Subject: Special Session To Overthrow The Hawaii Court Rulings On
The Superferry, "OPPOSE"

ALOHA Kakou,

My name is Richard Pomaikaikalani Kinney. As Sovereign of the Hawaiian Political Action Council of Hawaii, I "OPPOSE" Governor Lingle's call for a Special Session to Overthrow the recent Hawaii Court rulings on the Superferry.

On January 16, 1893 another ship came from United States and violated its own constitutional laws. Overthrowing the lawful government of the indigenous people of the Hawaiian Kingdom. Overthrowing the laws of Hawaii is not a new thing to the people of Hawaii. You may fool some of us some of the time, but not all of us all the time. Some of us do learn from history.

I stand strongly united with the people of Kauai in their protection of their Inherent Sovereignty to their National home lands. The Sovereignty of Kauai is Inherent in the people of Kauai.

The history of Kauai and its people in their protection of their Inherent Sovereignty is well known and documented. Even Kamehameha I faced the strong will of the people of Kauai. So it's no surprise to me that history was repeated when Governor Lingle went to Kauai and tried to conquered the people of Kauai thru military force and abusive power.

I find the actions of Governor Lingle and Attorney General Bennett in their use of threats of arrest against Kauai's people in their right to civil disobedience to be that of Yankee Gestapo Dictators.

Telling the people of Kauai that they will be arrested for breaking the law. When in fact it is Governor Lingle who in my understanding of the law is breaking the law! This is why it's Governor Lingle who needs the Special Session! To cover up a wrong.

For many years I have supported an ocean ferry type of system for our people of Hawaii to travel between our islands. So I am not Anti-Superferry. What I am and will always be is Anti-Corrupt Public Servants. Public Servants who think that their Spoken Words are those of the Living Gods. That all went out of style after the passing of Kamehameha I.

I further support the 29 Conditions of Operation of Isaac Davis Hall dated October 18, 2007 on behalf of his client, Maui Tomorrow, Inc.

Just recently on a Radio Show I heard Governor Lingle admit that the Superferry will be used for the military. Confirming to me that the Superferry is a Military Craft that has been privatized.

As a Military Craft the Superferry like the Stryker and the Army at Makua should also be required to do an EIS. To place a Military Designed Craft into the public service and putting civilian workers and personnel to potentially high levels of toxins including depleted uranium is unacceptable in this day and age.

The Superferry is like a "Trojan Horse." There are too many problems facing the Superferry that a Special Session will only add Salt to the many wounds that are there. Mahalo nui for listening to my concerns on the Superferry and this Special Session of Overthrow.
