*Re: In **Opposition** to S.B. 1: The Hawaii Marriage Equality Act of 2013*

Dear House Committee on Judiciary and House Committee on Finance,

I am opposed to S.B.1, the Hawaii Marriage Equality Act of 2013, because in S.B. 1, section 572 C, it includes provisions of "parentage presumptions" based on marriage for same-sex couples. Parentage presumptions will transfer Native Hawaiian ethnicity claims to Non-Native Hawaiian individuals.

In every instance in a same-sex marriage, at least one of the partners is not the biological parent of the child. However, when "parentage presumptions" are applied, the ethnicity of both of the marriage partners automatically transfers to the child. The child's birth certificate will read Native Hawaiian. Benefits reserved for Native Hawaiians will be transferred to Non-Native Hawaiian children as a result of the Hawaii Marriage Equity Act of 2013. This is wrong.

In the Preamble of our Hawaii Constitution it states, "We, the people of Hawaii, grateful for Divine Guidance, and mindful of our Hawaiian heritage and uniqueness as an island State, dedicate our efforts to fulfill the philosophy decreed by the Hawaii State motto, "Ua mau ke ea o ka aina i ka pono." (The life of the land is perpetuated in righteousness).

I urge you to vote **NO** to S.B. 1, the Hawaii Marriage Equality Act 2013, to ensure the kind of future promised in our state motto for generations to come.

Dear House Committee on Judiciary and House Committee on Finance,

I am opposed to S.B.1, the Hawaii Marriage Equality Act of 2013, because in S.B. 1, section 572 C, it includes provisions of "parentage presumptions" based on marriage for same-sex couples. Parentage presumptions will transfer Native Hawaiian ethnicity claims to Non-Native Hawaiian individuals.

In every instance in a same-sex marriage, at least one of the partners is not the biological parent of the child. However, when "parentage presumptions" are applied, the ethnicity of both of the marriage partners automatically transfers to the child. The child's birth certificate will read Native Hawaiian. Benefits reserved for Native Hawaiians will be transferred to Non-Native Hawaiian children as a result of the Hawaii Marriage Equity Act of 2013. This is wrong.

In the Preamble of our Hawaii Constitution it states, "We, the people of Hawaii, grateful for Divine Guidance, and mindful of our Hawaiian heritage and uniqueness as an island State, dedicate our efforts to fulfill the philosophy decreed by the Hawaii State motto, "Ua mau ke ea o ka aina i ka pono." (The life of the land is perpetuated in righteousness).

I urge you to vote **NO** to S.B. 1, the Hawaii Marriage Equality Act 2013, to ensure the kind of future promised in our state motto for generations to come.

*Re: In **Opposition** to S.B. 1: The Hawaii Marriage Equality Act of 2013*

Dear House Committee on Judiciary and House Committee on Finance,

I am opposed to S.B.1, the Hawaii Marriage Equality Act of 2013, because in S.B. 1, section 572 C, it includes provisions of "parentage presumptions" based on marriage for same-sex couples. Parentage presumptions will transfer Native Hawaiian ethnicity claims to Non-Native Hawaiian individuals.

In every instance in a same-sex marriage, at least one of the partners is not the biological parent of the child. However, when "parentage presumptions" are applied, the ethnicity of both of the marriage partners automatically transfers to the child. The child's birth certificate will read Native Hawaiian. Benefits reserved for Native Hawaiians will be transferred to Non-Native Hawaiian children as a result of the Hawaii Marriage Equity Act of 2013. This is wrong.

In the Preamble of our Hawaii Constitution it states, "We, the people of Hawaii, grateful for Divine Guidance, and mindful of our Hawaiian heritage and uniqueness as an island State, dedicate our efforts to fulfill the philosophy decreed by the Hawaii State motto, "Ua mau ke ea o ka aina i ka pono." *Re: In **Opposition** to S.B. 1: The Hawaii Marriage Equality Act of 2013*

Dear House Committee on Judiciary and House Committee on Finance,

I am opposed to S.B.1, the Hawaii Marriage Equality Act of 2013, because in S.B. 1, section 572 C, it includes provisions of "parentage presumptions" based on marriage for same-sex couples. Parentage presumptions will transfer Native Hawaiian ethnicity claims to Non-Native Hawaiian individuals.

In every instance in a same-sex marriage, at least one of the partners is not the biological parent of the child. However, when "parentage presumptions" are applied, the ethnicity of both of the marriage partners automatically transfers to the child. The child's birth certificate will read Native Hawaiian. Benefits reserved for Native Hawaiians will be transferred to Non-Native Hawaiian children as a result of the Hawaii Marriage Equity Act of 2013. This is wrong.

In the Preamble of our Hawaii Constitution it states, "We, the people of Hawaii, grateful for Divine Guidance, and mindful of our Hawaiian heritage and uniqueness as an island State, dedicate our efforts to fulfill the philosophy decreed by the Hawaii State motto, "Ua mau ke ea o ka aina i ka pono." (The life of the land is perpetuated in righteousness).

I urge you to vote NO to S.B. 1, the Hawaii Marriage Equality Act 2013, to ensure the kind of future promised in our state motto for generations to come.

Dear House Committee on Judiciary and House Committee on Finance,

I am opposed to S.B.1, the Hawaii Marriage Equality Act of 2013, because in S.B. 1, section 572 C, it includes provisions of "parentage presumptions" based on marriage for same-sex couples. Parentage presumptions will transfer Native Hawaiian ethnicity claims to Non-Native Hawaiian individuals.

In every instance in a same-sex marriage, at least one of the partners is not the biological parent of the child. *Re: In **Opposition** to S.B. 1: The Hawaii Marriage Equality Act of 2013*

Dear House Committee on Judiciary and House Committee on Finance,

I am opposed to S.B.1, the Hawaii Marriage Equality Act of 2013, because in S.B. 1, section 572 C, it includes provisions of "parentage presumptions" based on marriage for same-sex couples. Parentage presumptions will transfer Native Hawaiian ethnicity claims to Non-Native Hawaiian individuals.

In every instance in a same-sex marriage, at least one of the partners is not the biological parent of the child. However, when "parentage presumptions" are applied, the ethnicity of both of the marriage partners automatically transfers to the child. The child's birth certificate will read Native Hawaiian. Benefits reserved for Native Hawaiians will be transferred to Non-Native Hawaiian children as a result of the Hawaii Marriage Equity Act of 2013. This is wrong.

In the Preamble of our Hawaii Constitution it states, "We, the people of Hawaii, grateful for Divine Guidance, and mindful of our Hawaiian heritage and uniqueness as an island State, dedicate our efforts to fulfill the philosophy decreed by the Hawaii State motto, "Ua mau ke ea o ka aina i ka pono." (The life of the land is perpetuated in righteousness).

I urge you to vote **NO** to S.B. 1, the Hawaii Marriage Equality Act 2013, to ensure the kind of future promised in our state motto for generations to come.

*Re: In **Opposition** to S.B. 1: The Hawaii Marriage Equality Act of 2013*

Dear House Committee on Judiciary and House Committee on Finance,

I am opposed to S.B.1, the Hawaii Marriage Equality Act of 2013, because in S.B. 1, section 572 C, it includes provisions of "parentage presumptions" based on marriage for same-sex couples. Parentage presumptions will transfer Native Hawaiian ethnicity claims to Non-Native Hawaiian individuals.

In every instance in a same-sex marriage, at least one of the partners is not the biological parent of the child. However, when "parentage presumptions" are applied, the ethnicity of both of the marriage partners automatically transfers to the child. The child's birth certificate will read Native Hawaiian. Benefits reserved for Native Hawaiians will be transferred to Non-Native Hawaiian children as a result of the Hawaii Marriage Equity Act of 2013. This is wrong.

In the Preamble of our Hawaii Constitution it states, "We, the people of Hawaii, grateful for Divine Guidance, and mindful of our Hawaiian heritage and uniqueness as an island State, dedicate our efforts to fulfill the philosophy decreed by the Hawaii State motto, "Ua mau ke ea o ka aina i ka pono." (The life of the land is perpetuated in righteousness).

I urge you to vote **NO** to S.B. 1, the Hawaii Marriage Equality Act 2013, to ensure the kind of future promised in our state motto for generations to come.

However, when "parentage presumptions" are applied, the ethnicity of both of the marriage partners automatically transfers to the child. The child's birth certificate will read Native Hawaiian. Benefits reserved for Native Hawaiians will be transferred to Non-Native Hawaiian children as a result of the Hawaii Marriage Equity Act of 2013. This is wrong.

*Re: In **Opposition** to S.B. 1: The Hawaii Marriage Equality Act of 2013*

Dear House Committee on Judiciary and House Committee on Finance,

I am opposed to S.B.1, the Hawaii Marriage Equality Act of 2013, because in S.B. 1, section 572 C, it includes provisions of "parentage presumptions" based on marriage for same-sex couples. Parentage presumptions will transfer Native Hawaiian ethnicity claims to Non-Native Hawaiian individuals.

In every instance in a same-sex marriage, at least one of the partners is not the biological parent of the child. However, when "parentage presumptions" are applied, the ethnicity of both of the marriage partners automatically transfers to the child. The child's birth certificate will read Native Hawaiian. Benefits reserved for Native Hawaiians will be transferred to Non-Native Hawaiian children as a result of the Hawaii Marriage Equity Act of 2013. This is wrong.

*Re: In **Opposition** to S.B. 1: The Hawaii Marriage Equality Act of 2013*

Dear House Committee on Judiciary and House Committee on Finance,

I am opposed to S.B.1, the Hawaii Marriage Equality Act of 2013, because in S.B. 1, section 572 C, it includes provisions of "parentage presumptions" based on marriage for same-sex couples. Parentage presumptions will transfer Native Hawaiian ethnicity claims to Non-Native Hawaiian individuals.

In every instance in a same-sex marriage, at least one of the partners is not the biological parent of the child. However, when "parentage presumptions" are applied, the ethnicity of both of the marriage partners automatically transfers to the child. The child's birth certificate will read Native Hawaiian. Benefits reserved for Native Hawaiians will be transferred to Non-Native Hawaiian children as a result of the Hawaii Marriage Equity Act of 2013. This is wrong.

In the Preamble of our Hawaii Constitution it states, "We, the people of Hawaii, grateful for Divine Guidance, and mindful of our Hawaiian heritage and uniqueness as an island State, dedicate our efforts to fulfill the philosophy decreed by the Hawaii State motto, "Ua mau ke ea o ka aina i ka pono." (The life of the land is perpetuated in righteousness).

I urge you to vote NO to S.B. 1, the Hawaii Marriage Equality Act 2013, to ensure the kind of future promised in our state motto for generations to come.

Dear House Committee on Judiciary and House Committee on Finance,

I am opposed to S.B.1, the Hawaii Marriage Equality Act of 2013, because in S.B. 1, section 572 C, it includes provisions of “parentage presumptions” based on marriage for same-sex couples. Parentage presumptions will transfer Native Hawaiian ethnicity claims to Non-Native Hawaiian individuals.

In every instance in a same-sex marriage, at least one of the partners is not the biological parent of the child. However, when “parentage presumptions” are applied, the ethnicity of both of the marriage partners automatically transfers to the child. The child’s birth certificate will read Native Hawaiian. Benefits reserved for Native Hawaiians will be transferred to Non-Native Hawaiian children as a result of the Hawaii Marriage Equity Act of 2013. This is wrong.

In the Preamble of our Hawaii Constitution it states, “We, the people of Hawaii, grateful for Divine Guidance, and mindful of our Hawaiian heritage and uniqueness as an island State, dedicate our efforts to fulfill the philosophy decreed by the Hawaii State motto, “Ua mau ke ea o ka aina i ka pono.” (The life of the land is perpetuated in righteousness).

I urge you to vote NO to S.B. 1, the Hawaii Marriage Equality Act 2013, to ensure the kind of future promised in our state motto for generations to come.

*Re: In **Opposition** to S.B. 1: The Hawaii Marriage Equality Act of 2013*

Dear House Committee on Judiciary and House Committee on Finance,

I am opposed to S.B.1, the Hawaii Marriage Equality Act of 2013, because in S.B. 1, section 572 C, it includes provisions of "parentage presumptions" based on marriage for same-sex couples. Parentage presumptions will transfer Native Hawaiian ethnicity claims to Non-Native Hawaiian individuals.

In every instance in a same-sex marriage, at least one of the partners is not the biological parent of the child. However, when "parentage presumptions" are applied, the ethnicity of both of the marriage partners automatically transfers to the child. The child's birth certificate will read Native Hawaiian. Benefits reserved for Native Hawaiians will be transferred to Non-Native Hawaiian children as a result of the Hawaii Marriage Equity Act of 2013. This is wrong.

In the Preamble of our Hawaii Constitution it states, "We, the people of Hawaii, grateful for Divine Guidance, and mindful of our Hawaiian heritage and uniqueness as an island State, dedicate our efforts to fulfill the philosophy decreed by the Hawaii State motto, "Ua mau ke ea o ka aina i ka pono." (The life of the land is perpetuated in righteousness).

I urge you to vote **NO** to S.B. 1, the Hawaii Marriage Equality Act 2013, to ensure the kind of future promised in our state motto for generations to come.

However, when "parentage presumptions" are applied, the ethnicity of both of the marriage partners automatically transfers to the child. The child's birth certificate will read Native Hawaiian. Benefits reserved for Native Hawaiians will be transferred to Non-Native Hawaiian children as a result of the Hawaii Marriage Equity Act of 2013. This is wrong.

*Re: In **Opposition** to S.B. 1: The Hawaii Marriage Equality Act of 2013*

Dear House Committee on Judiciary and House Committee on Finance,

I am opposed to S.B.1, the Hawaii Marriage Equality Act of 2013, because in S.B. 1, section 572 C, it includes provisions of "parentage presumptions" based on marriage for same-sex couples. Parentage presumptions will transfer Native Hawaiian ethnicity claims to Non-Native Hawaiian individuals.

In every instance in a same-sex marriage, at least one of the partners is not the biological parent of the child. However, when "parentage presumptions" are applied, the ethnicity of both of the marriage partners automatically transfers to the child. The child's birth certificate will read Native Hawaiian. Benefits reserved for Native Hawaiians will be transferred to Non-Native Hawaiian children as a result of the Hawaii Marriage Equity Act of 2013. This is wrong.

*Re: In **Opposition** to S.B. 1: The Hawaii Marriage Equality Act of 2013*

Dear House Committee on Judiciary and House Committee on Finance,

I am opposed to S.B.1, the Hawaii Marriage Equality Act of 2013, because in S.B. 1, section 572 C, it includes provisions of "parentage presumptions" based on marriage for same-sex couples. Parentage presumptions will transfer Native Hawaiian ethnicity claims to Non-Native Hawaiian individuals.

In every instance in a same-sex marriage, at least one of the partners is not the biological parent of the child. However, when "parentage presumptions" are applied, the ethnicity of both of the marriage partners automatically transfers to the child. The child's birth certificate will read Native Hawaiian. Benefits reserved for Native Hawaiians will be transferred to Non-Native Hawaiian children as a result of the Hawaii Marriage Equity Act of 2013. This is wrong.

In the Preamble of our Hawaii Constitution it states, "We, the people of Hawaii, grateful for Divine Guidance, and mindful of our Hawaiian heritage and uniqueness as an island State, dedicate our efforts to fulfill the philosophy decreed by the Hawaii State motto, "Ua mau ke ea o ka aina i ka pono." (The life of the land is perpetuated in righteousness).

I urge you to vote NO to S.B. 1, the Hawaii Marriage Equality Act 2013, to ensure the kind of future promised in our state motto for generations to come.

I am opposed to S.B.1, the Hawaii Marriage Equality Act of 2013, because in S.B. 1, section 572 C, it includes provisions of "parentage presumptions" based on marriage for same-sex couples. Parentage presumptions will transfer Native Hawaiian ethnicity claims to Non-Native Hawaiian individuals.

In every instance in a same-sex marriage, at least one of the partners is not the biological parent of the child. However, when "parentage presumptions" are applied, the ethnicity of both of the marriage partners automatically transfers to the child. The child's birth certificate will read Native Hawaiian. Benefits reserved for Native Hawaiians will be transferred to Non-Native Hawaiian children as a result of the Hawaii Marriage Equity Act of 2013. This is wrong.

In the Preamble of our Hawaii Constitution it states, "We, the people of Hawaii, grateful for Divine Guidance, and mindful of our Hawaiian heritage and uniqueness as an island State, dedicate our efforts to fulfill the philosophy decreed by the Hawaii State motto, "Ua mau ke ea o ka aina i ka pono." (The life of the land is perpetuated in righteousness).

I urge you to vote **NO** to S.B. 1, the Hawaii Marriage Equality Act 2013, to ensure the kind of future promised in our state motto for generations to come.

*Re: in **Opposition** to S.B. 1: The Hawaii Marriage Equality Act of 2013*

Dear House Committee on Judiciary and House Committee on Finance,

I am opposed to S.B.1, the Hawaii Marriage Equality Act of 2013, because in S.B. 1, section 572 C, it includes provisions of "parentage presumptions" based on marriage for same-sex couples. Parentage presumptions will transfer Native Hawaiian ethnicity claims to Non-Native Hawaiian individuals.

In every instance in a same-sex marriage, at least one of the partners is not the biological parent of the child. However, when "parentage presumptions" are applied, the ethnicity of both of the marriage partners automatically transfers to the child. The child's birth certificate will read Native Hawaiian. Benefits reserved for Native Hawaiians will be transferred to Non-Native Hawaiian children as a result of the Hawaii Marriage Equity Act of 2013. This is wrong.

In the Preamble of our Hawaii Constitution it states, "We, the people of Hawaii, grateful for Divine Guidance, and mindful of our Hawaiian heritage and uniqueness as an island State, dedicate our efforts to fulfill the philosophy decreed by the Hawaii State motto, "Ua mau ke ea o ka aina i ka pono." *Re: In **Opposition** to S.B. 1: The Hawaii Marriage Equality Act of 2013*

Dear House Committee on Judiciary and House Committee on Finance,

I am opposed to S.B.1, the Hawaii Marriage Equality Act of 2013, because in S.B. 1, section 572 C, it includes provisions of "parentage presumptions" based on marriage for same-sex couples. Parentage presumptions will transfer Native Hawaiian ethnicity claims to Non-Native Hawaiian individuals.

In every instance in a same-sex marriage, at least one of the partners is not the biological parent of the child. However, when "parentage presumptions" are applied, the ethnicity of both of the marriage partners automatically transfers to the child. The child's birth certificate will read Native Hawaiian. Benefits reserved for Native Hawaiians will be transferred to Non-Native Hawaiian children as a result of the Hawaii Marriage Equity Act of 2013. This is wrong.

In the Preamble of our Hawaii Constitution it states, "We, the people of Hawaii, grateful for Divine Guidance, and mindful of our Hawaiian heritage and uniqueness as an island State, dedicate our efforts to fulfill the philosophy decreed by the Hawaii State motto, "Ua mau ke ea o ka aina i ka pono." (The life of the land is perpetuated in righteousness).

I urge you to vote **NO** to S.B. 1, the Hawaii Marriage Equality Act 2013, to ensure the kind of future promised in our state motto for generations to come.

In every instance in a same-sex marriage, at least one of the partners is not the biological parent of the child. However, when "parentage presumptions" are applied, the ethnicity of both of the marriage partners automatically transfers to the child. The child's birth certificate will read Native Hawaiian. Benefits reserved for Native Hawaiians will be transferred to Non-Native Hawaiian children as a result of the Hawaii Marriage Equity Act of 2013. This is wrong.

In the Preamble of our Hawaii Constitution it states, "We, the people of Hawaii, grateful for Divine Guidance, and mindful of our Hawaiian heritage and uniqueness as an island State, dedicate our efforts to fulfill the philosophy decreed by the Hawaii State motto, "Ua mau ke ea o ka aina i ka pono." (The life of the land is perpetuated in righteousness).

I urge you to vote **NO** to S.B. 1, the Hawaii Marriage Equality Act 2013, to ensure the kind of future promised in our state motto for generations to come.

Mahalo for your leadership,

*Re: In **Opposition** to S.B. 1: The Hawaii Marriage Equality Act of 2013*

Dear House Committee on Judiciary and House Committee on Finance,

I am opposed to S.B.1, the Hawaii Marriage Equality Act of 2013, because in S.B. 1, section 572 C, it includes provisions of "parentage presumptions" based on marriage for same-sex couples. Parentage presumptions will transfer Native Hawaiian ethnicity claims to Non-Native Hawaiian individuals.

In every instance in a same-sex marriage, at least one of the partners is not the biological parent of the child. However, when "parentage presumptions" are applied, the ethnicity of both of the marriage partners automatically transfers to the child. The child's birth certificate will read Native Hawaiian. Benefits reserved for Native Hawaiians will be transferred to Non-Native Hawaiian children as a result of the Hawaii Marriage Equity Act of 2013. This is wrong.

In the Preamble of our Hawaii Constitution it states, "We, the people of Hawaii, grateful for Divine Guidance, and mindful of our Hawaiian heritage and uniqueness as an island State, dedicate our efforts to fulfill the philosophy decreed by the Hawaii State motto, "Ua mau ke ea o ka aina i ka pono." (The life of the land is perpetuated in righteousness).

I urge you to vote **NO** to S.B. 1, the Hawaii Marriage Equality Act 2013, to ensure the kind of future promised in our state motto for generations to come.

Mahalo for your leadership,

Natalie Umphress

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your ""yes"" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

We the people and residents of the islands and beautiful state of Hawaii will be unjustly burdened and would be forced to relinquish our freedoms if the SB1 bill is passed as it is currently written.

I am a strong supporter of equality in taxation and legal benefit to those who chose alternative life styles which include but are not limited to same gender relationships. What I do not support and believe is a persecution of the majority and not a protection of a minority is the redefining of marriage and family, a marriage is defined between a man and a woman and the family structure of the majority is found in the definition of the family structured this way. All legislation that effects how curriculum or public/private schools, businesses must present or provide services to individuals regardless of believe is an attack on the constitutional right to the freedom of religion.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

Every citizen of the United States chooses to live in a country founded on freedom. Every person is entitled to the spiritual, emotional, and legal benefits of marriage. Same-sex marriage is a civil right that should not be denied by our government. Our democratic government should not have the right to deny human rights without the proper legislative procedures. I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your ""yes"" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am opposed to any law ""respecting an establishment of religion, or prohibiting the free exercise thereof, or abridging the freedom of speech."" This law is fundamentally a power grab of the state over religion. This issue is not about gay vs. straight. It is all about the power of the state to mandate over civil liberties and freedom.

The definition of marriage is beyond the power of the government constrained by a Constitution to decide. It is more correct to eliminate all mention of marriage in law than to decide how it is defined. Two individuals can define their relationship any way they choose. It is, however, a violation of Constitutional law to confer legal benefits to one definition or another. That process creates political ""groups"" and goes against the spirit of lawful individualism under the Constitution.

For most of the history of the United States, marriage conferred no government endorsement, and thus was freely defined by individuals.

Government benefits due to a marital choice, are not guaranteed, and if anything, is discriminatory against all those who choose to be single. Let's uphold the law of the land so we can move on to creating true peace and prosperity in our community.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your ""yes"" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your ""yes"" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your ""yes"" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

My name is Leilani Antone, and I am testifying against same sex marriages in Hawaii. I am a native Hawaiian, and I feel that it goes against the culture of native Hawaiians. I believe that Hawaiian's values and culture is being compromised by the legalizations of gay marriage in Hawaii.

I am daughter of a mother who is gay. I love my mother very much, and there is no part of me that would want my mother not to have equal rights. With that being said, I still strongly believe that gay marriage will bring about a downward spiral of events that will not only compromise the culture of Hawaii, but also the education system. One thing that my mother has always felt strongly about, and till this day encouraged me to do is further my education. She has pushed me academically, intellectually, and gave me the motivation to continue to learn and expand my mind. She instilled the value of education and the importance it is to the well-being of each person's life. We believe that with the back lash of what has happened in other countries and what is beginning to happen in other states in regards to the legalization of gay marriage and the affect it has on our education system, that it will be detrimental to the future generations of Hawaii. Our education system, students, and faculty will be subjected to teach and learn about things that we as Hawaiians culturally feel inappropriate for certain age groups.

In closing, I am asking my peers, you the House, to hear my voice as a child brought up around a gay parent, who has no bias against gays at all, and only love for all people. But has genuine concern for the repercussions that will arise from the legalization of gay marriage that on the surface seems to be a rights issue, but when looked at with a microscope presents many more negative

issues than positive. Give the people of Hawaii a chance to vote on this issue, and to make the decision for our youth of Hawaii. Let's do what is pono.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your ""yes"" vote in special session is clearly a NO vote to democracy!

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your ""yes"" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Because parents may be of same sex/ gay does NOT mean that they should be left out, they deserve the equality as the rest of Americans enjoy!

I have countless friends who are homosexual and want same-sex marriage, they are some of the closest people to me. Despite our relationship, bonds, ties, and understanding of each others life styles, I do not accept it, neither can I stand behind them on this important moral issue. Never will I go against my faith. We would all be nothing were it not for our Heavenly Father. I want to share some of my faith and beliefs regarding marriage, home and family from the ""The Family: A Proclamation To The World"". As stated,, ""...marriage between a man and a woman is ordained of God and that the family is central to the Creator's plan for the eternal destiny of His children....Husband and wife have a solemn responsibility to love and care for each other and their children. 'Children are an heritage of the Lord' (Psalm 127:3) Parents have a sacred duty to rear their children in love and righteousness, to provide for their physical and spiritual

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your ""yes"" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Society as we know it will cease to exist. Let the people decide. Don't tread on my rights. Don't take away Hawaii's identity. We don't want to happen to Hawaii what has happened to many states on the mainland, where homosexual reform had taken place in schools. We feel that sexual preference should be kept behind closed doors, in the case of sanctity of marriage.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders. Our constitution give me the right to have my voice speak out my concerns and not let the legislators take away my rights and voice and speak for me. Are you afraid to let the people decide this issue of keeping marriage between one man and one woman. Must we follow other states. Where will this issue led us? For example California has a bill to have gender restrooms in the schools. Can you imagine a young boy or girl going into a gender restroom or locker room just to satisfy their curiosity to have look at the opposite sex. I would like our state to have the courage and be bold to say not to same sex marriage and keep traditional marriage and to have religion freedom. It should be up to the people of our state to up hold the state constitution and follow it.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your ""yes"" vote in special session is clearly a NO vote to democracy!

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1. I strongly oppose this bill.

I strongly believe that marriage is between one man and one woman and it needs to remain that way. I am asking you to allow the public to decide for the sake of our children and many generations after. Marriage doesn't need to be redefined and we need to preserve the traditions of the family. My family. Your family. All families here on earth.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. Your ""yes"" vote in special session is clearly a NO vote to democracy! Please do not rush this decision, let us as a public have a voice....properly and fairly.

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your ""yes"" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance,

Thank you for this time to hear my plea on allowing me to exercise my right as a citizen of the United States and most especially one born and raised in Hawaii. I am a wife, mother, grandmother, aunt, a teacher, a full time worker and a member of The Church of Jesus Christ of Latter-Day-Saints.

I am strongly against Bill SB1. I feel also that I have a right to vote as a citizen of the USA and a tax payer to have a choice regarding this issue of marriage between a man and a woman. I have a right to believe in my religious beliefs and not be told other wise. I was taught from a very young age that our country of America was founded on that important principle the right to exercise my religion. Please listen to many of us who may share the same belief. I now realize my responsibility as a voter to be aware of the democratic process and the men and women we vote for who we give the power to represent us the people of Hawaii. Mahalo and aloha,

Suzanne A. Pukahi

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your ""yes"" vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

I believe that we should learn from what has happened in the other 14 states that have approved this law. Learn the pros and cons of what this means for Hawai'i in it's entirety. Let the people vote. Let's make an educated decision together.

Thank you for the opportunity to testify.
