Subject: Against SB1 Same Sex Marriage Bill

To Whom It May Concern,

I humbly ask that SB1 same sex marriage bill NOT be passed. As a devote Christian and a concerned citizen of The United States of America. I feel that the passing of SB1 is an abomination and WILL cause complete destruction to the State of Hawaii. The moral degradation of society here in America is on a downwards slope. Passing SB1 will make matters much worse. We already legally sell violent video games in stores. And look at all the violence that it has caused. With the divorce and illegitimate children being born rate being so high. Passing of SB1 will further warp the current and future generations views and ideas of what it looks like to have a healthy romantic relationship. Please let's make and keep this world a better place for our future generations. Thank You for your time.

Re: Strong Support of SB1, Relating to Equal Rights

Dear Chair Rhoads, Chair Luke and members of the Committees on
Judiciary and Finance,

I am writing in strong support of SB 1.

The freedom to marry the person you love is a basic freedom that
should not be denied to anyone. Gay and lesbian couples get married
for similar reasons as everyone else - to make a lifetime promise of
love, commitment and fidelity to the person they love.

In Hawaii, we don't turn our backs on family. No member of anyone's
ohana - gay or straight - should have to face shame because of who
they are and who they love.

The government should not be in the business of telling people who
they can and cannot marry. None of us would want to be told that it
is illegal to marry the person we love.

Please pass this bill to allow for marriage equality for all of
Hawaii's families.

Thank you for this opportunity to testify.

Subject: Vote against same sex marriage / SB-1

Please do not allow same sex marriages. Please vote against SB-1.

The institution of marriage developed to serve the purposes of society that, by their nature, didn't include homosexual couples.

Strong families are the backbone of society. This includes the ability to reproduce, which homosexual couples do not have.

Our innocent children will be confused by the role of husband and wife, if husband and wife are the same sex.

Thank you,
Randy Stalsberg

Dear Chair Rhoads, Chair Luke and members of the Committees on
Judiciary and Finance,

I am writing in strong support of SB 1.

The freedom to marry the person you love is a basic freedom that
should not be denied because of sexual orientation. Like everyone Gay
and lesbian couples wish to marry and make a lifetime promise of love,
commitment and fidelity.

Please pass this bill to allow all loving couples in Hawaii to marry
with equal standing in our state and nation. This is the right thing
to do and the time to do it is now. With the DOMA ruling, marriage
equality will continue with steady progress across our nation.
Failure to pass this bill now will be a setback for Hawaii and all her
citizens.

Thank you for this opportunity to testify.

Subject: Strong Opposition to SB1

Dear Chairs Rhoads and Luke, and Members of both the House Committees on Judiciary and Finance:

I am writing to voice my OPPOSITION to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage, as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process, which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousands of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Support of SB1, Relating to Equal Rights

Dear Chair Rhoads, Chair Luke and members of the Committees on
Judiciary and Finance,

I strongly support SB 1.

Marriage is as basic a right as freedom of speech, choice of a career,
or church attendance. None of these can morally be limited by
government. And none are subject to popular referendum. They are
inherent in our basic freedoms.

There is no legitimate argument against gay marriage. Every one is
rooted in bigotry. No church may impose its doctrine on society at
large; that's as basic as any fact about America and Hawai'i.

Marriage as an institution is not harmed, because each marriage is
individual. My marriage is not affected by married people who cheat,
partners who fight, or partners who are different from my wife and me
in any way. Gays and lesbians will have their own marriages,
unaffected by mine and mine by theirs.

Please do not allow religious prejudice and retrograde thinking
triumph in Hawai'i. Pass SB 1!

Mahalo for this opportunity to testify.

Importance: High

I am a concerned citizen that opposes the Bill presented for the passing of the Same Sex Marriage Agenda. I am in prayer that you will listen to the majority opinion of the State of Hawaii populace and vote against the passing of this bill. I understand that you are afraid of the ramification of your decision to stand firm against this bill and the effect it may have on your political future, but strongly believe that your future will be determined by the “true” majority and it would make more sense to put it on the ballot instead of having you “few” decide what’s best for the rest.

In God We Trust!

Written Testimony

I am opposed to the same sex marriage bill under consideration and greatly disappointed in the Senate's approval of same.

As a voter I desire a say in this divisive issue. Let us voters decide. If gay couples want to marry, they can choose to. But to demand equal rights to marital benefits, I say NO. To require churches to perform such marriages is to go against God's WORD. We Christians aim is to please God, not man.

Hearing on 31 October, 2013 @ 10:00 a.m.

Senate Bill 1

Opposed

WRITTEN or IN-PERSON AND WRITTEN

Dear Mr. Rhoads and Ms. Luke,

I hope that this email finds you both well. I am writing this email to let you know of my personal opposition to the Marriage Equality Act for 2013. Speaking for myself, I oppose this bill simply because I do not feel it offers protection and "equality" for all as it so vaguely suggests. Section 572-G I found particularly disturbing. If we, as free people are allowed to exercise our right to freedom of speech, religion, etc, then why the need for item two under this bill?

2. The religious organization restricts use of the religious facility exclusively to its members.

I do not know many religious institutions that shut their doors to strangers, but to dictate to a religious institution how it may operate its religion seems contrary to the idea of freedom that we value in our states. What if an individual within a religious institution decides to participate/not participate in something exclusive based on the fundamental guidelines set down within that religion? How does this bill then affect them? Where is the protection for the individual within the larger picture? I believe in tolerance, and I also believe in equality, but when I say that I believe in these things I also say that I believe in it for ALL. And to me, this is a street that runs both ways. I am not saying that I oppose people having access to the basic, necessary things that ensure our safety and well being, but when, in our pursuit to obtain these things, we also attempt to vilify or hurt others I feel we as a people have lost sight of what our country truly stands for. I truly hope that both of you will take the time to carefully go through and consider all of the emails, letters, and calls that you receive. I know that with all of the correspondence that must be inundating your offices that this seems like a ridiculous request, but I know that the members of our community who have taken the time to reach out to you mean every word written, spoken or typed and appreciate your time.

Best regards.

Comments: It disheartens me that politicians are willing to bully their way into making this measure a law. The repercussions of this one act are so significant that it seems transparently obvious that why it should be a people's vote. That way it is understood by all that the decision was achieved using democratic protocol rather than political exploitation. This decision affects everyone- not just those who are voting on it. Therefore it stands to reason that everyone should be able to vote. As a constituent of this state, I ask that my opinion count and my voice matter. Ua mau ke ea o ka aina i ka pono- the life of the land is perpetuated in righteousness. Let us all strive to be righteous in our attitudes and actions.

Submitted By	Organization	Testifier Position	Testifying in Person
Maricar Amuro	Individual	Oppose	No

Comments: To: The House Judiciary Committee The House Finance Committee Hearing Date/Time: Thursday, October 31, 2013, 10:00 a.m. Place: Capitol Auditorium Re: Strong Opposition to SB1 Dear Chairs Rhoads and Luke, and Members of both the House Committees on Judiciary and Finance: I am writing to voice my opposition to Bill SB1. I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders. I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session. This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy! Please Let the People Decide on this bill that has such a huge impact on not only our lives, but the future of our keiki. The KITV poll shows that with over 7,600 people taking the poll, 80% say that the people should vote on this matter. Please listen to the people. We just want our voice heard. Thank you for the opportunity to testify. Maricar Amuro Kapolei, Hawaii

Re: Strong Support of SB1, Relating to Equal Rights

Dear Chair Rhoads, Chair Luke and members of the Committees on
Judiciary and Finance,

I am writing in strong support of SB 1.

The freedom to marry the person you love is a basic freedom that
should not be denied to anyone. Gay and lesbian couples get married
for similar reasons as everyone else - to make a lifetime promise of
love, commitment and fidelity to the person they love.

In Hawaii, we don't turn our backs on family. No member of anyone's
ohana - gay or straight - should have to face shame because of who
they are and who they love.

The government should not be in the business of telling people who
they can and cannot marry. None of us would want to be told that it
is illegal to marry the person we love.

Please pass this bill to allow for marriage equality for all of
Hawaii's families.

Thank you for this opportunity to testify.

Subject: Strong support for SB1

Aloha, my name is Patricia Villiarimo-Cockett. I am the mother of 7 Hawaiian children, as well as grandmother to 7. I came from Hana, Maui this past Monday to share my story; however I had to return home. For this reason, I am submitting this testimony. On Aug. 21, 2013, my daughter was married under bright skies and the eyes of God. I was able to witness my daughter dressed beautifully in white, walk down the aisle, embraced by her father as he gave her away; and of course, witnessing my husband cry at his daughter's wedding. I had never seen her happier. We celebrated with some 300+ family and friends. Her fiancé's, 93 year old, wheel-chair bound, grandmother came all the way from Oklahoma City, along with some 40 others of her family and friends. While her own 86 year old grandparents came from Oahu to bless their union. As in the tradition of Hana, family and friends came together from all over Maui to help in the wedding preparations, to make her day special. It had taken two years in the planning, and some \$20,000 was spent, between airfare, vacation rentals, rent-a-cars, food, cake, formal wear, tents and musicians. We took their wedding pictures, paraded around town honking our joy; then at their reception they cut their cake, danced the dollar dance, had their father daughter dance, and threw the bouquet. It was a beautiful wedding, and it was an honor to find out afterwards that my new daughter-in-law was going to take our name; to be a Villiarimo. They were married that day, under the eyes of God, blessed in their union by their grandparents, parents, brother's, sisters, aunties, uncles and friends.

Why is it then that the State of Hawaii, says that they were only civil unionized? They have loved each other for over 6 years,

committed that love to each other for the rest of their lives; and yet the State of Hawaii does not want to recognize that commitment as being the same commitment I made to her father. Why is it, of my 7 children, the state will only allow four of them to marry legally, yet for my three of LGBT children, the state will only civil unionize them. What the heck is that? It is discrimination. It is not following our Hawaii or US Bill of Rights. Which state that:

“(A.2 Rights of the Individual)- All persons are free by nature and are equal in their inherent and inalienable rights. Among these rights are the enjoyment of life, liberty and the pursuit of happiness. Isn’t marriage the pursuit of happiness?”

It also states that the “(A.3 Equality of Rights)- Equality of rights under the law shall not be denied or abridged by the State on account of sex. “ If you take that phrase literally, which you should, that would also include sexual orientation.

Under Hawaii state law, if my transgender child is discriminated against at her work place, she can sue. So why is it then that the state is still discriminating as to whom we call married and whom we call civil unionized. It is wrong, and I will call it like I see it; it is discriminatory and bigoted.

One argument that I heard on Monday was “why don’t they just go to another state to marry? Then they will get the same federal benefits as a married couple in Hawaii. We don’t need to change the law.” (Sam Sloan). My statement to this is simple:

If they had been married in another state, most of her siblings would not have been able to attend, nor most of her family and friends in Hana. She also would not have been able to have the traditional cultural wedding that she did have, and that is her right. Nor would the state have been able to gain that much money into the state economy. The money would have gone to another state. Finally, someone says, what does it matter. Well as a mother, a grandmother, it does matter. It is the state saying “that my children are not good enough to marry. That they are less of a person, therefore they don’t deserve the god given rights to pursue happiness.” It matters. My children are as good as anyone else’s children, they should not be treated by the state as less than, as 2nd class citizens. It is a matter of what is right, the protection of their inalienable rights.

Mahalo for your time, please support SB1 and protects everyone’s right to marry who they choose.

Plz stay on purpose, it is about EQUAL RIGHTS.

Religion and peoples personal morals and opinions is NOT the issue & does not over ride EQUALITY FOR ALL. You DO NOT want the people to vote on this issue. They will NO vote on logic. Their vote will be on emotion and religion.

If their "religion" (Christianity) were solid, they would accept the fact the Jesus died for EVERYONE, not just so called Christians.

Jesus # 1 rule, LoVE GOD. # 2 Love one another as I have loved you"!!

This Christian demonstration is in violation of rule # 2.

Most important, we, as creations of GOD do NOT have a authority, right, to judge anyone. ONLY GOD HAS THE AUTHORITY TO JUDGE ANYONE.

I consider myself a full on born again, spirit filled, speaking in tongs, bilbe thumping, Christian. And this is my opinion.

C Walther

This is a WRITTEN testimony only.

To the Honorable Chairs Karl Rhoads & Sylvia Luke
of the House Judiciary Committee & House Finance Committee

Re: Senate Bill 1

I am opposed to this bill & respectfully urge you to vote "NO" on it. A bill of this magnitude should not be rushed & voted on without giving all parties concerned more time to consider all the ramifications. This should be put on the ballot at the next election so that We The People can decide. This will give everyone enough time to hear all sides of the issue & then have their final say in the voting booth...the same way you were elected to your respective offices..

Mahalo for accepting this written testimony for your consideration...

To Whom It May Concern,

I'm writing this testimony is opposition of SB1 as not only was the ways and means going about it deceitful but to take it out of the "people's" hands and not allowing us to vote on this very important issue has me looking at our current administration with a whole new set of eyes.

The lack of transparency and obvious disregard for Hawaii's people is disheartening at the very least.

We all have our stories and no matter what man's law is...God's law is what matters.

I can only pray those voted into positions to make such laws of the land legal take into consideration the long term consequences and negative effects it'll have on the people of Hawaii.

In Christ,

Comments: I oppose SB 1. The repercussions of this are catastrophic. Our constitution was created with Christian beliefs guiding the writers of the constitution. "In God we trust," "endowed by our Creator," etc. Therefore as the Bible says marriage is between 1 man and one woman. Furthermore the decision to allow "the legislature to reserve the right to define marriage as between Ana and a woman" did not say reserve the right to redefine or undefine, so already I don't feel that this change is Pono. The importance if our laws is that they do not sway with the changing social norms. Our laws must reflect a strong moral code. As so many day they do not want to stand in the way of love and homosexuals are born that way. Consider the pedophile that claims they were born that way. They "fall in love with a minor child, will we one day condone that behavior as well? This decision is a very pivotal one, so please do not take lightly. Please vote NO on SB1. Thank you

Comments: Aloha! My name is Charlotte Jumawan. I am a mother of four very young children. I am opposed to SB #1, Relating to Equal Rights. I am 30 years old and was born and raised in Hawaii. If this bill gets pass it will affect my family and my families faith. What will happen to our religious freedom? I don't want my children growing up thinking same sex is ok. What is the rush into such a bill? This will affect the people of Hawaii now and in the future. Why not let the people decided? Thank you for your time and your efforts!

Comments: I oppose SB1 because I believe in upholding traditional marriage. I do not want the rights of my grandchildren and children to be forced into learning things counter to my beliefs or forced into the knowledge of things which run against my religion. I don't want to be forced to serve those who believe in a way of life that runs against what I believe (and may even be punished for doing this with fines and/or incarceration) Thank you for listening to my voice.

Comments: Marriage is a bond between man and woman only, both male and female and this is even recognized in nature. If you don't believe in God, look at nature. No two same species can procreate. I am against this bill as I do not want my 2 boys even witness 2 same-sex couples showing public displays of affection, and especially getting married. Can you lawmakers honestly accept your own children as homosexuals without malice or prejudice in the back of your mind? This is not for lawmakers to decide. This is a democracy. The people should vote.

Laurie Ching	Individual	Oppose	No

Comments: I am not opposing because I fear change or hate homosexuals. In fact, I have some good friends that are gay and lesbian. Loving gays and promoting equality does not mean forcing their lifestyle on everyone else. This bill is taking away other people's freedoms and first amendment rights. We should seek to find a way to preserve everyone's freedom. As of right now, I don't feel that we're discriminating against homosexuals. This measure needs to be thought through more, and rushing it with a special session is not what is best for anyone.

Comments: I am strongly oppose to same sex marriage and this bill SB1. Marriage should be between one man and one woman. I am a mother of 3 boys, and I am very concerned that same gender attraction/marriage will be taught in the public schools that my sons are attending. During the senate committee hearing testimony on Monday, a lesbian mother said "so what if gay marriage is taught in the schools, students need to embrace diversity". If SB1 passes, it does not not address the matter of same sex marriage being taught in the schools and the DOE will not know how to address the issue and the religious rights of students/ families can be infringed upon by having to accept and learn about gay marriage. I will not stand for having my children being taught this alternative sexual lifestyle. Please vote no on SB1.

Comments: To: The House Judiciary Committee The House Finance Committee Hearing Date/Time: Thursday, October 31, 2013, 10:00 a.m. Place: Capitol Auditorium Re: Strong Opposition to SB1 Dear Chairs Rhoads and Luke, and Members of both the House Committees on Judiciary and Finance: Marriage has existed for all of written history. Marriage has always been between a man and a woman. We have not needed lawyers, politicians, and special rights groups to define marriage for us. It is already defined through the lives of those who have gone before. The attempt now is not to define marriage, but to redefine marriage, to change it from what it is. This is a mockery to the sacred institution of marriage, and to family, the central unit of society. The degradation of marriage will lead to the degradation of the family and society. The constitution holds no clause for members of the sex to be married to each other. To suggest that not allowing members of the same sex to be married is unconstitutional is ridiculous. The idea that equal rights allows gay and lesbian couples to marry is as silly as thinking that ostriches should be allowed to fly. Since they cannot fly, let us redefine flying. It makes as much sense. Gay and lesbian couples enjoy every freedom, right, and privilege that traditional couples enjoy. It is not necessary to destroy the meaning of marriage. No less important is the constitutional freedom of religion. Our forefathers came to America looking for a place that they could practice their religion without persecution from the state. The current law proposed law provides no religious protection for those who believe against same sex marriage. The clause stating that clergy would not have to perform the marriages is completely inadequate. Clergy are not the only one with religious beliefs, and religious beliefs go beyond just the act of marriage. The law provides no protection for religious facilities, religious functions, or citizens from being forced to support a marriage that they feel is wrong. For instance, forcing a florist to supply the flowers to a same sex marriage or else be threatened with a civil rights lawsuit. That florist is now being forced to do something that is against hi/her religious beliefs, and that is religious persecution, and that is against the Constitution. I am opposed to this bill. It attempts to redefine marriage. Marriage does not need redefined. It will violate the religious rights and freedoms of many; that is wrong and unconstitutional. Sincerely, Jaylon Waite Mililani, Hawaii

Comments: I am in support of traditional marriage because I believe the Bible which stated that God created a man and a woman whom He called Adam and Eve. He performed the first marriage in the garden of Eden and told them to go and multiply. Men and women are called mankind and were made to PROCREATE. The consummation of marriage is the sexual relationship that produces children who are to multiply the same way. Right at the garden of Eden was already EQUALITY. Eve was made for Adam and God called her a woman because she was taken out of Adam's rib. That is just what I believe as a Christian. If the supporters of SB1 are crying for EQUALITY therefore, I must be treated with equal rights also to choose what to believe and support. That is my first Amendment's RIGHT. PLEASE VOTE NO OR LET THE PEOPLE DECIDE.

Comments: Please do not pass the same-sex marriage bill. It needs a rewrite. Fast-tracking it in a special session is a red flag. "Consider the case of a New Mexico couple who own and operate a photography business. When they kindly refused to shoot a lesbian "marriage" ceremony, they were summarily brought up on human rights violations by the New Mexico Human Rights Commission. They were fined for not accepting the job." from the article <http://community.focusonthefamily.com/b/jim-daly/archive/2011/05/24/why-same-sex-marriage-will-fail.aspx> This bill is the beginning of trouble. Ironically, it impinges on others' rights. Thank you.

Comments: This is only fair - and what we are asked to do. Treat others as you want to be treated. Don't judge others. Respect others and allow them to live their life and have the same benefits. This is the correct decision. It's actually a simple decision. Why the religious have decided that judging others is their reasoning seems counter intuitive. Jesus would be tolerant and allow people to be who they are. He did not turn away anyone.

Comments: Separation of Church and State. I support same sex marriage. I believe in equal rights and benefits for all citizens of our country. I believe that by extending equality in marriage to all we only strengthen the institution of marriage, not subtract from it. If you do not believe in gay marriage because of your religious beliefs, do not marry some one of the same sex. Do not deny me the right to marry because of someone else's belief system.

Comments: I do NOT support this bill. First, the people already voted by a large majority against redefining marriage. Second, the religious protections are inadequate. Finally, the State should not "Marry" ANYONE. Instead, the State should grant Civil Unions to ALL citizens equally, and leave the authority to grant marriages and conduct marriage ceremonies to the Churches and non-secular institutions. ONLY THEN can religious freedoms be preserved while simultaneously not creating a second class of citizens by the state.

Comments: To: The House Judiciary Committee The House Finance Committee Hearing Date/Time: Thursday, October 31, 2013, 10:00 a.m. Place: Capitol Auditorium Re: Strong Opposition to SB1 Dear Chairs Rhoads and Luke, and Members of both the House Committees on Judiciary and Finance: I am writing to voice my opposition to Bill SB1. I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders. I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session. This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy! Thank you for the opportunity to testify. Mechelle Tenney Orem, Utah

Comments: To: The House Judiciary Committee The House Finance Committee Hearing Date/Time: Thursday, October 31, 2013, 10:00 a.m. Place: Capitol Auditorium Re: Strong Opposition to SB1 Dear Chairs Rhoads and Luke, and Members of both the House Committees on Judiciary and Finance: I am writing to voice my opposition to Bill SB1. I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders. I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session. This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy! Thank you for the opportunity to testify. William Tenney Orem, Utah

Comments: I am a straight, married individual, but I believe this issue is a basic principal of equal rights. Or country has abolished slavery , and done away with discrimination laws against women. Is about time that we allow all people to enjoy simple freedoms that we all share.

Comments: Who were the homosexuals in the Bible? Jesus said this: "For there are eunuchs who were born so from their mother's womb; and there are eunuchs who were made eunuchs by men; and there are eunuchs who made themselves eunuchs for the sake of the kingdom of heaven. To him who can comprehend, that is enough." (Matthew 19:12 Lamsa). The Aramaic word m'haym-ne (plural) is translated as eunuchs here, but the root meanings of this word in this form are: trusted ones, faithful ones and believers. These "trusted ones" were also servants such as chamberlains, eunuchs and officers. In addition, m'haym-ne meant homosexual men because they were trusted around women that were married or were not of their family. They weren't a threat in committing adultery with other mens' wives or in having pre marital sex with the women of the nation. The born eunuchs in the above verse from Matthew are referring to homosexual men. The second part of the verse says: "and there are eunuchs who were made eunuchs by men;" These would be the man-made or castrated eunuchs. Also, the eunuchs who were made eunuchs by men were those appointed by the king to be servants in the king's palace. Some of these were prisoners of war, captives, and exiles (Isaiah 39:7 Lamsa). The third part of this verse should be read as: "and there are believers who made themselves celibates for the sake of the kingdom of heaven." Throughout the ancient nations that included Egypt, Babylon, Assyria and Persia; homosexuals were exalted to such positions as eunuchs that watched the women of the harem. Because of the mistrust of men, heterosexual or bi-sexual men were castrated; but homosexual men didn't need to be. Eunuchs also had a recognized place in homosexual prostitution, and youths chosen as catamitic favorites were sometimes castrated. Homosexuality was long confused with eunuchry. Like effeminacy and hermaphroditism, eunuchry was sometimes thought of as creating a woman-man. The following verses will show that the Bible defines the trusted ones (or eunuchs) as homosexual men. "Now God had brought Daniel into favour and tender [love] with the prince (sar- ruler captain) of the eunuchs." (Daniel 1:9 KJV). The first underlined word is from the Hebrew word khe-sed, which means loving-kindness, mercy and favor, and is translated as favour in this verse. The second underlined word is from the Hebrew word ra-kha-mim, which is translated as tender love here, but means love. Daniel was given favor and love (plural) in the presence of the prince of the eunuchs. Most likely the intimate word ra-kha-mim, meaning love, was given to Daniel because he was handsome (See Dan. 1:4). A second evidence where the Bible shows that eunuchs are gay men is in (Daniel 14:2 NAB), which says: "Daniel was the king's favorite and was held in higher esteem than any of the friends of the king." In the Aramaic Old Testament, the word friends is replaced with the Aramaic word rakh-maw-hi, which means lovers. Rakh-maw-hi is from the singular Aramaic word rakh-ma, which means love.

Chapters 13-14 are in the Catholic canon of scripture. The Aramaic Old Testament contains fourteen chapters of Daniel. The Aramaic text of Daniel also has “the song of the three children” (Or, “Prayer of Hananiah and his companions” – Aramaic name for that portion) after verse twenty-three of Chapter Three. Dr. Lamsa, being a Protestant, just left out the additional parts of Daniel and Esther, plus the Deuterocanonical books. Dr. Lamsa did insert an extra sentence in verse 23 that is not in the Masoretic text, but in the Aramaic and Greek text of Daniel. The translators of the New American Bible translated the Greek word sym-bi-o-tes as favorite, but that is incorrect. Sym-bi-o-tes, according to Liddell & Scott means: one who lives with, companion. That matches with the Aramaic text, which says that Daniel...was living with the king. Separately, the Greek Old Testament deleted many words that are included in those extra two chapters. The Septuagint also deleted many chapters (and / or sentences) in other books, such as Chronicles and Samuel. The additional words or text found in the Old Testament book of Daniel in both the Aramaic and Greek texts are probably not inspired. I included this verse from the Aramaic text to show that an Aramaic speaker would have understood eunuchs to be active homosexual men; as they were often the king’s lovers. Boga (or Bagoas Greek pronunciation) was the eunuch lover of Darius the Persian and eventually became the lover of Alexander the Great. There is good reason to believe the so-called Deuterocanonical books are inspired (at least most of them) but no good reason to believe the additions to Esther and Daniel are inspired. These additions are not in the original Hebrew text of either Esther or Daniel.

Comments: Aloha: Jesus on marriage; Matthew 19 King James Version (KJV) 19 And it came to pass, that when Jesus had finished these sayings, he departed from Galilee, and came into the coasts of Judaea beyond Jordan; 2 And great multitudes followed him; and he healed them there. 3 The Pharisees also came unto him, tempting him, and saying unto him, Is it lawful for a man to put away his wife for every cause? 4 And he answered and said unto them, Have ye not read, that he which made them at the beginning made them male and female, 5 And said, For this cause shall a man leave father and mother, and shall cleave to his wife: and they twain shall be one flesh? 6 Wherefore they are no more twain, but one flesh. What therefore God hath joined together, let not man put asunder. 7 They say unto him, Why did Moses then command to give a writing of divorcement, and to put her away? 8 He saith unto them, Moses because of the hardness of your hearts suffered you to put away your wives: but from the beginning it was not so. 9 And I say unto you, Whosoever shall put away his wife, except it be for fornication, and shall marry another, committeth adultery: and whoso marrieth her which is put away doth commit adultery. 10 His disciples say unto him, If the case of the man be so with his wife, it is not good to marry. 11 But he said unto them, All men cannot receive this saying, save they to whom it is given. 12 For there are some eunuchs, which were so born from their mother's womb: and there are some eunuchs, which were made eunuchs of men: and there be eunuchs, which have made themselves eunuchs for the kingdom of heaven's sake. He that is able to receive it, let him receive it. So, from the womb, or made by man, their is no choice. Why should anyone be made to suffer, unless they choose too! Why should man impose double suffering?

Comments: I have tried to submit testimony via this website, several times, but it won't go through. I have emailed our testimony to our legislators, Sen. English and Rep. Yamashita. I have tried to email both JUD and FIN committees, but my email has been returned as undeliverable by postmaster@capitol.hawaii.gov. I am at a loss in trying to be heard on this matter. So, to keep it brief, we are OPPOSED to any legislation that permits same sex marriage in Hawai'i. Be pono, and vote NO to SB1!

Comments: I find it tragically sad that in 2013 we actually have to submit testimony in support of equal rights. And to have to do this in my beloved islands where we KNOW how harmful discrimination is to society. Take a step back, brace yourself for the emotional ploys of the shortsighted, and PASS this legislation! Remind the world we BELIEVE in ALOHA for all, it's not just a catch word it is a lifestyle + a way to show respect for all. Thank You, Loretta Zahner

Comments: I strongly oppose SB1 and ask that you put this important issue to the voters. It's not right that suppress the voice of the people. Please allow us to have a say. I oppose this bill because I feel that it will take our free speech away when we want to opt out our children from the classroom should they try to teach something we don't want them learning. I believe that the majority of the people are against it. If that's the case, why aren't you listening to the people? Don't we still live in democracy? Any poll you put out there asking the people if they are for or against same sex marriage in Hawaii will overwhelmingly show that they choose traditional marriage. Let the majority rule. Let us have a say. Please don't put us in a situation where our freedom will be taken away. After all, isn't that what America is all about?

Eula Dell	Individual	Comments Only	No

Comments: Dear Committee Members, I implore you to please allow the people to vote on this important issue. "The Defense of Marriage Act" denies many important rights to same sex partners. Instead of changing the definition of marriages, why not change a civil union's rights to mirror them? Sharing the same political, economic and social standings would effectively level the playing fields. Can we not allow more rights through civil unions? Repealing Section 3 of the "Defense of Marriage Act" would allow for the same inalienable rights of a marriage to be those of a civil union. Instead of dividing our forces on this issue, we should band together to have civil unions be recognized on a federal level. We need to ensure that the LGBT community is no longer denied these certain rights. Allow marriage to be defined as strictly between a man and a woman and civil unions to describe other partnerships that do not match this definition. Religious insitutions should be able to practice according to their faith without fear of reprisal. Providing more protection for churches and clergy is important as I feel there are too many ways a these institutions could not meet the exemption requirements. Consequently, they would be subject to the public accommodations law and their rights to practice freely their beliefs would be hampered. Sincere thanks for your time and consideration, Eula Dell

Comments: Dear Committee The people have spoken, we the people have spoken and it amazes me that you have not listened! We voted you into office to represent us and yet, we continue to endure the many poor decisions you make! We want to support our brothers and sisters who are in same sex relationships, we have come far as to accepting them in our culture. We want them to have the same benefits as traditional....again I say traditional marriage. Allow them those rights. But to change the definition of marriage is an infringement on the rights of the majority. I say, create your word, your own definition that suffices the bond between same sex couples, so the federal government will recognize them as the same as they do traditional marriage between opposite sex. How difficult is that. The gay society needs to keep in mind that we do not oppose them. We want the right to preserve our rights to freedom of religion, contain what is being taught in our schools, respect the rights of others who are uncomfortable with same sex relationships based on their upbringing and/ or religious beliefs. Our institutions of religion need to be left intact, without disturbance from this bill. This bill simply needs to be revised. I have a gay daughter and sister, I love them unconditionally, they just want to have the same benefits as a traditional marriage. They aren't looking for everything this bill proposes. We are of the church of Jesus Christ of Latter Day Saints, otherwise known as Mormons. They accept their place where our church is concerned and they have no desire to make trouble for our church. They know God loves them and they are fine. I am asking that you represent the people honestly and not your own agenda. I'm still looking for a motive, what do you gain by opposing the majority? Revise the bill to please both sides, from holding signs on the road in front of the Capitol, walking around my neighborhood for 3 hours getting signatures to ask to take time to look at this bill and let the people decide. Not everyone has all the information. Once I explained to them what the 17 page bill states, they signed the letter. By the way, hiding behind that 1998 amendment, all your amendments are worded in a tricky way so we don't know if we say yes, it means no, or we say no and it means yes. I no can think. Not hard, let the people decide. Revise the bill, take away the discrimination fines, etc. give these people the same rights as traditional married couples. I leave this with you in the name of Jesus Christ..... June Pearl

Comments: To: The House Judiciary Committee The House Finance Committee Hearing Date/Time: Thursday, October 31, 2013, 10:00 a.m. Place: Capitol Auditorium Re: Strong Opposition to SB1 Dear Chairs Rhoads and Luke, and Members of both the House Committees on Judiciary and Finance: I am writing to voice my opposition to Bill SB1. I have voted in every election, since I was 18 years of age. I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders. I am the mother of an 11-year old child and I have concerns, regarding the detrimental effects this bill will have on the educational system. I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session. This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy! Thank you for the opportunity to testify. Cammie Arakaki 3046 Uaawa Place Honolulu, HI 96819

Comments: I am OPPOSED to the passing of this bill. It does NOT protect religious rights or the rights of small business. Marriage between a man and woman has been tradition for THOUSANDS of years. Why change this now? Yes times have changed, but marriage is a special ceremony under GOD. Just like our nation. "One nation, UNDER GOD". We do NOT need to redefine marriage here in Hawaii. The people of Hawaii had so many decisions made FOR us. PLEASE at least let US decide and vote on whether or not we want this HUGE decision do be made in OUR HOME.

Comments: Hi my name is Tiffany Kanahele. I am a mother of 2 and I am very scared with the outcome of this bill if it does pass. We raise our children with a foundation on Jesus Christ. We attend the LDS church and are strongly against SB1. I am also an educator and feel we are being bullied and will end up being forces to teach lgbt in our curriculum. I do not and will not teach these things to other children without parental consent. But with this bill we are being forced to teach lgbt. Please for your children's sake and the sake of the next generations vote no on ssm and let the people decide. Aloha.

Comments: This bill, while well intentioned, has the result of making my faith illegal. The law is not the place for enforcing tenets of faith. It also is not the place for outlawing the practice of faith. Both of these are protected by the Constitution. This law as written will not survive a Constitutional challenge, but more immediately it rents the fabric of our community. You have heard wide and far from our community, most strongly in opposition. These people that oppose same sex marriage in our community are not bigots and haters - they are people that care about Hawaii. Please do not ignore them. Ted Peck 371-7514

Comments: STRONGLY OPPOSE SBI. There are so many flaws in this bill, I don't know where to start! I am 28 years old, I'm married to my husband of 6 years and together we have 3 children. We were both born and raised here in Hawaii-nei and I am native hawaiian. There is ABSOLUTELY NOOOO REASON TO RUSH THIS BILL!!! The appropriate research has not been done and we do NOT know the far reaching effects it will have! Your children, grandchildren, and all future generations DESERVE for this to be thought through! Think about what our children will be learning through their schooling!! Think about what will be taught! Did you hear the Canadian man who bore testimony on opening day? Did you hear that parents ARE NOT ALLOWED TO OPT OUT?! This is against our first amendment rights!!! We as parents should be allowed to have a say in what our precious babies are being taught!!! Look up the incident in mass. where a father was ARRESTED for not allowing his 6 year old son to study from a "pro homosexuality" book! He is 6 years old dammit! No 6 year olds brain should have that FORCED UPON HIM!!! Yet his father was arrested for discrimination! Our ancestors are looking down on you with disgust for even entertaining this topic!! Are you prepared for the AIDS and other STD's that will arise from legalizing this! Are you prepared to build additional hospitals to control and specialize in this area? Our state is struggling financially as it is, I'm pretty sure we can't afford something of that magnitude! And to openly be alright with exposing our future generations to this, and not just exposing but ENCOURAGING them to go this route?! Auwe! I'm also SICK of everyone saying "if you aren't gay, this bill WILL NOT affect you at all!" And "this bill will protect your religious freedoms!". These two statements are EXTREMELY FALSE AND YOU KNOW IT!! My church is one that would be affected by the bill as a public accommodation. Vendors who don't want to work are not protected either! There are tons of lawyers that are saying FOR A FACT that churches and vendors will have lawsuits against them if this bill is passed. Our state needs to but the brakes on, take a step back, slow down, and give it time. I have NOTHING against gays and homosexuals. I just don't feel like our beautiful land needs to be forced to agree with what the lawmakers deem right. The people of Hawaii should be allowed to vote on this issue that is causing so much contention and hate! It's the ONLY FAIR thing to do! The false advertising that the opposing side is using by saying that 80% of residents here in Hawaii, under the age of 30 SUPPORT this bill, is the biggest sack of lies. The majority of young people want marriage to remain the way it has been since the days of old. Who are we to play GOD and redefine marriage?! In an unofficial poll by KITV news, the people of Hawaii have voted overwhelmingly to allow the people to VOTE! Last I looked, it was 75% in favor of letting the people decide. That is all I ask. Shouldn't we, the people who live here, have a voice? Shouldn't it be decided by the majority, rather than the few of you who sit here? Please

KILL THIS BILL! Please hash it out and correct the flaws before we are forced to face the repercussions! There is NOOOOO RUSH!!! I STRONGLY OPPOSE THIS BILL!

Comments: 1. All adults already have the right to marry. This bill redefines marriage. 2. If gay, lesbian couples marry in another state they are allowed to file as married on the Federal tax return no matter where they reside ins the US. 3. It's unnatural, the parts don't fit without artificial devices.

Comments: I wanted to state that I am Opposed to SB1. I have heard this compared to interracial dating and I am shocked by that. As white female married to a black male I am also confused by it. I don't see how the two compare at all. To say that one can choose their race/ethnicity is obviously wrong. I didn't choose to be white any more than he did black but we did choose each other. Sexual orientation is a choice not a set element one is born with. I believe it to be a preference. If you pass this you are stating that sexual orientation isn't something that someone can help that it isn't a choice. So what happens when someone says that they should have the rights to marry a 10 year old child. What happens when people start saying that being a pedophile is something they were born with and how can you discriminate. What do you do when they then say that you are part of a hate crime if you don't agree and then indorse their lifestyle. People have the right to their own choices but let us be honest they are choices. I hope you consider what you are actually voting on. It isn't just legalizing a choice it is setting up the "court" to mussel one party for fear of offending another. Decisions made from fear are never sound decisions. I believe your jobs to be one of representing the masses and the masses have said no to SBI. Please don't allow this step to be the first in destroying this institution and our first amendment rights. Thank you for hearing me out.

Comments: SB 1 is inimical to the general welfare of Hawaii. It will open the door to the Gay Lesbian and Straight Education Network GLSEN which will seek to promote the homosexual lifestyle in Hawaii public schools. This will open doors to new frontiers for those promoting the sex liberation movement; See Dr. James Kincaid author of "Child Loving", keynote speaker of Childhood Education Conference last weekend Oct. 19, 2013 at University of Toronto. His topic was pedophilia. Is this law really what Hawaii democrats want for our state? VOTE NO ON SB 1

Comments: I am opposed to SSM in Hawaii. It is not logical to redefine anything based on 3% of the populations lifestyles. Ohana is key to the islands and the culture here therefore we are called to preserve this strong foundation. SSM has no guarantees on its impact to our islands-especially the keiki. There are so many areas in SB1 that are vague, misleading as well as concerning. Just as we want to keep the country country, it is clear the natives of our island desire to keep ohana as it is with a man and woman as husband & wife. This desire has been made clear over the years and it's time peoples voices are heard and validated. Don't let 3% of the population redefine-reinvent marriage & family, something so very key and a monumental strength of our culture & sought after "Aloha". No to SSM!

Comments: Dear Chair Rhoads, Chair Luke and members of the Committees on Judiciary and Finance: I am writing in strong support of SB 1. I am a 52 year old Hawaiian/haole, registered voter, tax paying, civic-minded, life-long resident of Hawaii. I have read and listened to much of the testimony from this bill's first two hearings in the Senate. Obviously, this is a very personal issue for those in support and against SB 1. I'd ask you though, to consider this legislation from a "non-personal" perspective. Examine its legal and constitutional merits. By not allowing same-sex couples the right to marry, and not affording them the same rights and responsibilities as heterosexual married couples enjoy, Hawaii is denying same sex couples and their children equal rights and protection under the law. I urge you to consider SB 1 from a civil rights perspective. Please pass this bill to allow for marriage equality for all of Hawaii's families. Thank you for considering my testimony. Aloha, Jack Mattice, Jr.

Comments: Please do not allow this bill to go through. I am a teacher and I am scared how this will influence my job. It is against my religious beliefs to support Same-Sex marriage. How is it that we aren't allowed to mention God because we "don't want to offend the non-believers," but we will be expected to say we support Same-Sex marriage even though that is offensive to me. Isn't that hypocritical? How come I have to be careful not to offend but I my beliefs don't receive the same respect. Let Civil Unions stay Civil Unions and help protect Marriage as it is and should be. Thank you.

Comments: I believe in equal rights, however I believe marriage is so much more. By passing this bill you will be redefining what marriage is in our society today. Marriage is a commitment of a man and a woman to make a family (potential to have children). Family is the core unit group of our civilization, to change these traditional ideas of marriage and family would be to the detriment to our posterity. Also this bill's language is not adequate to protect the rights of others in our state relating to religion and business. If I can see the potential problems that will arise from this bill then many others must come to the same conclusion. Thank you.

Comments: I am OPPOSED to the passing of this bill. It does NOT protect religious rights or the rights of small business. Marriage between a man and woman has been tradition for THOUSANDS of years. Why change this now? Yes times have changed, but marriage is a special ceremony under GOD. Just like our nation. "One nation, UNDER GOD". We do NOT need to redefine marriage here in Hawaii. The people of Hawaii had so many decisions made FOR us. PLEASE at least let US decide and vote on whether or not we want this HUGE decision do be made in OUR HOME.

Comments: This is ridiculous if this is democracy let the people vote. President Obama give them the federal benefits for civil union, but I say no to same sex marriage. Why did we even vote if government over turns what was voted for anyway. This is not right. Our government is for the people by the people not the opposite. This not a civil right issue. People compare women's rights and slavery, but this is not the same. To say that is hipocracy.

Comments: I strongly oppose the "Marriage equality" act. And I disagree with the government stepping in and trying to make this same sex marriage a law. I say let the people vote. I have no problem and no ill feelings toward anyone who chooses that lifestyle but i say let the people decide. Marriage is between one man and one woman please stop trying to redefine marriage.

Comments: Hawaii has always been a place where I feel I can be open about my life style. This place has always been about love and acceptance. I urge you to vote FOR ALL of Hawaii's people and give same sex marriage the same equal rights and heterosexual couples. Religion should not play a role in this position as it has NOTHING to do with the State or our Federal government. I pay taxes and should have an equal right.

Comments: I am strongly opposed to SB1 because this rushed special session has robbed the people of Hawaii of our rights to be fully heard. On Oct. 28, only some 400 (less than a third!) of 1,800 persons waiting to testify were actually heard by the Senate committees. This special session which should only have been called for reasons of urgency where our State is in danger of immediate jeopardy, has been crammed down our throats. In giving "equality" to one segment of our population, this bill removes the rights of a segment of the population, one which has long provided food and numerous social services to the neediest in our state.

Comments: To whom it may concern, My name is Sharon Kim and I am opposed to the same sex marriage bill. It is not only a matter of letting two people of the same sex getting married but it is something that is being forced upon children. I believe that matters about homosexuality should be up to the parents of children and not up to the school because not everyone agrees with that value. I am really opposed to this bill and I believe my value and my opinion matter. If this bill is passed children are going to be even more confused about everything I believe once they mature they will create their own beliefs and values. I believe that there should be a specific discernment; a basic standard, if you will, and thats teaching them traditional relationship with a man and a woman. when they grow older its their decision. Thank you taking the time to read this opinion of mine. Sincerely, Sharon Kim

Comments: I oppose.....If this is passed it will not end here!!!..Homosexuality was once considered a mental disorder... American Psychology Association declared homosexuality an 'orientation' under tremendous pressure from homosexual activists in the mid-'70s.....Now Pedophilia has Officially been Classified as Sexual Orientation by American Psychology Association, TODAY!!!.....they have declared the desire for sex with children an 'orientation,' too. It's not hard to see where this will lead. More children will become sexual prey..... See more at: <http://news.charismanews.com/us/41571-pedophilia-officially-classified-as-sexual-orientation-by-american-psychology-association#sthash.YZegEVFM.dpuf>

Comments: Aloha House Representatives & Senators, Please take the time to hear everyone's FULL testimony and read what the voters are saying. This is my first time submitting a testimony and I am opposed to passing the same-sex marriage bill. I am not able to make the hearing to testify in person which is why I write. Please let the people vote! Of all the other important issues, what's the rush??? This is a right for citizens of Hawaii to be heard and I ask that you please take the time to realize the weight of this decision and how it affects freedom of religion beyond churches but people's business and the voter's civil rights. I believe and stand by a traditional marriage between a man and a women. In closing, I greatly appreciate your representation of the voters of the State of Hawaii. I am praying for all of you and that God may continue to lead and encourage all of you in every decision that you make. Mahalo nui loa for your time. Respectfully, Alyssa Christian

Comments: Thank you for this opportunity to submit our testimony. Well I really don't know why this was so hard for the legislatures to make a decision because it took a male and a female to create a human being like you and I, and so to marry a female and female, and male with a male just doesn't make sense because there wont be anyone else to uphold our legislatures duties if we all become like those whose decision is to marry the same sex because they cant create another human being the way God intended it to be. This is not religious only this is about equality. Majority of the people in Hawaii stand for a traditional marriage but yet the Senates passed it. Oh well talk about minority we are the minority because they did what they wanted not what the people wanted after all they said we gave them the power to choose and so is minority or more like ignored... Please reconsider and wait so it may be thought more thoroughly through, and that everyone will benefit from it. Same sex argue about federal benefits talk to Obama, wanna get married go to the other states and get married and a bonus with honeymoon away... Thank you and God Bless each and everyone of you!!!

Comments: I am a blood donor in Hawaii and am told that I am of 2 % of the whole state that donates blood. I believe that if the bill gets passed, our future blood supply for myself and my family will be lessened due to bi-sexual men allowed to Marry. One question of that has to asked and told to me in a sequestered room is if I had sex with another male since 1977.. If I said yes, my blood is not good to give to someone. I could be a dormant carrier of HIV.. If this law is passed, #1. sick gay men cannot help their partners in a transfusion.. they will only use blood from health donors as myself.. I strongly believe that that 2% will be cut down to 1 1/2 % or maybe even 1% in a matter of years due to the legalization of this law.. the blood supply will be scarce.. or another law passed that 2nd grade blood can be used and given to infants, cancer patients and pregnant women.. I hope you legislators know what you are doing.. and the epidemic that will follow.. don't think now what your conscience tells you.. look at the future of what will happen. Mahalo for listening, Sincerely, Tatsuyuki Kobayashi 94-1012c Kikepa Street Waipahu, Hawaii 96797.

Comments: should this bill pass the choice of words used in both religious and education matters is great, as Mr Hee said on Monday nothing is going to change in religion what we have today we will have tomorrow. I hope these words are of value...for already religion is not excepted in schools..I think this is important to all of us... the writing for education is also good more than good its great...we the people not forced to do what we think is not right... so with this why not make it all right and say NO to this bill so we the adults and leaders of the future...can stand by our words and lead the future the best that we can....with all that we have right now today and still have it tomorrow... Mahalo no....Leaders of our state and country..

Submitted on: 10/30/2013

Testimony for on Oct 31, 2013 10:00AM in Conference Room Auditorium

Submitted By	Organization	Testifier Position	Testifying in Person
Traci Kaopua	Individual	Oppose	No

Comments: Aloha, I'm writing in regards to the marriage act that is to be heard in a special session on Oct. 31st. I OPPOSE SB1 because it denies citizens their First Amendment right of freedom of religion: a right Americans should feel proud, privileged, and secure knowing that they do. Current wording of SB 1 FAILS to protect churches, religious groups and temples from lawsuits. It fails to protect bishops, priests and other clergy members from lawsuits. The current wording would severely cripple the church I belong to, (Church of Jesus Christ of LDS) as well as other. It would also force organizations associated with these churches to restrict the way they function or be forced to shut down. Please do not violate our rights, guaranteed by the first amendment, in the name of equality. Something as influential to our communities and state as a whole MUST not be left up strictly to our legislature, senate, and Governor; but must be decided wholly by the people and citizens of this state. I strongly believe that this issue needs to be approached in a different way. It terrifies me when I think of what is to come if this law goes into effect. A special session does NOT allow for the time and scrutiny that a bill such as this requires. Please reconsider all the ramifications that need to be considered. Sincerely, Jordan Kaopua

Comments: I am local in Hawaii and I highly oppose this bill because it is not about equal rights, and it obviously isn't what the majority of the people want. If people of the same sex want to be together then so be it, they have their free choice, but to take that choice, and mix state with religion is WRONG. I am a strong Christian and believe that same sex marriage is wrong, but believe that they have their own rights to choose. but to say that if MY religion does not allow them to marry in my building, WHERE I WORSHIP.. is flat out WRONG. It is not my belief, why should I open my doors to where I worship to something that my religion believes is flat out wrong. This bill is wrong, and the state HAS NO right, to mix with religion, if we mix religion and state, the same thing that happened over 300 years ago will happen again. This is wrong. this is flat out wrong, and our beliefs should be fought for. State and religion should, and must remain separated.

Comments: I oppose same sex marriage because it goes against what I believe to be right. It is not a personal attack on anyone or group of people because I have family members who are attracted to the opposite sex and I love them dearly. However I will stand by what I believe and for Gods truth. Thank you for your time.

Comments: I believe sb1 takes away my religious freedom. It forces our church to marry gays in our chapel which is a mockery against our Heavenly Father. God loves all his children, but marriage is a sacred ordinance between a man and a woman for the sole purpose of populating the earth. Sincerely, Kalani A. Pahinui Honokaa, Hi.

Comments: Hawaii is a melting pot of all types of people no matter what and is represented with the Aloha spirit. Everyone should be treated equally and with the utmost respect no matter of their race, color, creed, sexual orientation, gender, etc. If two people love each other than they should be entitled to marry regardless of the situation. Who are we to say who we can and cannot love? Who we can and cannot marry? Love, equality, respect, humanity needs to be addressed in this session. Mahalo for allowing me to speak my mind. Please make the right decision. Aloha!!

Theresa Shelby	Individual	Oppose	No

Comments: I am writing to voice my opposition to Bill SB1. The issue of same sex marriage (SSM) is too important and complex to relegate to a special session. It deserves to be vetted properly in regular session. Only 2 public hearings are scheduled as compared to the usual 5 in regular session. The democratic process is being circumvented if the people are not allowed to vote. Civil unions already protect same gender couples. Hawaii is not in violation of SCOTUS (Supreme Court to the US) which stated that SSM is not a fundamental right. The recent determination in the Supreme court just states that the federal government will not negate state law regarding SSM- it did not determine that SSM is right (or wrong). The voters should be given the opportunity to decide in a constitutional amendment in 2014. Thank you for the opportunity to testify. Sincerely, Theresa Shelby - Honolulu, HI

Comments: The Legislature is shoving this down our throats, where are the provisions for protecting us from all of the ridiculous ramifications to come? such as the new law in Connecticut which allows male teachers to be cross dressers, if they so wish , without objection from the school board or parents; and any cross dresser in the state is permitted to use the women's restrooms and locker rooms. I want to hear how our lawmakers plan on dealing with such issues.

Comments: Aloha I am a firm believer that all man should be treated equally and with respect regardless of gender and sexual preference. It is only out of respect for the people of the state of Hawaii that encourages me to step forward and express my deepest concerns regarding the impact enacting this law will have, as this issue only takes into consideration one group rather than the entire population in the state of Hawaii. It is for that reason that I oppose this issue from becoming a law. As a contributing member and law abiding citizen, I insist that Hawaii residents be the ones to decide, as it is the residents whom will be affected. I am against passing this bill and strongly believe this bill should be subjected to further examination to ensure that everyone is protected and given fair rights.

Comments: I Vote No to same sex marriage. Because I feel that it shouldn't be taught in schools . School is for education that benefits you in your future . I have younger siblings, Im against it being taught to these innocent children that can't even speak for themselves, these children cant even have any say ? But it's ok to force it on children. Same sex is a persons personal choice, but you shouldn't force churchs to marry same sex if there beliefs is Different thats going against there rights, don't force it into the schools let the children choose for themselves.

Comments: Dear Honorable House Judiciary Committee and the House Finance Committee, I would like to express my strong opposition to same sex marriage. I believe God created marriage to be between a man and a woman. You are free to justify your beliefs and so are we the people. Please allow the people to vote as a true democracy. I believe God is the same yesterday, today and tomorrow as His word says. He is always in control and already know the outcome of this debate. I pray for God's grace and mercy over our great state. Whatever you decide, whatever side of this debate you support, God loves us all and it will not change His love for you. Thank you for your service to our state and government. Sincerely, Susan Ching

Sue Haglund	Individual	Support	No

Comments: I am submitting my testimony in strong support for SB1. I live in the Ewa Beach district and I support equal rights. This measure is not about religion, this measure is about human rights and the right of every human being (regardless of one's gender, sexual orientation, color or religious belief) right to exercise and have access to the basic freedom to marry. No government nor institution can measure the value of love one person holds for another. As a government, as a people, as a state, as a community, we want to teach the younger generation respect for all. But how can one teach respect for all, when there are provisions that limit one's freedom to marry his/her partner. I submit my testimony in strong support. I support this measure because it is the right thing to do. I have the freedom to marry whomever I want, yet I have a cousin and my close friends who don't have the same basic rights that I have access to. If I, by law could marry whomever I choose to marry, so too my cousin Rick should have the same rights. He should have the same rights I have, he should freely marry his partner because of love and not be restricted by it because of other people's fear, ignorance and intolerance. Do the right thing pass SB1.

Comments: Our family is opposed to SB1. Same-sex marriage represents a breakdown in the moral fiber of our society. If passed, the impact this will have on the future generations of our children would be devastating. Please let the people decide. Let the people's vote count on such an important matter as this. Lawmakers, please think of your own eternal destiny and remember: You will be held accountable to a higher judge, the Creator of all mankind. Mahalo and may God Bless You.

Comments: Dear House Representatives, I strongly protest and testify AGAINST the SB1 bill. Please do not let this very important issue, which needs to be investigated more thoroughly, be so easily passed without full knowledge on the impact it will make on the people in the State of Hawaii. If you would look at all the negative impact from the states that has already passed it, e.g. Massachusetts, California, you will see that we will lose control, as parents, business owners, clergy in how we want to conduct and control our own affairs. Our rights will be taken away. It would seem that if we say anything against this issue, we would be subject to citation or arrest because it will now become the law. But, that means, we will lose our freedom. An example of how we would lose our freedom is: In Massachusetts, a concerned parent just wanted answers from the school officials on why they wouldn't allow him the right to opt his child out of the classroom when the teacher was going to read a book which normalized homosexuality. For someone, who truly believes in his heart, that it goes against his religious beliefs, he should be allowed to take his child out if he can't control the fact that they have to normalize it by reading the now different types of family. What does that say about our religious freedom? You will then take that away from us and we have the right, like anyone else, to teach our children what we want to teach them without having someone force them to accept another person's view. There is NO freedom in that. Our country is built on freedom and now we are in danger of it being taken away from us. If you could promise us that we will have the right to worship the way we want to, then do what you want to do. If you can promise us that you will allow us to opt our children out of a particular subject, then do what you want to do. Otherwise, kill this bill. Aloha, Alan B. Harney A very concerned and worried father.

Comments: I am strongly opposed to same sex marriage and request that you vote against this bill. Marriage is an institution created by God to be a relationship between a man and a woman. This issue was previously voted on by us and a constitutional amendment approved. If such a major issue as same sex marriage is to be adopted, it should be only after another vote by the people saying that we want it to be law. It is obvious that Governor Abercrombie called this special session with the intent of rushing through its passage before the people could be adequately informed. There is not an emergency and a special session should never have been convened. The exemption being proposed for churches who allow their facilities to be used by members only is not acceptable. Many, many churches allow non-members and other organizations to use their facilities, and this would automatically eliminate this exemption for them. The church which I attend does not even have a membership roll. Our services are open for all to attend. As to the exemption being proposed for business owners who would not want to provide services for a same sex wedding, I have no confidence whatsoever that an exemption passed during this session would not be taken away in the future. Please vote no on same sex marriage! This is a matter in which you must let the people decide.

Comments: The people should be able to decide on this issue. I support traditional marriage between a man and a woman. I think it is a detriment to our legal system when government officials overturn a decision voted on by the people. Traditional marriage is the base family unit and as that crumbles in society, so does the stability of our country. Divorce rates have risen, focus on families have decreased and the state of our country has continually gotten worse. Listen to the voters and let us fix what you have not been able to.

Jozlyn Harrington	Individual	Oppose	No

Comments: To: The House Judiciary Committee Hearing Date/Time: Thursday, October 31st, 2013, 10:00AM Place: Capitol Auditorium Re: Strong Opposition to SB1 Dear Chair Rhoads, Chair Luke, and Members of both the House Committees on Judiciary and Finance: I am writing to voice my opposition to Bill SB1. I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders. In 1997, Hawaii offered the benefit of 'reciprocal beneficiary' to those that were prohibited from marrying, including same-sex couples. This benefit allowed them to receive the SAME rights as a straight couple, on a state-level. I feel, if bill SB1 passes, same-sex couples will not be gaining much more rights on a state-level, except the 'title' of a married couple. In 2006, Hawaii passed §489-3 Discriminatory practices prohibition. Unfair discriminatory practices that deny, or attempt to deny, a person the full and equal enjoyment of the goods, services, facilities, privileges, advantages, and accommodations of a place of public accommodation on the basis of race, sex, including gender identity or expression, sexual orientation, color, religion, ancestry, or disability are prohibited. In Cervelli vs. Aloha Bed & Breakfast, a private owner got sued because she stated that she felt 'uncomfortable' allowing a lesbian couple to stay in her own private home due to her religious beliefs. Now.....Bill SB1 States: Religious organizations and facilities; liability exemption under certain circumstances. (a) A religious organization shall not be required to make a religious facility owned or leased by the religious organization available for solemnization of a particular marriage; provided that: (1) The religious facility is regularly used by the religious organization for its religious purposes; (2) For solemnization of marriages pursuant to this chapter, the religious organization restricts use of the religious facility to its members; and (3) The religious organization does not operate the religious facility as a for-profit business. Bill SB1 does not protect churches like New Hope, Inspire Church, Grace Bible, etc. Their facilities do not restrict the use of their facility to only its members. If a gay couple wanted to use their facility to perform a same-sex marriage, the church would be at risk of being sued if it denied. These churches do not discriminate and allow anyone to attend church, but to force the pastors to perform a marriage they do not believe in in order to risk being sued??? Our rights of conscience and religious freedom are slowly being stripped away. Let's not forget that almost half of our founding fathers of the United States of America were men of deep religious convictions based in the Bible and their Christian faith in Jesus Christ. Of the 56 men who signed the Declaration of Independence, nearly half (24) held seminary or Bible school degrees. This bill should be given due process during the regular session where it can be properly vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will

forever obliterate thousands of years of indigenous and non-native culture, customs and traditions. 60% of all testimony submitted regarding SB1 indicated that the public OPPOSES SB1. This is a clear mandate from the people that SB1 should not advance during the special session. I sincerely hope that you will obey that mandate and vote against SB1. Your "yes" vote in special session is clearly a NO vote to democracy! Thank you for the opportunity to testify. Jozlyn Harrington Honolulu, HI P.S. Today's society is very accepting of one's race, sexual orientation, religious beliefs, etc. However, does this mean, decades from now, if society accepts incest, I will be able to marry my brother too? I am opposed to the most contentious social issue in our history being decided virtually in one week.

Please note that testimony submitted less than 24 hours prior to the hearing, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.

Comments: Leaders in whom we elect to represent our great state of aloha please let the people decide on this same sex marriage bill. This bill will effect all the lives of people in Hawaii. With such a decision please let the people vote the outcome. You have the ability to do something great by listening to the peoples vote and thus you will fulfill your obligations to the people you represent as a true and honorable legislator. Put the people that you represent before your own self and let the people decide. That would be the best outcome to always be remembered as doing what is right before doing what others expect. Aloha

Comments: The religious interests of those opposed to this bill should have no bearing upon another citizen's right to equal treatment under the law. Effectively, one person's right to marry should not be inhibited because others oppose it. My marriage would have no impact upon another's marriage. Opposition is oppression, hatred and homophobia and cannot be the basis for law.

Comments: I am writing to voice my opposition to Bill SB1. I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders. I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session. This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy! Thank you for the opportunity to testify. Lilia Kozuma Honolulu, Hawaii

Comments: This is unfair to the people. DO NOT equate sexual orientation choice to equal rights of women, colored, or nationality. You forget that we have rights when we are BORN THAT WAY. There is no scientific proof that sexual orientation is from birth. It is SAD to see that Hawai'i's government is NOT LISTENING TO THE PEOPLE. Vote NO.

Comments: We let the people decide when we elected our representatives to the legislature. They speak for us. Marriage is a LEGAL contract between two people. Religions may define it differently but bottom line is, separation of church and state is in the Constitution and religious views should not have any impact on a legal matter.

Comments: I wish to add my voice in opposition to SB1. The proponents of same-sex marriage have cast their argument largely in terms of civil rights and view the right of same-gendered couples to marry as a natural progression from the judicial, legislative, and social changes that have made interracial marriages more acceptable in much of our society. Many in government who sympathize with the desires of same-gendered couples to marry view it as their responsibility to push forward this cause against the rule of what they deem an oppressive and bigoted majority. Indeed, the presence of a senate in our bicameral legislature is designed to protect the legislative process against an outright rule of the majority. However, the function of the house of representatives is to reflect the voice of the people and to provide balance to the perspectives and attitudes of the senate. I believe the majority of Hawaiians are in favor of maintaining the traditional definition of marriage. At this time, the majority of states in the union, 35 to be exact, have enacted laws opposing same-sex marriage. A 2009 Pew Research study indicates that the majority of Americas polled favored civil unions for gay / lesbian couples, but a minority were in favor of redefining marriage. Thus, perhaps it is fitting that the senate would pass SB1. And it will be fitting that SB1 fail to pass in the house without further amendment. Our bicameral legislature is designed to craft compromises between the long-term goals of the senate and the more-immediate will of the people as conveyed to our representatives. And I believe compromise is possible here. Much has been said and should be said about the need to balance religious liberties with the need to oppose discriminatory practices against gays and lesbians. Our pluralistic society requires that we learn to live together. Current Hawaii law recognizes sexual orientation as a protected status in terms of fair housing. It is logical that gays and lesbians would desire equal protection under the law as heterosexual couples. It is also logical that individuals be allowed to choose their personal and professional activities based on their religious convictions. Extant court cases from the mainland have demonstrated the vulnerability of individuals and particularly small business owners who have been subject to liability claims for refusing practices such as photographing a same-sex wedding or performing artificial insemination for a same-sex couple. We would not ask a devout Jew who runs a small catering business to provide pulled pork sandwiches at a birthday party. We would recognize the limitation in available services as an expression of faith rather than a discriminatory act. We need to find suitable compromises that balance the needs of individuals to express their faith with the rights of same-sex couples to participate meaningfully in our economy and our society. These compromises can be and should be hammered out through deliberate and thorough negotiations, not through a rushed special session. My personal moral conviction is that marriage between a man and a woman is the fundamental unit of

society and should be granted special protected status. I believe that marriage is ordained of God and that individuals should be free to worship according to the dictates of our consciences. However, I recognize that our laws and our government needs to balance the needs and beliefs of many different social, religious and political groups. In such situations it is the duty of our legislators to craft careful compromises rather than a winner-take-all approach to politics. I plead with the house to consider the voice of the people and to give this issue the time and deliberation it needs rather than rush through this hastily crafted bill. Thank you.

Re: Strong Support of SB1, Relating to Equal Rights

Dear Chair Rhoads, Chair Luke and members of the Committees on
Judiciary and Finance,

I am writing in strong support of SB 1.

The freedom to marry the person you love is a basic freedom that
should not be denied to anyone. Gay and lesbian couples get married
for similar reasons as everyone else - to make a lifetime promise of
love, commitment and fidelity to the person they love.

In Hawaii, we don't turn our backs on family. No member of anyone's
ohana - gay or straight - should have to face shame because of who
they are and who they love.

The government should not be in the business of telling people who
they can and cannot marry. None of us would want to be told that it
is illegal to marry the person we love.

Please pass this bill to allow for marriage equality for all of
Hawaii's families.

Thank you for this opportunity to testify.

HI 96713

Re: Bill #SB1
Hawaii State Capitol
415 S. Beretania Street
Honolulu, Hawaii 96813
Subject: Testimony in Opposition of Proposed Hawaii Marriage Equality Act of 2013

I am writing in opposition to the proposed Hawaii Marriage Equality Act of 2013.
My name is Francine Wintersteen, Born and raised here in Hawaii. I have a strong testimony to share concerning Bill Sb1.

As a married mother, yet a sister, cousin and aunty to gay and lesbian ancestors. I have my agreed and disagreement to this matter.

My testimony will be on behalf of political state reasons and on the matter of religion.
For the political state reasons, I agree that marriage for same sex equality is reasonable. Not every human being is going to be perfect and therefore, there is the openness of today for gay and lesbians for freedom of choice and life. With that freedom to vow for each other is something I agree should be a chance every couple should pursue with responsibility. especially since I have witnessed gay couples with children, with being with one sex and then the other opposite sex after a bad break up then end up going back to the same sex, this should hopefully give more responsibilities to the same sex couples as their is for all married couples. As for benefits of marriage to love, support and protect. That is important to equality. So no need to fret when it comes to equality in the matter of political state reasons. So by all means welcome all judges to marry same sex, allow the state to marry same sex for the benefits of what marriage comes with, life insurance, health insurance, property taxes, yearly state and federal joint taxes, car insurances, etc.....equality for law of the land.

However, considering the religious side of this matter. I do not agree to take away all rights to the believers of God that same sex marriage must be lawfully carried into any church or religion to marry them. Having come thus far with being strong disciplined disciples. Freedom of religion should not be tampered with, for other sole freedom for material benefits. Spiritually speaking. I know the truth of this matter is torn, is complicated and sure don't seem like there is an equal.

So, grandfathering the churches and religions that do not practice this same sex marriage and has been a religion or church for at least the past ten years, should have the right to be grandfathered into this law, to be EXEMPT to be forced to go against or lose there freedom of religion for the freedom of gay marriages. By allowing these churches or religions to pursue what has been to live by the law of God which America was established by in the beginnings. Then I feel there will be no hard pressed Hawaii people or Americans and we can continue to

live peacefully with equality. All other churches or religions that believe in or support to marry equality same sex marriages wont have to fret to be on the exempt of this bill. In order to prove religion or church ten year establishments, take a look at taxes, or other ways you may come up with to help the people of religion to not lose their freedom as the freedom of same sex marriages occur. So as to not stir up the rival gay ones, even calling this bill equality brings up war with religion and church. From witnessing the gay people already opposing religion rights for protection of same sex marriage, is STILL NOT EQUAL. Where is the equal in that? They want it all. Rather than being happy with what can be done for them, the complications of equal in the average society mind and eyes....Isn't, unless stated above, to here on after all other new found religion or new church organizations must be EQUAL to the EQUALITY. Leaving the grandfathered churches and religions safer in the manner of this matter.

So there, plain and simple. Everyone can have love and equality. So as to have same sex marriages be equal benefits to man & woman marriages for the law of the lands that the courts (judges) can marry for which is beneficial for the estate (house, car, insurance, banks, taxes, etc..) and as long as the existing religions & churches know that they have an exempt to be grandfathered into the new bill as to not break their foundations for religion or take that freedom them. Same sex marriages will be accepted from all other religions or churches hereafter deemed to support the marriage of same sex equality of love, to marry the same sexes by the divine spiritual leader they will have to vow the couples.

Many blessings and best wishes to the decision to a peaceful and long loving life!

Thank you for your time,
Francine T. Wintersteen

Comments: To: The House Judiciary Committee The House Finance Committee Hearing Date/Time: Thursday, October 31, 2013, 10:00 a.m. Place: Capitol Auditorium Re: Strong Opposition to SB1 Dear Chairs Rhoads and Luke, and Members of both the House Committees on Judiciary and Finance: I am writing to voice my opposition to Bill SB1. I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders. I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session. This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your "yes" vote in special session is clearly a NO vote to democracy! Thank you for the opportunity to testify. Terina Oto Laie, HI 96762

Comments: I wish to add my voice in opposition to SB1. The proponents of same-sex marriage have cast their argument largely in terms of civil rights and view the right of same-gendered couples to marry as a natural progression from the judicial, legislative, and social changes that have made interracial marriages more acceptable in much of our society. Many in government who sympathize with the desires of same-gendered couples to marry view it as their responsibility to push forward this cause against the rule of what they deem an oppressive and bigoted majority. Indeed, the presence of a senate in our bicameral legislature is designed to protect the legislative process against an outright rule of the majority. However, the function of the house of representatives is to reflect the voice of the people and to provide balance to the perspectives and attitudes of the senate. I believe the majority of Hawaiians are in favor of maintaining the traditional definition of marriage. At this time, the majority of states in the union, 35 to be exact, have enacted laws opposing same-sex marriage. A 2009 Pew Research study indicates that the majority of Americas polled favored civil unions for gay / lesbian couples, but a minority were in favor of redefining marriage. Thus, perhaps it is fitting that the senate would pass SB1. And it will be fitting that SB1 fail to pass in the house without further amendment. Our bicameral legislature is designed to craft compromises between the long-term goals of the senate and the more-immediate will of the people as conveyed to our representatives. And I believe compromise is possible here. Much has been said and should be said about the need to balance religious liberties with the need to oppose discriminatory practices against gays and lesbians. Our pluralistic society requires that we learn to live together. Current Hawaii law recognizes sexual orientation as a protected status in terms of fair housing. It is logical that gays and lesbians would desire equal protection under the law as heterosexual couples. It is also logical that individuals be allowed to choose their personal and professional activities based on their religious convictions. Extant court cases from the mainland have demonstrated the vulnerability of individuals and particularly small business owners who have been subject to liability claims for refusing practices such as photographing a same-sex wedding or performing artificial insemination for a same-sex couple. We would not ask a devout Jew who runs a small catering business to provide pulled pork sandwiches at a birthday party. We would recognize the limitation in available services as an expression of faith rather than a discriminatory act. We need to find suitable compromises that balance the needs of individuals to express their faith with the rights of same-sex couples to participate meaningfully in our economy and our society. These compromises can be and should be hammered out through deliberate and thorough negotiations, not through a rushed special session. My personal moral conviction is that marriage between a man and a woman is the fundamental unit of

society and should be granted special protected status. I believe that marriage is ordained of God and that individuals should be free to worship according to the dictates of our consciences. However, I recognize that our laws and our government needs to balance the needs and beliefs of many different social, religious and political groups. In such situations it is the duty of our legislators to craft careful compromises rather than a winner-take-all approach to politics. I plead with the house to consider the voice of the people and to give this issue the time and deliberation it needs rather than rush through this hastily crafted bill. Thank you.

Comments: The religious interests of those opposed to this bill should have no bearing upon another citizen's right to equal treatment under the law. Effectively, one person's right to marry should not be inhibited because others oppose it. My marriage would have no impact upon another's marriage. Opposition is oppression, hatred and homophobia and cannot be the basis for law.

Comments: Leaders in whom we elect to represent our great state of aloha please let the people decide on this same sex marriage bill. This bill will effect all the lives of people in Hawaii. With such a decision please let the people vote the outcome. You have the ability to do something great by listening to the peoples vote and thus you will fulfill your obligations to the people you represent as a true and honorable legislator. Put the people that you represent before your own self and let the people decide. That would be the best outcome to always be remembered as doing what is right before doing what others expect. Aloha

Comments: To: The House Judiciary Committee Hearing Date/Time: Thursday, October 31st, 2013, 10:00AM Place: Capitol Auditorium Re: Strong Opposition to SB1 Dear Chair Rhoads, Chair Luke, and Members of both the House Committees on Judiciary and Finance: I am writing to voice my opposition to Bill SB1. I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders. In 1997, Hawaii offered the benefit of 'reciprocal beneficiary' to those that were prohibited from marrying, including same-sex couples. This benefit allowed them to receive the SAME rights as a straight couple, on a state-level. I feel, if bill SB1 passes, same-sex couples will not be gaining much more rights on a state-level, except the 'title' of a married couple. In 2006, Hawaii passed §489-3 Discriminatory practices prohibition. Unfair discriminatory practices that deny, or attempt to deny, a person the full and equal enjoyment of the goods, services, facilities, privileges, advantages, and accommodations of a place of public accommodation on the basis of race, sex, including gender identity or expression, sexual orientation, color, religion, ancestry, or disability are prohibited. In Cervelli vs. Aloha Bed & Breakfast, a private owner got sued because she stated that she felt 'uncomfortable' allowing a lesbian couple to stay in her own private home due to her religious beliefs. Now.....Bill SB1 States: Religious organizations and facilities; liability exemption under certain circumstances. (a) A religious organization shall not be required to make a religious facility owned or leased by the religious organization available for solemnization of a particular marriage; provided that: (1) The religious facility is regularly used by the religious organization for its religious purposes; (2) For solemnization of marriages pursuant to this chapter, the religious organization restricts use of the religious facility to its members; and (3) The religious organization does not operate the religious facility as a for-profit business. Bill SB1 does not protect churches like New Hope, Inspire Church, Grace Bible, etc. Their facilities do not restrict the use of their facility to only its members. If a gay couple wanted to use their facility to perform a same-sex marriage, the church would be at risk of being sued if it denied. These churches do not discriminate and allow anyone to attend church, but to force the pastors to perform a marriage they do not believe in in order to risk being sued??? Our rights of conscience and religious freedom are slowly being stripped away. Let's not forget that almost half of our founding fathers of the United States of America were men of deep religious convictions based in the Bible and their Christian faith in Jesus Christ. Of the 56 men who signed the Declaration of Independence, nearly half (24) held seminary or Bible school degrees. This bill should be given due process during the regular session where it can be properly vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will

forever obliterate thousands of years of indigenous and non-native culture, customs and traditions. 60% of all testimony submitted regarding SB1 indicated that the public OPPOSES SB1. This is a clear mandate from the people that SB1 should not advance during the special session. I sincerely hope that you will obey that mandate and vote against SB1. Your "yes" vote in special session is clearly a NO vote to democracy! Thank you for the opportunity to testify. Jozlyn Harrington Honolulu, HI P.S. Today's society is very accepting of one's race, sexual orientation, religious beliefs, etc. However, does this mean, decades from now, if society accepts incest, I will be able to marry my brother too? I am opposed to the most contentious social issue in our history being decided virtually in one week.

Comments: The people should be able to decide on this issue. I support traditional marriage between a man and a woman. I think it is a detriment to our legal system when government officials overturn a decision voted on by the people. Traditional marriage is the base family unit and as that crumbles in society, so does the stability of our country. Divorce rates have risen, focus on families have decreased and the state of our country has continually gotten worse. Listen to the voters and let us fix what you have not been able to.

Comments: In my respectful opinion, I don't think EQUALITY means demising Religious Freedom for the sake of soceity's view of marriage today. I thought that the Free Exercise Clause, in the First Ammendment, GUARANTEES religious freedom. The Religious Freedom Restoration Act prevents laws that substantially burdens a person's free exercise of their religion. So is it a burden for us church believers? Yes, it is a colossal burden because it throws away ALL the core values and principles of what a family should be and it's completely not in-line with the teachings of the church. Let's look at this fact, same-sex couples wants to get married and be "sanctified" by CHURCH leaders/priests/bishops/pastors/chaplains whose religious beliefs, authority, ceremonial services and procedures came from doctrines and scriptures, which is believed and protected not to be compromised, written not by men nor enforced by men (government) but by God. The definition of marriage, that majority of religions follow, clearly states and globally accepted that a marriage is of a man and a woman. So how is it equality, that even if our religious belief is protected by Free Exercise Clause and RFRA, the local government can just ignore these rights and ENFORCE the church to change its "policy and procedures" to cater to a bill passed by men, if not govt will impose ridiculous fines and penalties, regardless of full knowledge that the government poses immoral standards? So legislative tackles the small window of opportunity in justifying "equality" and "public service" rules and regulation to force same-marriage in religions that do not have the same vision as society, and of these visions are protected by constitutional rights. It is quite contradicting to say or claim by the SSB followers that God can only judge, which is true, but yet same sex couples wants to be married and use church leaders of any religion whose priesthood authority invested in them by the divine powers of our Heavenly Father, despite of the words and teachings in the holy scriptures, that marriage is of a man and a woman which are the very words and teaching of God himself. At this age of time, Same-sex is the new "addition" to marriage Then Mirriam can change the definition of marriage. No one is denying of the acceptance of same sex couples. But to get married through our priesthood? what about our rights, and beliefs? why are we being punished severely if we choose to reject this vision based on our religious beliefs and the rights that protects us?? that's all.

Comments: I am strongly opposed to same sex marriage and request that you vote against this bill. Marriage is an institution created by God to be a relationship between a man and a woman. This issue was previously voted on by us and a constitutional amendment approved. If such a major issue as same sex marriage is to be adopted, it should be only after another vote by the people saying that we want it to be law. It is obvious that Governor Abercrombie called this special session with the intent of rushing through its passage before the people could be adequately informed. There is not an emergency and a special session should never have been convened. The exemption being proposed for churches who allow their facilities to be used by members only is not acceptable. Many, many churches allow non-members and other organizations to use their facilities, and this would automatically eliminate this exemption for them. The church which I attend does not even have a membership roll. Our services are open for all to attend. As to the exemption being proposed for business owners who would not want to provide services for a same sex wedding, I have no confidence whatsoever that an exemption passed during this session would not be taken away in the future. Please vote no on same sex marriage! This is a matter in which you must let the people decide.

Comments: Dear House Representatives, I strongly protest and testify AGAINST the SB1 bill. Please do not let this very important issue, which needs to be investigated more thoroughly, be so easily passed without full knowledge on the impact it will make on the people in the State of Hawaii. If you would look at all the negative impact from the states that has already passed it, e.g. Massachusetts, California, you will see that we will lose control, as parents, business owners, clergy in how we want to conduct and control our own affairs. Our rights will be taken away. It would seem that if we say anything against this issue, we would be subject to citation or arrest because it will now become the law. But, that means, we will lose our freedom. An example of how we would lose our freedom is: In Massachusetts, a concerned parent just wanted answers from the school officials on why they wouldn't allow him the right to opt his child out of the classroom when the teacher was going to read a book which normalized homosexuality. For someone, who truly believes in his heart, that it goes against his religious beliefs, he should be allowed to take his child out if he can't control the fact that they have to normalize it by reading the now different types of family. What does that say about our religious freedom? You will then take that away from us and we have the right, like anyone else, to teach our children what we want to teach them without having someone force them to accept another person's view. There is NO freedom in that. Our country is built on freedom and now we are in danger of it being taken away from us. If you could promise us that we will have the right to worship the way we want to, then do what you want to do. If you can promise us that you will allow us to opt our children out of a particular subject, then do what you want to do. Otherwise, kill this bill. Aloha, Alan B. Harney A very concerned and worried father.

My name is Anne Bareng, I'm 31 years old. I'm writing this in FULL support of SB 1.

Ever since I was a kid I always dreamed of being married in Hawaii, in front of my family and friends witnessing me marry the person that I truly love. Now, I see my dream being crushed because the law denies me that right. I'm severely disappointed with the law. Marriage should not be defined as "between a man and a woman," marriage should be defined as "marrying the person that you truly love and are completely happy with." Isn't that what a marriage truly is? Being faithful, devoted and having your undying love for that one person.

I've been in a committed relationship with my partner for 4 years and it's been the happiest 4 years I've ever had. I can't imagine not being with her. She is my everything, I would do anything for her. The one thing I want to do, I can't. I want her as my wife. I want to walk down that aisle, wait for her to walk towards me all beautiful in her white wedding gown...both of us to tear up because we are soo happy to be finally married. To hear... "I would like to introduce for the first time....Mrs. and Mrs. Anne Bareng (If she'll take my last name that is). Just thinking about it brings tears to my eyes. I was completely thrilled when 'civil unions' became a law. But, was shortly shot down when I found out that with a 'civil union', not all the same rights was given.

With this law being passed, you will be giving the right to marry to everyone, the way it should be. I hear the opposing side saying that gay marriage is going to affect society. Being married to another person should not have any affect on anyone else's life other than their own. Everyday people get married...and their marriage has not affected me one bit. Because at the end of the day, love is love.

Thank you for you time and consideration in passing SB1. I am in full support of SB 1.

My name is Dawn Uehara, I am a registered voting resident of Hawaii and reside in Mililani for the past 13 years. I have been voting and volunteering in the polling precincts for the past 11 years; counting 22 combined primary and general elections. Thank you for the opportunity to provide input to you and your colleagues. In order to get better educated on this subject, I have consulted with friends and attorneys with years of experience in religious freedom issues. I have learned that the following are a few of the reasons the bill does not adequately protect religious liberty. I have also watched the "Informational Briefing on Special Session 2013" on the Olelo Channel and I have done my own research. I've spoken to people from Canada and California about the effects that they had regarding same sex marriage. Allowing this bill to pass in Hawaii will have adverse negative effect in our community and state. It will affect our churches, public schools, private schools and private businesses. It will affect your community; the same community that you took an oath to serve and represent.

Passing this bill is not in Hawaii's best interest. How can you possibly support a bill that will change our public school's curriculum? How will you be able to face those children and their parents, and their grandparents at school events like May Day and graduation, full knowing that teachers, children, families and voters of faith will be surrendering their 1st amendment rights if this bill is approved? I am a mother of 4 children, all of which attend public schools in your area.

Now if you think by any means that I am a homophobe, or a bigot.....is what the LBGT community is calling us, you are terribly mistaken. I have gay and lesbian family members and friends. And I allow my children to be a part of their lives. We love them whole heartedly. But they know where my family and I stand in our chosen religion on the same sex marriage issue. Even if we disagree, we can do it respectfully.

Thousands of people like me who are fighting to preserve our religious freedom of all faiths believe that Marriage in a church is a sacred covenant and promise set before God should be between one man and one woman. Not with two men, or with two women. The laws of the church are set by their governed principles of the gospel. They are set by a higher law, the law from God. These churches are sacred to their members, a place of worship. You will be contributing to the fall of the sacredness of all of the churches within your district. The voters will never look at you the same. I was among those 4 thousand plus people at the State Capitol this past Monday chanting, "Let The People Decide!" After all, "We The People", were the ones who put you into office. Marriage does not need to be redefined. Marriage predated government. Marriage is holy.

The exemption language on page 7 addresses only the narrow issue of making "a religious facility . . . available for solemnization" of same-sex marriages. (Lines 3-5.) That is far too narrow. It is not only "solemnization"—the legal and typically religious act of formally joining two people in marriage—that is a problem for religiously affiliated organizations. The bill provides no protections against lawsuits seeking to force religiously affiliated organizations with sincere religious objections to accommodate celebrations, receptions, parties, and other events associated with same-sex marriages. Nor does it provide any protections against efforts to force religious organizations to service or cater such marriages. And of course, as a separate matter, the section provides absolutely no protections for individuals or very small businesses whose sincerely held religious beliefs prohibit them from

participating in same-sex weddings, such as the deeply religious photographer. The religious conscience rights of such individuals are simply ignored. In sum, exemption is too narrow. The protections in section 572-G on page 7 begin with the false assumption that the only real religious liberty issue is the use of a “religious facility” for “solemnization.” That is one issue, to be sure, but by no stretch the only one.

The protections are limited to “religious organizations,” which is not defined. What about wholly owned/controlled subsidiaries or affiliated entities of religious organizations, such as religious schools and universities? Are these places, which often have profound religious significance, entitled to any protections under the bill? It does not appear so.

By requiring that a religious organization “restrict use of the religious facility to its members” (page 7, lines 9-10) in order to qualify for the purported protection, the bill would protect very few if any religious facilities, because even exclusively religious, nonprofit facilities are often used to marry people who are not technically “members” of the faith community. For example, if the grandchildren of members have ceased to be members of a church but the church still allows them to get married in its chapel at their grandparents’ request, the current language of the bill would deny that church any protections from having to make its facility available for the performance of same-sex marriages. That is unreasonable, grossly unfair, and likely unconstitutional. I understand that no other religious exemption in the country is so limited. Lines 8-10 should be deleted.

And most troubling, the entire exemption is illusory. The bill’s heading (lines 1-2) purports to provide a “liability exemption,” but in reality it provides no exemption from anything at all. How can that be? Because after reciting the purported exemption in lines 2-17, subsection (c) takes away any such protections that may have been provided by saying that no such protections shall apply “if the religious facility is a place of public accommodation” under Hawaii law. (Lines 20-21.) But the exemption in subsections (a) and (b) has meaning only if it protects against suits based on Hawaii’s extremely broad public accommodations laws, since that is the only basis in the first place for bringing a lawsuit for not allowing a same-sex marriage in a religious facility. In short, subsection (c) renders (a) and (b) meaningless while giving the illusion of protection.

And most importantly, advocates will be emboldened by the lack of any real protection to affirmatively argue that places of worship are generally places of public accommodations if they do not meet the three criteria in subsection (a). (See lines 6-12.) Thus, the bill’s meaningless exemption for religious facilities will not only fail to protect religious liberty but may well be used to affirmatively abridge it.

I hope you will seriously consider the aforementioned concerns. These are matters of great concern to the religious community and your constituents. Thank you for your consideration of these serious

issues, and thank you for your service to our State as Senators and Representatives

Ua Mau Ke Ea O Ka Aina I Ka Pono!

Re: SB1 Relating to Equal Rights
Thursday 10/31/13
10 a.m. Capitol Auditorium

I am in full support of SB1.

I find it ironic that religious organizations and religious leaders who proclaim a deep love and acceptance for the people of Hawaii, would, at the same time, restrict the rights of a segment of Hawaii's people.

Perhaps fear is stronger than love, understanding and acceptance.

Please vote in favor of SB1.

Thank you for the opportunity to submit this testimony.

For House Judiciary and Finance Committees
Thursday, 10/31/13 at 10:00AM
SB 1 Relating to Equality

WRITTEN TESTIMONY in OPPOSITION to SB1 Relating To Equality

TO: Honorable Chairs Rhoads & Luke , Members of the House Judiciary
and Finance Committees

According to Webster's dictionary the definition of Marriage is "mutual relations of husbands and wives, institution whereby men and women are joined in a special kind of social and legal dependant for the purpose of founding and maintaining a family. Husband means a married man, and wife means a woman acting in a specified capacity."

In the Holy Bible, Marriage has been sanctified, ordained as a union between a man and a woman.

The dictionary and the Holy Bible have existed for centuries. No one should re-define the word Marriage, which has stood strong in America, and make up a law conveniently to satisfy a minority of people.

Same Sex couples demanded and won Civil Unions rights. Therefore, Civil Unions is the appropriate name. If they now want another name, other suggested words to use could be 'Same Sex Partnership', or 'Special Couples'. In other words, it is wrong to mix the same gender couples with traditional opposite gender couples, and put them together under the word 'Marriage'.

No matter how much Same Sex couples are demanding for equality, in life, no one can have everything they are passionate about. This is also not a case of equality, since they are same in gender. But traditional married couples are not the same in gender – therefore we cannot be equal under the word marriage.

So it's not right to have Same Sex couples lumped with all of us traditional married couples and call all of us the same - marriage. They shouldn't be treated like 'spoiled children demanding to have their way and always getting what they want'.

There must be other more important issues before you that are worthy to becoming laws that will benefit all of the people of Hawaii.

(continued on 2nd Page)

(Cont. OPPOSITION to SB 1, House Judiciary & Finance Committees)

Please do not be swayed by the moment and rush into a hasty decision. But look at the truth, what is right and wrong, and not be deceived by their miss-use of the word equality.

Hopefully, the decision will put us with the 35 states holding on to the fundamental American truth of what Marriage really represents, and not hurry to be part of the 14 minority states.

Thank you and God bless you.

Re: Strong Opposition to SB1

Dear Chairs Rhoads and Luke, and Members of both the House Committees on Judiciary and Finance:

I am writing to voice my opposition to Bill SB1.

The Democratic Party seems to have their own agenda and will not let the people speak. This new law is being forced down our throat and I know in my heart that this bill will pass no matter what the people say. One argument I hear is the money the state can make by passing this bill. Why do you treat our state like a prostitute, selling our values for money? I've always been a Democrat, but this will be a shameful day for your party. In the future you will wonder, "Where did our social values go, what has happened to Hawaii?" You have condemned the future generation of Hawaii and you will have been the cause of it. This was a missed opportunity for our State to stand strong and be recognized as someplace special.

If by some miracle this bill is not passed during this special session, my faith in the Democratic party will be restored. The bill may pass later but all we're asking for is a voice which is not now being heard.

Thank you for the opportunity to speak my mind.

Re: **Strong Support** of SB1, Relating to Equal Rights

Dear Members of the Committees on Judiciary and Finance:

I strongly support SB1, and I hope that the Legislature passes this bill.

Marriage equality is long overdue – it's important for Hawaii's families, and it's the right thing to do for our state.

Thank you for this opportunity to testify.

Thank you very much,

Deborah Zysman
Kamehameha Heights

My name is Faaiuina Halemano and I oppose Senate Bill 1 as a believer in God and as an educator. Passing Same-sex marriage bill is like opening Pandora's Box. The effects of what will happen to our society, community, culture and schools will be damaging. Higher crime rates, out bursts of violence because the people are being mistreated, dependence on welfare, single parent homes, teen pregnancy and STD's. What will be introduced in the school's curriculum to accommodate the valid definition of what family and marriage means will instruct young kids how to have sex in many ways. If this passes and new resources are placed in the schools to accommodate I would like you all to come and teach the youth and kids. We're not you're puppets! This is Gods land, created and soon enough destroyed by Him. This sin will be upon your heads because God will not be mocked. You've been warned.

Aloha,

I humbly request that you vote "No" to same sex marriage at this point in time. This issue requires a significant amount of discussion and time for the people of Hawaii to consider. It is not something that can be run through legislature without the voice of the people. Please give this issue the time and the vote of the people it deserves.

Mahalo,

Bob Drummond

Re: **Please oppose SB1**

Dear Chairs Rhoads and Luke, and Members of both the House Committees on Judiciary and Finance:

I am writing to voice my **opposition** to Bill SB1.

Many states have adopted legislation that re-defines marriage to include same sex couples and according to an article on page A-13 of the September 20 edition of the Wall Street Journal, same sex marriage legislation has had a devastating impact on citizens who decline to serve same sex ceremonies due to religious conflicts. For example:

- A florist in Richland, Washington, was sued by the State Attorney General and the American Civil Liberties Union.
- A Christian couple that owns a bakery in Gresham, Oregon closed their shop because the State launched an investigation into their religious objections.
- The New Mexico Supreme Court upheld a \$6,637 fine against Elane Photography, stating that being “compelled by law to compromise the very religious beliefs that inspire their lives” was “the price of citizenship.”
- Many County recorders, magistrates, judges, town clerks, and justices of the peace in Iowa, Massachusetts, and New York have resigned because they were told that refusing to perform services for same sex couples will result in criminal prosecutions for misdemeanors or other sanctions.

These incidents are occurring in states whose legislation includes robust and specific protections for First Amendment rights. The Hawaii Bill SB1 contains no such protection. It contains a religious exemption, but it is far from adequate to protect the religious freedom and the freedom of speech for individuals, and does not protect religious facilities.

For these reasons, I strongly urge you to **oppose SB1**.

Thank you for the opportunity to testify.

Sincerely,

Ronsten Andrade
Keaau, HI 96749

To: Hawai'i State Senate Committee on Judiciary and Labor
Re: Testimony in support of S.B.1, Relating to Equal Rights

Aloha Chairman Hee and members of the Senate Committee on Judiciary and Labor,

Thank you for this opportunity to present testimony ***in support of SB1, Relating to Equal Rights***. I am a local happily married heterosexual resident of Hawai'i who strongly believe that all couples should have equal access to federal rights and benefits afforded to heterosexual couples across the country. Being raised in Hawai'i has taught me to embrace our island's values of aloha, diversity, and equity. SB1 is a significant step that will demonstrate the Hawai'i State Legislature's respect for these values for all our citizens.

As a professor at the University of Hawai'i who conducts research to promote community wellness and health equity, I find it unacceptable that any Hawai'i resident in a loving and committed relationship would be denied the option of acknowledging and celebrating their union through marriage. Marriage provides countless benefits that are not accessible to unmarried couples or couples joined through civil unions. In addition, numerous studies have found that family and community acceptance is a strong protective factor for a variety of health behaviors for LGBT individuals who often face discrimination and hatred on a daily basis (Liu & Mustanski, 2012; Ryan et al. 2009; Toomey et al, 2011). I strongly believe that passing SB1 will ultimately help create a healthier community for all.

On a personal level, many of my colleagues who are LGBT are true role models of dedicated and caring relationships for all couples regardless of sexual orientation. As a mother, I want my daughter to grow up in a community and a State that truly embraces the values that I grew up with-aloha, diversity, and equity.

I encourage you to vote in support of SB1. Thank you for your time.

Mahalo,

Jane Chung-Do, DrPH

Wesley Higuchi
House Judiciary Committee and House Finance Committee
The Honorable Chairs Karl Rhoads and Sylvia Luke
Hearing on 31 October, 2013 @ 10:00 a.m.
Senate Bill 1

OPPOSED

WRITTEN ONLY

My name is Wes Higuchi and I reside on the island of Maui. I grew up on Oahu, went to the University of Hawaii, and met my future wife with whom I am still happily married to.

I served on the ASUH senate for several years and interned at the legislature for one session. And I am opposed to this bill for several reasons.

1) Marriage is between one man and one woman as described by Holy God

Whose wisdom do you trust most? A God that you cannot see, comprehend, or understand His ways, yet your deepest soul confirms? Or a group of humans, just as imperfect as each of us. Humans are not fully trustworthy and don't have complete wisdom. How can we expect to set morality at human standards? Morality must be set by a higher standard and that standard is not man's view of equality or rights, but God's standards. One of the things that confirm who God is, is His character. Our inability to see, comprehend, or understand Him confirm who He is.

I support God's Word that says that marriage is the uniting of one man and one woman in covenant commitment for a lifetime. And as some people have said, I also wholeheartedly agree, we as a nation and as a church have not honored God's Word in marriage. But that doesn't mean we dishonor God even more, but that we encourage the Biblical model for marriage (sacrificial, lifetime love between a man and a woman).

We may not personally agree with the Bible, but that does not take away the fact that it is true and trustworthy. I may not agree that using my cell phone when driving is dangerous and I can argue that it fringes on my right to free speech and my right to equality with passengers who can use their cell phone, but I would still be breaking the law. And just as much as I as an individual cannot change traffic laws no matter how much logic and unfairness I have from my point of view, we cannot change the truth no matter how much we debate it.

2) The people have already spoken

When the people of Hawaii voted in 1998, the people voted to direct our leaders to reserve marriage for opposite sex couples, (Article 1, Section 23, Hawaii State Constitution). This was very clear to voters on what they meant. The legislature was given the authority to reserve marriage for ONLY opposite sex couples. Yet now, our Attorney General is saying that the statement obviously gives the legislature the authority to reserve marriage to whoever they want. This creates a lot of distrust of those in government if they can twist the original intent and meanings of law to support their own personal desires and intentions.

3) The legislature has no authority to change the decision of the people

Part of the amendment to the existing legislation deletes this existing part of section 572C-2 - *The legislature finds that the people of Hawaii choose to preserve the tradition of marriage as a unique social institution based upon the committed union of one man and one woman.*

This confirms that the legislature understood the intent of the people was to preserve marriage between one man and one woman. This is the authority that was given to them. The legislature does not have the authority to now define marriage as they see fit.

Please take a step back and see that this is not an issue for any legislature or court to decide, or even the people. The authority belongs to a Holy God who has perfect wisdom, perfect love, and perfect reasons for His guidance that if we believe and follow are for our ultimate good (not our temporary earthly good, but our ultimate eternal good).

I appreciate the opportunity to give testimony on this very important matter.

SB1

Submitted on: 10/30/2013

Testimony for on Oct 31, 2013 10:00AM in Conference Room Auditorium

Submitted By	Organization	Testifier Position	Testifying in Person
Noelle Cambeilh		Support	No

Comments: Civil rights of LGBT individuals have been debated for many years with a variety of issues; employment practices, fair housing, hate crimes, military service and now marriage equality. Many of these issues have found their way into the highest courts, this past June, the US Supreme Court ruled DOMA and California Prop 8 were discriminatory and therefore unconstitutional. Some people in Hawaii say let's vote on it, why? Do you really think the Supreme Court ruling won't apply to Hawaii if challenged in court? What a tremendous waste of energy and money to even entertain such a foolish notion. The cases have already been presented, the arguments were heard and discrimination lost. The arguments being used against marriage equality here in Hawaii are all the same, nothing is different from what the Supreme Court heard and it was rejected. Civil rights are not dictated by religious beliefs but by courts of law. We urge our Legislators to support marriage equality and put an end to this discriminatory practice once and for all. Noelle Cambeilh L.C.S.W, President, PFLAGKaua'i

Please note that testimony submitted less than 24 hours prior to the hearing, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.

As a voting resident of Hawaii, I am opposed to SB1 on the belief that marriage is by current definition and by inherent principle, between one man and one woman. SB1 does not offer sufficient protection to ensure that future legal action will not be pursued against religious organizations who decide not to promote and validate same-sex marriage. Although I recognize the deep, heartfelt investment that proponents of this bill have in the issue, I personally cannot support the evolvement of a rule of law which is based solely in popular opinion and the urges of the heart. Consequently, I am morally and politically opposed to SB1.

Comments: I oppose SB1 legalizing Same Sex Marriages. Marriage is ordained of God and between a man and a woman and is the means of propagating the human race into perpetuity ... and what God hath sanctioned let no man "put asunder," or ADD THERETO! Also, you politicians have no right to leave us, the people, out of the voting process on this issue or any issue for that matter of fact. WTH do you think you are! You are representatives of the people ... and you don't vote for us and in our stead. You're nothing but fat asses, amassing power to yourselves and trying to slam your agenda down our throats. It's high time for all of you greedy politicians, who want to take away our rights, be RECALLED and CLEAN OUT THE STENCH in the State capitol.

Comments: As a citizen of the state of Hawaii and a registered voter, I ask that you let the people of Hawaii decide the definition of marriage. It is the most fair and equitable process for a bill that has such far reaching consequences, and it will allow the time for both sides to discuss how such a bill might affect the liberty of your constituents.

Comments: I feel as if we are 200 years behind...it's embarrassing and shameful that there would be any debate on supporting folks to marry and love whom ever they close what has happened to the human being to care and love for one another and to create the aloha that was so prevalent in our culture so long ago. It's pure ignorance and this crazy judgemental bs making someone better than the other because of who they love is just insanity. I am tired of this ridiculous debate and support Hawaii to get with it and make. Hawaii a Pono state by supporting the right to marry for same sex couples.

David Lewis	Individual	Comments Only	No

Comments: Honorable Hawaii Representatives, Thank you taking my testimony on SB1. I oppose the proposed legislation for the following reasons: 1. This bill is very poorly written. The bill has been rushed. Religious exemptions have not been properly protected. You have betrayed my trust on this issue. You are replacing the protections of religious liberty with a new religion, the religion of homosexuality. 2. Religious Freedoms are not protected. Our forefathers came to this country almost 400 years ago fleeing the religious persecution of England. And today you are preparing to pass legislation that begins to reverse the protections put in place by our Founding Fathers in the Constitution. 3. This vote should not be made by the legislature, this should be voted on by the people of Hawaii. 4. The unintended consequences of this bill are alarming; changes that will be made in the schools regarding what is taught about the family, businesses that will be forced to provide services in situations that they oppose for religious reasons, if this bill were to pass broad protections must be in place. Please vote against this bill, correct this legislation and let the people vote on this issue. Thank you, David Lewis

Comments: Dear House of Representatives: Please oppose the bill in support of marriage as only being between a man and a woman. I do not believe that permitting same sex marriage is required for same gender partners to have equal rights. They already have equal rights as citizens and have all the benefits afforded to them through civil union legislature, labor laws ensuring equal opportunities and other laws applicable to all citizens regardless of gender. SB ! tries to redefine marriage and does not clearly define the term "parties" in Section 572-3, it appears that a phrase may be missing. In an attempt to redefine marriage, the term "parities" is used to replace man and woman. It refers to "two individuals regardless of gender and" What? the "what" is not defined. Moreover, the precedent for defining marriage has already been set or established by the Bible. We cannot allow law to take such a careless approach to redefining marriage on the basis of the special interests of those whose equal rights have already been given. When medical, psychological, or scientific terms are defined and used in courts, their definitions are determined by the expertise of the respective professional organization (e.g., AMA, APA, etc). Given that as precedent, please allow pastoral, Biblical expert review and governance to have authority over the definition of marriage. The law would rely upon medical experts for defining a heart condition. By not relying upon the biblical experts to define marriage, we are not affording religious organizations and citizens their equal rights. Thank you for hearing my testimony and for your service to the committee. My prayers are with you. Sincerely, Mary Ann Vasaturo

Subject: Please reconsider the same sex marriage in Hawaii

I would like to voice my concern about what is to embark on the people of Hawaii. I am against the same sex marriage issue. As a Christian woman I am opposed to what the Hawaii State Government is trying to shove down our throat. Please please exercise good judgment and please listen to what your own conscience is really saying to you. Please pray about this before making a very big decision that will affect our vey fabric of life of what is moral and immoral. Thank you.

Re: Strong Support of SB1, Relating to Equal Rights

Dear Chair Rhoads, Chair Luke and members of the Committees on Judiciary and Finance,

I am writing in strong support of SB 1.

The freedom to marry the person you love is a basic freedom that should not be denied to anyone. Gay and lesbian couples get married for similar reasons as everyone else – to make a lifetime promise of love, commitment and fidelity to the person they love.

In Hawaii, we don't turn our backs on family. No member of anyone's ohana – gay or straight – should have to face shame because of who they are and who they love.

The government should not be in the business of telling people who they can and cannot marry. None of us would want to be told that it is illegal to marry the person we love.

Please pass this bill to allow for marriage equality for all of Hawaii's families.

Thank you for this opportunity to testify.

In Hawaii, we don't turn our backs on family. No member of anyone's ohana – gay or straight – should have to face shame because of who they are and who they love.

The government should not be in the business of telling people who they can and cannot marry. None of us would want to be told that it is illegal to marry the person we love.

Please pass this bill to allow for marriage equality for all of Hawaii's families.

Thank you for this opportunity to testify.

Re: Strong Support of SB1, Relating to Equal Rights

Dear Chair Rhoads, Chair Luke and members of the Committees on Judiciary and Finance,

I am writing in strong support of SB 1.

The freedom to marry the person you love is a basic freedom that should not be denied to anyone. Gay and lesbian couples get married for similar reasons as everyone else – to make a lifetime promise of love, commitment and fidelity to the person they love.

In Hawaii, we don't turn our backs on family. No member of anyone's ohana – gay or straight – should have to face shame because of who they are and who they love.

The government should not be in the business of telling people who they can and cannot marry. None of us would want to be told that it is illegal to marry the person we love.

Please pass this bill to allow for marriage equality for all of Hawaii's families.

Thank you for this opportunity to testify.

Re: Strong Support of SB1, Relating to Equal Rights

Dear Chair Rhoads, Chair Luke and members of the Committees on Judiciary and Finance,

I am writing in strong support of SB 1.

I have been married for 52 years, and in that time have come to learn that love is not gender-based. If two consenting adults love one-another and wish to marry, they should be allowed to do so. It's not my business, nor, in my opinion, the business of the State, to deny them that basic, fundamental human right.

Please pass this bill to allow for marriage equality for all of Hawaii's families.

Thank you for this opportunity to testify.

Comments: You can argue all day long about "civil rights" or "couples rights". This is a perversion of the "human rights", "civil rights", "the right to marry", and common sense in it's most direct form . It is NOT a marriage. It is a perverted relationship between two perverted people who are using you to get their perverted behaviors approved by saying their perverted behavior should be validated and considered as a "human or civil right". However, we know that two men or two women are in direct contradiction of the way our lives were created to perform. Even in nature it is proven that to continue any race, or kind of animal, or creature there needs to be a male and female connection. Even in a test tube you can not put sperm and sperm and make a baby. You must have the female egg. This is the purest form of a beautiful human being. The same sex perverted relationships are in direct contradiction of what has been and is created in it's purest form. You want to argue that everyone has a right to be perverted or deviate from the original creation of our bodies and lives just because someone wants to live in a perverted manner with a same sex person. It is not the perverted who should be protected to be able to act perverted and pervert a society. It is the rights of the human race against perverted behaviors such as murder, sex abuse, violent behaviors, drug induced, and same sex perversions, to promote and work to remain faithful to our roots in the purest form, to protect our children and society from a deviated, perverted use of a male and female body and mind. It is my right to hold to the purest form of life and recreation. To protect it and demand that our society moves from a father (male) and a mother (female) in it's purest form is every legislatures job. To protect society breakdown and family breakdown and uphold the right of the child to remain innocent and to use their bodies and minds in the purest form since the beginning of time. I might add, of which, if your "parents" (male and female) were perverted in their behaviors would not have been able to create YOU. There is nothing right about protecting a perverted group of people who want to pervert our society just because THEY want their perverted behaviors validated as "normal". It is not normal and never will be, even if you smile and approve. Throughout society's time, this small perverted group has come and gone and wormed their way into weak minded governments only to be broken apart and torn down. If they weren't you and I wouldn't be here. I suggest you look at the truth of the matter, this does not belong on the books of Hawaii. If one is perverted against the society they live in, usually they go to jail. But, you want to approve of their actions and label it with pretty words. But, you know from the past records of the world in every nation is truly a destruction of a society.
Vicki L. Nelson

Comments: Karl Rhoads, Chair Sylvia Luke, Chair House Judiciary Committee House Finance Committee Re: TESTIMONY IN OPPOSITION TO SB 1 RELATING TO EQUALITY Dear Honorable Chairs Rhoads and Luke and Members of the House Judiciary and Finance Committees: I believe a special session is inadequate. I believe that this issue needs to be taken to the polls. Those who wish to hastily push this decision to accept or reject SB 1 RELATING TO EQUALITY on the floor, are pushing this because they know they have enough votes to win their cause. I would like tell you why I think this is unwise. There will be a ripple effect. I believe that there are other solutions. The appearance of hundreds and perhaps thousands of people at the capitol and the numerous written testimonies should indicate that many of us would like this SB 1 RELATING TO EQUALITY to be decided at the polls. I think Clayton Hee played down the fact that there was a 40%-60% testimony favoring opposition to SB 1 relating to equality. Mr. Clayton Hee does this mean if there was a vote SB1 would be defeated. If this is what the public wants, how can our representatives vote in favor for SB1 Maybe they are sick and tired of dealing with the Gay issue. Some of the lawmakers are afraid to let the people's voices be heard so they want to decide among themselves. I don't believe that the 100 plus senators and representatives should decide on this complicated issue. With any thing in life, we are faced with making things too simple or making it too complicated. I think that certain leaders are leading us to believe this SB 1 RELATING TO EQUALITY is simple and straightforward. it is not. . I understand that to take it to polls will cost us money, but I would rather pay a fixed sum at the polls then to risk the possibility of having ongoing social and financial repercussions to our state and our nation. At least if we the people decide at the polls we will not blame the 100 plus senators and representatives who will be in the legislature for a few years. This SB 1 is not just about religious beliefs. This is a straw man argument. Many of the arguments are emotional. It should not be. it should be about money and social and psychological problems that future generations will face because legislators want a quick fix. Haste makes waste. THE RIPPLE EFFECT. The solution, passing bill SB 1 RELATING TO EQUALITY will change the definition of marriage. Changing the definition of marriage will change the meaning of every legal document that contains the word "marriage". I believe the solution will be worse than the so-called problem. It will affect our local economy, the national economy. Changing the definition of marriage will open Pandora's Box. IS THERE ANOTHER WAY TO SOLVE THE SO-CALLED "SB 1 EQUALITY PROBLEM" without changing the definition of marriage? If partners have children to take care of, there must be another way of caring for their needs without changing the definitions of words. Is there any reason why taking this issue to the polls is a problem? Will the proposed constitutional amendment House Bill 5, solve the problem? Legislators, with power comes responsibility. The things I have brought out may not

happen, but if it does happen, the onus is on you. I know what I would do. Don't be a people pleaser!!! Aloha!! Vernon Yamane 1201 Wilder Ave #1004 Honolulu, Hawaii 96822

My husband and I have two boys. We try our best to raise them on our church teachings. Through our church, God teaches marriage is one man and one woman. We believe, obedience to Him will bring blessings. Same sex marriage is against God's will. It will bring consequences to our State. It will affect our children and families. It will change traditions and bring chaos in our islands. It will invite more people from other places to come here to live in a same sex marriage place. Please protect our children, families and Island.

Re: Strong Support of SB1, Relating to Equal Rights

Dear Chair Rhoads, Chair Luke and members of the Committees on Judiciary and Finance,

We are writing in strong support of SB 1.

This is a basic civil rights issue.

The freedom to marry the person you love is a basic freedom that should not be denied to anyone.

The government should not be in the business of telling people who they can and cannot marry. None of us would want to be told that it is illegal to marry the person we love.

This issue is no different than past laws outlawing marriage between couples of different races or religions. It is the role of government to assure equal rights for all couples who want to make a marriage commitment.

It is time to put this issue behind us and allow equal rights to marry to all couples.

Thank you for the opportunity to testify.

Re: Strong Support of SB1, Relating to Equal Rights

Dear Chair Rhoads, Chair Luke and members of the Committees on Judiciary and Finance,

I am writing in strong support of SB 1.

The freedom to marry the person you love is a basic freedom that should not be denied to anyone. Gay and lesbian couples get married for similar reasons as everyone else – to make a lifetime promise of love, commitment and fidelity to the person they love.

In Hawaii, we don't turn our backs on family. No member of anyone's ohana – gay or straight – should have to face shame because of who they are and who they love.

The government should not be in the business of telling people who they can and cannot marry. None of us would want to be told that it is illegal to marry the person we love.

Please pass this bill to allow for marriage equality for all of Hawaii's families.

Thank you for this opportunity to testify.

Aloha Representative Lee,

I agree wholeheartedly with the sentiments expressed by Mr. Patterson in his spam email to you, me, and who knows who else, from earlier this afternoon. (I received TWO copies of his lovely unsolicited email! Lucky me.)

Marriage should be restricted to one man, and one woman, as prescribed by the church. Good for them. Go in peace, my brothers and sisters, and enjoy your marriage. Woe be to the abominations which do not share the appropriate biological apparatus to qualify for the blessings of Jesus which allows two people to love and care for each other.

HOWEVER! I also strongly believe in equal treatment under the law, and the separation of church and state. To that end, what I advocate is for THE REMOVAL OF ALL SPECIAL PRIVILEGES GRANTED BY THE STATE AND FEDERAL GOVERNMENTS UPON MARRIED COUPLES.

There, all fixed. Everybody equal. End of argument.

Church gets to keep its sanctified marriage, and the GOVERNMENT GETS OUT OF THE MARRIAGE REGULATION BUSINESS. The church gets to grant all the special privileges within their power (and pocketbooks) upon "married" couples. Everybody else, suck wind.

But likewise, no special tax deductions for married couples. No special privileges for large families of six, eight, ten, or more people, who happen to be married. They'll have to apply for welfare, food stamps, and Section 8 if they want any relief from the government, beyond what their church can supply, just like everybody else.

Oh, you want visitation privileges when your married spouse is in the hospital? Sorry, equal treatment under the law. You're not allowed unless you are family. You're married? OK, but what does that mean, under the law? Nothing. Sorry. Please present your birth certificate at the door to prove you are related by blood, not church decree.

Simple, huh? Isn't it much better like this, where nobody gets special treatment?

Yup. One man, one woman. You've got each other, but other than that, you're on your own, just like everybody else.

Aloha,

Blaine Fergerstrom

Aloha Representative Lee

Appreciate ALL your hard work on behalf of your constituents, I've been a local resident in Hawaii since 1972 as well as a Mililiani Town resident since 1976. May I STRONGLY voice my humble opinion as a constituent on the same sex marriage vote for being against it based on current law GIVING common law rights to the gay community since there is already a provision since 1998 (date may be wrong, my apologies) by nigh 70% vote stating marriage being EXCLUSIVELY defined between opposite genders (a man and a woman). Changing current public socialness undermines Pandora's Box from staying shut, this is due SPECIFICALLY for traditional marriage, which I most strongly believe in, purposes of being able to create alongside extend humanities existence which CANNOT occur NATURALLY via same gendered people without science helping out.

Also, laws for religious freedom alongside freedom of speech will be SEVERELY LIMITED in scope and design to just satisfy a small group. Moreover, however, with said above Hawaii legislation in current tact defining marriage, the Supreme Court STILL left marriage's definition to the INDIVIDUAL states NOT giving legal federal authorization to override a states' ALREADY defined view on marriage. Appreciate your vote to be "no," may I thank you for your time, energy, & patience.

Comments: Hearing on SB1 Relating To Equal Rights Committee on Judiciary/Committee on Finance 10/31/13 10:00 am Chair Rhodes, Chair Luke, Vice Chair Har, Vice Chair Nishimoto, Vice Chair Johanson, members of the Committee on Judiciary and members of the Committee on Finance, I strongly urge you to vote no on this bill to protect my religious freedom and maintain a safe place for my children and their children. I choose to become a US citizen so I can vote. In 1998, the majority of the people in Hawaii, including myself already voted no on this issue. We are asking you to voice our opinion as our representatives and to vote no on this request made hasty by Governor Abercrombie. I have nothing against homosexuals; however, they can not exercise their right by taking away my right through changing the definition of the word marriage. I do not want my children to be forced to expose themselves to homosexuality by bureaucrats before they are mature enough to understand sexual relations (based on "one-size fits all" laws rather than science) and I as a parent should have the right to protect my children and their children. I understand that this is not the intent of this bill, but this is what has happened in other states as a result of passing similar bills.

Comments: To whom it may concern, Please have the people vote. It will affect the future & the next generation. My family & I strongly believe in Traditional marriage. You might see it differently, but we do too. It's only right that you have us vote on it and not just the Legislators. The majority of them is saying "yes" to SB1, now that's not right & it's not fair to us people that also has a voice. Please think of the people of hawaii and have us vote! It's the right thing to do. Thank you for your time. Catherine Baitlon

Not able to be there in person to give my testimony please consider how you handle this issue on same-sex marriage very carefully not only do I think but I know that it is wrong for the same-sex to be joined in marriage God created woman for man do you love the United States whatever happened to in God we trust follow your heart and do what you know is right if this bill was to pass it would effect everyone you your family your children your children's children I don't understand how you can give rights to a small group of people and take away the rights of the majority of people that's just not right I know there's a lot of people that feel the same way as I do I recently attended a sign waving on behalf of the people who are against same-sex marriage I was there for about three hours and noticed that people in five cars Cursed us or gave us the middle finger now that is five cars out of easily over 300 cars that beat their horn or waived or cheered us on that are against same-sex marriage that there should tell you that the majority of people are against it in all fairness let the people have the say and the vote please I love all people thank you very much.

Sincerely yours Howard Yoshida from the Big Island of Hawaii.

Comments: I feel that I must express my feelings to you in regards to S.B. 1: The Hawaii Marriage Equality Act of 2013. At Monday (10/28) night's rally, there were over 7,000 plus people in support of traditional marriage. We, the people, have asked that this important issue of family and marriage, be placed before us. Let the people of Hawaii decide. Let us vote on this important matter that will affect the state of Hawaii. It should be presented to the people of Hawaii on a state wide ballot where it can be approved or disapproved by the people of Hawaii. You (the legislature) should not and cannot take upon yourself the responsibility to make a decision on family and marriage. That is our responsibility and we are capable of making that decision for ourselves and our children which this decision will affect. Please don't take it away from us. To vote "yes" on the same sex marriage issue will bring detrimental effects in the future. Learn from the past from other States that have approved same sex marriages. Decisions will always determine our destiny. May you choose to allow us to chose and be responsible for our choices. Respectfully, Jonathan Serrao

Subject: I support Traditional Marriage

As a registered voter here in our Islands I strongly support traditional marriages. There has to be another way that these couples, and their marriages can be supported without forcing it upon the populist. What happens if it does pass?? Then those who do not agree with it are supposed to live their lives without their own equality in this country. Where are their rights to be free of opposition and equality. Why should religion and those who do believe in the right of religion based on traditional marriages not be able to have their faith and reservations. It doesn't mean we frown on those who want to be married.

Please hear our voices and do not pass this bill.

House Judiciary Committee and House Finance Committee

The Honorable Chairs Karl Rhoads and Sylvia Luke

Hearing on 31 October, 2013 @ 10:00 a.m.

Senate Bill 1

Opposed

WRITTEN

I oppose this bill, or at least ask that it be put on a ballot for the people to decide.

I have lived in Hawaii since I was 16. I now am married with four kids.

I am concerned with how this will affect my children's education. I feel that normalizing and teaching a lifestyle to my children that I do not agree with is undermining my parenting.

I feel that this decision is being moved along way too fast. I don't feel it is a Hawaii decision. There is too much influence from out of state. This is another reason I believe its a decision the people to make.

Please vote against this bill. Put it on a ballot or give it more time.

Thank you.

House Judiciary Committee and House Finance Committee

The Honorable Chairs Karl Rhoads and Sylvia Luke

Hearing on 31 October, 2013 @ 10:00 a.m.

Senate Bill 1

I want to express my STRONG OPPOSITION to SB1.

Please vote NO on this bill.

I feel that injecting this into the minds of our youth and forcing people to accept same-sex marriage as normal will be a torture to many including myself and my family.

Please preserve traditional marriage in HAWAII.

Thank you for your time.

Sincerely,

Ronald & Mansueta Shum

Comments: I am oppose to this bill because it is being submitted under a false title. It say it is for equal rights, but that is assuming that people are born with this orientation. My understanding is that has not been proven, so than it is not a right, but our leaders trying to make a law justifying their life style. Let's let the people vote on this again.

Re: Testimony in Opposition to SB1 Relating to Equality

Honorable Chair Karl Rhoads, Chair Sylvia Luke, and members of the House Judiciary and Finance Committees,

This legislation is part of a culture war against marriage and family, and I join my voice with the hundreds of thousands of Hawaii residents who want to see Senate Bill 1 defeated.

I am opposed to the legalization of same-sex "marriage" for many reasons, and I pray that my comments will be seriously considered. I will try to explain briefly my most urgent concerns.

- This legislation is about giving same-sex couples "equal rights" or the same right to marriage as opposite-sex couples. Yet both the Hawaii Supreme Court and the U.S. Supreme Court have ruled that same-sex couples do not have a civil right to marriage. Marriage is not merely about benefits, feelings, the "pursuit of happiness," or autonomy. The dignity of this institution, which has been the norm in civilized societies since antiquity, lies in the importance of its social function for the common good of society, not just for the good of the married couple. This social function has traditionally been supported by the government because of the benefits to society, and because there is an inherent expectation of responsibility and obligation when people marry, even past a marriage if the legal relationship ends. Societies have recognized this social good to be the procreation and parenting of families, the building of character and thus stabilization of society, and the provision of future generations and thus the very existence and continuation of society. The complementarity of opposite-gender spouses has been taken for granted as a necessity and a norm for marriage throughout the ages, until recent decades. And we have seen the social and economic costs of weakened marriages and broken families in recent decades, due to the government's various legal and policy decisions. Same-gender sexual relationships are not for the greater good, outside the couple; they are unable to procreate. I oppose efforts by our government leaders to reduce the focus of marriage to the couple rather than to the greater purpose, and to "de-genderizing" marriage. Re-defining marriage will only serve to weaken and de-construct marriage, to the detriment of society.

- The authority and right of parents and families to pass on their values to their children will be stomped on by the newly-mandated teacher of values, the state education system. The nations and states with same-sex "marriage" have mandated that even the youngest of children be taught that same-sex "marriage" and homosexual behaviors are normal and good. One legislator has told me he thinks different legislation could prevent schools from including the LGBT agenda in the schools. This would be an absolutely unrealistic expectation, as evidenced by the number of "discrimination" lawsuits, judicial decrees, and LGBT-friendly policies of government and employers in jurisdictions with same-sex "marriage." The traditional role of government is to support parents and families in building character and moral strength; proponents of same-sex "marriage" want to take that job away from parents. When children are taught at school that various sexual behaviors, attitudes and lifestyles are good and normal, and that two dads or two moms are okay, and then are taught different values at home, the parent's parental authority, and family cohesiveness and stability, are compromised. Legalizing same-sex "marriage" would rob parents and families of their foundational role in building a civilized and healthy society. I object to the inevitable and unwanted indoctrination of our keiki by the state of Hawaii, if this bill is passed.
- Some of the negative consequences of same-sex "marriage" as shown in jurisdictions which have legalized it are the significantly higher rates of sexual confusion, sexual experimentation and promiscuity among youths. Our keiki will be taught, oftentimes without appropriate regard to their stage of psychological, social, cognitive or spiritual development, that all gender choices are equally acceptable and desirable. The message will be that marriage is only about love, feelings and autonomy, and in fact, both gender and marriage will be rendered meaningless. Children would learn, at least subconsciously, that gender complementarity and procreation no longer matter in marriage. In our over-sexualized culture, our youths already struggle to understand that marriage necessarily involves a sense of obligation and responsibility, and of permanence and fidelity, for the protection of spouses and especially of children. Marriage itself will matter less, as has been demonstrated by plummeting rates of marriage in the jurisdictions with same-sex "marriage."
- An increasing number of same-sex couples are raising children. Research has shown that the relationships of same-sex couples are significantly shorter in duration and have greater infidelity than married heterosexual couples. Research had shown that children raised by a married mother and a father thrive in a number of ways at significantly higher rates, and have fewer cognitive, emotional and social problems, than do children of single parents or of same-sex couples. Contrary to what the LBGTQ activists proclaim, gender roles do matter when it comes to the raising of children; it is a reality that fathers and mothers are innately different in their roles, to the benefit of their children. Children have a right to have a male father and a female mother, to have proper role models. Again, I object to our state re-defining marriage as gender-irrelevant, and promoting a family structure which serves to de-construct true marriage and family.
- Studies in Canada, Norway, Massachusetts and other jurisdictions have shown a higher prevalence of health and mental health problems, significantly higher relationship break-ups, children from broken families, child abuse, and domestic violence among "married" same-sex couples. The resulting increase of public health and social problems within this population has placed heavier economic burdens upon the government. I do not know the statistics as to the percentage of Hawaii's population receiving public assistance; I only know that we are the "#1 Welfare State." I think our lawmakers have not fully considered the increased health and social costs that same-sex "marriage" and promotion of homosexual behaviors will impose on our already-unhealthy, debt-ridden economy.
- I do not understand why any legislator would want to allow a minor to marry without parental consent or judicial decree. Section 3 of this bill is irresponsible: teens aged 16 and 17 (and 15 with a judge's decree) should not be allowed to marry on whim. The age of consent for sexual activity is 16, but marriage is not merely about having sex. Again, the government has traditionally supported marriage because it recognizes that marriage is associated with parenting and responsibility, a constructive and common societal good. Long-term research has shown that 30% of marriages by minors end in divorce within five years; at least 70% of under-age marriages ultimately end in divorce. Studies show that under-age marriages produce significantly high rates of long-term poverty, domestic violence, mental health problems, criminal acts, involvement of Child Protective Services, and other social problems requiring government intervention and care, thus producing greater social and economic burdens upon society.

Parents should be allowed to parent, including denying permission for their teenage children when they, the parents, know their teens are not ready for marriage.

- It is simply impossible to adequately protect religious and conscience rights of individuals, parents, organizations and businesses, and religious institutions (whether churches or non-churches) if same-sex "marriage" is legalized. The fact that there needs to be any religious exemption provision at all demonstrates to me that same-sex "marriage" is an attack on religion, personal conscience, and societal ethics. Proponents of this legislation are disregarding the ethics of hundreds of thousands of Hawaii residents; they do not seem to care that beliefs about marriage and sexuality which are currently our norm, and which have been deeply rooted in the civilized world since ancient times, would be turned upside down if this bill is passed. The fact that the word "liability" is contained in the bill demonstrates its coercive intent. Proponents of same-sex "marriage" believe that it is okay to penalize or punish those of us who believe that only a man and a woman can be married, that we cannot condone sexual behaviors outside of marriage, and that we do not want to compromise our moral beliefs or violate our consciences. We will be subject to punishment in various ways if we cannot conform to a new, state-mandated moral belief that gender is irrelevant to marriage and that same-gender sexual behaviors within marriage or outside of marriage are normal and okay.
- Although our State Supreme Court has ruled that same-sex "marriage" is not a civil right, with the enactment of this bill, the rights of same-sex couples would trump the right to express the way we live out our religious expression, as guaranteed by the First Amendment of the U.S. Constitution. This bill masquerades as an equality bill, yet stomps on the rights of conscience and religious freedom. It does not offer equal rights. For example, second grade teachers would be forced to either defy policy and lose their jobs, or painfully violate their consciences when they are instructed to read "King and King" to their students. A devout Christian photographer, who for reasons of conscience does not want to participate in any celebration of homosexual behaviors, can be sued as an act of punishment, even when other photographers are available to provide the service. A faith-based organization which chooses not to violate its moral code by renting its facilities for same-sex weddings or celebrations, can also be sued, or penalized by the state. Baptist, Catholic and other faith-based schools are vulnerable to expensive legal challenges when they will not, for the sake of their students' authentic formation in faith, hire or retain teachers who choose lifestyles which violate the tenets of faith. I find it extremely sad that any lawmaker would condone these unjust attacks on religion and on an individual's right to live according to his or her conscience without threat.
- I am not a constitutional expert, but common sense shows the impracticability of this bill's provision allowing Hawaii's courts to adjudicate divorce/separation/child custody cases of non-resident same-sex "married" couples. It will produce serious interstate quagmires for the couples involved, and it will impose upon Hawaii taxpayers the judicial costs incurred by non-residents. If the purpose of this provision is to market Hawaii as a "gay marriage friendly" state rather than a "family friendly" state, then I am ashamed.

I encourage proponents of same-sex "marriage" to become informed about the multiple negative social and fiscal implications and consequences of same-sex marriage, as evidenced by long-term research in jurisdictions that have legalized it.

I am hoping that our lawmakers will respect the moral code held by a significant majority of Hawaii residents. I also hope that they will not condemn those of us who do not condone the sexual behaviors involved in same-sex marriage. I have relatives, friends and acquaintances who have same-sex attraction, some of whom maintain a chaste lifestyle, and some of whom have suffered greatly because of their choices. We love and respect each other. They accept that my moral code requires me not to condone sexual behaviors outside of marriage. LGBTQ activists who promote same-sex "marriage" have called us opponents derogatory names and demanded that we accept them. That is conflating issues – I can accept them as people with dignity and treat them with respect without condoning their lifestyle or agreeing with their opinions. I do not personally condone many behaviors -- such as pornography, adultery, stealing, and violence -- but I still try to respect the people who commit these acts.

With regard to this special session, so many of us oppose it. It has been a rushed process. We were informed by the news media that most of our lawmakers made up their minds about Governor Abercrombie's bill long

before we could be heard. It has been clear during the last two months that the Legislature is ignoring the will of the people. The democratic process has been negated, because we the people are not truly being listened to. Earlier this week, about 100 same-sex "marriage" proponents attended the four-hour "Marriage Equality" rally at the capitol. About 7,000 people later attended the "Let the People Decide on Marriage" rally, and with several smaller concurrent rallies on the neighboring islands. The Senate blatantly disregarded the will of the people by not rejecting SB1. It seems almost fruitless to express our concerns and objections, and it is easy to question whether the will of the majority of people in Hawaii matters. I hope this perception is not true when it comes to our House members. Please hear us – that the overwhelming majority of Hawaii voters have clamored that a "yes" vote on SB1 is a clear "no" vote to democracy.

In 1998, the people of Hawaii asked the state Legislature to limit marriage to opposite sex couples. I respectfully and earnestly ask our legislators to reject SB1 and to work toward allowing the people to decide on marriage by Constitutional Amendment

Sincerely,

Sue Felix, LSW

Comments: I would like to take this opportunity to inform you that I am opposed to SB1 Same-Sex Marriage. Same-sex marriage is not a civil right. On 30 November 1998, two couples involved in *Quilter v Attorney-General* sued New Zealand before the United Nations Human Rights Committee claiming that the country's ban on same-sex marriage violated the International Covenant on Civil and Political Rights. The Committee rejected the case on 17 July 2002 and commented that 'reading of article 23, paragraph 2, is consistent with the travaux préparatoires of the Covenant. Article 23 was drawn directly from article 16 of the Universal Declaration of Human Rights, which provides, in the only gender-specific reference in the Declaration, to the right of "[m]en and women ... to marry". The travaux préparatoires of article 23 also contain repeated references to "husband and wife". Such an interpretation is also confirmed by respected academic commentary, and by decisions of the European Court of Human Rights which have repeatedly found that the equivalent provision of the European Convention does not extend to homosexual couples.' No court (including the United States Supreme Court) has ever said that same-sex marriage is civil right. In addition, there are men and there are women in the world; not men and men or women and women. It takes 1 man and 1 woman to conceive a child. Let's preserve this traditional family value. Let the People Decide on Marriage. It is my opinion that the issue of same-sex marriage should be voted on by the public just as it was back in 1998 when the majority of citizens in the State of Hawaii voted to approve a constitutional amendment against same-sex marriages. The use of a special session limits my opportunity to voice my opinion on this issue and may result in legislation that does not represent the will of the people. Thank you. Sincerely

Comments: I am a resident of Ewa Beach. I am opposed to the same sex marriage bill. I feel that this issue should be voted on by the people of Hawaii and not by a few who should be but are not representing their communities on this issue. My family and I view same sex marriage as a moral issue and not a civil rights issue. Please let the people decide this same sex marriage issue by putting it on the ballot since we and our children will all be affected by it.

Re: Strong Support of SB1, Relating to Equal Rights

Dear Chair Rhoads, Chair Luke and members of the Committees on Judiciary and Finance,

Today, we view leaders of former civil rights movements as heroes and champions of equality. It was they who fought for the minorities, the weak, and the poor. It was they who fought for those who could not stand up for themselves when the majority did all that they could to keep them subjugated. When interracial marriage was illegal in half of the contiguous United States, and priests and ministers thumped their Bibles, quoting passages that explained how interracial marriage was morally depraved, and how sure they were that it would lead to incest, polygamy and bestiality, it was they, the civil rights leaders, who kept strong, and carried on. With enough public support, and enough support from public officials, interracial marriage was legalized. The names of the opposition, lost to history, remembered only and "heartless," "cold" and "misguided." The names of civil rights leaders, written in gold, forever remembered, "warm," "courageous" and "strong."

Let me tell you a few things about SB 1, starting with what it is not.

SB 1 is not about forcing anyone to do something that they do not want to do. It is about legally recognizing same-sex marriage, so that married same-sex couples may receive the same rights and benefits that married opposite-sex couples have always enjoyed.

Moreover, there is no rational reason to deny these rights to any married couple solely based on their status as same-sex. Married same-sex couples are taxpayers, they are citizens, they are human, and deserve the same rights as everyone else.

No one, not even Evangelicals, has the right to force the state to align with their own definition of marriage. Such actions would be a breach of the U.S. Constitution's prohibition of any intermingling of church and state. The rights of not only members of the LGBT community, but also the rights of other religious and non-religious institutions should be respected, and Separation of Church and State should be upheld.

The passing of SB 1 will not only extend equality, but will also prove that the Hawai'i State Legislature is capable of upholding the U.S. Constitution.

Please pass this bill to allow for marriage equality for all of Hawai'i's families.

Stand up for the minority, for equality, for justice. Stand with us. Stand on the right side of history.

Thank you for this opportunity to testify.

Re: Strong Support of SB1, Relating to Equal Rights

Dear Chair Rhoads, Chair Luke and members of the Committees on Judiciary and Finance,

I am writing in strong support of SB 1.

The freedom to marry the person you love is a basic freedom that should not be denied to anyone. Gay and lesbian couples get married for similar reasons as everyone else – to make a lifetime promise of love, commitment and fidelity to the person they love.

In Hawaii, we don't turn our backs on family. No member of anyone's ohana – gay or straight – should have to face shame because of who they are and who they love.

The government should not be in the business of telling people who they can and cannot marry. None of us would want to be told that it is illegal to marry the person we love.

Please pass this bill to allow for marriage equality for all of Hawaii's families.

Thank you for this opportunity to testify.

Comments: Please do not pass this bill. It will be a sad day indeed in Hawaii if this bill goes through. This is a holy state in which God blesses us everyday. This state does not have as much evil as many of the mainland states do. Do not open the flood gates of hell on this beautiful state. Marriage in the bible is between a man and woman. I do not hate gay people and neither does God. God loves us all and does not want us to sin against Him. Going against what he said in The bible is a sin. I pray that this state remains holy and true. This message is not coming out of hate but out of love and concern. We do not need to "make history". And IF we do, then lets make it by standing in unity with God. Please Lord hear our prayers Amen!

Re: Strong Support of SB1, Relating to Equal Rights

Dear Chair Rhoads, Chair Luke and members of the Committees on Judiciary and Finance,

I am writing in strong support of SB 1.

The freedom to marry the person you love should not be denied to anyone. Gay and Lesbian couples want to be able to marry for same reasons as everyone else – to make a lifetime promise of love, commitment and fidelity to the person they love.

None of us would want to be told that it is illegal to marry the person we love but many people forget that it was not so long ago that this was true for non-white citizens in this nation. The American citizenry felt these laws were wrong and shameful. Through the efforts of the Civil Rights movement, anti-miscegenation laws were struck down and, in 1967, deemed unconstitutional by the US Supreme Court.

We are a unique, diverse, loving community and our Aloha spirit should not be limiting or excluding the gay members of our island Ohana from being able to marry the one they love.

The government should not be in the business of telling people who they can and cannot marry. The government should protect the people's freedom to choose.

Please pass this bill to allow for marriage equality for all of Hawaii's people, all of our island Ohana.

Thank you for this opportunity to testify.

Comments: Compromises - integrity.... Values.....beliefs..... Gods word.....doing the right thing.....our government.....our leaders..... Everything is permissible but not everything is beneficial. Same sex marriage defies Gods intent of marriage. It also is against what our forefathers and those before us tried to uphold. If this passes then what next. Do we legalize drugs because people feel they have the right to do as they please. Yes people have rights but is it the right thing to do as to pass or legalize something that compromises the true meaning of marriage. Our government is portraying their weakness in upholding what is right. What are we teaching our children. Bottom line is we are all accountable for our actions. May God bring justice to our islands our state our people. It is not the persons who we rage war against, but those who are in power that teeter back and forth on what is right, on integrity. Schools try to uphold rules and regulations for the benefit of what is right and what is legal. Students will break rules, but it would not be good if administrators give in and allow students to continue to do so. Example if we say it is okay for students to use drugs just because some students think it is okay. What would that be teaching the rest of the students who know and believe it is not good. What would that say about the leadership. We all have the right to stand up for our beliefs. Whether if it's our religious beliefs or the beliefs that we were raised on. It is not that we are judging people for their actions or beliefs but because we were taught it was right. Same sex marriage is not about the people but about our government compromising what is right from wrong. I am proud of those who stand of for their beliefs because that is what we are taught in Hawaii. Whatever the outcome people have stood up for their rights and beliefs. It is not so much about the current issue, but about standing up for what they believe.

Comments: To: The House Judiciary Committee The House Finance Committee Hearing Date/Time: Thursday, October 31st, 2013, 10:00AM Place: Capitol Auditorium Re: Strong Opposition to SB1 Dear Chair Rhoads, Chair Luke, and Members of both the House Committees on Judiciary and Finance: I am writing to voice my opposition to Bill SB1. I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders. I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session. This bill should be given due process during the regular session where it can be properly vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousands of years of indigenous and non-native culture, customs and traditions. 60% of all testimony submitted regarding SB1 indicated that the public OPPOSES SB1. This is a clear mandate from the people that SB1 should not advance during the special session. I sincerely hope that you will obey that mandate and vote against SB1. Your "yes" vote in special session is clearly a NO vote to democracy! Thank you for the opportunity to testify. I hope your vote doesn't influence my vote. Chantelle Luke Waipahu, HI

Comments: Please, please, please, uphold traditional marriage between a man and a woman. It is ordained of God and the foundation to society. I strongly oppose bill SB1. Redefining marriage changes everything for us here in Hawaii. You are making us put everything on the line to maintain our faith. Sincerely, Ian Isamu Nitta

Comments: I have many gay friends and even family and I love them ALL very much however, I do strongly oppose this bill. I wouldn't feel safe with alot of the benefits that will come with this. It makes me worry for our future generations. Again, I love everyone and I have nothing against homosexuals but I don't feel this is right or safe for our future generations.

Comments: I am requesting that you not legalize homosexual marriage here in Hawaii. Of great concern is the break-down our first amendment rights of freedom of religion. We need to protect religious leaders, organizations, individuals and small businesses from having to provide goods or services that assist or promote the solemnization or celebration of any marriage, or provide counseling or other services that directly facilitate the perpetuation of any marriage that is against their religious beliefs. I believe that traditional marriage between a man and a woman is the basis for the foundation of the family and society. This bill fails to adhere to the very basic rules of the democratic process by neglecting the rights of the citizens to vote. Stop the special legislative session and allow the people of Hawai'i to vote on the Same-sex Marriage bill. Mahalo for all of your efforts to protect religious freedom and preserve the traditional family.

Comments: Aloha My name is Kanoa Kanahele. I am a Hawaiian and I was born and raised in Kaneohe. I was born of goodly parents who taught me to love, respect, and care for others. Since the overthrow of the Hawaiian kingdom western ways have flooded our home in which we call Hawaii. Many Hawaiians have relocated or convert to western ways and forget where they came from. I feel Hawaiians have presidance over ssm and I ask you did you forget where you came from? Are you doing the popular thing or are you going to do the right thing. All of us here on earth came from a mother and father. Some families are different from others but you need a mother and a father. Not putting down people for same sex marriage but it is not meant for man to change gods will. I pray that you will consider this humble testimony and for the sake of our keiki. This is just going to be chaos and if you do vote yes, I hope your conscience will be clear when you face god and have to answer for this. In memory of our god, our freedom, our religion, our wives and children. Let the people vote. Ku I ka Pono justice for Hawaiians.

Comments: Aloha, I'm writing in regards to the marriage act that is to be heard in a special session on Oct. 31st. I OPPOSE SB1 because it denies citizens their First Amendment right of freedom of religion: a right Americans should feel proud, privileged, and secure knowing that they do. Current wording of SB 1 FAILS to protect churches, religious groups and temples from lawsuits. It fails to protect bishops, priests and other clergy members from lawsuits. The current wording would severely cripple the church I belong to, (Church of Jesus Christ of LDS) as well as other. It would also force organizations associated with these churches to restrict the way they function or be forced to shut down. Please do not violate our rights, guaranteed by the first amendment, in the name of equality. Something as influential to our communities and state as a whole MUST not be left up strictly to our legislature, senate, and Governor; but must be decided wholly by the people and citizens of this state. I strongly believe that this issue needs to be approached in a different way. It terrifies me when I think of what is to come if this law goes into effect. A special session does NOT allow for the time and scrutiny that a bill such as this requires. Please reconsider all the ramifications that need to be considered. Sincerely, Jayna Kaopua

As a voting resident of Hawaii, I am opposed to SB1 on the belief that marriage is by current definition and by inherent principle, between one man and one woman. SB1 does not offer sufficient protection to ensure that future legal action will not be pursued against religious organizations who decide not to promote and validate same-sex marriage. Although I recognize the deep, heartfelt investment that proponents of this bill have in the issue, I personally cannot support the evolvement of a rule of law which is based solely in popular opinion and the urges of the heart. Consequently, I am morally and politically opposed to SB1.

Following list consolidated from separate submissions through one source.

All testimonies in support of SB 1.

I went to the Maui News and spoke with a Advertising Sales Representative to get the actual Information on

what the Half Page ads which "These" Church Folk are buying in Discrimination against some of "God's Children", as in Same Gender couples. A 1/2 page black & white Ad on Sunday is \$1,690. On week days it is

\$1,425. A "pick Up" ad on a week day with NO Changes is \$712. With any changes the price is back to the

regular price, as in changing "The" Churches to "These" Churches. These prices include tax. Therefore, adding up all Eight ads to date (more to come for sure) "These" Church People have spent over \$10,300 on

Their ads asking you to join them in their attempt to disallow Same Gender Couples (of which even The Pope

has said, "Who am I to Judge?") Equal Civil Rights which Opposite Gender Couples share. They base this on

their narrow minded religious dogma and ignore the Separation of Church and State. Perhaps since these

Sinners are not Equal to the Pope in Humility they feel Self Righteous in spending this money Against others,

rather than helping the sick and the poor. Really, What would Jesus Do? Just imagine how many people the

Food Bank could help with this \$10,300

Oct 30, 2013

I believe in equality and the passing of this bill will be a significant step in the right direction. I understand

that there may be petty flaws in the bill that we can work out after everyone is equal in the eyes of the law. I

also firmly believe in the reasonable separation of church and state. The religious extremists opposed to this

bill are a minority. These groups send mass emails to their members to vote on the polls and bus hoards of

church goes to rallies at the capital with promises of riches in heaven and still they only can gather a few

thousand. This is a very insignificant number considering the population of the state and the homosexual

complement who certainly support this bill. "Let the people vote"? The people voted for this bill when we

elected our legislators. I respectfully ask that you exercise your powers granted by the people and vote in

favor of this bill. Thank you.

Hopefully you will also support us on our fight against the project of the Swiss government to add a amendment to to Swiss constitution saying that marriage is only for heterosexual couples.

Anton Kohler

Basel, Switzerland

Oct 30, 2013

Equal rights for gays does not impinge in any way on the rights of heterosexuals. It is shameful it has taken

this long for the legislature to act; the constitutional amendment gave the legislature to right to limit or include

everyone in right to marry.

The economic benefits that the state would reap from passing this bill would increase revenue to this already

cash strapped state. Imagine what could be done with the taxes collected off of gay couples getting married

and honeymooning in Hawaii? Not only that, they will bring friends and family out here to be married. The

marriage licenses will also generate income. And what could this revenue be used for? For fixing/upgrading

our infrastructure, helping to create energy sustainability, giving our schools better facilities; the possibilities

are endless! The federal mandate is that gay couples are to receive the same benefits as straight couples under

law. Would it make sense for any state to be against it? Its time to show our fellow man the equality that our

country was built on. Its time to extend the aloha spirit and welcome our aina and visitors as one of our own.

Hawaii

Woops--I proudly signed this on behalf of Marriage Equality--with lengthy(!) letter included--148-or-so signatures ago, but unfortunately forgot to include my last name--"Goodhue" --(Susan Goodhue)--on the petition. I certainly have nothing to hide on this issue and am proud to stand up for civil rights and liberty and

justice--for ALL. Let's get this done, Legislature! Don't fall for this pious-sounding "put it to a vote in the next

election cycle" kick-the-can-down-the-road EXCUSE. We all knew when we elected you, pro or con, where

every one of you stood on this issue and expected you to vote on this issue as we, your electorate, expressed

by voting for YOU. Take the bull by the horns, Legislature, and don't wimp out on this--as Governor Lingle

did with this SAME EXCUSE--(I'm sorry to say, in looking back on it, I voted for her--TWICE :(--live and learn). There are too many other urgent issues from controversial GMO's to sea level rise and shore-line loss

and everything else in between to drag this civil rights issue of a modern & enlightened society on and on

further. Time is of the essence. Bring closure to this. Please! Go for it Legislature! Step up to the plate!

One-third of Americans in 14 states now enjoy and celebrate Marriage Equality as do the citizens of 15 MODERN countries of the WORLD. Hawaii has always in the past been known as a progressive state. It's

time to re-verify and again PROVE that. This is it Hawaii Legislators! Get BRAVE! DON'T GET COLD

FEET ON THIS NOW! THE NATION AND THE WORLD IS WATCHING! GET THIS DONE!!! THE

RIGHT WAY!!! WITH LIBERTY AND JUSTICE--FOR ALL!!!

everyone deserves the right to love AND MARRY w-ho they choose, JUST as everyone has the right to choice of religion, of free speech, to bear arms, etc. As for those preaching GOD, did GOD turn away the Samaritan? or the tax collector? or the prostitute? or the hardened criminal? then why would GOD turn away

those who are also of Him who love those of the same gender?... that's right! He WOULDN'T!!

The story of us: We have been together for just about 15 years. We have raised one daughter who is 19 and

are currently raising a son who is 15. We teach our children about God, love, compassion, healthy boundaries

and respect. We own a home together, we have jobs and we pay bills and taxes. We have friends and family.

We face adversity and trials in our daily lives, whether it be financial, how to raise our kids or who used the

last roll of toilet paper. We buy groceries, cook and occasionally have take out. We both drive cars to and

from work. We have volunteered in our community as soccer coaches and other roles. We love each other.

We are human. We are both females. We deserve equality!!! Please vote for MARRIAGE EQUALITY!!!

Thank you for your time. Mahalo, Shannon Furomoto Jaime Ribao

Everyone deserves the same rights and privileges as the next person. Deciding that a certain group deserves

special privileges based on your religious beliefs, is still discrimination. Weddings are performed by a church,

marriages are issued by the state. Hence the reason why you have to stop by city hall for your marriage license. Separation of CHURCH and State is paramount to a healthy society.

The issue of Marriage Equality in Hawaii is not one of religious freedoms, but of civil rights. One group should not be disallowed legal status, rights, or benefits on the basis of sexual orientation. If this issue were

solely a religious issue—and despite the separation of church and state—then marriage would be legal only

through church endorsement without the need for state or federal validation/licensing. However, as it is, such

marriages would receive no state or federal benefits. Thank you for your time. I support Marriage Equality in

Hawaii.

My sister found love with her life partner who do some people think they are to tell her she cannot get married

to the one she loves? I understand that some churches don't want to let gays get married in there churches

because they don't believe in it we should not push gay marriage on them and show them kindness that they

never showed to us. Gays and lesbians should beagle to get married end of story

I am a resident of Hawaii, with a Hawaii Civil Union, currently stationed with my military spouse in Georgia.

When DOMA was struck down, I became eligible for military dependent benefits. However, our Hawaii Civil

Union was insufficient to qualify us for dependent benefits! We had make an unplanned, last-minute trip to

New York to get "married" married in order to qualify for Federal benefits. Hawaii it is time to rid the Islands

of a watered down version of equality and provide real equality!

I strongly support marriage equality for all regardless of race, religion or sexual orientation. This is NOT about any religious book, it's about a law & a license issued by the state that gives equal federal & state to all.

As a proud hard working, tax paying & voting American, I strongly believe it is the right thing to do.

165

If we are going to let the people vote on this right, because the ability to be treated equally before the law, and

pursue happiness is indeed a RIGHT in Hawaii, what rights will we vote on next? The right to free speech?

The right to a government created by the people? All rights are equal, and let us not submit someone's rights

to the passions of public opinion. When this is written about in history books (as it surely will be), do you not

want to be on the right side of history? Don't you want to be able to tell your grandchildren that you stood up

for the rights of others?

Hi, Just wanted to voice my thoughts I feel even though the world is changing but there are certain things that

should never change such as traditional marriage. our forefathers founded this country from "In God We Trust" because there is a God and we are given everythin through him. Passing this bill will not just affect

Christianity but I don't want my kids growing up in a society thinking its ok for that kind of lifestyle cause its

not ok. I support free agency and I am a law abiding citizen unless mans laws conflict with God's laws. Im Pro

traditional marriage.

Aug 3, 2013

Although I live in Oregon now, Hawaii is my home and where my family and many friends live. And really,

marriage equality is about friends and family. When someone you care about is denied the same basic rights

as you, the right to marry the person they love, to have their love honored, respected and benefited by THEIR

own government, it shamefull. I am a history teacher, so I know well these cycles of prejudice and the time

and struggle that it takes to overcome societies unfounded fears, but the time has now come for us to move

forward. Please support any bill that allows my gay friends and family to marry the love of their life, to receive the legal protections that come with marriage and to have the comfort of know that their own government accepts them for who they are -- wonderful, loving human beings. Thank you.

Thank you Senator Schatz! Yes, it is time to make equality the rule of law, and not a matter of "popularity" by

vote. We would never be where we are today if equality and important issues were decided by popular vote.

This is what the constitution and our government was created to do, to take care of America's peoples and

assure equality across the lines that often divide individuals. THANK YOU!!

The Governor should call a special session. It will allow the legislature to focus on this one issue and get it

passed. It will end the harm to constituents, whose marriages are not being recognized. It will start the flow of

lavender dollars into the state. It will provide a nice time buffer between the passage of the marriage equality

bill and the regular session.

Paul

Kapaa, HI 96746

Jul 31, 2013

People who are committed to one another should be afforded the same rights whether they are heterosexual or

homosexual. I have seen children of same sexed parents who are better adjusted than children of abusive

heterosexual parents. Sexual orientation should have NO bearing on a couples rights to marriage, insurance

coverage, or life, health, and end of life decisions. End of story.

Only 50 years ago, there were laws in some state prohibiting inter-racial marriages. Homophobia is a form of

racism, and the laws should allow people to legally marry the one they love, regardless of gender.

NO religion has a right to define "marriage" for the state, nor dictate the lives or judge the lives of others.

Opposition of this freedom is in violation of the Constitutional separation of Church and State, is not supported by science (or even for that matter much of history.)

No thank you, I would highly suggest that we refrain from having these types of marriages occur here in Hawaii. One of the major reasons is, the care and love of our children. As a Hawaiian growing up in the State

of Hawaii it has been clear to me that same sex marriage is completely the opposite of what we really should

be suggesting to our youth. What really should be said is that It is "WRONG." If these people who want to use

Hawaii as a a place of unity please consider the people that are teaching their children that the civil union act

is not the right decision to make here in Hawaii. These people are just trying to use this State as a gate way to

get married in the most beautiful place in the world. Please do not do that

This vicious discriminatory bigoted Act was rushed into law specifically to stop other states from having to

legally recognize the marriages of same sex couples in the event that Hawaii legalized those unions.

After 16

years of repression it is time for Hawaii to step up and right the wrong and to redeem itself as a state of equal

protection under the law for all its citizens. Aloha

Jun 29, 2013

As a working, tax-paying citizen of Hawaii for 25 years, I urge all law-makers to give gay and lesbian couples

in the state the same rights and benefits (which we already pay for) as all others. This is a civil rights issue. In

the 1960s leaders would not have asked the public at large to vote to decide the rights of a minority. Real

leaders would do what Mr Schatz is doing - he is acting to do what is right rather than asking voters to decide.

Its time to reverse the lack of decisions made by Hawaii leaders in the 1990s and create equality once and for

all. Hawaii was the first in the US to allow inter-racial marriage, it won't be the first to allow same-sex couples marriage, but it will join a growing number of states willing to protect all their citizens.

I just got married to my partner in New York, but living in Hawaii, I can say we would have loved to have had

our wedding in Hawaii-nei, and gladly brought all of that money we spent in New York here to support our

local economy!

Its time that as a US Citizen and tax payer that I have the Constitutional Right to all the benefits allowed my

heterosexual counterparts. As a single lesbian on the IRS tax forms, I pay the highest taxes and yet my partner

will not be allowed the same benefits to social security, taxes breaks, inheritances and life decisions in a hospital or court setting even though she will have endured the same responsibilities of a legal spouse for all

these years. Make this change for equality that other countries have had for tens of decades. I am a Native

American Indian and suffer the confusion of church in state biases. I've paid my taxes for 34 years and have

supported the very laws that would see me as not a citizen at all but someone who doesn't deserve being

protected by The Constitution. I am a teacher of children who is given the task of trying to show what makes

our country great. Help me continue my efforts in explaining that our country isn't controlled by the wealthiest

10% but that our country can change when people come together and speak out against injustices. We the

People, not We The Wealthy Minority who speak only for themselves and can buy lobbyists. Injustice is injustice and our country is better than this; that is can be bought from our founding fathers. Do you really

think there were no gay people when the constitution was written?

Aloha kakou, As a descendent of the indigenous people of Hawai`i, I say do what is "PONO" for all the peoples of Hawai`i nei regardless of ethnicity, ancestry, gender or religion. This is a basic 'Civil Right' it is time the State of Hawai`i recognizes the rights of all same-sex couples to marry, end this second class citizenship.

We call upon Governor Neil Abercrombie to order an immediate Special Session of the Hawaii State Legislature to address the inequity in state law post decision in United States v. Windsor. Hawaii's civil

unions law legally enshrines discrimination in violation of the Fifth Amendment. Hawaii's discriminatory marriage law must be repealed and replaced with full marriage equality for all, including all same-sex couples.

The time is now. There are no excuses!

We need a strong leader to call for a special session in order to pass a marriage equality bill now. As of yesterday Hawaii Civil Unions effectively denies committed couples 1,140 rights and protections. This is not

longer about what is good or right. It is about what is legal under the constitution on the US. To deny same-sex marriage rights is unconstitutional.

Love is love. How come a woman can meet a random man in a bar and get married to him five minutes later

and that is legal, but two men or two women who are fully committed to each other cannot get married? It's

unfair in all aspects. Everyone has the right to love and be loved. Love is not a political statement, it's a personal experience. Simple as that.

Why would each State have to waste legislators' time to "pass" a verdict by the US Supreme Court. Are there

no ways more efficient? Would each County have to "pass" it too?

I am against same sex marriage. I believe that a marriage is a covenant between a man and woman. If same sex marriage is allowed, it goes against the purpose of marriage, which is the existence of the human race. We also need a moral atmosphere that can help in the upbringing of our future children. An absolute NO to same sex marriage!

RE: Testimony **Strongly SUPPORTING SB 1**, Relating to Equal Rights
Thursday, Oct. 31, 2013 10:00 a.m. Auditorium

I am Teresa Bill, testifying in **strong support of SB 1** which recognizes marriages between individuals of the same sex. Such recognition by the State of Hawaii will provide equal access to the same rights, benefits, protections and responsibilities of marriage that opposite-sex couples now receive.

It is important that all workers receive equal access to the benefits of our labor.

My gay co-workers must pay more for health insurance for their families, and are denied access to important federal benefits, like social security benefits for spouses, until their marriages are recognized by the State of Hawaii.

SB1 provides balance between our desire for religious freedom and civil rights. The ACLU, as an advocate for all constitutional protections, has assisted with crafting language to ensure such balance. The right to believe and practice our faith is a cornerstone of our community and constitution, as is the right to be treated equally by the State, as an institution that grants economic and social benefits through the institution of marriage – “civil marriage.” Under SB1 "Holy matrimony" will remain holy matrimony, as defined by each church. Changing the legal definition of marriage for governmental purposes, i.e. “civil marriage,” has no impact on how a church chooses to define marriage.

Marriage tourism is big business in Hawaii i but churches who assert their right to restrict the use of their facilities to those who agree with them, cannot have it both ways – the right to restrict as well as the right to run a business that serves the general public. Our principles are often put to test by economic consequences. If churches run **for-profit**, public accommodations as part of marriage tourism, this is **business activity subject to equal access**, not religious activity protected by the first amendment.

Finally, legally recognizing the loving relationships and families of both same-sex as well as opposite-sex couples is the right thing to do. Families are a cornerstone of our community and we, the State of Hawaii i, need to legally recognize and end 2nd class status and discrimination against our gay neighbors and familymembers. Same-sex couples head families, and they deserve and need the same rights and protections as other families. Love makes a family, but State discrimination imperils our families.

Please support SB 1 establishing marriage equality in Hawaii i and full legal, economic and social benefits to all our families.

Thank You, Teresa Bill 1302 Koko Head Ave. Honolulu, 96816

Re: Strong Opposition to SB1

Dear Chairs Rhoads and Luke, and Members of both the House Committees on
Judiciary and Finance:

Please protect the moral fibers of our society—the family—and vote NO on SB1.
This testimony is to voice my strong opposition to SB1.

I am asking you to allow the people to decide on the issue of marriage, as I believe
the legislature is going against the will of the people. I support equality for all
including the rights of conscience and religious freedom, which I ask you to respect
as our elected leaders.

I am opposed to the most contentious social issue in our history being decided
virtually in one week and ask that you please uphold the principles of our nation
and the democratic process, which are being disregarded in this special session.

It is the government's duty to protect the freedoms that our forefathers have
sacrificed their lives for.

By voting "yes" to this bill, you are supporting the moral decline of our society.
Please vote "NO" on SB1 and protect our ohana, our keiki and the FREEDOMS that
this country has been founded upon.

Thank you for the opportunity to testify.

Re: TESTIMONY IN OPPOSITION TO SB1

Dear Chairman Representative Karl Rhoads, Vice Chair Representative Sharon Har,
Members of the Judiciary Committee

I strongly urge a "NO" vote on SB1.

Marriage is an institution created by God to propagate the next generation. The State recognizes this principle by providing special rights and benefits to support parents in this financially, physically, and emotionally costly endeavor.

Common wisdom and settled science clearly show that there are significant differences between males and females. In light of these differences, societies have knowingly designated marriage to be between a man and a woman to assure the best possible chance of success in raising the next generation.

Are we now, in our conceit, disregarding this truth and common sense and over turning this principle?

Do you fully comprehend the cascading destructive forces you are about to unleash upon the institution of marriage and family in the years to come?

I hope you re-consider your actions as the future of our children depend upon you.
Thank you.

Honolulu, Hawaii 96821

I am a registered voter from Hamakua District on the Big Island of Hawaii. I OPPOSE the SAME SEX MARRIAGE BILL!!!!

I DO NOT SUPPORT THIS BILL AND WISHED TO HAVE THE PEOPLE VOTE RATHER THAN OUR ELECTED OFFICIALS.

I do not support Governor Abercrombie because I feel that he is in favor of this bill for the purpose of generating monies into the State of Hawaii and to supposedly lower taxes. Forcing his views which is not in the interest of the people of Hawaii.

I did not vote for him because of his tactics and his past political handling in Washington DC. He is not looking out for and in the best interest of the people of the State of Hawaii.

Please, please, reconsider.

Also I am very concerned about my RELIGIOUS rights, beliefs, values, traditions and my belief in God. I believe that it should be a man and a woman, it is obvious that same sex cannot have children therefore we ought to leave it the way God created it in the first place.

WE ARE IN DENIAL IF WE THINK THIS WILL WORK IN HAWAII, IT IS NOT WORKING IN FOR THE OTHER 15 STATES.

IN CLOSING I am upset that we are rushing this session and process so quickly.

Re: Strong Opposition to SB1

Dear Chairs Rhoads and Luke, and Members of both the House Committees on Judiciary and Finance:

I am writing to voice my opposition to Bill SB1.

Marriage between a man and woman is important, sacred and ordained of God. I fear this bill will create an environment in schools in which teachers are forced, regardless of personal convictions, to teach that same sex marriage is an acceptable substitute to traditional marriage, which it is not. Should this bill pass, the school curriculum will change and our children will be taught principles contrary to our faith. How then, will we be able to voice our concerns in the educational arena regarding same sex marriage as taught in schools without facing legal repercussions? We cannot redefine marriage without pitting the conscience of the faithful against the law of the land.

Thank you for the opportunity to testify.

Testimony in **opposition** of SB1
Relating to the Redefinition of Marriage

Committee on Judiciary
Representative Karl Rhoads, Chair
Representative Sharon E. Har, Vice Chair

Committee on Finance
Representative Sylvia Luke, Chair
Representative Scott Y. Nishimoto, Vice Chair
Representative Aaron Ling Johanson, Vice Chair

October 31, 2013
10:00am Auditorium

Chairs, Vice Chairs, and members of the Committees:

I oppose SB1 because of what it will do to the thinking process of our society, specifically our children. Growing up and accepting believe that it's okay for men to make love and be married together and receive the same rights as a man and woman as far as government financial help and so on is not fair to potential children of these gay parents. Children being raised and confused knowing whether being gay is right or not is not fair. They have no choice to be in that situation. If they grow up opposing being gay then that means they'll be opposing their parents. I oppose this because it is a commandment from God saying that men and women only are to be married. I have friends who are gay and do like these people. But I do not believe being gay entitles you to be married and have the same rights as a man and a woman. I think the next generation will start to lose more and more of our moral standards. Soon other things can be acceptable and more confusing issues to our young generation. For example, if marijuana is legalized, then children will grow up believing it's okay to smoke marijuana. I see how today's society is slipping further and further away from what is right. I would hate to see how my grandchildren will grow up in this society. We need to maintain our values to maintain one of the greatest places and countries we have to live in. I think that if the majority of the people vote and agree that it is okay to accept marriage equality, then it will be easier for me to accept it as a law. It will be more difficult for me to accept if I knew it was decided by just a small group of people.

Britney Carey
Hilo, Hawai'i

Thursday, October 31, 2013
Testimony in Support of SB1, Relating to Equal Rights

Aloha,

My name is Britney Carey. I was born and raised in Hilo, Hawai'i and am currently a graduate student at the University of Hawai'i at Hilo. I am submitting this testimony in strong support of SB1.

As I am sure you know, the Supreme Court of the United States recently found the Defense of Marriage Act, Public Law 104-199, unlawfully discriminatory against married same-sex couples because it denied these couples certain federal rights, benefits, protections, and responsibilities. This decision has made it clear that the right to marry, regardless of one's sexual orientation, is a civil right, and should not be dictated or defined by religion or religious organizations. Although Hawai'i's current law allowing same-sex couples to enter into civil unions does extend to those couples the same rights, protections, benefits, and responsibilities as marriage, such unions are not recognized under the federal government and so are not equal to marriage under federal law. Therefore, this law, too, is discriminatory in nature and must be reevaluated. SB1 would allow same-sex couples to enjoy the same rights that heterosexual couples have under the law. As a newlywed, I cannot imagine the pain and heartbreak I would have felt had I been told I could not marry my husband because of the misplaced fears and prejudice of an ill-informed population. This is something that same-sex couples must face every day.

In closing, I ask that you please vote in support of SB1 and make Hawai'i the fifteenth state in our union to stand up for equality. Thank you for the opportunity to comment in support of this bill.

Sincerely,

A handwritten signature in black ink, appearing to read 'BC/56' or similar, written in a cursive style.

Britney Carey

RE: Bill HB1 - SB1
Unequal Rights Misnamed "Relating to Equal Rights"

Dear Hawaii Legislators:

**Thank you for the opportunity and privilege to give testimony on Bill HB1/SB1.
As a Hawaii voter I have two concerns in particular as follows:**

CONCERN #1:

On Page 6, Line 4 572-F "Religious Organizations and Facilities; Liability Exemption Under Certain Circumstances."

There is a loophole in the section that says, "...no religious organization shall be subject to any fine, penalty, injunction, administrative proceeding, or civil liability for refusing to make its facilities or grounds available for solemnization of any marriage celebration under this chapter; **provided** that the religious organization does not make its facilities or grounds available to the general public for solemnization of any marriage celebration for a profit.

Nonprofit or for profit, no person/entity should be compelled to host a particular client under their First Amendment rights.

CONCERN #2:

On Page 12, Line 15, 572C-2 Findings

How can you just strike out the Law that says: "**THE LEGISLATURE FINDS THAT THE PEOPLE OF HAWAII CHOOSE TO PRESERVE THE TRADITION OF MARRIAGE as a unique social institution based upon committed union of one man and one woman.**" ?

How can a handful of you, albeit our chosen legislators, change the law of the land? I am shocked by the impulsive, irresponsible push of this bill behind closed doors on short notice and without the input of all of the people of Hawaii, your constituents, giving Rights to some at the expense of the Rights of others. Auwe.

With Aloha and Appreciation of your service to ALL of Hawaii's people...

Esther Abbey

Mr. Karl Rhoads, Chair
House Judiciary Committee

Ms. Sylvia Luke, Chair
House Finance Committee

Re: TESTIMONY IN OPPOSITION TO SB 1 RELATING TO EQUALITY

Dear Honorable Chairs Rhoads and Luke and Members of the House Judiciary and Finance Committees:

As a registered voter in the State of Hawaii I would like to thank you for the opportunity to testify in opposition to SB-1 at the upcoming Joint House Hearing scheduled for October 31, 2013. The following is an outline of what I will be testifying to:

1. The Same-sex marriage should not be addressed in a special session for the following reasons:
 - A five-day special session is not enough time to discuss the most controversial issues of our time, the amount of time to debate and discuss the issue is far too limited.
 - No amendments to the bill are permitted which circumvents the democratic process.
 - A yes vote during a special session will reflect the will of the governor, the legislators and special interest groups but not necessarily the will of the people of the State of Hawaii.
 - The proposed religious exemption language is rendered invalid because of the public accommodations.
 - The proposed religious exemption does nothing to protect individual business owners, teachers or other citizens right to practice their religious freedom.
 - In 1998 the people of Hawaii voted on this issue and a 70% majority specified that Marriage was defined as

2. Legislators are elected to respect the fundamental Democratic principles provided for in the State of Hawaii and the United States constitutions.
 - The people of the State of Hawaii believe that they addressed the issue of same sex marriage in 1998, if there is concern that the will of the people has change in the past 15 years they should be given the opportunity to vote on the issue again.
 - Marriage is not a civil right and no court, including the Supreme Court, has ever said that it is.

- The governor and legislators are elected to represent the people and as a result should respect the process that allows their voices and opinion the greatest opportunity to be heard.

It is my belief that the current bill and the pursuit of it's passing in a special session called by the Governor circumvents my rights as a citizen, violates my right to religious freedom guaranteed by the first amendment of the US Constitution and jeopardizes social fabric of the State of Hawaii.

Sincerely,

Rachel Chantavong
94-756 Kupuohi Street
Waipahu, Hawaii 96797

TO: HOUSE JUDICIARY COMMITTEE- KARL RHOADS, CHAIR
HOUSE FINANCE COMMITTEE- SYLVIA LUKE, CHAIR

FROM: MICHAEL MARQUEZ - KANEOHE RESIDENT/SMALL BUISNESS OWNER

SUBJECT: TESTIMONY IN OPPOSITION TO SB 1 RELATING TO EQUALITY

DATE: OCTOBER 30, 2013

Dear Honorable Chairs Rhoads and Luke and Members of the House Judiciary and Finance Committees:

I would like to express my opposition to the Same-Sex Marriage Legislation – Senate Bill 1.

First let me introduce myself: I am a resident of Kaneohe, married for 23 years, a parent of four children, a small business owner, and a Christian.

I and many others who oppose this bill agree that all federal employees should receive benefits equally. However this is a Federal issue that does not require the State of Hawaii to pass legislation that grants Same Sex Marriage as a new Civil Right. The Senate Bill 1 already states that Hawaii State law grants all the privileges of a married couple to a civil union. It is up to the Federal Legislature to recognize Civil Unions to receive the same benefits as Married Couples. The State of Hawaii has done all it should do, and all of what the majority of the people of Hawaii wish this legislature to do, and nothing more.

As stated before, this bill is not needed. Same Sex couples who are Federal beneficiaries can receive all of their benefits by obtaining a Same Sex marriage certificate at a State that issues them. The issue regarding federal benefits only affects a small theoretical number of people who are in same sex civil unions currently receiving federal benefits, and who are not willing to get married in another state that recognizes Same Sex Marriage.

This small group of people is hardly enough to justify this very controversial Bill that will restrict the rights of its citizens to fully express their views on marriage at public schools, private religious schools, at their businesses, organizations, or any public event “for profit”. This Bill only addresses a small theoretical group of people who would forgo their federal benefits because they would not travel to another state. When passed, it will force every organization and private business conducting “for profit” to accommodate Same Sex Marriage and receive equal treatment under penalty of law.

There is no provision in this Bill to protect the individual of their religious freedoms. If this Bill passes, the current practice to refuse service for a Same Sex Marriage ceremony as a personal and religious expression of their view of marriage will be deemed discriminatory and against the law. It will be illegal to publically express your disagreement as a private citizen, parent, or business owner if the State’s legal definition of Same Sex Marriage is the same as Marriage between a man and a woman. All views regarding the definition of marriage will no longer be subject to personal and religious beliefs but by force of law. Citizens’ of the State of Hawaii have the right to express publically their personal and

religious views on marriage without fear of legal prosecution. It is not in the public interest to remove these rights.

This very broad provision in the Bill will result in new policies by various State, County and City agencies required to implement this law. This will result for the first time in the State of Hawaii making it illegal for private organizations and businesses to publicly express their personal and religious convictions regarding marriage. The issue of Federal benefits does not justify elevating Same Sex Marriage to the legal status of a new Civil Right that will have ramifications to the vast majority of Citizens in the State of Hawaii that are entirely unrelated to the Federal benefits issue.

Below are listed some of my concerns.

As a parent

The Bill will require Department of Education to include Same Sex Marriage in the Sex Education. Parents who do not wish their children to be exposed to this based on personal and religious convictions will not be able to "Opt Out", since legally, Same Sex is to be treated equally. "Opting Out" the child will not be allowed solely based upon the Parents disapproval of Same Sex Marriage, since the Parents views will be considered against the Department's policy of discrimination as a result of passage of this bill.

Parents rights to disagree with the validity of Same Sex Marriage, and share their personal and religious values with their public school children can be legally challenged under Same Sex Marriage anti-discriminatory polices the Department of Education will be required to adopt based upon the broad wording of this Bill.

As a business owner

Business owner in Hawaii will no longer able to publically express their personal and religious convictions regarding marriage. The Federal benefits issue does not justify elimination of our basic freedoms of free speech, free exercise of religion. These rights are guaranteed to every citizen to disagree with the State regarding their religious and personal views of marriage. The Bill only protects "Clergy" and not individuals of their religious freedom.

As a Christian

I do not want to see our church and pastors restrict their public expression of our religious beliefs on marriage as they interact with the public. All religious organizations providing community services outside the narrow exception given in the bill will be operating under fear of violating the provisions of this Bill, or new overreaching anti-discriminatory Government policies written as a result of this Bill.

As an example of how Same Sex Marriage laws resulted in restricting expression of personal and religious convictions regarding marriage, I have attached an article published by Todd Starnes, September 3rd, 2013, FoxNews.com

TODD'S AMERICAN DISPATCH: CHRISTIAN BAKERY CLOSES AFTER LGBT THREATS, PROTESTS

By [Todd Starnes](#)

Published September 03, 2013

| FoxNews.com

A family-owned Christian bakery, under investigation for refusing to bake a wedding cake for a lesbian couple, has been forced to close its doors after a vicious boycott by militant homosexual activists.

Sweet Cakes By Melissa posted a message on its Facebook page alerting customers that their Gresham, Ore. retail store would be shut down after months of harassment from pro-gay marriage forces.

“Better is a poor man who walks in integrity than a rich man who is crooked in his ways,” read a posting from Proverbs on the bakery’s Facebook page.

“It’s a sad day for Christian business owners and it’s a sad day for the First Amendment,” owner Aaron Klein told me. “The LGBT attacks are the reason we are shutting down the shop. They have killed our business through mob tactics.”

Last January, Aaron and Melissa Klein made national headlines when they refused to bake a wedding cake for a lesbian couple.

Klein tells me he has nothing against homosexuals -- but because of their religious faith, the family simply cannot take part in gay wedding events.

“I believe marriage is between a man and a woman,” he said. “I don’t want to help somebody celebrate a commitment to a lifetime of sin.”

The lesbian couple filed a discrimination with the Oregon Bureau of Labor and Industries and told their story to local newspapers and television statements.

Within days, militant homosexuals groups launched protests and boycotts. Klein told me he received messages threatening to kill his family. They hoped his children would die.

The LGBT protestors then turned on other wedding vendors around the community. They threatened to boycott any florists, wedding planners or other vendors that did business with Sweet Cakes By Melissa.

“That tipped the scales,” Klein said. “The LGBT activists inundated them with phone calls and threatened them. They would tell our vendors, ‘If you don’t stop doing business with Sweet Cakes By Melissa, we will shut you down.’”

To make matters worse, the Oregon’s Bureau of Labor and Industries announced last month they had launched a formal discrimination investigation against the Christian family.

Commissioner Brad Avakian told The Oregonian that he was committed to a fair and thorough investigation to determine whether the bakery discriminated against the lesbians.

“Everybody is entitled to their own beliefs, but that doesn’t mean that folks have the right to discriminate,” he told the newspaper. “The goal is to rehabilitate. For those who do violate the law, we want them to learn from that experience and have a good, successful business in Oregon.”

In other words, Christians who live and work in Oregon must follow man’s law instead of God’s law. But in a show of benevolence, the state is willing to rehabilitate and reeducate Christian business owners like the Kleins.

Klein said the closing of their retail store was a small price to pay for standing up for their religious beliefs.

“As a man of faith, I am in good spirits,” he said. “I’m happy to be serving the Lord and standing up for what’s right.”

Klein said what’s happened to Sweet Cakes By Melissa should be a warning to other Christians across the nation.

“This is a fight that’s been coming for a while,” he said. “Be prepared to take a stand. Hopefully, the church will wake up and understand that we are under attack right now.”

Just last month, New Mexico’s Supreme Court ruled that two Christian photographers who declined to photograph a same-sex union violated the state’s Human Rights Act. One justice said the photographers were “compelled by law to compromise the very religious beliefs that inspire their lives.”

Denver baker Jack Phillips is facing possible jail time for refusing to bake a cake for a gay wedding.

The Colorado Attorney General’s office filed a formal complaint against Phillips, the owner of Masterpiece Cake Shop. A hearing before the state’s civil rights commission is

set for later this month.

In Indianapolis, a family-owned cookie shop faced a discrimination investigation after they refused to make rainbow cookies for National Coming Out Day.

A T-shirt company in Lexington, Ky. found itself at the center of a Human Rights Commission investigation after they refused to make T-shirts for a local gay rights organization.

Klein said it's becoming clear that Christians do not have the "right to believe what we believe."

In other words, gay rights trump religious rights.

Aaron and Melissa Klein tell me they will continue to bake wedding cakes from their home. He's already taken a full-time job to pay the bills and feed their five children.

Mrs. Klein told television station KPTV her philosophy remains unchanged by recent events.

"The Bible tells us to flee from sin," she said. "I don't think making a cake for it helps. I guess in my mind I thought we lived in a lot nicer of a world where everybody tolerated everybody."

The plight of the Klein family exposes the true nature of the left. Those who preach tolerance and diversity are the least tolerant and the least diverse of all.
