Subject: Consideration and confirmation to the Hawaii Health Systems Corporation Board of Directors, Gubernatorial Nominee, Rosanne Harrigan, Ed.D., for a term to expire 6/30/2011.

Honorable Senators:

I am a nurse and a faculty member at the University of Hawaii, John A. Burns School of Medicine. Over the past three years I have served on the Board of Hawaii Health Systems Corporation (HHSC). Indeed, I have been the Chair of the Personnel and Compensation Committee.

The HHSC Board is active, opinionated and highly qualified. The Board is clearly evolving policy that directs the operation of the system. I am honored to serve on this Board that provides oversight for the hospital safety net system and believe I am well prepared with my background to assist as an active Board member in assuring that this system does its best for the people of the State of Hawaii.

I respectfully request your favorable consideration and confirmation and welcome dedicating service to governance of a system that truly values accessibility of quality healthcare in all of Hawaii's communities. Thank you.

Respectfully submitted,
