the meetings of this board."

POLICE

SECTION 3. At present, the responsibility of the Honolulu police department in the juvenile justice system includes the detection of juvenile crime, the apprehension of juvenile law violators and status offenders, and a program of counseling and releasing juveniles arrested for minor offenses, in particular first offenders and very young offenders. Studies have shown that counsel and release by the police is extremely effective and that seventy-five per cent of the youths charged with a status offense who were counseled and released were not rearrested within the study period.

In order to enhance the value of the police counsel and release program, the police should be authorized to engage in a follow-up program in order to keep youths from further arrests and to assist them if they need services.

1. Section 571-72, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 571-72 Duties and powers; reports. The juvenile crime prevention bureau shall direct its attention specifically to the suppression, prevention, and investigation of crimes committed by children under the age of eighteen years, and any police officer shall have the power and authority to take and detain any minor coming within section 571-11 at the bureau or other suitable places for questioning and investigation. If it appears upon conclusion of the investigation that the minor does come within such provisions, the minor may be counseled and released, and follow-up counseling provided or the minor may be referred to the family court or to a proper agency for treatment, and a written report of the findings of the officer shall be submitted to the court or the agency.”

2. Section 571-73, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 571-73 No limitations on family courts. Nothing in section 571-71 or 571-72 shall be construed to divest family courts of any of their powers, but the same shall specifically grant to the police departments of the several counties the power to take; detain; question; investigate; provide outreach, counsel, release, and follow-up services; and refer to appropriate social or other agencies, private or governmental, as the facts of the case appear to justify, minors coming within section 571-72, subject, however, to sections 571-31 and 571-32.”

RELEASE, CUSTODY AND DETENTION

SECTION 4. At the present time, the provisions of the Hawaii Revised Statutes lack a clear statement of criteria for the release, custody, and detention of a minor by a police officer, intake officer, and other person. This section will provide that standard.

1. Section 571-2, Hawaii Revised Statutes, is amended by amending the definition of “detention” to read as follows:

“(7) “Detention” means the temporary care of children who require custody in physically secure facilities:

- (A) For their immediate welfare;
- (B) For the protection of the community;
- (C) While awaiting transfer to another jurisdiction or
- (D) Because of violation of a family court order of probation or protective supervision.”

2. Section 571-31, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 571-31 Taking children into custody; release; notice. (a) A child may be taken into custody by any police officer without order of the judge when there are reasonable grounds to believe that a child comes within section 571-11(1) or (2), or by any police or probation officer when there are reasonable grounds to believe that the child has violated a court order of probation or protective supervision.

(b) When an officer or other person takes a child into custody the parents, guardian, or legal custodian shall be notified immediately. The child shall be (1)

released to the care of the child's parent or other responsible adult; (2) referred or delivered to an appropriate intake agency with or without simultaneous release to parent or other responsible adult; or (3) taken directly to a detention facility, if the child's immediate welfare or the protection of the community requires it, or the child is subject to detention for violation of a court order of probation or protective supervision.

(c) If the person taking the child into custody believes it desirable, the child's parent, guardian, or legal custodian may be required to sign a written promise to bring the child to the intake agency at the time arranged, or to the court at the time directed by the court.

(d) If a parent or other responsible custodian fails to produce the child in court or at the intake agency as required by an authorized notice, or when notified by the court, a summons or warrant may be issued for the apprehension of that person or the child or both. The court may assess the cost of the issuance and execution of the summons or warrant against the person."

3. Chapter 571, Hawaii Revised Statutes, is amended by adding a new section to be designated section 571-31.1 and to read as follows:

"Sec. 571-31.1 Standard for detention. (a) As used in this chapter, "protection of the community" means there is a threat to, and a necessity to protect, the person or property of others from:

- (1) A minor who is alleged to have committed an offense which caused physical harm, or a threat of physical harm, to another person; or
- (2) A minor who is alleged to have committed an offense which caused damage to, or theft of, property; and
 - (A) The minor's record reveals a pattern of behavior which has caused damage to, or loss of, property; and
 - (B) Previous control measures have failed.

(b) As used in this chapter, "immediate welfare" means:

- (1) The minor is in physical, emotional, or psychological danger, or may be prior to the court's disposition;
- (2) No parent or other responsible adult known to the decision-maker is willing and able to provide the type and degree of supervision necessary to protect the minor from that danger;
- (3) No other secure facility is appropriate and available.

(c) In determining whether the immediate welfare or the protection of the community requires a minor's detention, an officer or other person may take into consideration the following, among other pertinent factors:

- (1) The severity of the violation or violations which the child is reasonably believed to have committed;
- (2) The frequency with which the child is reasonably believed to have committed such or other violations;
- (3) The child's age, character, physical, and mental health;
- (4) The interpersonal relationships between the child, the family, and the community; and
- (5) Any previous history of referrals to the court."

4. Section 571-32, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 571-32 Detention; shelter; release; notice. (a) If a child who is believed to come within section 571-11(1) or (2) is not released as provided in section 571-31 and is not deemed suitable for diversion, such child shall be taken without unnecessary delay to the court or to the place of detention or shelter designated by the court. If the court determines that the child requires care away from the child’s own home but does not require secure physical restriction, such child shall be given temporary care in any available non-secure child caring institution, foster family home, or other shelter facility.

(b) The officer or other person who brings a child to a detention or shelter facility shall at once give notice to the court, stating the legal basis therefor and the reason why the child was not released to the child’s parents. In case the facility to which the child is taken is not an agency of the court, the person in charge of the facility in which the child is placed shall promptly give notice to the court that the child is in that person’s custody. Prior to acceptance of the child for detention or shelter care, a prompt inquiry shall be made by a duly authorized staff member of the detention or shelter facility or officer of the court. Where it is deemed in the best interests of the child, the judge or such officer or staff member or the director of detention services may then order the child to be released, if possible, to the care of the child’s parent, guardian, legal custodian, or other responsible adult, or the judge may order the child held in the facility subject to further order or placed in some other appropriate facility.

(c) As soon as a child is detained, the child’s parents, guardian, or legal custodian shall be informed, by personal contact or by notice in writing on forms prescribed by the court, that they may have a prompt hearing held by a circuit judge or district family judge regarding release or detention. A child may be released on the order of the judge with or without a hearing. The director of detention services may order the release of the child if an order of detention has not been made.

(d) No child shall be held in detention or shelter longer than forty-eight hours, excluding Sundays and court holidays, unless a petition has been filed or unless the judge shall otherwise order. No child may be so held longer than forty-eight hours, excluding Sundays and court holidays, after the filing of a petition unless an order for such continued detention or shelter has been signed by the judge.

(e) No child shall be released from such detention except in accordance with this chapter.

(f) No child shall at any time be detained in a police station cellblock or community correctional center for more than twelve hours, except that, by the judge’s order in which the reasons therefor shall be specified, a child whose conduct or condition endangers the child’s own safety or the safety of others in the detention facility for children, or in counties where there is no detention facility for children, may be placed in some other place of confinement that the judge considers proper, including the places of detention for adults specified in this subsection.

(g) Where a child transferred for criminal proceedings pursuant to waiver of family court jurisdiction is detained, the child shall be held in the detention facility used for persons charged with crime. When a child is ordered committed to an agency or institution, the child shall be promptly transported to the place of commitment.

(h) Provisions regarding bail shall not be applicable to children detained in accordance with this chapter, except that bail may be allowed after a child has been

transferred for criminal prosecution pursuant to waiver of family court jurisdiction.

(i) The official in charge of a facility for the detention of adult offenders or persons charged with crime shall inform the court immediately when a child who is or appears to be under eighteen years of age is received at the facility.

(j) Any other provision of law to the contrary notwithstanding, any person otherwise subject to proceedings under chapter 832 who is under the age of eighteen may be confined in a detention facility, or correctional facility by order of a judge for the purposes set forth in section 832-12, 832-15, or 832-17."

JUVENILE INTAKE AGENCIES

SECTION 5. Under the present system the police must provide intake services in connection with the family court. Their holding facilities are at times inadequate in capacity and inappropriate for non-law violators who cannot for a variety of reasons be returned to their families. The police station is usually not an appropriate place to conduct family counseling. It also may be felt to have an undeserved stigmatizing effect by children who have not committed a crime. Similar problems face the family court and the families that become involved with it. The court is frequently forced to use the only facility presently under its control, the detention home, for the temporary custody of non-law violators as well as law violators.

Under the juvenile justice plan established by this Act, the objective is to provide intake agencies to perform the functions of registering, family counseling, and temporary custody of juveniles in trouble in order to speed up the intake process, increase the chances of returning non-law violators to their families, and provide appropriate conditions of confinement for those juveniles who require temporary custodial treatment.

1. Section 571-2, Hawaii Revised Statutes, is amended by adding a new definition to be appropriately inserted and to read as follows:

"Informal adjustment" means the effort by intake officers, the courts, or others to provide a child referred to them or brought before them, and where appropriate that child's family, opportunity and aid before and in lieu of formally processing the child under this chapter. The objective of this effort is to afford opportunity and aid so that the child, and where appropriate the child's family, may realize voluntary adjustment of behavior and obtain counseling and edification so as to better allow the child's appropriate emergence into adult society."

2. Section 571-2, Hawaii Revised Statutes, is amended by adding a new definition to be appropriately inserted and to read as follows:

"Status offender" means any child coming within the family court's jurisdiction under section 571-11(2) (D), (E), or (F). Such child is distinguished from (A) a law violator under section 571-11(1) who comes into the family court upon allegations such person has committed an act which would constitute a crime if committed by an adult, and (B) a neglected or abused child under section 571-11(2)(A), (B) or (C)."

3. Chapter 571, Hawaii Revised Statutes, is amended by adding five new sections to read as follows:

"Sec. 571-31.2 Juvenile intake agency. (a) Not later than July 1, 1981, the

court shall establish an intake agency, which, when a child is referred or delivered to the agency, shall:

- (1) Notify the child's parent, guardian or legal custodian or take reasonable action to ensure that such notice has been given;
- (2) Require the child, the child's parent, the child's guardian or legal custodian, or both, to appear at the intake agency as soon as practicable for a family counseling session to attempt a quick resolution of their problem;
- (3) Investigate, evaluate, make necessary determination, and take appropriate actions regarding:
 - (A) Release of a child to the care of the child's parent or other responsible adult;
 - (B) Extending to or making arrangement for the securing of suitable informal adjustment under section 571-31.4, 571-31.5 or 571-31.6;
 - (C) Initiation of the filing of a complaint or petition;
 - (D) Detention of a child, utilizing the standard set out in section 571-31.1; and
 - (E) Making such other informal disposition as may be suitable.

(b) If the intake officer believes it desirable, such officer may take action to obtain the child or the parent, guardian, or legal custodian's written promise to come or bring the child to the intake agency, referral agency, or court as in section 571-31(c). The parent or other responsible custodian's failure to produce the child in court, at the intake agency, or at a referral agency as required by an authorized notice may be pursued as provided in section 571-31(d).

Sec. 571-31.3 Voluntary assistance. (a) A child or the child's parent, guardian, or legal custodian may voluntarily apply to an intake agency to obtain appropriate services, including family conciliation and counseling, regarding issues or problems involving the child which are not being successfully resolved within the family. Upon such application, the intake agency shall render appropriate services to the child and the family or assist in securing such services from other appropriate agencies.

Sec. 571-31.4 Informal adjustment, law violators. (a) When a child reasonably believed to come within section 571-11(1) is referred to an intake agency, informal adjustment may be provided to the child by an intake officer duly authorized by the family court only where the facts reasonably appear to establish prima facie jurisdiction and are admitted and where a consent is obtained from the child's parent, guardian, or legal custodian, and the child, if of sufficient age and understanding.

(b) Informal adjustment under this section may include, among other suitable methods, programs, and procedures, the following:

- (1) Participation in restitution projects to obtain appropriate victim satisfaction;
- (2) Participation in community service projects so as to establish the child's self value in the community;
- (3) Participation in community-based programs which work with the child and family to maintain and strengthen the family unit so that the child may be retained in the child's own home;
- (4) Submission to neighborhood courts or panels upon procedures to be established by the court. As used in this paragraph "neighborhood courts

or panels” are community organizations designed to settle minor disputes between parties on a voluntary basis using mediation or nonbinding arbitration;

- (5) Participation in programs to support, counsel, or provide work and recreational opportunities to help prevent delinquency;
- (6) Participation in educational programs or supportive services designed to help delinquents and to encourage other youths to remain in elementary and secondary schools or in alternative learning situations;
- (7) Participation in youth-initiated programs and outreach programs designed to assist youth and families;
- (8) Appropriate physical and medical examinations, vocational and aptitude testing, examinations for learning disabilities or emotional dysfunctions, and suitable counseling and therapy; or
- (9) Placement with non-secure or secure shelter facilities.

(c) Informal adjustment projects, programs, and services may be provided through the intake agency, other public agencies, or private agencies.

(d) In the event resources and services for informal adjustment are not available, have failed, are reasonably believed to fail if attempted, or are unable to respond to the needs of the child or family, the intake officer shall proceed with formal action, or take such action as is otherwise allowed under this chapter.

Sec 571-31.5 Informal adjustment, status offenders. (a) When a child reasonably believed to come within section 571-11(2) is referred to an intake agency, informal adjustment may be provided to the child by an intake officer duly authorized by the family court only where the facts reasonably appear to establish prima facie jurisdiction and are admitted and where a consent is obtained from the child’s parent, guardian, or legal custodian, and the child, if of sufficient age and understanding. Informal adjustment under this section may include, among other suitable methods, programs, and procedures, listed in section 571-31.4(b), except section 571-31.4(b) (1), and provided that placement with shelter facilities under section 571-31.4(b) (9) shall be on a non-secure basis unless the child is processed under subsection (b) of this section.

(b) In the event resources and services for informal adjustment are not available, have failed, are reasonably believed to fail if attempted, or are unable to respond to the needs of the child or family, the intake officer shall proceed with formal action, or take such action as is otherwise allowed under this chapter.

Sec. 571-31.6 Informal adjustment, minor who may be both law violator and status offender. When a child is reasonably believed to come within section 571-11(1) and (2), the intake officer may exercise discretion to process informal adjustment under section 571-31.4 or 571-31.5. In making that determination, the officer shall be guided by the criteria set out in section 571-31.1(c) (1) to (5), taking into account the availability of suitable method, program, or procedure for the child.”

CURFEW VIOLATIONS

SECTION 6. At the present time curfew violation by minors under section 577-16, Hawaii Revised Statutes, is the only offense which would not be a crime if done by an adult, but which, nonetheless, renders the minor subject to punishment

meted out for crime-equivalent behavior. The purpose of this section is to change that situation and to make curfew violation by minors subject to section 571-11(2), or a status offense.

Section 577-16, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 577-16 Curfew; children in public streets, prohibited when; penalty.

Any child under sixteen years of age, who, except in case of necessity, or except when permitted so to do in writing by a judge of the family court, goes or remains on any public street, highway, public place, or private place held open to the public after ten o'clock in the evening and before four o'clock in the morning, unaccompanied by either a parent or guardian, or an adult person duly authorized by a parent or guardian to accompany the child, is subject to adjudication under section 571-11(2).”

FAMILY COURT—JURISDICTION AND PROCEDURE

SECTION 7. At the present time the provisions of the Hawaii Revised Statutes lack a clear criteria for the waiver of jurisdiction of a minor to the adult criminal court. The purpose of this section is to provide that criteria, better clarify the provisions relating to the extradition of minors between Hawaii and other states and to generally conform the provisions relating to the family court with the basic intent of this Act.

1. Section 571-11, Hawaii Revised Statutes, is amended to read as follows:

“Sec. 571-11 Jurisdiction; children. Except as otherwise provided in this chapter, the court shall have exclusive original jurisdiction in proceedings:

- (1) Concerning any person who is alleged to have committed an act prior to achieving eighteen years of age which would constitute a violation or attempted violation of any federal, state, or local law or municipal ordinance. Regardless of where the violation occurred jurisdiction may be taken by the court of the circuit where the person resides, is living, or is found, or in which the offense is alleged to have occurred.
- (2) Concerning any child living or found within the circuit
 - (A) Who is neglected as to proper or necessary support, or as to medical or other care necessary for the child's well-being, or who is abandoned by the child's parent or other custodian; or
 - (B) Who is subjected to physical or emotional deprivation or abuse as a result of the failure of any person or agency to exercise that degree of care for which the person or agency is legally responsible; or
 - (C) Who is neglected as to or deprived of educational services because of the failure of any person or agency to exercise that degree of care for which it is legally responsible.
 - (D) Who is beyond the control of the child's parent or other custodian or whose behavior is injurious to the child's own or others' welfare; or
 - (E) Who is neither attending school nor receiving educational services required by law whether through the child's own misbehavior or non-attendance or otherwise; or
 - (F) Who is in violation of curfew.

- (3) To determine the custody of any child or appoint a guardian of the person of any child.
- (4) For the adoption of a person under chapter 578.
- (5) For the termination of parental rights under sections 571-61 to 571-63.
- (6) For judicial consent to the marriage, employment, or enlistment of a child, when such consent is required by law.
- (7) For the treatment or commitment of a mentally defective, mentally retarded, or mentally ill child.
- (8) Under the Interstate Compact on Juveniles under chapter 582.”

2. Sections 571-12 and 571-13, Hawaii Revised Statutes, are amended to read as follows:

“**Sec. 571-12 Transfer from other courts.** If, during the pendency of a criminal charge against a minor in another court, it is ascertained that the minor was less than eighteen years old when such minor allegedly committed the offense, such other court shall forthwith transfer the case to the family court, together with all the papers, documents, and any available transcripts of testimony connected with it. The court making the transfer shall order that the minor be taken forthwith to the place of detention designated by the family court or to that court itself, or shall release the minor to the custody of the minor’s parent or guardian or other person legally responsible for the minor, to be brought before the family court at a time designated by it. The family court shall then proceed as provided in this chapter.

Sec. 571-13 Retention of jurisdiction. Except as otherwise provided in this chapter, jurisdiction obtained by the court in the case of a minor may be retained by it, for the purposes of this chapter, after the minor becomes eighteen years of age until the full term for which any order entered shall have expired; provided such term shall not extend beyond the time the person achieves twenty years of age unless judicially terminated prior thereto. Further, in the case of any person who is alleged to have committed an offense under section 571-11 prior to reaching eighteen years of age, the court shall have jurisdiction after the person becomes eighteen for the purpose of holding hearings and/or entering orders of disposition concerning the alleged offenses; provided, however, that such jurisdiction shall terminate when the person achieves twenty years of age. This section shall not be construed, however, to confer any jurisdiction upon the family court over a person for any criminal act committed after the person achieves eighteen years of age.”

3. Section 571-21, Hawaii Revised Statutes, is amended as follows:

a. By amending subsection (a) to read as follows:

“(a) Except as provided in subsection (b), whenever the court is informed by any person that a minor is within the purview of section 571-11(1) or (2), the intake officer shall make a preliminary investigation to determine whether informal adjustment is suitable under section 571-31.4 or 571-31.5. The court may authorize the filing of a petition, may make whatever arrangement for informal adjustment that is suitable under section 571-31.4, 571-31.5, or 571-31.6; or may take such action as is otherwise allowed under this chapter. Efforts to effect informal adjustment may be continued not longer than three months without review by the judge.”

b. By amending subsection (c) to read as follows:

“(c) When a complaint or petition is made or sought to be filed against a

member of the complainant's family, the court's staff may, when required by the judge or if requested by either party, process the matter under section 571-31.3."

4. Section 571-22, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 571-22 Waiver of jurisdiction; transfer to other courts. (a) The court may waive jurisdiction and order a minor or adult held for criminal proceedings after the full investigation and hearing where the person during the person's minority, but on or after the person's sixteenth birthday, is alleged to have committed an act which would constitute a felony if committed by an adult, and the court finds there is no evidence the person is committable to an institution for the mentally defective or retarded or the mentally ill, is not treatable in any available institution or facility within the State designed for the care and treatment of children, or that the safety of the community requires that the person continue under judicial restraint for a period extending beyond the person's minority.

(b) The factors to be considered in deciding whether jurisdiction should be waived under this section are as follows:

- (1) The seriousness of the alleged offense.
- (2) Whether the alleged offense was committed in an aggressive, violent, premeditated, or wilful manner.
- (3) Whether the alleged offense was against persons or against property, greater weight being given to offenses against persons especially if personal injury resulted.
- (4) The desirability of trial and disposition of the entire offense in one court when the minor's associates in the alleged offense are adults who will be charged with a crime.
- (5) The sophistication and maturity of the minor as determined by consideration of the minor's home, environmental situation, emotional attitude, and pattern of living.
- (6) The record and previous history of the juvenile, including previous contacts with the family court, other law enforcement agencies, courts in other jurisdictions, prior periods of probation to this court, or prior commitments to juvenile institutions.
- (7) The prospects for adequate protection of the public and the likelihood of reasonable rehabilitation of the minor (if the minor is found to have committed the alleged offense) by the use of procedures, services, and facilities currently available to the family court.
- (8) All other relevant matters.

(c) Transfer of a child sixteen years or older for criminal proceedings terminates the jurisdiction of the court over the child with respect to any subsequent acts which would otherwise be within the court's jurisdiction under section 571-11(1) and thereby confers jurisdiction over the child to a court of competent criminal jurisdiction.

(d) If criminal proceedings instituted under subsections (a) and (c) of this section result in an acquittal or other discharge of the minor involved, no petition shall thereafter be filed in any family court based on the same facts as were alleged in the criminal proceeding.

(e) A minor shall not be subject to criminal prosecution based on the facts

giving rise to a petition filed under this chapter except as otherwise provided in this chapter.

(f) Where the petition has been filed in a circuit other than the minor's residence, the judge may in the judge's discretion transfer the case to the family court of the circuit of the minor's residence.

(g) When a petition is filed bringing a minor before the court under section 571-11(1) and (2), and the minor resides outside of the circuit, but within the State, the court may after a finding as to the allegations in the petition certify the case for disposition to the family court having jurisdiction where the minor resides. Thereupon, such court shall accept the case and may dispose of the case as if the petition was originally filed in that court. Whenever a case is so certified, the certifying court shall forward to the receiving court certified copies of all pertinent legal and social records."

5. Sections 571-41.1 and 571-41.2, Hawaii Revised Statutes, are amended to read as follows:

"Sec. 571-41.1 Extradition of minors to Hawaii. Any person who violates, or is alleged to have violated, any law of this State defining a crime, and is at the time of the offense under the age of eighteen years, and who thereafter flees from this State may be proceeded against in the manner provided by chapter 832. Upon return of such person to this State by extradition or otherwise, proceedings shall be commenced in the manner provided for in this chapter.

Sec. 571-41.2 Extradition of minors from Hawaii. Any person who violates, or is alleged to have violated, any law of another state defining a crime and is at the time of the offense under the age of eighteen years, and who thereafter flees from that state and is found in this State may be proceeded against in the manner provided for in chapter 832. The circuit judge shall, for the purpose of detention, hold a hearing to determine whether the juvenile should be detained at the juvenile detention home or detention facility or in any other appropriate setting."

6. Section 571-48, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 571-48 Decree, if informal adjustment or diversion to a private or community agency or program has not been effected. When a minor is found by the court to come within section 571-11, the court shall so decree and in its decree shall make a finding of the facts upon which the court exercises its jurisdiction over the minor. Upon such decree the court shall, by order duly entered, proceed as follows:

(1) As to a child adjudicated under section 571-11(1):

(A) The court may place the child on probation (i) in the child's own home or (ii) in the custody of a suitable person or facility elsewhere, upon conditions determined by the court. When conditions of probation include incarceration in a youth correctional facility, such incarceration shall be for a term not to exceed one year, after which time the person shall be allowed to reside in the community subject to additional conditions as may be imposed by the court.

(B) The court may vest legal custody of the child, after prior consultation with the agency or institution, in a Hawaii youth correctional facility,

- in a local public agency or institution, or in any private institution or agency authorized by the court to care for children; or place the child in a private home. If legal custody of the child is vested in a private agency or institution in another state, the court shall select one that is approved by the family or juvenile court of the other state or by that state's department of social services or other equivalent department.
- (C) The court may fine the child for a violation which would be theft in the third degree by shoplifting if committed by an adult. The court may require the child to perform public services in lieu of the fine.
- (2) As to a child adjudicated under section 571-11(2):
- (A) The court may place the child under protective supervision, as hereinabove defined, in the child's own home, or in the custody of a suitable person or agency elsewhere, upon conditions determined by the court.
- (B) The court may vest legal custody of the child, after prior consultation with the agency or institution in a local governmental agency or institution licensed or approved by the State to care for children, with the exception of an institution primarily for the care and treatment of children committed under section 571-11(1) or in any private agency or institution authorized by the court to care for children. If legal custody of the child is vested in a private agency or institution in another state, the court shall select one that is approved by the family or juvenile court of the other state or by that state's department of social services or other equivalent department; provided that the child may not be committed to a public or private institution operated solely for the treatment of law violators.
- (3) An order vesting legal custody of a minor in an individual, agency, or institution under section 571-11(2) shall be for an indeterminate period but shall not remain in force or effect beyond three years from the date entered, except that the individual, institution, or agency may file with the court a petition for renewal of the order and the court may renew the order if it finds such renewal necessary to safeguard the welfare of the child or the public interest. The court may, after notice to the parties, conduct a hearing on the petition. Renewal may be periodic during minority, but no order shall have any force or effect beyond the period authorized by section 571-13. An agency granted legal custody shall be subject to prior approval of the court in any case in which the child is to reside without the territorial jurisdiction of the court and may be subject to prior approval in other cases. An individual granted legal custody shall exercise the rights and responsibilities personally unless otherwise authorized by the court.
- (4) Whenever the court commits a child to the care of the director of social services or vests legal custody of a child in an institution or agency it shall transmit with the order copies of the clinical reports, social study, and other information pertinent to the care and treatment of the child, and the institution or agency shall give to the court any information concerning the child that the court may at any time require. An institution or agency receiving a child under this paragraph shall inform the court whenever the status of the

child is affected through temporary or permanent release, discharge, or transfer to other custody. An institution to which a child is committed under section 571-11(1) or (2) shall not transfer custody of the child to an institution for the correction of adult offenders, except as authorized herein and under chapter 352.

- (5) The court may order, for any child within its jurisdiction, whatever care or treatment is authorized by law.
- (6) In placing a child under the guardianship or custody of an individual or of a private agency or private institution, the court shall give primary consideration to the welfare of the child.
- (7) In support of any order or decree under section 571-11(1) or (2), the court may require the parents or other persons having the custody of the child, or any other person who has been found by the court to be encouraging, causing, or contributing to the acts or conditions which bring the child within the purview of this chapter and who are parties to the proceeding, to do or to omit doing any acts required or forbidden by law, when the judge deems this requirement necessary for the welfare of the child. If such persons fail to comply with the requirement, the court may proceed against them for contempt of court.
- (8) In support of any order or decree for custody or support, the court may make an order of protection setting forth reasonable conditions of behavior to be observed for a specified time, binding upon both parents or either of them. This order may require either parent to stay away from the home or from the other parent or children, may permit the other to visit the children at stated periods, or may require a parent to abstain from offensive conduct against the children or each other.
- (9) The court may dismiss the petition or otherwise terminate its jurisdiction at any time.
- (10) In any other case of which the court has jurisdiction, the court may make any order or judgment authorized by law.
- (11) The court may order any person adjudicated pursuant to section 571-11(1) to make restitution of money or services to any victim who suffers loss as a result of the child's action, or to render community service.
- (12) The court may order any person adjudicated pursuant to section 571-11(2) to participate in community service."

HAWAII YOUTH CORRECTIONAL FACILITIES

SECTION 8. Chapter 352, Hawaii Revised Statutes, entitled "Hawaii Youth Correctional Facility" has not been amended since 1976 and contains many obsolete sections. Moreover, the new juvenile justice plan contains new concepts which make a complete restatement of chapter 352 clearer and more efficient than a revision.

Because of the lack of a clearly stated juvenile justice plan, the facilities at the Koolau site have not received adequate funding to keep them in acceptable condition to accomplish their purpose. The increase in the number of juveniles committed to the facility have caused it to become overcrowded. It is therefore required that these facilities be immediately repaired, refurbished, and to the extent possible, be modi-

fied to increase the capacity of the facility. Funds shall be appropriated to accomplish this temporary purpose.

Even if restored, the present facilities will become totally inadequate after about five years. In order to efficiently use the land available, and provide acceptable confinement and support facilities, a completely new layout of functions and structures is required.

1. The Hawaii Revised Statutes is amended by repealing chapter 352 in its entirety and substituting a new chapter 352 to read as follows:

“CHAPTER 352

HAWAII YOUTH CORRECTIONAL FACILITIES

Sec. 352-1 Definitions. In this chapter, unless the context clearly indicates otherwise:

- (1) “Department” means that portion of the department of social services and housing concerned with matters within the purview of this chapter;
- (2) “Director” means the director of social services;
- (3) “Discharge” means the ending of the director of social services’ supervision of a person when the term of the person’s commitment has ended or when the director believes the purpose of the term of commitment has been achieved;
- (4) “Furlough” means an authorized absence of short duration from a youth correctional facility;
- (5) “Parole” means the conditional release of a person committed to a youth correctional facility whereby the person remains in the custody of the director and under the supervision of the juvenile parole office;
- (6) “Term of commitment” means the time period during which family court retains jurisdiction over a person after adjudication. During the term of commitment, the family court may vest custody of the person in another person, organization, agency, facility, or other suitable entity.

Sec. 352-2 Establishment and supervision of the Hawaii youth correctional facilities. The director shall develop and operate Hawaii youth correctional facilities for adjudicated law violators committed by the court to the director’s supervision. These facilities under the direction and supervision of the director shall provide residential and nonresidential treatment programs including education, evaluation, detention, counseling, recreation, employment, medical and dental care, and vocational training for committed persons.

Sec. 352-3 Contracting with private agencies for residential youth facilities. The department may contract with private agencies to provide residential youth facilities.

Sec. 352-4 Rules and regulations. The director may adopt rules and regulations to carry out the purposes of this chapter. The rules and regulations shall be approved by the governor but shall not be subject to chapter 91 or require publication in order to be valid and binding upon all committed persons and officers and employees of such facilities. The rules shall be printed from time to time.

Sec. 352-5 Staff standards and training. The director shall establish written standards of conduct and operation to govern each staff member during working hours. New staff members shall undergo initial training to prepare them to comply with the standards. Attendance at periodic training sessions shall be mandatory to increase staff members' effectiveness in carrying out their duties. For purposes of this section, "staff member" means any employee of the Hawaii youth correctional facilities who is directly involved with the treatment and care of persons committed to a facility.

Sec. 352-6 Appropriation made out of general revenues. All appropriations for the director and for facilities under the control of the director shall be made from and out of any available moneys received from the general revenues of the State and not out of the special fund for the maintenance of public schools.

Sec. 352-7 Records. (a) The director, in accordance with rules and regulations adopted by the director, may establish a work release plan for persons who are committed to the director's care and who are receiving care and treatment in a youth correctional facility; provided that such a plan shall not interfere with any educational program in which such persons may be enrolled.

(b) Under such a work release plan, any such person may be authorized to secure or continue in suitable employment outside of such youth correctional facility, and unless otherwise authorized by the department with respect to specific cases, return to and remain in such facility during non-working hours.

(c) Employment under such a work release plan shall be at a wage no less than the minimum wage authorized in chapter 387.

(d) It shall be the duty of the employer of a person participating in a work release plan to transmit to the director the earnings of such persons. The transmission to the director of the earnings of such person shall operate to discharge such employer

from any further obligation to such person except with respect to any taxes lawfully withheld from the wages of such person.

(e) The earnings transmitted to the director by a person's employer under a work release plan shall be held to the account of such person.

Sec. 352-17 Compensation in facilities. The director may provide, in accordance with rules and regulations adopted by the director, for the payment of compensation, which shall not be considered as wages, for work performed by a person placed in a youth correctional facility while in such facility and not participating in a work release plan under section 352-16. The compensation shall be credited to the account of such person.

Sec. 352-20 Disposition of inactive accounts. Where money in an individual person's account on the books of the Hawaii youth correctional facilities has not been claimed by such person or the person's legal representative within one year after the person has or would have reached the age of majority, the director shall remit to the director of finance all moneys standing to the credit of the person in the account, taking the receipt of the director of finance therefor. All such moneys shall thereupon, become a state realization; provided that at any such time within five years after the payment into the treasury of moneys from any such account, the person or the legal representative of the person, who would have been entitled to receive the same from the director upon making satisfactory proof to the comptroller of the State of such right, shall receive the amount thereof out of any moneys not otherwise appropriated upon warrant drawn by the comptroller.

Sec. 352-21 Youth correctional facilities' benefit fund; disposition of income. The director shall establish a youth correctional facilities' benefit fund for the purpose of the welfare and recreation of the persons committed. The director shall

- (2) Be made for the purpose of ascertaining all relevant facts necessary to determine whether existing decisions, orders, and dispositions with respect to such persons should be modified or continued in force; and
- (3) Be conducted as frequently as the department deems necessary but in any event, at intervals not to exceed six months with respect to each such person.

Sec. 352-23 Community services section. There is established a community services section within the youth correctional facilities which shall coordinate the placement of persons committed to the care of the director in educational, vocational, and work release programs and residential placement. The section also shall advise the director or the director's duly authorized agent as to the granting of parole, furlough, release, and other matters affecting the commitment of a person. The community services section shall have an administrator with sufficient support staff to effectuate the purposes of this section and section 352-24.

Sec. 352-24 Office of juvenile parole. The director shall establish an office of juvenile parole. The office shall be part of the community services section and shall include a sufficient number of juvenile parole officers to effectively accomplish the purposes of this section specifically and this chapter generally. The duties of the juvenile parole officer shall include:

- (1) Assisting in locating appropriate residential placement for paroled persons;
- (2) Efforts to obtain suitable employment for paroled persons;
- (3) Assisting a paroled person in adjusting to community life by familiarizing the person with available community resources and providing opportunities for counseling;
- (4) Maintaining a record of all paroled persons and periodically updating information therein concerning the residence, employment, and wages, and such details concerning the person's health, conduct, and environment as may come to the juvenile parole officer's attention either from reports or through the officer's own personal investigation;
- (5) To make such other investigations, secure such other information and data, perform such other duties, and make such other reports, in addition to those which may be required by law, as may be required by the director.

Sec. 352-25 Furlough, parole, discharge. The director, for good reasons shown to the director's satisfaction, may furlough or parole any person committed to the director's custody. The director shall give the court a thirty-day notice prior to

discharging a committed person to afford the court an opportunity to order otherwise. Court approval shall be obtained when such is specifically required in accordance with section 352-29.

No furlough, parole, or discharge shall be granted unless it appears to the director that there is a reasonable probability that the person will not violate the law and that the person's release is not incompatible with the welfare and safety of society.

The form of furlough or parole may include return to the person's own home, transfer to another youth correctional facility, a group home or foster home placement, or other appropriate alternative. Non-residential programs may be made available to selected persons on furlough such that they return to the facility during nontreatment hours.

Sec. 352-26 Taking into custody and detaining persons for violations of terms and conditions of parole and furlough and attempted escape. (a) With respect to any person whose legal custody was vested in the director, who has been paroled or furloughed from a youth correctional facility by the director and returned to the person's own home or other place within the community, the provisions of subsection (b) or (c) shall apply, if, in the opinion of a designated employee of the department, such person is in violation of the terms and conditions of the person's parole or furlough.

(b) In the case of a person under nineteen years of age, such designated employee may:

(1) Notify the director or the director's designated agent of such alleged violation and, if the director issues a written order to such effect, take such person into custody and place such person in such appropriate youth correctional facility as may be designated in such order until determinations as to such person's further care and treatment are made. In the event of retaking for an alleged violation of parole, the director or the director's agent shall notify the person, and the person's parent, guardian, or custodian of the right to legal counsel and to appeal the issuance and execution of such order. The office of juvenile parole shall hold a hearing within thirty days after the person's return to determine whether parole should be revoked. The juvenile parole office staff shall render reasonable aid to the person in preparation for the hearing.

(2) Take such person into custody and place the person in an appropriate youth correctional facility until determinations as to such person's further care and treatment are made by the department if such employee has reason to believe that permitting such person to remain in the person's own home or other place within the community would be dangerous to the person or to the community or that such person is about to flee the jurisdiction of the department. Such employee, at the time of taking such person into custody, shall advise such person as to the specific terms and conditions of the person's parole or furlough which the person is alleged to have violated and of the person's right to legal counsel and appeal. Provisions regarding possible parole revocation shall apply as enumerated in paragraph (1).

(c) In the case of a nineteen-year-old person such a designated employee may:

(1) Take the person into custody and place the person in an appropriate adult

correctional facility if the alleged violation constitutes a crime and the director has been notified and subsequently issued a written order to that effect. In the event of retaking for such an alleged violation of parole, the director or the director's agent shall notify the person of the right to legal counsel and to appeal the issuance and execution of such order. The office of juvenile parole shall hold a hearing within thirty days after the person's incarceration in an adult facility to determine whether parole should be revoked. The juvenile parole office staff shall render reasonable aid to the person in preparation for the hearing.

- (2) Notify the director of an alleged violation of parole. The director may petition the family court for an ex parte order based on the alleged violation to take the person into custody and place the person in an appropriate adult correctional facility. The person shall be notified of the issuance and execution of such a court order and of the right to legal counsel and appeal. A juvenile parole office hearing shall be held within thirty days after a person's placement in an adult facility to determine whether parole shall be revoked.

(d) Any person whose legal custody has been vested in the director and who has escaped from the facility may be taken into custody by a police officer or an employee of the department without a warrant or an order issued by the director and returned to the facility.

(e) When called upon by any designated employee of the department, any police officer shall assist in taking a person into custody pursuant to the provisions of this section.

Sec. 352-27 Harboring or concealing a person away from custody assigned by competent authority. Any person who knowingly and intentionally harbors or conceals a person who was in the custody of a Hawaii youth correctional facility, guardian, employer, or any other person with whom the person was placed by the court or the director without the permission of the custodian, guardian, employer, or such other person shall be guilty of a misdemeanor offense.

Sec. 352-28 Transfer to correctional facility. Any person after the person's sixteenth birthday, who has been committed to the care of the director and disrupts the order and the discipline of any state-operated youth correctional facility or injures the staff or other person committed to the facility or for other good cause, may be transferred by the director to an adult correctional facility with the approval of the family court for the balance of the term provided for by the court. If such person demonstrates sufficient improvement or progress, or for other good reason, the family court may order the person's return to a youth correctional facility.

Sec. 352-29 Termination of director's right to supervise person. (a) The authority of the director to supervise the conduct of a person who has been committed to the director's care, unless such authority shall be sooner terminated pursuant to this chapter or chapter 571, shall cease:

- (1) At the expiration date of the order of commitment issued unless the director has, prior to such expiration date, sought and obtained from the court an extension of such order; or

- (2) Whenever the director, prior to the termination otherwise of such order, determines that the purposes of such order have been achieved in the case of a person under age eighteen; provided that if the commitment order reserves the approval of the family court for any discharge before termination, the director shall obtain approval of the court for a discharge; or
- (3) Whenever the director, prior to the termination otherwise of such order, determines that the purposes of such order have been achieved in the case of a person committed to a term extending beyond the person's eighteenth birthday and obtains court approval prior to discharge.

(b) The director, in each case described in subsection (a)(1), (2), and (3) of this section, shall immediately notify the person, the court, the police department of the county where the committed person resided before commitment, and, if a minor, the person's parent or guardian of the termination of the director's supervision over such person.

Sec. 352-30 Delegation of responsibilities. The director may delegate any of the director's responsibilities pursuant to this chapter to a representative of the department except those that relate to the discharge of a person committed to a youth correctional facility.

Sec. 352-31 Costs. All costs incurred under section 352-28 shall be paid by the director out of any funds appropriated for the Hawaii youth correctional facilities."

CHILD SHELTER FACILITIES

SECTION 9. At present, there are insufficient child shelter facilities to handle the children who are runaways, unmanageable, or otherwise unable to be returned to their homes by the police, the courts, or other diversion authorities. This is a serious problem for the juvenile justice system. In general these facilities are privately operated and are used by private welfare organizations, the department of social services, and the family courts mostly on a fee-for-service basis. One reason for this shortage is the fact that a recent amendment to the law placed the responsibility for setting the standards for "special treatment" facilities with the department of health. The department of health in turn wrote regulations so broad that child shelter facilities fell under stringent provisions similar to the medical standards and staff training requirements for hospitals. This has impeded the establishment, and will increase the cost of new facilities.

1. Section 346-16, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 346-16 Definitions. (a) As used in this chapter:

- (1) "Child placing organization" means any person, agency, or organization, excepting family courts and the department of social services and housing, engaged in the investigation, placement, and supervision of children in foster care;
- (2) "Child caring institution" means any institution, other than an institution of the State, maintained for the purpose of receiving six or more minor children for care and maintenance, not of common parents, apart from their parents or guardians on a twenty-four hour basis for monetary payment.

This term shall not apply to any boarding school which is essentially and primarily engaged in educational work;

- (3) "Foster boarding home" means any children's boarding home in which one or more, but less than six, minor children are received for care and maintenance apart from their parents or guardians on a twenty-four hour basis for fee or charge.

(b) None of the facilities defined in subsection (a) shall be considered a special treatment facility in the sense of section 321-11(10) unless clinical treatment of mental or physical disease or handicap is a part of the routine program or constitutes the main purpose of the facility."

2. Chapter 571, Hawaii Revised Statutes, is amended by adding a new section to read as follows:

"Sec. 571-32.1 Contract and fee-for-service accommodations. To provide for children under section 571-32, the family court may provide, on a contractual or on fee-for-service basis, accommodations in child caring institutions or foster boarding homes which meet the intent of section 346-17."

SECTION 10. Severability. If any provision of this Act, or the application thereof to any person or circumstances is held invalid, the invalidity does not affect other provisions or applications of the Act which can be given effect without the invalid provisions or applications and to this end the provisions of this Act are severable.

SECTION 11. Statutory material to be repealed is bracketed. New material is underscored.*

SECTION 12. This Act shall take effect upon its approval; provided, however, that subsection 3 of SECTION 5 shall take effect not later than July 1, 1981.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated to read as follows:

“Sec. 261- Promotion of safety and efficient use of facilities where congestion occurs. (a) The legislature recognizes that air traffic congestion, constitutes a serious safety problem and reduces the efficient and effective use of limited airspace and terminal facilities. The legislature also recognizes that the development of addi-

tional airports will assist in the solution to such safety and efficiency problems, but that such development may not always be a feasible or complete solution to such problems.

Nevertheless, the legislature is determined that all possible actions be taken to promote safety, to alleviate safety hazards and to reduce congestion at airports under the State's control. The department of transportation shall do everything within its authority to enhance the safe use of the State's airports and shall cooperate with appropriate federal agencies and other affected parties to assist said agencies in meeting their responsibility to alleviate safety hazards resulting from air traffic congestion. In carrying out this responsibility, the department shall consider all possible alternatives including but not limited to reliever airports and limiting the number of aircraft allowed to use state airports. The department shall take appropriate action to enhance safety and to alleviate safety hazards, or, if legislative action is required, make appropriate recommendations to the legislature.

(b) To the fullest extent possible within the State's authority to act in the area of airport and air traffic safety, the department of transportation shall be responsible for promoting safe operating conditions and alleviating safety hazards due to air traffic congestion at airports under its control. To this end, the department, in close cooperation with appropriate federal authorities and other affected parties, shall examine and conduct research into the causes of and solutions for safety problems at such airports, especially those problems associated with air traffic congestion. ELECTION OF DELEGATES

If a majority of the ballots cast upon such a question be in the affirmative, delegates to the convention shall be chosen at the next regular election unless the legislature shall provide for the election of delegates at a special election.
