

Department of Labor and Industrial Relations
Office of Language Access

Testimony in Support of
Language Access Advisory Council Nominee:
GERALD HISASHI OHTA

Good morning, Members of the Committee on Judiciary and Labor :

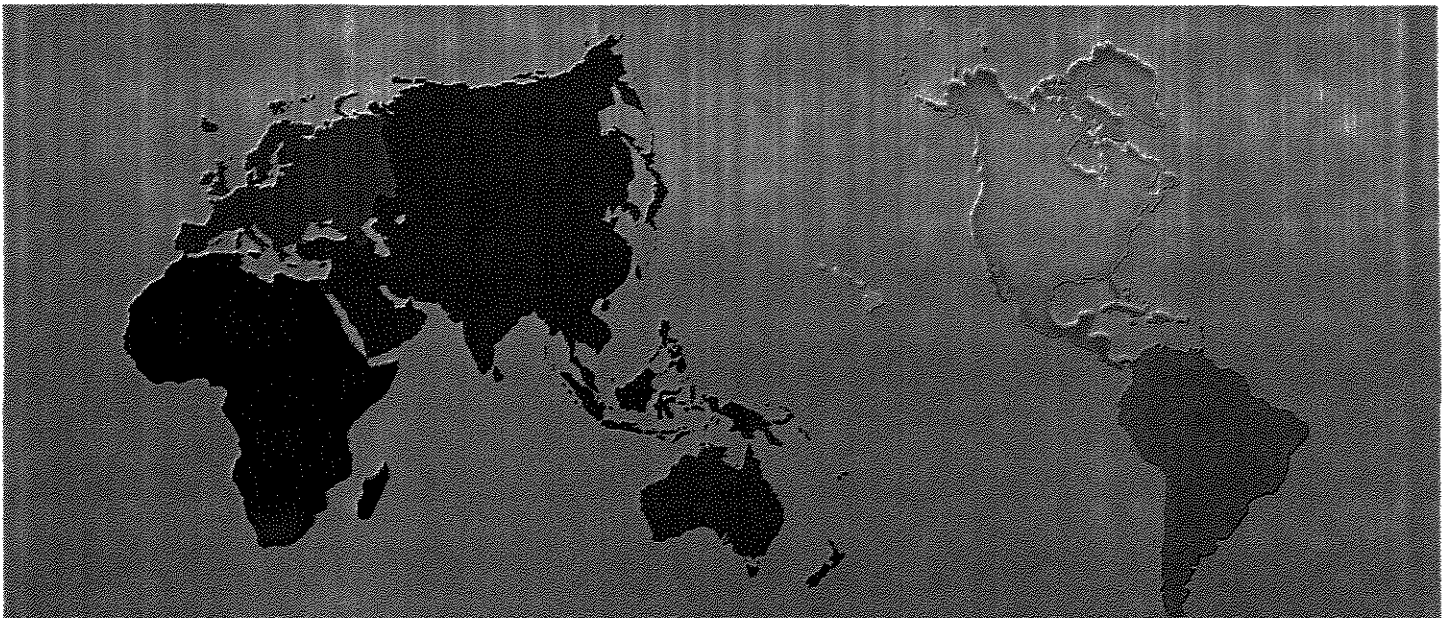

Thank you for allowing me to testify today. I am Serafin "Jun" Colmenares, and I am the Executive Director with the Office of Language Access (OLA). The Office of Language Access strongly supports the appointment of GERALD HISASHI OHTA to the Language Access Advisory Council.

Gerald Ohta has been a very strong proponent of language access. As a member of the Inter-Agency Council on Immigrant Services – Language Access Working Group, Mr. Ohta is knowledgeable of the issues faced by the limited English proficient population in Hawaii and recognizes the need to continue to work to improve and make accessible government programs and activities.

In addition, given his background working with schools and universities, community agencies, enforcement agencies, and public health agencies, Mr. Ohta brings a broad perspective to the Council as well as experience in working to make sure that the limited English speaking population is not denied essential government services. As the Affirmative Action Officer for the State of Hawaii, Department of Health, Mr. Ohta has first hand knowledge of the challenges state agencies face in complying with Hawaii's language access laws, His knowledge combined with Mr. Ohta's wealth of contacts with language access advocates and his experience in legislation, policy and standards, training and development, and distance learning will greatly benefit the Council.

Finally, as a member of the Council, Mr. Ohta has indicated an interest in finding ways to improve and systematize language access so all of Hawaii's residents will have the opportunities to know about and make choices about state programs and activities for which they qualify or have an interest.

For these reasons, the Office of Language Access believes that Mr. Ohta is a strong representative of state government and thus supports the appointment of GERALD HISASHI OHTA to the Language Access Advisory Council.

Seeking Confirmation in 2007 Language Access Advisory Council

"Aloha! I am seeking your consideration for as the state government representative to the advisory council to the Office of Language Access (OLA). I have a broad perspective. I have worked with schools and universities, community, enforcement agencies and public health agencies. I have done a broad range of activities including legislation, policy and standards, training and development, distance learning, investigations, enforcement and consultation. Language access in a tight fiscal environment challenges us to use different approaches.

We must continue to work to improve and make accessible our programs and activities. The council must seek ways of engaging government staff and aiding OLA to improve and systematize language access so that all in Hawaii have opportunities to know about and to make choices about state programs and activities for which they may qualify or have an interest. LANGUAGE ACCESS ADVISORY COUNCIL**

**Testimony of Gerald Ohta
Interim Member, Language Access Advisory Council**

October 26, 2007

1 I respectfully ask for your support of my confirmation as a member to the Language Access
2 Advisory Council (LAAC). I currently serve as an interim appointee representing state agencies and as
3 vice-chair.

4 As Department of Health Affirmative Action Officer (AAO) and Language Access Coordinator,
5 and with the support and understanding of others, I believe I can be effective as a council member and as
6 the state agency representative.

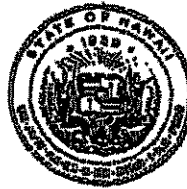

7 Just as I am on the initial LAAC, I was a founding member of the Hawaii State Coordinating
8 Council on Deafness. Many issues discussed by LAAC are similar to those faced by that council

9 I work daily with nondiscrimination issues included language access. In that function I have
0 drafted legislation, prepared testimony, testified before the legislature ranging from nondiscrimination in
1 employment and services to telehealth insurance issues. During my tenure, I have briefed departmental,
2 county, and other state personnel on issues related to unlawful harassment to language access.

3 I am active in the community and was part of the working group that wrote and supported the
4 Language Access statute. I kept my department apprised and drafted and presented testimony on its
5 behalf. If we all work together, positive change will happen. Thank you for this opportunity.
