AUTHORITY

Section 23G-13, Hawaii Revised Statutes, provides as follows:

Publishing of session laws. As soon as possible after the close of each session of the legislature, the revisor of statutes shall prepare for publication all laws duly enacted at such session, arranged in the order of their becoming law, together with a suitable index and tables showing what general statutes have been affected by such session laws.

PREFACE

This volume contains all the laws of the Regular and First Special Sessions of 1981. In the preparation of the volume, the text of the laws as enacted has been followed except for palpable clerical errors, which have been corrected; and the text has been printed in full except for laws amending existing statutes.

As enacted, amendatory legislation contained brackets (designating matter deleted from existing statutes) or underscoring (designating new matter added). As authorized by HRS §23G-16.5 and for purposes of economy and readability, the brackets, bracketed material, and underscoring have generally been omitted from the laws as printed herein. They have been retained only in cases where the retention was deemed to be particularly desirable. Notes indicate the laws that have been edited.

- (1) Which has been left unattended for a continuous period of more than thirty days, and
- (2) Which is located upon an airport, as defined in section 261-1(3), under the jurisdiction or control of the State,

may be deemed abandoned and taken into custody and disposed of by the director of transportation pursuant to this chapter.

(b) Upon taking custody of any such aircraft a written notice shall immediately be posted on the aircraft and a duplicate original thereof shall be sent by certified mail, with a return receipt, to the registered owner of the aircraft at the last address shown on the records of the Federal Aviation Administration or to such other address known to the department of transportation which is more current; to all lien holders who have filed a financing statement indexed in the name of the registered owner in the state bureau of conveyances or who are shown on the records of the Federal Aviation Administration; and to any other person known to have any

interest in the aircraft whose address is known to the department of transportation. The notice shall contain a brief description of the aircraft, the location of custody, and the intended disposition of the aircraft if not repossessed within twenty days after the mailing of the notice. A notice need not be sent to any purported owner or any other person whose interest in the aircraft is not recorded with the Federal Aviation Administration or not known to the department of transportation.

(c) The department may assess and recover as against the owner of the aircraft, all airport use charges, landing fees, holding room use charges, towing, handling, aircraft storage charges, appraisal, advertising and other reasonable expenses incurred by the department in connection with the aircraft.

(d) If the aircraft is not repossessed within twenty days after the mailing of the notice, the aircraft shall be disposed of by public auction, through oral tenders, or by sealed bids, after public advertisement has been made once in a newspaper of general circulation; provided that the public auction shall not be held less than five days after the publication of the advertisement. Where no bid is received, the aircraft may be sold by negotiation, disposed of as junk or donated to any governmental agency.

(e) Any person having an interest in the aircraft may take possession of the aircraft prior to the date of public auction upon payment to the department of transportation of all airport use charges, landing fees, holding room use charges, towing, handling, aircraft storage charges, appraisal, advertising and other expenses chargeable to the aircraft or incurred by the department in connection with the aircraft. If the person taking possession of the aircraft is not the registered owner, that person shall, prior to taking possession of the aircraft, pay the foregoing fees, charges and expenses and post adequate security which shall not exceed the value of the aircraft. The security, if not forfeited, shall be returned two years after receipt.

(f) Public auction shall not be required when the appraised value of any aircraft, as determined by an independent appraiser who has had at least one year of experience in the sale or purchase of aircraft, is less than \$100. Upon that determination and after public advertisement has been made once in a newspaper of general circulation, the director of transportation may sell the aircraft by negotiation, dispose of it as junk or donate the aircraft to any governmental agency.

(g) The transfer hereunder shall be evidenced by a bill of sale from the department of transportation, shall be considered a transfer by operation of law and shall be governed by provisions applicable thereto.

§261- Disposition of proceeds of sale. The department of transportation shall deposit into the airport revenue fund, that portion of the proceeds of the sale of an aircraft as shall represent the storage and other airport fees and charges due the department, the expenses of the auction, and any other expense incurred by the department in taking into custody and disposing of an aircraft. The balance, if any, shall be deposited into the general fund of the State. The owner may recover any such balance of the proceeds from the State only if he files a claim therefor with the department of budget and finance within five years after the execution of the bill of sale. A lien holder shall receive priority of payment from the balance of the proceeds to the extent of his lien on the aircraft. If the proceed of the sale are insufficient to cover the storage and other airport fees and charges, the expenses of the auction and other expenses of the department in taking into custody and disposing of the aircraft, the department of transportation may, within five years, bring an action for the

deficiency in a court of appropriate jurisdiction against the person who was the owner of the aircraft at the time custody was taken by the department.

§261- Custody and disposal of derelict aircraft. (a) An aircraft which has been left unattended for a continuous period of more than twenty-four hours is a derelict, if:

- (1) The aircraft is obstructing a taxiway, runway or ramp parking area, or is endangering life or property; or
- (2) The aircraft has been parked or otherwise left at a State airport or on public property contrary to law or rules having the force and effect of law, or the aircraft has been left on private property without authorization of the owner or occupant of the property and if:
 - (A) The aircraft's certificate of registration or aviation document is no longer effective and the registered owner no longer resides at the address listed in the aircraft registration document records of the Federal Aviation Administration; or
 - (B) The last registered owner disclaims ownership and the current owner's name or address cannot be determined; or
 - (C) The aircraft identification numbers and other means of identification have been removed so as to nullify efforts to locate or identify the owner; or
 - (D) The aircraft registration records of the Federal Aviation Administration contain no record that the aircraft has ever been registered and the owner's name or address cannot be determined.

(b) The director of transportation may cause a derelict aircraft to be immediately taken into custody. Upon taking custody of a derelict aircraft the director shall concurrently:

- (1) Publish a notice of intended disposition, once, in a newspaper of general circulation in the State;
- (2) When possible, post a notice of intended disposition on the aircraft; and
- (3) Serve a duplicate original of the notice of intended disposition by certified mail, return receipt requested:
 - (A) On the registered owner of the aircraft at the last address shown on records in the Federal Aviation Administration,
 - (B) On all lien holders who have filed a financing statement indexed in the name of the registered owner in the bureau of conveyances or who are shown in the records of the Federal Aviation Administration, and
 - (C) On any other person known to have an interest in the aircraft whose address is known to the department of transportation. If the aircraft is not repossessed within twenty days after the publication and mailing of the notice, whichever occurs later, the aircraft may be disposed of by negotiated sale, except that, when two or more purchasers indicate an interest in purchasing the aircraft, the aircraft will be sold at public auction to the highest bidder. If no purchaser expresses a desire to purchase the aircraft, the aircraft may be destroyed or disposed of by any other method authorized for abandoned aircraft.

§261- Aircraft or property taken into legal custody; unauthorized control. No person shall exercise control over an aircraft or other property that is under legal custody, seizure, or detention by the department of transportation.

§261- Disposal of aircraft by persons in aircraft repair business. (a) When any person abandons an aircraft upon the premises of an aircraft repair business, the owner of the business or the authorized representative of the owner may sell or dispose of the aircraft in accordance with this section.

(b) An aircraft shall be deemed to be abandoned upon satisfaction of all the following conditions:

- (1) The service requested or required by a person whose aircraft is towed or brought to an aircraft repair business, such as towing and rendering estimates of the cost of repairs, has been performed; and
- (2) No authorization is given to perform any further service respecting the aircraft but the aircraft is left on the repair business premises; and
- (3) The owner of the repair business or his authorized representative has given notice by registered or certified mail:
 - (A) To the registered owner of the aircraft at the address on record at the aircraft repair business and the address on record in the Federal Aviation Administration, and
 - (B) To any person with a recorded interest in the aircraft, stating that if the aircraft is not repossessed within thirty days after the mailing of the notice, it will be sold or disposed of. The notice also shall contain a description of the aircraft and its location. The notice need not be sent to any purported owner or any person with an unrecorded interest in the aircraft whose name or address is not known and cannot be determined; and
- (4) The aircraft is not repossessed within the thirty-day period specified in paragraph (3).

(c) When an aircraft is abandoned, the owner of the aircraft repair business, or the authorized representative of the owner of the repair business, after one public advertisement in a newspaper of general circulation in the State, may negotiate the sale of the aircraft or dispose of it; provided that the aircraft shall not be sold or disposed of less than five days after the publication of the advertisement.

(d) The authorized seller of the aircraft shall be entitled to the proceeds of the sale to the extent that compensation is due him for services rendered in respect of the aircraft, including reasonable and customary charges for towing, handling, storage, and the cost of the notices and advertising required by this section. A lien holder shall receive priority of payment from the balance to the extent of his lien. Any remaining balance shall be forwarded to the registered owner of the aircraft, if he can be found. If he cannot be found, the balance shall be deposited with the director of finance of the State and shall be paid out to the registered owner of the aircraft, if a proper claim is filed therefor within one year from the execution of the sale agreement. If no claim is made within the year allowed, the money shall become a state realization.

(e) The transfer of title and interest by sale under this section is a transfer by operation of law and a bill of sale executed by the authorized seller shall be sufficient to authorize the transfer of title or interest.

§261- Trespass to aircraft; penalty. Whoever without right, boards or remains in or upon any aircraft of another within a state airport shall be fined not more than \$250, or imprisoned not more than three months, or both.

§261- Questioning and detaining suspected persons aboard an aircraft. A police officer may detain any person found upon an aircraft, under circumstances as reasonably justify a suspicion that the person boarded without permission, for the purpose of demanding, and may demand the name and address of the person and the nature of the person's business upon the aircraft. If the police officer has reason to believe that the person has no right to be upon the aircraft, the police officer may arrest the person without a warrant on the charge of violating section - ."

S.B. NO. 273

A Bill for an Act Relating to School Absences and Reporting.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The fact that a great deal of juvenile crime occurs during unauthorized absences from school offers an opportunity to prevent at least a part of juvenile crime. While we cannot turn our schools into prisons, attendance can be taken throughout the school day and absences reported to parents immediately. This would help to reduce such absences and contribute toward the enforcement and effectiveness of the truancy laws. Furthermore, making attendance records available to police can serve as a deterrent and would assist the police in more swiftly apprehending those juveniles who commit offenses while absent from school.

The purpose of this Act is to provide that attendance records shall be made available to authorized police officers upon request.

SECTION 2. Chapter 298, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read as follows:

SECTION 3. Section 149A-13, Hawaii Revised Statutes, is amended by amending subsection (b) to read:

"(b) The licensee shall pay a minimum fee of \$10 for each year, or fraction thereof, that the pesticide is licensed. Licensing fee may be increased from time to time by regulations but such increase shall not be in excess of \$5 for any one year. In case of renewal of license, a statement shall be required only with respect to information which is different from that furnished when the pesticide was licensed or last relicensed. All fees collected shall be deposited in the general fund of the State."

ACT 41

H.B. NO. 538

A Bill for an Act Authorizing the Issuance of Special Purpose Revenue Bonds to Secure Long-term Mortgage Refinancing for the Pohai Nani Good Samaritan Kauhale Health Care Facility.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The legislature finds that the health and welfare of the State's elderly deserve serious consideration, attention, and assistance from the state government. The Pohai Nani Good Samaritan Kaūhale, a retirement and health care facility, located in Kaneohe, Oahu, is a private institution which has been providing residential and health care services to the elderly for the past seventeen years.

The legislature further finds that due to recent increases in long-term mortgage refinancing costs for the retirement facility, the Evangelical Lutheran Good Samaritan Society, a nonprofit corporation and owner of the facility, has been forced to raise current rents by twenty per cent. The current and potential rent increases will cause serious economic hardships on the elderly residents by either pricing health care services at extremely high rates or beyond their ability to pay for these services. The legislature finds it in the public interest that appropriate governmental measures be implemented to ameliorate this situation.

The legislature further finds that chapter 39A, part II, Hawaii Revised Statutes, permits the State to financially assist nonprofit corporations providing health care facilities to the general public by issuing special purpose revenue bonds. The legislature also finds that since the Evangelical Lutheran Good Samaritan Society is a national nonprofit corporation providing health care facilities for the elderly, it would be appropriate and in the public interest to assist this corporation. Furthermore, assistance in the form of special purpose revenue bonds would:

- (1) Result in lower long-term refinancing costs to the Society since the special purpose revenue bonds would bear a lower interest rate than that charged by private lenders; and
- (2) Eliminate the need to charge higher rents and health care fees for elderly residents of the retirement and health care facility.

The legislature further finds that issuing special purpose revenue bonds for the purpose of securing long-term mortgage refinancing for the retirement and health care facility will assist in making health care services available to the State's elderly at affordable prices and is therefore in the public interest.

The legislature further finds that no review of the financial records of the Evan-

gical Lutheran Good Samaritan Society has been made. Therefore, the legislature directs the department of budget and finance to conduct all reviews and impose all safeguards provided in chapter 39A, part II, Hawaii Revised Statutes, to ensure that the purposes for which the special purpose bonds were authorized are met.

SECTION 2. The director of finance is authorized to issue special purpose revenue bonds in the sum of \$9,000,000, or so much thereof as may be necessary, for fiscal years 1981-1982, 1982-1983, and 1983-1984, to secure mortgage refinancing or insured financing for the Pohai Nani Good Samaritan Kauhale health care facility.

SECTION 3. Any unused portion of the authorization made by this Act as of the close of business on June 30, 1984, shall lapse.

SECTION 4. This Act shall take effect upon its approval.

ACT 50

S.B. NO. 572

A Bill for an Act Relating to State Vehicle Registration Fee and Weight Tax.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. This Act is hereby declared an urgency measure deemed necessary in the public interest.

The following is a statement constituting such urgency:

Pursuant to section 286-51, Hawaii Revised Statutes, the counties, other than Maui County, will have implemented the collection of their vehicle registration fees on a staggered basis on January 1, 1981. The state vehicle weight tax and registration fee are collected by the counties together with their vehicle registration taxes and fees. It is beneficial for the public to register their vehicles on a staggered basis throughout the year to improve service by reducing peak load during the present renewal period of January 1 to March 31 of each year.

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

Sections 249-31 and 249-33, Hawaii Revised Statutes, however, do not provide for a staggered method of collecting the state vehicle weight tax and registration fee.

Since the State does not have a staggered system, a dual and contrasting system will substantially increase the cost of collections for both the State and the public.

Therefore, it is essential that the State adopt a staggered system similar to that of the counties for collecting its fees and taxes.

SECTION 2. Section 249-31, Hawaii Revised Statutes, is amended to read:

“§249-31 State registration fee. All vehicles and motor vehicles in the State as defined in section 249-1, including antique motor vehicles, except as otherwise provided in sections 249-3 through 249-6 shall be subject to a \$1 vehicle registration fee. The fee shall become due and payable on January 1, and shall be paid before April 1 in each year together with all other taxes and fees levied by this chapter; provided that should any county elect to renew motor vehicle registrations on a staggered basis as authorized by section 286-51, the state registration shall likewise be staggered so that the state registration fee is collected together with the county fee. The state registration fee shall be deemed delinquent if not paid with the county registration fee. The respective counties shall collect this fee together with the vehicle registration tax collected for the county and shall transfer the moneys collected under this section to the State to be paid into the state highway fund.”

SECTION 3. Section 249-33, Hawaii Revised Statutes, is amended to read:

“§249-33 State vehicle weight tax, exemptions. All vehicles and motor vehicles in the State as defined in section 249-1, including antique motor vehicles, except as otherwise provided in sections 249-3 through 249-6, in addition to all other fees and taxes levied by this chapter, shall be subject to an annual state vehicle weight tax. The tax shall be levied by the county director of finance at the rate of 0.45 cents a pound according to the net weight of each vehicle as the “net weight” is defined in section 249-1 up to 6,000 pounds net weight; vehicles over 6,000 pounds and up to 9,000 pounds net weight shall be taxed \$27; vehicles over 9,000 pounds and up to 14,000 pounds net weight shall be taxed \$31.50; vehicles over 14,000 pounds net weight shall be taxed at a flat rate of \$36; provided that in no case shall the tax assessed and collected be less than \$2 nor more than a maximum of \$36.

The tax shall become due and payable on January 1 and shall be paid before April 1 in each year together with all other taxes and fees levied by this chapter; provided that should any county elect to renew motor vehicle registrations on a staggered basis as authorized by section 286-51, the state vehicle weight tax shall likewise be staggered so that the state vehicle weight tax is collected together with the county fee. The state vehicle weight tax shall be deemed delinquent if not paid with the county registration fee. The tax shall be paid by the owner of each vehicle to the director of finance of the county in which the vehicle is registered and shall be collected by the director of finance of such county together with all other fees and taxes levied by this chapter from the owner of each vehicle and motor vehicle registered in the county.

By the fifteenth day of the month following the month in which taxes under this section are collected, the director of finance of each county shall transmit the taxes collected to the state director of finance for deposit into the state highway fund.

The exemptions provided by sections 249-3 to 249-6 shall apply to this section. The provisions for refunds, and taxes for fraction of years for vehicles removed from or brought into the State and for junked vehicles, contained in sections 249-3 and 249-5 shall apply to the tax levied by this section.

If it is shown to the satisfaction of the department of transportation of the State, based upon proper records and from such other evidence as the department of transportation may require, that any vehicle with a net vehicle weight of 6,000 pounds or over is used for agricultural purposes the owner thereof may obtain a refund of all taxes thereon imposed by this section. The department of transportation shall prescribe rules and regulations to administer such refunds.

The counties shall be reimbursed the incremental costs incurred in the collection and administration of taxes and fees imposed under section 249-31 and this section; the amount of reimbursement shall be determined by the director of transportation."

SECTION 4. Section 249-34, Hawaii Revised Statutes, is amended to read: "**§249-34 Delinquent penalties; seizure and sale for tax and fee.** Any tax or fee imposed under sections 249-31 and 249-33 for any year and not paid when due shall be subject to the penalties provided in section 249-10."

SECTION 5. Statutory material to be repealed is bracketed. New material is underscored.*

SECTION 6. This Act shall take effect upon its approval.

SECTION 1. Section 431-563, Hawaii Revised Statutes, is amended to read as follows:

“§431-563 Variable [annuity] contracts. (a) A domestic life insurance company may, by or pursuant to resolution of its board of directors, establish one or more separate accounts, and may allocate thereto amounts, including without limitation proceeds applied under optional modes of settlement or under dividend options, to provide for life insurance or annuities (and benefits incidental thereto), payable in fixed or variable amounts or both, subject to the following:

- (1) The income, gains and losses, realized or unrealized, from assets allocated to a separate account shall be credited to or charged against the account, without regard to other income, gains or losses of the company.

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

- (2) Except as hereinafter provided, amounts allocated to any separate account and accumulations thereon may be invested and reinvested without regard to any requirements or limitations prescribed by the laws of this State governing the investments of life insurance companies; provided, that to the extent that the company's reserve liability with regard to (A) benefits guaranteed as to amount and duration, and (B) funds guaranteed as to principal amount or stated rate of interest is maintained in any separate accounts, a portion of the assets of such separate account at least equal to such reserve liability shall be, except as the commissioner may otherwise approve, invested, in accordance with the laws of this State governing the investments of life insurance companies. The investments in such separate account or accounts shall not be taken into account in applying the investment limitations otherwise applicable to the investments of the company.
- (3) Unless otherwise approved by the commissioner, assets allocated to a separate account shall be valued at their market value on the date of valuation, or if there is no readily available market, then as provided under the terms of the contract or the rules or other written agreement applicable to such separate account; provided, that unless otherwise approved by the commissioner, a portion of the assets of such separate account equal to the company's reserve liability with regard to the guaranteed benefits and funds referred to in clauses (A) and (B) of subsection (a) (2) of this section, if any, shall be valued in accordance with the rules otherwise applicable to the company's assets.
- (4) Amounts allocated to a separate account in the exercise of the power granted by this section shall be owned by the company, and the company shall not be, nor hold itself out to be, a trustee with respect to such amounts. That portion the assets of any such separate account equal to the reserves and other contract liabilities with respect to such account shall not be chargeable with liabilities arising out of any other business the company may conduct.
- (5) No sale, exchange or other transfer of assets may be made by a company between any of its separate accounts or between any other investment account and one or more of its separate accounts unless, in case of a transfer into a separate account, such transfer is made solely to establish the account or to support the operation of the contracts with respect to the separate account to which the transfer is made, and unless such transfer, whether into or from a separate account, is made (A) by transfer of cash, or (B) by a transfer of securities having a readily determinable market value, provided that such transfer of securities is approved by the commissioner. The commissioner may approve other transfers among such accounts, if in his opinion, such transfers would not be inequitable.
- (6) To the extent such company deems it necessary to comply with any applicable federal or state laws, such company, with respect to any separate account, including without limitation any separate account which is a management investment company or a unit investment trust, may provide for persons having an interest therein appropriate voting and

- (b) (1) Any variable contract providing benefits payable in variable amounts delivered or issued for delivery in this State shall contain a statement of the essential features of the procedures to be followed by the insurance company in determining the dollar amount of such variable benefits. Any such contract, including a group contract and any certificate in evidence of variable benefits issued thereunder, shall state that such dollar amount will vary to reflect investment experience and shall contain on its first page a statement to the effect that the benefits thereunder are on a variable basis.
- (2) Variable [annuity] contracts delivered or issued for delivery in this State may include as an incidental benefit provision for payment on death during the deferred period of an amount not in excess of the greater of the sum of the premiums or stipulated payments paid under the contract or the value of the contract at time of death. Any such provision shall not be deemed to be life insurance and therefore not subject to the provisions of this chapter governing life insurance carriers. A provision for any other benefit on death during the deferred period shall be subject to such insurance provisions.

(c) No company shall deliver or issue for delivery within this State contracts under this section unless it is licensed or organized to do a life insurance or annuity business in this State, and the commissioner is satisfied that its condition or method of operation in connection with the issuance of such contracts will not render its operation hazardous to the public or its policyholders in this State. In this connection, the commissioner shall consider among other things:

- (1) The history and financial condition of the company;
- (2) The character, responsibility and fitness of the officers and directors of the company; and
- (3) The law and regulation under which the company is authorized in the state of domicile to issue variable contracts.

(d) Notwithstanding any other provision of law, the commissioner shall have sole and exclusive authority to regulate the issuance and sale of variable contracts and to provide for licensing of persons selling such contracts, and to issue such reasonable rules and regulations as may be appropriate to carry out the purpose and provisions of this section.

(e) The provisions of sections [431-543] 431-531 through 431-552 shall be inapplicable to variable contracts, nor shall any provision in chapter 431 requiring

ACT 54

contracts to be participating be deemed applicable to variable contracts. The commissioner, by regulation, may require that any individual variable [annuity] contract, delivered or issued for delivery in this State, contain provisions as to grace period, reinstatement or nonforfeiture which are appropriate to a variable [annuity.] contract. Except as otherwise provided in this section, all pertinent provisions of this chapter shall apply to separate accounts and contracts relating thereto. The reserve liability for variable [annuities] contracts shall be established in accordance with actuarial procedures that recognized the variable nature of the benefits provided and any mortality guarantees."

ACT 54

S.B. NO. 1505

A Bill for an Act Relating to Charitable Organizations.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The legislature finds that Act 167, Session Laws of Hawaii 1969, relating to the solicitation of funds from the public, was enacted to protect the public from the unscrupulous obtaining of money or property by persons under the pretense that such money or property would be used for charitable purposes; that the Act presently requires all charitable organizations raising money or contributions in excess of \$4,000 annually, to register as a charitable organization with the State; and that in registering, each charitable organization is required to file a financial statement that has been audited by an independent public accountant.

The legislature further finds that small charitable organizations such as the Parent-Teachers Association and the Little League, which raise funds not much in excess of \$4,000 annually, must presently hire an independent public accountant to audit their financial statements; that this imposes a devastating financial burden which frequently amounts to several thousand dollars; and has therefore left only a small amount of funds for these charitable organizations to pursue their objectives.

The legislature recognizes that the intent in having all financial statements professionally audited is to protect the public interest; that imposing a substantial financial burden on small charitable organizations is clearly not an intent of the requirement; that only those charitable organizations which annually raise large sums of money are able to comply with this requirement; that those organizations which raise in excess of \$10,000 annually should have their financial statements professionally audited; that those charitable organizations which raise more than \$4,000 but not greater than \$10,000 should file unaudited financial statements; and to protect the public interest, these unaudited financial statements may be audited by the State.

The purposes of this Act are to require all charitable organizations raising in excess of \$10,000 annually to file a financial statement that has been audited by an independent public accountant, to require those charitable organizations raising more than \$4,000, but not more than \$10,000, to file unaudited financial statements, and to allow the State to audit these unaudited financial statements if circumstances

indicate that an audit is called for to protect the public.

SECTION 2. Section 467B-2, Hawaii Revised Statutes, is amended by amending subsection (a) to read as follows:

“(a) Every charitable organization, except as otherwise provided in this chapter, which intends to solicit contributions within the State, or have funds solicited on its behalf, shall, prior to any solicitation, file a registration statement with the director upon forms prescribed by the director, which shall be valid for one full year and which shall be refiled in the next and each following year in which the charitable organization is engaged in solicitation activities. It shall be the duty of the president, chairman, or principal officer of the charitable organization to file the statement required under this chapter. The statement shall be sworn to and shall contain the following information:

- (1) The name of the charitable organization and the purpose for which it was organized.
- (2) The principal address of the charitable organization and the addresses of any office in the State. If the charitable organization does not maintain an office, the name and address of the person having custody of its financial records.
- (3) The name and address of any chapter, branch, or affiliate in the State.
- (4) The date and place when the charitable organization was legally established, the form of its organization, and a reference to any determination of its tax-exempt status under the Internal Revenue Code.
- (5) The name and address of all officers, directors, trustees, and the principal salaried executive staff officer.
- (6) A copy of a financial statement (balance sheet and income and expense statement) audited by an independent certified public accountant covering, in a consolidated report, complete information as to all the preceding fiscal year’s fund-raising activities of the charitable organization, showing the kind and amounts of funds raised, costs and expenses incidental thereto, and allocation or disbursement of funds raised whenever the organization raised or received contributions exceeding \$10,000 during the preceding fiscal year; or a copy of an unaudited financial statement (either a compilation or review) covering all the preceding fiscal year’s fund-raising activities of the charitable organization, showing the kind and amount of funds raised, costs and expenses incidental thereto, and allocation or disbursement of funds raised whenever the charitable organization raised or received contributions in excess of \$4,000 but not exceeding \$10,000, during the preceding fiscal year.
- (7) Whether the charitable organization intends to solicit contributions from the public directly or have the solicitation done on its behalf by others.
- (8) Whether the charitable organization is authorized by any other governmental authority to solicit contributions and whether it is or has ever been enjoined by any court from soliciting contributions.
- (9) The general purpose for which the contributions to be solicited shall be used.
- (10) The name under which it intends to solicit contributions.

- (11) The name of the individual or officer of the charitable organization who will have final responsibility for the custody of the contributions.
- (12) The name of the individual or officer of the charitable organization responsible for the final distribution of the contributions.”

SECTION 3. Section 467B-10, Hawaii Revised Statutes, is amended to read as follows:

“§467B-10 Enforcement and penalties. (a) If any registered charitable organization, professional fund-raising counsel, or professional solicitor fails to file any registration application or statement, report, or other information required to be filed under this chapter or otherwise violates this chapter, the director shall notify the delinquent charitable organization, professional fund-raising counsel, or professional solicitor by mailing a notice by registered or certified mail, with return receipt requested, to its last known address. If the required registration application or statement, annual report, or other information is not filed, or if the existing violation is not discontinued within two weeks after the formal notification or receipt of the notice, the director may cancel, suspend, or refuse to accept the registration or other required information of the delinquent charitable organization, professional fund-raising counsel, or professional solicitor.

(b) If any registered charitable organization files a financial statement under section 467B-2(6), the director may examine any records kept by the charitable organization as is necessary to protect the public interest. If the director finds that the financial statement contains any false or misleading information, the director may suspend or cancel the charitable organization’s registration.

(c) The director, upon his own motion or upon complaint of any person, may, if he has reasonable ground to suspect a violation, investigate any charitable organization, professional fund-raising counsel, or professional solicitor to determine whether the charitable organization, professional fund-raising counsel, or professional solicitor has violated this chapter or has filed any application or other information required under this chapter which contains false or misleading statements. If the director after notice and hearing finds that any application or other information contains false or misleading statements, or that a registrant under this chapter has violated this chapter, he may order the registration suspended or canceled.

(d) The registration of any charitable organization, professional fund-raising counsel, or professional solicitor, which knowingly makes a false or misleading statement in any registration application or statement, report, or other information required to be filed by the department of this chapter shall, upon notice and hearing, be revoked.

(e) All proceedings under this chapter shall be conducted in accordance with this chapter and all adjudications of the director shall be subject to judicial review as provided therein.

(f) In addition to the foregoing, any person who wilfully and knowingly violates this chapter, or who wilfully and knowingly gives false or incorrect information to the director in filing statements or reports required by this chapter, whether the reports or statements are verified or not, shall for the first offense be fined not less than \$100 nor more than \$500, or imprisoned not more than six months, or both, and for the second and any subsequent offense, be fined not less than \$500 nor more than \$1,000, or imprisoned not more than one year, or both.

(g) Whenever the director has reason to believe that any charitable organization, professional fund-raising counsel, or professional solicitor is operating in violation of this chapter, or has knowingly and wilfully made any false statement in any registration application or statement, report, or other information required to be filed by this chapter, or whenever a charitable organization, professional fund-raising counsel, or professional solicitor fails to file a registration statement required by this chapter, or whenever there is employed or is about to be employed in any solicitation or collection of contributions for a charitable organization, any device, scheme, or artifice to defraud or to obtain money or property by means of any false pretense, representation, or promise, or whenever the officers or representatives of any charitable organization, professional fund-raising counsel, or professional solicitor have refused or failed after notice to produce any records of the organization, or whenever the funds raised by solicitation activities are not devoted or will not be devoted to the charitable purposes of the charitable organization, in addition to all other actions authorized by law, the director may bring an action in the name of the State against the charitable organization and its officers, professional fund-raising counsel, professional solicitor, or any person employing any device, scheme, artifice, false representation, or promise, to defraud or obtain money or other property, to enjoin the charitable organization, professional fund-raising counsel, professional solicitor, or other person from continuing the violation, solicitation, collection, or engaging therein, or doing any acts in furtherance thereof and for such other relief as the court deems appropriate.

(h) The director may exercise the authority granted in this section against any charitable organization which operates under the guise or pretense of being an organization exempted by section 467B-11, and is not an organization entitled to such an exemption."

SECTION 4. Chapter 467B, Hawaii Revised Statutes, is amended by adding a new section to read as follows:

SECTION 2. Chapter 26H, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read as follows:

"§26H- Period of reenactment. (a) Any chapter repealed by section 26H-4 may be reenacted by the legislature for no more than a six-year period following each evaluation required by section 26H-5.

(b) Any chapter repealed by section 26H-4 may be reenacted for a period up to ten years if the legislature elects to continue the chapter which has been previously reviewed and reenacted twice within a ten-year period under this chapter.

(c) The legislative auditor shall, in the evaluation report under section 26H-5, inform the legislature if the chapter which is the subject of the evaluation report falls within subsection (b)."

SECTION 3. Section 26H-5, Hawaii Revised Statutes, is amended to read as follows:

"§26H-5 Evaluation; report. (a) The legislative auditor shall evaluate each board, commission, and regulatory program created under a chapter repealed by section 26H-4 and shall submit an evaluation report to the legislature prior to the convening of the regular session of the year of the repeal date; provided that the legislative auditor shall evaluate each board, commission, and regulatory program at least once every ten years. The evaluation shall assess whether the regulatory program established by the chapter complies with the policies established by section 26H-2 and whether the public interest requires that the chapter be reenacted, modified, or permitted to expire. Each board or commission and the director shall assist the auditor in collecting and reporting such data as the auditor may require to conduct the evaluation. Even if the auditor finds that the chapter should not be reenacted, the auditor shall evaluate the effectiveness and efficiency of the regulatory program and make appropriate recommendations to improve the policies, procedures, and practices. The legislature may hold a public hearing on each evaluation report. If the auditor finds that a regulatory program within the chapter should be permitted to expire, the auditor shall make recommendations, if needed, for appropriate restrictions to be placed on the program subsequent to the termination of regulation.

(b) The legislative auditor shall provide each board, commission, or regulatory program evaluated pursuant to this chapter not less than thirty days to review and comment upon the evaluation report prior to submission of the report to the legislature; provided that if the legislative auditor fails to provide the thirty day

review and comment period to the board, commission, or regulatory program being evaluated, the chapter subject to repeal shall be automatically reenacted for a period of one year. If the legislative auditor receives written comments from the board, commission, or department of regulatory agencies, the legislative auditor shall append the written comments to each copy of the evaluation report prior to submission to the legislature.”

SECTION 4. The effect of the first section of this Act is the postponement of all sunset reports for one year. During the one year hiatus, the legislative auditor will not be evaluating boards or submitting reports pursuant to Chapter 26H.

During legislative review of earlier auditor's sunset reports, the boards have alleged that the fault was not in the board but in the department of regulatory agencies. They complained, particularly, about the complaint handling process and felt that the delays in complaint handling were due to the department and not the board. Complaints were also heard regarding testing and levels of staff support.

The legislature finds that future sunset reports would be more meaningful if we first address the relationship between the boards and the department. The legislative auditor is, therefore, directed to use the hiatus created by this Act to prepare an evaluation of the department of regulatory agencies regulated industries program and related functions, including but not limited to its interface with the office of consumer protection. The evaluation shall be submitted to the legislature prior to the convening of the 1982 session; provided that the department of regulatory agencies be provided thirty days to review the report prior to it being submitted to the legislature. The legislative auditor shall append any written comments received from the department to the report.

SECTION 5. All acts passed by the legislature during this Regular Session of 1981, whether enacted before or after the effective date of this Act, shall be amended to conform with this Act.

ACT 89

H.B. NO. 14

A Bill for an Act Relating to Insurance Contracts.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The purpose of this Act is to establish minimum readability standards for life, disability, credit life, credit disability, and homeowners insurance contracts and motor vehicle no-fault insurance contracts covering personally-owned private passenger motor vehicles delivered or issued for delivery in this State.

This Act is not intended to alter the risks assumed by insurers subject to the Act, nor to change their obligation to comply with the provisions of other insurance laws relating to life, disability, credit life, credit disability, homeowners, and motor vehicle no-fault insurance. This Act is not intended to prevent flexibility and innovation in the development of contract forms or content nor to require standard contract forms or content.

SECTION 2. The Hawaii Revised Statutes is amended by adding a new chapter to be appropriately designated and to read as follows:

“CHAPTER READABILITY OF INSURANCE CONTRACTS

§ -1 Definitions. As used in this chapter:

- (1) “Commissioner” means the state insurance commissioner.
- (2) “Contract” means any policy of life, disability, credit life, credit disability, and homeowners insurance, and motor vehicle no-fault insurance covering personally owned or personally leased private passenger motor vehicles prepared for delivery by an insurer.
- (3) “Flesch reading ease test” means the test set forth in section -4.

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

- (4) "Insurer" means any company, corporation, exchange, society, or association organized on the stock, mutual, assessment, or fraternal plan of insurance and authorized under the insurance laws of this State to issue life, disability, credit life, credit disability, homeowners, and motor vehicle no-fault insurance, including but not limited to fraternal benefit societies, nonprofit health service corporations, nonprofit hospital service corporations, and health maintenance organizations.
- (5) "Text" includes all printed material in the contract except:
 - (A) The insurer's name and address;
 - (B) The name, number, or title of the contract;
 - (C) The table of contents or index;
 - (D) Any captions or subcaptions;
 - (E) Any specification pages, schedules, or tables;
 - (F) Any language required by federal law, regulation, or agency interpretation or any written certification to exclude such language;
 - (G) Any language required by any collective bargaining agreement;
 - (H) Any medical terminology; and
 - (I) Any definitions.

§ -2 **General readability requirements.** Notwithstanding any other law to the contrary, no contract shall be delivered or issued for delivery in this State unless:

- (1) The text achieves a minimum score of forty on the Flesch reading ease test or an equivalent score on any other comparable test prescribed by the commissioner under section -3(a);
- (2) The contract is printed, except for specification pages, schedules, and tables, in not less than ten point type, one point leaded;
- (3) The style, arrangement, and general appearance of the contract gives no undue prominence to any endorsements, riders, or other portions of the text; and
- (4) A table of contents or index of principal sections is provided with the contract when the text consists of more than three thousand words printed on three or less pages or when the text has more than three pages regardless of the total number of printed words.

§ -3 **Required reading test; authorization and availability.** (a) Every insurer shall use the Flesch reading ease test to determine the readability of any contract required by section -2(1). Whenever the commissioner determines that the Flesch reading ease test is inappropriate for the purposes of section -2(1), the commissioner shall prescribe an alternative comparable test to be used by the insurer.

(b) The commissioner shall provide each insurer with a copy of the Flesch reading ease test. Whenever an alternative test is prescribed, the commissioner shall provide a copy of the test, accompanied by a set of instructions explaining the manner in which such test shall be conducted, to each insurer.

§ -4 **Flesch reading ease test; procedures.** (a) Whenever the Flesch reading ease test is used, its reading score shall be computed as follows:

- (1) The number of words and sentences in the text shall be counted and the total number of words divided by the total number of sentences; and
- (2) The resulting figure shall be multiplied by a factor of 1.015; then

- (3) The total number of syllables shall be counted and then divided by the total number of words; and
- (4) The resulting figure shall be multiplied by a factor of 84.6; then
- (5) The figures computed in paragraphs (2) and (4) shall be added together and the resulting sum subtracted from 206.835 to yield the Flesch reading ease score.
- (b) For the purpose of subsection (a), the following procedures shall be used:
 - (1) Each contract consisting of ten thousand words or less shall be analyzed in its entirety by the method prescribed in subsection (a);
 - (2) Each contract consisting of more than ten thousand words may be analyzed by applying the method prescribed in subsection (a) to two, two-hundred word samples separated by a minimum of ten printed lines on each page of the contract;
 - (3) All riders, endorsements, applications, and other forms may be scored with the contract or scored as separate forms;
 - (4) Numbers and letters, when separated by spaces, a contraction, or a hyphenated word shall be counted as one word;
 - (5) A unit of words ending with a period, semicolon, or colon, excluding headings and captions, shall be counted as one sentence;
 - (6) Whenever an accepted dictionary indicates that a word has two or more acceptable pronunciations, the pronunciation having the fewer number of syllables may be used. Syllable, as used in this paragraph, means a unit of spoken language consisting of one or more letters of a word as divided by an accepted dictionary.

§ -5 Flesch reading ease score; lower score authorized; when. The commissioner may authorize a score lower than the minimum Flesch reading ease score required in section -2(1) when the commissioner determines that the lower score:

- (1) Will provide a more accurate indication of the readability of the contract;
- (2) Is warranted by the nature of a particular contract form, type, or class of contract forms; or
- (3) Is the result of any language required by state law, regulation, or agency interpretation.

§ -6 Filing and certification of contracts. Every insurer shall file a copy of the contract with the commissioner. The contract shall be accompanied by a certificate signed by an officer of the insurer stating that the contract meets the minimum Flesch reading ease score required in section -2(1). Whenever the score is lower than the minimum Flesch reading ease score required in section -2(1), the certificate shall indicate the lower score and request the contract to be approved under section -5. In determining the accuracy of any certificate, the commissioner may require the insurer to submit any additional information.

§ -7 Approval of contracts. Any contract meeting the requirements of sections -2 and -6 shall be approved for delivery, notwithstanding the provision of any other laws specifying the content of contracts, whenever the contract provides protection not less favorable than that required by such laws.

§ -8 Exemptions of certain contracts. The provisions of this chapter shall not apply to:

- (1) Any contract which is a security subject to federal jurisdiction;
- (2) Any group contract covering a group of one thousand or more lives at date of issue, other than a group credit life or credit disability contract, but any individual certificate issued under a group contract delivered or issued for delivery in this State shall not be exempt;
- (3) Any group annuity contract which funds a pension, profit-sharing, or deferred compensation plan;
- (4) Any form used in connection with, as a conversion from, as an addition to, or in exchange under, a contractual provision for a contract delivered or issued for delivery on a form approved or permitted to be issued prior to the dates required in section -9; or
- (5) The renewal of a contract delivered or issued for delivery prior to the dates required in section -9.

§ -9 **Applicability of chapter; effective dates.** This chapter shall apply to all contracts filed after June 30, 1983. No contract shall be delivered or issued for delivery in this State after June 30, 1984, unless the contract meets the requirements of this chapter or has been approved by the commissioner. Any contract approved or permitted to be issued prior to July 1, 1984 is exempt from refileing for approval and may continue to be lawfully delivered or issued for delivery in this State; provided a list of such contracts identified by contract number and accompanied by a signed certificate in the manner prescribed in section -6 is filed with the commissioner.”

SECTION 3. Chapter 487A, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read as follows:

§487A- **Exempt transactions.** This chapter shall not apply to any contract of insurance issued in this State.”

SECTION 4. New statutory material is underscored.*

SECTION 5. This Act shall take effect upon its approval.

SECTION 2. Section 208, Hawaiian Homes Commission Act 1920, as amended, is amended to read as follows:

"§208. **Conditions of leases.** Each lease made under the authority granted the department by section 207 of this Act, and the tract in respect to which the lease is made, shall be deemed subject to the following conditions, whether or not stipulated in the lease:

- (1) The original lessee shall be a native Hawaiian, not less than twenty-one years of age. In case two lessees either original or in succession marry, they shall choose the lease to be retained, and the remaining lease shall be transferred, quit claimed, or canceled in accordance with the provisions of succeeding sections.
- (2) The lessee shall pay a rental of \$1 a year for the tract and the lease shall be for a term of ninety-nine years.
- (3) The lessee shall occupy and commence to use or cultivate the tract as his home or farm or occupy and commence to use the tract for aquaculture purposes, as the case may be, within one year after the lease is made.
- (4) The lessee shall thereafter, for at least such part of each year as the department shall by regulation prescribe, so occupy and use or cultivate the tract on his own behalf.
- (5) The lessee shall not in any manner transfer to, or mortgage, pledge, or otherwise hold for the benefit of, any other person or group of persons or organizations of any kind, except a native Hawaiian or Hawaiians, and then only upon the approval of the department, or agree so to transfer, mortgage, pledge, or otherwise hold, his interest in the tract. Such interest shall not, except in pursuance of such a transfer, mortgage, or pledge to or holding for or agreement with a native Hawaiian or Hawaiians approved of by the department, or for any indebtedness due the department or for taxes, or for any other indebtedness the payment of which has been assured by the department, including loans from other agencies where such loans have been approved by the department, be subject to attachment, levy, or sale upon court process. The lessee shall not sublet his inter-

- (6) The lessee shall pay all taxes assessed upon the tract and improvements thereon. The department may in its discretion pay such taxes and have a lien therefor as provided by section 216 of this Act.
- (7) The lessee shall perform such other conditions, not in conflict with any provision of this Act, as the department may stipulate in the lease; provided that an original lessee shall be exempt from all taxes for the first seven years from date of lease."

SECTION 3. Section 209, Hawaiian Homes Commission Act 1920, as amended, is amended by amending subsection (1) to read as follows:

"(1) Upon the death of the lessee, his interest in the tract or tracts and the improvements thereon, including growing crops and aquacultural stock (either on the tract or in any collective contract or program to which the lessee is a party by virtue of his interest in the tract or tracts), shall vest in the relatives of the decedent as provided in this paragraph. From the following relatives of the lessee, husband and wife, children, widows or widowers of the children, grandchildren, brothers and sisters, widows or widowers of the brothers and sisters, or nieces and nephews, the lessee shall designate the person or persons to whom he directs his interest in the tract or tracts to vest upon his death. Such person or persons must be qualified to be a lessee of Hawaiian home lands; provided that Hawaiian blood requirements shall not apply to the descendants of those who are not native Hawaiians but who were entitled to the leased lands under the provisions of section 3 of the Act of May 16, 1934 (48 Stat. 777, 779), as amended; provided further that such person or persons need not be twenty-one years of age. Such designation shall be in writing, shall be specified at the time of execution of such lease with a right in such lessee in similar manner to change such beneficiary at any time and shall be filed with the department and approved by the department in order to be effective to vest such interests in the successor or successors so named.

In the absence of such a designation as approved by the department, the department shall select from the relatives of the lessee in order named above as limited by the foregoing paragraph one or more persons who are qualified to be lessees of Hawaiian home lands, except as hereinabove provided, as the successor or successors of the lessee's interest in the tract or tracts, and upon the death of the lessee, his interest shall vest in the person or persons so selected. The department may select such a successor or successors after the death of the lessee, and the rights to the use and occupancy of the tract or tracts may be made effective as of the date of the death of such lessee.

In the case of the death of a lessee leaving no such relative qualified to be a lessee of Hawaiian home lands, the land subject to the lease shall resume its status as unleased Hawaiian home lands and the department is authorized to lease such land to a native Hawaiian or Hawaiians as provided in this Act.

Upon the death of a lessee leaving no such relative qualified to be a lessee of Hawaiian home lands, or the cancellation of a lease by the department, or the surrender of a lease by the lessee, the department shall appraise the value of all such improvements and growing crops or improvements and aquacultural stock, as the case may be, and shall pay to the legal representative of the deceased lessee, or to the

previous lessee, as the case may be, the value thereof, less any indebtedness to the department, or for taxes, or for any other indebtedness the payment of which has been assured by the department, from the deceased lessee or the previous lessee. Such payments shall be made out of the loan fund and shall be considered an advance therefrom reimbursable out of payments made by the successor or successors to the tract involved.

Such appraisal shall be made by three appraisers, one of which shall be named by the department, one by the previous lessee or the legal representative of the deceased lessee, as the case may be, and the third shall be selected by the two appraisers hereinbefore mentioned."

SECTION 4. Section 213, Hawaiian Homes Commission Act 1920, as amended, is amended by amending subsection (a) to read as follows:

"(a) There are established in the treasury of the State seven revolving funds, to be known respectively as the Hawaiian home loan fund, the additional receipts loan fund, the Hawaiian home general loan fund, the Hawaiian home replacement loan fund, the Hawaiian home repair loan fund, the Hawaiian home farm loan fund, and the Hawaiian home operating fund.

(1) Hawaiian home loan fund. Thirty per cent of the state receipts derived from the leasing of cultivated sugarcane lands under any other provision of law or from water licenses shall be deposited into this fund. The aggregate amount of this fund including:

(2) Additional receipts loan fund. Moneys transferred to this fund, installments of principal paid by the lessees upon loans made to them from this fund, or as payments representing reimbursement on account of advances, but not including interest on such loans or advances, shall be

Moneys appropriated to this fund by the legislature; moneys transferred from the Hawaiian loan interest fund; and installments of principal paid by the lessees upon loans made to them from this fund shall be deposited to this fund. The moneys in this fund shall be used to make loans in amounts not in excess of \$10,000 to lessees for repairs to their existing homes and for additions to such homes.
 - (6) Hawaiian home farm loan fund. Moneys appropriated to this fund by the legislature; moneys transferred from the Hawaiian loan interest fund; and installments of principal paid by the lessees upon loans made to them from this fund shall be deposited to this fund. The moneys in this fund shall be used to make loans not in excess of \$35,000 to lessees of agricultural tracts and tracts used for aquaculture leased under section 207 of this Act.

The moneys in this fund may be supplemented by other funds available for, or appropriated by the legislature for, the same purposes. In addition to such moneys, this fund, with the approval of the governor, may be supplemented by transfers, made on a loan basis from the Hawaiian home loan fund for a period not exceeding ten years; provided that the aggregated amount of such transfers outstanding at any one time shall not exceed \$500,000.”

SECTION 5. Section 214, Hawaiian Homes Commission Act 1920, as amended, is amended by amending subsection (a) to read as follows:

“(a) The department may make loans from revolving funds to any lessee to whom, or any cooperative association to which, a lease or license has been issued under section 207 of this Act. Such loans may be made for the following purposes:

- (1) The repair or maintenance or purchase or erection of dwellings on any tract, and the undertaking of other permanent improvements thereon;
- (2) The purchase of livestock, swine, poultry, fowl, aquaculture stock, and farm and aquaculture equipment;
- (3) Otherwise assisting in the development of tracts and of farm, ranch, and aquaculture operations;
- (4) The cost of breaking up, planting, and cultivating land and harvesting crops, the cost of excavating or constructing aquaculture ponds and tanks, the purchase of seeds, fertilizers, feeds, insecticides, medicines, and chemicals for disease and pest control for animals, fish, shellfish, and crops, and the related supplies required for farm, ranch, and aquaculture operations, the erection of fences and other permanent improvements for farm, ranch and aquaculture purposes and the expense of marketing; and
- (5) To assist lessees in the operation or erection of theaters, garages, service stations, markets, stores, and other mercantile establishments, all of which shall be owned by lessees of the department or by organizations formed and controlled by the lessees.”

SECTION 6. Section 215, Hawaiian Homes Commission Act 1920, as amended, is amended to read as follows:

“§215. **Conditions of loans.** Except as otherwise provided in section 213(a)(5), each contract of loan with the lessee or any successor or successors to his interest in the tract or with any agricultural, mercantile, or aquacultural cooperative association composed entirely of lessees shall be held subject to the following conditions whether or not stipulated in the contract loan:

- (1) At any one time, the outstanding amount of loans made to any lessee, or successor or successors in interest, for the repair, maintenance, purchase, and erection of a dwelling and related permanent improvements shall not exceed \$35,000, for the development and operation of a farm, ranch, or aquaculture operation shall not exceed \$35,000, except that when loans

are made to an agricultural or aquaculture cooperative association for the purposes stated in section 214(a)(4), the loan limit shall be determined by the department on the basis of the proposed operations and the available security of the association, and for the development and operation of a mercantile establishment shall not exceed the loan limit determined by the department on the basis of the proposed operations and the available security of the lessee or of the organization formed and controlled by lessees; provided that where, upon the death of a lessee leaving no relative qualified to be a lessee of Hawaiian home lands, or the cancellation of a lease by the department, or the surrender of a lease by the lessee, the department shall make the payment provided for by section 209(1), the amount of any such payment made to the legal representative of the deceased lessee, or to the previous lessee, as the case may be, shall be considered as part or all, as the case may be, of any such loan to the successor or successors, without limitation as to the above maximum amounts; provided further that in case of the death of a lessee, or cancellation of a lease by the department, or the surrender of a lease by the lessee, the successor or successors to the tract shall assume any outstanding loan or loans thereon, if any, without limitation as to the above maximum amounts but subject to paragraph (3) of this section.

- (2) The loans shall be repaid in periodic installments, such installments to be monthly, quarterly, semi-annual, or annual as may be determined by the department in each case. The term of any loan shall not exceed thirty years. Payments of any sum in addition to the required installments, or payment of the entire amount of the loan, may be made at any time within the term of the loan. All unpaid balances of principal shall bear interest at the rate of two and one-half per cent a year for loans made directly from the Hawaiian home-loan fund, or at the rate of two and one-half per cent or higher as established by law for other loans, payable periodically or upon demand by the department, as the department may determine. The payment of any installment due shall be postponed in whole or in part by the department for such reasons as it deems good and sufficient and until such later date as it deems advisable. Such postponed payments shall continue to bear interest on the unpaid principal at the rate established for the loan.
- (3) In the case of the death of a lessee the department shall, in any case, permit the successor or successors to the tract to assume the contract of loan subject to paragraph (1) of this section. In case of the cancellation of a lease by the department or the surrender of a lease by the lessee, the department may, at its option declare all installments upon the loan immediately due and payable, or permit the successor or successors to the tract to assume the contract of loan subject to paragraph (1) of this section. The department may, in such cases where the successor or successors to the tract assume the contract of loan, waive the payment, wholly or in part, of interest already due and delinquent upon the loan, or postpone the payment of any installment thereon, wholly or in part, until such later dates as it deems advisable. Such postponed payments shall,

however, continue to bear interest on the unpaid principal at the rate established for the loan. Further, the department may, if it deems it advisable and for the best interests of the lessees, write off and cancel, wholly or in part, the contract of loan of the deceased lessee, or previous lessee, as the case may be, where such loans are delinquent and deemed uncollectible. Such write-offs and cancellation shall be made only after an appraisal of all improvements and growing crops or improvements and aquaculture stock, as the case may be, on the tract involved, such appraisal to be made in the manner and as provided for by section 209(1). In every case, the amount of such appraisal, or any part thereof, shall be considered as part or all, as the case may be, of any loan to such successor or successors, subject to paragraph (1) of this section.

- (4) No part of the moneys loaned shall be devoted to any purpose other than those for which the loan is made.
- (5) The borrower or the successor to his interest shall comply with such other conditions, not in conflict with any provision of this title, as the department may stipulate in the contract of loan.
- (6) The borrower or the successor to his interest shall comply with the conditions enumerated in section 208, and with the provisions of section 209 of this title in respect to the lease of any tract.
- (7) Whenever the department shall determine that a borrower is delinquent in the payment of any indebtedness to the department, it may require such borrower to execute an assignment to it, not to exceed, however, the amount of the total indebtedness of such borrower, including the indebtedness to others the payment of which has been assured by the department of all moneys due or to become due to such borrower by reason of any agreement or contract, collective or otherwise, to which the borrower is a party. Failure to execute such an assignment when requested by the department shall be sufficient ground for cancellation of the borrower's lease or interest therein."

SECTION 7. Section 216, Hawaiian Homes Commission Act 1920, as amended, is amended as follows:

1. By amending subsection (a) to read as follows:

"(a) The department may require the borrower to insure, in such amount as the department may prescribe, any livestock, aquaculture stock, swine, poultry, fowl, machinery, equipment, dwellings, and permanent improvements purchased or constructed out of any moneys loaned or assured by the department; or, in lieu thereof, the department may directly take out such insurance and add the cost thereof to the amount of principal payable under the loan."

2. By amending subsections (c) and (d) to read as follows:

"(c) The department shall have a first lien upon the borrower's or lessee's interest in any lease, growing crops, aquaculture stock, either on his tract or share in any collective contract or program, livestock, swine, poultry, fowl, aquaculture stock, machinery, and equipment purchased with moneys loaned by the department, and in any dwellings or other permanent improvements on any leasehold tract, to the

amount of all principal and interest due and unpaid and of all taxes and insurance and improvements paid by the department, and any other indebtedness of the borrower, the payment of which has been assured by the department. Such lien shall have priority over any other obligation for which the property subject to the lien may be security.

(d) The department may, subject to this Act and procedures established by rule, enforce any lien by declaring the borrower's interest in the property subject to the lien to be forfeited, any lease held by the borrower canceled and shall thereupon order such leasehold premises vacated and the property subject to the lien surrendered within a reasonable time. The right to the use and occupancy of the Hawaiian home lands contained in such lease shall thereupon revert in the department, and the department may take possession of the premises covered therein and the improvements and growing crops or improvements and aquaculture stock thereon; provided that the department shall pay to the borrower any difference which may be due him after the appraisal provided for in section 209 has been made."

SECTION 8. Section 219, Hawaiian Homes Commission Act 1920, as amended, is amended to read as follows:

"§219. Agricultural and aquacultural experts. The department is authorized to employ agricultural and aquacultural experts at such compensation and in such number as it deems necessary. The annual expenditures for such compensation shall not exceed \$6,000. It shall be the duty of such agricultural and aquacultural experts to instruct and advise the lessee of any tract or the successor to the lessee's interest therein as to the best methods of diversified farming and stock raising and aquaculture operations and such other matters as will tend successfully to accomplish the purposes of this title."

SECTION 9. Section 219.1, Hawaiian Homes Commission Act 1920, as amended, is amended to read as follows:

"§219.1. General assistance. The department is authorized to carry on any activities it deems necessary to assist the lessees in obtaining maximum utilization of the leased lands, including taking any steps necessary to develop these lands for their highest and best use commensurate with the purposes for which the land is being leased as provided for in section 207, and assisting the lessees in all phases of farming, ranching, and aquaculture operations and the marketing of their agricultural or aquacultural produce and livestock."

SECTION 10. Section 221, Hawaiian Homes Commission Act 1920, as amended, by amending subsections (b) and (c) to read as follows:

"(b) All water licenses issued after the passage of this Act shall be deemed subject to the condition, whether or not stipulated in the license, that the licensee shall, upon the demand of the department, grant to it the right to use, free of all charge, any water which the department deems necessary adequately to supply the livestock, aquaculture operations, or domestic needs of individuals upon any tract.

(c) In order adequately to supply livestock, the aquaculture operations, or the domestic needs of individuals upon any tract, the department is authorized (1) to use, free of all charge, government-owned water not covered by any water license or covered by a water license issued after the passage of this Act or covered by a water

license issued previous to the passage of this Act but containing a reservation of such water for the benefit of the public, and (2) to contract with any person for the right to use or to acquire, under eminent domain proceedings similar, as near as may be, to the proceedings provided in respect to land by sections 101-10 to 101-34, Hawaii Revised Statutes, the right to use any privately owned surplus water or any government-owned surplus water covered by a water license issued previous to the passage of this Act, but not containing a reservation of such water for the benefit of the public. Any such requirement shall be held to be for a public use and purpose. The department may institute the eminent domain proceedings in its own name."

SECTION 11. The provisions of these legislative amendments are declared to be severable, and if any section, sentence, clause, or phrase of the legislative amendments or any of them, or the application thereof to any person or circumstances is held ineffective because there is a requirement of having the consent of the United States to take effect, then, that portion only shall take effect upon the granting of consent by the United States and the effectiveness of the remainder of these legislative amendments or the application thereof shall not be affected.

Back pay liability shall not accrue from a date more than two years prior to the filing of the complaint with the department.

director or his authorized representative shall have access to the premises of the parties or persons reasonably connected thereto, records, documents, and other material relevant to the complaint and shall have the right to examine, photograph, and copy such material, and may question such employees and make such investigation to determine whether any person has violated this part or any rule or regulation issued hereunder or which may aid in the enforcement of this part.

(b) Every employer, employment agency, and labor organization shall:

"**§290-11 Vehicles left unattended on private and public property; sale or disposition of abandoned vehicles.** (a) Notwithstanding any other provision of this chapter, any vehicle left unattended on private or public property without authoriza-

tion of the owner or occupant of the property, may be towed away at the expense of the owner of the vehicle, by order of the owner, occupant, or person in charge of the property; provided that there is posted a notice prohibiting vehicles to park on the property without authorization. The notice shall state where the vehicle will be towed and held. The notice shall be of such size and be placed in a location reasonably calculated to call the sign to the attention of potential parkers.

(b) Towing companies engaged by the owner, occupant, or person in charge of the property shall charge no more than \$25 a tow, \$37.50 for a tow using a dolly and \$3.50 for each twenty-four hour period of storage or fraction thereof. The towing company shall determine the name of the legal owner and the registered owner of the vehicle from the department of transportation or the county department of finance. The legal owner and the registered owner shall be notified in writing at the address on record with the department of transportation or with the county department of finance by registered or certified mail of the location of the vehicle, together with a description of the vehicle, within a reasonable period not to exceed twenty days of the tow. The notice shall state that if the vehicle is not recovered within thirty days after the mailing of the notice, the vehicle shall be deemed abandoned and will be sold or disposed of as junk. Where the owners have not been so notified then the owner may recover his car from the towing company without paying tow or storage fees; provided that the notice need not be sent to a legal or registered owner or any person with an unrecorded interest in the vehicle whose name or address cannot be determined. A mail receipt signed by the registered owner is prima facie evidence of notification. Any remaining balance shall be forwarded to the legal or registered owner of the vehicle if he can be found. If he cannot be found, the balance shall be deposited with the director of finance of the State and shall be paid out to the legal or registered owner of the vehicle if a proper claim is filed therefor within one year from the execution of the sales agreement. If no claim is made within the year allowed, the money shall become a state realization.

(e) The transfer of title and interest by sale under this part is a transfer by operation of law; provided that if the certificate of ownership or registration is unavailable, a bill of sale executed by an authorized seller is satisfactory evidence authorizing the transfer of the title or interest.

ACT 98

H.B. NO. 1530

A Bill for an Act Relating to Agricultural Product Promotion and Market Development.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Agriculture has long been and continues to be one of Hawaii's most important industries. Only two other industries, the visitor industry and defense-related federal spending, generate more revenues than agriculture. While sugar and pineapple have long been the pillars of Hawaiian agriculture, recent decades and years have seen the spectacular development of diversified agriculture. Generally, diversified agriculture includes all agricultural production other than sugar and pineapple. According to data reported in “Statistics of Hawaiian Agriculture 1979”, cash receipts for diversified agriculture in 1979 reached a record new high of \$152,000,000.

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

Many local farmers and ranchers and others in the public sector bearing statutory responsibility for the support and development of agriculture continue to voice the belief that the future of Hawaiian agriculture generally and diversified agriculture in particular will be largely determined by the quality of market development and product promotion programs.

The importance of market development and product promotion has been recognized by the legislature as well. During the 1978 regular session, the legislature adopted House Concurrent Resolution (HCR) No. 107, H.D. 2. The HCR called attention to the need for greater efficiency and effectiveness in agricultural market development and product promotion and requested the governor's agriculture coordinating committee (GACC) to establish policy guidelines in these areas. In response to this legislative request, the GACC submitted a twenty-six page report which contains a number of significant findings. One of the findings was that there is duplication of responsibility arising from the provisions of statutory law and administrative rules and regulations. In this regard, the following were noted: (1) the department of planning and economic development (DPED) conducts surveys and feasibility studies; investigates market demand, sales goals, and industry production and capital requirements; and plans for the implementation of development programs; (2) the college of tropical agriculture and human resources (CTAHR), University of Hawaii, directs the development of a complete industry analysis, commodity by commodity; (3) the DPED and CTAHR both work with associations of agricultural producers; and (4) there is duplication in the assignment of functional activity of industry promotion under the provisions of the Hawaii Revised Statutes.

The "State Agriculture Plan and Technical Reference Document October 1980", a state functional plan, submitted by the department of agriculture pursuant to the requirements of chapter 226, Hawaii Revised Statutes, also addresses the subject of product promotion and market development. Among the pertinent recommendations found in the plan are the two following: (1) designates the governor's agriculture coordinating committee to serve as the implementing organization in adopting criteria for selecting agricultural industry problems for state resource allocation; and (2) base resource allocation in support of agricultural production and marketing on the problems and priorities determined by the industry analysis currently being performed and designate the governor's agriculture coordinating committee as the implementing organization.

The legislature finds that the duplication found to be existing in product promotion and market development is detrimental to the goals for agricultural development. The legislature further concurs with the recommendations that the governor's agriculture coordinating committee be given expanded authority and responsibility in product promotion and market development.

The purpose of this Act is to eliminate such duplication as now exists and to otherwise increase the efficiency and effectiveness of resource allocation as it relates to agricultural product promotion and market development.

SECTION 2. Section 26-18, Hawaii Revised Statutes, is amended to read as follows:

"§26-18 Department of planning and economic development. The department of planning and economic development shall be headed by a single executive to

be known as the director of planning and economic development.

The department shall encourage the promotion of the products of agriculture and the development and promotion of industry and tourism, through the gathering and dissemination of information of use to enterprisers, the offering of expert consultative services, the planning of fairs, the administering of business credit programs, and other programs established by law. With respect to the promotion of agricultural products, the department's activities shall be consistent with the policies, programs, and activities of the governor's agriculture coordinating committee.

There shall be within the department of planning the economic development a commission to be known as the board of planning and economic development which shall sit in an advisory capacity to the director of planning and economic development on matters within the jurisdiction of the department of planning and economic development. The board shall consist of nine members, one from each senatorial district and three at large.

The functions and authority heretofore exercised by the economic planning and coordination authority (except the research function transferred to the department of planning and research), the planning office with respect to tourism development as described in section 201-27, and the fair commission of Hawaii with respect to the planning of fairs are transferred to the department of planning and economic development established by this chapter.

The land use commission is placed in the department of planning and economic development for administrative purposes. The functions, duties, and powers, subject to the administrative control of the director of planning and economic development, and the composition of the commission shall be as heretofore provided by law.

The department of planning and economic development shall be empowered to establish, modify, or abolish statistical boundaries for cities, towns, or villages in the State. The department shall publish annually an up-to-date list of cities, towns, and villages for which statistical boundaries have been set."

SECTION 3. Section 164-2, Hawaii Revised Statutes, is amended to read as follows:

"§164-2 Powers and duties. The governor's agriculture coordinating committee shall:

- (1) Prepare and propose to the governor a state agriculture policy which, upon approval of the governor, shall serve as a guide for agricultural development in the State. The policy shall include but not be limited to a statement of objectives in the following areas: (A) commercial production, (B) processing, (C) distribution, (D) transportation, (E) marketing, (F) agricultural land and water use, (G) agricultural growth, diversification, and self-sufficiency, (H) agricultural pollution, and (I) agricultural research;

SECTION 4. Section 153-2, Hawaii Revised Statutes, is amended to read as follows:

"§153-2 Hawaii agricultural products program. There is hereby established the Hawaii agricultural products program to be administered by the board of agriculture. The program shall be consistent with the policies, programs, and activities relating to agricultural product promotion and market development established by the governor's agriculture coordinating committee."

A Bill for an Act Relating to the Job-Sharing Pilot Project in the Department of Education.

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The legislature finds that Act 150, Session Laws of Hawaii 1978, established a three-year pilot project in the department of education to test the feasibility of job-sharing. Act 134, Session Laws of Hawaii 1980, which amended Act 150 amended the pilot project design for the remaining year of the test period. The two major amendments (1) removed the restriction that only classroom teachers may apply, thereby enabling such personnel as school counselors and school librarians to participate in job-sharing; and (2) removed the restriction that only five per cent of the eligible personnel at any one school may participate.

The legislature finds that in view of the recent change in the pilot project design mandated by Act 134 and the need to adequately test the modified design, there is a need to extend the pilot project for an additional two years.

SECTION 2. Section 2, Act 150, Session Laws of Hawaii 1978, as amended by Act 134, Session Laws of Hawaii 1980, is amended to read as follows:

“SECTION 2. There is established a [three-year] five-year job-sharing pilot project to be conducted by the department of education for the 1978-79, 1979-80, [and] 1980-1981, 1981-82, and 1982-83 academic years; provided that the department of education shall not implement the pilot project without first carefully developing its plans, procedures, and guidelines and shall initiate the project to the extent practicable during the 1978-79 academic year. Job-sharing, for the purpose of this Act, is the voluntary equal division of one full-time permanent position between two employees, each performing one-half of the work required for the permanent position. The two half-time positions resulting from the division of one full-time position shall constitute two job-sharing positions. The department of education shall devote no more than one hundred full-time, permanent positions to job-sharing, pursuant to this Act. The department shall administer the pilot project established by this Act, and shall, in consultation with the representatives of the appropriate bargaining units adopt guidelines for the implementation of this Act.”

SECTION 3. Section 3, Act 150, Session Laws of Hawaii 1978, as amended by Act 134, Session Laws of Hawaii 1980, is amended to read as follows:

“SECTION 3. The following shall constitute general requirements of the pilot project, and shall be followed in the implementation of this Act:

- (1) The superintendent of education shall announce the pilot project to all full-time, tenured, certificated personnel of the department excluding educational officers and shall solicit the voluntary requests of such personnel who may be interested in participating in the job-sharing pilot project.
- (2) The superintendent shall, in consultation with the recognized employee bargaining units, formulate and adopt guidelines for the implementation of this Act. Employees who respond to the announcement and others who may request information shall receive a full written description of the terms of the pilot project when the guidelines are finalized and those desiring to participate may apply to participate in the project. The employees who apply for participation shall obtain the concurrence of their immediate supervisor, other appropriate personnel officers, and the

superintendent. Those who qualify shall then be interviewed by a personnel officer of the department. Participation shall be for school years 1978-79, 1979-80, [or] 1980-81, 1981-82, or 1982-83, except as provided in paragraph (6) of this section.

- (3) Upon the selection of a permanent, full-time employee for job-sharing under this Act, the superintendent shall for the purposes of this Act, convert the position of the employee into two job-sharing positions, one of which shall be filled by the employee, and the other which shall be filled by hiring under this Act.
- (4) Persons hired to fill job-sharing positions shall be recruited through this Act; provided that any person hired for a job-sharing position shall possess the minimum requirements of the full-time position which was converted to job-sharing positions under this Act.
- (5) Job-sharing is, for the purpose of this Act, the voluntary sharing of a full-time, permanent employee's position with another employee, with each working one-half of the total number of hours of work required per week, and with each receiving one-half of the salary to which each is respectively entitled and at least one-half of each employee benefit afforded to full-time employees. Benefits that can be divided in one-half, such as number of days of sick leave, and are considered to be an equitable share when divided, shall be computed on that basis. Benefits that cannot be so divided, such as eligibility for membership in the public employees health plan shall be given to the job-sharers without such division, notwithstanding any contrary provision of chapter 87 or 88, Hawaii Revised Statutes. The newly hired job-sharer shall be excluded from collective bargaining as provided under chapter 89, Hawaii Revised Statutes.

The full-time permanent employee shall not lose membership in an employee bargaining unit because of participation in this project, any law to the contrary notwithstanding. Union membership or service fees paid by job-sharers under this Act shall be at a level consistent with normal union membership dues or service fees. The State's contribution to a job-sharer's prepaid health, prepaid dental, and any group life insurance plans shall be the same as for full-time employees, any other provision of the law to the contrary notwithstanding. Job-sharers shall be covered under chapter 386, Hawaii Revised Statutes, and the applicable provisions of chapter 383, Hawaii Revised Statutes. Service credit for tenured teachers participating in the pilot project under this Act shall be given on the same basis as that for full-time employees. Nothing in this Act shall be construed, however, to vest any person with any rights to permanent employment status, whether under civil service or otherwise, which did not exist prior to the participation of the person in the job-sharing pilot project. The granting of tenure shall be under applicable statutes. No full-time position shall be abolished or reduced to a half-time position as a result of this Act, except for the purpose of job-sharing, and only for the time allowed for the project by this Act. In a reduction-in-force procedure, consideration of a job-sharer's tenure rights shall be on the same basis as that of a full-time employee. Nothing in this Act shall impair

the employment or employment rights or benefits of any employee.

- (6) Participation in the pilot project shall require the commitment on the part of all parties to a contractual agreement; provided that the employee shall be given the option to contract for one or more years.
- (7) No job-sharing position created under this Act and committed to a specified period of time under the terms of the contractual agreement shall be converted to full-time status before the termination of the contractual agreement. A job-sharing vacancy created by the resignation, retirement, or other permanent or temporary severance of employment with the department of education on the part of any person shall be filled through recruitment of another person pursuant to this Act.
- (8) Upon the termination of contractual agreements under this Act, all job-sharing positions shall be reconverted to full-time positions, and the employees who held the full-time positions prior to their participation in the pilot project shall be entitled to resume their positions without loss of previous tenure, or other employee rights."

SECTION 4. Section 4, Act 150, Session Laws of Hawaii 1978, is amended to read as follows:

"SECTION 4. The office of the legislative auditor shall monitor and evaluate the pilot project, with particular regard to the efficacy of the job sharing concept, and shall evaluate factors such as turnover rates, absenteeism, productivity, morale, and demographic factors such as ethnic, sex, and age composition of participants, and other pertinent data. The office of the legislative auditor shall also among other analyses identify factors which facilitated or made more difficult the implementation of this Act. The office of the legislative auditor shall submit status reports on its findings to the regular legislative sessions of 1979, 1980, and 1981, and may report on its findings and recommendations to the legislative session of 1982."

A Bill for an Act Relating to Housing.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Chapter 356, Hawaii Revised Statutes, is amended by adding a new part to read as follows:

“PART III. RENTAL ASSISTANCE PROGRAM

§356-301 Purpose; findings and determinations. The legislature finds and declares that the health and general welfare of the people of the State require that the people of this State have safe and sanitary rental housing accommodations available at affordable rents; that a grave shortage in the number of such accommodations affordable by families and individuals of low and moderate income in the State exists; that it is essential that owners of rental housing accommodations be provided with appropriate additional means to assist in reducing the cost of rental housing accommodations to the people of the State; that it is the purpose of this Act to assist such owners in maintaining the rentals at levels affordable by families and individuals of low and moderate income by providing such owners with rental assistance payments which, with rentals received by tenants of low and moderate income, will provide such owners with limited but acceptable rates of return on their investments in rental housing accommodations; and that assisting such owners by entering into contracts with them which provide for rental assistance payments is a valid public purpose and in the public interest.

§356-302 Definitions. The following words or terms as used in this part shall have the following meanings unless a different meaning clearly appears from the context:

“Eligible project” means a rental housing project which:

- (1) Is financed by the authority pursuant to the provisions of part II of chapter 356;
- (2) Is subject to a regulatory agreement with the authority;
- (3) Has not less than twenty per cent of the units in the project maintained for eligible tenants;
- (4) Has the remaining units, other than a unit reserved for a manager of the project, maintained for moderate income persons and families, as defined in section 356-206(b); and
- (5) Meets other qualifications as established by rules adopted by the authority.

“Eligible tenant” means a family or an individual of low or moderate income as determined by the Secretary of the United States Treasury Department in accordance with section 167(k)(3)(B) of the Internal Revenue Code of 1954, as amended.

“Owner” means the owner of an eligible project.

“Regulatory agreement” means an agreement between the authority and the owner relating to an eligible project which includes provisions relating to rents, charges, profits, return on owner’s equity, development costs, and methods of operation.

“Rental assistance contract” means an agreement between an owner and the

authority providing for periodic rental assistance payments for units in an eligible project.

§356-303 Rental assistance fund. (a) There is created a rental assistance fund to be administered by the authority.

(b) The aggregate principal sum in the rental assistance fund, which may without limitation include sums made available from any government program or grant, from private grants or contributions, or by appropriation, shall be invested by the authority in a manner which will preserve the principal sum and maximize the rate of return on investment of the fund; provided that any investment shall be consistent with section 356-31 but need not comply with section 36-21.

(c) Earnings on the investment of the rental assistance fund and amounts recovered by the authority pursuant to section 356-305(f) may be applied by the authority to payments under the rental assistance contracts.

§356-304 Rental assistance contracts. (a) The authority may enter into a rental assistance contract and a regulatory agreement with an owner of an eligible project.

(b) Prior to the execution of a rental assistance contract, the authority may execute an agreement to enter into a rental assistance contract with an owner, which agreement shall provide for the execution of a rental assistance contract upon satisfaction of the terms set forth in such agreement and otherwise established by the authority.

(c) The authority shall not enter into any rental assistance contract which would require the authority to make payments at any time in excess of the amount available at such time or times in the rental assistance fund pursuant to section 356-303 for the funding of such payments. Each rental assistance contract shall provide that rental assistance payments shall be made solely from the earnings on the investment of the rental assistance fund.

(d) A rental assistance contract shall be for a term of not less than ten years and shall not be for a term in excess of the period of which the authority has invested the principal of the rental assistance fund at a known rate of return.

(e) Each rental assistance contract shall set forth a maximum annual rental assistance payment amount. The authority shall establish procedures for determining the maximum annual rental assistance payment amount and may consider, but not be limited to, the following:

- (1) The cost of constructing the eligible project;
- (2) The estimated annual operating cost of the eligible project;
- (3) The estimated maximum rentals which may be charged for units in the eligible project;
- (4) The amount of funds available for the funding of rental assistance contracts;
- (5) The number of eligible projects requiring assistance under this part; and
- (6) A restricted rate of return on equity to the owner, which rate shall be established by the authority by rule.

§356-305 Rules, rental assistance program. (a) Prior to the execution of a rental assistance contract and annually thereafter, the owner shall submit a proposed rental schedule to the authority for approval, which schedule shall list every rental

unit in the project and shall designate which units are to be maintained for eligible tenants.

(b) The authority shall establish procedures for evaluating the rental schedules submitted pursuant to this section, and may consider, but not be limited to, the following:

- (1) The size of and number of bedrooms in the units comprising the eligible project;
- (2) The location of the project and its type (whether high-rise, mid-rise, or low-rise);
- (3) The percentage of units being maintained for eligible tenants; and
- (4) The rentals prevalent in the open market for comparable units.

(c) Annually, following the approval of the rental schedule submitted pursuant to the preceding section, the authority shall determine the amount of rental assistance payments payable to the owner for the forthcoming year, which amount shall under no circumstances exceed the maximum annual rental assistance payment amount determined in accordance with section 356-304. The amount determined pursuant to this subsection shall take into account the estimated amount to be derived by the owner from rentals to be charged for the forthcoming year and the limited rate of return on equity permitted in accordance with section 356-304(e)(6).

(d) The authority shall establish standards and requirements for:

- (1) The awarding of rental assistance contracts and the allocation of annual rental assistance payments;
- (2) The form of lease to be utilized by the owner in renting units in an eligible project;
- (3) The marketing and tenant selection and admission processes to be employed by the owner with respect to an eligible project; and
- (4) The maintenance and operation of eligible projects.

(e) The authority shall establish procedures for:

- (1) The annual review of rental schedules for eligible projects;
- (2) The periodic review of the income of tenants renting units in eligible projects; and
- (3) The periodic inspection of eligible projects to monitor the owners' compliance with the terms and conditions of their rental assistance contracts.

(f) The authority shall be entitled to share in any appreciation in value of an eligible project realized at the time of refinancing or prepayment of the eligible project loan. The authority's share shall be calculated by multiplying the appreciation of the eligible project realized upon refinancing or prepayment by the ratio of the owner's equity to the discounted value of the aggregate rental assistance payments. The discount rate shall be established by rules adopted by the authority.

(g) The authority may adopt rules under chapter 91 necessary or convenient for the operation of the rental assistance program under this part.

§356-306 Benefits of program not exclusive. Nothing in this part contained shall be construed to prohibit, with respect to an eligible project, the operation of the rental assistance program in conjunction with other state or federal programs including, but not limited to, the state rent supplements provided for in part VI of chapter 359."

SECTION 2. Section 356-201, Hawaii Revised Statutes, is amended by amending the definition of "eligible project loan" to read:

"Eligible project loan" means an interim or permanent loan, which may be federally insured or guaranteed, made to a qualified sponsor for the financing of a rental housing project, and which meets other requirements as established by rules adopted by the authority pursuant to chapter 91."

SECTION 3. Section 356-208, Hawaii Revised Statutes, is amended to read as follows:

(c) The authority shall establish restrictions on the prepayment of eligible project loans and on the transfer of ownership of the projects securing eligible project loans.

(d) The authority shall require that any sums deferred on land leased at nominal rates by the authority to the owner of an eligible project shall be recovered by the authority at the time an eligible project loan is prepaid, whether as a result of a refinancing of the eligible project loan or otherwise, to the extent that funds are available therefor from the refinancing or other method by which the eligible project loan is paid in full prior to its due date.

(e) The authority shall enter into an agreement with the owner of an eligible project to be financed with an eligible project loan which shall provide that in the event that the eligible project loan is at any time prepaid for the purpose of converting the rental units of such project to ownership units, all tenants at the time of the proposed conversion shall have the first option to purchase their units.

(f) All eligible project loans shall comply with applicable state and federal laws."

SECTION 4. Section 356-241, Hawaii Revised Statutes, is amended by amending subsection (a) to read as follows:

"(a) The authority may make loans to mortgage lenders under terms and conditions requiring that the loan proceeds be used within a time period prescribed by the authority to make eligible loans and eligible project loans in an aggregate principal amount substantially equal to the amount of the loan."

SECTION 5. Section 356-251, Hawaii Revised Statutes, is amended by amending subsection (b) to read as follows:

 - (2) The original cost of improvements added by the lessee, except when the department determines, in accordance with adopted rules, that such improvements are luxurious in nature; and
 - (3) Simple interest on the lessee's equity in the improvements at the rate of seven per cent a year. "Equity", as used in this paragraph, means the difference between the sum of the original cost of the improvements to the lessee and improvements added by the lessee, and the principal amount on any mortgage, lien, or note outstanding.
- (b) After the end of the tenth year from the effective date of an award, transfer, succession, home replacement, or substantial improvement, as the case may be, the department shall purchase the improvements on the lot at a price not to exceed the appraised value of the improvements, except when the department determines, in accordance with adopted rules, that such improvements are luxurious in nature.
- (c) For a surrender or cancellation involving a commercial farm, in addition to purchasing the improvements, the department shall also purchase the mature crops and tree crops. The purchase price shall not exceed the value of the mature crops and the residual value of the tree crops, and shall be established by appraisal, whether or not surrender or cancellation occurs during the ten-year restriction period.

- (f) Notwithstanding any other law to the contrary, if upon surrender or cancellation, the department determines that the cost to remedy, renovate, or to restore the premises to a safe and reasonably comfortable condition is unwarranted due to the age, condition, or the estimated remaining economic life of the improvements, the department shall assign no value to the improvements. The lessee or the lessee's legal representative may be authorized by the department to dispose of the improvements under terms and conditions prescribed by the department.
- (g) For the purposes of this section, the appraisal of improvements or crops to be purchased by the department shall be performed by either of the following methods:
- (1) By one appraiser mutually agreeable to both the department and the lessee. The cost of the appraisal shall be borne equally by the department and the lessee; or
 - (2) By not more than three disinterested appraisers of which the first shall be contracted for by the department; provided that should the lessee fail to agree upon the value, the lessee may appoint the lessee's own appraiser. If the appraisal values are different and a settlement between the department and lessee is not possible, a third appraisal shall be performed by a disinterested appraiser appointed by the department's appraiser and the

lessee's appraiser; provided that the third appraiser shall act as an arbitrator and determine the final value which shall be between the values of the first and second appraisals. The department shall pay for its own appraiser, the lessee or lessee's legal representative shall pay for the lessee's own appraiser, and the cost of the third appraiser shall be borne equally by the lessee and the department.

(h) Nothing contained in this section shall be construed in a manner as to infringe upon or prejudice in any way rights or interests which shall have vested prior to the effective date hereof."

The payment of any installment due shall be postponed in whole or in part by the department for such reasons as it deems good and sufficient and until such later date as it deems advisable. Such postponed payments shall continue to bear interest on the unpaid principal at the rate established for the loan.

- (3) In the case of the death of a lessee the department shall, in any case, permit the successor or successors to the tract to assume the contract of loan subject to paragraph (1). In case of the cancellation of a lease by the department or the surrender of a lease by the lessee, the department may, at its option declare all installments upon the loan immediately due and payable, or permit the successor or successors to the tract to assume the contract of loan subject to paragraph (1). The department may, in such cases where the successor or successors to the tract assume the contract of loan, waive the payment, wholly or in part, of interest already due and delinquent upon the loan, or postpone the payment of any installment thereon, wholly or in part, until such later date as it deems advisable. Such postponed payments shall, however, continue to bear interest on the unpaid principal at the rate established for the loan. Further, the department may, if it deems it advisable and for the best interests of the lessees, write off and cancel, wholly or in part, the contract of loan of the deceased lessee, or previous lessee, as the case may be, where such loans are delinquent and deemed uncollectible. Such write-off and cancellation shall be made only after an appraisal of all improvements and growing crops on the tract involved, such appraisal to be made in the manner as provided for by section In every case, the amount of such appraisal, or any part thereof, shall be considered as part or all, as the case may be, of any loan to such successor or successors, subject to paragraph (1).
- (4) No part of the moneys loaned shall be devoted to any purpose other than those for which the loan is made.
- (5) The borrower or the successor to his interest shall comply with such other conditions, not in conflict with any provision of this Act, as the department may stipulate in the contract of loan.
- (6) The borrower or the successor to his interest shall comply with the conditions enumerated in section 208, and with section 209 of this Act in respect to the lease of any tract.
- (7) Whenever the department shall determine that a borrower is delinquent in the payment of any indebtedness to the department, it may require such borrower to execute an assignment to it, not to exceed, however, the amount of the total indebtedness of such borrower, including the indebtedness to others the payment of which has been assured by the department of all moneys due or to become due to such borrower by reason of any agreement or contract, collective or otherwise, to which the borrower is a party. Failure to execute such an assignment when

requested by the department shall be sufficient ground for cancellation of the borrower's lease or interest therein."

SECTION 4. Section 171-11, Hawaii Revised Statutes, is amended to read:

"§171-11 Public purposes, lands set aside by the governor; management. The governor may, with the prior approval of the board of land and natural resources, set aside public lands to any department or agency of the State, the city and county, county, or other political subdivisions of the State for public use or purpose. All withdrawals of the lands or portions thereof so set aside shall be made by the governor.

Any public lands set aside by the governor prior to the enactment of this chapter, or any public lands set aside by the governor of the territory of Hawaii, shall be subject to the provisions of this section.

Lands while so set aside for such use or purpose or when acquired for roads and streets shall be managed by the department, agency, city and county, county or other political subdivisions of the State having jurisdiction thereof, unless otherwise provided by law. Such department, agency of the State, the city and county, county or other political subdivisions of the State in managing such lands shall be authorized to exercise all of the powers vested in the board in regard to the issuance of leases, easements, licenses, revocable permits, concessions, or rights of entry covering such lands for such use as may be consistent with the purposes for which the lands were set aside on the same terms, conditions, and restrictions applicable to the disposition of public lands, as provided by this chapter, all such dispositions being subject to the prior approval of the board; provided that any nonrenewable dispositions granting rights for a period not in excess of fourteen days shall not require (1) the approval of the board or (2) public auction or public advertisement for sealed tenders. If at the time of the disposition of any such leases the board shall have approved the same, any order withdrawing or setting aside any or all of such lands for any other public purpose shall be made subject to such leases. Subject to section 5(f) of the Act of March 18, 1959 (73 Stat. 6), all proceeds from such lands shall be deposited into the appropriate funds provided by law.

This section shall also apply where the purposes are the uses and purposes of the United States; provided that all revenues derived from the lands and improvements thereon shall be paid to the department of land and natural resources by the United States.

Whenever lands set aside for a public purpose to the various departments and agencies of the State, or to any city and county, county, or other political subdivisions of the State, or to the United States, are not being utilized or required for the public purpose stated, the order setting aside the lands shall be withdrawn and the lands shall be returned to the department. The governor may withdraw public lands and, with the prior approval of the board of land and natural resources, set aside the withdrawn lands to another department or agency of the State, the city and county, county or political subdivision of the State or to the United States for public use or purpose, provided that no structure on such lands shall be built, demolished or altered until after the legislative action or inaction as hereinbelow provided.

The power granted to the governor in this section to set aside or withdraw or withdraw and set aside public lands shall be exercised subject to disapproval by the legislature by two-thirds vote of either the senate or the house of representatives or by majority vote of both, in any regular or special session next following the date of the setting aside or withdrawal, or withdrawal and setting aside.

Whenever portions of lands set aside for a public purpose to the various departments and agencies of the State, or to any city and county, county, or other political subdivision of the State are not presently utilized or required for the public purpose stated, the board shall have the power, without withdrawing the order setting aside the lands, to dispose of any and all real property interest less than the fee in the portions of such lands where the disposition is for a use which is consistent or inconsistent with the purpose for which the land was set aside. All funds derived

from disposition by the board shall be deposited in the general fund of the State or be paid to the appropriate account; provided, that all such dispositions shall be with the prior written approval of the department, agency, city and county, county, or other political subdivisions of the State and the governor, and shall be undertaken in compliance with all other applicable sections of this chapter.”

SECTION 5. Section 171-26, Hawaii Revised Statutes, is amended to read:

“§171-26 **Rights-of-way to the sea, game management areas, and public hunting areas.** Prior to the disposition of any public lands, the board of land and natural resources shall lay out and establish over and across such lands a reasonable number of rights-of-way from established highways to the public beaches, game management areas, public hunting areas, and public forests and forest reserves in order that the right of the people to utilize the public beaches, game management areas, public hunting areas, and public forests and forest reserves shall be protected.

Prior to the leasing of any lands, the board shall determine the feasibility of hunting on such lands, and if any of them is suitable for hunting or may during the term of the lease become suitable for hunting, the board may reserve such lands as game management areas or public hunting areas. Where the board finds that hunting on such lands would not be consistent with the rights of the lessee or for other good cause, the board need not reserve such lands as game management areas or public hunting areas.

The cost of such rights-of-way and any fencing which may be required shall be borne by the State, lessee or jointly as the board may deem appropriate prior to the leasing of such lands.”

A Bill for an Act Relating to Manufacturing Enterprises.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The legislature finds that under Article VII, section 12, of the Constitution of the State of Hawaii, the legislature is authorized to enact enabling legislation to allow authorization by separate act of special purpose revenue bonds to assist manufacturing enterprises, if it is in the public interest. The legislature declares and finds that enabling the State to issue special purpose revenue bonds to assist manufacturing enterprises is a valid purpose and in the public interest.

The purpose of this Act, therefore, is to provide the enabling legislation for the issuance of special purpose revenue bonds for manufacturing enterprises.

SECTION 2. Chapter 39A, Hawaii Revised Statutes, is amended by adding a new part to be appropriately designated and to read as follows:

“PART . ASSISTING MANUFACTURING ENTERPRISES

§39A- Definitions. Whenever used in this part, unless a different meaning clearly appears from the context:

- (1) “Department” means the department of budget and finance.
- (2) “Project” means any combination of land, buildings, and other improvements thereon, for use as a manufacturing enterprise, including, without limiting the generality of the foregoing, machinery, equipment, furnishings, and apparatus which shall be deemed necessary, suitable, or useful to such enterprise.
- (3) “Project agreement” means any agreement entered into under this part by the department with a project party to financially assist a manufacturing enterprise from the proceeds of special purpose revenue bonds, including without limitation any loan agreement.
- (4) “Project party” means a person, firm, or corporation qualified to do business in this State and conducting or proposing to conduct a manufacturing enterprise in this State.
- (5) “Special purpose revenue bonds” or “bonds” means bonds, notes, or other evidences of indebtedness of the State issued pursuant to this part.

§39A- Department powers as to manufacturing enterprises. In addition to powers which it may now have, the department shall have all powers necessary or convenient to accomplish the purposes of this part. The powers of the department include, but are not limited to, the following:

- (1) Notwithstanding and without compliance with sections 103-7 and 103-22, but with the approval of the governor, to enter into and carry out a project agreement, or an amendment or supplement to an existing project agreement, with a project party, and to enter into and carry out any agreement whereby the obligation of a project party under a project agreement will be unconditionally guaranteed by a person other than a project party.
- (2) To issue special purpose revenue bonds pursuant to and in accordance

with this part.

- (3) To lend the proceeds of the special purpose revenue bonds issued for a project to the project party for use and application by the project party for the acquisition, purchase, construction, reconstruction, improvement, betterment, extension, or maintenance of a project.
- (4) As security for the payment of the principal of, premium, if any, and interest of the special purpose revenue bonds issued for a project, to pledge, assign, hypothecate, or otherwise encumber all or any part of the revenues and receipts derived or to be derived by the department under the project agreement for the project for which such bonds are issued; to pledge and assign the interest and rights of the department under the project agreement or other agreement with respect to such project or such special purpose revenue bonds; and to pledge and assign any bond, debenture, note, or other evidence of indebtedness received by the department with respect to such project; or any combination of the foregoing.
- (5) To extend or renew any project agreement or any other agreement related thereto; provided that any such renewal or extension shall be subject to the approval of the governor unless made in accordance with provisions for such extension or renewal contained in a project agreement or related agreement theretofore approved by the governor.
- (6) To do any and all things necessary or convenient to carry out its purposes and exercise the powers given and granted in this part.

§39A- Compliance with state and local law. The issuance of special purpose revenue bonds with respect to any project under this part shall not relieve any project party or other user of such project from the laws, ordinances, and rules and regulations of the State or any political subdivision thereof, or any departments or boards thereof with respect to the construction, operation, and maintenance of projects, or zoning laws or regulations, obtaining of building permits, compliance with building and health codes and other laws, ordinances, or rules and regulations of similar nature pertaining to the project, and such laws shall be applicable to such party or such other user to the same extent they would be if the costs of the project were directly financed by the project party.

§39A- Conditions precedent to negotiating and entering into a project agreement. The department prior to entering into negotiations with respect to a project agreement or at any time during such negotiations shall require that as a condition to such negotiations or the continuation thereof the State shall be reimbursed for any and all costs and expenses incurred by it even though a project agreement may not be entered into and may further require the deposit of moneys with the department as security for such reimbursement. Any amount of such deposit in excess of the amount required to reimburse the State shall be returned by the department to the party which has made such deposit.

The department shall not enter into any project agreement with respect to any project unless the legislature shall have first authorized the issuance of special purpose revenue bonds to finance such project pursuant to section 39A- and the department has thereafter found and determined either that the project party is a

responsible party, whether by reason of economic assets or experience in the type of enterprise to be undertaken through such project, or otherwise, or that the obligation of the project party under the project agreement will be unconditionally guaranteed by a person who is a responsible party, whether by reason of economic assets or experience in the type of enterprise to be undertaken through such project or otherwise.

§39A- Project agreement. No special purpose revenue bonds shall be issued unless at the time of issuance the department shall have entered into a project agreement with respect to the project for the financing of which such revenue bonds are to be issued. Any project agreement entered into by the department shall contain provisions unconditionally obligating the project party:

- (1) To pay to the department during the period or term of the project agreement, exclusive of any renewal or extension thereof and whether or not the project is used or occupied by the project party, such sum or sums, at such time or times, and in such amounts that will be at least sufficient:
 - (A) To pay the principal and interest on all special purpose revenue bonds issued with respect to the project as and when the same become due, including any premium payable upon any required redemption of such bonds;
 - (B) To establish or maintain such reserve, if any, as may be required by the instrument authorizing or securing the special purpose revenue bonds;
 - (C) To pay all fees and expenses (including the fees and expenses of the paying agents and trustees) incurred in connection with such special purpose revenue bonds; and
 - (D) To pay the expenses (direct or indirect) incurred by the State, as determined by the department, in administering such bonds or in carrying out the project agreement.
- (2) To operate, maintain, and repair the project as long as the same is used as provided in the project agreement to pay all costs of such operation, maintenance, and repair.

Moneys received by the department pursuant to paragraph (1)(D) shall not be, or be deemed to be, revenues of the project and shall be paid into the general fund of the State.

§39A- Issuance of special purpose revenue bonds to finance projects. In addition to the other powers which it may otherwise have, the department may issue special purpose revenue bonds to finance, in whole or in part, the costs of facilities of, or for, or to loan the proceeds of such bonds to assist project parties. All revenue bonds issued under this part are special purpose revenue bonds and the provisions of part III of chapter 39 shall not apply thereto. All special purpose revenue bonds shall be issued in the name of the department and not in the name of the State.

The department, in determining the cost of any project, may also include the following:

- (1) Financing charges, fees, and expenses of any trustee and paying agents for special purpose revenue bonds issued to pay the cost of such project;
- (2) Interest on such bonds and the expenses of the State in connection with

such bonds and the project to be financed from the proceeds of such bonds accruing or incurred prior to and during the estimated period of construction and not exceeding twelve months thereafter;

- (3) Amounts necessary to establish or increase reserves for the special purpose revenue bonds;
- (4) The cost of plans, specifications, studies, surveys, and estimates of costs and of revenues;
- (5) Other expenses incidental to determining the feasibility or practicability of the project;
- (6) Administration expenses;
- (7) Legal, accounting, consulting, and other special service fees;
- (8) Interest cost incurred by the project party with respect to the project prior to the issuance of the special purpose revenue bonds; and
- (9) Such other costs, commissions, and expenses incidental to the construction, acquisition, reconstruction, renovation, rehabilitation, improvement, betterment, operation, maintenance, or extension of the project, the financing, placing of same in operation, and the issuance of the special purpose revenue bonds, whether incurred prior to or after the issuance of such bonds.

The legislature finds and determines that the exercise of the powers vested in the department by this part constitutes assistance to a manufacturing enterprise and that the issuance of special purpose revenue bonds to finance facilities of, or for, or to loan the proceeds of such bonds to assist, project parties, is in the public interest.

§39A- Authorization of special purpose revenue bonds. (a) Special purpose revenue bonds for each project or multiproject program shall be authorized by a separate act of the legislature, by an affirmative vote of two-thirds of the members to which each house is entitled; provided that the legislature shall find that the issuance of such bonds is in the public interest. Special purpose revenue bonds issued pursuant to this part may be in one or more series for each project. The special purpose revenue bonds of each issue shall be dated, shall bear interest at such rate or rates, shall mature at such time or times not exceeding forty years from their respective date or dates, shall have such rank or priority and may be made redeemable before maturity at the option of the department, at such price or prices and under such terms and conditions, all as may be determined by the department. The department shall determine the form of the special purpose revenue bonds, including any interest coupons to be attached thereto, and the manner of execution of the special purpose revenue bonds, and shall fix the denomination or denominations of the special purpose revenue bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. The special purpose revenue bonds may be issued in coupon or in registered form, or both, as the department may determine, and provisions may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The department may sell special purpose revenue bonds in such manner, either at public or private sale, and for such price as it may determine.

(b) Prior to the preparation of definitive special purpose revenue bonds, the

department may issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery.

(c) Should any bond issued under this part or any coupon appertaining thereto become mutilated or be lost, stolen, or destroyed, the department may cause a new bond or coupon of like date, number, and tenor to be executed and delivered in exchange and substitution for and upon the cancellation of such mutilated bond or coupon, or in lieu of and in substitution for such lost, stolen, or destroyed bond or coupon. Such new bond or coupon shall not be executed or delivered until the holder of the mutilated, lost, stolen, or destroyed bond or coupon has (1) paid the reasonable expense and charges in connection therewith, (2) in the case of a lost, stolen, or destroyed bond or coupon, has filed with the department or its fiduciary evidence satisfactory to such department or its fiduciary that such bond or coupon was lost, stolen, or destroyed and that the holder was the owner thereof, and (3) has furnished indemnity satisfactory to the department.

(d) The department may provide that CUSIP identification numbers shall be printed on such bonds. In the event such numbers are imprinted on any such bonds (1) no such number shall constitute a part of the contract evidenced by the particular bond upon which it is imprinted, and (2) no liability shall attach to the department or any officer or agent thereof, including any fiscal agent, paying agent, or registrar for such bonds, by reason of such numbers or any use made thereof, including any use thereof made by the department, any such officer, or any such agent, or by reason of any inaccuracy, error, or omission with respect thereto or in such use. The department may require that all costs of obtaining and imprinting such numbers shall be paid by the purchaser of such bonds. For the purpose of this subsection, the term "CUSIP identification numbers" means the numbering system adopted by the Committee for Uniform Security Identification Procedures formed by the Securities Industry Association.

§39A- Special purpose revenue bond anticipation notes. Whenever the department has authorized the issuance of special purpose revenue bonds under this part, special purpose revenue bond anticipation notes of the department may be issued in anticipation of the issuance of such bonds and of the receipt of the proceeds of sale thereof, for the purposes for which such bonds have been authorized. All special purpose revenue bond anticipation notes shall be authorized by the department, and the maximum principal amount of such notes shall not exceed the authorized principal amount of such bonds. The notes shall be payable solely from and secured solely by the proceeds of sale of the special purpose revenue bonds in anticipation of which the notes are issued and the revenues from which would be payable and by which would be secured such bonds; provided that to the extent that the principal of the notes shall be paid from moneys other than the proceeds of sale of such bonds, the maximum amount of bonds in anticipation of which the notes are issued that has been authorized shall be reduced by the amount of notes paid in such manner. The authorization, issuance, and the details of such notes shall be governed by the provisions of this part with respect to special purpose revenue bonds insofar as the same may be applicable; provided that each note, together with all renewals and extensions thereof, or refundings thereof by other notes issued under this section, shall mature within five years from the date of the original note.

§39A- Powers with respect to and security for special purpose revenue bonds.

In order to secure the payment of any of the special purpose revenue bonds issued pursuant to this part, and interest thereon, or in connection with such bonds, the department shall have the power as to such bonds:

- (1) To pledge all or any part of the revenues derived by the department from the project agreement to the punctual payment of special purpose revenue bonds issued with respect to the project financed from proceeds thereof, and interest thereon, and to covenant against thereafter pledging any such revenues or receipts to any other bonds or any other obligations of the department for any other obligations of the department for any other purpose, except as otherwise stated in the law providing for the issuance of additional special purpose revenue bonds to be equally and ratably secured by a lien upon such revenues.
- (2) To pledge and assign the interest and right of the department under the project agreement and other agreements related thereto and the rights, duties, and obligations of the department thereunder, including the right to receive revenues thereunder.
- (3) To covenant as to the use and disposition of the proceeds from the sale of such bonds.
- (4) To covenant to set aside or pay over reserves and sinking funds for such bonds and as to the disposition thereof.
- (5) To covenant and prescribe as to what happenings or occurrences shall constitute "events of default" and the terms and conditions upon which any or all of such bonds shall become or may be declared due before maturity and as to the terms and conditions upon which such declaration and its consequences may be waived.
- (6) To covenant as to the rights, liabilities, powers, and duties arising upon the breach by it of any covenant, condition, or obligation.
- (7) To designate a national or state bank or trust company within or without the State, incorporated in the United States, to serve as trustee for the holders of the special purpose revenue bonds and to enter into a trust indenture or trust agreement or indenture of mortgage with such trustee. The trustee may be authorized by the department to receive and receipt for, hold, and administer the proceeds of the special purpose revenue bonds issued for the project and to apply the proceeds to the purposes for which such bonds are issued, or to receive and receipt for, hold, and administer the revenues derived by the department under the project agreement and to apply such revenues to the payment of the principal and interest on such bonds, or both, and any excess revenues to the payment of expenses incurred by the State in administering such bonds or in carrying out the project agreement. In the event that such trustee shall be appointed, any trust indenture or trust agreement or indenture or mortgage entered into by the department with the trustee may contain whatever covenants and provisions as may be necessary or convenient or desirable in order to secure such bonds. The department may pledge and assign to the trustee the interest of the department under the project agreement and other agreements related thereto and the rights, duties, and

obligations of the department thereunder, including the right to receive revenues thereunder. The department may appoint the trustee to serve as fiscal agent for the payment of the principal and interest, and for the purchase, registration, transfer, exchange, and redemption of the special purpose revenue bonds, and may authorize and empower the trustee to perform such functions with respect to such payment, purchase, registration, transfer, exchange, and redemption, as the department may deem necessary, advisable, or expedient, including without limitation the holding of the special purpose revenue bonds and coupons which have been paid and the supervision of the destruction thereof in accordance with law.

- (8) To execute all instruments necessary or convenient in the exercise of the powers herein granted or in the performance of its covenants and duties.
- (9) To make such covenants and do any and all acts and things as may be necessary or convenient or desirable in order to secure such bonds, notwithstanding that such covenants, acts, or things may not be enumerated herein; it being the purpose thereof to give the department power to do all things in the issuance of such bonds and for their security that may be consistent with the Constitution of the State of Hawaii.

§39A- Security for special purpose revenue bonds. Special purpose revenue bonds shall be payable solely from the revenues derived by the department from payments made to the department under the project agreement or other agreements entered into with respect to the project, and shall be secured solely by such revenues and by the pledges and assignments authorized by this part. All special purpose revenue bonds of the same issue, subject to the prior and superior rights of outstanding bonds, claims, obligations, or mechanic's and materialmen's liens, shall have a prior and paramount lien on the revenues derived from the project agreement with respect to the project, for which such bonds have been issued, over and ahead of all special purpose revenue bonds of any issue payable from the revenues which may be subsequently issued and over and ahead of any claims or obligations of any nature against the revenues subsequently arising or subsequently incurred; provided that the department may reserve the right and privilege to subsequently issue additional series of special purpose revenue bonds, from time to time, payable from the revenues derived from such project agreement on a parity with the special purpose revenue bonds theretofore issued, and the subsequently issued series of special purpose revenue bonds may be secured, without priority by reason of date of sale, date of execution, or date of delivery, by a lien on the revenues in accordance with law, including this part.

§39A- Special purpose revenue bonds not a general obligation of State. No holder or holders of any special purpose revenue bonds issued under this part shall ever have the right to compel any exercise of taxing power of the State to pay such bonds or the interest thereon and no moneys other than the revenues pledged to such bonds shall be applied to the payment thereof. Each special purpose revenue bond issued under this part shall recite in substance that such bond, including interest thereon, is not a general obligation of the State and is payable solely from the revenues pledged to the payment thereof, and that such bond is not secured directly

or indirectly by the full faith and credit or the general credit of the State or by any revenues or taxes of the State other than the revenues specifically pledged thereto.

§39A- Validity of special purpose revenue bonds. The special purpose revenue bonds bearing the signature or facsimile signature of officers in office on the date of the signing thereof shall be valid and sufficient for all purposes, notwithstanding that before the delivery thereof and payment therefor any or all the persons whose signatures appear thereon shall have ceased to be officers of the department. Special purpose revenue bonds shall contain a recital that they are issued pursuant to this part, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

§39A- Use of revenues derived from project agreement. The department shall have the right to appropriate, apply, or expend the revenues derived with respect to the project agreement for a project for the following purposes:

- (1) To pay when due all special purpose revenue bonds, premiums if any, and interest thereon, for the payment of which the revenues are or have been pledged, charged, or otherwise encumbered, including reserves therefor; and
- (2) To the extent not paid by the project party to provide for all expenses of administration, operations, and maintenance of the project, including reserves therefor.

Unless and until adequate provision has been made for the foregoing purposes, the department shall not transfer the revenues derived from the project agreement to the general fund of the State.

§39A- Special purpose revenue bonds exempt from taxation. Special purpose revenue bonds and the income therefrom issued pursuant to this part shall be exempt from all state and county taxation except inheritance, transfer, and estate taxes.

§39A- Exemption from taxation of department property. All revenues derived by the department from any project or under the project agreement pertaining thereto shall be exempt from all state and county taxation. Any right, title, and interest of the department in any project shall also be exempt from all state and county taxation. Except as otherwise provided by law, the interest of the project party or user of such project in a project or under the project agreement or related agreement shall not be exempt from taxation to a greater extent than it would be if the costs of the project were directly financed by the project party or other user.

§39A- Refunding special purpose revenue bonds. The legislature, by act enacted by an affirmative vote of two-thirds of the members to which each house is entitled, may authorize the issuance of refunding special purpose revenue bonds for the purpose of refunding any special purpose revenue bonds then outstanding and issued under this part, whether or not such outstanding special purpose revenue bonds have matured or are then subject to redemption. The legislature may provide, by act enacted by the affirmative vote of two-thirds of the members to which each house is entitled, for the issuance of a single issue of special purpose revenue bonds for the combined purposes of (1) financing the cost of a project or improvement or expansion thereof, and (2) refunding special purpose revenue bonds which shall

thereof have been issued under this part and shall then be outstanding, whether or not such outstanding special purpose revenue bonds have matured or are then subject to redemption. Nothing in this section shall require or be deemed to require the department to elect to redeem or prepay special purpose revenue bonds being refunded, or to redeem or prepay special purpose revenue bonds being refunded which were issued in the form customarily known as term bonds in accordance with any sinking fund installment schedule specified in any instruments providing for the issuance thereof, or, in the event the department elects to redeem or prepay any such bonds, to redeem or prepay as of any particular date or dates. The issuance of such special purpose revenue bonds, the maturities and other details thereof, the right and remedies of the holders thereof, and the rights, powers, privileges, duties, and obligations of the department with respect to the same, shall be governed by the foregoing provisions of this part insofar as the same may be applicable.

§39A- Status of special purpose revenue bonds under Uniform Commercial Code. Notwithstanding any of the provisions of this part or any recitals in any special purpose revenue bonds issued under this part, all such special purpose revenue bonds shall be deemed to be investment securities under the Uniform Commercial Code, chapter 490, subject only to the provisions of the special purpose revenue bonds pertaining to registration.

§39A- Special purpose revenue bonds as legal investments and lawful security. The special purpose revenue bonds issued pursuant to this part shall be legal and authorized investments for banks, savings banks, trust companies, savings and loan associations, insurance companies, fiduciaries, trustees, guardians, and for all public funds of the State or other political corporations or subdivisions of the State. Such special purpose revenue bonds shall be eligible to secure the deposit of any and all public funds of the State and any and all public funds of counties or other political corporations or subdivisions of the State, and such bonds shall be lawful and sufficient security for such deposits to the extent of their value when accompanied by all unmatured coupons appertaining thereto.

§39A- Access to and public disclosure of financial records of project party. (a) Each project party with a project agreement with the department shall allow the department full access to the project party's financial records. Upon the request of the department for the examination of any such financial records, the project party shall allow the department to examine the requested records within a reasonably prompt time from the date of the request. If the department requests copies of the records, the project party shall provide the copies.

(b) To provide the public with full knowledge of the use of the proceeds and benefits derived from special purpose revenue bonds issued under this part, the department shall require each project party with a project agreement with the department to make available to the public all relevant financial records which pertain to the use of or savings resulting from the use of special purpose revenue bonds.

(c) The department shall adopt rules under chapter 91 for the purposes of this section.

§39A- Estimate of benefits. (a) Each project party with a project agreement with the department shall estimate the benefits derived from the use of the proceeds of special purpose revenue bonds. The benefits estimated shall be based on the

creation of new jobs and potential effect on tax receipts. The format of and method for determining the estimates shall be established by the department and shall be uniform for each project party.

(b) To promote public understanding of the role played by special purpose revenue bonds in providing benefits to the general public, the department shall take appropriate steps to ensure public access to and scrutiny of the estimates determined under subsection (a).

(c) The department shall adopt rules under chapter 91 for the purposes of this section.

§39A- Construction of this part. The powers conferred by this part shall be in addition and supplemental to the powers conferred by any other law. Insofar as the provisions of this part are inconsistent with the provisions of any other law, this part shall be controlling.”

SECTION 3. If any provision of this Act, or any provision of the part to be added pursuant hereto to chapter 39A, Hawaii Revised Statutes, or the application thereof to any person or circumstances is held invalid, the invalidity does not affect any other provisions of this Act or such part or the application thereof to other persons or circumstances which can be given effect without the invalid provision or application, and to this end the provisions of this Act and such part are severable.

SECTION 4. This Act shall take effect upon its approval.

(Approved June 10, 1981.)

ACT 121

H.B. NO. 126

A Bill for an Act Relating to Processing Enterprises.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The legislature finds that under Article VII, section 12, of the Constitution of the State of Hawaii, the legislature is authorized to enact enabling legislation to allow authorization by separate act of special purpose revenue bonds to assist processing enterprises, if it is in the public interest. The legislature declares and finds that enabling the State to issue special purpose revenue bonds to assist processing enterprises is a valid purpose and in the public interest.

The purpose of this Act, therefore, is to provide the enabling legislation for the issuance of special purpose revenue bonds for processing enterprises.

SECTION 2. Chapter 39A, Hawaii Revised Statutes, is amended by adding a new part to be appropriately designated and to read as follows:

“PART . ASSISTING PROCESSING ENTERPRISES

§39A- Definitions. Whenever used in this part, unless a different meaning clearly appears from the context:

- (1) “Department” means the department of budget and finance.
- (2) “Project” means any combination of land, buildings, and other improvements thereon, for use as a processing enterprise, including, without limiting the generality of the foregoing, machinery, equipment, furnish-

ings, and apparatus which shall be deemed necessary, suitable, or useful to such enterprise.

- (3) "Project agreement" means any agreement entered into under this part by the department with a project party to financially assist a processing enterprise from the proceeds of special purpose revenue bonds, including without limitation any loan agreement.
- (4) "Project party" means a person, firm, or corporation qualified to do business in this State and conducting or proposing to conduct a processing enterprise in this State.
- (5) "Special purpose revenue bonds" or "bonds" means bonds, notes, or other evidences of indebtedness of the State issued pursuant to this part.

§39A- Department powers as to processing enterprises. In addition to powers which it may now have, the department shall have all powers necessary or convenient to accomplish the purposes of this part. The powers of the department include, but are not limited to, the following:

- (1) Notwithstanding and without compliance with sections 103-7 and 103-22, but with the approval of the governor, to enter into and carry out a project agreement, or an amendment or supplement to an existing project agreement, with a project party, and to enter into and carry out any agreement whereby the obligation of a project party under a project agreement will be unconditionally guaranteed by a person other than a project party.
- (2) To issue special purpose revenue bonds pursuant to and in accordance with this part.
- (3) To lend the proceeds of the special purpose revenue bonds issued for a project to the project party for use and application by the project party for the acquisition, purchase, construction, reconstruction, improvement, betterment, extension, or maintenance of a project.
- (4) As security for the payment of the principal of, premium, if any, and interest of the special purpose revenue bonds issued for a project, to pledge, assign, hypothecate, or otherwise encumber all or any part of the revenues and receipts derived or to be derived by the department under the project agreement for the project for which such bonds are issued; to pledge and assign the interest and rights of the department under the project agreement or other agreement with respect to such project or such special purpose revenue bonds; and to pledge and assign any bond, debenture, note, or other evidence of indebtedness received by the department with respect to such project; or any combination of the foregoing.
- (5) To extend or renew any project agreement or any other agreement related thereto; provided that any such renewal or extension shall be subject to the approval of the governor unless made in accordance with provisions for such extension or renewal contained in a project agreement or related agreement theretofore approved by the governor.
- (6) To do any and all things necessary or convenient to carry out its purposes and exercise the powers given and granted in this part.

§39A- Compliance with state and local law. The issuance of special purpose revenue bonds with respect to any project under this part shall not relieve any project

party or other user of such project from the laws, ordinances, and rules and regulations of the State or any political subdivision thereof, or any departments or boards thereof with respect to the construction, operation, and maintenance of projects, or zoning laws or regulations, obtaining of building permits, compliance with building and health codes and other laws, ordinances, or rules and regulations of similar nature pertaining to the project, and such laws shall be applicable to such party or such other user to the same extent they would be if the costs of the project were directly financed by the project party.

§39A- Conditions precedent to negotiating and entering into a project agreement. The department prior to entering into negotiations with respect to a project agreement or at any time during such negotiations shall require that as a condition to such negotiations or the continuation thereof the State shall be reimbursed for any and all costs and expenses incurred by it even though a project agreement may not be entered into and may further require the deposit of moneys with the department as security for such reimbursement. Any amount of such deposit in excess of the amount required to reimburse the State shall be returned by the department to the party which has made such deposit.

The department shall not enter into any project agreement with respect to any project unless the legislature shall have first authorized the issuance of special purpose revenue bonds to finance such project pursuant to section 39A- and the department has thereafter found and determined either that the project party is a responsible party, whether by reason of economic assets or experience in the type of enterprise to be undertaken through such project, or otherwise, or that the obligations of the project party under the project agreement will be unconditionally guaranteed by a person who is a responsible party, whether by reason of economic assets or experience in the type of enterprise to be undertaken through such project or otherwise.

§39A- Project agreement. No special purpose revenue bonds shall be issued unless at the time of issuance the department shall have entered into a project agreement with respect to the project for the financing of which such revenue bonds are to be issued. Any project agreement entered into by the department shall contain provisions unconditionally obligating the project party:

- (1) To pay to the department during the period or term of the project agreement, exclusive of any renewal or extension thereof and whether or not the project is used or occupied by the project party, such sum or sums, at such time or times, and in such amounts that will be at least sufficient:
 - (A) To pay the principal and interest on all special purpose revenue bonds issued with respect to the project as and when the same become due, including any premium payable upon any required redemption of such bonds;
 - (B) To establish or maintain such reserve, if any, as may be required by the instrument authorizing or securing the special purpose revenue bonds;
 - (C) To pay all fees and expenses (including the fees and expenses of the paying agents and trustees) incurred in connection with such special purpose revenue bonds; and
 - (D) To pay the expenses (direct or indirect) incurred by the State, as

determined by the department, in administering such bonds or in carrying out the project agreement.

- (2) To operate, maintain, and repair the project as long as the same is used as provided in the project agreement and to pay all costs of such operation, maintenance, and repair.

Moneys received by the department pursuant to paragraph (1)(D) shall not be, or be deemed to be, revenues of the project and shall be paid into the general fund of the State.

§39A- Issuance of special purpose revenue bonds to finance projects. In addition to the other powers which it may otherwise have, the department may issue special purpose revenue bonds to finance, in whole or in part, the costs of facilities of, or for, or to loan the proceeds of such bonds to assist project parties. All revenue bonds issued under this part are special purpose revenue bonds and the provisions of part III of chapter 39 shall not apply thereto. All special purpose revenue bonds shall be issued in the name of the department and not in the name of the State.

The department, in determining the cost of any project, may also include the following:

- (1) Financing charges, fees, and expenses of any trustee and paying agents for special purpose revenue bonds issued to pay the cost of such project;
- (2) Interest on such bonds and the expenses of the State in connection with such bonds and the project to be financed from the proceeds of such bonds accruing or incurred prior to and during the estimated period of construction and not exceeding twelve months thereafter;
- (3) Amounts necessary to establish or increase reserves for the special purpose revenue bonds;
- (4) The cost of plans, specifications, studies, surveys, and estimates of costs and of revenues;
- (5) Other expenses incidental to determining the feasibility or practicability of the project;
- (6) Administration expenses;
- (7) Legal, accounting, consulting, and other special service fees;
- (8) Interest cost incurred by the project party with respect to the project prior to the issuance of the special purpose revenue bonds; and
- (9) Such other costs, commissions, and expenses incidental to the construction, acquisition, reconstruction, renovation, rehabilitation, improvement, betterment, operation, maintenance, or extension of the project, the financing, placing of same in operation, and the issuance of the special purpose revenue bonds, whether incurred prior to or after the issuance of such bonds.

The legislature finds and determines that the exercise of the powers vested in the department by this part constitutes assistance to a manufacturing enterprise and that the issuance of special purpose revenue bonds to finance facilities of, or for, or to loan the proceeds of such bonds to assist, project parties, is in the public interest.

§39A- Authorization of special purpose revenue bonds. (a) Special purpose revenue bonds for each project of multiproject program shall be authorized by a separate act of the legislature, by an affirmative vote of two-thirds of the members to which each house is entitled; provided that the legislature shall find that the issuance

of such bonds is in the public interest. Special purpose revenue bonds issued pursuant to this part may be in one or more series for each project. The special purpose revenue bonds of each issue shall be dated, shall bear interest at such rate or rates, shall mature at such time or times not exceeding forty years from their respective date or dates, shall have such rank or priority and may be made redeemable before maturity at the option of the department, at such price or prices and under such term and conditions, all as may be determined by the department. The department shall determine the form of the special purpose revenue bonds, including any interest coupons to be attached thereto, and the manner of execution of the special purpose revenue bonds, and shall fix the denomination or denominations of the special purpose revenue bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. The special purpose revenue bonds may be issued in coupon or in registered form, or both, as the department may determine, and provisions may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The department may sell special purpose revenue bonds in such manner, either at public or private sale, and for such price as it may determine.

(b) Prior to the preparation of definitive special purpose revenue bonds, the department may issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery.

(c) Should any bond issued under this part or any coupon appertaining thereto become mutilated or be lost, stolen, or destroyed, the department may cause a new bond or coupon of like date, number, and tenor to be executed and delivered in exchange and substitution for and upon the cancellation of such mutilated bond or coupon, or in lieu of and in substitution for such lost, stolen, or destroyed bond or coupon. Such new bond or coupon shall not be executed or delivered until the holder of the mutilated, lost, stolen, or destroyed bond or coupon has (1) paid the reasonable expense and charges in connection therewith, (2) in the case of a lost, stolen, or destroyed bond or coupon, has filed with the department or its fiduciary evidence satisfactory to such department or its fiduciary that such bond or coupon was lost, stolen, or destroyed and that the holder was the owner thereof, and (3) has furnished indemnity satisfactory to the department.

(d) The department may provide that CUSIP identification numbers shall be printed on such bonds. In the event such numbers are imprinted on any such bonds (1) no such number shall constitute a part of the contract evidenced by the particular bond upon which it is imprinted, and (2) no liability shall attach to the department or any officer or agent thereof, including any fiscal agent, paying agent, or registrar for such bonds, by reason of such numbers or any use made thereof, including any use thereof made by the department, any such officer, or any such agent, or by reason of any inaccuracy, error, or omission with respect thereto or in such use. The department may require that all costs of obtaining and imprinting such numbers shall be paid by the purchaser of such bonds. For the purpose of this subsection, the term "CUSIP identification numbers" means the numbering system adopted by the Committee for Uniform Security Identification Procedures formed by the Securities Industry Association.

§39A- Special purpose revenue bond anticipation notes. Whenever the department has authorized the issuance of special purpose revenue bonds under this part, special purpose revenue bond anticipation notes of the department may be issued in anticipation of the issuance of such bonds and of the receipt of the proceeds of sale thereof, for the purposes for which such bonds have been authorized. All special purpose revenue bond anticipation notes shall be authorized by the department, and the maximum principal amount of such notes shall not exceed the authorized principal amount of such bonds. The notes shall be payable solely from and secured solely by the proceeds of sale of the special purpose revenue bonds in anticipation of which the notes are issued and the revenues from which would be payable and by which would be secured such bonds; provided that to the extent that the principal of the notes shall be paid from moneys other than the proceeds of sale of such bonds, the maximum amount of bonds in anticipation of which the notes are issued that has been authorized shall be reduced by the amount of notes paid in such manner. The authorization, issuance, and the details of such notes shall be governed by the provisions of this part with respect to special purpose revenue bonds insofar as the same may be applicable; provided that each note, together with all renewals and extensions thereof, or refundings thereof by other notes issued under this section, shall mature within five years from the date of the original note.

§39A- Powers with respect to and security for special purpose revenue bonds. In order to secure the payment of any of the special purpose revenue bonds issued pursuant to this part, and interest thereon, or in connection with such bonds, the department shall have the power as to such bonds:

- (1) To pledge all or any part of the revenues derived by the department from the project agreement to the punctual payment of special purpose revenue bonds issued with respect to the project financed from proceeds thereof, and interest thereon, and to covenant against thereafter pledging any such revenues or receipts to any other bonds or any other obligations of the department for any other obligations of the department for any other purpose, except as otherwise stated in the law providing for the issuance of additional special purpose revenue bonds to be equally and ratably secured by a lien upon such revenues.
- (2) To pledge and assign the interest and right of the department under the project agreement and other agreements related thereto and the rights, duties, and obligations of the department thereunder, including the right to receive revenues thereunder.
- (3) To covenant as to the use and disposition of the proceeds from the sale of such bonds.
- (4) To covenant to set aside or pay over reserves and sinking funds for such bonds and as to the disposition thereof.
- (5) To covenant and prescribe as to what happenings or occurrences shall constitute "events of default" and the terms and conditions upon which any or all of such bonds shall become or may be declared due before maturity and as to the terms and conditions upon which such declaration and its consequences may be waived.
- (6) To covenant as to the rights, liabilities, powers, and duties arising upon

the breach by it of any covenant, condition, or obligation.

- (7) To designate a national or state bank or trust company within or without the State, incorporated in the United States, to serve as trustee for the holders of the special purpose revenue bonds and to enter into a trust indenture or trust agreement or indenture of mortgage with such trustee. The trustee may be authorized by the department to receive and receipt for, hold, and administer the proceeds of the special purpose revenue bonds issued for the project and to apply the proceeds to the purposes for which such bonds are issued, or to receive and receipt for, hold, and administer the revenues derived by the department under the project agreement and to apply such revenues to the payment of the principal and interest on such bonds, or both, and any excess revenues to the payment of expenses incurred by the State in administering such bonds or in carrying out the project agreement. In the event that such trustee shall be appointed, any trust indenture or trust agreement or indenture of mortgage entered into by the department with the trustee may contain whatever covenants and provisions as may be necessary or convenient or desirable in order to secure such bonds. The department may pledge and assign to the trustee the interest of the department under the project agreement and other agreements related thereto and the rights, duties, and obligations of the department thereunder, including the right to receive revenues thereunder. The department may appoint the trustee to serve as fiscal agent for the payment of the principal and interest, and for the purchase, registration, transfer, exchange, and redemption of the special purpose revenue bonds, and may authorize and empower the trustee to perform such functions with respect to such payment, purchase, registration, transfer, exchange, and redemption, as the department may deem necessary, advisable, or expedient, including without limitation the holding of the special purpose revenue bonds and coupons which have been paid and the supervision of the destruction thereof in accordance with law.
- (8) To execute all instruments necessary or convenient in the exercise of the powers herein granted or in the performance of its covenants and duties.
- (9) To make such covenants and do any and all acts and things as may be necessary or convenient or desirable in order to secure such bonds, notwithstanding that such covenants, acts, or things may not be enumerated herein; it being the purpose thereof to give the department power to do all things in the issuance of such bonds and for their security that may be consistent with the Constitution of the State of Hawaii.

§39A- Security for special purpose revenue bonds. Special purposes revenue bonds shall be payable solely from the revenues derived by the department from payments made to the department under the project agreement or other agreements entered into with respect to the project, and shall be secured solely by such revenues and by the pledges and assignments authorized by this part. All special purpose revenue bonds of the same issue, subject to the prior and superior rights of outstanding bonds, claims, obligations, or mechanic's and materialmen's liens, shall have a prior and paramount lien on the revenues derived from the project agreement with

respect to the project, for which such bonds have been issued, over and ahead of all special purpose revenue bonds of any issue payable from the revenues which may be subsequently issued and over and ahead of any claims or obligations of any nature against the revenues subsequently arising or subsequently incurred; provided that the department may reserve the right and privilege to subsequently issue additional series of special purpose revenue bonds, from time to time, payable from the revenues derived from such project agreement on a parity with the special purpose revenue bonds theretofore issued, and the subsequently issued series of special purpose revenue bonds may be secured, without priority by reason of date of sale, date of execution, or date of delivery, by a lien on the revenues in accordance with law, including this part.

§39A- Special purpose revenue bonds not a general obligation of State. No holder or holders of any special purpose revenue bonds issued under this part shall ever have the right to compel any exercise of taxing power of the State to pay such bonds or the interest thereon and no moneys other than the revenues pledged to such bonds shall be applied to the payment thereof. Each special purpose revenue bond issued under this part shall recite in substance that such bond, including interest thereon, is not a general obligation of the State and is payable solely from the revenues pledged to the payment thereof, and that such bond is not secured directly or indirectly by the full faith and credit or the general credit of the State or by any revenues or taxes of the State other than the revenues specifically pledged thereto.

§39A- Validity of special purpose revenue bonds. The special purpose revenue bonds bearing the signature or facsimile signature of officers in office on the date of the signing thereof shall be valid and sufficient for all purposes, notwithstanding that before the delivery thereof and payment therefor any or all the persons whose signatures appear thereon shall have ceased to be officers of the department. Special purpose revenue bonds shall contain a recital that they are issued pursuant to this part, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

§39A- Use of revenues derived from project agreement. The department shall have the right to appropriate, apply, or expend the revenues derived with respect to the project agreement for a project for the following purposes:

- (1) To pay when due all special purpose revenue bonds, premiums if any, and interest thereon, for the payment of which the revenues are or have been pledged, charged, or otherwise encumbered, including reserves therefore; and
- (2) To the extent not paid by the project party to provide for all expenses of administration, operations, and maintenance of the project, including reserves therefor.

Unless and until adequate provision has been made for the foregoing purposes, the department shall not transfer the revenues derived from the project agreement to the general fund of the State.

§39A- Special purpose revenue bonds exempt from taxation. Special purpose revenue bonds and the income therefrom issued pursuant to this part shall be exempt from all state and county taxation except inheritance, transfer, and estate taxes.

§39A- Exemption from taxation of department property. All revenues derived by the department from any project or under the project agreement pertaining thereto shall be exempt from all state and county taxation. Any right, title, and interest of the department in any project shall also be exempt from all state and county taxation. Except as otherwise provided by law, the interest of the project party or user of such project in a project or under the project agreement or related agreement shall not be exempt from taxation to a greater extent than it would be if the costs of the project were directly financed by the project party or other user.

§39A- Refunding special purpose revenue bonds. The legislature, by act enacted by an affirmative vote of two-thirds of the members to which each house is entitled, may authorize the issuance of refunding special purpose revenue bonds for the purpose of refunding any special purpose revenue bonds then outstanding and issued under this part, whether or not such outstanding special purpose revenue bonds have matured or are then subject to redemption. The legislature may provide, by act enacted by the affirmative vote of two-thirds of the members to which each house is entitled, for the issuance of a single issue of special purpose revenue bonds for the combined purposes of (1) financing the cost of a project or improvement or expansion thereof, and (2) refunding special purpose revenue bonds which shall theretofore have been issued under this part and shall then be outstanding, whether or not such outstanding special purpose revenue bonds have matured or are then subject to redemption. Nothing in this section shall require or be deemed to require the department to elect to redeem or prepay special purpose revenue bonds being refunded, or to redeem or prepay special purpose revenue bonds being refunded which were issued in the form customarily known as term bonds in accordance with any sinking fund installment schedule specified in any instruments providing for the issuance thereof, or, in the event the department elects to redeem or prepay any such bonds, to redeem or prepay as of any particular date or dates. The issuance of such special purpose revenue bonds, the maturities and other details thereof, the right and remedies of the holders thereof, and the rights, powers, privileges, duties, and obligations of the department with respect to the same, shall be governed by the foregoing provisions of this part insofar as the same may be applicable.

§39A- Status of special purpose revenue bonds under Uniform Commercial Code. Notwithstanding any of the provisions of this part or any recitals in any special purpose revenue bonds issued under this part, all such special purpose revenue bonds shall be deemed to be investment securities under the Uniform Commercial Code, chapter 490, subject only to the provisions of the special purpose revenue bonds pertaining to registration.

§39A- Special purpose revenue bonds as legal investments and lawful security. The special purpose revenue bonds issued pursuant to this part shall be legal and authorized investments for banks, savings banks, trust companies, savings and loan associations, insurance companies, fiduciaries, trustees, guardians, and for all public funds of the State or other political corporations or subdivisions of the State. Such special purpose revenue bonds shall be eligible to secure the deposit of any and all public funds of the State and any and all public funds of counties or other political corporations or subdivisions of the State, and such bonds shall be lawful and sufficient security for such deposits to the extent of their value when accompanied by all

unmatured coupons appertaining thereto.

§39A- Access to and public disclosure of financial records of project party. (a) Each project party with a project agreement with the department shall allow the department full access to the project party's financial records. Upon the request of the department for the examination of any such financial records, the project party shall allow the department to examine the requested records within a reasonably prompt time from the date of the request. If the department requests copies of the records, the project party shall provide the copies.

(b) To provide the public with full knowledge of the use of the proceeds and benefits derived from special purpose revenue bonds issued under this part, the department shall require each project party with a project agreement with the department to make available to the public all relevant financial records which pertain to the use of or savings resulting from the use of special purpose revenue bonds.

(c) The department shall adopt rules under chapter 91 for the purposes of this section.

§39A- Estimate of benefits. (a) Each project party with a project agreement with the department shall estimate the benefits derived from the use of the proceeds of special purpose revenue bonds. The benefits estimated shall be based on the creation of new jobs and potential effect on tax receipts. The format of and method for determining the estimates shall be established by the department and shall be uniform for each project party.

(b) To promote public understanding of the role played by special purpose revenue bonds in providing benefits to the general public, the department shall take appropriate steps to ensure public access to and scrutiny of the estimates determined under subsection (a).

(c) The department shall adopt rules under chapter 91 for the purposes of this section.

§39A- Construction of this part. The powers conferred by this part shall be in addition and supplemental to the powers conferred by any other law. Insofar as the provisions of this part are inconsistent with the provisions of any other law, this part shall be controlling."

SECTION 3. If any provision of this Act, or any provision of the part to be added pursuant hereto to chapter 39A, Hawaii Revised Statutes, or the application thereof to any person or circumstances is held invalid, the invalidity does not affect any other provision of this Act or such part or the application thereof to other persons or circumstances which can be given effect without the invalid provision or application, and to this end the provisions of this Act and such part are severable.

SECTION 4. This Act shall take effect upon its approval.

(Approved June 10, 1981.)

SECTION 1. The legislature finds that under Article VII, section 12, of the Constitution of the State of Hawaii, the legislature is authorized to enact enabling legislation to allow authorization by separate act of special purpose revenue bonds to assist industrial enterprises if it is in the public interest. The legislature declares and finds that enabling the State to issue special purpose revenue bonds to assist industrial enterprises is a valid public purpose and in the public interest.

The purpose of this Act, therefore, is to provide the enabling legislation for the issuance of special purpose revenue bonds for industrial enterprises, including but not limited to, high technology enterprises.

SECTION 2. Chapter 39A, Hawaii Revised Statutes, is amended by adding a new part to be appropriately designated and to read as follows:

“PART . ASSISTING INDUSTRIAL ENTERPRISES

§39A- Definitions. Whenever used in this part, unless a different meaning clearly appears from the context:

- (1) “Department” means the department of budget and finance.
- (2) “Project” means any combination of land, buildings, and other improvements thereon, for use as an industrial enterprise, including, without limiting the generality of the foregoing, machinery, equipment, furnishings, and apparatus which shall be deemed necessary, suitable, or useful to such enterprise.
- (3) “Project agreement” means any agreement entered into under this part by the department with a project party to finance, construct, operate, or maintain an industrial plant from the proceeds of special purpose revenue bonds, including without limitation any loan agreement.
- (4) “Project party” means a person, firm, or corporation qualified to do business in this State and conducting or proposing to conduct an industrial enterprise in this State.
- (5) “Special purpose revenue bonds” or “bonds” means bonds, notes, or other evidences of indebtedness of the State issued pursuant to this part.

§39A- Department powers as to industrial enterprises. In addition to powers which it may now have, the department shall have all powers necessary or convenient to accomplish the purposes of this part. The powers of the department include, but are not limited to, the following:

- (1) Notwithstanding and without compliance with sections 103-7 and 103-22, but with the approval of the governor, to enter into and carry out a project agreement, or an amendment or supplement to an existing project agreement, with a project party, and to enter into and carry out any agreement whereby the obligation of a project party under a project agreement will be unconditionally guaranteed by a person other than a project party.
- (2) To issue special purpose revenue bonds pursuant to and in accordance with this part.
- (3) To lend the proceeds of the special purpose revenue bonds issued for a project to the project party for use and application by the project party for the acquisition, purchase, construction, reconstruction, improvement, betterment, extension, or maintenance of a project.

- (4) As security for the payment of the principal of, premium, if any, and interest of the special purpose revenue bonds issued for a project, to pledge, assign, hypothecate, or otherwise encumber all or any part of the revenues and receipts derived or to be derived by the department under the project agreement for the project for which such bonds are issued; to pledge and assign the interest and rights of the department under the project agreement or other agreement with respect to such project or such special purpose revenue bonds; and to pledge and assign any bond, debenture, note, or other evidence of indebtedness received by the department with respect to such project; or any combination of the foregoing.
- (5) To extend or renew any project agreement or any other agreement related thereto; provided that any such renewal or extension shall be subject to the approval of the governor unless made in accordance with provisions for such extension or renewal contained in a project agreement or related agreement theretofore approved by the governor.
- (6) To do any and all things necessary or convenient to carry out its purposes and exercise the powers given and granted in this part.

§39A- Compliance with state and local law. The issuance of special purpose revenue bonds with respect to any project under this part shall not relieve any project party or other user of such project from the laws, ordinances, and rules and regulations of the State or any political subdivision thereof, or any departments or boards thereof with respect to the construction, operation, and maintenance of projects, or zoning laws or regulations, obtaining of building permits, compliance with building and health codes and other laws, ordinances, or rules and regulations of similar nature pertaining to the project, and such laws shall be applicable to such party or such other user to the same extent they would be if the costs of the project were directly financed by the project party.

§39A- Conditions precedent to negotiating and entering into a project agreement. The department prior to entering into negotiations with respect to a project agreement or at any time during such negotiations shall require that as a condition to such negotiations or the continuation thereof the State shall be reimbursed for any and all costs and expenses incurred by it even though a project agreement may not be entered into and may further require the deposit of moneys with the department as security for such reimbursement. Any amount of such deposit in excess of the amount required to reimburse the State shall be returned by the department to the party which has made such deposit.

The department shall not enter into any project agreement with respect to any project unless the legislature shall have first authorized the issuance of special purpose revenue bonds to finance such project pursuant to section 39A- and the department has thereafter found and determined either that the project party is a responsible party, whether by reason of economic assets or experience in the type of enterprise to be undertaken through such project, or otherwise, or that the obligations of the project party under the project agreement will be unconditionally guaranteed by a person who is a responsible party, whether by reason of economic assets or experience in the type of enterprise to be undertaken through such project, or otherwise.

§39A- Project agreement. No special purpose revenue bonds shall be issued unless at the time of issuance the department shall have entered into a project agreement with respect to the project for the financing of which such revenue bonds are to be issued. Any project agreement entered into by the department shall contain provisions unconditionally obligating the project party:

- (1) To pay to the department during the period or term of the project agreement, exclusive of any renewal or extension thereof and whether or not the project is used or occupied by the project party, such sum or sums, at such time or times, and in such amounts that will be at least sufficient:
 - (A) To pay the principal and interest on all special purpose revenue bonds issued with respect to the project as and when the same become due, including any premium payable upon any required redemption of such bonds;
 - (B) To establish or maintain such reserve, if any, as may be required by the instrument authorizing or securing the special purpose revenue bonds;
 - (C) To pay all fees and expenses (including the fees and expenses of the paying agents and trustees) incurred in connection with such special purpose revenue bonds; and
 - (D) To pay the expenses (direct or indirect) incurred by the State, as determined by the department, in administering such bonds or in carrying out the project agreement.
- (2) To operate, maintain, and repair the project as long as the same is used as provided in the project agreement and to pay all costs of such operation, maintenance, and repair.

Moneys received by the department pursuant to paragraph (1)(D) shall not be, or be deemed to be, revenues of the project and shall be paid into the general fund of the State.

§39A- Issuance of special purpose revenue bonds to finance projects. In addition to the other powers which it may otherwise have, the department may issue special purpose revenue bonds to finance, in whole or in part, the costs of facilities of, or for, or to loan the proceeds of such bonds to assist project parties. All revenue bonds issued under this part are special purpose revenue bonds and the provisions of part III of chapter 39 shall not apply thereto. All special purpose revenue bonds shall be issued in the name of the department and not in the name of the State.

The department in determining the cost of any project, may also include the following:

- (1) Financing charges, fees, and expenses of any trustee and paying agents for special purpose revenue bonds issued to pay the cost of such project;
- (2) Interest on such bonds and the expenses of the State in connection with such bonds and the project to be financed from the proceeds of such bonds accruing or incurred prior to and during the estimated period of construction and for not exceeding twelve months thereafter;
- (3) Amounts necessary to establish or increase reserves for the special purpose revenue bonds;
- (4) The cost of plans, specifications, studies, surveys, and estimates of costs and of revenues;

- (5) Other expenses incidental to determining the feasibility or practicability of the project;
- (6) Administration expenses;
- (7) Legal, accounting, consulting, and other special service fees;
- (8) Interest cost incurred by the project party with respect to the project prior to the issuance of the special purpose revenue bonds; and
- (9) Such other costs, commissions, and expenses incidental to the construction, acquisition, reconstruction, renovation, rehabilitation, improvement, betterment, operation, maintenance, or extension of the project, the financing, placing of same in operation, and the issuance of the special purpose revenue bonds, whether incurred prior to or after the issuance of such bonds.

The legislature finds and determines that the exercise of the powers vested in the department by this part constitutes assistance to an industrial enterprise and that the issuance of special purpose revenue bonds to finance facilities of, or for, or to loan the proceeds of such bonds to assist, project parties, is in the public interest.

§39A- Authorization of special purpose revenue bonds. (a) Special purpose revenue bonds for each project or multiproject program shall be authorized by a separate act of the legislature, by an affirmative vote of two-thirds of the members to which each house is entitled; provided that the legislature shall find that the issuance of such bonds is in the public interest. Special purpose revenue bonds issued pursuant to this part may be in one or more series for each project. The special purpose revenue bonds of each issue shall be dated, shall bear interest at such rate or rates, shall mature at such time or times not exceeding forty years from their date or dates, shall have such rank or priority and may be made redeemable before maturity at the option of the department, at such price or prices and under such terms and conditions, all as may be determined by the department. The department shall determine the form of the special purpose revenue bonds, including any interest coupons to be attached thereto, and the manner of execution of the special purpose revenue bonds, and shall fix the denomination or denominations of the special purpose revenue bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. The special purpose revenue bonds may be issued in coupon or in registered form, or both, as the department may determine, and provisions may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The department may sell special purpose revenue bonds in such manner, either at public or private sale, and for such price as it may determine.

(b) Prior to the preparation of definitive special purpose revenue bonds, the department may issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery.

(c) Should any bond issued under this part or any coupon appertaining thereto become mutilated or be lost, stolen, or destroyed, the department may cause a new bond or coupon of like date, number, and tenor to be executed and delivered in exchange and substitution for, and upon the cancellation of such mutilated bond or coupon, or in lieu of and in substitution for such lost, stolen, or destroyed bond or

coupon. Such new bond or coupon shall not be executed or delivered until the holder of the mutilated, lost, stolen, or destroyed bond or coupon has (1) paid the reasonable expense and charges in connection therewith, (2) in the case of a lost, stolen, or destroyed bond or coupon, has filed with the department or its fiduciary evidence satisfactory to such department or its fiduciary that such bond or coupon was lost, stolen, or destroyed and that the holder was the owner thereof, and (3) has furnished indemnity satisfactory to the department.

(d) The department may provide that CUSIP identification numbers shall be printed on such bonds. In the event such numbers are imprinted on any such bonds (1) no such number shall constitute a part of the contract evidenced by the particular bond upon which it is imprinted, and (2) no liability shall attach to the department or any officer or agent thereof, including any fiscal agent, paying agent, or registrar for such bonds, by reason of such numbers or any use made thereof, including any use thereof made by the department, any such officer, or any such agent, or by reason of any inaccuracy, error, or omission with respect thereto or in such use. The department may require that all costs of obtaining and imprinting such numbers shall be paid by the purchaser of such bonds. For the purpose of this subsection, the term "CUSIP identification numbers" means the numbering system adopted by the Committee for Uniform Security Identification Procedures formed by the Securities Industry Association.

§39A- Special purpose revenue bond anticipation notes. Whenever the department has authorized the issuance of special purpose revenue bonds under this part, special purpose revenue bond anticipation notes of the department may be issued in anticipation of the issuance of such bonds and of the receipt of the proceeds of sale thereof, for the purposes for which such bonds have been authorized. All special purpose revenue bond anticipation notes shall be authorized by the department, and the maximum principal amount of such notes shall not exceed the authorized principal amount of such bonds. The notes shall be payable solely from and secured solely by the proceeds of sale of the special purpose revenue bonds in anticipation of which the notes are issued and the revenues from which would be payable and by which would be secured such bonds; provided that to the extent that the principal of the notes shall be paid from moneys other than the proceeds of sale of such bonds, the maximum amount of bonds in anticipation of which the notes are issued that has been authorized shall be reduced by the amount of notes paid in such manner. The authorization, issuance, and the details of such notes shall be governed by the provisions of this part with respect to special purpose revenue bonds insofar as the same may be applicable; provided that each note, together with all renewals and extensions thereof, or refundings thereof by other notes issued under this section, shall mature within five years from the date of the original note.

§39A- Powers with respect to and security for special purpose revenue bonds. In order to secure the payment of any of the special purpose revenue bonds issued pursuant to this part, and interest thereon, or in connection with such bonds, the department shall have the power as to such bonds:

- (1) To pledge all or any part of the revenues derived by the department from the project agreement to the punctual payment of special purpose revenue bonds issued with respect to the project financed from proceeds thereof,

and interest thereon, and to covenant against thereafter pledging any such revenues or receipts to any other bonds or any other obligations of the department for any other purpose, except as otherwise stated in the law providing for the issuance of additional special purpose revenue bonds to be equally and ratably secured by a lien upon such revenues.

- (2) To pledge and assign the interest and right of the department under the project agreement and other agreements related thereto and the rights, duties, and obligations of the department thereunder, including the right to receive revenues thereunder.
- (3) To covenant as to the use and disposition of the proceeds from the sale of such bonds.
- (4) To covenant to set aside or pay over reserves and sinking funds for such bonds and as to the disposition thereof.
- (5) To covenant and prescribe as to what happenings or occurrences shall constitute "events of default" and the terms and conditions upon which any or all of such bonds shall become or may be declared due before maturity and as to the terms and conditions upon which such declaration and its consequences may be waived.
- (6) To covenant as to the rights, liabilities, powers, and duties arising upon the breach by it of any covenant, condition, or obligation.
- (7) To designate a national or state bank or trust company within or without the State, incorporated in the United States, to serve as trustee for the holders of the special purpose revenue bonds and to enter into a trust indenture or trust agreement or indenture of mortgage with such trustee. The trustee may be authorized by the department to receive and receipt for, hold, and administer the proceeds of the special purpose revenue bonds issued for the project and to apply the proceeds to the purposes for which such bonds are issued, or to receive and receipt for, hold, and administer the revenues derived by the department under the project agreement and to apply such revenues to the payment of the principal and interest on such bonds, or both, and any excess revenues to the payment of expenses incurred by the State in administering such bonds or in carrying out the project agreement. In the event that such trustee shall be appointed, any trust indenture or trust agreement or indenture of mortgage entered into by the department with the trustee may contain whatever covenants and provisions as may be necessary or convenient or desirable in order to secure such bonds. The department may pledge and assign to the trustee the interest of the department under the project agreement and other agreements related thereto and the rights, duties, and obligations of the department thereunder, including the right to receive revenues thereunder. The department may appoint the trustee to serve as fiscal agent for the payment of the principal and interest, and for the purchase, registration, transfer, exchange, and redemption of the special purpose revenue bonds, and may authorize and empower the trustee to perform such functions with respect to such payment, purchase, registration, transfer, exchange, and redemption, as the department may deem necessary, advisable, or expedient, including without limitation the holding of

- the special purpose revenue bonds and coupons which have been paid and the supervision of the destruction thereof in accordance with law.
- (8) To execute all instruments necessary or convenient in the exercise of the powers herein granted or in the performance of its covenants and duties.
 - (9) To make such covenants and do any and all acts and things as may be necessary or convenient or desirable in order to secure such bonds, notwithstanding that such covenants, acts, or things may not be enumerated herein; it being the purpose thereof to give the department power to do all things in the issuance of such bonds and for their security that may be consistent with the Constitution of the State of Hawaii.

§39A- Security for special purpose revenue bonds. Special purpose revenue bonds shall be payable solely from the revenues derived by the department from payments made to the department under the project agreement or other agreements entered into with respect to the project, and shall be secured solely by such revenues and by the pledges and assignments authorized by this part. All special purpose revenue bonds of the same issue, subject to the prior and superior rights of outstanding bonds, claims, obligations, or mechanic's and materialman's liens, shall have a prior and paramount lien on the revenues derived from the project agreement with respect to the project, for which such bonds have been issued, over and ahead of all special purpose revenue bonds of any issue payable from the revenues which may be subsequently issued and over and ahead of any claims or obligations of any nature against the revenues subsequently arising or subsequently incurred; provided that the department may reserve the right and privilege to subsequently issue additional series of special purpose revenue bonds, from time to time, payable from the revenues derived from such project agreement on a parity with the special purpose revenue bonds theretofor issued, and the subsequently issued series of special purpose revenue bonds may be secured, without priority by reason of date of sale, date of execution, or date of delivery, by a lien on the revenues in accordance with law, including this part.

§39A- Special purpose revenue bonds not a general obligation of State. No holder or holders of any special purpose revenue bonds issued under this part shall ever have the right to compel any exercise of taxing power of the State to pay such bonds or the interest thereon and no moneys other than the revenues pledged to such bonds shall be applied to the payment thereof. Each special purpose revenue bond issued under this part shall recite in substance that such bond, including interest thereon, is not a general obligation of the State and is payable solely from the revenues pledged to the payment thereof, and that such bond is not secured directly or indirectly by the full faith and credit or the general credit of the State or by any revenues or taxes of the State other than the revenues specifically pledged thereto.

§39A- Validity of special purpose revenue bonds. The special purpose revenue bonds bearing the signature or facsimile signature of officers in office on the date of the signing thereof shall be valid and sufficient for all purposes, notwithstanding that before the delivery thereof and payment therefor any or all the persons whose signatures appear thereon shall have ceased to be officers of the department. Special purpose revenue bonds shall contain a recital that they are issued pursuant to this part, which recital shall be conclusive evidence of their validity and of the regu-

larity of their issuance.

§39A- Use of revenues derived from project agreement. The department shall have the right to appropriate, apply, or expend the revenues derived with respect to the project agreement for a project for the following purposes:

- (1) To pay when due all special purpose revenue bonds, premiums if any, and interest thereon, for the payment of which the revenues are or have been pledged, charged, or otherwise encumbered, including reserves therefore; and
- (2) To the extent not paid by the project party to provide for all expenses of administration, operations, and maintenance of the project, including reserves therefor.

Unless and until adequate provision has been made for the foregoing purposes, the department shall not transfer the revenues derived from the project agreement to the general fund of the State.

§39A- Special purpose revenue bonds exempt from taxation. Special purpose revenue bonds and the income therefrom issued pursuant to this part shall be exempt from all state and county taxation except inheritance, transfer, and estate taxes.

§39A- Exemption from taxation of department property. All revenues derived by the department from any project or under the project agreement pertaining thereto shall be exempt from all state and county taxation. Any right, title, and interest of the department in any project shall also be exempt from all state and county taxation. Except as otherwise provided by law, the interest of the project party or user of such project in a project or under the project agreement or related agreement shall not be exempt from taxation to a greater extent than it would be if the costs of the project were directly financed by the project party or other user.

§39A- Refunding special purpose revenue bonds. The legislature, by act enacted by an affirmative vote of two-thirds of the members to which each house is entitled, may authorize the issuance of refunding special purpose revenue bonds for the purpose of refunding any special purpose revenue bonds then outstanding and issued under this part, whether or not such outstanding special purpose revenue bonds have matured or are then subject to redemption. The legislature may provide, by act enacted by an affirmative vote of two-thirds of the members to which each house is entitled, for the issuance of a single issue of special purpose revenue bonds for the combined purposes of: (1) financing the cost of a project or improvement or expansion thereof, and (2) refunding special purpose revenue bonds which shall theretofore have been issued under this part and shall then be outstanding, whether or not such outstanding special purpose revenue bonds have matured or are then subject to redemption. Nothing in this section shall require or be deemed to require the department to elect to redeem or prepay special purpose revenue bonds being refunded, or to redeem or prepay special purpose revenue bonds being refunded which were issued in the form customarily known as term bonds in accordance with any sinking fund installment schedule specified in any instruments providing for the issuance thereof, or, in the event the department elects to redeem or prepay any such bonds, to redeem or prepay as of any particular date or dates. The issuance of such special purpose revenue bonds, the maturities and other details thereof, the rights

and remedies of the holders thereof, and the rights, powers, privileges, duties, and obligations of the department with respect to the same, shall be governed by the foregoing provisions of this part insofar as the same may be applicable.

§39A- Status of special purpose revenue bonds under the Uniform Commercial Code. Notwithstanding any of the provisions of this part or any recitals in any special purpose revenue bonds issued under this part, all such special purpose revenue bonds shall be deemed to be investment securities under the Uniform Commercial Code, chapter 490, subject only to the provisions of the special purpose revenue bonds pertaining to registration.

§39A- Special purpose revenue bonds as legal investments and lawful security. The special purpose revenue bonds issued pursuant to this part shall be legal and authorized investments for banks, savings banks, trust companies, savings and loan associations, insurance companies, fiduciaries, trustees, guardians, and for all public funds of the State or other political corporations or subdivisions of the State. Such special purpose revenue bonds shall be eligible to secure the deposit of any and all public funds of the State and any and all public funds of counties or other political corporations or subdivisions of the State, and such bonds shall be lawful and sufficient security for such deposits to the extent of their value when accompanied by all unmatured coupons appertaining thereto.

§39A- Access to and public disclosure of financial records of project party. (a) Each project party with a project agreement with the department shall allow the department full access to the project party's financial records. Upon the request of the department for the examination of any such financial records, the project party shall allow the department to examine the requested records within a reasonably prompt time from the date of the request. If the department requests copies of the records, the project party shall provide the copies.

(b) To provide the public with full knowledge of the use of the proceeds and benefits derived from special purpose revenue bonds issued under this part, the department shall require each project party with a project agreement with the department to make available to the public all relevant financial records which pertain to the use of or savings resulting from the use of special purpose revenue bonds.

(c) The department shall adopt rules under chapter 91 for the purposes of this section.

§39A- Estimate of benefits. (a) Each project party with a project agreement with the department shall estimate the benefits derived from the use of the proceeds of special purpose revenue bonds. Currently, the Pacific War Memorial Commission of Hawaii is under the department of defense for administrative purposes only. The 1979 Legislature under section 52 of Act 214 requested the department of

budget and finance to undertake a study on the Commission regarding its duties and responsibilities. The department transmitted its report through Governor's Message No. 11 this year and recommended abolishment of the Commission and transfer of its duties and responsibilities to the department of land and natural resources. The report found that the original purposes of establishing such war memorials had been completed. Presently, the Commission's duties are related to the maintenance of existing memorials and consultation with private, state, and federal organizations with similar objectives. It was decided that these functions could be accomplished by the department of land and natural resources without jeopardizing the State's objectives for the furtherance of the war memorial system.

SECTION 2. Chapter 6, Hawaii Revised Statutes, is repealed.

SECTION 3. Chapter 6E, Hawaii Revised Statutes, is amended by adding a new part to be appropriately designated and to read:

§6E- Transfer of lands. Any county or the State may transfer lands to the

department for the purposes of this part, which are declared public purposes, on any terms or conditions or tenure or otherwise as the county or the State may desire to impose, any other law restricting such transfer, or restricting the type, location or classification of lands which may be transferred, to the contrary notwithstanding. A Bill for an Act Relating to the Filing of Returns for Taxation Purposes.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 238-5, Hawaii Revised Statutes, is amended to read:

“§238-5 Returns. On or before the last day of each calendar month, any person who has become liable for the payment of a tax under this chapter during the preceding calendar month in respect of any property or the use thereof, shall file a return with the assessor of the taxation district in which the property was held when the tax first became payable, or with the director of taxation at Honolulu, setting forth a description of the property and the character and quantity thereof in sufficient detail to identify the same or otherwise in such reasonable detail as the director by regulations shall require, and the purchase price or value thereof as the case may be. The return shall be accompanied by a remittance in full of the tax, computed at the rate specified in section 238-2 upon the price or value so returned. Any such tax remaining unpaid after the last day following the end of the calendar month during which the same first became payable shall become delinquent; provided[,] that a receipt from a seller required or authorized to collect the tax, given to a taxpayer in accordance with section 238-6, shall be sufficient to relieve the taxpayer from further liability for the tax to which the receipt may refer, or for the return thereof.

Notwithstanding the foregoing, a taxpayer may be eligible to file his return required under this section and make payments thereon on a quarterly basis during the calendar year, such return and payment to be made on or before the last day of the calendar month after the close of each quarter, to wit, on or before April 30, July 31, October 31, and January 31, if he possesses a valid and current permit to file his general excise tax return and to make payments thereon on a quarterly basis issued by the director pursuant to section 237-30. A taxpayer may also be eligible to make monthly payments based on his estimated quarterly liability with a reconciliation return at the end of each quarter during the calendar year, as heretofore provided, if he possesses a valid and current permit to file quarterly reconciliation general excise tax returns and to make monthly payments, issued by the director pursuant to section 237-30.

ACT 138

H.B. NO. 796

A Bill for an Act Relating to Taxation.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 235-61, Hawaii Revised Statutes, is amended to read:

"§235-61. Withholding of tax on wages. (a) As used in this section:

- (1) "Wages" means wages, commissions, fees, salaries, bonuses, and every and all other kinds of remuneration for, or compensation attributable to, services performed by an employee for his employer, including the cash value of all remuneration paid in any medium other than cash and the cost-of-living allowances and other payments included in gross income by section 235-7(b), but excluding income excluded from gross income by section 235-7 or other provisions of this chapter;
- (2) "Employee" includes an officer or elected official, or any other employee;
- (3) "Employer" means (A) the person or government for whom an individual performs or performed any service, of whatever nature, as the employee of such person or government, and (B) the person having control of the payment of the wages if the "employer" as heretofore defined does not have control thereof, and (C) any person subject to the jurisdiction of the State and paying wages on behalf of an "employer" as heretofore defined if the employer is not subject to the jurisdiction of the State; provided that the term "employer" shall not include any government that is not subject to the laws of the State except as, and to the extent that, it consents to the application of sections 235-61 to 235-67 to it.

(b) Every employer, as defined herein, making payment of wages, as herein defined, to employees, shall deduct and withhold from such wages an amount of tax determined as provided in this section.

(c) For each withholding period (whether weekly, bi-weekly, monthly, or otherwise) the amount of tax to be withheld under this section shall be at a rate which, for the taxable year, will yield the tax imposed by section 235-51 upon each employee's annual wage, as estimated from his current wage in any withholding period, but (for the purposes of this subsection) of the rates provided by section 235-51 the maximum to be taken into consideration shall be eight per cent. The tax for the taxable year shall be calculated upon the following assumptions:

- (1) That the employee's annual wage, as estimated from his current wage in the withholding period, will be his sole income for the taxable year;
- (2) That there will be no deductions therefrom in determining adjusted gross income;
- (3) That in determining taxable income there will be deductions in the amount of ten per cent of the estimated annual wage;
- (4) That in determining taxable income there also will be deducted the amount of exemptions and withholding allowances granted to the employee in the computation of taxable income, as shown by a certificate to be filed with the employer as provided by subsection (f); and
- (5) If it appears from the certificate filed pursuant to subsection (f) that the employee is, under section 235-93, entitled to make a joint return, that he and his spouse will so elect.

(d) Alternatively, at the election of the employer, he may deduct and withhold from each employee an amount of tax determined on the basis of tables to be prepared and furnished by the department of taxation, which amount of tax shall be substantially equivalent to the amount of tax provided by subsection (c) hereof.

(e) The department, by regulation, may require the deduction and withholding of tax from any remuneration or compensation paid for or attributable to services that are not subject to the general excise tax imposed by chapter 237, whether or not such withholding is provided for hereinabove. Every person so required to deduct and withhold tax, or from whom tax is required to be deducted and withheld, shall be subject to sections 235-61 to 235-67, and every person so required to deduct and withhold tax shall be deemed an employer for the purposes of this chapter.

The department, by regulation, may exempt any employer from the requirement of deduction and withholding of taxes, even though such requirement is imposed by this section, if and to the extent that the department finds such requirement unduly onerous or impracticable of enforcement.

(f) On or before the date of the commencement of employment with an employer, the employee shall furnish the employer with a signed certificate relating to the amount of exemptions which he claims, which shall in no event exceed the amount to which he is entitled on the basis of the existing facts, and also showing whether he is married and is, under section 235-93, entitled to make a joint return. The certificate shall be in such form and contain such information as may be prescribed by the department.

If, on any day during the calendar year, there is a change in the employee's marital status and he no longer is entitled to make a joint return, or the amount of exemptions to which the employee is entitled is less than the amount of exemptions claimed by the employee on the certificate then in effect with respect to him, the employee shall within ten days thereafter furnish the employer with a new certificate showing his present marital status, or relating to the amount of exemptions which the employee then claims, which shall in no event exceed the amount to which he is entitled on the basis of the existing facts. If, on any day during the calendar year, there is a change in the employee's marital status and though previously not entitled to make a joint return he now is so entitled, or the amount of exemptions to which he is entitled is greater than the amount of exemptions claimed, the employee may

furnish the employer with a new certificate showing his present marital status, or relating to the amount of exemptions which the employee then claims, which shall in no event exceed the amount to which he is entitled on the basis of the existing facts.

Such certificate shall take effect at the times set forth in the Internal Revenue Code.

(g) In determining the deduction allowed by subsection (c)(4) an employee shall be entitled to withholding allowances under this subsection with respect to a payment of wages equal to the number determined by dividing by \$1,000 the excess of the employee's estimated itemized deductions over an amount equal to ten per cent of the employee's estimated wages. For the purposes of this subsection a fractional number shall not be taken into account.

(1) As used in this subsection, unless the context otherwise requires:

(A) "Estimated itemized deductions" means the aggregate amount which the employee reasonably expects will be allowed as deductions under sections 235-2.3 and 235-7, other than the deductions referred to in Internal Revenue Code section 151 and those deductions required to be taken into account in determining adjusted gross income under Internal Revenue Code section 62 (with the exception of paragraph 13 thereof) for the estimation year. In no case shall such aggregate amount be greater than the sum of:

(i) The amount of such deductions (or the zero bracket amount (within the meaning of section 235-2.3)) reflected in the employee's net income tax return for the taxable year preceding the estimation year or (if such a return has not been filed for such preceding taxable year at the time the withholding exemption certificate is furnished the employer) the second taxable year preceding the estimation year, or

(ii) The ten per cent standard deduction reflected in the employee's net income tax return for the taxable year preceding the estimation year or (if such a return has not been filed for such preceding taxable year at the time the withholding exemption certificate is furnished the employer) the second taxable year preceding the estimation year, and the amount of the employee's determinable additional deductions for the estimation year.

(B) "Estimated wages" means the aggregate amount which the employee reasonably expects will constitute wages for the estimation year.

(C) "Determinable additional deductions" means those estimated itemized deductions which:

(i) Are in excess of the deductions referred to in subparagraph (A) (or the zero bracket amount) reflected on the employee's net income tax return for the taxable year preceding the estimation year; and

(ii) Are demonstrably attributable to an identifiable event during the estimation year or the preceding taxable year which can reasonably be expected to cause an increase in the amount of

such deductions on the net income tax return for the estimation year.

(D) "Estimation year", in the case of an employee who files the employee's return on the basis of a calendar year, means the calendar year in which the wages are paid; provided that in the case of an employee who files the employee's return on a basis other than the calendar year, the employee's estimation year, and the amounts deducted and withheld to be governed by such estimation year, shall be determined under rules prescribed by the director of taxation.

(2) Under this subsection, the following special rules shall apply:

(A) Married individuals. The number of withholding allowances to which a husband and wife are entitled under this subsection shall be determined on the basis of their combined wages and deductions. This subparagraph shall not apply to a husband and wife who filed separate returns for the taxable year preceding the estimation year and who reasonably expect to file separate returns for the estimation year.

(B) Limitation. In the case of employees whose estimated wages are at levels at which the amounts deducted and withheld under this chapter generally are insufficient (taking into account a reasonable allowance for deductions and exceptions) to offset the liability for tax under this chapter with respect to the wages from which such amounts are deducted and withheld, the director may by rule reduce the withholding allowances to which such employees would, but for this subparagraph, be entitled under this subsection.

(C) Treatment of allowances. For purposes of this chapter, any withholding allowance under this subsection shall be treated as if it were denominated a withholding exemption.

(3) The director may prescribe tables by rule under chapter 91 pursuant to which employees shall determine the number of withholding allowances to which they are entitled under this subsection.

(h) Any individual required to supply information to his employer under this section who wilfully supplies false or fraudulent information, or who wilfully fails to supply information under this section which would require an increase in the tax to be withheld, shall be fined not more than \$500, or imprisoned not more than six months, or both."

SECTION 2. Section 235-62, Hawaii Revised Statutes, is amended to read:

"**§235-62 Return and payment of withheld taxes.** Every employer required by this chapter to withhold taxes on wages paid in any month shall make return of such wages to the department of taxation on or before the fifteenth day of the calendar month following the month for which the taxes have been withheld. The return shall be in such form, including computer printouts and the like, and contain such information as may be prescribed by the director of taxation. The return shall be filed with the collector of the taxation district in which the employer has his principal place of business or with the director at Honolulu if the employer has no place of business in the State. Every return under this section shall be accompanied by a

remission of the complete amount of tax withheld, as reported in the return; provided that the director may, if he believes such action necessary where collection of the tax may be in jeopardy, require any person required to make a return under this section to make such return and pay such tax at any time; provided further that the director may grant permission to employers, whose liability to pay over the taxes withheld as heretofore provided shall not exceed \$1,000 a year, to make returns and payments thereon on a quarterly basis during the calendar year, such returns and payments to be made on or before the fifteenth day of the calendar month after the close of each quarter, to wit on or before April 15, July 15, October 15, and January 15; and provided further that the director may grant permission to employers to make monthly payments based on an estimated quarterly liability, provided that the employer file a reconciliation return on or before the fifteenth day of the calendar month after the close of each quarter during the calendar year as heretofore provided. The director, for good cause, may extend the time for making returns and payments, but not beyond the fifteenth day of the second month next succeeding the regular due date thereof as provided herein. With respect to wages paid out of public moneys, the director in his discretion may prescribe special forms for, and different procedures and times for the filing of, such returns by employers paying such wages, or may, upon such conditions and subject to such rules as he may prescribe from time to time, waive the filing of any such returns."

"§237-30 Monthly or quarterly return, computation of tax, payment. The taxes levied hereunder shall be payable in monthly installments on or before the last day of the calendar month following the month in which they accrue. The taxpayer shall, on or before the last day of the calendar month[,] following the month in which the taxes accrue, make out and sign a return of the installment of tax for which he is liable for the preceding month and transmit the same, together with a remittance, in the form required by section 237-31, for the amount of the tax, to the office of the department of taxation in the appropriate district hereinafter designated.

thereon on a quarterly basis during the calendar year, the return and payment to be made on or before the last day of the calendar month after the close of each quarter, to wit, on or before April 30, July 31, October 31, and January 31; provided that the director is satisfied that the grant of the permit will not unduly jeopardize the collection of the taxes due thereon and further that the director is satisfied that the taxpayer's total tax liability for the calendar year under this chapter will not exceed [\$500.] \$1,000. The director may also, for good cause, permit a taxpayer to make monthly payments based on his estimated quarterly liability, provided the taxpayer files a reconciliation return at the end of each quarter during the calendar year, as heretofore provided.

If a taxpayer filing his return on a quarterly basis, as herein provided, becomes delinquent in either the filing of his return or the payment of the taxes due thereon, or if the liability of a taxpayer, who possesses a permit to file his return and to make payments on a quarterly basis exceeds [\$500] \$1,000 in general excise taxes during the calendar year, or if the director determines that any such quarterly filing of return would unduly jeopardize the proper administration of this chapter, including the assessment or collection of the general excise tax, the director may, at any time, revoke a taxpayer's permit, in which case the taxpayer will then be required to file his return and make payments thereon as herein provided in the first paragraph of this section.

The director may adopt and promulgate rules and regulations to carry out the purposes of this section.

- (4) "Sales representative" means any employee or agent of a travel agency who arranges for the purchase or sale of travel services but does not include a salaried employee of a registered travel agency.

§468K-2 Registration required. Travel agencies and sales representatives shall register with the director prior to engaging in the business of selling travel services.

§468K-3 Travel agency recovery fund; use of fund; fees. The director shall establish and maintain a travel agency recovery fund from which any person aggrieved by an act, representation, transaction, or conduct of a registered travel agency or registered sales representative, that is in violation of this chapter, may recover by order of the circuit court or district court of the county where the violation occurred, an amount of not more than \$8,000 for damages sustained as a result of the act, representation, transaction, or conduct. Recovery from the fund shall be limited to the actual damages suffered by the claimant, including court costs and fees as set by law, and reasonable attorney fees as determined by the court.

For purposes of this chapter, "person aggrieved" means and is limited to individuals who have sustained damages as a result of the act, representation, transaction, or conduct of a duly registered travel agency or registered sales representative.

Every travel agency shall pay at the time of original registration a non-refundable fee of \$50 for deposit in the travel agency recovery fund.

Every sales representative shall pay at the time of original registration a non-refundable fee of \$25 for deposit in the travel agency recovery fund.

§468K-4 Additional payments to fund. If, on December 31 of any year, the balance remaining in the travel agency recovery fund is less than \$30,000, every travel agency and sales representative shall be assessed the appropriate fee for deposit in the travel agency recovery fund.

§468K-5 Statute of limitations; recovery from fund. (a) No action for a judgment which may subsequently result in an order for collection from the travel agency recovery fund shall be commenced later than six years from the accrual of the cause of action thereon. When any aggrieved person commences action for a judgment which may result in collection from the travel agency recovery fund, the aggrieved person shall notify the director in writing to this effect at the time of the commencement of such action. The director shall have the right to intervene in and defend any such action.

(b) When any aggrieved person recovers a valid judgment in any circuit court or district court of the county where the violation occurred against any travel agency or sales representative for such act, representation, transaction, or conduct which is in violation of this chapter or its adopted rules which occurred after January 1, 1981, the aggrieved person may, upon the termination of all proceedings, including reviews and appeals in connection with the judgment, file a verified claim in the court in which the judgment was entered and, upon ten days' written notice to the director, may apply to the court for an order directing payment out of the travel agency recovery fund, of the amount unpaid upon the judgment, subject to the limitations stated in this section.

(c) The court shall proceed upon such application in a summary manner, and, upon the hearing thereof, the aggrieved person shall be required to show:

- (1) He or she is not a spouse of the judgment debtor, or the personal representative of such spouse.
- (2) He or she has complied with all the requirements of this section.
- (3) He or she has obtained a judgment as set out in subsection (b) of this section, stating the amount thereof and the amount owing thereon at the date of the application.
- (4) He or she has made all reasonable searches and inquiries to ascertain whether the judgment debtor is possessed of real or personal property or other assets, liable to be sold or applied in satisfaction of the judgment.
- (5) That by such search he or she has discovered no personal or real property or other assets liable to be sold or applied, or that he or she has discovered certain of them, describing them, owned by the judgment debtor and liable to be so applied, and that he or she has taken all necessary action and proceedings for the realization thereof, and that the amount thereby realized was insufficient to satisfy the judgment, stating the amount so realized and the balance remaining due on the judgment after application of the amount realized.

(d) The court shall make an order directed to the director requiring payment from the travel agency recovery fund of whatever sum it shall find to be payable upon the claim, pursuant to the provisions of and in accordance with the limitations contained in this section, if the court is satisfied, upon the hearing of the truth of all matters required to be shown by the aggrieved person by subsection (c) of this section and that the aggrieved person has fully pursued and exhausted all remedies available to the aggrieved person for recovering the amount awarded by the judgment of the court.

(e) Should the director pay from the travel agency recovery fund any amount in settlement of a claim or toward satisfaction of a judgment against a registered travel agency or sales representative, registration shall be automatically terminated upon the issuance of a court order authorizing payment from the travel agency recovery fund. No such travel agency or sales representative shall be eligible to re-register to do business until the fund is repaid in full, plus interest at the rate of ten per cent a year, the amount paid from the travel agency recovery fund on the account of the travel agency or sales representative. A discharge in bankruptcy shall not relieve a person from the penalties and disabilities provided in this subsection.

(f) If, at any time, the money deposited in the travel agency recovery fund is insufficient to satisfy any duly authorized claim or portion thereof, the director shall, when sufficient money has been deposited in the travel agency recovery fund, satisfy such unpaid claims or portions thereof, in the order that such claims or portions thereof were originally filed.

§468K-6 Management of fund. The sums received by the director for deposit in the travel agency recovery fund shall be held by the director in trust for carrying out the purposes of the travel agency recovery fund. The director, as trustee of the recovery fund, may retain private legal counsel to represent the director in any action which may result in collection from the travel agency recovery fund. These funds may be invested and reinvested in the same manner as funds of the state employees'

retirement system, and the interest from these investments shall be deposited to the credit of the travel agency education fund, which is hereby created, and which shall be available to the director for educational purposes.

§468K-7 False statement. It shall constitute a misdemeanor for any person or his or her agent to file with the director any notice, statement, or other document required under this chapter, which is false or untrue or contains any material misstatement of fact.

§468K-8 The director has standing in court. When the director receives notice, as provided in section 468K-5, the director may enter an appearance, file an answer, appear at the court hearing, defend the action or take whatever other action it may deem appropriate. The director or the legal representative of the director shall be served with all pleadings in an action which may result in a recovery from the travel agency recovery fund.

Settlement of any claim against the travel agency recovery fund shall be made only by agreement of the director and attorney general that settlement is in the best interest of the travel agency recovery fund.

§468K-9 Subrogation to rights of creditor. When, upon the order of the court, the director has paid from the travel agency recovery fund any sum to the judgment creditor, the director shall be subrogated to all of the rights of the judgment creditor and the judgment creditor shall assign all his or her right, title, and interest in the judgment to the director and any amount and interest so recovered by the director on the judgment shall be deposited to the credit of the travel agency recovery fund.

§468K-10 Waiver of rights. The failure of an aggrieved person to comply with this chapter relating to the travel agency recovery fund shall constitute a waiver of any right hereunder.

§468K-11 Maximum liability. Notwithstanding any other provision, the liability of the travel agency recovery fund shall not exceed \$8,000 for any travel agency or sales representative.

§468K-12 Disciplinary action against registrant. Nothing contained herein shall limit the authority of the director to take disciplinary action against any person for a violation of this chapter, or of its rules; nor shall the repayment in full of all obligations to the travel agency recovery fund by any travel agency or sales representative nullify or modify the effect of any other disciplinary proceeding brought pursuant to this chapter or its rules.

§468K-13 Records and reports. Every travel agency shall keep accurate and up-to-date records on all travel arrangements made for customers. The records required by law or rules shall be preserved by the agency for a period of at least two years.

§468K-14 Restitution. Any person who engages in an unlawful act or practice which violates any provision of this chapter or rules promulgated pursuant thereto may be ordered by court of proper jurisdiction to make restitution to all individual consumers injured by the act or practice.

§468K-15 Penalties. Any person who engages in an unlawful act or practice which violates any provision of this chapter or rules promulgated pursuant thereto

shall be fined a sum of not less than \$500 nor more than \$2,500 for each unlawful act or practice, which sum shall be collected in a civil suit brought by the office of consumer protection.”

appropriate salary range at which a suitable employee can be recruited.

(b) Whenever a labor shortage exists in a class or group of positions in a class, the director, with the prior approval of the chief executive, may declare it to be a shortage category and adjust the entry salary in accordance with subsection (c) to an amount which is fair and reasonable and at which employees can be recruited from the labor market. The director may review the impact of making such an adjustment on other classes or groups of positions in classes within the same series. If the director finds that it is necessary to adjust the entry salary of another class or group of positions in a class to preserve internal relationships within the series, the director may make such an adjustment in accordance with subsection (c); provided that the adjustment shall be not more than five per cent for each succeeding higher level class or group of positions in a class. If the director determines that a shortage no longer exists, the director shall reestablish the first step of the appropriate salary ranges as the entry salaries.

(c) An adjustment to an entry salary under subsection (b) shall be made by adding to the first step of the appropriate salary range a temporary shortage differential, which shall not be considered an adjustment to base pay. The amount of the differential shall be the dollar difference between the adjusted entry salary and the first step of the appropriate salary range, which shall be recomputed whenever there is a change in the respective pay schedule.

(d) Whenever the entry salary is being adjusted for a class or group of positions in a class, incumbents thereof who are being paid less than the adjusted entry salary shall have their pay adjusted to an equivalent amount. The adjustment shall be made by adding to their respective steps, a temporary shortage differential, which is not to be considered as an adjustment to base pay. The amount of the differential shall be the dollar difference between the adjusted entry salary and their respective steps, which shall be recomputed whenever there is a change in the respective pay schedule.

(e) In the event that the entry salary for a class or group of positions in a class is subsequently lowered, incumbents thereof who are receiving a temporary shortage differential shall continue to receive so much of the differential as is necessary to maintain their then existing pay until the rates for their respective steps equal or exceed such amount. If employees move from their respective positions in which they were granted a temporary shortage differential, the differential shall terminate and their pay shall be adjusted without the differential.

(f) The director shall maintain a list of all recruitment above the first step and shortage category determinations under this section and the justifications therefor."

The purpose of this Act is to implement article VII, section 12 of the Constitution of the State of Hawaii as proposed by the Hawaii Constitutional Convention of 1978 and ratified by the voters on November 7, 1978, and pertaining to the authorization for the issuance of special purpose revenue bonds to assist utilities serving the general public. This Act establishes a means whereby facilities for the local furnishing of electric energy or gas can be financed through the issuance of special purpose revenue bonds by the State.

The legislature finds and declares that the health, safety, and general welfare of the people of the State require that every opportunity be taken to assist utilities serving the general public in providing electric energy or gas at the lowest possible cost; that due to the geographical location of the State, interconnection with national or regional electric grid systems or gas pipeline systems is impossible, the consequence of which increases local cost of energy; that efforts are being made at state and federal levels to accomplish lower cost of energy, including at the federal level the provisions of the United States Internal Revenue Code exempting from federal taxation the interest on bonds issued by public bodies for the provision of facilities for the local furnishing of electric energy or gas or for air or water pollution control; that the interest on borrowings necessary to provide such facilities is a significant factor in the cost of electric energy and gas and that the interest cost would be less if tax exempt bonds could be issued for the financing thereof; that the protection and promotion of the public health and the maintenance of a standard of living compatible with decency and health at the lowest practicable cost can be encouraged with the assistance of the State through the issuance of special purpose revenue bonds by the State to finance the cost of facilities for the local furnishing of electric energy or gas; and that the assistance of utilities serving the general public by issuance by the State of special purpose revenue bonds to finance the cost of facilities for the local furnishing of electric energy or gas is a valid public purpose and in the public interest.

SECTION 2. Chapter 39A, Hawaii Revised Statutes, is amended by adding a new part to be appropriately designated and to read as follows:

**“PART . ASSISTING UTILITIES SERVING THE GENERAL PUBLIC
IN PROVIDING ELECTRIC ENERGY OR GAS**

§39A- Definitions. Whenever used in this part, unless a different meaning clearly appears from the context:

- (1) “Department” means the department of budget and finance.
- (2) “Energy project” means any facilities for each single project or multi-project program of a project party which is certified by the public utilities commission as being for the local furnishing of electric energy or gas; provided that any new generating unit for the production or generation of electric energy from fossil fuels shall not be considered an energy project for purposes of this part unless specifically authorized in any act providing for the authorization of the issuance of bonds pursuant to this part.
- (3) “Local furnishing of electric energy or gas” means providing property or land that is or will be:
 - (A) Depreciable property or land;
 - (B) Used to produce, collect, generate, transmit, store, distribute, or convey electric energy or gas, including without limitation, air or water pollution control facilities;
 - (C) Used in the trade or business of furnishing electric energy or gas; and
 - (D) Part of a system providing service to the general public of not more than two contiguous counties in the State.
- (4) “Project agreement” means any agreement entered into under this part by the department with the project party for the financing from the proceeds of special purpose revenue bonds of an energy project, including without limitation any loan agreement.
- (5) “Project party” means an electric or gas utility serving the general public and which is regulated by the public utilities commission under chapter 269.
- (6) “Special purpose revenue bonds” or “bonds” mean bonds, notes, or other evidences of indebtedness issued pursuant to this part.

§39A- Department powers as to energy projects. In addition to powers which it may now have, the department shall have all powers necessary or convenient to accomplish the purposes of this part. The powers of the department include, but are not limited to, the following:

- (1) Notwithstanding and without compliance with sections 103-7 and 103-22 but with the approval of the governor to enter into and carry out a project agreement, or an amendment or supplement to an existing project agreement, with a project party, and to enter into and carry out any agreement whereby the obligation of a project party under a project agreement will be unconditionally guaranteed by a person other than a project party;
- (2) To issue special purpose revenue bonds pursuant to and in accordance

- with this part;
- (3) To lend the proceeds of the special purpose revenue bonds issued for an energy project to the project party for use and application by the project party for the acquisition, purchase, construction, reconstruction, improvement, betterment, or extension of an energy project;
 - (4) As security for the payment of the principal of and interest on the special purpose revenue bonds issued for an energy project, to pledge, assign, hypothecate, or otherwise encumber all or any part of the revenues and receipts derived or to be derived by the department under the project agreement for the energy project for which such bonds are issued; to pledge and assign the interest and rights of the department under the project agreement or other agreement with respect to such project or such special purpose revenue bonds; and to pledge and assign any bond, debenture, note, or other evidence of indebtedness received by the department with respect to such energy project; or any combination of the foregoing;
 - (5) To extend or renew any project agreement or any other agreement related thereto; provided that any such renewal or extension shall be subject to the approval of the governor unless made in accordance with provisions for such extension or renewal contained in a project agreement or related agreement theretofore approved by the governor; and
 - (6) To do any and all things necessary or convenient to carry out its purposes and exercise the powers given and granted in this part.

When the department finances an energy project by the issuance of special purpose revenue bonds as contemplated by this part, the State shall not exercise the power of eminent domain to acquire an energy project or any part thereof for lease or transfer to a project party, nor shall the State operate a project on behalf of a project party.

§39A- Compliance with state and local law. The financing of any energy project under this part shall not relieve any project party or other user of such energy project from the laws, ordinances, and rules and regulations of the State and county or any departments or boards thereof with respect to the construction, operation, and maintenance of energy projects, compliance with master plans or zoning laws or regulations, obtaining of building permits, compliance with building and health codes and other laws, ordinances, or rules and regulations of similar nature pertaining to the energy project, and such laws shall be applicable to such party or such other user to the same extent they would be if the costs of the energy project were directly financed by the project party.

§39A- Conditions precedent to negotiating and entering into a project agreement. The department prior to entering into negotiations with any project party shall require that the State shall be reimbursed for any and all costs and expenses (direct or indirect) incurred by it in implementing and administering this part as determined by the department even though a project agreement may not be entered into and may further require the deposit of moneys with the department as security for such reimbursement. Any amount of such deposit in excess of the amount required to reimburse the State shall be returned by the department to the project party which

has made such deposit. The State shall not be required to pay to the project party any interest or earnings on such deposit.

The department shall not enter into any project agreement with respect to any energy project unless the department shall first find and determine either that the project party is a responsible party, whether by reason of economic assets or experience in the type of enterprise to be undertaken through such project, or otherwise, or that the obligations of the project party under the project agreement will be unconditionally guaranteed by a person who is a responsible party, whether by reason of economic assets or experience in the type of enterprise to be undertaken through such energy project, or otherwise.

§39A- Project agreement. No special purpose revenue bonds shall be issued unless at the time of issuance the department shall have already entered into a project agreement with respect to the energy project for the financing of which such bonds are to be issued. Any project agreement entered into by the department shall contain provisions unconditionally obligating the project party:

- (1) To pay to the department during the period or term of the project agreement, exclusive of any renewal or extension thereof and whether or not the energy project is used or occupied by the project party, such sum or sums, at such time or times, and in such amount or amounts that will be at least sufficient:
 - (A) To pay the principal and interest on all special purpose revenue bonds issued to finance the energy project as and when the bonds become due, including any premium payable upon any required redemption of such bonds;
 - (B) To establish or maintain such reserve, if any, as may be required by the instrument authorizing or securing the special purpose revenue bonds;
 - (C) To pay all fees and expenses (including the fees and expenses of the paying agents and trustees) incurred in connection with such special purpose revenue bonds; and
 - (D) To pay the expenses (direct or indirect) incurred by the State in administering such bonds or in carrying out the project agreement, as determined by the department.
- (2) To operate, maintain, and repair the energy project as long as the same is used in the business of local furnishing of electric energy or gas, and to pay all costs of such operation, maintenance, and repair.

Moneys received by the department pursuant to paragraph (1)(D) shall not be, nor be deemed to be, revenues of the energy project and shall be paid into the general fund of the State.

§39A- Issuance of special purpose revenue bonds to finance energy projects. In addition to the other powers which it may otherwise have, the department may issue special purpose revenue bonds to finance, in whole or in part, the costs of an energy project. All bonds issued under this part are special purpose revenue bonds and the provisions of part III of chapter 39 shall not apply thereto. All special purpose revenue bonds issued pursuant to this part shall be issued in the name of the department and not in the name of the State.

The department in determining the cost of any energy project, may also include the following:

- (1) Financing charges, fees, and expenses of any trustee and paying agents for special purpose revenue bonds issued to pay the cost of such energy project;
- (2) Interest on such bonds and the expenses of the State in connection with such bonds and the energy project to be financed from the proceeds of such bonds accruing or incurred prior to and during the period of construction and for not exceeding six months thereafter;
- (3) Amounts necessary to establish or increase reserves for the special purpose revenue bonds;
- (4) The cost of plans, specifications, studies, surveys, and estimates of cost and of revenues;
- (5) Other expenses incidental to determining the feasibility or practicability of the energy project;
- (6) Administration expenses;
- (7) Interest cost incurred by the project party with respect to the energy project prior to the issuance of the special purpose revenue bonds; and
- (8) Such other costs, commissions, and expenses incidental to the construction, acquisition, reconstruction, renovation, rehabilitation, improvement, betterment, operation, or extension of the energy project, the financing thereof, placing of the energy project in operation, and the issuance of the special purpose revenue bonds, whether incurred prior to or after the issuance of such bonds.

The legislature finds and determines that the exercise of the powers vested in the department by this part constitutes assistance to utilities serving the general public and that the issuance of special purpose revenue bonds to finance facilities of, or for, or to loan the proceeds of such bonds to assist, project parties, is in the public interest.

§39A- Authorization of special purpose revenue bonds. (a) Special purpose revenue bonds for each single project or multi-project program for each type of utility serving the general public shall be authorized by a separate act of the legislature, by an affirmative vote of two-thirds of the members to which each house is entitled; provided that the legislature shall find that the issuance of such bonds is in the public interest. Special purpose revenue bonds issued pursuant to this part may be in one or more series for each energy project. The special purpose revenue bonds of each issue shall be dated, shall bear interest at such rate or rates, shall mature at such time or times not exceeding thirty years from their date or dates, shall have such rank or priority and may be made redeemable before maturity at the option of the department, at such price or prices and under such terms and conditions, all as may be determined by the department. The department shall determine the form of the special purpose revenue bonds, including any interest coupons to be attached thereto, and the manner of execution of the special purpose revenue bonds, and shall fix the denomination or denominations of the special purpose revenue bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. The special purpose revenue bonds may be issued in coupon or in registered form, or both, as the department may determine,

and provisions may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The department may sell special purpose revenue bonds in such manner, either at public or at private sale, and for such price as it may determine.

(b) Prior to the preparation of definitive special purpose revenue bonds, the department may issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery.

(c) Should any bond issued under this part or any coupon appertaining thereto become mutilated or be lost, stolen, or destroyed, the department upon the cancellation of such mutilated bond or coupon, may cause a new bond or coupon of like date, number, and tenor to be executed and delivered in exchange and substitution for, in lieu of and in substitution for such lost, stolen, or destroyed bond or coupon. Such new bond or coupon shall not be executed or delivered until the holder of the mutilated, lost, stolen, or destroyed bond or coupon has (1) paid the reasonable expense and charges in connection therewith, and (2) in the case of a lost, stolen, or destroyed bond or coupon, has filed with the department or its fiduciary, evidence satisfactory to such department or its fiduciary that such bond or coupon was lost, stolen, or destroyed and that the holder was the owner thereof, and (3) has furnished indemnity satisfactory to the department.

(d) The department may provide that CUSIP identification numbers shall be imprinted on any such bonds. In the event such numbers are imprinted on any such bonds (1) no such number shall constitute a part of the contract evidenced by the particular bond upon which it is imprinted, and (2) no liability shall attach to the department or any officer or agent thereof, including any fiscal agent, paying agent, or registrar for such bonds, by reason of such numbers or any use made thereof, including any use thereof made by the department, any such officer, or any such agent, or by reason of any inaccuracy, error, or omission with respect thereto or in such use. The department may require that all costs of obtaining and imprinting such numbers shall be paid by the purchaser of such bonds. For the purposes of this subsection, the term "CUSIP identification numbers" means the numbering system adopted by the Committee for Uniform Security Identification Procedures formed by the Securities Industry Association.

§39A- Special purpose revenue bond anticipation notes. Whenever the department authorizes the issuance of special purpose revenue bonds under this part, special purpose revenue bond anticipation notes of the department may be issued in anticipation of the issuance of such bonds and of the receipt of the proceeds of sale thereof, for the purposes for which such bonds have been authorized. All special purpose revenue bond anticipation notes shall be authorized by the department, and the maximum principal amount of such notes shall not exceed the authorized principal amount of such bonds. The notes shall be payable solely from and secured solely by the proceeds of sale of the special purpose revenue bonds in anticipation of which the notes are issued and the revenues from which would be payable and by which would be secured such bonds; provided that to the extent that the principal of the notes shall be paid from moneys other than the proceeds of sale of such bonds, the maximum amount of bonds in anticipation of which the notes are issued that has

been authorized shall be reduced by the amount of notes paid in such manner. The authorization, issuance, and the details of such notes shall be governed by the provisions of this part with respect to special purpose revenue bonds insofar as the provisions may be applicable; provided that each note, together with all renewals and extensions thereof, or refundings thereof by other notes issued under this section, shall mature within five years from the date of the original note.

§39A- Powers with respect to and security for special purpose revenue bonds. In order to secure the payment of any of the special purpose revenue bonds issued pursuant to this part, and interest thereon, or in connection with such bonds, the department shall have the power as to such bonds:

- (1) To pledge all or any part of the revenues derived by the department from the project agreement to the punctual payment of special purpose revenue bonds issued for the energy project financed from proceeds thereof, and interest thereon, and to covenant against thereafter pledging any such revenues or receipts to any other bonds or any other obligations of the department for any other purpose, except as otherwise stated in the law providing for the issuance of additional special purpose revenue bonds to be equally and ratably secured by a lien upon such revenues.
- (2) To pledge and assign the interest and rights of the department under the project agreement and other agreements related thereto and the rights, duties, and obligations of the department thereunder, including the right to receive revenues thereunder.
- (3) To covenant as to the use and disposition of the proceeds from the sale of such bonds.
- (4) To covenant to set aside or pay over reserves and sinking funds for such bonds and as to the disposition thereof.
- (5) To covenant and prescribe as to what happenings or occurrences shall constitute "events of default" and the terms and conditions upon which any or all of such bonds shall become or may be declared due before maturity and as to the terms and conditions upon which such declaration and its consequences may be waived.
- (6) To covenant as to the rights, liabilities, powers, and duties arising upon the breach by it of any covenant, conditions, or obligation.
- (7) To designate a national or state bank or trust company within or without the State, incorporated in the United States, to serve as trustee for the holders of the special purpose revenue bonds and to enter into a trust indenture or trust agreement or indenture of mortgage with such trustee. The trustee may be authorized by the department to receive and receipt for, hold, and administer the proceeds of the special purpose revenue bonds issued for the energy project and to apply the proceeds to the purposes for which such bonds are issued, or to receive and receipt for, hold, and administer the revenues derived by the department under the project agreement and to apply such revenues to the payment of the principal and interest on such bonds, or both, and any excess revenues to the payment of expenses incurred by the State in administering such bonds or in carrying out the project agreement. In the event that such trustee shall be appointed, any trust indenture or trust agreement or

indenture of mortgage entered into by the department with the trustee may contain whatever covenants and provisions as may be necessary or convenient or desirable in order to secure such bonds. The department may pledge and assign to the trustee the interest of the department under the project agreement and other agreements related thereto and the rights, duties, and obligations of the department thereunder, including the right to receive revenues thereunder. The department may appoint the trustee to serve as fiscal agent for the payment of the principal and interest, and for the purchase, registration, transfer, exchange, and redemption of the special purpose revenue bonds, and may authorize and empower the trustee to perform such functions with respect to such payments, purchase, registration, transfer, exchange, and redemption, as the department may deem necessary, advisable, or expedient, including without limitation, the holding of the special purpose revenue bonds and coupons which have been paid and the supervision of the destruction thereof in accordance with law.

- (8) To execute all instruments necessary or convenient in the exercise of the powers herein granted or in the performance of its covenants and duties.
- (9) To make such covenants and do any and all acts and things as may be necessary or convenient or desirable in order to secure such bonds, notwithstanding that such covenants, acts, or things may not be enumerated herein; it being the purpose hereof to give the department power to do all things in the issuance of such bonds and for their security that may be consistent with the Constitution of the State of Hawaii.

§39A- Security for special purpose revenue bonds. Special purpose revenue bonds shall be payable solely from the revenues derived by the department from payments made to the department under the project agreement or other supplemental agreements entered into with respect to the energy project, and shall be secured solely by such revenues and by the pledges and assignments authorized by this part. All special purpose revenue bonds of the same issue, subject to the prior and superior rights of outstanding bonds, claims, obligations, or mechanics' and materialmen's liens, shall have a prior and paramount lien on the revenues derived from the project agreement with respect to the energy project for which such bonds have been issued, over and ahead of all special purpose revenue bonds of any issue payable from the revenues which may be subsequently issued and over and ahead of any claims or obligations of any nature against the revenues subsequently arising or subsequently incurred; provided that the department may reserve the right and privilege to subsequently issue additional series of special purpose revenues bonds, from time to time, payable from the revenues derived from such project agreement on a parity with the special purpose revenue bonds theretofore issued and the subsequently issued series of special purpose revenue bonds, may be secured, without priority by reason of date of sale, date of execution, or date of delivery, by a lien on the revenues in accordance with law, including this part.

Notwithstanding any other provision hereof, the property in the energy project and all interest of the project party in the energy project and the revenues of the project party therefrom may be subjected to the present and future lien of any mortgage of the project party securing the project party's bonds, and the rights of the

department and any trustee for the holders of the special purpose revenue bonds and the holders of the special purpose revenue bonds in the energy project and the revenues therefrom may be made subject to the prior lien of the project party's mortgage.

§39A- Special purpose revenue bonds not a general obligation of the State. No holder or holders of any special purpose revenue bonds issued under this part shall ever have the right to compel any exercise of taxing power of the State to pay such bonds or the interest thereon and no moneys other than the revenues pledged to such bonds shall be applied to the payment thereof. Each special purpose revenue bond issued under this part shall recite in substance that such bond, including interest thereon, is not a general obligation of the State and is payable solely from the revenues pledged to the payment thereof, and that such bond is not secured directly or indirectly by the full faith and credit or the general credit of the State or by any revenues or taxes of the State other than the revenues specifically pledged thereto.

§39A- Validity of special purpose revenue bonds. The special purpose revenue bonds bearing the signature or facsimile signature of officers in office on the date of the signing thereof shall be valid and sufficient for all purposes, notwithstanding that before the delivery thereof and payment therefor any or all the persons whose signatures appear thereon shall have ceased to be officers of the department. The special purpose revenue bonds shall contain a recital that they are issued pursuant to this part, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

§39A- Use of revenues derived from project agreement. The department shall have the right to appropriate, apply, or expend the revenues derived from the project agreement for an energy project for the following purposes:

- (1) To pay when due all special purpose revenue bonds and interest thereon, for the payment of which the revenues are or have been pledged, charged, or otherwise encumbered, including reserves therefor; and
- (2) To the extent not paid by the project party to provide for all expenses of administration, operation, and maintenance of the energy project, including reserves therefor.

Unless and until adequate provision has been made for the foregoing purposes, the department shall not transfer the revenues derived from the project agreement to the general fund of the State.

§39A- Special purpose revenue bonds exempt from taxation. Special purpose revenue bonds and the income therefrom issued pursuant to this part shall be exempt from all state and county taxation except inheritance, transfer, and estate taxes.

§39A- Exemption from taxation of department property. All revenues derived by the department from any energy project or under the project agreement pertaining thereto shall be exempt from all state and county taxation. Any right, title, and interest of the department in any energy project shall also be exempt from all state and county taxation. Except as otherwise provided by law, the interest of the project party or user of such project in an energy project or under the project agreement or related agreement shall not be exempt from taxation to a greater extent than

it would be if the costs of the energy project were directly financed by the project party or other user.

§39A- Refunding special purpose revenue bonds. The legislature, by act enacted by an affirmative vote of two-thirds of the members to which each house is entitled, may authorize the issuance of refunding special purpose revenue bonds for the purpose of refunding any special purpose revenue bonds then outstanding and issued under this part, whether or not such outstanding special purpose revenue bonds have matured or are then subject to redemption. The legislature may provide, by act enacted by an affirmative vote of two-thirds of the members to which each house is entitled, for the issuance of a single issue of special purpose revenue bonds for the combined purposes of (1) financing the cost of an energy project or improvement or expansion thereof, and (2) refunding special purpose revenue bonds which shall theretofore have been issued under this part and shall then be outstanding, whether or not such outstanding special purpose revenue bonds have matured or are then subject to redemption. Nothing in this section shall require or be deemed to require the department to elect to redeem or prepay special purpose revenue bonds being refunded, or to redeem or prepay special purpose revenue bonds being refunded which were issued in the form customarily known as term bonds in accordance with any sinking fund installment schedule specified in any law authorizing the issuance thereof, or, in the event the department elects to redeem or prepay any such bonds, to redeem or prepay as of any particular date or dates. The issuance of such special purpose revenue bonds, the maturities and other details thereof, the rights and remedies of the holders thereof, and the rights, powers, privileges, duties, and obligations of the department with respect to the bonds, shall be governed by the foregoing provisions of this part insofar as the provisions may be applicable.

§39A- Status of special purpose revenue bonds under Uniform Commercial Code. Notwithstanding any of the provisions of this part or any recitals in any special purpose revenue bonds issued under this part, all such special purpose revenue bonds shall be deemed to be investment securities under the Uniform Commercial Code, chapter 490, subject only to the provisions of the special purpose revenue bonds pertaining to registration.

§39A- Treatment of special purpose revenue bonds in regulatory proceedings.
 (a) In the setting of rates to be paid by the consumers of utility services, the public utilities commission shall provide such consumers the maximum benefits derived by the utility from the use of such bonds.

(b) For the purpose of public disclosure, the public utilities commission, in every rate proceeding involving a public utility which has utilized special purpose revenue bonds, shall make estimates of (A) the probable amounts which would have been incurred by the utility as capital costs if financing by means other than special purpose bonds were utilized, (B) the amount the utility pays for such bonds, including the principal and sinking fund requirements, the interest, and other expenses appropriately attributable to special purpose revenue bond financing, and (C) the difference between (A) and (B), or the estimated savings realized by the consumers of the utility services.

§39A- Special purpose revenue bonds as legal investments and lawful

security. The special purpose revenue bonds issued pursuant to this part shall be and are declared to be legal and authorized investments for banks, savings banks, trust companies, savings and loan associations, insurance companies, fiduciaries, trustees, guardians, and for all public funds of the State or other political corporations or subdivisions of the State. Such special purpose revenue bonds shall be eligible to secure the deposit of any and all public funds of the State and any and all public funds of counties or other political corporations or subdivisions of the State, and such bonds shall be lawful and sufficient security for such deposits to the extent of their value when accompanied by all unmatured coupons appertaining thereto.

§39A- Construction of this part. The powers conferred by this part shall be in addition and supplemental to the powers conferred by any other law. Insofar as the provisions of this part are inconsistent with the provisions of any other law, this part shall be controlling.

§39A- Expiration. No new special purpose revenue bond shall be issued under this part after June 30, 1984.”

SECTION 3. If any provision of this Act, or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are severable.

SECTION 4. This Act shall take effect upon its approval.

(Approved June 16, 1981.)

maximum interest permitted by this section if such interest is computed for each billing cycle at a monthly rate not to exceed that permitted in subsection (j) by any of the following methods:

- (A) By converting the monthly rate to a daily rate and multiplying such daily rate by each daily unpaid principal balance of the open-end loan account in the billing cycle, and then adding the products of all such multiplications (in which case the daily rate is determined by multiplying the authorized monthly rate by 12 and dividing by 365); or
 - (B) By multiplying the monthly rate by the average daily unpaid principal balance of the open-end loan account in the billing cycle (in which case the average daily unpaid principal balance is the sum of the amount unpaid each day during the cycle divided by the number of days in the cycle); or

 - (5) The borrower may pay all or any part of the unpaid balance in the borrower's open-end loan account, or the borrower may pay the unpaid balance in periodic installments, subject to minimum payment requirements, date of maturity and other conditions as determined by the licensee and set forth in the open-end loan agreement.

A licensee shall not be responsible for advancing premiums for credit life or disability insurance on a borrower who is delin-

- (8) A licensee, until the open-end loan account is terminated, may retain any security interest in real or personal property given to secure the open-end loan account. Upon such termination the licensee shall, within ten business days following receipt of written demand by the borrower, release the mortgage, security interest, pledge, or other security for the open-end loan. For the purposes of this paragraph, termination of the open-end loan account means the cancellation, rescission, or other cessation of the open-end loan account by mutual agreement where the borrower has paid all amounts owed on the open-end loan account and the borrower has complied with all of the terms of the open-end loan agreement. Nothing in this paragraph shall preclude any licensee from exercising any other rights the licensee has to or in the security for open-end loans in the event of the borrower's default.
- (9) If the open-end loan agreement is a retail installment contract, the licensee shall comply with the requirements of chapter 476."

“**§383-170 Eligibility requirements for extended benefits.** An individual shall be eligible to receive extended benefits with respect to any week of unemployment in his eligibility period only if the department finds that with respect to such week:

- (2) He has satisfied the requirements of this chapter for the receipt of regular benefits that are applicable to individuals claiming extended benefits, including not being subject to a disqualification for the receipt of benefits.

ACT 174

H.B. NO. 1406

A Bill for an Act Relating to Capital Cost Recovery.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The legislature finds that the need for a simplified, rapid capital cost recovery system is essential for the revitalization of business to encourage stable long-term economic growth. Such a system would replace the current useful lives concept which stretches depreciation deductions over varying periods of time based on estimates of how long the asset will be in use. The useful life yardstick may have been appropriate in the past, but is no longer in keeping with present economic conditions.

During the past decade, a variety of changes — economic, political, social, and technological — have dramatically altered the business environment. These changes have exerted pressures upon businesses — large and small — in the form of accelerating inflation, advancing technology, increasing competition, and rising costs for capital. Basic reform of the tax depreciation system will help alleviate these pressures by stimulating much needed increases in investment for new, more efficient plant and equipment.

The legislature finds that there are three reasons for enacting a rapid capital cost recovery system. The first is that a faster rate of recovery of productive assets would lower the cost of capital and encourage greater investment in new plant and equipment. The resulting expansion and modernization of equipment would improve productivity, in turn easing price pressures, and thereby providing real wage increases for workers.

Second, faster recovery would reduce the erosion of capital which inflation causes under the existing long useful lives depreciation and thereby reduce the cost of doing business.

Third, a simplified system would extend the benefits of rapid recovery to all firms without the restrictions and inhibitions of complex record keeping and accounting rules. With no disputes over useful lives, an enormous administrative burden would be lifted from both the taxpayer and the state department of taxation.

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

A major source of audit controversy also would be ended.

Congress has also recognized the need for basic reform of the tax depreciation system. Now pending in Congress is a capital cost recovery bill, H.R. 1053. President Reagan also has proposed similar capital recovery provisions in his message to Congress in February 1981.

The legislature recognizes the urgency of enacting a capital recovery system and also the efforts of the State to conform the State Income Tax Law with the Internal Revenue Code. Therefore, the purpose of this Act is to adopt the capital recovery system finally adopted by Congress at the same time the federal law becomes effective.

SECTION 2. (a) If the provisions of H.R. 1053, "Capital Cost Recovery Act of 1981", concerning capital cost recovery for income tax purposes, or similar law concerning the recovery of capital costs such as S. 317, "Investment Tax Act of 1981", are enacted by Congress during the calendar year 1981, then the provisions of H.R. 1053 or such similar law concerning a capital cost recovery system for income tax purposes and, in particular, provisions:

- (1) Adopting a new section 168 (with respect to capital cost recovery deduction) of the Internal Revenue Code of 1954, as amended, or similar new section concerning the recovery of capital costs;
- (2) Revising or replacing all or portions of section 167 (with respect to depreciation) of the Internal Revenue Code of 1954, as amended, relating to the depreciation of property used in trade or business, or of property held for the production of income;
- (3) Conforming amendments relating to the recovery of capital costs or depreciation, or both, to the Internal Revenue Code of 1954, as amended, as made operative in this State under chapter 235, Hawaii Revised Statutes; and
- (4) Effective date or dates;

are adopted and made operative for the State of Hawaii, on the effective date or dates contained in the federal law.

(b) If H.R. 1053 or similar law referred to in subsection (a) of this section is enacted by Congress during the calendar year 1981, the department of taxation shall submit appropriate amendments to chapter 235, Hawaii Revised Statutes, as part of the bill required to be submitted to the 1982 regular session of the legislature by section 235-2.3(p), Hawaii Revised Statutes.

SECTION 3. This Act shall take effect upon its approval.

H.B. NO. 749

A Bill for an Act Relating to Employment Security.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 383-66, Hawaii Revised Statutes, is amended to read:

“§383-66 Contribution rates, how determined. The department of labor and industrial relations shall for the nine-month period April 1, 1941 to December 31, 1941 and for each calendar year thereafter, except as otherwise provided in this part, classify employers in accordance with their actual experience in the payment of contributions and with respect to benefits charged against their accounts with a view to fixing such contribution rates as will reflect such experience. The department shall determine the contribution rate of each employer in accordance with the following requirements:

- (1) The standard rate of contributions payable by each employer shall be three per cent.
- (2) No employer's rate for the calendar year 1942 and for any calendar year thereafter, shall be other than the maximum rate unless and until his account has been chargeable with benefits throughout the thirty-six consecutive calendar month period ending on December 31 of the preceding calendar year, except that, for the calendar year 1956 and for each calendar year thereafter, an employer who has not been subject to the law for a sufficient period to meet this requirement may qualify for a rate other than the maximum rate if his account has been chargeable throughout a lesser period but in no event less than the twelve consecutive calendar month period ending on December 31 of the preceding calendar year.
- (3) No employer's rate for the calendar year 1965 and for any calendar year thereafter, or remaining calendar quarter thereof, as the case may be, through December 31, 1976 shall be less than the standard rate unless the total assets of the fund as of the end of the previous calendar year, or calendar quarter, were at least \$15,000,000; provided that each employer's rate for any calendar year or any portion thereof, as determined by other applicable provisions of this part shall be increased by one-half per cent, if the total assets of the fund as of the end of the previous calendar year or calendar quarter were at least \$15,000,000 but less than \$20,000,000, but in no event shall an employer's rate exceed the standard rate. Any amount credited to this State under section 903 of the Social Security Act, as amended, which has been appropriated for expenses of administration whether or not withdrawn from the trust fund shall be excluded from the fund for the purposes of this paragraph. Any advance that may be made to this State under section 1201 of the Social Security Act, whether or not withdrawn from this trust fund, shall be excluded from the fund for the purposes of this paragraph. No employer's rate shall be reduced in any amount which is not allowable as an additional credit, against the tax levied by the federal Unemployment Tax Act pursuant to section 3302(b) of the federal Internal Revenue Code or pursuant to any other federal statute, successor to section 3302(b), which provides for the additional

credit now provided for in section 3302(b).

- (4) If, when any such classification of employers is to be made (which may be after the commencement of the period for which the classification is to be made), the department finds that any employer has failed to file any report required in connection therewith or has filed a report which the department finds incorrect or insufficient, the department shall notify the employer thereof by registered mail addressed to his last known address. Unless the employer files the report or a corrected or sufficient report, as the case may be, within fifteen days after the mailing of the notice, the maximum rate of contributions shall be payable by such employer for the period for which the contribution rate is to be fixed.
- (5) For the purpose of sections 383-63 to 383-69, if on or after January 1, 1940, any employing unit in any manner succeeds to or acquires the organization, trade, or business, or substantially all the assets thereof (whether or not the successor or acquiring unit was an "employing unit", as that term is defined in section 383-1(8) prior to the acquisition), of another which at the time of such acquisition was an employer subject to this chapter, and such predecessor employer has executed and filed with the department on a form approved by the department a waiver relinquishing all rights to his prior experience record with respect to his separate account, actual contribution payment, and benefit chargeability experience, annual payrolls and other data for the purpose of obtaining a reduced rate, and requesting the department to permit such experience record to inure to the benefit of the successor employing unit upon request of the successor employing unit, the experience record for rate computation purposes of the predecessor shall thereupon be deemed the experience record of the successor and the experience record shall be transferred by the department to the successor employing unit and shall become the separate account of the employing unit as of the date of the acquisition and benefits thereafter chargeable to the employer on account of employment prior to the date of the acquisition shall be charged to such separate account. The successor employing unit, unless already an employer subject to this chapter, shall be subject from the date of acquisition to the rate of contribution of the predecessor or of two or more predecessors if they have the same contribution rate, provided the waiver or waivers required herein are filed with the department before sixty days after the date of acquisition. In case there are two or more predecessors having different contribution rates, the successor shall be subject to [a contribution rate of three per cent] the maximum rate until the next determination of rates under sections 383-63 to 383-69, at which time the experience records of the predecessors and successor shall be combined and shall be deemed to be the experience record of a single employing unit and the successor's rate shall thereupon be determined upon the basis of such combined experience. If the successor at the time of the transfer is an employer subject to this chapter, the rate of contribution to which he is then subject shall remain the same until the next determination of rates under sections 383-63 to 383-69, at which time the experience records of the predecessor

and successor shall be combined and shall be deemed to be the experience record of a single employing unit and the successor's rate shall thereupon be determined upon the basis of such combined experience. For the purpose of determination of rates under sections 383-63 to 383-69 of all successor employing units, waivers as required herein, if not previously filed as hereinabove provided, shall be filed with the department not later than March 1 of the year for which the rate is determined; provided, that no such waiver shall be accepted by the department for filing unless the employing unit executing the waiver has filed all reports and paid all contributions required of it by this chapter.

- (6) The department may prescribe regulations for the establishment, maintenance, and dissolution of joint accounts by two or more employers, and shall, in accordance with such regulations and upon application by two or more employers to establish such an account, or to merge their several individual accounts in a joint account, maintain such joint account as if it constituted a single employer's account. The regulations shall be consistent with the federal requirements for additional credit allowance in section 3303 of the federal Internal Revenue Code and consistent with this chapter.
- (7) Whenever there is an amendment to this chapter which, if immediately effective, would change an employer's rate of contributions, the rate of the employer shall be changed in accordance with the amendment and the new rate shall apply for the remainder of the calendar year beginning with the calendar quarter immediately following the effective date of the amendment providing for such change unless otherwise provided by the amendment.
- (8) For the purposes of this section "contribution rate" shall mean the basic contribution rate as defined in section 383-68 when applied to calendar year 1978 or any calendar year thereafter."

SECTION 2. Statutory material to be repealed is bracketed. New material is underscored.

SECTION 3. This Act shall take effect upon its approval.

A Bill for an Act Relating to Pedestrian Control Signals.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 291C-32, Hawaii Revised Statutes, is amended by amending subsection (a) to read:

"(a) Whenever traffic is controlled by traffic-control signals exhibiting different colored lights, or colored lighted arrows, successively one at a time or in combination, only the colors green, red, and yellow shall be used, except for special pedestrian signals carrying a word or symbol legend, and the lights shall indicate and apply to drivers of vehicles and pedestrians as follows:

- (1) Green indication:
 - (A) Vehicular traffic facing a circular green signal may proceed straight through or turn right or left unless a sign at the place prohibits either such turn. But vehicular traffic, including vehicles turning right or left, shall yield the right of way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.
 - (B) Vehicular traffic facing a green arrow signal, shown alone or in combination with another indication, may cautiously enter the intersection only to make the movement indicated by such arrow, or such other movement as is permitted by other indications shown at the same time. Such vehicular traffic shall yield the right of way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection.
 - (C) Unless otherwise directed by a pedestrian-control signal, as provided in section 291C-33, pedestrians facing any green signal, except when the sole green signal is a turn arrow, may proceed across the roadway within any marked or unmarked crosswalk.
- (2) Steady yellow indication:
 - (A) Vehicular traffic facing a steady yellow signal is thereby warned that the related green movement is being terminated or that a red indication will be exhibited immediately thereafter when vehicular traffic shall not enter the intersection.
 - (B) Pedestrians facing a steady yellow signal, unless otherwise directed by a pedestrian-control signal as provided in section 291C-33, are thereby advised that there is insufficient time to cross the roadway before a red indication is shown and no pedestrian shall then start to cross the roadway.
- (3) Steady red indication:
 - (A) Vehicular traffic facing a steady red signal alone shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection and shall remain standing until an indication to proceed is shown, except as provided in the next succeeding paragraphs.
 - (B) The driver of the vehicle which is stopped in obedience to a steady red indication may make a right turn but shall yield the right-of-way to pedestrians and other traffic proceeding as directed by the signal at said intersection, except that counties by ordinance may prohibit any such right turn against a steady red indication, which ordinance shall be effective when a sign is erected at such intersection giving notice thereof.
 - (C) The driver of a vehicle on a one-way street which intersects another one-way street on which traffic moves to the left shall stop in obedience to a steady red indication but may then make a left turn into said one-way street, but shall yield right-of-way to pedestrians, proceeding as directed by the signal at said intersection except that

counties by ordinance may prohibit any such left turn as above described which ordinance shall be effective when a sign is erected at such intersection giving notice thereof.

- (D) Unless otherwise directed by a pedestrian-control signal as provided in section 291C-33, pedestrians facing a steady red signal alone shall not enter the roadway.”

SECTION 2. Section 291C-33, Hawaii Revised Statutes, is amended to read:

“§291C-33 **Pedestrian-control signals.** Whenever special pedestrian-control signals, exhibiting the words “Walk” or “Don’t Walk” or the symbols of a walking person or an upraised palm are in place such signals shall indicate as follows:

- (1) **Walk or Walking Person.** Pedestrians facing such signal may proceed across the roadway in the direction of the signal and shall be given the right of way by the drivers of all vehicles.
- (2) **Don’t Walk or Upraised Palm.** No pedestrian shall start to cross the roadway in the direction of such signal, whether flashing or steady, but any pedestrian who has partially completed his crossing on the Walk or Walking Person signal shall complete the crossing to a sidewalk or safety island while the Don’t Walk or upraised palm signal is showing.”

It may purchase or otherwise acquire lands, buildings, appliances, and other property for the purposes of the university and expend such sums of money as may be from time to time placed at the disposal of the university from whatever source. that the tuition fee for nonresident students, both undergraduate and graduate, shall be not less than two times the tuition fee for resident students, but in no event less than two times the undergraduate tuition fee for resident students at the Manoa Campus. The board may also charge other fees for special programs of instruction, as well as laboratory fees or course fees or fees for student activities, each of which shall be the same for resident and nonresident students. The board may charge other fees for summer session or evening courses, including differential fees for nonresident students. The nonresident tuition differential shall not be applicable to nonresident students who were enrolled at the university during the fall or spring semester of the 1968-1969 school year, as long as the nonresident students continue to be enrolled at the university as regular students during the next and subsequent academic years, except where such continued enrollment is prevented for good cause as may be determined by the board of regents, nor to nonresident students who are residents of a state or foreign country which permits Hawaii residents to pay resident tuition fees while attending public institutions of higher learning in such state or foreign country, nor to nonresidents, United States military personnel stationed in Hawaii on active duty and their authorized dependents during the period such personnel are stationed in the State, nor to students from any district, commonwealth, territory, or insular jurisdiction, state, or nation which does not provide public institutions of higher learning, nor to employees of the university, their spouses and dependents. The board may waive entirely or reduce the tuition fee or any of the other fees for any students, resident or nonresident, who are well qualified or in need of financial assistance, not to exceed five per cent of the total full-time enrollment of the previous fall semester for each campus in the system. The board may waive entirely or reduce the tuition fee or any of the other fees for graduate teaching and research assistants. The board may enter into agreements with government and university officials of any other state or foreign country to provide for reciprocal waiver of the nonresident tuition differential.

The board shall adopt the necessary rules and regulations defining residence for tuition purposes herein; provided that the basic rule shall be that adult and minor students are resident students if the adult students, or in the case of minor students, their parents or guardians, have been bona fide residents of this State for at least twelve consecutive months next preceding their first registration at the university.

The official name of the board shall be Board of Regents, University of Hawaii, and the board shall adopt and use a common seal by which all official acts shall be authenticated."

The number of scholarship units shall not exceed eight per cent of the university's total full-time enrollment of the previous semester. To qualify for such a scholarship, students, or in the case of minor students, their parents or guardians, must have been bona fide residents of the State for at least twelve consecutive months immediately preceding

the term for which a scholarship is desired. The board of regents may adopt the necessary rules and regulations defining bona fide resident.”

SECTION 3. Section 304-17, Hawaii Revised Statutes, is amended to read:

“§304-17 **Number and allocation of financial aids.** “Financial aid” as used in this section, means the tuition waivers authorized in section 304-4 and the scholarships authorized in section 304-15. A financial aid unit shall consist of a tuition waiver or scholarship awarded for the regular academic year or a semester thereof, and providing full coverage of tuition and other fees as authorized by the board. The board shall have the power to divide a unit among two or more students or among students whose financial need will not substantiate a full unit. The total units of state financial aid in any given academic year shall not exceed thirteen per cent of the total full-time enrollment in the previous fall semester, except that the projected enrollment for each entering class of a new campus shall be calculated as part of its full-time undergraduate enrollment until such campus shall have graduated its first class. The allocation of the total number of units of financial aid shall be adjusted annually, based upon the ratio between full-time students enrolled at the baccalaureate degree granting campuses and in the community college system.

Scholarships awarded to students in college transfer programs in the community colleges shall be continued upon their transfer into baccalaureate programs provided they continue to qualify, with the scholarship then to count against the quota for the baccalaureate degree granting campus. A scholarship awarded to a student who concurrently registers and enrolls at two or more campuses of the University of Hawaii during the same semester shall be counted against the quota for the campus at which the student is considered by the university to be seeking a certificate or degree. Each Hawaii State scholarship shall be granted for a period of one academic year, and may be renewed each year for all recipients who maintain a satisfactory standard of scholarship and deportment, and who continue to demonstrate financial need. The board may re-award to a new recipient the unused portion of a Hawaii State scholarship if the original awardee has left school, or for some reason ceases to remain qualified to receive financial aid. - (5) Secure, pledge, or otherwise guarantee the repayment of moneys borrowed by the department from government agencies or private lending institutions and pay the interim interest or advances required for loans; provided that the State's liability, contingent or otherwise, either on moneys borrowed by the department or on departmental guarantees of loans made to lessees under this paragraph and paragraphs (2), (3), and (4) of this section, shall at no time exceed \$21,000,000;

SECTION 3. Section 215, Hawaiian Homes Commission Act, 1920, is amended to read:

"§215. Conditions of loans. Except as otherwise provided in section 213(a)(5), each contract of loan with the lessee or any successor or successors to his interest in the tract or with any agricultural or mercantile cooperative association composed entirely of lessees shall be held subject to the following conditions whether or not stipulated in the contract loan:

- (1) At any one time, the outstanding amount of loans made to any lessee, or successor or successors in interest, for the repair, maintenance, purchase, and erection of a dwelling and related permanent improvements shall not exceed \$50,000, for the development and operation of a farm or a ranch shall not exceed \$35,000, except that when loans are made to an agricultural cooperative association for the purposes stated in section 214(a)(4), the loan limit shall be determined by the department on the basis of the proposed operations and the available security of the association, and for the development and operation of a mercantile establishment shall not exceed the loan limit determined by the department on the basis of the proposed operations and the available security of the lessee or of the organization formed and controlled by lessees; provided that upon the death of a lessee leaving no relative qualified to be a lessee of Hawaiian home lands, or the cancellation of a lease by the department, or the surrender of a lease by the lessee, the department shall make the payment provided for by section 209(1), the amount of any such payment made to the legal representative of the deceased lessee, or to the previous lessee, as the case may be, shall be considered as part or all, as the case may be, of any such loan to the successor or successors, without limitation as to the above maximum amounts; provided further that in case of the death of a lessee, or cancellation of a lease by the department, or the surrender of a lease by the lessee, the successor or successors to the tract shall assume any outstanding loan or loans thereon, if any, without limitation as to the above maximum amounts but subject to paragraph (3).
- (2) The loans shall be repaid in periodic installments, such installments to be monthly, quarterly, semiannual, or annual as may be determined by the department in each case. The term of any loan shall not exceed thirty years. Payments of any sum in addition to the required installments, or payment of the entire amount of the loan, may be made at any time within

the term of the loan. All unpaid balances of principal shall bear interest at the rate of two and one-half per cent a year for loans made directly from the Hawaiian home loan fund, or at the rate of two and one-half per cent or higher as established by law for other loans, payable periodically or upon demand by the department, as the department may determine. The payment of any installment due shall be postponed in whole or in part by the department for such reasons as it deems good and sufficient and until such later date as it deems advisable. Such postponed payments shall continue to bear interest on the unpaid principal at the rate established for the loan.

- (3) In the case of the death of a lessee the department shall, in any case, permit the successor or successors to the tract to assume the contract of loan subject to paragraph (1). In case of the cancellation of a lease by the department or the surrender of a lease by the lessee, the department may, at its option declare all installments upon the loan immediately due and payable, or permit the successor or successors to the tract to assume the contract of loan subject to paragraph (1). The department may, in such cases where the successor or successors to the tract assume the contract of loan, waive the payment, wholly or in part, of interest already due and delinquent upon the loan, or postpone the payment of any installment thereon, wholly or in part, until such later date as it deems advisable. Such postponed payments shall, however, continue to bear interest on the unpaid principal at the rate established for the loan. Further, the department may, if it deems it advisable and for the best interests of the lessees, write off and cancel, wholly or in part, the contract of loan of the deceased lessee, or previous lessee, as the case may be, where such loans are delinquent and deemed uncollectible. Such write off and cancellation shall be made only after an appraisal of all improvements and growing crops on the tract involved, such appraisal to be made in the manner and as provided for by section 209(1). In every case, the amount of such appraisal, or any part thereof, shall be considered as part or all, as the case may be, of any loan to such successor or successors, subject to paragraph (1).
- (4) No part of the moneys loaned shall be devoted to any purpose other than those for which the loan is made.
- (5) The borrower or the successor to his interest shall comply with such other conditions, not in conflict with any provision of this Act, as the department may stipulate in the contract of loan.
- (6) The borrower or the successor to his interest shall comply with the conditions enumerated in section 208, and with section 209 of this Act in respect to the lease of any tract.
- (7) Whenever the department shall determine that a borrower is delinquent in the payment of any indebtedness to the department, it may require such borrower to execute an assignment to it, not to exceed, however, the amount of the total indebtedness of such borrower, including the indebtedness to others the payment of which has been assured by the department of all moneys due or to become due to such borrower by

reason of any agreement or contract, collective or otherwise, to which the borrower is a party. Failure to execute such an assignment when requested by the department shall be sufficient ground for cancellation of the borrower's lease or interest therein."

SECTION 4. Statutory material to be repealed is bracketed. New material is underscored.*

SECTION 5. This Act shall take effect upon its approval.

SECTION 3. ACT 205

H.B. NO. 1871

A Bill for an Act Relating to the Compensation of Public Officers and Employees.
Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The purpose of this Act is to provide the exclusive representatives of certain bargaining units another option to negotiate a model conversion plan.

Act 253, Session Laws of Hawaii 1980, granted exclusive representatives the option to negotiate a model conversion plan regarding a reduction in the number of steps within the salary ranges under chapter 77, Hawaii Revised Statutes. This option, however, expired on January 1, 1981.

Of the nine bargaining units with positions covered under chapter 77, Hawaii Revised Statutes, bargaining units 1 (non-supervisory blue-collar employees), 2 (supervisory blue-collar employees), and 9 (registered professional nurses) successfully negotiated model conversion plans before January 1, 1981. Conversion costs of

these plans are currently pending legislative approval and appropriations.

There are six white-collar units remaining without a model conversion plan. Exclusive representatives of these units have expressed their desire to have another option to negotiate a model conversion plan.

Accordingly, the legislature grants the exclusive representatives of bargaining units 3, 4, 10, 11, 12, and 13 another option to negotiate a model conversion plan in accordance with the guidelines under this Act. The model conversion plan must be developed and executed before January 1, 1983, to allow the parties sufficient time to conduct their next wage negotiations effective July 1, 1983, as well as subsequent wage negotiations, based on such mutually agreed upon conversion plan. In the absence of such a conversion plan, wage negotiations shall be based on the ten-step salary ranges for white-collar positions presently contained in the statutes.

This Act also clarifies that model conversion plans shall result from mutual agreement between the parties without resort to any impasse procedure. Additionally, it specifies that mutually agreed upon model conversion plans shall remain in effect to serve as the bases for all subsequent wage negotiations. Finally, although the number of salary ranges is still nonnegotiable, the Act allows for the redesignation of salary ranges in the publication of pay schedules and the exclusion of salary ranges which are not being used from respective pay schedules.

SECTION 2. Section 77-5, Hawaii Revised Statutes, is amended to read:

"§77-5 Compensation plan for blue-collar positions. The salary structures and schedules prescribed in section 77-13 shall not apply to positions in recognized trades or crafts or other skilled mechanical crafts, or unskilled, semiskilled, or skilled manual labor occupations, including positions of foremen, inspectors, and supervisors in positions having trades, crafts, or laboring experience and knowledge as the paramount requirement, commonly known as blue-collar positions.

(1) The provisions of sections 77-4 where it is not inconsistent with the provisions of this section shall be applicable.

(2) Salary structures and schedules.

(A) The salary structures applicable to blue-collar positions shall be comprised of fifteen salary grades with each grade consisting of such number of steps determined under section 77-13.5.

(B) Pay schedules for nonsupervisory blue-collar positions, hereafter to be referred to as the wage board schedules, shall be established as provided under subparagraph (D).

(C) Pay schedules for supervisory blue-collar positions, hereafter to be referred to as wage board supervisory schedules, shall be established as provided under subparagraph (D) for each of the following levels:

(i) Working foreman;

(ii) Foreman I;

(iii) Foreman II;

(iv) Foreman III; and,

(v) General foreman.

(D) The pay schedules applicable to employees in blue-collar positions, who are included in collective bargaining units under section 89-

6(a), shall be subject to negotiations. The pay schedules applicable to employees in blue-collar positions, who are excluded from coverage under chapter 89, shall be subject to chapter 89C.

- (3) Wherever payment is made on the basis of an annual, weekly, hourly, or daily rate, the rate shall be computed as provided for under section 77-13(c).
- (4) Implementation of compensation plan.

- (A) The conference of personnel directors shall compile and recommend to the public employees compensation appeals board a tentative compensation plan based upon such factors as the kind and subject matter of work, level of difficulty and responsibility, and qualification requirements for classes deemed covered by this section by October 15 of every odd-numbered year.

Full opportunity for consultation with the persons and organizations including employee organizations shall be afforded.

- (B) The appeals board referred to in section 77-4 shall provide for the publication of the tentative compensation plan. All petitions for appeal against the compensation plan, including the pricing of classes or whether the class should be included or excluded from the blue-collar plan, shall be filed with the appeals board within twenty days from the date of publication of the tentative plan.

The board shall meet biennially to hear appeals from affected persons and parties concerning the tentative compensation plan and may hold public hearings as well. At least one appeal hearing shall be held in each jurisdiction.

Final adjustment by the board to the compensation plan shall be in accordance with its established policies and standards relative to compensation. The board shall complete its final adjustments by the third Wednesday in January of every even-numbered year.

Following the final adjustment, the conference of personnel directors shall submit to the state legislature, through the office of the governor, a report setting forth the final compensation plan and the cost thereof for its information and approval. The effective date of the approved plans shall be July 1 of every even-numbered year.

- (5) Subsequent implementation of the compensation plan. The compensation plan for positions covered under this section shall be reviewed and adjusted biennially in accordance with paragraph (4)."

SECTION 3. Section 77-13, Hawaii Revised Statutes, is amended by amending subsection (a) to read:

"(a) The salary structures for white-collar positions covered under this chapter shall be comprised of thirty-one salary ranges, designated SR 4 to SR 31, SC-1, SC-2, and SC-3. In the publication of pay schedules, however, salary ranges may be redesignated and salary ranges which are not being used may be excluded from the respective pay schedules; provided that if SC ranges are being used, they shall be identified as such so that subsection (d) remains applicable. Unless otherwise determined under section 77-13.5, each salary range shall consist of ten steps, designated

B to G and L-1 to L-4; provided that range SC-2 shall consist of nine steps, designated B to G, L-1, L-2, and L-3, and range SC-3 shall consist of eight steps, designated B to G, L-1, and L-2.”

SECTION 4. Section 77-13.5, Hawaii Revised Statutes, is amended to read:

“§77-13.5 Conversion to appropriate salary ranges. (a) Any provision of law to the contrary notwithstanding, the chief executives of the State and counties and the chief justice of the supreme court, as appropriate, may reduce the number of steps within the salary ranges under sections 77-5 and 77-13, as provided in this section. In no event shall the number of steps be increased, except by action of the state legislature.

(b) For employees in positions under this chapter who are included in bargaining units under chapter 89, the conversion to salary ranges with fewer steps shall be subject to negotiations, at the option of the exclusive representative of an appropriate bargaining unit, but without resort to any impasse procedure whether by statute or agreement; provided the option is exercised in accordance with subsections (c) and (d). For employees in positions under this chapter who are excluded from collective bargaining units, the conversion shall be subject to chapter 89C and subsection (e).

(c) Each exclusive representative may exercise the option to negotiate a model conversion plan regarding a reduction in the number of steps within the salary ranges under section 77-5 or 77-13, as applicable, for positions within its appropriate bargaining unit, by notifying the appropriate employers of its intent in writing. The employers and the exclusive representative shall meet for the purpose of developing a mutually agreeable conversion plan which meets the requirements of subsection (d). Any such plan mutually agreed upon shall be reduced to writing and signed by the parties before January 1, 1983. The plan shall be binding upon the parties, except that all costs relative to the conversion shall be subject to approval and appropriations by the appropriate legislative bodies, along with negotiated pay increases and other cost items, as required under section 89-10(b). In the absence of a mutually agreed upon model conversion plan before January 1, 1983 for any particular bargaining unit, wage negotiations for such unit shall be based on the existing salary ranges and steps as provided in section 77-5 or 77-13, as applicable.

(d) Any model conversion plan agreed to between the employers and the exclusive representative shall contain the following:

- (1) An agreement that the objective of the conversion plan is to reduce the number of steps within each salary range under section 77-5 or 77-13, as applicable, for positions within the appropriate bargaining unit, to a specific number of steps.
- (2) An agreement that the model conversion plan shall remain in effect and shall not be modified except by written mutual agreement of the parties.
- (3) An agreement that during the fiscal year commencing July 1, 1983, and each subsequent fiscal year, at least one step shall be deleted from the salary ranges until the salary ranges are reduced to such number of steps mutually agreed upon under paragraph (1).
- (4) An agreement that all negotiations on wages, to be effective July 1, 1983 and subsequently, shall be based on the model conversion plan and that

no other pay rates shall be negotiated, other than those rates for the number of steps allowable under paragraph (3) or such fewer number of steps as mutually agreed upon between the parties.

- (5) An agreement that all employees in bargaining unit positions subject to this chapter shall be paid, commencing July 1, 1983, in accordance with the rates negotiated for the steps on the revised salary schedule within their applicable salary ranges.
- (6) An agreement regarding the adjusting of employees' pay from their existing rates to those rates negotiated for the steps on the revised salary schedule within their applicable salary ranges; provided that such an agreement may contain a provision for the payment of a bonus or conversion differential if it is not to be considered as an adjustment to an employee's basic pay rate.

The parties shall not agree to a conversion plan which does not meet the requirements of this section nor agree to any amendments which would be inconsistent with this section.

(e) The chief executives of the State and the counties and the chief justice of the supreme court, as applicable, may reduce the number of steps within the salary ranges under sections 77-5 and 77-13 for positions excluded from collective bargaining coverage. Their designated representatives shall review the model conversion plans applicable to employees included in collective bargaining units before reaching a decision under section 89C-3 concerning adjustments regarding a reduction in the number of steps for excluded employees; provided that any reduction in the number of steps for excluded employees shall harmonize with the model conversion plans developed for included employees; provided further that if a model conversion plan is not developed for employees included in a collective bargaining unit, there shall be no reduction in the number of steps for excluded employees under the same compensation plan as the employees included in that bargaining unit. The costs of reducing the salary ranges to fewer steps and any other general pay adjustments shall be subject to approval and appropriations by the appropriate legislative bodies in accordance with section 89C-5."

A Bill for an Act Relating to Taxation.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. **Purpose.** The State of Hawaii has adopted the federal Internal Revenue Code of 1954, as amended, for the purpose of determining gross income and taxable income. By Act 62, Session Laws of Hawaii 1979, the legislature further conformed the income tax law of the State of Hawaii with the Internal Revenue Code as amended to December 31, 1978, as it applies to the determination of gross income, adjusted gross income, ordinary income and loss, and taxable income, except for certain provisions which were not made operative or which have been limited in operation. Public Law 95-30, effective for taxable years beginning with

1977, amended the Internal Revenue Code by redefining taxable income by replacing the percentage standard deduction and low-income allowance with the zero-bracket amount as a flat standard deduction, and also replaced the optional tax tables with tax tables for individuals.

Under the current zero-bracket amount allowed by the Internal Revenue Code, tax table income for individuals who do not itemize deductions is the same as adjusted gross income. For taxpayers who itemize deductions, tax table income is computed by subtracting the zero-bracket amount from the individual's total itemized deductions, and subtracting the excess itemized deductions from adjusted gross income.

The zero-bracket and tax table income provisions, however, are not operative for the State and the difference in the method of arriving at taxable income has caused confusion to many taxpayers with the possible result there may have been numerous occasions of overpayment of state taxes.

The purpose of this Act is to conform the method of arriving at taxable income for state purposes with the zero-bracket and tax table income provisions now allowed under the Internal Revenue Code.

SECTION 2. Section 235-2.3, Hawaii Revised Statutes, is amended to read:

In lieu thereof there shall be allowed as a deduction the entire amount of dividends received by any corporation upon the shares of stock of a national banking association, or received by a small business investment company operating under the Small Business Investment Act of 1958 (Public Law 85-699)

upon shares of stock qualifying under paragraph (3) below, eighty-five per cent of the amount received by any corporation as dividends:

- (1) Upon the shares of stock or another corporation, if at the date of payment of the dividend at least ninety-five per cent of the other corporation's capital stock is owned by one or more corporations doing business in this State and if the other corporation is subjected to an income tax in another jurisdiction (but subjection to federal tax does not constitute subjection to income tax in another jurisdiction);
- (2) Upon the shares of stock of a bank or insurance company organized and doing business under the laws of the State;
- (3) Upon the shares of stock of another corporation, if at least fifteen per cent of the latter corporation's business, for the taxable year of the latter corporation preceding the payment of the dividend, has been attributed to this State.

However, except for national bank dividends, the deductions under this subsection are not allowed when they would not have been allowed under section 243 of the Internal Revenue Code, as amended by Public Law 85-866, by reason of subsections (b) and (c) of section 246 of the Internal Revenue Code, as so amended. For the purposes of this subsection fifteen per cent of a corporation's business shall be deemed to have been attributed to this State if fifteen per cent or more of the entire gross income of the corporation as defined in this chapter (which for the purposes of this subsection shall be computed without regard to source in the State and shall include income not taxable by reason of the fact that it is from property not owned in the State or from a trade or business not carried on in the State in whole or in part) shall, under section 235-5 and the other provisions of this chapter, have been attributed to the State and subjected to assessment of the taxable income therefrom (including the determination of the resulting net loss, if any)."

ACT 222

H.B. NO. 541

A Bill for an Act Relating to Minors.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 571-22, Hawaii Revised Statutes, is amended to read as follows:

"§571-22 Waiver of jurisdiction; transfer to other courts. (a) The court may waive jurisdiction and order a minor or adult held for criminal proceedings after full investigation and hearing where the person during the person's minority, but on or after the person's sixteenth birthday, is alleged to have committed an act which would constitute a felony if committed by an adult, and the court finds there is no evidence the person is committable to an institution for the mentally defective or retarded or the mentally ill, is not treatable in any available institution or facility within the State designed for the care and treatment of children, or that the safety of the community requires that the person continue under judicial restraint for a period extending beyond the person's minority.

(b) The factors to be considered in deciding whether jurisdiction should be waived under this section are as follows:

(1) The seriousness of the alleged offense.

(2) Whether the alleged offense was committed in an aggressive, violent, pre-

meditated, or wilful manner.

- (3) Whether the alleged offense was against persons or against property, greater weight being given to offenses against persons especially if personal injury resulted.
 - (4) The desirability of trial and disposition of the entire offense in one court when the minor's associates in the alleged offense are adults who will be charged with a crime.
 - (5) The sophistication and maturity of the minor as determined by consideration of the minor's home, environmental situation, emotional attitude, and pattern of living.
 - (6) The record and previous history of the minor, including previous contacts with the family court, other law enforcement agencies, courts in other jurisdictions, prior periods of probation to this court, or prior commitments to juvenile institutions.
 - (7) The prospects for adequate protection of the public and the likelihood of reasonable rehabilitation of the minor (if the minor is found to have committed the alleged offense) by the use of procedures, services, and facilities currently available to the family court.
 - (8) All other relevant matters.
- (c) If, incident to a hearing at which the person's prior court record under section 571-11(1) is established, the court determines that a minor of at least the age of sixteen has been charged with an act which would constitute a class A felony if committed by an adult and that the person is not committable to an institution for the mentally defective or retarded or the mentally ill, the court shall waive jurisdiction and order the minor held for criminal proceedings, if such minor has been previously determined by a court to be a law violator by:
- (1) Committing any act involving force or violence or the threat of force or violence and which is prohibited by law as being a class A felony; or
 - (2) Committing two or more acts within the two years preceding the date of the offense for which the person is presently charged which are each prohibited by law as being a felony.
- (d) Transfer of a minor for criminal proceedings terminates the jurisdiction of the court over the minor with respect to any subsequent acts which would otherwise be within the court's jurisdiction under section 571-11(1) and thereby confers jurisdiction over the minor to a court of competent criminal jurisdiction.
- (e) If criminal proceedings instituted under subsections (a) and (d) of this section result in an acquittal or other discharge of the minor involved, no petition shall thereafter be filed in any family court based on the same facts as were alleged in the criminal proceeding.
- (f) A minor shall not be subject to criminal prosecution based on the facts giving rise to a petition filed under this chapter except as otherwise provided in this chapter.
- (g) Where the petition has been filed in a circuit other than the minor's residence, the judge may in the judge's discretion transfer the case to the family court of the circuit of the minor's residence.

S.B. NO. 1681

A Bill for an Act Relating to Tort Actions.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The Hawaii Revised Statutes is amended by adding a new part to be appropriately designated and to read as follows:

"PART

DESIGN PROFESSIONAL CONCILIATION PANEL

§ **Actions against architects, professional engineers, and surveyors.** In any action for damages arising out of the alleged professional negligence of actions performed in the professional practice of a person holding a license as a professional engineer, architect, or surveyor under chapter 464, before the time of filing the complaint, the aggrieved person shall file a claim with the design professional conciliation panel.

§ **Design professional conciliation panel; composition, selection, compensation.** (a) There are established conciliation panels which shall review and render findings and advisory opinions on the issues of liability and damages in tort claims against professional architects, engineers and surveyors.

(b) A design professional conciliation panel, hereafter called "the panel", shall be formed for each claim filed pursuant to section and after each panel renders its decision or the claim is otherwise disposed of it shall be disbanded. Each design professional conciliation panel shall consist of one chairperson selected from among persons who are familiar with and experienced in the tort claims settlement process, one attorney licensed to practice in the courts of the State and experienced in trial practice, and one architect, engineer or surveyor licensed to practice under chapter 464. The chairperson shall be appointed by the chief justice of the supreme court of Hawaii. The attorney shall be appointed by the chairperson from a list of not less than thirty-five attorneys experienced in trial practice submitted annually by the supreme court. The architect, engineer, or surveyor shall be appointed by the chairperson from a list of not less than thirty-five design professionals submitted annually by the board of registration

of professional engineers, architects, and surveyors.

The chairperson shall preside at the meetings of the panel. The chairperson and all panel members shall be compensated at the rate of \$100 per claim handled which will become payable when the decision of the panel is submitted and shall be paid allowances for travel and living expenses which may be incurred as a result of the performance of their duties and they shall be paid by the department of regulatory agencies from funds collected from the claimant and defendant, to be shared equally.

The office and meeting space, secretarial and clerical assistance, office equipment and office supplies for the board shall be furnished by the department of regulatory agencies.

The board of registration shall prepare a list of architects, engineers, and surveyors along with their respective specialties who shall then be considered consultants to the panel in their respective fields. Panel members may consult with other legal, technical and insurance specialists. Any consultant called by the panel to appear before the panel shall be paid an allowance for travel and living expenses which may be incurred as a result of such person's appearance before the panel. Such costs shall be paid [by]† the department of regulatory agencies.

§ Review by panel required; notice; presentation of claims. Any person or his representative claiming that a tort has been committed by the design professional shall file a claim to the department of regulatory agencies before a suit based on the claim may be commenced in any court of this State. All claims shall be submitted to the department of regulatory agencies in writing on forms provided by this department. If the claim is presented orally, the department of regulatory agencies shall reduce the claim to writing. The claimant shall set forth facts upon which the claim is based and shall include the names of all parties against whom the claim is or may be made who are known to the claimant. Within five business days thereafter, the panel shall give notice of the claim, by certified mail, to all architects, engineers or surveyors and others who are or may be parties to the claim and shall furnish copies of written claims to such persons. Such notice shall set forth a date, not more than twenty days after mailing the notice, within which any design professional against whom a claim is made may file a written response to the claim, and a date and time, not less than five days following the date for filing a response, for a hearing of the panel. Such notice shall describe the nature and purpose of the panel's proceedings and shall designate the place of the hearing. The times originally set forth in the notice may be changed by the chairperson, on due notice to all parties, for good cause.

§ Design professional conciliation panel hearing; fact-finding; evidence; voluntary settlement. Every claim of a tort shall be heard by the design professional conciliation panel within thirty days after the date for filing a response. No persons other than the panel, witnesses and consultants called by the panel, and the persons listed in section shall be present except with the permission of the chairperson. The panel may, in its discretion, conduct an inquiry of a party,

†Bracketed word "by" substituted for "be".

witness or consultant without the presence of any or all parties.

The hearing shall be informal. The panel may require a stenographic record of all or part of its proceedings for the use of the panel, but such records shall not be made available to the parties. The panel may receive any oral or documentary evidence. Questioning of parties, witnesses, and consultants may be conducted by the panel, and the panel may, in its discretion, permit any party, or any counsel for a party to question other parties, witnesses or consultants. The panel may designate who, among the parties, shall have the burden of going forward with the evidence with respect to such issues as it may consider, and unless otherwise designated by the panel, when the design professional's records have been provided to the claimant for the claimant's proper review, such burden shall initially rest with the claimant at the commencement of the hearing.

The panel shall have the power to require by subpoena the appearance and testimony of witnesses and the production of documentary evidence. When such subpoena power is utilized, notice shall be given to all parties. The testimony of witnesses may be taken either orally before the panel or by deposition. In cases of refusal to obey a subpoena issued by the panel, the panel may invoke the aid of any circuit court in the State, which may issue an order requiring compliance with the subpoena. Failure to obey such order may be punished by the court as a contempt thereof. Any member of the panel may sign subpoenas, administer oaths and affirmations, examine witnesses, and receive evidence. Notwithstanding such powers, the panel shall attempt to secure the voluntary appearance, testimony, and cooperation of parties, witnesses and consultants without coercion.

At the hearing of the panel and in arriving at its opinion the panel shall consider, but not be limited to, statements or testimony of witnesses, construction documents, inspection reports, calculations and other records kept in the usual course of the practice of the design professional without the necessity for other identification or authentication, statements of fact or opinion on a subject contained in a published treatise, periodical, book or pamphlet, or statements of experts without the necessity of the experts appearing at the hearing. The panel may upon the application of any party or upon its own decision appoint as a consultant, an impartial and qualified architect, engineer, or surveyor or other professional person or expert to testify before the panel or to conduct any necessary professional or expert examination of the claimant or relevant evidentiary matter and to report to or testify as a witness thereto. Such a consultant shall not be compensated or reimbursed except for travel and living expenses which may be incurred as a result of such person's appearance before the panel. Such expenses shall be paid by the department of regulatory agencies to be paid as provided in section . Discovery by the parties shall not be allowed.

During the hearing and at any time prior to the rendition of an advisory decision pursuant to section , the panel may encourage the parties to settle or otherwise dispose of the case voluntarily.

§ Same; persons attending hearings of panel. Unless excluded or excused by the panel, the following persons shall attend hearings before the panel:

- (1) The party or parties making the claim;
- (2) The design professional or professionals against whom the claim is

made or representatives thereof, other than counsel, authorized to act for such design professionals; and

(3) Counsel of the parties, if any.

§ Same; decisions. (a) Within fifteen days after the completion of a hearing, the panel shall file a written advisory decision with the director of regulatory agencies, who shall thereupon mail copies to all parties concerned, their counsel, the board of registration, and the representative of each design professionals' liability insurance carrier authorized to act for such carrier. The panel shall decide the issue of liability, and shall state its conclusions in writing and after a finding of liability, the panel shall decide the amount of damages, if any, which should be awarded in the case. The decision as to damages shall include in simple, concise terms a division as to which portion of the damages recommended are attributable to economic losses and which to non-economic losses; provided the panel may not recommend punitive damages.

(b) The decisions shall be signed by all members of the panel; provided that any member of the panel may file a written concurring or dissenting opinion.

(c) The advisory decision required by this section need not be filed if the claim is settled or disposed of before the decision is written or filed.

§ Subsequent litigation; excluded evidence. The claimant may institute litigation based upon the claim in an appropriate court only after a party to the design professional conciliation panel hearing rejects the decision of the panel.

No statement made in the course of the hearing of the design professional conciliation panel shall be admissible in evidence either as an admission, to impeach the credibility of a witness, or for any other purpose in any trial of the action, provided that such statements may be admissible for the purpose of section hereof. No decision, conclusion, finding, or recommendation of the design professional conciliation panel on the issue of liability or on the issue of damages shall be admitted into evidence in any subsequent trial, nor shall any party to the design professional conciliation panel hearing, or the counsel or other representative of such party, refer or comment thereon in an opening statement, an argument, or at any other time, to the court or jury, provided that such decision, conclusion, finding, or recommendation may be admissible for the purpose of section

§ Immunity of panel members from liability. No member of a design professional conciliation panel shall be liable in damages for libel, slander, or other defamation of character of any party to the design professional conciliation panel proceeding for any action taken or any decision, conclusion, finding, or recommendation made by the member while acting as a member of a design professional conciliation panel under this Act.

§ Statute of limitations tolled. The filing of the claim with the design professional conciliation panel shall toll any applicable statute of limitations, and any such statute of limitations shall remain tolled until sixty days after the date the decision of the panel is mailed or delivered to the parties.

§ Duty to cooperate; assessment of costs and fees. It shall be the duty of every person who files a claim with the design professional conciliation panel, every

architect, engineer, or surveyor against whom such claim is made, to cooperate with the design professional conciliation panel for the purpose of achieving a prompt, fair and just disposition or settlement of such claim, provided that such cooperation shall not prejudice the substantive rights of said persons.

After trial of such claim or after settlement of such claim after suit has been filed, any party may apply to the court in which the suit was brought to have the costs of the action assessed against any party or any insurance carrier or any other person providing professional liability insurance to a party design professional or both, for failure to cooperate with the design professional conciliation panel. The court may award such costs, or a portion thereof, including attorney's fees, witness fees, including those of expert witnesses, costs of discovery and transcribing depositions, and court costs to the party applying therefor.

On application of the director of regulatory agencies, the court may award as a civil penalty against any party or any insurance carrier or other person providing professional liability insurance to a party design professional, or all or any combination of such persons, all or a portion of the costs and expenses of the design professional conciliation panel attributable to a claim involving such persons, if the court finds that such person or persons failed to cooperate with the design professional conciliation panel. Such penalty shall be payable to the general fund.

In determining whether any person has failed to cooperate in good faith, the court shall consider, but is not limited to, the following:

- (1) The attendance of the persons at the hearing of the design professional conciliation panel;
- (2) The extent to which representatives of the parties and counsel representing parties came to panel hearings with knowledge of the claims and defenses and authority to negotiate a settlement or other disposition of the claim;
- (3) The testimony of members of the panel as to the facts of the person's participation in the panel hearing;
- (4) The extent of the person's cooperation in providing the panel with documents and testimony called for by the panel; and
- (5) The reasons advanced by the person so charged for not fully cooperating or negotiating.

§ **Annual report.** The director of regulatory agencies shall prepare and submit to the legislature annually, twenty days prior to the convening of each regular session, a report containing his evaluation of the operation and effects of this chapter. The report shall include a summary of the claims brought before the design professional conciliation panel and the disposition of those claims.

§ For the purposes of this part, "design professional" means a professional engineer, architect, or surveyor.

§ **Administration of part.** The director of regulatory agencies shall be responsible for the implementation and administration of this part and shall adopt rules, in conformity with chapter 91, necessary for the purposes of this part."

SECTION 2. This Act shall take effect upon its approval.

(Approved June 22, 1981.)

A Bill for an Act Relating to Housing.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The legislature recognizes that the spiraling costs of housing, the limited availability of land for housing, and the failure of wages to keep pace with inflation, contribute to the inability of many families to purchase their own homes.

The legislature also recognizes the resulting trend of children living in their parents' homes even after reaching adulthood and after marriage. This trend has positive and negative aspects. The situation is negative when it is forced upon persons because there is a scarcity of affordable homes. The trend can be positive, however, because it helps preserve the unity of the extended family.

The purpose of this Act is to assist families to purchase affordable individual living quarters and, at the same time, to encourage the preservation of the extended family.

SECTION 2. Section 46-4, Hawaii Revised Statutes, is amended to read as follows:

“§46-4 County zoning. (a) This section and any ordinances or rules and regulations adopted in accordance with it, shall apply only to those lands not contained within the forest reserve boundaries as established on January 31, 1957, or as subsequently amended.

Zoning in all counties shall be accomplished within the framework of a long range, comprehensive general plan prepared or being prepared to guide the overall future development of the county. Zoning shall be one of the tools available to the county to put the general plan into effect in an orderly manner. Zoning in the counties of Hawaii, Maui, and Kauai means the establishment of districts of such number, shape, and area, and the adoption of regulations for each district as shall be deemed best suited to carry out the purposes of this section. In establishing or regulating the districts, full consideration shall be given to all available data as to soil classification and physical use capabilities of the land so as to allow and encourage the most beneficial use of the land consonant with good zoning practices. The zoning power granted herein shall be exercised by ordinance which may relate to:

- (1) The areas within which agriculture, forestry, industry, trade, and business may be conducted.
- (2) The areas in which residential uses may be regulated or prohibited.
- (3) The areas bordering natural watercourses, channels, and streams, in which trades or industries, filling or dumping, erection of structures, and the location of buildings may be prohibited or restricted.
- (4) The areas in which particular uses may be subjected to special restrictions.
- (5) The location of buildings and structures designed for specific uses and designation of uses for which buildings and structures may not be used or altered.
- (6) The location, height, bulk, number of stories, and size of buildings and other structures.

- (7) The location of roads, schools, and recreation areas.
- (8) Building setback lines and future street lines.
- (9) The density and distribution of population.
- (10) The percentage of lot which may be occupied, size of yards, courts, and other open spaces.
- (11) Minimum and maximum lot sizes.
- (12) Other such regulations as may be deemed by the boards or city council as necessary and proper to permit and encourage orderly development of land resources within their jurisdictions.

The council of any county shall prescribe such rules and regulations and administrative procedures and provide such personnel as it may deem necessary for the enforcement of this section and any ordinance enacted in accordance therewith. The ordinances may be enforced by appropriate fines and penalties, or by court order at the suit of the county or the owner or owners of real estate directly affected by the ordinances.

Nothing in this section shall invalidate any zoning ordinances or regulation adopted by any county or other agency of government pursuant to the statutes in effect prior to July 1, 1957.

The powers granted herein shall be liberally construed in favor of the county exercising them, and in such a manner as to promote the orderly development of each county or city and county in accord with a long range, comprehensive, general plan, and to insure the greatest benefit for the State as a whole. This section shall not be construed to limit or repeal any powers now possessed by any county to achieve the ends through zoning and building regulations, except insofar as forest and water reserve zones are concerned and as provided in subsection (c).

Neither this section nor any ordinance enacted under this section shall prohibit the continuance of the lawful use of any building or premises for any trade, industry, residential, agricultural, or other purpose for which the building or premises is used at the time this section or the ordinance takes effect; provided that a zoning ordinance may provide for elimination of nonconforming uses as the uses are discontinued or for the amortization or phasing out of nonconforming uses or signs over a reasonable period of time in commercial, industrial, resort, and apartment zoned areas only. In no event shall such amortization or phasing out of nonconforming uses apply to any existing building or premises used for residential (single family or duplex) or agricultural uses. Nothing in this section shall affect or impair the powers and duties of the director of transportation as set forth in chapter 262.

(b) Any final order of a zoning agency established under this section may be appealed to the circuit court of the circuit in which the land in question is found. The appeal shall be in accord with the Hawaii rules of civil procedure.

(c) Neither this section nor any other law, county ordinance, or rule shall prohibit the construction of two single-family dwelling units on any lot where a residential dwelling unit is permitted; provided:

- (1) All applicable county requirements, not inconsistent with the intent of this subsection, are met, including building height, setback, maximum lot coverage, parking, and floor area requirements; and
- (2) The county determines that public facilities are adequate to service the additional dwelling units permitted by this subsection.

ACT 230

This subsection shall not apply to lots developed under planned unit development, cluster development, or similar provisions which allow the aggregate number of dwelling units for the development to exceed the density otherwise allowed in the zoning district.

Each county shall establish a review and permit procedure necessary for the purposes of this subsection.”

The authorization, issuance, and the details of such notes shall be governed by this chapter with respect to bonds insofar as the same may be applicable; provided that each note, together with all renewals and extensions thereof, or refundings thereof by other notes issued under this subsection shall mature within five years from the date of the original note.

(g) In order to secure the payment of any of the bonds issued pursuant to this chapter, and interest thereon, or in connection with such bonds, the development corporation shall have the power as to such bonds:

- (1) To pledge all or any part of the moneys, rates, charges, and other revenues derived by the development corporation as provided in this chapter to the punctual payment of bonds and interest thereon, and to covenant against thereafter pledging any such moneys, notes, charges, and other revenues to any other bonds or any other obligations of the development corporation for any other purpose, except as otherwise stated in the proceedings providing for the issuance of bonds permitting the issuance of additional bonds to be equally and ratably secured by a lien upon such moneys, rates, charges, and other revenues.
- (2) To pledge and assign the interest of the development corporation under any lease and other agreements related to a project and the rights, duties, and obligations of the development corporation thereunder, including the right to receive revenues thereunder.
- (3) To covenant as to the use and disposition of the proceeds from the sale of such bonds.
- (4) To covenant to set aside or pay over reserves and sinking funds for such bonds and as to the disposition thereof.
- (5) To covenant and prescribe as to what happenings or occurrences shall constitute "events of default", the terms and conditions upon which any or all of such bonds shall become or may be declared due before maturity, and as to the terms and conditions upon which such declaration and its consequences may be waived.
- (6) To covenant as to the rights, liabilities, powers, and duties arising upon the breach by it of any covenant, condition, or obligation.
- (7) Subject to the approval of the state director of finance, to designate a national or state bank or trust company within or without the State, incorporated in the United States, to serve as trustee for the holders of the bonds and to enter into a trust indenture, trust agreement, indenture of mortgage with such trustee. The trustee may be authorized by the development corporation to receive and receipt for, hold, and administer the proceeds of such bonds and to apply the same to the purposes for

which such bonds are issued, or to receive and receipt for, hold, and administer the moneys, rents, charges, and other revenues derived by the development corporation under a lease or other agreement related to a project, and to apply such moneys, rents, charges, and other revenues to the payment of the principal of and interest on such bonds, or both, and any excess moneys, rents, charges, and other revenues to the payment of expenses incurred by the development corporation in administering such bonds or in carrying out such lease or other agreement. In the event that such trustee shall be appointed, any trust indenture, trust agreement, or indenture of mortgage entered into by the development corporation with the trustee may contain whatever covenants and provisions as may be necessary, convenient or desirable in order to secure such bonds. The development corporation may pledge and assign to the trustee the interest of the development corporation under a lease and other agreements related to a project and the rights, duties, and obligations of the development corporation thereunder, including the right to receive revenues thereunder. The development corporation may appoint the trustee to serve as fiscal agent for the payment of the principal and interest, and for the purchase, registration, transfer, exchange, and redemption of the bonds, and may authorize and empower the trustee to perform such functions with respect to such payment, purchase, registration, transfer, exchange, and redemption, as the development corporation may deem necessary, advisable, or expedient, including without limitation the holding of the bonds and coupons which have been paid and the supervision of the destruction thereof in accordance with law.

- (8) To execute all instruments necessary or convenient in the exercise of the powers herein granted or in the performance of its covenants and duties.
- (9) To make such covenants and do any and all acts and things as may be necessary, or convenient or desirable in order to secure such bonds, notwithstanding that such covenants, acts, or things may not be enumerated in this chapter.

No holder or holders of any bonds issued under this chapter shall ever have the right to compel any exercise of taxing power of the State to pay such bonds or the interest thereon and no moneys other than the revenues pledged to such bonds shall be applied to the payment thereof.

(h) Bonds bearing the signature or facsimile signature of officers in office on the date of the signing thereof shall be valid and sufficient for all purposes, notwithstanding that before the delivery thereof and payment therefor any or all the persons whose signatures appear thereon shall have ceased to be officers of the development corporation. The bonds shall contain a recital that they are issued pursuant to this chapter which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

(i) The development corporation may issue bonds for the purpose of refunding any bonds then outstanding and issued under this chapter whether or not such outstanding bonds have matured or are then subject to redemption. The development corporation may issue bonds for the combined purposes of (1) financing or refinancing the cost of a project, improvement or expansion thereof,

and (2) refunding bonds which shall theretofore have been issued under this chapter and shall then be outstanding, whether or not such outstanding bonds have matured or are then subject to redemption. Nothing in this subsection shall require or be deemed to require the development corporation to elect to redeem or prepay bonds being refunded, or to redeem or prepay bonds being refunded which were issued, in the form customarily known as term bonds in accordance with any sinking fund installment schedule specified in any proceedings authorizing the issuance thereof, or, in the event the development corporation elects to redeem or prepay any such bonds, to redeem or prepay as of any particular date or dates. The issuance of such bonds, the maturities and other details thereof, the rights and remedies of the holders thereof, and the rights, powers, privileges, duties, and obligations of the development corporation with respect to the bonds, shall be governed by the foregoing provisions of this chapter insofar as the same may be applicable.

§ -13 **State and political subdivisions not liable on bonds.** The bonds and other obligations of the development corporation (and such bonds and obligations shall so state on their face) shall not be a debt of the State or of any political subdivision; neither the State nor any political subdivision shall be liable thereon, nor in any event shall they be payable solely out of funds or properties other than those of the development corporation pledged thereto.

§ -14 **Bonds exempt from taxation.** Bonds and the income therefrom issued pursuant to this chapter shall be exempt from all state and county taxation except inheritance, transfer, and estate taxes.

§ -15 **Bonds as legal investments and lawful security.** Bonds issued pursuant to this chapter shall be and are declared to be legal and authorized investments for banks, savings banks, trust companies, savings and loan associations, insurance companies, fiduciaries, trustees, guardians, and for all public funds of the State or other political corporations or subdivisions of the State. § -16 **Exemption from taxation of development corporation.** All revenues derived by the development corporation from any project or under a lease or other agreement pertaining thereto shall be exempt from all state and county taxation. Any right, title, and interest of the development corporation in any project shall also be exempt from all state and county taxation. Except as otherwise provided by law, the interest of a qualified person or other user of a project under a lease or other agreements related to a project shall not be exempt from taxation to a greater extent than it would be if the costs of the project were directly financed by the qualified person or other user.

§ -17 **Aloha Tower fund.** There is created the Aloha Tower fund. All moneys, rentals, charges, and other revenues of the development corporation shall be deposited into the fund; provided the development corporation may establish a separate account with respect to each issue of bonds issued under this chapter and direct the moneys, rentals, charges, and other revenues pledged to the payment of

such issue of bonds be credited to such account and, as permitted by section - 12(g)(7), designate a trustee to receive and receipt for, hold, and administer the moneys in such account. In the event moneys are to be credited to a separate account held by a trustee as aforesaid, such moneys may be paid directly to such trustee with appropriate entries made with respect to the fund for purposes of accounting. The moneys on deposit in the fund shall be used for the purposes of this chapter.

§ -18 **Assistance by state and county agencies.** Every state or county agency may render services upon request of the development corporation.

§ -19 **Annual report.** The development corporation shall submit to the governor and the legislature, at least twenty days prior to the start of each regular session, a complete and detailed report of its activities.

§ -20 **Court proceedings; preference.** Any action or proceeding to which the development corporation, the State or a county may be a party, in which any question arises as to the validity of this chapter, shall be preferred over all other civil causes, except election cases, without respect to position on the calendar. SECTION 7. Statutory material to be repealed is bracketed. New material is underscored.*

SECTION 8. This Act shall take effect upon its approval.

The foregoing became law on July 7, 1981, without the Governor's signature, pursuant to Art. III, §16, State Constitution.

A Bill for an Act Relating to Transportation.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The legislature finds and declares that:

(a) The State of Hawaii receives substantial revenues from the sale and delivery of in-bond merchandise to foreign-bound travelers departing from the Honolulu International Airport. In 1980 the State's airport special fund received over \$30 million from such sales.

(b) Presently there are two competing businesses serving the duty-free market under contracts with the department of transportation. These contractors have guaranteed the airport special fund a minimum of \$395,700,007 over the seven and one-half year life of the contracts.

(c) For the fiscal year 1981-1982, the revenues from the contracts are expected to provide forty per cent of the income of the airport special fund which supports all capital improvement programs and operating expenses and secures the revenue bonds for the state airport system.

(d) The addition of any more competition into this line of commerce may jeopardize these revenues and detrimentally affect the airport special fund.

(e) Tourism is, and will continue to be, one of the State's major industries. The economic welfare of the State and its citizens will depend in part upon the future of tourism in the State.

(f) Tourism in Hawaii is heavily dependent upon the national and international airline industry. If the revenues received by the airport special fund from the duty-free contractors are reduced, the airline industry landing fees will be increased correspondingly. There will be a detrimental effect on Hawaii's tourism industry if the airlines pass the additional cost on to the tourists through increased airline fares. Local consumers, of course, will also be paying higher air fares.

(g) Another important aspect of the State's tourism industry is the selling and delivering of in-bond merchandise to foreign-bound travelers.

(h) It is in the interest of the State and the State's tourism industry to insure that quality merchandise and excellent service at reasonable prices to departing foreign-bound travelers be established and maintained in the in-bond merchandise marketplace, taking into consideration the available physical facilities, personnel, logistical parameters, and competing interests at the Honolulu International Airport and within the State.

*Except as to Section 6, the text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

(i) Foremost among the concerns related to the addition of other competitors into the duty-free market are (1) whether the orderly administration of the airport and its facilities can be maintained and (2) the amount which can be assessed against additional competitors by the State for the privilege of delivering duty-free merchandise to the Honolulu International Airport.

(j) It is the policy of this State to protect the duty-free marketplace and thereby the tourist industry by limiting the number of duty-free operations to two and requiring that the State actively supervise their operations as a substitute for the competitive discipline of a free market economy. This Act will expire on June 30, 1982. It is intended that the Legislature will reexamine this Act during the 1982 Regular Session.

SECTION 2. Section 261-7, Hawaii Revised Statutes, is amended by amending subsection (a) to read as follows:

“(a) Under department operation. In operating an airport or air navigation facility owned or controlled by the department of transportation, or in which it has a right or interest, the department may enter into contracts, leases, licenses, and other arrangements with any person:

- (1) Granting the privilege of using or improving the airport or air navigation facility or any portion or facility thereof or space therein for commercial purposes;
- (2) Conferring the privilege of supplying goods, commodities, things, services, or facilities at the airport or air navigation facility;
- (3) Making available services, facilities, goods, commodities, or other things to be furnished by the department or its agents at the airport or air navigation facility; or
- (4) Granting the use and occupancy on a temporary basis by license or otherwise any portion of the land under its jurisdiction which for the time being may not be required by the department so that it may put the area to economic use and thereby derive revenue therefrom.

All the arrangements shall contain a clause that the land may be repossessed by the department when needed for aeronautics purposes upon giving the tenant temporarily occupying the same not less than thirty days' notice in writing of intention to repossess.

Except as otherwise provided in this section, in each case mentioned in paragraphs (1), (2), (3) and (4), the department may establish the terms and conditions of the contract, lease, license, or other arrangement, and may fix the charges, rentals, or fees for the privileges, services, or things granted, conferred, or made available, for the purpose of meeting the expenditures of the statewide system of airports set forth in section 261-5(a), which includes expenditures for capital improvement projects approved by the legislature. Such charges shall be reasonable and uniform for the same class of privilege, service, or thing.

The department shall enter into separate contracts with no more than two persons (“contractors”) for the sale and delivery of in-bond merchandise at Honolulu International Airport, in the manner provided by law. Each such contract shall confer the right to operate and maintain commercial facilities within the airport for the sale of in-bond merchandise and the right to deliver to the airport in-bond merchan-

dise for sale to departing foreign-bound passengers.

The department shall grant such contracts pursuant to the laws of this State and may take into consideration:

- (1) The payments to be made on in-bond merchandise sold at Honolulu International Airport and on in-bond merchandise displayed or sold elsewhere in the State and delivered to the airport;
- (2) The ability of the applicant to comply with all federal and state rules and regulations concerning the sale and delivery of in-bond merchandise; and
- (3) The reputation, experience, and financial capability of the applicant.

The department shall actively supervise the operation of the contractors to insure its effectiveness. The department shall develop and implement such guidelines as it may find necessary and proper to actively supervise the operations of such contractors, and shall include guidelines relating to the department's review of the reasonableness of contractors' price schedules, quality of merchandise, merchandise assortment, operations, and service to customers.

Apart from the contracts described above, during the period ending June 30, 1982, the department shall confer no right upon any person to offer to sell, sell, or deliver in-bond merchandise at Honolulu International Airport."

SECTION 3. The provisions of this Act are declared to be severable and if any portion thereof is held to be invalid for any reason, the validity of the remainder of this Act shall not be affected.

SECTION 4. Statutory material to be repealed is bracketed. New material is underscored.*

SECTION 5. This Act shall take effect upon its approval and shall expire on June 30, 1982.

The foregoing became law on July 7, 1981, without the Governor's signature, pursuant to Art. III, §16, State Constitution.

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

PROPOSED CONSTITUTIONAL AMENDMENTS

Proposed Constitutional Amendments

H.B. NO. 150

A Bill for an Act Proposing an Amendment to Article I, Section 10, of the Constitution of the State of Hawaii to Permit Felony Trials After Preliminary Hearings.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The purpose of this Act is to propose an amendment to Article I, section 10, of the Constitution of the State of Hawaii to permit a person to be tried for a felony after a preliminary hearing has been held in which it was determined that there was probable cause the person committed the crime.

SECTION 2. Article I, section 10, of the Constitution of the State of Hawaii is amended to read as follows:

“INDICTMENT; PRELIMINARY HEARING; DOUBLE JEOPARDY; SELF-INCRIMINATION”

Section 10. No person shall be held to answer for a capital or otherwise infamous crime, unless on a presentment or indictment of a grand jury [.] or upon a finding of probable cause after a preliminary hearing held as provided by law, except in cases arising in the armed forces when in actual service in time of war or public danger; nor shall any person be subject for the same offense to be twice put in jeopardy; nor shall any person be compelled in any criminal case to be a witness against oneself.”

SECTION 3. Constitutional material to be repealed is bracketed. New material is underscored.

SECTION 4. This amendment shall take effect upon compliance with Article XVII, section 3, of the Constitution of the State of Hawaii.

PROPOSED CONSTITUTIONAL AMENDMENTS

H.B. NO. 238

A Bill for an Act Proposing an Amendment to Article III, Section 9, of the Hawaii Constitution, to Provide for the Method of Payment of Legislative Salaries.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The purpose of this Act is to propose an amendment to Article III, section 9, of the Constitution of the State of Hawaii to provide that the annual legislative salary which is determined by the commission on legislative salary, shall be payable in the installments and at such times as are provided by law. The current legislative salary plan, adopted by the 1978 commission on legislative salary, provides that over seventy-five per cent of the annual legislative salary be paid during February, March, and April, and the balance be paid in equal installments over the other nine months. The legislature finds that this method of payment results in a disproportionately large amount of tax which may be deducted from the salaries during legislative session months relative to the total annual salary. The legislature also finds that the small amounts paid in non-legislative session months might serve to place a legislator with little or no income other than the legislative salary in the incongruous position of being qualified for public assistance. The legislature finds neither of these results desirable.

This Act is not an attempt to change the authority granted to the commission on legislative salary to determine the annual salary, but would permit a more equitable method of payment to be determined by law.

SECTION 2. Article III, section 9, of the Constitution of the State of Hawaii is amended to read as follows:

“SALARY; ALLOWANCES; COMMISSION ON LEGISLATIVE SALARY

Section 9. The members of the legislature shall receive allowances reasonably related to expenses as provided by law, and a salary prescribed pursuant to this section[.] which shall be payable in such installments and at such times as provided by law.

There shall be a commission on legislative salary which shall be appointed by the governor on or before November 30, 1978, and every eight years thereafter. Not later than the fortieth legislative day of the 1979 regular legislative session and every eight years thereafter, the commission shall submit to the legislature and the governor recommendations for a salary plan for members of the legislature, and then dissolve. The salary plan submitted shall become effective as provided in the plan unless the legislature disapproves the plan by adoption of a concurrent resolution prior to adjournment sine die of the legislative session in which the plan is submitted or the governor disapproves the plan by a message of disapproval transmitted to the legislature prior to such adjournment. Any change in salary which becomes effective shall not apply to the legislature to which the recommendation for the change in salary was submitted.”

PROPOSED CONSTITUTIONAL AMENDMENTS

SECTION 3. Constitutional material to be repealed is bracketed. New material is underscored.

SECTION 4. This amendment shall take effect upon compliance with Article XVII, section 3, of the Constitution of the State of Hawaii.

PART VII. SPECIAL PROVISIONS

SECTION 105. Sand Island income from other lands and facilities, other than those set aside for Harbors or Foreign Trade Zone purposes, shall be deposited into the general fund.

SECTION 106. There is hereby appropriated out of the public trust fund created by Section 5(f) of The Admission Act (Public Law 86-3, 86th Congress), the total amount of the proceeds from the sale or other disposition of any lands, and the income therefrom granted to the State by Section 5(b) or later conveyed to the State by Section 5(e), with the exception of such proceeds covered under Section 171-19, Hawaii Revised Statutes, to be disposed of by the Board of Land and Natural Resources, and with the exception of such proceeds to be expended by the Office of Hawaiian Affairs under Chapter 10, Hawaii Revised Statutes, in order to reimburse the general fund for the appropriation made in Part II of this Act to the Department of Education for the support of public schools, to the extent such proceeds are realized for the period beginning July 1, 1981 to June 30, 1983. The above proceeds

ACT 1

shall be exclusive of the amount disposed of under the provisions of the Hawaiian Homes Commission Act of 1920, as amended.

SECTION 107. Whenever the expending agency to which an appropriation is made is changed due to legislation enacted during any session of the legislature which affects the appropriations made by this Act, the Governor, or the Director of Finance, if so delegated by the Governor, shall transfer the necessary funds and positions to the proper expending agency, provided that a report for all such transfers shall be made to the legislature by February 1 of the following calendar year.

SECTION 108. All grants to private organizations in this Act are made in accordance with the standard that the private programs so funded yield direct benefits to the public and accomplish public purposes.

SECTION 109. No appropriation authorized in this Act shall be considered to be a mandate, under Article VIII, Section 5 of the State Constitution, for a political subdivision to undertake new programs to increase the level of services under existing programs of that political subdivision. If any appropriation authorized in this Act falls within the provisions of Article VIII, Section 5 of the State Constitution, such authorization shall be void, and in the case of capital improvement appropriations designated to be financed from the general obligation bond fund, the total general obligation bonds authorized for this Act shall be correspondingly decreased.

SECTION 110. In allotting funds for social welfare programs and other programs and agencies having appropriations which are based on population and workload data as specified in the executive budget document, only so much as is necessary to provide the level of services intended by the Legislature shall be allotted by the Department of Budget and Finance. For this purpose, agencies concerned shall reduce expenditures below appropriations as prescribed by the Department of Budget and Finance in the event actual population and workload trend is less than the specified figure. In the event that the caseload trend is higher than the specified figure or the reasonable average daily cost of medical care for the needy and medically needy exceeds the anticipated average sum per patient day, or the caseload trend or average payments for money assistance payments is higher than the specified figure, the Governor is authorized to utilize savings as may be available from any other State program for the purpose of meeting the additional expenses of the social welfare program of the Department of Social Services and Housing.

SECTION 111. With the approval of the Director of Finance, the Department of Health may transfer to the Department of Social Services and Housing funds appropriated to the Department of Health for the care and treatment of patients whenever the Department of Social Services and Housing can utilize such funds to match federal funds which may be available to help finance the cost of outpatient, hospital, or skilled nursing home care of indigents or medical indigents.

The Department of Social Services and Housing is authorized to enter into agreements with the Department of Health to furnish outpatient, hospital and/or skilled nursing home care and to pay the Department of Health for such care. With the approval of the Director of Finance, the Department of Health may deposit part of such receipts into the appropriations from which transfers were made.

SECTION 112. Unless otherwise provided in this Act, the Governor is authorized to transfer funds between appropriations within an expending agency for research and development and operating purposes, provided that prior to effecting any transfer, the Governor shall obtain the approval of the President of the Senate and the Speaker of the House of Representatives; and provided, that such transfer shall not be made to implement any collective bargaining contract signed after this legislature adjourns sine die.

SECTION 113. Where a program is financed by the general fund as well as by federal matching funds, the general fund appropriation shall be decreased to the extent that the amount received from the federal fund source exceeds the amount approved in this Act from such source; provided that such decrease of the general fund appropriation shall not jeopardize the receipt of the increased amount from the federal matching fund source; provided further, that the preceding requirements shall not apply if the excess receipts are to be expended for a purpose or purposes of the program approved by the Governor, or the Director of Finance if so delegated by the Governor.

SECTION 114. For the fiscal biennium 1981-83, where a program is authorized under Part II of this Act to expend from a revolving, special, or trust fund, agencies responsible for such funds are authorized to expend so much as may be necessary to carry out the purpose of each such fund; provided that such expenditures in excess of the amount indicated in Part II are approved by the Governor or by the Director of Finance if so delegated by the Governor; and provided further, that such expenditure shall not exceed the amounts available in such funds.

SECTION 114A. Provided, that of the sums appropriated and positions approved for the Regular Instruction Program (EDN 105), it is the intent of the Legislature that the Governor is authorized to expend general fund moneys to provide for and maintain the level of services approved by the Legislature and authorized by this Act; provided further, that in the event the sum received by the Department of Education in EDN 105 under Public Law 81-874 (Impact Aid), or any other public law which amends or supersedes Public Law 81-874, for FY 1981-82 is less than the amount authorized in this Act, the Legislature shall under procedures established in Article III, Section 10 of the Hawaii State Constitution, meet in special session to deal with the problem.

SECTION 115. The Governor is hereby authorized to establish 20 permanent positions during each fiscal year of the fiscal biennium 1981-83 to be allocated by him to any of the program areas included in this Act as he shall deem proper. No positions shall be established under this section to implement any collective bargaining agreement signed after this legislature adjourns sine die.

SECTION 116. Any provision of law to the contrary notwithstanding the Governor is authorized to utilize and appropriate portion of such sums included in the respective program appropriation in Part II of this Act for personal services, for salary increases for public officers and employees excluded from collective bargaining under Chapter 89, Hawaii Revised Statutes; provided that said increases shall not exceed and shall not take effect earlier than increases for comparable members of collective bargaining units.

ACT 1

SECTION 117. Where any agency is able to secure funds or other property from private organizations or individuals, to be expended or utilized in connection with any program authorized by this Act, the Governor or agency with the Governor's approval shall have the power to enter into each undertaking.

SECTION 118. In the event the State should assume the direct operation of any non-governmental agency receiving state funds under the provisions of this Act, all such funds shall constitute a credit to the State against the costs of acquiring all or any portion of the property, real, personal, or mixed, of such non-governmental agency. This credit shall be applicable regardless of when such acquisition takes place.

SECTION 119. Any law or any provision of this Act to the contrary notwithstanding, the appropriations made for capital investment projects authorized in this Act shall not lapse at the end of the fiscal biennium for which the appropriation is made, provided that all appropriations made to be expended in fiscal biennium 1981-83 which are unencumbered as of June 30, 1984 shall lapse as of that date, and provided further, that the lapsing date shall not apply to projects necessary to qualify for federal aid financing and reimbursement as listed and denoted in Section 92, which appropriations in its entirety the Legislature hereby determined are necessary to qualify for federal aid financing and reimbursement.

SECTION 120. If general obligation bond proceeds have been allocated to an appropriation which may be satisfied from general obligation bond proceeds and the amount of such proceeds so allocated is in excess of the amount needed to satisfy such appropriation, the amount of such excess proceeds shall be transferred to a separate account and allocated to the satisfaction of other appropriations which may be satisfied from general obligation bond proceeds made in the same or any other act of the Legislature.

SECTION 121. The designated expending agency for capital investments authorized in this Act is authorized to delegate to other state or county agencies the acquisition of land, design, and construction of such projects when it is determined by such agency that it is advantageous to do so.

SECTION 122. All general obligation bond funds used for highway, harbor, boating, airport or land development capital investment purposes, designated by the letter (D), shall have the bond principal and interest reimbursed from the state highway fund, the harbor special fund, the boating special fund, the airport revenue fund, or the special land and development fund, respectively. Bonds issued for irrigation projects shall be reimbursed, as provided by Section 174-21, Hawaii Revised Statutes.

The Governor is authorized to use, at his discretion, the state highway fund, the harbor special fund, the boating special fund, the airport revenue fund or the special land and development fund to finance the respective highway, harbor, boating, airport or land development projects authorized in this Act, where the method of financing is designated to be general obligation bond fund with debt service cost to be paid from special funds.

SECTION 123. Where county capital improvement projects are partially or totally funded by state grants-in-aid as authorized in this Act or any other act of the

Legislature, this fact should be appropriately acknowledged during construction and upon completion of these projects.

SECTION 124. The negotiation for the purchase of land by state agencies shall be subject to the approval of the Governor. Private lands may be acquired for the purpose of exchange for federal lands when the Governor determines that such acquisition and exchange are necessary for the completion of any herein authorized projects.

SECTION 125. Any law or any provision to the contrary notwithstanding, the Governor may supplement funds for any early-phased cost element (design or land) for a capital improvement project authorized under this Act by transferring such sums as may be needed from the funds appropriated for later-phased cost elements (land or construction) for the same project authorized by the Legislature in this Act or in a prior year or which may be authorized by the Legislature in the future, provided that the total expenditure of funds for all cost elements for the project shall not exceed the total appropriations for that project.

SECTION 126. All unrequired balances after the objectives of appropriations made in this Act for capital investment purposes from the general obligation bond fund have been met shall be transferred to the project adjustment fund appropriated in Part II and described in Part IV of this Act and shall be considered a supplementary appropriation thereto.

In the event that the amount specified for a capital investment project listed in this Act or authorized by the Legislature in a prior year or in the future is insufficient, and where the source of funding for the project is designated as the general obligation bond fund, the Governor may make supplemental allotments from the project adjustment fund appropriated in Part II and described in Part IV; provided that such supplemental allotments from the project adjustment fund shall not be used to increase the scope of the project.

Any provision in this Act to the contrary notwithstanding, supplemental allotments from the project adjustment fund may be made for any capital investment cost element.

SECTION 127. In the event that the amount specified for a capital investment project listed in this Act is insufficient and where the source of funding is designated as special funds, general obligation bond fund with debt service cost to be paid from special funds, or revenue bond fund, the Governor may make supplemental allotments from the special fund responsible for cash or debt service payments for the projects or transfer unrequired balances from other projects in this or prior appropriation acts which authorized the use of special funds, general obligation bond fund with debt service costs to be paid from special funds, or revenue bond fund, provided that such supplemental allotments shall not be used to increase the scope of the project; provided further that such supplemental allotments shall not impair the ability of the fund to meet the purposes for which it was established.

SECTION 128. The Governor may authorize the expenditure of funds for capital investment projects not previously authorized in this Act to cope with unemployment, unforeseen emergencies arising from elements such as fires and natural disasters and for any federal aid portion of any capital investment project

ACT 1

described in this Act where application for such aid has been made and approval has been denied; provided, that the unemployment, or such emergencies, or denial of federal aid create an urgent need to pursue a course of action which is in the best interest of the state; and provided further, that the Governor shall use the project adjustment fund authorized in Part II and described in Part IV to accomplish the purposes of this section.

SECTION 129. General revenues of the State of Hawaii may be expended by the Governor to cope with unemployment and unforeseen emergencies arising from elements such as fires and natural disasters; provided, that the unemployment, or such emergencies create an urgent need to pursue a course of action which is in the best interest of the state; provided, that the Governor may authorize an increase in repairs and maintenance activities on state facilities to alleviate the unemployment and cope with such emergencies. To accomplish the purpose of this section, the Governor is authorized to transfer to the Building, Repair and Alterations (AGS 233), and Physical Plant Operations and Maintenance (AGS 807) programs up to \$5,000,000 in savings as may be available from the appropriated funds of any program in this Act.

SECTION 130. Where it has been determined that changed conditions, such as reduction in the particular population being served, permit the reduction in the scope of a capital investment project described in this Act, the Governor may authorize such reduction of project scope; provided, that the scope of a project shall not be reduced merely because the appropriation for a project is insufficient.

SECTION 131. In releasing funds for projects, the Governor shall consider the legislative intent and the objectives of the user agency, its programs, the scope and level of the user agency's intended service; the means, efficiency, and economics by which the project will meet the objectives of the user agency and the state. Agencies responsible for construction shall take into consideration the objectives of the user agency, its programs, the scope and level of the user agency's intended service and construct the improvement to meet the objectives of the user agency in the most efficient and economical manner possible.

SECTION 132. Provided that if federal funds in the amounts designated under the Morrill-Nelson Bankhead-Jones Act, Hatch Act, and Smith-Lever Act are received in excess of the amounts authorized, then the general fund appropriations for Instruction-UOH, Manoa (UOH 101), Organized Research-UOH, Manoa (UOH 102), and Public Service-UOH, Manoa (UOH 103), respectively shall be reduced by the amounts such receipts exceed the federal funds authorized in the fiscal biennium 1981-83.

PART VIII. MISCELLANEOUS AND EFFECTIVE DATE

SECTION 133. Miscellaneous. If any portion of this Act or its application to any person or circumstances is held to be invalid for any reason, then the Legislature hereby declares that the remainder of the Act and each and every other provision thereof shall not be affected thereby. If any portion of a specific appropriation is held to be invalid for any reason, the remaining portion shall be independent of the invalid portion and such remaining portion shall be expended to fulfill the objective of such appropriation to the extent possible.

SECTION 134. In the event manifest clerical, typographical or other mechanical errors are found in this Act, the Governor is hereby authorized to correct such errors. All changes made pursuant to this section shall be reported to the Legislature at its next session.

SECTION 135. **Effective date.** This Act shall take effect on July 1, 1981, with the exception of Section 42, which shall take effect upon approval.

SECTION 14. In the event that the amount specified for a capital investment project listed in Part III is insufficient and where the source of funding for the project is designated as the general obligation bond fund, the chief justice may make supplemental allotments from the project adjustment fund; provided that such supplemental allotments shall not be used to increase the scope of the project; provided further that a report of such supplemental allotments and transfers into the judiciary project adjustment fund as provided by section 13 for the period ending December 31 of each calendar year shall be made to the President of the Senate and the Speaker of the House of Representatives by February 1 of the following calendar year.

SECTION 15. Where it has been determined that changed conditions, such as reduction in the particular population being served, permit the reduction in the scope of a project listed in Part III, the chief justice may authorize such reduction of project scope; provided that the scope of a project shall not be reduced merely because the appropriation for the project is insufficient.

SECTION 16. The chief justice shall determine when and the manner in which the authorized projects shall be initiated. He shall notify the governor from time to time of the specific amounts required for the projects, and the governor shall provide for such amounts through the issuance of bonds.

ACT 3

H.B. NO. 3

A Bill for an Act Relating to State Bonds.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Declaration of findings with respect to the general obligation bonds authorized by this Act. Pursuant to the clause in Article VII, Section 13, of the State Constitution which states: "Effective July 1, 1980, the legislature shall include a declaration of findings in every general law authorizing the issuance of general obligation bonds that the total amount of principal and interest, estimated for such bonds and for all bonds authorized and unissued and calculated for all bonds outstanding, will not cause the debt limit to be exceeded at the time of issuance.", the legislature finds and declares as follows:

- (1) **Limitation on general obligation debt.** The debt limit of the State is set forth in Article VII, Section 13, of the State Constitution, which states in part: "General obligation bonds may be issued by the State; provided that such bonds at the time of issuance would not cause the total amount of principal and interest payable in the current or any future fiscal year, whichever is higher, on such bonds and on all outstanding general obligation bonds to exceed: a sum equal to twenty percent of the average of the general fund revenues of the State in the three fiscal years immediately preceding such issuance until June 30, 1982; and thereafter, a sum equal to eighteen and one-half percent of the average of the general fund revenues of the State in the three fiscal years immediately preceding such issuance." Article VII, Section 13, also provides that in determining the power of the State to issue general obligation bonds, certain bonds are excludable, including "reimbursable general obligation bonds issued for a public undertaking, improvement or system but only to the extent that reimbursements to the general fund are in fact made from the net revenue, or net user tax receipts, or combination of both, as determined for the

immediately preceding fiscal year.”

- (2) Actual and estimated debt limits. The limit on principal and interest of general obligation bonds issued by the State, actual for fiscal year 1980-81 and estimated for each fiscal year from fiscal year 1981-82 to 1984-85, is as follows:

Fiscal Year	Net General Fund Revenues	Debt Limit
1977-78	\$ 792,058,521	
1978-79	915,099,052	
1979-80	1,056,696,544	
1980-81	1,158,900,000	\$184,256,941
1981-82	1,214,600,000	208,713,040
1982-83	1,341,700,000	211,528,787
1983-84	1,484,800,000	229,104,000
1984-85	Not applicable	249,201,167

For fiscal years 1980-81 and 1981-82, the debt limit is derived by multiplying the average of the net general fund revenues for the three preceding fiscal years by twenty per cent. For fiscal years 1982-83, 1983-84, and 1984-85, respectively, the debt limit is derived by multiplying the average of the net general fund revenues for the three preceding fiscal years by eighteen and one-half per cent. The net general fund revenues for fiscal years 1977-78, 1978-79, and 1979-80 are actual, as certified by the director of finance in the Statement of the Debt Limit of the State of Hawaii as of July 1, 1980, dated November 18, 1980. The net general fund revenues for fiscal years 1980-81 to 1983-84 are estimates, based on general fund revenue estimates made as of January 10, 1981, by the council on revenues, the body assigned by Article VII, Section 7, of the State Constitution to make such estimates, and based on estimates made by the department of budget and finance of those receipts which cannot be included as general fund revenues for the purpose of calculating the debt limit, all of which estimates the legislature finds to be reasonable.

- (3) Principal and interest on outstanding bonds applicable to the debt limit. As certified by the director of finance in the Statement of the Debt Limit of the State of Hawaii as of July 1, 1980, the total amount of principal and interest on outstanding general obligation bonds for determining the power of the State to issue general obligation bonds within the debt limit is as follows for fiscal year 1981-82 to fiscal year 1987-88:

Fiscal Year	Principal and Interest
1981-82	\$134,276,592
1982-83	136,127,234
1983-84	131,441,372
1984-85	126,282,397
1985-86	120,574,415
1986-87	115,241,560
1987-88	110,075,727

The Statement of the Debt Limit as of July 1, 1980 further shows that the amount of principal and interest on outstanding bonds applicable to the debt limit continues to decline each year from fiscal year 1988-89 to fiscal year 2012 when the final installment of \$15,347 shall be due and payable.

- (4) Amount of authorized and unissued general obligation bonds and bonds authorized by this Act. As calculated from the state comptroller's bond fund report as of December 31, 1980, the total amount of authorized but unissued general obligation bonds, as of December 31, 1980, is \$495,893,012. The total amount of general obligation bonds authorized by this Act is \$161,311,000. The total amount of general obligation bonds previously authorized and unissued and the general obligation bonds authorized by this Act is \$657,204,012.
- (5) Proposed general obligation bond issuance. As reported in the Multi-Year Program Plan and Executive Budget, dated December 1980, as it applies to the remainder of fiscal year 1980-81 and the fiscal biennium 1981-83, and as reported by the department of budget and finance for fiscal years 1983-84 and 1984-85, the State proposes to issue \$75,000,000 in each of two issues of general obligation bonds in the remainder of fiscal year 1980-81, and \$75,000,000 semi-annually in each fiscal year from fiscal year 1981-82 to fiscal year 1984-85. It has been the practice of the State to issue twenty-year serial bonds with principal repayments beginning the third year, the bonds maturing in substantially equal installments of principal, and interest payments commencing six months from the date of issuance and being paid semi-annually thereafter. It is assumed that this practice will continue to be applied to the bonds which are proposed to be issued.
- (6) Sufficiency of proposed general obligation bond issuance to meet the requirements of authorized and unissued bonds and bonds authorized by this Act. From the schedule reported in paragraph (5), the total amount of general obligation bonds which the State proposes to issue in the remainder of the current fiscal year and in fiscal years 1981-82 to 1983-84 is \$600,000,000. An additional \$150,000,000 is proposed to be issued in fiscal year 1984-85. The total amount of \$600,000,000 which is proposed to be issued through fiscal year 1983-84 is sufficient to meet the requirements of the authorized and unissued bonds and the bonds authorized by this Act, the total amount of which is \$657,204,012, as reported in paragraph (4), except for \$57,204,012. It is assumed that the appropriations to which an additional \$57,204,012 in bond issuance needs to be applied will have been encumbered as of June 30, 1984. The \$150,000,000 which is proposed to be issued in fiscal year 1984-85 will be sufficient to meet the requirements of the June 30, 1984 encumbrances in the amount of \$57,204,012 with the remaining amount being applied to such other appropriations as the Legislature may subsequently authorize. The amount of assumed encumbrances as of June 30, 1984 is reasonable and conservative, based upon an inspection of June 30 encumbrances of the general obligation bond fund which discloses that the assumed amount of June 30, 1984 encumbrances is lower than the encumbrances for each of

the past five fiscal years. Thus, taking into account the amount of authorized and unissued bonds and the bonds authorized by this Act versus the amount of bonds which is proposed to be issued by June 30, 1984 and the amount of June 30, 1984 encumbrances versus the amount of bonds which is proposed to be issued in fiscal year 1984-85, the Legislature finds that in the aggregate, the amount of bonds which is proposed to be issued is sufficient to meet the requirements of all authorized and unissued bonds and the bonds authorized by this Act.

- (7) Bonds excludable in determining the power of the State to issue bonds. As noted in paragraph (1), certain bonds are excludable in determining the power of the State to issue general obligation bonds. General obligation reimbursable bonds can be excluded under certain conditions. It is not possible to make a conclusive determination as to the amount of reimbursable bonds which are excludable from the amount of each proposed bond issuance because:

- (A) It is not known exactly when projects for which reimbursable bonds have been authorized in prior acts and in this Act will be implemented and will require the application of proceeds from a particular bond issue; and
- (B) While at the present time, all of the special funds which are required to make reimbursements to the general fund on bonds issued are in a condition to qualify all of the reimbursable bonds for exclusion, it cannot be stated with certainty that such a condition will continue.

However, the legislature notes that with respect to the principal and interest on outstanding general obligation bonds, as reported in the Statement of the Debt Limit of the State of Hawaii as of July 1, 1980, the average proportion of principal and interest which is excludable each year from calculation against the debt limit is 17.37 per cent for the ten years from fiscal year 1981-82 to fiscal year 1990-91. For the purpose of this declaration, the assumption is made that 10 per cent of each bond issue will be excludable from the debt limit, an assumption which the legislature finds to be reasonable and conservative.

- (8) Determination whether the debt limit will be exceeded at the time of issuance. From the foregoing and on the assumption that all of the bonds identified in paragraph (5) will be issued at the average interest rate of twelve per cent, the maximum allowable by law, it can be determined from the following schedule that the bonds which are proposed to be issued, which include all authorized and unissued bonds previously authorized and the bonds authorized by this Act, will not cause the debt limit to be exceeded at the time of each bond issuance:

Time of Issue and Amount of Issue to be Counted Against Debt Limit	Debt Limit at Time of Issuance	Greatest Amount & Year of Principal & Interest
1st issue remainder FY 1980-81 \$67,500,000	\$184,256,941	\$144,227,234 (FY 1982-83)

2nd half FY 1984-85 \$67,500,000	249,201,167	220,939,895 (FY 1985-86)

- (9) Overall and concluding finding. From the facts, estimates, and assumptions stated in this declaration of findings, the conclusion is reached that the total amount of principal and interest estimated for the general obligation bonds authorized by this Act and for all bonds authorized and unissued and calculated for all bonds issued and outstanding, will not cause the debt limit to be exceeded at the time of issuance.

SECTION 2. The legislature finds the basis for the declaration of findings set forth in this Act are reasonable. The assumptions set forth in this Act with respect to the principal amount of general obligation bonds which will be issued, the amount of principal and interest on reimbursable general obligation bonds which are assumed to be excludable, and the assumed maturity structure shall not be deemed to be binding, it being the understanding of the legislature that such matters must remain subject to substantial flexibility.

SECTION 3. Authorization for issuance of general obligation bonds. General obligation bonds may be issued as provided by law to yield the amount that may be necessary to finance projects authorized in H.B. No. 1 and H.B. No. 2, 1981 first special session, and designated to be financed from the general obligation bond fund and from the general obligation bond fund with debt service costs to be paid from special funds; provided that the sum total of the general obligation bonds so issued shall not exceed \$161,311,000.

SECTION 4. Section 37-71, Hawaii Revised Statutes is amended by amending subsection (d) to read as follows:

"(d) The summaries of the state receipts and revenues shall more specifically include:

- (1) Financial summaries displaying the State's financial condition, to-wit:
 - (A) A display of the proposed, total state expenditures, by cost categories, the total state resources anticipated from existing taxes and non-tax sources at existing rates, by resource categories (including the available fund balances or deficits and anticipated bond receipts), and the fund balance or deficit resulting therefrom for the biennium in progress, for the ensuing biennium, and for each of the two fiscal years of the ensuing biennium.
 - (B) The changes proposed to the existing tax and non-tax rates, sources, or structure, and the estimated cumulative increases or reductions, and the estimated fund balance or deficit in the ensuing biennium and in each of the two fiscal years of the biennium as a result of such proposed changes. Proposals for changes in the existing tax and non-tax rates, sources, or structure shall be made in every case where the proposed, total state expenditures exceed the total state resources anticipated from existing tax and non-tax sources at existing rates.

Such financial summaries shall be prepared for the total state expenditures and resources and for the general fund and special fund portions thereof.

- (2) A summary of the balances of each special fund, actual for the last completed fiscal year and estimated for the fiscal year in progress and for each of the two fiscal years in the ensuing biennium.
- (3) A summary of the State's total bond fund required to carry out the recommended programs and the kinds of bonds and amounts thereof through which such requirements are to be met in the biennium in progress and in each of the two fiscal years in the ensuing biennium. The summary shall detail for the biennium in progress and for each of the two years of the ensuing biennium:
 - (A) Of the total requirements, the amount, by cost categories, requiring new bond issuance authorization and the kinds and amounts of bonds planned for issuance under such new authorization.
 - (B) By bond categories, the total, cumulative balance of bonds authorized in prior years but unissued and the amount thereof planned to be issued.
 - (C) A recapitulation of the total bonds, both new authorizations and prior authorizations, by bond categories, proposed to be issued.
- (4) A tentative schedule by quarter and fiscal year of the amount of general obligation bonds and the amount of revenue bonds proposed to be issued in the ensuing fiscal biennium.
- (5) A schedule of projected debt service charges for general obligation bonds outstanding at the time of the submission of the budget and to be issued by the close of the budget biennium in progress and the close of the

ensuing budget biennium. The projection shall be separately stated for:

- (A) Bonds currently outstanding.
- (B) Bonds to be issued during the remainder of the fiscal biennium in progress and during the ensuing fiscal biennium.
- (C) The total bonds currently outstanding and to be issued.

In each case, the projection shall be categorized into debt service to be paid directly from the general fund, debt service to be paid through reimbursements, and total debt service. The projection shall extend at least five years beyond the close of the ensuing fiscal biennium. An explanation shall be appended to the schedule, which shall include among other things, the amount of bonds to be issued during the fiscal year in progress and in each of the two fiscal years of the ensuing biennium, the maturities of the bonds to be issued, the method of retirement, and the interest rate assumed in the projection.

- (6) A schedule of the current state funded debt, legal debt limit, and the legal debt margin, including the details thereof. In any budget which proposes appropriations for which the source of funding is general obligation bonds, the schedule shall include a declaration by the director of finance and computations showing that the total amount of principal and interest, estimated for such proposed appropriations and for all bonds authorized and unissued and calculated for all bonds issued and outstanding, will not cause the debt limit to be exceeded at the time of issuance.
- (7) Separately for general fund tax revenues, special fund tax revenues, general fund non-tax revenues, and special fund non-tax revenues:
 - (A) By kinds of taxes or sources, the amount of revenue from existing, authorized taxes or sources at existing rates received in the last completed fiscal year and estimated to be received in the fiscal year in progress and in each of the two fiscal years in the ensuing biennium, with appropriate totals for the two bienniums.
 - (B) A summary of the proposed changes in the existing taxes or sources or rates, and the estimated increases or reductions in revenues in each of the two years in the ensuing fiscal biennium resulting from such changes.
 - (C) The total estimated revenues with and without the proposed changes."

SECTION 5. Section 37-72, Hawaii Revised Statutes, is amended by amending subsection (a) to read as follows:

"(a) Not less than twenty days before the legislature convenes in regular session in an even-numbered year, the governor may submit to the legislature a supplemental budget to amend any appropriation for the current fiscal biennium. The supplemental budget shall reflect the changes being proposed in the State's program and financial plan and shall be submitted as applicable, in the manner provided in section 37-71. In any supplemental budget which proposes appropriations for which the source of funding is general obligation bonds, the budget shall include the schedule, declaration, and computations specified in section 37-71(d)(6)."

SECTION 6. The provisions of this Act are declared to be severable and if any portion thereof is held to be invalid for any reason, the validity of the remainder of this Act shall not be affected.

SECTION 7. In printing this Act, the revisor of statutes shall substitute in Section 3 the corresponding act numbers for the bills identified therein.

SECTION 8. New statutory material is underscored.*

SECTION 9. This Act shall take effect on July 1, 1981.

“§87-4 State and county contributions to the fund. (a) The State through the department of budget and finance and the several counties through their respective departments of finance shall pay to the fund a monthly contribution of \$14.88 for each of their respective employee-beneficiaries and \$47.34 for each respective employee-beneficiary with a dependent-beneficiary, such contributions to be used towards the payment of costs of hospital, medical, and surgical benefits of a health benefits plan, provided that the monthly contribution shall not exceed the actual cost of a health benefits plan. An employee may authorize deductions to be made from the employee's wages for the purpose of participation in the plan.

§ -3 **Board of trustees.** The authority to establish the plan and make this chapter effective is vested in the board of trustees. The board shall be placed within the department of personnel services for administrative purposes.

The board shall adopt such rules to carry out this chapter in accordance with chapter 91. The board may engage services, as necessary, to establish, administer, or maintain the plan under its direction. Funds held by the board pursuant to a plan established under this chapter shall be invested in accordance with investment products permitted under the plan; provided that any investment contract entered into shall be made with companies authorized and licensed to do business in the State. Investment products shall be limited to annuities, life insurance, savings accounts, mutual funds, or any combination thereof which shall have been reviewed and selected by the board after a competitive bidding process based on the specifications and considerations deemed appropriate by the board. The investments shall not be construed to be a prohibited use of general assets of the State. Nothing in this chapter shall be construed to permit any type of investment prohibited by law.

§ -10 **Custodian of the funds.** The state director of finance shall be the custodian of the funds created under the plan. All payments from the fund shall be made by the director only upon vouchers signed by the chairperson of the board and countersigned by other persons designated by the board.

§ -11 **Limitation on liability.** The State or county shall not be liable for the sums deferred or the results of any investment product.

§ -12 **Deferred amounts as compensation.** Any compensation deferred pursuant to a plan established under this chapter shall be deemed regular compensation for the purpose of computing contributions or benefits under existing retirement, pension, or social security systems applicable to participating employees but shall not be included in the computation of federal income taxes withheld on behalf of any participating employee.

§ -13 **Costs of the plan.** Costs for implementing and administering the plan shall be borne by the plan and its participants, except for incidental expenses, such as, the cost of payroll deductions and the routine processing of forms.

§ -14 **County deferred compensation plans.** The counties may establish deferred compensation plans for their respective employees. A plan so established need not be subject to the other provisions of this chapter, but shall be in compliance with applicable federal laws and regulations.

§ -15 **Existing deferred compensation plans.** This chapter shall not affect any existing deferred compensation plan established under section 457 of the Internal Revenue Code, as amended."

ACT 8

H.B. NO. 8

A Bill for an Act Relating to the Establishment of the Venture Capital Information Center.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The legislature finds that there exists in the State a serious shortage of venture capital to promote the development and exploitation of inventions and new products; that this shortage hampers the development of new and diverse business enterprises and job opportunities; and that if venture capital could be attracted and infused into the development of new products, innovations, and inventions, such support would result in increased employment and a stronger, more diverse economy.

The legislature further finds that one means of generating and attracting venture capital to support the development of inventions and new products is by the establishment of an information center. Such a center would facilitate the bringing together of prospective investors with venture capital with inventors and developers of new products.

SECTION 2. The Hawaii Revised Statutes is amended by adding a new chapter to be appropriately designated and to read as follows:

**“CHAPTER
HAWAII INVENTION DEVELOPMENT PROGRAM**

§ -1 **Definitions.** As used in this chapter:

“Financing” means furnishing risk capital to persons for use in the development or exploitation of specific inventions or products.

“Invention” means any new process or technique for which a patent has been granted; or which in the opinion of the advisory committee, the chance of obtaining a patent thereon is favorable.

“Product” means any product, device, technique, or process, which is or may be exploitable commercially. This term shall not refer to pure research but shall be construed to apply to such products, devices, techniques, or processes which have advanced beyond the theoretical stage and are readily capable of being, or have been reduced to practice.

“Venture” means, without limitation, any contractual arrangement with any person whereby the investor with risk capital obtain rights from or in an invention or product or proceeds therefrom in exchange for financing such persons.

§ -2 **Hawaii invention development fund; establishment.** (a) There is established a revolving fund to be known as the Hawaii invention development fund to be administered by the department of planning and economic development for the purpose of promoting the development of new products or inventions that have direct economic benefits for Hawaii. The department shall provide low interest loans pursuant to subsection (b) to inventors for the development of their new product or invention. All moneys received as repayment of loans and interest payment shall be deposited in the fund.

(b) The department shall adopt rules pursuant to chapter 91 to carry out the purposes of this chapter including the following:

- (1) Prescribe the qualification for eligibility of loan applicants;
- (2) Establish preferences and priorities in determining eligibility for loans

and loan repayments;

- (3) Determine the necessity for and the extent of security required in any loan; and
- (4) Establish the interest rates chargeable by the State; provided that each loan granted under this section shall bear a simple interest which shall not exceed seven and one-half per cent.

§ -3 **Venture capital information center; establishment; duties.** (a) The department of planning and economic development shall establish a venture capital information center to promote the development and exploitation of inventions and new products that have direct economic benefits for Hawaii and to facilitate the bringing together of investors desiring to invest money in new products and inventions with inventors and developers of new products seeking financing.

(b) Among other services, the center shall:

- (1) Develop a promotional program to generate and attract venture capital to Hawaii;
- (2) Provide interested investors with information on prospective inventors, new products, innovations, and inventions;
- (3) Maintain a listing of prospective investors, inventors, and developers of new products; and
- (4) Provide a referral service to bring together investors with venture capital and inventors or developers seeking financing.

§ -4 **Advisory committee.** The director of planning and economic development may appoint an advisory committee of not more than seven members to advise the director on applications for loans from the Hawaii invention development fund. The members shall serve without pay but may be compensated for travel and per diem."

SECTION 3. There is appropriated out of the general revenues of the State of Hawaii the following sums:

Fiscal Year 1981-1982: \$50,000

Fiscal Year 1982-1983: \$100,000

The sums appropriated shall be expended by the department of planning and economic development for the purposes of this Act in the following manner: \$5,000 in each fiscal year shall be used for operating expenses; the sum of \$45,000 in fiscal year 1981-1982 and the sum of \$95,000 in fiscal year 1982-1983 shall be deposited in the Hawaii invention development fund created by this Act.

SECTION 4. This Act shall take effect July 1, 1981.

ACT 10

H.B. NO. 10

A Bill for an Act Making an Appropriation for Payment of a Judgment Between the State of Hawaii and Sylvia Gamino.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Findings and purpose. The purpose of this Act is to provide for the payment of a judgment which resulted from a settlement agreement in the lawsuit captioned *Sylvia Gamino v. State of Hawaii v. Yukio Yamamoto and Yama's General Contractors*, Civil No. 59095 in the First Circuit Court of the State of Hawaii. Miss Gamino sued the State of Hawaii because she was a passenger in a State vehicle driven by a State employee, which vehicle was involved in an accident with another vehicle. As a result of this accident, Miss Gamino was rendered a quadriplegic.

The circuit court granted summary judgment as to liability against the State on February 19, 1980, in effect determining that the State was liable to Miss Gamino and that a trial on liability was not necessary.

With liability having been decided, the case was set for trial on the issue of damages before the Honorable Judge Ronald Greig in August, 1980. After extensive pretrial discovery, consultation with numerous experts and after careful consideration, the Department of the Attorney General agreed to settle this personal injury suit for the total sum of \$4,400,000. The State was insured by Liberty Mutual Insurance Company for the amount of \$300,000, which sum has been paid by Liberty Mutual to the plaintiff. Therefore, the principle amount needed to be appropriated to pay the judgment is \$4,100,000. According to the terms of the judgment entered by the court, that sum should be paid to Ibar, Inc., a California corporation retained by the plaintiff to make predetermined periodic payments to her. Payment to Ibar, Inc., will satisfy the Judgment entered against the State.

SECTION 2. There is appropriated out of the general revenues of the State of Hawaii the sum of \$4,100,000, together with four per cent interest of \$164,898.63 to July 31, 1981, to be paid to Ibar, Inc., according to the terms of the Judgment entered in *Sylvia Gamino vs. State of Hawaii vs. Yukio Yamamoto and Yama's General Contractors*, Civil No. 59095, in the First Circuit Court of the State of Hawaii.

SECTION 3. The funds appropriated shall lapse on July 31, 1981.

SECTION 4. This Act shall take effect upon its approval.

(Approved June 29, 1981.)

ACT 14

H.B. NO. 14

A Bill for an Act Authorizing the Issuance of Special Purpose Revenue Bonds to Secure Long-Term Mortgage Refinancing for the Pohai Nani Good Samaritan Kauhale Health Care Facility.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The legislature finds that the health and welfare of the State's elderly deserve serious consideration, attention, and assistance from the state government. The Pohai Nani Good Samaritan Kauhale, a retirement and health care facility, located in Kaneohe, Oahu, is a private institution which has been providing residential and health care services to the elderly for the past seventeen years.

The legislature further finds that due to recent increases in long-term mortgage refinancing costs for the retirement facility, the Evangelical Lutheran Good Samaritan Society, a nonprofit corporation and owner of the facility, has been forced to raise current rents by twenty per cent. The current and potential rent increases will cause serious economic hardships on the elderly residents by either pricing health care services at extremely high rates or beyond their ability to pay for these services. The legislature finds it in the public interest that appropriate governmental measures be implemented to ameliorate this situation.

The legislature further finds that chapter 39A, part II, Hawaii Revised Statutes, permits the State to financially assist nonprofit corporations providing health care facilities to the general public by issuing special purpose revenue bonds. The legislature also finds that since the Evangelical Lutheran Good Samaritan Society is a national nonprofit corporation providing health care facilities for the elderly, it would be appropriate and in the public interest to assist this corporation. Furthermore, assistance in the form of special purpose revenue bonds would:

*The text has been edited pursuant to HRS §23G-16.5, authorizing omission of the brackets, bracketed material, and underscoring.

- (1) Result in lower long-term refinancing costs to the Society since the special purpose revenue bonds would bear a lower interest rate than that charged by private lenders; and
- (2) Eliminate the need to charge higher rents and health care fees for elderly residents of the retirement and health care facility.

The legislature further finds that issuing special purpose revenue bonds for the purpose of securing long-term mortgage refinancing for the retirement and health care facility will assist in making health care services available to the State's elderly at affordable prices and is therefore in the public interest.

The legislature further finds that no review of the financial records of the Evangelical Lutheran Good Samaritan Society has been made. Therefore, the legislature directs the department of budget and finance to conduct all reviews and impose all safeguards provided in chapter 39A, part II, Hawaii Revised Statutes, to ensure that the purposes for which the special purpose bonds were authorized are met.

SECTION 2. The director of finance is authorized to issue special purpose revenue bonds in the sum of \$9,000,000, or so much thereof as may be necessary, for fiscal years 1981-1982, 1982-1983, and 1983-1984, to secure mortgage refinancing or insured financing for the Pohai Nani Good Samaritan Kauhale health care facility.

SECTION 3. Any unused portion of the authorization made by this Act as of the close of business on June 30, 1984, shall lapse.

SECTION 4. Act 41, Session Laws of Hawaii 1981 (Regular Session of 1981), is repealed.

SECTION 5. This Act shall take effect upon its approval.

(Approved June 29, 1981.)
