

A Bill for an Act Establishing a Program for Administrative Control of Chemical Testing for Blood Alcohol.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Chapter 321, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read:

“Sec. 321- Chemical testing for blood alcohol concentration. (a) The department of health shall establish and administer a statewide program relating to chemical testing of blood-alcohol concentrations for the purposes of chapters 286, part VII, 291 and 291C, with the consultation of the state highway safety coordinator. Under the program, appropriate procedures shall be established for specifying:

- (1) The qualifications of personnel who administer chemical tests used to determine blood-alcohol concentrations;
- (2) The procedures for specimen selection, collection, handling, and analysis; and
- (3) The manner of reporting and tabulation of the results.

(b) The director of health may adopt rules and regulations pursuant to chapter 91 necessary for the purposes of this section.”

SECTION 2. New material is underscored. In printing this Act, the revisor of statutes need not include the underscoring.*

SECTION 3. This Act shall take effect upon its approval.
