

ACT 154

H.B. NO. 3463

A Bill for an Act Relating to the Transfer of Public Safety Functions and Employees From the Department of Defense to the Department of Public Safety.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The purpose of Act 211, Session Laws of Hawaii 1989, was to consolidate all public safety functions and employees of state government into a department of public safety. It was to ensure better organization and coordination of public safety functions, allow for standardized training, and establish a "career ladder" for public safety employees. Act 211 also required the director of public safety to report to the legislature the director's recommendations regarding the transfer of other public safety functions and employees from other departments to the department of public safety. A study was conducted in 1990 to identify public safety functions and employees who provide for the safety of people from crimes against persons and property who are assigned to other state departments or agencies. Most of those functions and employees have since been transferred to the department of public safety.

The purpose of this Act is to transfer to the department of public safety those public safety functions and employees who were identified in the study, and were not transferred, also other public safety functions and employees who were later identified, and approved and recommended by the Governor.

SECTION 2. Section 26-14.6, Hawaii Revised Statutes, is amended to read as follows:
