Senator Nishihara,

I would like to offer my support and recommendation on the nomination of Dr. Darryl Bardusch to the State Procurement Policy Board. I firmly believe that Dr. Bardusch's integrity, ethics and extensive background in the Federal acquisition contracting process and regulations will greatly assist the State of Hawaii in developing a premier procurement code.

As first a Contract Specialist, Contracting Officer and currently Services Division chief, I have known and worked with Dr. Bardusch in his capacity as a Government Contract Law Attorney for nearly 17 years. His vast legal expertise, knowledge of the contracting process, candor and basic fairness for both the interests of the Government and contractors alike are exemplary in content for contractual compliances and legendary for positive results, equitable litigation and resolution of issues and concerns affecting the Army Command in Hawaii.

Dr. Bardusch has provided countless and continuous legal support, review and analysis and recommendations to this agency, Regional Contracting Office, Hawaii, in support of our mission to the U.S. Army Garrison in Hawaii. The State Procurement Policy Board would be remiss in not accepting or utilizing Dr. Bardusch's knowledge and talents in its quest to establish policy, raise standards and improve the State's procurement process.

Sincerely,

Honorable Senator Clarence K. Nishihara,

I am writing to you regarding Dr. Darryl Bardusch who has been nominated to the State Procurement Policy Board. I am in full support of the nomination. I have worked with Dr. Bardusch since 1992 on various contract actions for the Army here in Hawaii.

Dr. Bardusch is knowledgeable on contract administrative law in a variety of aspects. I have worked directly with him on implementation of procedures for new requirements with no previous history of procurement in our office (e.g., commercial activities studies, energy performance savings contracts, cost plus award fee contracts) which required legal support in order to complete contract actions within legal and regulatory guidelines.

Dr. Bardusch has been instrumental in assisting and advising my office over the years and has made himself available on time sensitive issues to ensure the Army contracting approach is legal and ethical. Based on my knowledge of his work ethic, I believe he will be an asset to the State as a member of the Board.

Very Respectfully,

Tina Johnston

Re: **Letter in Support** - - Confirmation of Darryl Bardusch as
a Member of the Hawaii State Procurement Policy Board.

Dear Senator Nishihara and Committee Members:

I submit this letter in support of the confirmation of Mr. Darryl Bardusch, as a member of the Hawaii State Procurement Policy Board.

Mr. Bardusch has more than twenty-five years of experience as a federal contracts attorney and is presently the principal contracts counsel for the United States Army Pacific Region Contracting Agency. He also serves as the senior civilian attorney with responsibility for civil law advice and functions in support of Army installations and facilities in Hawaii.

I have known Mr. Bardusch professionally throughout his years of service with the Army. During that time, I learned he is a person of great integrity and willingness to serve the public. Because of Mr. Bardusch's many years of experience in all aspects of procurement law, he is uniquely qualified to serve as a member of the Procurement Policy Board. He is a thoughtful person who will consider all aspects of procurement issues, and he will ensure the Policy Board protects the public's interests in guarding against abuses.

Finally, Mr. Bardusch understands how to work with others to achieve a common purpose. He will be an invaluable addition to the Board. His insights and technical knowledge will help the Board to establish the best possible public contracting system for Hawaii.

I urge the Committee to confirm Mr. Bardusch without delay.

Very truly yours,

Terry E. Thomason
