Re: Strong Opposition to SB1

Dear Chairs Rhoads and Luke, and Members of both the House Committees on Judiciary and Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition to SB1

Dear Chairs Rhoads and Luke, and Members of both the House Committees on Judiciary and Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Dear Chairs Rhoads and Luke, and Members of both the House Committees on Judiciary and Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Dear Chairs Rhoads and Luke, and Members of both the House Committees on Judiciary and Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition to SB1

Dear Chairs Rhoads and Luke, and Members of both the House Committees on Judiciary and Finance:

I am writing to voice my **opposition to Bill SB1**.

I am asking you to **allow the people to decide** on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

**This bill should be given due process during the regular session** where it can properly be vetted and examined as all other bills. **The people who elected you to serve as their voices should have a say in public policy** that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition to SB1

Dear Chairs Rhoads and Luke, and Members of both the House Committees on Judiciary and Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Dear Chairs Rhoads and Luke, and Members of both the House Committees on Judiciary and Finance:

I am writing to voice my **opposition to Bill SB1**.

I am asking you to **allow the people to decide** on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

**This bill should be given due process during the regular session** where it can properly be vetted and examined as all other bills. **The people who elected you to serve as their voices should have a say in public policy** that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition to SB1

Dear Chairs Rhoads and Luke, and Members of both the House Committees on Judiciary and Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition to SB1

Dear Chairs Rhoads and Luke, and Members of both the House Committees on Judiciary and Finance:

I am writing to voice my **opposition to Bill SB1**.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition to SB1

Dear Chairs Rhoads and Luke, and Members of both the House Committees on Judiciary and Finance:

I am writing to voice my **opposition to Bill SB1**.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

**I am writing to voice my opposition to Bill SB1.**

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Dear Chairs Rhoads and Luke, and Members of both the House Committees on Judiciary and Finance:

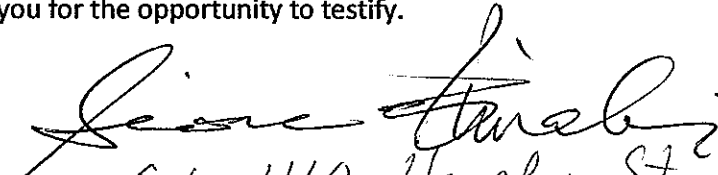

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition to SB1

Dear Chairs Rhoads and Luke, and Members of both the House  
Committees on Judiciary and Finance:

**I am writing to voice my opposition to Bill SB1.**

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition to SB1

Dear Chairs Rhoads and Luke, and Members of both the House Committees on Judiciary and Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

Committees on Judiciary and Finance:

**I am writing to voice my opposition to Bill SB1.**

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

**I am writing to voice my opposition to Bill SB1.**

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Committees on Judiciary and Finance:

**I am writing to voice my opposition to Bill SB1.**

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

**TESTIMONY IN OPPOSITION TO SPECIAL SESSION AND SB1, RELATING TO "EQUAL RIGHTS"  
Also known as the same sex "marriage" bill**

Dear Chair Rhoads and Chair Luke:

As a concerned citizen, I am submitting testimony against this Special Session and the proposed bill that IF passed would legalize same sex "marriage," SB1, relating to Equal Rights. I oppose the Special Session because it rushes the democratic process and does not give we, the people, sufficient input in the legislative process.

I oppose this bill because it will infringe upon our freedoms protected under the First Amendment and will have far reaching consequences that nobody seems to be discussing. Whether it is the freedom of speech, education or employment, this bill IF passed would impact our future and forever change our history, customs and culture. Finally, we voted on a Constitutional Amendment in 1998 giving the legislature the power to reserve marriage to opposite-sex couples **only**. The only legitimate way to change this is to let we, the people, decide. Please do not circumvent the democratic process!

Thank you for the opportunity to testify against this Special Session and against this bill, SB1.

I will be testifying.

Dear Chairs Rhoads and Luke, and Members of both the House Committees on Judiciary and Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. Re: Strong Opposition to SB1

I will be testifying.

Dear Chairs Rhoads and Luke, and Members of both the House Committees on Judiciary and Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousands of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.
