*Be It Enacted by the Legislature of the State of Hawaii:*

SECTION 1. Section 191-12, Hawaii Revised Statutes, is amended to read:

The department [of land and natural resources] may adopt rules pursuant to chapter 91:

- (2) Authorizing the keeping of wild birds in captivity for the protection, treatment for injury or disease, propagation, and such other similar purposes as are consistent with the preservation, protection, and conservation of wild birds;
- (3) Authorizing the taking and destruction of [such] those wild birds, game birds, and game mammals [as] the department may have found after investigation to be destructive to crops and to other game birds and game mammals or otherwise harmful to agriculture, or constitute a nuisance or a health hazard; or
- (4) Where species of wild birds, game birds, and game mammals are generally destructive to crops or otherwise harmful to agriculture within a district, authorizing their destruction within that area without requiring permits or reports.

The rules shall require the person or persons seeking authority to apply for and obtain a written permit from the department. The permits may prescribe terms and conditions the department deems necessary to prevent abuse of the authority granted thereby, and may be canceled by the department, after notice and hearing, for the violation of any term or condition.”
