

## ACT 67

S.B. NO. 2769

A Bill for an Act Relating to Irrigation Projects.

*Be It Enacted by the Legislature of the State of Hawaii:*

SECTION 1. Section 141-1, Hawaii Revised Statutes, is amended to read as follows:

**“§141-1 Duties in general.** The department of agriculture shall:

- (1) Information and statistics. Gather, compile, and tabulate, from time to time, information and statistics concerning:
  - (A) Entomology and plant pathology. Insects, scales, blights, and diseases injurious, or liable to become injurious, to trees, plants, or other vegetation, and the ways and means of exterminating pests and diseases already in the State and preventing the introduction of those not yet here;
  - (B) General agriculture. Fruits, fibres, and useful or ornamental plants and their introduction, development, care, and manufacture or exportation, with a view to introducing, establishing, and fostering new and valuable plants and industries.
- (2) Cooperation with other organizations. Encourage and cooperate with the agricultural extension service and agricultural experiment station of the University of Hawaii and all private persons and organizations doing work of an experimental or educational character coming within the scope of the subject matter of chapters 141, 142, and 144 to 149A, and avoid, as far as practicable, duplicating the work of those persons and organizations;
- (3) Agreements with other organizations. Enter into contracts, cooperative agreements, or other transactions with any person, agency, or organization, public or private, as may be necessary in the conduct of the department's business and on such terms as the department may deem appropriate; provided that the department shall not obligate any funds of the State, except the funds that have been appropriated to the department;
- (4) Library. Secure copies of the laws of other states, territories, and countries, and other publications germane to the subject matters of chapters 141, 142, and 144 to 149A, and make laws and publications available for public information and consultation;
- (5) Buildings and apparatus. Provide buildings, grounds, apparatus, and appurtenances necessary for the examination, quarantine, inspection,

and fumigation provided for by chapters 141, 142, and 144 to 149A; for the obtaining, propagation, study, and distribution of beneficial insects, growths, and antidotes for the eradication of insects, blights, scales, or diseases injurious to vegetation of value and for the destruction of injurious vegetation; and for carrying out any other purposes of chapters 141, 142, and 144 to 149A;

- (6) Further legislation. Formulate and recommend to the governor and legislature additional legislation necessary or desirable for carrying out the purposes of chapters 141, 142, and 144 to 149A;
- (7) Annual reports. Publish at the end of each year a report of the expenditures and proceedings of the department and of the results achieved by the department, together with other matters germane to chapters 141, 142, and 144 to 149A, and which the department may deem proper;
- (8) Planning and development. Administer a program of agricultural planning and development, including the formulation and implementation of general and special plans, including but not limited to the functional plan for agriculture; administer the planning, development, and management of the agricultural park [projects;] program; plan, construct, operate, and maintain the state irrigation water systems; review, interpret, and make recommendations with respect to public policies and actions relating to agricultural land and water use; assist in research, evaluation, development, enhancement, and expansion of local agricultural industries; and serve as liaison with other public agencies and private organizations for the above purposes. In the foregoing, the department of agriculture shall act to conserve and protect agricultural lands[,] and irrigation water systems, promote diversified agriculture, increase agricultural self-sufficiency, and ensure the availability of agriculturally suitable lands.”

SECTION 2. Statutory material to be repealed is bracketed. New statutory material is underscored.

SECTION 3. This Act shall take effect upon its approval.
